CITY OF TECUMSEH, MICHIGAN 1824 1974 SESQUICENTENNIAL

THE TECUMSEH HERALD

SERVING TECUMSEH AND AREA SINCE 1850

Tecumseh First, Herald Second

While The Tecumseh Herald can not match the longevity of the city, its 124 years of publication makes it the oldest business in Tecumseh today.

Just a few years back, such an honor would have gone to Wright's Pharmacy, a downtown business established in 1846 by C.A. Wright and one which flourished until just a few years ago, when William Wright closed the pharmacy and sold the building to Don Smith for Don's Contented Sole.

Next oldest business is the Hayden Mills, which first became part of the Hayden family in 1858. It is now located on S. Pearl St.

The Herald was founded in 1850 by James H. Perry, and like previous publications during that era, it was a struggling venture. Perry was publisher and editor for less than a year, but The Herald scraped along.

There were numerous editors and publishers of the times with the most prominent ones including George and Charles Spafford, Benjamin Baxter, who had the financial backing of William Richard, C.M. Burlingame, Consider Scovel Stacy, George Stacy, his sister, Loana Stacy, and Mrs. George Stacy.

Later, publishers were Frank Turner, Emil Ahrens, Edwin T. Armstrong and Earl Wickwire.

The Stacy family owned the paper from 1874 to 1917, longer than any other family. Turner ran the paper for a couple of years before Ahrens took over.

Ahrens first printed the paper on a Babcock cylinder press, a sheet fed operation that must have been a beauty in its day. The Herald was printed on this press for 36 years.

In 1929, Earl Wickwire left his position as managing editor of the Monroe Evening News to become publisher and editor of The Herald. He served in these two positions for 23 years, longer than any other individual and a record that is likely to last forever.

Wickwire is seldom given credit for his contributions to the community, not only as a publisher and editor, but for his participations in many community functions and organizations.

The weekly matured under his leadership, and in comparison to earlier issues of the paper, which carried national and international news, it served its purpose of reporting local news about the community and area.

After Wickwire died in 1952, his daughter Marjorie Wickwire Barnes served as publisher until she sold to Fred and Sarah Bellville in August of 1956.

In 1954, she moved the paper from 127 W. Chicago Blvd. - where it had been located for 76 years - to 117-119 S. Evans St. At the same time, she installed a Duplex press, web-fed and capable of printing eight pages. It replaced the sheet-fed Babcock press.

In August, 1956, she sold to the Fred Bellvilles, and in the following year on Oct. 1, Thomas A. Riordan and James C. Lincoln became co-publishers and editors.

For the first time in the history of The Herald, great emphasis was placed on pictures. Riordan, an excellent photographer, proved pictures can often do the job better than a written article. He recruited numerous high school students over the years to help him and many turned out to be top notch photographers under his guidance.

On August 1, 1967, Lincoln purchased Riordan's interest in the paper and has been sole publisher and editor since. During the 10-year partnership regime circulation increased from about 1,800 to about 4,000.

Riordan today is Managing editor of the Jackson Citizen Patriot.

Perhaps, the biggest step taken in the history of The Herald occurred on Oct. 1, 1970, when the paper was printed for the first time by the offset method. Letterpress - printing directly from metal type and engravings - was ended.

For nearly one and a half years the paper was printed at the West Toledo Herald. In March 1972, a new offset press was installed at The Herald plant and for the first time in Lenawee County, an established newspaper was completely printed via offset in the area.

Just prior to switching to offset, the newspaper moved its offices and shop from S. Evans St. to its present location at 110 E. Logan St.

The new printing equipment, which included phototypesetters for both text and display matter, enabled The Herald to provide printing services to others.

Adrian College began printing its weekly newspaper at The Herald. Siena Heights College soon followed and other publications were scheduled.

In October 1972, when the Adrian Daily Telegram was struck by the ITU and the Guild, the two unions sought the services and facilities of the Herald for an interim daily newspaper. A new county daily was established and called the Maple City Reporter.

Since the MCR has been printed at The Herald, over 4 million copies of that paper alone have been printed by striking members of the two unions.

In the fall of 1972, the local newspaper shop had become a central printing facility for numerous publications. Within a few months over 10 different publications were being printed on The Herald's new press.

These publications include, besides the two colleges, Toledo Union Journal, Northwest Ohio Labor paper, Blissfield Advance, Saline Reporter, and circulars for Sears, J.C. Penney, Woolworth, Wrigley, Adrian Area Values and others.

In the late 1960s, The Herald's circulation had increased to nearly 5,000, the present number of papers rolled off the press each week. In comparison, when the newspaper was printed on S. Evans St., the newspaper printed about 200,000 papers a year. Today, The Herald alone has a yearly circulation of nearly 250,000, and press runs for the week have topped 200,000 for a week. Usually, however, weekly press runs or impressions for publications number 125,000 to 150,000.

Before going offset, the local paper used about 25-ton of newsprint a year. Today, nearly that much is used here every two weeks. Just a few years back employment was 10 or less, but today full time and part-time employment exceeds 25.

Today's Herald is a far cry from the paper founded in 1850 by Perry, promoted by the Stacys, Benjamin Baxter and William Richard, and developed by Earl Wickwire.

Only one similar aspect is apparent - it remains a weekly and will continue so until residents and businesses feel a daily is preferred. As the city grows and prospers, a daily newspaper for the community and area will eventually be warranted. The Herald has the printing facilities and capacity to become a daily today, although such a step may be years away.

Workers of the early 1900's numbered fewer than in 1897. Both top and bottom pictures were taken while the Stacy Family owned the paper.

A FREE PRESS...THE PEOPLE'S CHOICE!

Sure, it's idealistic. It's also practical. For how can a people govern themselves if they don't know what's going on? Freedom of speech is a mockery unless you know what you're talking about. Your own personal freedom depends on freedom of information. That's why a free and fearless press is one of our Constitutional rights.

HOMES AND HUSBANDS.

A TALE FOR YOUNG WIVES.

THE sultry summer day was past, and the cool air of evening was murmuring among the fen leaves, and bending the slender stems of the flowers, as it swept onward; fanning the heated brow of the husbandman, who had toiled throughout the long day beneath the glowing sun.

But to noneamong the band of homeward bound laborers did the evening breeze seem more refreshing than to three, whose buckets of tools borne over their shoulders denoted them carpenters. They had, in truth, passed the whole of the day on the top of a lofty house, preparing it for slates, and had suffered not a little from the intense heat; and now, with wearied frames, they were pursuing their way home. At the entrance of the village where they lived, Draper, Gale, and Burt separated, each to seek his own dwelling

There was not a neater or cleaner abode in the village than that awaiting the reception of Draper. Not a speck of dust dimmed the brilliance of the windows, around which fluttered curtains as white as snow; every article of furniture was polished till it shone like a mirror; fresh flowers breathed forth their fragrance from the chimney piece, a spotless cloth covered the little supper-table, and Mrs. Draper and his children were as neat as it was possible to be.

Far different the scene which awaited Gale; his house was in disorder, his children untidy, and his wife absent. The last-named evil, however, was soon remedied, for one of the children, despatched in quest of his mother, soon returned with her.

"You here already, Tom!" she exclaimed, rushing in breathlessly, in a gown that had certainly seen quite a week's hard service since it had last been taken into wear, "I had no thought it was so late. But supper will soon be ready. Tidy the fire, there's a good fellow, while I cut a rasher and wash the lettuce; and we'll soon have supper."

"I am so tired, Mary, that I would rather do without supper than light the fire," said Gale, throwing himself upon a seat.

"Are you? Well, then, don't; I'll soon get it ready myself," said the wife, beginning to bustle about; in the course of which she broke more than one article of crockery, put for the time, in some unsuitable place.

"Where were you, Mary?" inquired Gale, after a pause.

"I had just stepped out to see how Mrs. Blain's baby was, poor little dear."

"Mother has been gone ever since tea," said the eldest child, a boy of some six years old.

"You abominable little story-teller, how can you say so?—I was gone no time at all!" exclaimed the mother, irritated into boxing the speaker's ears for his interference.

The child ran away crying, and Mrs. Gale went on preparing her husband's supper; more industriously than rapidly, since she had to clean most of the articles she required, ere she could use them. Then, by that time, the children became cross and peevish, because they were sleepy; and when the supper was at length ready, she had to go up stairs and put them to bed; then returning, swallowed her own meal hastily, and, putting aside the dirty plates, declared she must now go and wash.

"Wash!" exclaimed her husband, in astonishment. "I thought you were to have washed the day before yesterday?"

"Well, so I meant; but I was interrupted," she replied. "Mrs. Blain came in that day, and Mrs. Strong yesterday; and to-day I had not time. And now I must wash, for neither the children nor you have a clean thing to put on; and, for that matter, neither have I."

"So it would appear," said Gale, glancing at the dark tint of her naturally light gown.

"So it would appear, indeed!" she cried, angrily. "I suppose you expect to see me as clean and neat, and everything as well done, as if I were a lady and kept a couple of servants?

"No, Mary," said her husband, gravely, "I form no such extravagant expectations; all I ask is, that the hours I am working hard to earn our daily bread might be spent by you in some occupation more profitable than gossiping, and so let me find a quiet and orderly house on my return, and a companion such as you used to be in the earlier days of our wedded life."

But the affectionate tone of the last words exercised no softening influence on the roused spirit of the indignant wife; and a quarrel ensued, which ended, as it had often done before, in Gale taking his hat, and finding at the public-house the comfort he could not find in his own.

Meanwhile, Draper passed through his trim little front-garden, entered his pretty cottage home, and setting down his basket, seated himself wearily by the window.

"Oh, Draper, I am sure you never wiped your shoes when you came in!" was his wife's salutation, as she entered the room.

"Well, my dear, and if I did not, there could be no mud on them, this weather," he replied.

"No, but I'll be bound there was plenty of dust on them," she retorted, crossly; "and you know how I hate dust. And here—I declare if here is not your dirty basket set down on the clean wax-cloth. Let me slave ever so much, I can't keep the house clean while you are so careless; and you know it is the pride of my life to have a clean house."

"I was very tired, Susan, or I would not have done it," said her husband, apologetically.

"And do you think I am never tired," she demanded; "working about all day as I do, and then sitting down to make and mend for the children?—for I take a pride in seeing my children neat and clean."

"You are, indeed, a most industrious wife, Susan," said her husband, in all sincerity; yet he sighed, for his home, though it was so pleasant to look at, was very uncomfortable.

"I am glad you admit that," she said, shortly. "But come, now, supper is ready." And they accordingly sat down to the neatly-arranged meal that was awaiting them. But all its comfort was marred by the constant faults Mrs. Draper found with all that her husband and children did. They were, at almost every movement, offending against her law of order; for Mrs Draper's love of cleanliness and neatness was not satisfied by daily and almost hourly cleanings; the slightest infringement of the order that was so dear to her, irritated her beyond measure; and, as it may be supposed, those infringements with a husband and children, were neither few nor far between, anger was rarely long absent from their dwelling.

Mrs. Draper was a conscientious and an industrious woman, and she esteemed it her duty to work hard for her husband and children. That duty she performed to the uttermost; and, if need were, she would have begged for them, or starved for them. But she perceived not how her spirit of house-worship interfered with her duties as a wife and mother. The latter demanded her house should be a home, the former that it should be an idol; and she bowed unresistingly down before the image she had herself set up, without once suspecting that the magic word "Home," was, in her keeping, but an empty sound. Her children were dull and sullen, because they were always in disgrace; for the playfullness natural to their age was commonly treated as a fault, from its leading them to transgress the strict rules set up for their conduct and forget the respect due to chairs and stools which were never to be touched or moved, and floors and windows which must not be trod or breathed upon. And her husband, when his many hours of labor were over, and he felt he had fairly earned a happy and peaceful evening—was continually offending against the same laws; therefore, the matter frequently ended by his betaking himself to the public house, where he was an object of consideration, which he never was at home.

And thus, though Mrs. Draper was in general estimation (and especially in her own) an incomparably better wife than Mrs. Gale, they both, by very different means, accomplished the same end, of driving from their houses domesticated husbands, and inducing them to seek a substitute within the pernicious precints of a public house, where they spent money, the loss of which, was seriously felt in their own families; and, what their wives might yet more bitterly regret in time to come, lost their habits of sobriety and steadiness, and listened to opinions and principles calculated to render them less respectable members of society, and to undermine the little influence their wives had left themselves.

But, too, had gained his home—a neat little cottage like those of his fellow-workmen. As he stood for a moment in the narrow garden, admiring the simple flowers that bloomed in little beds—as brightly, aye, and as sweetly, too, as prouder blossoms around palace-homes—the door burst open, and two neatly-clad children rushed joyously out to meet him. He raised the youngest in his arms, and rendered the other proud and happy by allowing him to drag in the basket of tools. Within, all was neat and clean, and as orderly as the gambols of the children would permit; and the wife, who advanced to meet him, was as neat and housewife-like a person as the eye could wish to rest upon.

"Well, Fanny," cried Burt, gaily, as he entered, "here I am, tired and hungry, and wanting my supper; do you mean to give me any?"

"Why, if you behave yourself, I think I will, for this once," she replied, in the same tone; "and, as it is all ready, you may as well have it now. I should think you needed it after so hot a day."

"Oh, that was nothing to make a fuss about! he replied, lightly, though he had felt it a good deal, and was now excessively tired. But how keenly Fanny too well appreciated the exertions he made to surround her with the little home-comforts she possessed, to render it needful to excite her sympathy by enlarging on any extra disagreeables that might at times occur.

At length, the comfortable though frugal meal was ended, and the children put to bed; and then the little wife came gaily down stairs. Burt was weary, and had placed his feet on a chair, but no frown darkened Fanny's brow at the sight; on the contrary, she advanced good-humoredly to his side, and inquired whether she should go on with the book she had been reading the previous evening, or if he would rather chat while she worked. But the pleasure of listening to an interesting book was far greater to the weary man than that of hearing the village gossip; and Fanny read on uninterruptedly till bed-time.

Time passed on; and with it Mrs. Gale grew more slaternly and fond of gossip, Mrs. Draper, a more devoted house-slave, and their husbands, as a necessary consequence, grew more attached to beer and ale-house company; while Fanny Burt pursued the even tenor of her way, contented, neat, cheerful, and good-tempered, her house a haven of peace and happiness, to which her husband ever returned with pleasure, and herself most happy in making him so.

One day Fanny was busily engaged in weeding her little garden, and tying up the flowers, when Mrs. Gale passed by; and seeing her, paused to "chat a bit."

"You have not seen the new clock Burt bought me on my birth-day," said Fanny, after some conversation, during which she had finished her gardening, and Mrs. Gale had leaned over the little paling.

"No, I've not; but as I have a minute to spare, I'll come in now;" and Mrs. Gale accordingly came in, leaving the gate open for the free ingress of the pigs and fowls. Fanny quietly closed it ere she followed her visitor into the cottage.

"Upon my word, it is a very pretty clock—I wish I could afford such an one!" said Mrs. Gale. "And how nice you have everything about you," she continued, looking round on the neatly-furnished little room; "I wish I could have everything as comfortable."

"I am sure I do not see why you should not," said Fanny; "your husband has the same wages as mine, and our families are of the same size."

"Ah! but your husband does not spend so much of his money at the public-house as mine does," replied Mrs. Gale.

"No, he never enters it."

"And yet, when we were both married," resumed Mrs. Gale, "people said I made the best match of the two, because Gale was a steadier young man than Burt. I can't think how you manage to keep him at home."

"By making it neat, and clean, and comfortable," said Fanny, who was quite aware of the style of her companion's house-keeping; "by letting him find his supper waiting for him, and his wife and children ready to welcome him and keep him company."

Mrs. Gale stood for a moment, silent and self-convicted. She felt that she could not say the same; that none of these home-luxuries awaited her husband. She knew that he usually found a disorderly house and children, an unready supper, and oftentimes an absent wife. Latterly, her husband's conduct had caused her much anxiety, and the newly-awakened thought that her own had been the cause of it, cost her a bitter pang. She said little to Mrs. Burt; but, bidding her soon "good day," sped home, resolving as she went that if her husband's reformation depended on hers, it would be set about without delay.

That evening at the usual hour, the three carpenters returned to their homes; Burt lasting on his way, for his heart was light as he thought of the glad faces awaiting him—the others dull and weary, for they were exhausted by their day's work, and had no bright home-thoughts to cheer them.

At length Gale parted with his companions and sauntered slowly homeward, knowing that, however late he might be, he usually arrived too soon. At last he reached his home, but stood still in astonishment at the scene before him, almost doubting whether he had not entered the wrong door. The room was swept and dusted, and everything put in its place; the supper was ready and the children neat. But the next moment his wife entered, and then he knew his home again; for her own dress was a matter that amid all her reformations, Mrs. Gale had quite overlooked. But those she had effected sufficed for the time; for, pleased with the unwonted comfort, her husband remained contented at home.

A proud and happy woman that night was Mrs. Gale; she looked upon the victory over her husband's erratic habits as already gained, and that it needed but her own pursuance of her new course to secure its continuance. Great, then, was her disappointment when the following evening saw Gale desert his altered home for the public-house. She had never calculated on the influence of habit; and in the bitterness of her heart, looked on the scheme—in the hope of whose success she had worked all day so cheerfully—as an utter failure.

The next morning, as soon as her children were despatched to school, Mrs. Gale took her way to Mrs. Burt's cottage, to communicate to her the hopes and fears of the last two days.

But the ever-hopeful Fanny bade her again take heart, and continue on the rightful course she had entered, without fear but that in the end her object would be achieved.

"You must not be down-hearted," she said, "because your husband goes to the public house once—no, nor twenty times. We all know and feel how difficult it is to renounce any habit, and all you must hope for is to break him of it gradually. Only go on in the way you have begun," continued Fanny, cheerfully, "and I do not doubt that, before long, your husband will sit at home of an evening as happy and contented as mine does."

"Do you really think so?" said her visitor, wiping away her tears.

"To be sure I do," said Fanny, gaily. "And now, in the meantime, I'll tell you what I'll do; I know you are a good reader—I'll lend you a book that has interested Burt and me greatly; read a little of it to Mr. Gale of an evening, and trust me, if, before the book is ended, you do not see the good effects of it; and when it is ended you shall have another."

It needs not to detail the thanks of Mrs. Gale for her neighbor's encouraging words, nor the length to which her gossiping propensities would have extended them, had not Fanny gently hinted that, if either of them intended to maintain the character of good housewives, it would not do for them to spend the morning thus. Her good resolves thus brought to mind, Mrs. Gale hastily departed. Fanny looked after her for a moment, and the sight recalled something of importance she had omitted to mention. She called after her instantly, and then ran down the street.

"Whatever you do, Mrs. Gale, do not forget to put on a clean gown and cap before evening."

Then, speeding back, she went to work with redoubled diligence, to repair the loss of time her visitor had occasioned.

Mrs. Gale took both pieces of Fanny's advice—she put on the clean gown, and she read the book, and they both answered excellently; though it may be doubted, interesting to Gale as was the latter, whether it would have been so efficacious without the former; for personal neatness has a far greater influence than people not practising it can well imagine.

Fanny Burt proved a true prophet, for though, for the first few months, Gale went sometimes to the public-house and, his wife had frequent lapses into her old gossiping and slovenly habits, yet, at the end of a year or two, both seemed thoroughly reformed; and they were as happy and peaceful in their neat little cottage-home as any wedded couples in Stunbury.

Meanwhile, months came and went, and brought no spell upon their wings for Draper's happiness; the spirit of cleanliness, perverted into a demon, still reigned paramount over his dwelling; still did he go abroad as much as might be to escape its iron rule; and still did the demon's prime minister look upon herself as a meritorious and ill-used woman; and, in the irritation of mind caused by her husband's absence, and the loss of money it entailed, bear more hardly than ever on her children's little faults against neatness and order.

One evening there had been the usual display of great anger for little sins, that, beneath most roofs, had been deemed none at all, when Draper, weary of the share that fell upon himself, pushed back his chair, and, rising, turned to leave the house.

"And now," observed Mrs. Draper, drily, "I suppose, because you are not allowed to make everything in a mess without my making any observation on the subject, you are going to the public-house, to spend there the money I work so hard to save?"

"No," replied he, quietly, "I am only going down to Gale's." And, in truth, his steps had often turned thither of late, as Gale's stay-at-home habits were growing stronger; for Draper missed his old companion in their former haunts; and besides, was not sorry to pass a comfortable evening elsewhere than in a public house.

"To Gale's!" repeated his wife, contemptuously. "Truly, you have a good taste, to choose a dirty house like that; I am no longer surprised that my particularity is disagreeable to you."

Mrs. Gale does not keep a dirty house now; it is as neat and clean as any one need wish to see," replied Draper; "and, what is more, though it is so, she does not make a god of it, and sacrifice her husband and children to it, but lets them live in it in peace, and quietness, and good temper."

Peace, and quietness, and good temper—how those words echoed in Mrs. Draper's ears long after her husband had left the house! They would not leave her, but recurred again and again to her thoughts. We have before said that Mrs. Draper was a conscientious woman, and unfeignedly anxious to do her duty by her husband and children; and the thought of her husband's last words suggested to her, that to her overstrained love of order she had sacrificed their comfort, and by her want of peace, quietness, and good temper, had driven her husband from his home, was a serious shock to all the feelings of self-approbation in which she had, though in vain, endeavored to find happiness. Her faults were very different from those of Gale's once untidy wife.—Mrs. Gale's were so prominent that they were easily rendered obvious, even to her own eyes, and could bear no other aspect than their own repulsive form; but Mrs. Draper had long believed her faults to be virtues; she had regarded herself as a pattern wife, and so arduously fulfilled her duties, as far as she discerned them, that it was indeed difficult to believe she could have made so serious a mistake.

But peace, quietness, and good temper, conscience whispered to her, were not to be found in her dwelling. There was an error somewhere—she had been always used to ascribe it wholly to her husband, but could it be possible that it existed as much, perhaps more, in herself?

Mrs. Draper took council with none save her own heart and her own conscience: but in the end, they guided her aright; though painful, indeed, was the effort required to follow their dictates, and much it cost her to sacrifice, even in part, the habits of over particularity which had grown upon her until they almost seemed a portion of herself. But hard though it was to pass over in silence many things which fretted and grieved the spirit of house-worship she had so long obeyed, she was well repaid when her husband drew his chair to the fire of an evening, instead of seeking comfort and society elsewhere. It was true that he sometimes put his foot on the brightly-polished fender, and at first it required an effort to restrain the complaint which sprang to her lips. But she found that the morning's rubbing made it just as bright as though no foot had rested on it, and she felt her heart all the lighter for the knowledge.

Yet, since as was Mrs. Draper's desire of making her house comfortable, it was a thing of time to gain the needful conquest over herself; nor was Draper to be won at once to a change of habits. But time and good intentions on both sides, brought back the peace and happiness which seemed to have deserted their dwelling; and at length the faces within it grew as bright as the tables which were ready, so mirror them, for the neatest cottage in the village became one of its most cheerful and best-loved homes.—*Prior Magazine.*

Rumpf Trucking Purchased by Duff Truck Line of Ohio

All the outstanding stock of Rumpf Truck Line, Inc. has been sold to Eugene Duff Truck Line, Inc. of Lima, Ohio.

According to Marvin Rumpf, who will remain as local representative with the company in sales and management, there will be few changes in the operation of the business.

Duff operates more than 1,400 pieces of equipment through 13 teminals in six states. The company expects to gross $30 million in revenue this year and acquisition of the Rumpf company could increase that figure to $35 million annually.

Both companies are family owned and have been in business since the mid-1920's. If the merger of the companies is approved by the Interstate Commerce Commission and state regulatory authorities, Duff will operate in a larger area of the state including Ann Arbor, Ypsilanti, Saline, Hillsdale, Monroe and Tecumseh.

Citizens Honor Judge

Judge Yale Kerby will be honored by Citizens For Good Government with several events. The first, a chicken barbecue and splash party for those under 30, sponsored by Paul Murray at 5818 Green Hwy. Friday, July 12.

A theatre party will be held Thursday, July 25, at Croswell Opera House. Reservations for the musical, "A Funny Thing Happened on The Way to the Forum," may be made by calling 263-5674.

The final event is a dinner on Friday, Aug. 2 at 6:30 p.m. at Devils Lake Yacht Club. For reservations call 423-4528.

Fast Flipper Retains Title

Janet Underwood Nichols is still Tecumseh's fastest pancake flipper. Mrs. Nichols, who won the city's last pancake race in 1966, did it again on July 5 to retain her title.

Mrs. Nichols defeated Jean Sinkey, Lucille Perrin, Cassie Palmer, Theresa Dangler, chairman Sniffen and Penny Hilton in race. Bonnie Sniffen, chairwoman of the event, was aided by Eula Ries and Carol Poley and wishes to thank all who participated

Rezoning Approved

Planning Commission approved a recommendation to City Council for the conditional rezoning of four acres from RA-1 to RM-1 for a home for the elderly.

Rezoning is request of Harold F. Naser and Orrie Gilbert who propose to build a retirement home for the elderly on N. Van Buren St. on the vacant lot immediately south of Patterson school. Property is owned by Naser.

High School Plans Approved by Board

Preliminary plans for the proposed high school were approved by the Tecumseh area school board on Monday night. Approval will now allow assistant superintendent Eugene Cooley to make bond application to the State of Michigan Department of Education.

Proposed school will require 5.95 additional mills, based on present equalized evaluation. With 1.4 mills currently levied for debt retirement, this will raise the millage to 7.35 mills.

Proposed total millage would make the school district eligible for the state's qualified bonding program. District may borrow 90 percent of the amount above seven mills. Presently this loan is interest free. Since the application process is lengthy, it must be made now before election date is decided.

According to the schedule program worked out by the district's bonding consultants, the bond would last until 1983 when pay back would begin.

Board also appointed a four member high school steering committee. Members are William Macbeth, Hugh DesErmia, Dr. Harold Ocamb and Todd Herrick. Committee will report to the board on the advisability of the floor plan, placing the swimming pool and auditorium on a separated ballot from the school and hiring of a public relations consultant for the election.

Administrators Superintendent Robert Duhan and Eugene Cooley advised the board that the deletion of the swimming pool and auditorium from the package would save a million dollars on the total cost of proposed plans, but it would reduce the millage by only .11 mill.

Since the average property owner is assessed on $10,500 this would mean a yearly decrease of only $1.16 in taxes at the cost of foregoing the two facilities.

Cost of the total package for the proposed school is roughly $9 million. This includes the following costs. Estimated building cost is $6,570,000 and equipment $985,000. Remodeling the building and equipment of the present high school for a junior high is estimated at $350,000 and the razing of the old junior high school at $50,000. Slightly over $1 million is estimated for site development, utilities, surveys, architect's fees, bond attorneys, State of Michigan bond qualifications, insurance, construction and financial consultants.

Board Incumbents Re-Elected

Incumbent officers were re-elected at the annual reorganizational meeting July 8 of the Tecumseh area school board.

Officers are William Brown, president; Dr. Harold Ocamb, vice-president; Dr. Donald Phelan, secretary and William Macbeth, treasurer.

Regular meeting date and time was approved by the board in renewal of the by-laws. Board meets the third Monday of the month at 7 p.m. Meetings are open to the public.

Accidents Investigated

It was a rough week for bikes as police reported one bicyclist received lacerations of the face and shoulder and motorcycle-car accident among the eight accidents reported sent the motorcycle rider to an Ann Arbor Hospital.

The bicyclist, Francis L. Anderson, 17, of 1415 Ives Rd., told police he borrowed a bike near midnight last Thursday behind Ken-Ray's and lost control of it while turning. He fell, cut his face and shoulder. Anderson stated that he did not know the owner of the bike and that he had been drinking.

Among the accidents reported, Percy A. and Lilah Cadmus, 8248 Milwaukee, reported an unknown person backed out of a driveway and struck their car in the left side and then fled the scene July 3.

On Thursday, a car driven by Joy L. Holdridge, 30, of 701 Russell Square, skidded in the rain into an auto driven by Ruth M. Crosby, 56, 305 E. Pottawatamie. Crosby was stopped at the time on Adrian Street, waiting for traffic to clear. No enforcement action was taken.

At 11 p.m. that Thursday Harry A. Keller Jr., 36, of 119 W.Brown, drove over the tracks on Evans Street when his trailer hitch came undone and caught under the car. Damage was done to the auto's exhaust system and to the railroad tracks.

Just 15 minutes later Ronald L. O'Neill, 30, of Britton, backed into Raymond D. Stuart, 25, of Adrian at the Community Center. O'Neill was reported instructed by a man to back up. No enforcement action was taken.

Saturday, cars driven by Reino M Meining, 64, of 7825 N. Adrian,and Ralph F. Easton, 48, 800 Red Mill, backed into each other while backing out of parking lots across the road from each other.

Sunday, Curtis L. Greene, 20, of 501 Adrian St., was cited for failure to yield after stopping at a red flasher. The Greene auto pulled out at the corner of Ottawa and Chicago and hit a motorcycle driven by James P. Hyde, 26, of Seline. Hyde was passing by on Chicago, reportedly at a high rate of speed. Greene said he did not see the motorcycle. Cyclist was taken to Ann Arbor hospital.

Tuesday, an auto driven by Lawrence J. Roberts, 36, of Monroe, was making a right turn into a Frosty Freeze on W. Chicago and was stuck by a passing vehicle driven by Alfred W. Coursol, 30, of East Lansing. Coursol was cited for passing on the right off the roadway.

Also on June 9, Wilma M. Higgins, 35, of 4350 Macon Rd., and Donald E. Macley, 53, of Addison, were stopped at the corner of Maumee and East Patterson when their autos were struck in the rear by a vehicle driven by David L. Dicerson, 20, of Adrian. Dickerson reportedly took his eyes off the road and was watching cars come out of the Product's parking lot when he hit the autos. No enforcement action was taken.

Celebration Marred by Disturbances

Tecumseh's Sesquicentennial activities were overshadowed last week by sensational media coverage of four days of disturbances in the downtown area.

Disturbances began when a group of 200 to 300 gathered on the town's main corner, shot fireworks and interferred with traffic on July 3 at about 11 p.m.

At the 100 block of W. Chicago, Police Chief Ray Walton said that the group refused officers requests to stop beer drinking and loud radio. Walton said that the crowd's attitude was "not vicious or malicious but almost like the attitude of a group participating in school homecoming."

At 1:20 a.m. July 3 a nude man riding atop a car was arrested.

Later at 2:50 a.m. six others were arrested. Names released of the arrested are George E. Rodgers II, 30, Britton, charged with disturbing the peace-drunk and disorderly. Wendell Lee Williams, 24, 206 W. Kilbuck, charged with disorderly person-committed assault or battery.

Stephen C. Chumney, 23, 409 N. Evans St., charged with disorderly person-committed assaultand battery. Lamar W. Rufner Jr., 22, 215 W. Pottawatamie St., charged with disorderly person-commited assault and battery. Alberto Flores, 20, 4947 Delion Drive, charged with disorderly person. Steven E. Drake, 19, 511 W. Chicago Blvd., charged with disturbing the peace-disorderly person.

A woman, Alice M. Steele, 18, 609 S. Evans St. was also arrested, charged with disorderly person.

Chief Walton said that additional manpower from Clinton Post of the Michigan State Police and the Lenawee County Sheriff's Department was unavailable.

The next night July 4, Walton said available manpower was even harder to come by. On both nights extra Tecumseh officers were called to duty.

On the morning of July 4 and again on July 5, same size group took over the streets and broke glass bottles. Activities caused officers to reroute traffic off the main street from Union to Maumee and use Logan as a bypass on each of these nights between 11 p.m. and 5 a.m. Few arrests were made on these two days on the "periphery of disturbance," said Walton.

Evening of July 5 activities renewed. Added manpower was available from state police and county sheriff's men. Chief Walton remarked that it was over an hour when the group was told to disperse and refused. Forty officers were able to persuade the group to leave.

Namesof arrested are on July 5 of released arrested are on July 5 Richard L. Bryant, 19, 6716 Allen Rd., charged with disorderly person. Charles W. Kurutz, 20, 109 S. Division St. charged with disorderly person. Edward B. Rapin Jr., 116 Maple charged with disorderly person. Danny L. Bohannon, 19, 207 W. Pottawatamie, charged with disorderly person.

Night of July 6, Adrian police joined the three other units. Although the group's size was not any larger, Chief Walton said that they were more difficult to move in some ways.

Names released of those arrested on July 6 are Lawrence B. Miller, 17, 115 W. Logan, charged with disorderly person. Joseph D. Quigley, 21, of Adrian. Robert D. Seal, 20, 905 Shady Lane charged with trespassing. Robin A. Suydam, 20, of Adrian, charged with possession of fireworks.

Donald R. Burwell, 22, of Britton charged with disorderly person. Michael A. Caterina, 18, 8800 N. Union, charged with trespassing. Robert B. Donet, 19, of Adrian, charged with possession of fireworks. Kathy M. Wanzeck, 18, 603 W. Chicago, charged with trespassing.

Names released of those arrested July 7 are Gerald W. Bates, 26, 2608 Munger Rd., charged with disorderly person. Richard L. Brenner, 23, Addison, charged with disorderly person and assault on police officer. Carl E. Martin, 32, 118 S. Ottawa, charged with disorderly. Michael L. Parker, 18, of Adrian, charged with disorderly person.

Clarence P. Natterstad, 53, Adrian, charged with disorderly person. Michael L. Parker, 18, Adrian, charged with disorderly person.

Bernard L. Smith, 55, Mt. Pleasant, charged with drunk and taken by Lenawee County sheriff's office. John L. Guilford Jr., 44, 2951 Russell Rd., charged with disorderly person. Virginia M. Guilford, 34, 2951 Russell Rd., charged with disorderly person. Shippy C. Hanna, 20, Adrian, charged with disorderly person. J.B. Harris, of Dinius Rd. charged with disorderly person. Lawrence G. Hebert Jr., 17, 513 N. Union, charged with disorderly person.

One individual was injured in arrest and treated at Herrick Hospital.

Chief Walton went on to say that he was disappointed in the lack of parental control exercised. "Parents had warning after the first night's activities. You'd think that they would do something to prevent their youth from participating in this type of activity."

There were no complaints of property damage by the crowds. Some youths were witnessed voluntarily cleaning up after the July 4 activities downtown.

"But what I can not understand," continued Walton, "is that they felt that they had a right to take over the streets to have their party. Their attitude was 'Come join us.' They had no concept of the streets as a public facility and thought nothing of traffic."

SIGNIFICANT NUMBER—Roma Gray, 607 N. Evans, was the winner of the 1929 Model A car in the Sesquicentennial drawing Saturday night at the Grand Sesquicentennial in the Community Center. Del King, r, presents her with keys. Parents, Mr. and Mrs. Glenn Driscoll sold the tickets to their daughter. Dad said that she didn't need the second one as the first ticket won. Number 5074 might well be the lucky one since 50 may represent our city's 150th anniversary and 74 in the year 1974. Roma, not present at the drawing, said that she didn't believe it when her sister and husband, Mr. and Mrs. Harry Crosby, who attended the ball, told her. Son Tom, 17, drives the car presently. Roma and husband Frank thank all for congratulations.

Fire Destroys Two Barns

A fire of undetermined origin destroyed two large barns on the Peter Golema farm at 6890 Hack Rd., a mile and a quarter from Macon, Tuesday afternoon.

A fire was discovered about 3:30 p.m. by Golema's daughter, who saw smoke in one barn and called the fire department. Clinton and Britton-Ridgeway Fire Department responded. A strong west wind fanned the flames and hampered the fire fighting. However, the firemen were able to save a garage and other buildings.

Loss estimated at $50,000 included a new tractor, corn picker, drill, new grain elevator, gravity box, three bicycles, mini-bike, 600 bales of new hay, and other farm tools. No livestock was in the barns.

Firemen from Britton-Ridgeway department were called back to the scene of the fire, when wind shifted about 9 p.m., Tuesday, and burning embers were watched for a time.

A Clinton fireman commented on the numerous onlookers blocking the route of fire trucks to the scene.

Pageant Is Taped

Sesquicentennial pageant and segments were recorded on television tape by Pat Connor, and will be shown to members of the cast, crew and committee members in closed circuit television July 18 at two showings in the Community Center, at 7:30 and 9:30 p.m.

Bicyclist Injured

Allen Strange, 11, son of Mr. and Mrs. Fred Morgan, 8125 Short St., Macon, was apparently riding his bike to the Golema barn fire, northeast on Macon Road, about 4 p.m., when he was struck by a southwest bound pickup driven by John Schmidt, 19, at Mills-Macon Road.

The Strange boy was first admitted to Herrick Hospital, then transferred to University Hospital, Ann Arbor where he was treated for head injuries. His condition is not known at this time.

Fourth Princess Re-Named

Jeanette Mannino was named fourth princess in the Sesquicentennial Queen's court Wednesday, July 3, after discovery of a miscalculation due to misplacing of a comma in first count.

Miss Mannino was steadily running in no less than fifth place, where she ended, all during the competition. Unfortunately the error wasn't discovered earlier, a fact the committee regrets.

Gifts received by the fourth princess included a portable television set, hair dryer, Jerold all weather coat, full size flag, sandals, Clara's book and several gift certificates.

GO, GO, GO FOR BROKE, JIM—Tecumseh's A.J. (Jim) Smith holds third place in national soaring competiton currently running at Lenawee County Airport with two days of gliding remaining. One time world champ and four times national champ stands a good chance of winning the meet with 5,549 points against Richard Johnson of Dallas, Texas with 5,573 and Ben Greene of Elizabethtown, N.C. with 5,556. Smith's total of 970 points for Tuesday's competition topped either of the others by 40 points. (Photo by Cortland Hunt)

Volunteers Rally To Rebuild Stage -

About 25 volunteers rallied Thursday to rebuild the to the Athletic Field last pageant stage that was shattered by a severe storm that hit Tecumseh July 4. Sesqui headquarters man Herb Dillon said that the group had the frame back together by 11 a.m. Finishing touches were completed by 12:30 p.m.

Only other damage incurred was two broken light bulbs. No loss was reported to the sound equipment, although a few wires were pulled down.

Final performance of "Tecumseh Legend-150" was successfully staged with thanks to these volunteers from all for their civic concern.

Winds that clocked up to 75 mph at Detroit Metropolitan Airport also split several trees in the downtown Tecumseh area last Thursday. No injuries were reported.

Happy Birthday wishes to Tecumseh from the Tecumseh Herald.

Included in this issue of the Herald is a special 12 page Sesquicentennial Souvenir Photo edition, compliments of the Herald. The tabloid was photographed and compiled by photographers Cortland Hunt, Kent Downing, Mike Sunderland, Bill Cook and Mike McNamara.

Although not all events could be covered by the staff or all photos included or identified those selected highlight major Sesquicentennial week activities.

HOMEOWNERS CORNER

by Vic Clauda

The type of work you do is what determines the type of tools you need for the job. This is especially true of power tools. Many home carpenters find that a table saw is really convenient for cutting long pieces of lumber quickly and easily. If you're in the market for a table saw, here are some things to look for: First of all, the blade should be at least eight inches in diameter. A nine inch blade is even better. The saw should have a tilting arbor or table for making edgewise cuts. The total saw should allow you to cut a 4x8 plywood panel in half, in either direction.

We have the tools and electrical supplies you need for all types of jobs. CLAUDA PLUMBING & HEATING, 1108 W. Chicago Blvd., 423-3121 is open daily 8 a.m.-5:30 p.m. Sat. until 5 p.m. Fridays until 9 p.m. Electrical wire, conduit, fuse boxes, fuses, electrical switches, light bulbs, Miller Falls power tools and air-conditioners are stocked. We will put in an air-conditioning system for you — call for free estimate.

Helpful Hint: Make sure your humidifier is turned off for the summer months.

RAYMOND LABOUNTY PUFFER WITH HIS OIL PAINTING OF OLD ST. PETER'S CHURCH

Raymond L. Puffer Paints Oil of Old St. Peter's Church

Tecumseh area citizens along with the Lenawee County Historical Society are the recipients of a labor of love presented to them by Raymond L. Puffer, a native who now lives in New Mexico and is spending some time here this summer researching the city's three founders for his dissertation for a PhD.

Puffer, who recently won second place in New Mexico's state contest of 100 selected paintings, did an oil of old St. Peter's Church and gave it to the Historical Society for display in the museum on South Main St. in Adrian.

First viewing was at the Society meeting recently held in St. Michael's Episcopal Church at Cambridge Junction.

Arrangements are currently in progress in the museum to give special recognition to Tecumseh, the painting and other items of historical interest given to the Society by Mrs. Neil Pearson, Mrs. Earl Lindsley and Judge Yale Kerby.

Mr. Kerby acquired a painting of Blood's bridge which will be hung in a prominent place.

When it was brought to the Puffer's attention that only small pictures of the lamented demolished old church were available, he decided to paint one of some size and it has taken him several years to do the one now on display in Adrian. The winner in the "New Mexico 100" said he valued the painting at about $300. Others of his paintings are on sale in two different galleries at present.

A pictorial trip through "Historical Lenawee" highlighted the meeting as Elwood Little coordinated the goals of the county's bicentennial with slides.

Historic homes in Tecumseh were shown as well as the modern Sesquicentennial headquarters, the Evans marker, the Methodist Church and others. Tecumseh was referred to as an historic city, aware of its destiny through progress and preservation.

Mrs. Doris Frazier, museum curator, invited all to tour the exquisit DAR house in Adrian, arrangements for one to 25 persons can be made by calling the museum at its recently installed telephone number 265-6071.

Officers elected for the coming year for the historical society include Mr. Little, president; Frances Johns, vice president; Mrs. Doris Trowbirdge, second vice president; Martin Halley, treasurer and directors for a two-year term are Mrs. Irving Mann and Mrs. Warren P. VanOrden. Among others, Mrs. Louis Schneider of Tecumseh continues on the board of directors.

Memberships are now open for the 1974-75 year with details and blanks available at the museum. Hours continue through the summer months though the Historical Society recesses until September when its five meeting series begins again.

Willis Moore, who is retiring from the treasurer's position he has held some time, reported that there are currently 300 renewals of membership.

OPEN LETTER

Dear friends,

Survivors of each honorably discharged U.S. war veteran, or of a peacetime veteran discharged for service-connected disability, are entitled to several Veterans Administration benefits.

These benefits in no way conflict with benefits paid under Social Security, and many families qualify for payment under both.

Ida Kukral, Dean Dermyer Wed

Ida Mae Kukral and Dean Raymond Dermyer were united in marriage June 29 in St. Mark's Lutheran Church at Cambridge Junction before 400 guests.

Parents of the couple are Mr. and Mrs. William J. Kukral of Tipton and Mr. and Mrs. Raymond Dermyer of Brooklyn.

During the ceremony, the bride and groom lighted candles to represent their union. Altar vases were filled with daisies and other blooms.

On the arm of her father, the bride entered the sanctuary in a princess styled gown of satin brocade with lace yoke and short lace puffed sleeves, trimmed with seed pearls.

Her train was also of lace and her elbow length veil was secured to a tiara of seed pearls and beads. She carried white roses and daisies.

Barbara Radant was maid of honor in a princess gown lined with pink and Bonnie Kukral, sister of the bride, and Penny Escott, cousin of the bride, were bridesmaids in princess gowns lined in lavender. They wore picture hats with ribbons to match their gowns and carried white wicker baskets with dried arrangements.

Carlton Parker of Brooklyn was best man and the guests were seated by David Oberst, Joseph Kukral, Chris Stanifer and Kenneth Graham. William W. Kukral, brother of the bride, and David Lamb were groomsmen.

Cheri Dermyer, cousin of the groom, was the flower girl in a princess styled gown lined with lavender and Master Todd Lyell of Tipton was ring bearer.

Bride's gown was made by Mrs. Bredell Williams and the bride and her mother and the mother of the groom made the gowns of the attendants.

Mrs. Iva Eves, Romulus and Mrs. John Ruttkofsky assisted with the beverages at the reception in the Union Hall.

Bride is a 1974 graduate of Tecumseh High School and her husband was graduated in 1970 from Columbia Central High School and attended Jackson Community College. He is self employed in farming in Brooklyn.

Following a trip to upper Michigan, the couple will live at Clark Lake.

Rehearsal dinner was hosted by the groom's parents at Carmers in Brooklyn.

MRS. DEAN DERMYER

Couple Hosts Bilby Reunion

Mr. and Mrs. Walt Wonderly were hosts for the 43 Bilby Reunion Sunday with 60 attending, eight from Norwalk and Loraine, Ohio.

The next year's meeting will be in Burlington Heights, Ohio.

The 80th birthday anniversary of Stuard Bilby of Addison was also recognized. He is a brother of Dow Bilby of N. Adrian Hwy.

Study Computers

Charles Hendershot of Garden City and son of Mr. and Mrs. Wade Hendershot has been sent to Sunnyvale, Calif., by Burroughs Corp. for a six weeks study of computers.

MR. and MRS. MARC VANDOREN

Couple Are United at Garden Wedding

A garden wedding united Ruth McKenna and Raymond Marcus VanDoren June 22, at the home of the bride's sister and brother-in-law, Mr. and Mrs. Dennis Bowman, 302 N. Van Buren. Ceremony was performed by the bride's father, the Rev. Paul McKenna.

Bride is the daughter of Mr. and Mrs. Paul McKenna, 5157 Bordman Dr., Onsted. Groom is the son of Mr. and Mrs. Roger VanDoren of Saline.

Tom Spaulding played guitar and solos were sung by Mrs. Ivan McKenna and Dwight McKenna.

Given in marriage by her uncle, James Patterson of Elwood City, Pa., the bride wore a gown of polyester lutesong fashioned with a full skirt and trail. V-necked bodice had an embroidered, fitted waist and elbow-length flared sleeves. Designed by the bride, the gown was made by her cousin, Donna Lutz of Ellwood City, Pa. She wore a necklace of beads designed by the groom, and a wreath of garden flowers was worn in her hair. She carried a bouquet of mixed garden flowers.

Mrs. Dan Spiess of Saline was matron of honor. She wore a pale green gown similarly styled to the bride's, and carried a garden bouquet.

Donald VanDoren of Saline was his brother's best man. Ushers were Richard and Jeffrey VanDoren, of Saline, brothers of the groom and Ivan McKenna of Homer and Dwight McKenna, Onsted, brothers of the bride.

Reception was held at Weller's Carriage House, Saline.

Among the 150 guests were several relatives of the bride from Pennsylvania.

Bride is a graduate of Clinton High School and is a senior at Western Michigan University and groom is a sophomore at Kalamazoo Valley College. Both are employed for the summer at Pretty Lake Vacation Camp as counselors.

They will reside at 424 Eldred, Kalamazoo.

Couple United

Martha L. Bisher and Francis E. Hite were married July 3 in the Missionary Baptist church by the Rev. Seal Janeway.

A reception and buffet dinner was held in the home of the bride at 9927 Newburg Rd. where the couple will live.

A three tiered cake topped with a miniature bridal couple was served.

Drouillard, Parros Recite Vows

Shirley Jean Drouillard and James Eugene Parros were united in marriage Friday evening in St. Elizabeth Church.

On the arm of her father, the bride wore a full length gown of white satin and organza with Venice lace flounces edging the full chapel length train.

Parents of the couple are Mr. and Mrs. Eugene Drouillard and Mr. and Mrs. Eugene Parros.

Mrs. Ann Horky, sister of bride, was matron of honor in a pink flocked empire gown with low ruffled neckline and large ruffle at the hem.

Bridesmaids were Kathy Drouillard, sister of the bride, and Julie Parros, sister of the groom, in blue flocked dresses, Sheila Drouillard and Pat Kish in mint green and Cindy Moore and Stephanie Hensen in yellow were the bridesmaids.

All the bride's attendants wore picture hats trimmed with ribbon to match their dresses.

Connie Horky, niece of the bride, was flower girl.

Ken Hooten was best man and the guests were seated by Tom Drouillard, Bob Horky, Brad Hamilton, Rick Graf and Gary Roe. John Parros and Bobbie Parros were ring bearers.

Rehearsal dinner was hosted by the groom's parents in their home Thursday evening.

A reception with Mr. and Mrs. Charles Houghtby and Mr. and Mrs. Leonara Koltoniak greeting the guests was held in the union hall.

Others assiting were Mrs. Loraina Ruttkofsky, Mrs. Jane Moore, Mrs. Doris Sauter and Mrs. Laurie Mecek.

A graduate of Tecumseh High School, the bride is employed by Don's Beef Buffet. Her husband, a 1969 graduate of THS is employed with Morton builders.

They will live in Coachlight Estates in Blissfield after a trip to Mackinac Island.

Style Sense by Evel

Grey hair should always be smooth and well-dressed. You should present shining highlights in your hair, no matter what the color. But if you do have grey hair, avoid wearing entire grey ensembles, to "go with" your hair. Never wear grey fur hats,. If you have grey hair, wear contrasting colors, don't let your hair dominate your appearance, although it is possible to keep your grey hair beautiful. Make sure you use your hair to its best advantages, without extremes.

Have you a problem with your hair? Did you try a short hair style and are now stuck with hair too short for restyling but too long for your original hairdo? Here a wisp of hair flutters aimlessly; there a curl is in the wrong direction or not at all. What to do with all these untidy ends? Why not have them trimmed a little, and then go wild with curles, curls, curls! Small rollers set all over your head will make you look prettier and feel better!

50TH REUNION—Tecumseh High School Class of '24 held their golden anniversary at the Cedar Shack Wednesday, July 3, with 34 attending. Seated left to right are Helen (Sheldon) Curtis, Adrian; Mina (Lamkin) Sisson, Tecumseh; Josephine (Saum) Seiloff, Waterford; Jenny (Burleson) Robinson, Clinton; Bertha LaPointe, Tecumseh teacher; LaRue (Edwards) Hoagland, Britton; Ruth (Russell) Paselk, Toledo, Ohio; Julia (Gilmore) Puttman, Fowlerville; Katherine (Patterson) Naser, La Mesa, Calif.; Geraldine (Gillespie) Ford, Naples, Fla. Standing are Charles (Lucian) Williamson, Newport; Earle McNeil teacher of Tecumseh; Maj. Gen. Webster Anderson, Ashville, N.C.; Lilburn Burleson, Britton; Wade Hendershot, Tecumseh; Percy Cadmus, Tecumseh; Robert Chandler, Plymouth) Velma Crittenden, Saline and Ethel (Bishop) Vickers, Chelsea. Robert Chandler of Plymouth arrived late and is missing from the photo.

Thirty-four Attend 50th Class Reunion

The 50th reunion of the Class of '24 from Tecumseh High School was held at the Cedar Shack July 3 with 34 attending. Eighteen members of the class were present as were two of the former teachers, Bertha LaPointe and Mrs. Earle McNeil. Two other teachers, Mrs. Wyman Service and Mrs. Karl Schneider Sr. were unable to attend.

Members not able to be there were Mrs. Peg Turner Heinl of Toledo, due to the sudden illness of her husband. Also Gladys Baker Hardesty of Tecumseh, Marie Murphy Frost of Clinton and Ruth McKendry of Royal Oak.

Major General Webster Anderson the senior president of the class, presented each of the members with a "Rose Certificate" from the Tecumseh Alumni Association. The class wishes to thank the association for this honor. He then introduced Charles (Lucian) Williamson as the toastmaster.

In turn, Williamson asked each member to tell of his life since graduation.

Major Gen. Anderson then read from the 1924 Echoes Annual what had been prophesied for them and strange as it may seem he was supposed to have joined the Salvation Army. Since his retirement from the U.S. Army, he has helped the Salvation Army in their fine work.

Thirty-three graduated in this class. Eight have passed away, one is mentally ill, and two were unable to be reached because of no known address. Nineteen reservations were made out of the 22 remaining. This proves that this class lived up to their motto — Low Aim, Not Failure, Is Crime. Their aim was high for 50 years.

Board Members Sworn into Office

BRITTON—New members Dick Bruce and Karl Kimerer were sworn into office by Supt. William Saxton Monday evening at a special reorganizational meeting of the Board of Education.

Incumbent Bill Bearinger was re-elected president Beryl Albring, vice-president; Donald Bush, treasurer; and Jim Squires, secretary. Trustees are Dale Monagin, Karl Kimerer and Dick Bruce.

Board accepted the athletic rules as presented by high school principal John DeLine.

United Savings Bank of Tecumseh was named as depository for all school monies.

The second Thursday of each month was decided for the regular meeting to be held in the superintendent's office at 7:30 p.m. during winter and 8 p.m. in the summer.

Board accepted, with regret, the resignation of Ervin J. Miller, school custodian for the past nine years.

Next regular meeting will be held August 8 at 8 p.m.

Son Born to Leemgravens

BRITTON—Born Monday, July 1, to Mr. and Mrs. Warren Leemgraven (nee Sue Austin) of Coopersville, a boy, Travis Warren.

The little newcomer, born in Grand Rapids Osteopathic Hospital, weighed and even seven pounds. He is the first grandson of the maternal grandparents, Mr. and Mrs. Gail Austin. Paternal grandparents are Mr. and Mrs. Russell Leemgraven, Farmington.

FFA Surprise Party Honors Paul Marks

BRITTON—What was to be his last FFA meeting at the high school turned out to be a surprise farewell party for Paul Marks, Vo-ag teacher and FFA advisor for the past several years at the Britton-Macon Area School.

He was feted by 35 FFA and FHA members who showed up for the special occasion. Marks was presented an engraved desk set which read as follows: "Presented to Paul Marks by the Britton-Macon FFA and FHA in appreciation for many devoted hours of work with the students of Britton-Macon School."

Marks resigned his teaching position at the close of the school this year and assumed the duties of Monroe County Extension Agent July 1.

Philathea Class Meets

BRITTON—Baraca Philathea Class of the Congregational Christian Church met recently with Mr. and Mrs. Elmer Eberhardt with a co-operative potluck ham dinner enjoyed by the members.

Devotions were given by Mrs. Charles Patterson. A short business meeting followed.

Class will meet July 28 at 6:30 p.m. with the Lawrence Hoaglands.

Macon Dialog

by Linda Phillips

423-5213

MACON—Many weeks of preparation culminated Sunday afternoon as over 3,000 people thronged the gate leading to the Eldredge Mill in Macon for the pie social.

The "Pride of Pennington Corners," amazed yet pleased with the over-whelming turnout, dished pie. Brothers of the Brush set up tables which the Belles adorned with red and white checked cloths and flowers. They picturesquely dotted the well manicured grounds.

The long line of people snaked back along the Macon Creek awaiting the cool of the mill. Linda Phillips provided visitors with the mill's history before groups were turned over to tour guides Bob Bush, Harold Rhora, Tom Kosky and Elwood Bush.

All those who donated pies, the Belles and Brothers who worked so diligently and the Eldredge family who made it possible are most gratefully thanked.

The Sesquicentennial activities have brought us closer in Macon. We have worked together and had fun together. It is up to us now to further nurture friendships made and retain the neighborly spirit which has prevailed.

Mr. and Mrs. Joe Mitchell and sons Jeff, Greg and Jason of Woodbury, Tennessee were houseguests recently of the Jerry Foster family, Hack Road. A barbecue was given for them by the Ermine Finkbeiners and the Bruce Spratlings at the Spratling home on Arkona Road.

Mrs. Jean Crittenden Sorensen and son, George of Gaylor spent Wednesday and Thursday with her sisters, Velma and Marian Crittenden. Guests on Thursday also included Mr. and Mrs. Pat Belesky and son and daughter and Mr. and Mrs. Minton of Wyandotte. Velma Crittenden attended the 50th reunion of her Tecumseh High School class at the Cedar Shack July 3.

MRS. KENNETH R. ELLIOTT

Deborah Grossman and Kenneth Elliott Unite

CLINTON — Mr. and Mrs. Kenneth R. Elliott have returned to Sanford, Fla., since their marriage, June 28 in Michigan.

Emmanuel United Church of Christ, Manchester was the setting for the double-ring ceremony uniting Deborah Joann Grossman and Kenneth R. Elliott, performed by the Rev. Joseph Wise.

Bride is the daughter of Mr. and Mrs. Milton Grossman, 209 Locust St., Clinton.

Mrs. Martha Lansing was the organist. Mrs. Donald Geiger was the soloist.

Given in marriage by her father, the bride wore a white silk organza gown styled with a fitted, scooped-neck bodice. Adorning the bodice, sleeves and neckline were appliques of floral lace. Double puffed sleeves were fitted at the wrist with a lace edged ruffle. She wore her great-grandmother's cameo pendant. A Camelot cap held her fingertip veil and she carried a nosegay of miniature white, red and yellow roses and baby's breath.

Mrs. John O'Connor of Tecumseh was her sister's matron of honor. Her gown of yellow floral cotton was edged with a wide white eyelet lace ruffle at the hem. Her picture hat matched her dress and she carried a basket of yellow and white carnations and baby's breath.

Wearing similarly styled floral gowns, the bridesmaids were Mrs. Mark Wegner, Ann Arbor in blue; JoAnne Grossman, sister of bride, in pink; and junior bridesmaids, Becky Grossman, sister of bride, and Jenny Elliott, sister of groom, both in light green.

Attendants each wore picture hats to match their gowns and matching baskets of carnations and baby's breath.

Randy Elliott, of Clinton, was the best man, and Terry Elliott, Ypsilanti and Dave Elliott, Adrian, all brothers of groom, and Bruce Grossman, Mt. Clemens, brother of bride, were ushers. Junior ushers were Tom Grossman and Tom Elliott.

Cake and punch were served at a reception at the church by Mrs. Karl Jacob of Manchester, sister-in-law of bride; Mrs. Edward Weager, Compton, Ky., Mrs. George Grossman and Sylvia Grossman.

A buffet reception was held later in the evening on the lawn at the home of the bride's parents. Lisa Moore registered 150 guests.

Bride is a 1970 graduate of Clinton High School, and Lois School of Cosmetology, Adrian, and is assistant manager with Southland Corp., Sanford, Fla.

Groom is a 1969 graduate of Tecumseh High School, a graduate of Seminole Junior College, Fla., and is completing his senior year at Florida Technology University, Orlando, Fla., majoring in speech pathology.

Board of Education President Elected

CLINTON—Robert Werner was elected president of the Board of Education of Clinton Community Schools at a reorganizational meeting, Monday night.

Other officers elected are vice-president, Norman Randall; secretary, Dr. Dean Kirkland; and treasurer, Tom Carlton.

Glenn Clark was named as representative on the Career Education Planning Development committee of Vo-Tech.

Robert Way was appointed to the committee for contract negotiating for 1974-75 contracts.

Meetings will be held on the same days, the second Monday of the month at 8 p.m.

Board approved the resignation of Steve Bowman, teacher of Middle School Math and assistant coach, who is planning to remain in the community and go in business for himself; and Barbara Luford, Elementary and Middle School librarian, who is moving to Troy where she will teach in Detroit Country Day School.

Hot lunch report was reviewed and bus cost analysis was discussed.

Application has been made to employ three custodians and one secretary through the Title II Comprehensive Education and Training Act of 1973, a Federal program.

Request for leave of absence by Virginia Clark, third grade teacher, was denied, since she has not been in the system the required five years, as the master contract stipulates.

Purchase of textbooks for trigonometry calculus was approved. One of the authors is Charles Brumfield from University of Michigan, father of Vince Brumfield, a former member of the staff.

Two Teachers To Be Hired

CLINTON—Board of Education at Clinton Community Schools approved the hiring of two new teachers at the meeting Monday.

Warren D. Elliott (Dave) will be assigned to the Middle School where he will teach English and Social Studies and direct a noon intermural program.

Dave is a graduate of Olivet College with a BA degree. He has a K-12 certification and a secondary provisional certificate. He is a former graduate of Clinton Schools, and has a major in physical education with minors in sociology and education.

In college, Dave established an exceptional reputation as a star on the Olivet wrestling team. He earned many honors for the college and himself through participation in this league sport.

He will be assigned as head wrestling coach at Clinton High School.

++

Rebecca Kirian McOmber will teach art at the high school.

She is a graduate of Bowling Green State University, Ohio, with majors in art and education. She has an outstanding record as an art student and scholar, having received full scholarships in art; honors in art societies and educational sororities; graduating Cum Laude.

She will be assigned cheerleading as an extra-curricular duty.

Clinton Calling

Maxine Calhoun

Mr. and Mrs. Clyde W. Greenfield entertained their daughter and son-in-law, Mr. and Mrs. Lundy Edwards of Howell for the holiday weekend.

++

Mr. and Mrs. Terry Grinnell and son, Cory Michael, of Attaboro, Mass., are visiting for two weeks with his mother, Mrs. Charles Grinnell. They attended a family picnic at the home of Mr. and Mrs. Michael Grinnell. Others attending were Mr. and Mrs. David Grinnell, Lynn Grinnell, Mr. and Mrs. Al Roberts and Mr. and Mrs. James Welch. Occasion also honored the birthday of Mrs. Terry Grinnell. She was presented with a decorated cake.

++

Mrs. Timothy Toyne and daughter, Nikki, of Governor's Island, N.Y., came Tuesday for a ten-day visit with her aunt, Mrs. Arthur Searle.

++

Mr. and Mrs. Willis Piper and son have returned to Ft. Lupton, Colo., after a two-week visit with her parents, Mr. and Mrs. Mervyn Witherell. Another daughter and husband, Mr. and Mrs. David McKee of Novi, were also guests for the holiday. The McKees, who had expected to be transferred to Sao Paulo, Brazil with the Ford Motor Co., next week, will instead be transferred Sept. 1 to Mexico City, Mex., where Mr. McKee will be employed in the new Ford International Headquarters.

Completes Health Course

CLINTON — WAC Private First Class Patricia S. Peters, daughter of Mr. and Mrs. Robert L. Peters, 306 Matthews Hwy., Clinton, completed an eight-week basic health science course at the Academy of Health Sciences of the U.S. Army, Ft. Sam Houston, Tex.

Students learn to perform routine patient care and treatment duties in combat areas, hospital units, dispensaries, clinics and other medical facilities. They also receive instruction in the transportation of sick and wounded by ground, air and water means.

Families Needed for Foreign Students

CLINTON — Host families are needed for 18 foreign students who will be visiting in Clinton, Tecumseh or Adrian for the weekend of 19-22.

Visit is being arranged through the Ecumenical Campus Center, at Ann Arbor.

Students will be arriving by bus, in Clinton, about 7:30 p.m. Friday and will return late Sunday afternoon.

For many of these University of Michigan students, it will be their first opportunity to visit in a home in the United States.

Anyone wishing to be a host family may call Mrs. Robert King, 456-4435 or Mrs. Martin Aprsal, 263-3730.

Bloodmobile Visits Middle School

CLINTON—Red Cross Bloodmobile will be in Clinton Middle School July 17 from noon to 6 p.m.

Clinton area people are urged to make their contribution of blood at this time.

Clinton Area Jaycees president Steve Bowman has spearheaded a community drive for donors in a competitive effort with the Jaycees of Tecumseh.

Lenawee County needs 3,000 pints of blood a year, or about 125 donors at every one of the scheduled Bloodmobile visits. Actually less than half that number have been responding.

Lenawee people are depending on area residents for the blood needed to help them recover. Don't let them down.

Freshman Is Named to Dean's List

William A. Faulkner, 504 Outer Dr., a freshman in the school of arts and social sciences, has been named to the dean's list at Lake Superior State College, Sault Ste. Marie.

Earl Lawrence Elected President

CLINTON — The Rev. Earl Lawrence, pastor of the United Church of Christ, was elected president of the Clinton Chamber of Commerce at a reorganizational meeting, July 2.

Other officers include vice president, Waldo Ehnis; secretary, Kathy Thomas; treasurer, Kukini Pribile; board of directors, Gary Service, Gary Couture, John Kosirnik, Joe O'Donnell and Dr. Allen Allerholz.

Plans were made for regular meetings to be held on the fourth Monday of each month at 7 p.m. in the Clintonian Inn. Spouses of members are welcome to attend these meetings.

Board of directors will meet the third Monday of each month at 7:30 p.m. at the Community Center.

Board of directors will be studying the bylaws for the next three months.

At the July 22 regular meeting, members will discuss goals and projects to meet goals. At this time there are 45 members enrolled.

You Told Us

By Dorothy Grigg

Tired, just plain flat out tired, but a good tired was the word Monday morning in Tecumseh, following the climatic week long celebration. Most everyone had given his all in one way or another to make the Sesquicentennial a time to remember. Now comes the clean up and reminiscing.

Queen Frances reigned over Sesquicentennial festivities with graciousness and poise. Her father, Guy McGill, and sister, Betty Kimling, both of Hudson came Tuesday for a lunch at Don's to chat with Tecumseh's first lady. A call also came from Otsego Lake where the Spreeman grandchildren are vacationing to confirm what they had heard over the radio that "Mama San" really was crowned Queen. With their mother, Guy and Anna are waiting for Charles Spreeman to come back from a weeks fishing in the Hudson Bay area, so that can come home and give San their love and adoration, too.

Queen Frances has proclaimed that she and her king, Elmer, will be going to Berlin, Germany next summer using the $650 check which was part of the queen's awards. They have been invited to be guests of Margot Stuart's brother, Heinz Schilling, and his wife who plan to take their vacation and go with the Spreeman's to tour Switzerland. The Schillings were here for a visit last spring, first in 20 years. Long live the Queen!

++

Mr. and Mrs. George Bishop of Leehigh Acres, Fla. were visiting Mr. and Mrs. Raymond Frost and relatives in the area for the Sesqui week.

Mrs. Ken Poley had the pleasure of presenting plaques of an Indian and a squaw made by the Lawrence Poley family to Mayor Don Lappan Saturday while the Tecumseh Ontario Canada caravan was in town. Mayor Harold Easton and his wife, Clara, and, we do mean Clara Easton, were present for the presentation.

++

Guests in the home of Dr. Carlton Cook and Lynn were Mr. and Mrs. Leon Cook and Ruth Bales of White Pigeon, the Rev. Steve Walker and Mrs. Walker, the former Debbie Kapp and Dan Van Ammersveld of Ann Arbor, a medical student now with Dr. Cook in the preceptor plan program. Madame Martha Bartheme of Colmar, France who was Cathy Cook's adopted Mom while she was in France with the Youth For Understanding program was also a guest. Thiebout Bartheme, 16, will be in the Cook home now for six weeks.

++

Mrs. Frank Vallie, nee Phyllis Butler and children of Daggett were expected Monday in the home of her parents, Mr. and Mrs. Richard Butler. Later in the week they will go to visit Mr. Vallie's parents near Coldwater.

++

The Rev. Kenneth Boyd and family are planning a two week vacation with their daughter in Delaware and West Virginia. Like another great American who once said "Take your child to the high place and show him his country, tell him of the rights, and responsibilities that are his in America, land of the free which you are preserving for him," the Rev. Boyd plans to show his daughter the rocks and the "hollar" of his youth.

++

Mr. and Mrs. Robert Dinse and daughter, Crystal and Mr. and Mrs. Thomas Dinse and son Brandon, spent the weekend with their grandmother, Mrs. Marie Dinse.

++

Mrs. Ronald G. Sturgeon, nee Ruth Ann Coates, and sons, Craig and Eric arrived from England at Metro Airport, Monday night, planning her visit with her parents, Mr. and Mrs. Hearold Coates in time for the Sesquicentennial. After six weeks here. She will return to England where her husband is stationed with the Air Force. They will rotate back to the states July, 1975.

++

Mr. and Mrs. Austin Partridge, not Parker, as previously reported, attended the fortieth reunion of the class of 1934 of Plymouth High School, Plymouth June 29. They were both in the same class.

++

Mrs. Richard Myers, a teacher at Clinton High School, Nokomis St. fell from a stepladder while picking cherries in Tecumseh Monday and fractured her knee. She was placed in a hip to toe cast and expects to be in it for seven weeks.

++

Jana Robinson visited her sister, Jera, in Venice, Fla. last week. In spite of unusually heavy rain, tornado spottings and hurricane warnings, Jana did manage to get a day of good old Florida sunshine. Jodi Robinson will be visiting in Florida soon, too.

++

Professor Charles Cares, chairman of landscape architecture department at the University of Michigan and designer of Adams Park and his wife, Marion, were guests at the Tuesday evening performance of "Tecumseh Legend - 150."

Open house was given June 30 for Lila Wintersteen who was celebrating her 80th birthday. About 60 attended and phone calls, cards, and flowers came from those who couldn't attend. Guests were from Texas, Troy, Birmingham, Clinton, Manchester, Tecumseh, Britton, Adrian and Brooklyn. Lila's sister, Alice Bovee and husband, Wayne have been visiting her for three weeks. They returned to their home in Dallas, Texas July 1.

THROUGH MY WINDOW

by Marda Gene Duncan

WHERE ARE THEY NOW?

Early in the spring, far earlier than ever before, I saw a pair of hummingbirds. After that one afternoon however they disappeared and I have not seen any since. Not even when the corabelles were 'ringing' at their best did any hummers come visiting when I could see them.

Our impatiens were planted late and with all of the cool rainy weather they are not setting any speed records for growth. No hummers there yet. Hopefully when the scarlet bergamot blooms they will attract some attention. A summer with no hummingbirds seems strange.

The two I did see were having a wonderful time playing follow-the-leader. They made several passes through my west-facing window picture. As pleased as I was to see them, I was also a bit worried. How in the world could such tiny birds survive all the cold nights we were having? At least a partial answer was found in Gertie T.'s book, The Life of the Hummingbird by Alexander F. Scutch. These birds have a tremendously high metabolism rate but in order to survive cold spells they can more or less 'shut everthing off' and go into a near state of hibernation.

And what would an article about hummingbirds be without a few statistics and picturesque names? The smallest hummer is the bee hummingbird found in Cuba. This mite is only two and a fourth inches long and at least half of that length is bill and tail.

In sharp contrast is the giant hummingbird of the Andes Mountains who can stretch out to an astonishing eight and a half inches. Our sleek grey-birds are only half an inch longer than this! As per names the following are just a sample: bearded helmetcrest, green-backed fire crown, wire-crested thorntail, booted racket-tail, and white-vented violet-ear. Wow, what a thrill it would be to see some of these.

Oops, one more set of figures and I am sure I have commented about this in other years. We who live east of the Mississippi are very much discriminated against when it comes to species of hummingbirds. We have only one, the ruby-throated. Of course they are very handsome with green backs, whitish fronts, and flaming red cravets. So in quality we are in tip-top shape but quantity is certainly lacking. I only hope that the Costa Ricans appreciate their 54 different kinds of hummers. And just think, Mexico has 51 and the Bahamas 19. Even the western parts of our country beats us, they play host to an even dozen different species.

One thing that your hummingbird shares with the rest of his kin is superb flying ability. They can all do marvelous things in the air. In fact they can do every type of flying ability. They can all do marvelous things in the air. In fact they can do every type of flying maneauver, including the unusual feat of flying upside down, with a single exception. They are not able to soar on motionless wings as do some of the large birds of prey. It is a matter of ratio between wing surface and body weight. But they have utilized their flying ability to great advantage and have developed unique techniques for both taking off and landing.

Most birds use their perch to push against and almost launch themselves by jumping; hummingbirds, however, merely start beating their wings thus lifting themselves off the perch. They hit top speed immediately. To land the procedure is merely reversed. No braking is necessary, they simply settle down on a small twig and stop flying. Last year I almost saw a ruby-throats' nest. Friends in Adrian discovered one in a tree near the edge of their patio. Unfortunately everything combined to keep us from visiting them and sharing a bit of hummingbird watching. These nests are not often found, they are tiny and they are almost perfectly camouflage.

As intriguing as the ruby-throat's nest is I must admit that there are some hermit hummingbirds who beat them. They build their nests on the underside and at the tip end of a palm front. Then, just to complicate matters, they always face the leaf while incubating and brooding. To leave they simply helicopter up then fly backwards until clear.

So it is that we had one brief visit by the pretty ruby-throated hummingbirds early but where are they now?

THE MERKELS ARE MOVING INTO YOUR NEIGHBORHOOD

Watch When Their Furniture Arrives

As you probably know by now, the Merkel brothers of Chelsea have taken over Helm's Furniture on East Chicago Blvd.

For 50 years now the Merkel family name has stood for fine quality and friendly service in home furnishings. Shortly they'll be bringing exciting new lines of furniture, carpeting and home decorative accessories to the Tecumseh store. But before they can, much of Helm's merchandise must be sold out. The sale has been in progress, but there are still outstanding bargains to be had.

Stop in, take home a bargain. Then just wait for the exciting new things to come.

If you can't wait, the Merkels invite you to visit their Chelsea store to see what you can expect when their new merchandise arrives.

Merkel in Tecumseh, watch for their furniture to arrive and pick up a bargain in the meantime.

Area Talent Contributed

Tecumseh area has always contributed to the Croswell Opera House talent-wise and this summer is no exception. Dr. Carlton Cook and his son, Bill and Trevor Williamson of Macon have choice roles in the musical "Little Mary Sunshine" playing now at the Croswell Opera House (July 10-14)

Trevor Williamson plays the proud Indian, "Chief Brown Bear" of the Kadota Indians, as his first stage role. Williamson and his wife, Judy, have been involved with the theatre since 1970.

Williamson, a photographer, began with the local theatre by taking Croswell publicity pictures.

DR. CARLTON COOK and ALICE MOTT

Judy, a commercial artist, became active in costuming with Evel Garrido and Bill Heimerdinger several years ago.

Williamson a true British gentleman from Darby, Eng., retains his British accent although he has been in this country 21 years. This man had done and been everything. As an engineer on Her Majesty's Navy, he has been around the world twice. When he first came to the United States, he was a professional photographer in New York.

After a short stint as a section manager in Gimble's of New York, he returned to Her Majesty's Navy.

Williamson is currently a senior design engineer at the Ford Motor Company in Detroit. Couple purchased a house in Macon 20 months ago that had been redesigned by Henry Ford around 45 years ago. Actually two houses turned into one, the Williamson's raise their four boys there.

Dr. Carlton Cook a resident of Tecumseh for 21 years and a general practitioner, has fulfilled a "life-long desire" by portraying Gen. Oscar Fairfox, ret. in the musical comedy spoof "Little Mary Sunshine."

Dr. Cook and his wife, Lynn, who currently holds the First Lady of the Year Award, have six children, Pat, Cathy, April, Jennifer, Bill and Margaret. Their daughter April has appeared on the Croswell stage and will be in "Fiddler On The Roof" this August.

Since the onset of the Tecumseh Players in 1960 when Dr. Cook played the role of Sir Francis Chesney in "Charlie's Aunt," he has been involved in area theatre.

How did Dr. Cook find himself becoming a part of Lenawee County Theatre? As he says, "It was an urge I had. After all, man doest not live by stomach aches alone." Besides theatre, Dr. Cook enjoys gardening and flying.

In the spring of 1972, the Tecumseh Players produced "Little Mary Sunshine" and Dr. Cook was cast as Gen. Oscar Fairfax, ret. However, a week before the show opened, he had back trouble and a replacment had to be found. Now in 1974, he finds himself playing the long desired part.

Dr. Cook's son, Bill, a sophomore at Tecumseh High School, will also be seen as one of the Forest Rangers in the Croswell's production of "Little Mary Sunshine".

Bill became interested in theatre when he auditioned for "Anything Goes" in Tecumseh with his father. Besides obtaining a role in that production, Bill was in other Tecumseh Players productions.

"Little Mary Sunshine" will continue at the Croswell Opera House July 10-14. Ticket information may be obtained by phoning 263-5674. Reservations can also be made through Flanders' Music.

Engagement of Jeannie Lynn Mayes to Richard McCreary is announced by her parents, Mr. and Mrs. Wayne Mayes of Britton. Mr. McCreary is the son of Mr. and Mrs. Stephen McCreary of Cincinnati, Ohio. Both Miss Mayes and her fiance are students at Cumberland College in Williamsburg, Ky. He plans to enter the ministry. A late August wedding is planned.

Where are You Going?

"Look, Daddy! A stopped freeway!"

Eight-year-old Kristen pointed at the span of concrete that soared over the road ahead of us and then ended abruptly as if it had encountered an invisible wall.

Two months later, we took a hike in the country. A small trail led us through green fields of waving grass and wildflowers. There the trail ended, gradually, as if reluctant to stop.

Is your life like a freeway—fast, impressive, known to many? Or is it more like a trail—plain, but comfortable, less well-known, but quite adequate?

It really doesn't matter.

The important question is: Does your life have a goal?

A freeway or trail can end, gradually or abruptly, without ever reaching a specific destination.

In God, your life can have a goal. In church, He'll tell you how to reach it.

Police Report on Anti-Drug Program

The Michigan State Police detective division has reported that awards totalling $50,000 have been processed in 15 cases where helpful information has been provided in Michigan's TIP (Turn In Pushers) anti-drug program.

This was the second processing of awards under TIP since it was put into operation last January following legislative authorization and funding of about $600,000 for it. Awards in the first processing totalled $75,000 in 16 cases.

Since TIP was initiated by the State Police, division officers report that more than 3,500 telephone calls have been received which have contributed to investigations which have resulted in over 200 arrests on drug-related charges. Of those, more than 150 have been for selling drugs.

Awards are evaluated by a board of prominent citizens selected to serve anonymously in evaluating the merits of the information contributed under TIP.

The TIP toll-free Michigan telephone number is manned around the clock by the State Police who assure persons wishing to offer information that their identity and information will remain confidential.

TIP is directed at effecting the arrest and prosecution of major illegal drug dealers, seizure of large amounts of hard narcotics, and the closing of illegal drug laboratories.

Engagement of Suzanne Lois Kohler to T.C. Burl Ives is announced by her parents, Mr. and Mrs. Willard C. Kohler Sr. of Clinton. Mr. Ives is the son of Mr. and Mrs. Charles Ives of N. Adrian Hwy. An August 3 wedding is planned by the couple. A graduate of Saline High School, the bride elect is employed in an Ann Arbor bank. Her fiance is a graduate of Tecumseh High School and Washtenaw Community College. He is in business for himself at Ives Auto Parts.

Few Industries Have Displays

Meyers Industries Inc., Faraday and The Tecumseh Products Co. had displays in the tent behind the fire barn for Commerce and Industry Day, July 2, also Budd Co. and Peerless Gear of Clinton but where were the others?

Gary Naugle of Meyers, Marv Grigg of Faraday and Chris Miller of Budd were present to explain their individual exhibits. Miller with the huge mobile unit of Budd Co. explained that the Clinton plant makes all of the disc brakes for Pinto's the disc brake for luxury cars and a disc brack rotor for mobile homes. The Clinton plant employs about 350 persons.

Receives Degrees

Six Tecumseh residents and one from Tipton received degrees or certificates from Ferris State College during the 1973-74 academic year. They participated in traditional Commencement Exercises May 18.

Daniel C. Anderson received a BS in science education; John T. Bryan, a BS in pharmacy, Ruth A. Fouts, a double BS degree in advertising and marketing-retailing; Patricia A. Kish, an associate degree in dental assisting; E. Marcelle Twogood, associate of science in radiologic technology and Darrell B. Zorn, associate science degree in auto service.

Kathy S. Karle of Tipton received an associate degree in executive secretarial.

Tecumsehites Are Honored

Four Tecumsehites were honored among 1400 Ferris State College students for scholastic excellence during the spring quarter by naming them to the Academic Honors list.

They are Daniel C. Anderson, Lee P. Dollison, Patricia A. Kish, and Carol Ann Schneirla.

To be named to the Honors list a student must earn at least a 3.25 average on a 4.0 basis and carry a full academic load, defined as 14 quarter hours of credit, according to Dr. James V. Farrell, vice president for academic affairs at the school.

Reviews Agriculture Program

By Paul Burns,
Agriculture Instructor

The Agriculture program of Tecumseh High School was reviewed and evaluated by Paul Thibault, Principal of Saline High School.

The Agriculture program at Tecumseh High School is fully operational and comprehensive. The teacher is extremely well qualified and has 24 years experience. The classroom is adequate and has a small adjoining laboratory with outside access. A 10' by 20' greenhouse is located immediately outside the classroom exit. The program serves all grades nine through 12, boys and girls.

Program also serves both farm and city students in classes of Horticulture, Landscaping, and the traditional courses of Crops, Soils, Livestock, and Agribusiness. It has good accompanying activities such as a broiler project, 20 acres of crop land, and management of the greenhouse.

An active FFA which is an integral part of the program gives experiences in field work, livestock, and some grounds work around the high school. The major aims of the FFA being to develop citizenship, leadership, and cooperation.

Strengths, weaknesses and recommendations cited by the evaluator and agreed to by the instructor follow here.

Strengths:

1. Program has a top notch staff member.
2. There is a good classroom facility with an adjoining greenhouse, and laboratory. Note: Both are too small for present class sizes.
3. On site work programs are organized through the FFA
4. Classes are organized to encourage the entry of female students.
5. References and research materials are readily available.
6. Class activities are well organized and responsive to the needs of the students.
7. A summer program aids students with individual and group projects.

Weaknesses:

1. There are no facilities for Agri-Mechanics.
2. There needs to be more vocational guidance to properly channel students into the agriculture program.
3. There is no time provided for FFA activities, group projects, or Ag. visitation during the school year.

Recommendations:

1. Allow agriculture teacher to aid in vocational counseling.
2. Free teacher to coordinate program with the Vo-Tech Center, for FFA activities, and project visitation.
3. Emphasize class involvement in the landscaping of present building site.

Space Science Workshop Offered

Lenawee County teachers can get into orbit this summer with a two-day, in-service workshop on space science education offered at Adrian College.

Available for credit, workshop is designed for teachers of all grades who want to be brought up-to-date on elementary or secondary aerospace science. Program, which includes discussions and demonstrations of aeronautics, satellites, and manned space flight programs, is conducted by professional educators in formed on activities of the National Aeronautics and Space Administration.

Primary lecturer for the workshop is Richard C. Athey, of the NASA Space Science Education Program.

Program will be held July 8-9, in North Hall at Adrian College. Information for registration is available by calling Ext. 208 at Adrian or by attendance at the first class on July 8.

Workshop will include presentations on basic principles of aeronautics and propulsion, Apollo and Skylab manned space programs, technology utilization, and a visit to the National Soaring Contest at the Adrian airport.

Program features include simulated docking in orbit, observation of space science equipment in action, tasting aerospace food, and a presentation on information available from NASA to teachers on request.

Insurance Branch Manager Announced

Lana F. Wittrup has been elected manager of the Adrian branch office of Lawyers Title Insurance Corporation.

With Lawyers Title for 10 years, Ms. Wittrup has held a variety of positions in both the Ann Arbor and the Adrian office. In February 1969, she was promoted to Adrian office supervisor.

A resident of Tecumseh, Ms. Wittrup is a member of the Lenawee County Board of Realtors, the Lenawee County Association of Home Builders, the Lenawee Chapter of the Women's Council of the National Association of Realtors, and the Zonta Club of Adrian. She is a charter participant in the Onsted Glass Recycling Project.

Lawyers Title, headquartered in Richmond, Va., is affiliated with Richmond Corporation, a financial services organization with consolidated assets of more than one billion dollars.

Card of Thanks

We wish to thank the doctors, nurses, aides, especially those in the intensive care unit of Herrick Hospital, also friends and the Rev. K. Boyd and Dr. L. Gero for their prayers and good wishes while Bob was hospitalized.
Mrytle and Bob Gillespie 7-11c

I wish to thank all my friends for their gifts and cards during my recent stay at the hospital. I especially want to thank my wonderful family and the nurses who were so kind.
Inez Brablec 7-11c

We thank the Rescue Squad, Bennett's ambulance service, Dr. B. Buenaflor, emergency at Herrick Hospital, Fr. Mark from Boyville and neighbors during our recent bereavement. The lovely floral pieces and food were greatly appreciated. The Elwyn R. Fatchett Family. 7-11p

We express our thanks to our neighbors, friends and relatives who remembered us with cards, gifts and flowers on our Golden anniversary. A special thanks to our children, who made all arrangements.
Lynn and Rena Hubbard 7-11p

I want to thank the Herrick Hospital, nurses and doctors for all their good care and for all the calls and flowers, and acts of kindness during my stay in the hospital, and to the Rev. Boyd for all his visits and prayers. May God Bless you all.
Arlie Topps. 7-11p

Memoriams

In loving memory of Dean Martin, who drowned two years ago, July 12, 1972.
He's in our thoughts day and night.
We dread to see each new tomorrow
For since our Dean has gone away
Our days are filled with sadness and sorrow.

We look at his lonely empty bed
Unslept in for two long years,
And a closet of unworn clothes
It's so hard to hold back the tears.

It seemed like somehow he knew
He wouldn't have very long to stay
He put so much in everything he did
And cherished each moment of every day.

From the day that he was born,
I guess we always knew
That someday we'd lose him.
He was just too good to be true.
Sadly missed by his parents and family. 7-11p

Return from Award Trip

The five Tecumseh FFA students who were highest on this years point system just returned from the annual award trip.

The boys who went on the trip this year with their adviser, Paul Burns and his wife were: George Gartee, Jim Halasz, Greg Mull, Aubrey Schroeder and Brad Williams.

Boys camped in Charlton, Mass. and took side trips each day. They visited shopping centers in Auburn and Worchester, Mass., where they bought many souvenirs. Another day they visited the submarine base at Groton, Conn.

Boys took a boat tour of the harbor and on this particular day about 41 submarines were in. From here they went to Mystic, Conn. to see the sights.

One day was spent in Plymouth where they saw the Mayflower, visited the wax museum, Plymouth Rock, corn hill, and the cemetery.

The boys enjoyed a seashore dinner at the docks and went deep sea fishing for a day's fun. The deep sea fishing trip was quite exciting as all but one boy caught fish. Mr. Burns caught the largest fish of the day and won $20 in the pool and Mrs. Burns took second place and won $10. The group caught cod, rock cod, eel, and pollack.

Another day they visited Provincetown where they saw the commercial fishing boats unload the days catch. They were especially interested in the "Liberty" as the captain, Mr. Norbert Macara is a friend of Mr. Burns.

On the return trip about three hours was spent in Niagara Falls. The boys returned through Canada which gave them the chance to completely circle Lake Erie. Entire trip was about 2400 miles.

Fair Looking for Queen

"Mirror, mirror on the wall. Who's the fairest of them all??" This well known phrase from Snow White keeps coming to mind as the search for the 1974 Lenawee County Fair Queen continues.

Girl who will become the Queen must be: 1) a resident of Lenawee County; 2) between the ages of 17-22; and 3) single. Only other requirement is that she have a sponsor, but for the first time this year she may be sponsored by an individual, business, or civic organization. Sponsor fee is $10.

Judging for the Fair Queen is not based on talent, but on poise, personality, and appearance.

An array of gifts will be presented to the Fair Queen and her two runnersup.

From the Lenawee competition, the Queen will travel to Detroit on August 27 to be a contestant for the Michigan State Fair Queeen competition.

Applications are available through many civic organizations and also at the secretary's office at the Fairgrounds between the hours of 9 a.m. to 5 p.m.

Kirk Oliver Hurt, not Father Bicycling

It was Kirk Oliver, 13, not his father Ray Oliver, who was involved in a mishap on a bicycle, June 27.

Kirk received extensive damage to the inside of his mouth and nose.

Apparently he was bending down to shift gears on his 10-speed bike when he overturned, striking the fender of a parked pickup. While still dazed he told officers that he thought he had fallen asleep.

Club Sponsors Square Dance

Want to check-out a real old-fashioned square dance, plus have an evening filled with excitement and entertainment? Well, here's your chance!

Lenawee County 4-H Square Dance Club is sponsoring a square dance and pie auction, July 13 at 8-11 p.m.

Public is invited-beginners or advanced, square-dancers.

Women and girls are urged to bring pies to auction. Men will have an opportunity to buy their favorite girl's pie and eat it with her!

Square dance will be held at Elwood Bush's farm at 9381 Pennington Road.

Elwood Bush, himself will be the caller and there will be live music.

Admission is free. Each family is requested to bring cookies for refreshments.

If you have any questions please contact: Mrs. Mary Miller 4-H Youth Assistant at the 4-H office, 265-5108.

Draft Forms

Tecumseh Police Department has mail in registration forms for Selective Service for men 18 and over to be included in the national draft lottery. Operated on a "standby" basis with no inductions, the program still requires registration at age 18.

Michigan Traffic Deaths Reduced

Traffic deaths in Michigan for the first half of this year numbered 745, a reduction of 321 or 30 percent compared with 1,066 in the same period of 1973, according to State Police provisional figures.

Six-month total included 165 charges to June. This was a reduction of 65 or about 27 percent from the count of 230 for that month last year. This was the lowest June toll since 140 in 1967.

June's average was 218 for the five year period, 1969-73. High for the month was 236 in 1969 while the low was 57 in wartime 1944.

Michigan traffic deaths have shown decreases for each of the last 11 months compared with corresponding months a year earlier.

Factors seen involved in these reductions include the lower speed limit, some economic slowdown, and some decrease in travel mileage attributed to the availability and cost of motor vehicle fuel.

Reports of delayed deaths charged back to the months in which the accidents happened are expected to increase somewhat the death tolls for June and the accumulated period.

Mini-Bikers Bring Usual Headaches

Summer brings out the junior mini-bike set and along with it comes the usual set of headaches for police and for parents, according to Secretary of State Richard H. Austin.

Austin says, "Each season more and more very young children — many only eight or nine years old — are stopped by police for driving mini-bikes on public roads, parks, and recreation areas.

"Evidently large numbers of parents don't realize it is against the law for them to let their unlicensed youngsters drive mini-bikes. As a matter of fact, it is a misdeameanor chargable against the parents."

Austin pointed out, "To drive a mini-bike legally on public property, a youngster must be at least 15 and must have at least a 'special restricted operator's license.'

"To get the required special license, a 15 year old must have passed Driver Education, as well as the special tests given by the Secretary of State's office. License allows the youngster to drive only a motor-driven cycle."

Mini-bikes are technically "motor-driven cycles," Michigan's legal classification for all motorcycles with five brake horsepower or less.

In order to be legal on public roads or other public property, the cycle must have working brakes, horn and all other equipment required by law — as well as a valid license plate, and insurance.

In addition, mini-bikes are limited to daytime use. "Mini-bikes must not be driven on public roads after sunset," reminds Austin. "The only exception is a driver who gets special written permission form his local police chief. In such cases, the cycle must be equipped with working headlights and taillights, which must be turned on after sunset."

Other important mini-bike laws include:

(1) Passengers are not permitted. This is the law, regardless of whether there is extra seat space on the cycle.

(2) The driver must wear an approved safety helmet.

(3) When driven legally after sunset, speed must not be more than 35 miles per hour.

(4) Even when used only on private land, headdights and taillights must be turned on after sunset. This applies to both licensed and unlicensed cycles.

Secretary of State offers a useful digest of most Michigan motorcycle and motor-driven cycle laws and rules in the pamphlet, "What Every Motorcyclist Must Know." Copies are available at local Secretary of State driver license branch offices.

Sidewalk Sale Friday, Saturday

Tecumseh's annual Sidewalk Sale will be held here this Friday and Saturday — this means the largest 2-day shopping crowd of the year.

The event, sponsored by the Chamber of Commerce for many years, has most shops in the downtown district participating. Merchants slice prices, some as much as 75 percent or more, for hundreds and hundreds of area shoppers.

City has agreed to allow free downtown parking these two days as meters will be bagged.

Businesses helping the Chamber of Commerce promote the sale include Kitchen & Fabric Centre, Gaston's Jewelry, Lawson's TV, Watkins, Shop, Village Floors, D&C, Des Ermia Furniture, Flanders Music, Tecumseh Office Supply, Sluyter's Electric, Pat's Craft Studio, Baldwin Hardware, Eggleston's Jewelry, Proctor's Shoes, Holmes Pharmacy, Jean Colgrove Gifts, United Savings Bank, Green's Men's and Boys' Wear, Osborne's Department Store, Gambles, Grey Fox Floral, Lamb's Rexall Pharmacy, Ken-Ray Drugs, Trickey's, Don's Beef Buffet, Merkel Home Furnishings, and Tecumseh Camera Shop.

Britton Youth Killed

Services will be held Thursday at 1:30 p.m. in Niblack Home for Funerals for Benjamin Joseph Studnick, 18, of 11990 Milwaukee Rd., Macon who was killed Tuesday at 1:20 a.m. in a car-motorcycle accident on Britton Hwy., north of Britton and just north of Kniffen Road.

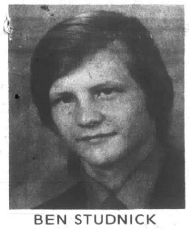
According to sheriff's officers, Studnick was traveling north when a car driven by Robert Allen Thomas, 18, of M-50, Britton passed another southbound vehicle and struck the motorcycle.

Thomas was taken to Bixby Hospital in serious condition with head injuries was taken to Bixby Hospital. He was transferred to the University of Michigan Medical Center Tuesday afternoon. A passenger in his auto was David A. Starks, 21, also Britton, who was treated and released at Bixby.

Born Dec. 7, 1955 in Tecumseh, Studnick was the son of Joseph C. and Mary Dinse Studnicka Jr. He was graduated in June from Britton-Macon High School and was employed by The Tecumseh Products Company.

Survivors, besides his parents, are three brothers, James, Todd and William, and two sisters, Elizabeth and Mary Jo, all at home; his maternal grandmother, Marie Dinse of Tecumseh, and paternal grandparents, Joseph and Katherine Studnicka of Rt. 3, Milan.

Pastor Kenneth Strack will officiate, and burial will be in Ridgeway Cemetery.



BEN STUDNICK

While the automobile is recognizable, only a jumbled mass of what was once a motorcycle remained after Monday morning's crash which claimed one life. From the point of impact, the dead Britton youth was reportedly found about 300 feet away, while the car reportedly traveled another 600 feet before stopping. The accident is still under investigation.

7 Mishaps Reported

Tuesday, July 9, Betty M. Starry, 603 Center Drive, 53, was cited for leaving the scene of the accident and for failing to report a change of address. Witnesses stated they followed the Starry vehicle as it turned left off of Chicago onto N. Ottawa.

The Starry vehicle ran up the curb, hitting a parking meter, almost hit a tree, then continued north and ran into the guard rail on the Ottawa curve. Witnesses stated they stopped the Starry car and advised her to go home.

Officers investigating the incident found Betty Starry passed out behind the wheel in her driveway. They reported she "smelled highly of alcohol" and was "sleeping."

Wednesday, a vehicle driven by James M. Shough, 16, of 611 Outer Drive, failed to yield at the intersection of Maple and Pottawatamie and hit a car operated by Rosemary E. DeJonghe, 18, of Ridgeway. No enforcement action was taken.

On Wednesday, Vicky L. Pease, 20, of Clark Lake, backed out of the party shop parking lot onto Maumee and hit a parked car owned by Richard D. Kahle, 43, of 1016 River Acres. No enforcement action was taken.

Thursday, July 11, vechicles driven by Joseph F. Brosamer, 76, of Britton and Adeline M. Ferow, 43, 7998 Monroe Rd., collided at the corner of Pottawatamie and Wyandotte Streets. Brosamer failed to yield at a posted stop. Nobody was cited.

Later Thursday, Victor L. Flowers, 45, of Osseo, tried to park behind a parked car owned by Dwight G. Helms, 43, 801 Adrian St., when his foot slipped off the brake and hit the parked car. No action was taken by police.

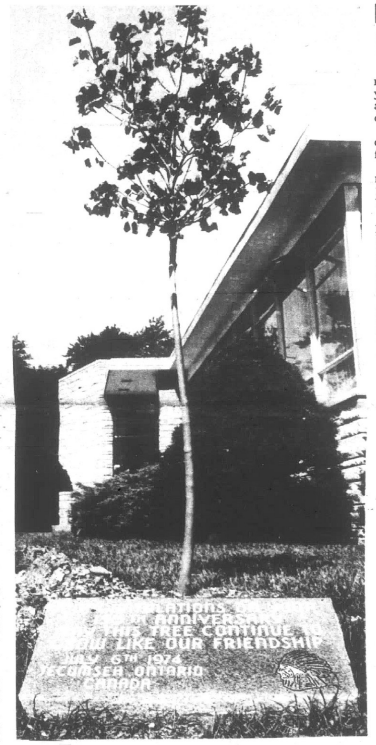
Friday, William J. Rader, 16, of Wyandotte, Mi., was slowing his vehicle, waiting for another car to make a left from M-50 onto Rogers Hwy., when a vehicle operated by Cheryl A. Childress, 27, of Toledo, struck his car in the rear. Childress stated she could not see due to the bright sun light. Childress was cited for failure to stop in the assured clear distance ahead.

Saturday, a vehicle driven by Jimmy D. Dull, 24, of Tipton, was traveling west on M-50 when a vehicle driven by Eva Sanchez, 16, 707 Brook St. pulled out in front of the Dull vehicle, causing a collision. Sanchez was cited for driving without a operators license.

Tuesday, July 16, a car driven by Arthur F. Brady, 64, 2980 Russell Rd. collided with a car being pushed to a parking lot because it broke down. Brady reportedly did not see anybody around the vehicle being pushed, which was owned by Fred Feight, 1716 Russell Rd.

Chief, Police Commended

After accepting the police Department report at Monday's council meeting, Mayor Harold Easton commended Chief Ray Walton and the Tecumseh Police Department on the handling of the recent disturbances in downtown Tecumseh. Other council members individually thanked the chief for the protection to life and property rendered by the officers.



CONGRATULATIONS FROM THE NEIGHBORS — The pink granite memorial stone brought by Tecumseh, Ont., Canada for Tecumseh, Michigan's Sesquicentennial read thus, "Congratulations on your 150th anniversary. May this tree continue to grow like our friendship July 6, 1974. Tecumseh, Ont., Canada!" It was presented to the city with a red maple tree which was planted in the lawn of the city hall in ceremonies Sat., July 6.

Restaurant Is Sold

Larry's Grill, downtown restaurant for the past 13 years, has been sold to Manuel and Isbael Arana of Manchester.

Larry Coscarelli, present owner, reports the sale effective Aug. 12.

The Aranas operated a restaurant in Chile, S.A., for 10 years before coming to the United States.

Coscarelli will be ending 27 years in the restaurant business, all in Tecumseh. In 1974 he opened the Tecumseh Candy Kitchen in what is now the east section of Lamb's Rexall Pharmacy.

He moved and opened Larry's Grill in June 1961 at its present location on E. Chicago Blvd.

Upon leaving the restaurant business, he expects to work for his wife, Rushia, who is regional manager for the clothier, Beeline Fashions.

Hearing Set for Zoning

Council accepted the report of the Planning Commission and set a date for rezoning hearing of the four acre property on N. VanBuren, immediately south of Patterson School.

Council scheduled another rezoning hearing meeting for Aug. 5 at 8 p.m. at a previous meeting. Rezoning of the northwest corner of Russell Road and Occidental Hwy. from RA-2 to B-1 (local business) will be discussed at that time. This is in accordance with Tecumseh's land use master plan.

Lots Offered for Parking

Monday night, Cal Zorn, city manager, reported to council that J.C. Beardsley informed him that lots owned by him and Bill Wright are for sale if the city is desirous of adding them to the parking system. Three lots lie northeast of the fire station.

Council asked Zorn continue discussion with the property owners.

New Printing Shop Opens

Newest business in the community, Tecumseh Printers, Inc., has opened at 109 E. Logan St., across from The Tecumseh Herald.

It officially began operations July 1 with Ray Hamblin, 33, in charge.

The new commercial printing shop was established by combining Hamblin's job printing equipment with the job presses and equipment of The Herald. A new and large job press, capable of handling an 18x25-inch sheet for fast and quality printing, has been installed.

The new press, for example, has the capability of printing 30,000 letterheads an hour, and is readily adaptable for quality printing of brochures, booklets and other forms.

Hamblin, also part owner in the business, is well known in Lenawee County, having served as printing instructor at the Lenawee Area Vocational Center for four years. His past experience also includes employment at print shops in Benton Harbor and in Indiana.

Besides holding a bachelor of science degree, he also earned a masters degree in 1968 from Western Michigan University at Kalamazoo. He served four years with the United States Air Force.

Hamlin, his wife and two children, live in the Heights subdivision, just south of Tecumseh off Occidental Rd.

His partner in the business is Jim Lincoln, publisher of The Herald.

Seek $4,000 from City

City council placed on the next meeting agenda the request of the Community Action Center of Lenawee County for five percent of Tecumseh's revenue sharing monies for 1975. It would amount to about $4,000.

The Action Center offers multi-services to the poor of Lenawee County, including the Tecumseh area, which includes legal, medical, job placement and job skill training and awareness of community responsibility among the poor.

Presently, the group operated with a $31,000 budget last year, according to director Chris Moran, with funds from the United Foundation, a foundation grant and private contributions, and $12,000 revenue sharing support from the city of Adrian.

Center is making the request of five percent of the revenue sharing monies fo each of the counties governing bodies for the purpose of human services, since funds previously available through the Office of Economic Opportunity have been impounded by the administration. The group's basis for request of monies is that revenue sharing is used for local services and all funds they use benefit the poor of the county, wherever the money is raised, continued director Moran.

An organized slide presentation and question and answer session followed with the group and members of city government. Audit information was presented to Mayor Easton, along with other information to the council. Mayor Easton commended the Action Center on its work.

The total amount of revenue monies, if received, would give the Action Center an additional $67,000 for the hiring of health supportive services, and housing coordinators, two community outreach workers, and office bookkeeper, secretary and maintenance man.

Action Center also expects monies from present sources for next year which will give a total budget of $96,000.

According to the director, this is a small budget for the variety of services offered by the center.

Action Center is presently trying to merge with the Jackson-Hillsdale County group to become available for other single purpose federal grants. The merger was approved by the Lenawee County Commissioners.

Action Center reassured council that in the case of the merger autonomy of funds would belong to an overall board with the number of representatives based on population.

A group of about 15 Action Center people were present and participated in the presentation to council. Slides introduced volunteer members of the staff, workers that had been placed by the Center and services such as the medical clinic and projects, like the self-help housing program. In this last program, volunteer poor helped another poor family build a home while trade skills were developed by all on the project.

Guests Golf, Eat

Twenty-seven Adrian ladies were guests of Tecumseh Country Club June 26. A luncheon was served following a low gross-low net-low putt tournament. Refreshments were enjoyed along the course as the girls vied for honors.

Adrian winners were: low gross, Jean Horvath, first; Catherine Heffron, second first low net, Myrtle Hadden and Betty Leathley, tie; low putts, Peg Edmonds.

Tecumseh winners were low gross, Maureen Hannibal, first; Inez Blaker, second; low net, Barb Wheeler and T.C. Roekle, tie; low putts, Ruth Temple.

Jim Smith Talks About Contest

"You win some, you lose a lot," remarked Jim Smith Monday as he told of the national soaring contest which took place at Lenawee County Airport last week.

Smith said it was a good contest with the best pilots finishing at the top but it was not very satisfying.

He referred to the hot humid weather which "didn't make for good soaring and did make it difficult to complete the tasks and not very enjoyable.

"Usually we have clear, cool days with blue skies, ideal for soaring but I was pleased with the results though sixth is certainly not first place," said the four time winner of the competition.

He then told of the gamble he took to try to recover his earlier position in third place. with a good chance of winning, by holding up his starting time until later in the afternoon when he hoped for better weather. It just didn't happen.

"But I would make the same gamble again," he stated. The new sail plane he ordered for the world contest in New Mexico is not finished in time for next week's competition.

"I'm going to several regional contests and of course, I'm making preparations now for next years nationals right now."

'Pit Rats' Win Meet

On Sunday, July 14, the Tecumseh Park "Pit Rats" in their new maize and blue tee shirts traveled to the home pool of the Joyce Andrews Memorial Pool competitive Swim Club and soundly defeated them by the score of 49-17.

Members of the winning team, spurred on by their mentor Tedd Todd, were Lee Ann Schneider, Doug Gilpim, Mike Duhan, Tim Prettyman, John Lorenz, and Paul Hamilton. Members of the losing team coached admirably by the wizard Vic Lawson, were Ellen Zimmerman, Nancy Dustin, Jeff Adams, Bill Silberhorn, Dave Cook and Cathy Retan.

Of the eight events raced, the victorious "Rats" took first place in seven of them including both the 100 meter, I.M. relay and 200 meter freestyle relay. The Joyce Andrews squad scored first place in the 50 meter backstroke.

"Pit Rats" are presently training for a meet with the Blissfield pool squad and waiiting for a revenge challenge from the Tecumseh Pool squad in a water polo match.

Tour Mackinaw

A group of 17 kids recently returned from Mackinaw on a trip sponsored by the recreation department. Four days were spent at Mr. Cooley's Camp Tee Pee outside of Mackinaw City.

One day was spent bicycling and walking around the island. We also toured the Fort in Mackinaw City. A trip across the bridge was also a part of our activities. The trip was throughly enjoyed by all that went.

Softball Played

The old and aging men of Tecumseh and Blissfield showed some vital signs of life in Thursday's over 35 softball game. In a game played purely for enjoyment, the men had a great time. No winner was declared in the game, although both sides believe they each won.

The final decision will be made on July 28 at 3 p.m. when Tecumseh travels to Blissfield to play in their men's over 35 softball game during the sesquicentennial celebration at Blissfield.

Senior Citizens to Sea World

Lenawee Council on Aging announces 10 reservations are available on the Sea World trip scheduled for July 23-25, 1974. Anyone over 55 years of age is eligible to make the three day trip.

Sea World is located near Akron, Ohio. Included in the trip are stops at Sea World Amusement Area, including the Water Show, Rex Humbard's Cathedral of Tomorrow, Railways of America, Stan Hywet Hall, and a tour of General Tire Company.

Persons desiring more information may phone the Senior Citizen Office at 263-2161, ext. 285.

NEW PASTOR — The Rev. Arden Brooks Martin laughingly said that he and his family appreciate the fine reception they received as they came to Tecumseh last week during the Sesqui activities. He is the assistant pastor in Friends Church working in the field of youth and Christian Education. With him is his wife, Louise and Chris, 8, and Erik, 4. This is his first pastorate since graduation from John Wesley Bible College, Greensboro, N.C. The Friends congregation purchased the home at 409 W. Brown St. for the Martins.

Show During Fair

Search is on for talent for the Lenawee County Fair Talent Show to be held Aug. 13, during the Lenawee County Fair.

Talent Show is open to all ages and all types of performers. There is no entry fee or county residence required for contestants. Applications are currently available through the Secretary's Office at the fairgrounds from 9 a.m. to 5 p.m. and also at Nixon Marboro's in downtown Adrian. Auditions are to be held on July 30, at 7 p.m. at Alexander Elementary School in Adrian.

Trophies and $100, $75, and $50 bonds will be awarded to the first three places.

$150,000 for Crosswell

With the announcement that a $150,000.00 challenge grant has been received from an anonymous donor, fund drive co-chairman Robert Pichler officially last night opened the "Heritage Project" campaign to raise $350,000 for the complete renovation of the Crosswell Opera House in Adrian. Grant must be matched in order to be collected.

In talking with more than 30 key volunteer solicitors, Pichler outlined the 120 year history of the Croswell, how it was almost abandoned, and how it was rescued to remain in operation today. Renovation, as outlined by the architectural firm of Sanborn, Steketee, Otis and Evans, will permit the best historical features of the building to be retained and emphasized, while permitting modern production facilities to be instructed.

Campaign workers will begin to make contacts for contributions and pledges. Contributions are of course, tax deductible. Gifts will be permanently recognized in categories of "benefactor" ($1,000 and up), "patron" ($500 and up) and friend of the arts ($150 and up).

The one month campaign reports will be given each Tuesday meeting at the Croswell. Anyone interested in participating in the campaign or making a contribution may phone the Croswell.

Rolling Wheels New Biking Club

Bring the whole family along and join the next expedition of the Lenawee Rolling Wheels, our county's newest and most exciting bike club. This group is organized through the 4-H Youth Program with Program Assistant, Doug Shuherk, the group's guiding light. Members of all ages are welcome, and there's a special invitation to families. The group has had outings to Hidden Lake Gardens and the Jonesville bike trail. Other excursions are planned for throughout the summer and fall. For more information, phone Doug at 265-5108.

Merkel in Tecumseh, The Philosophy is as Important as the Furniture.

For 50 years now the Merkel family has run a progressive and successful store just north of here in Chelsea. It began as a service station, pumping gas and selling hardware. Then to paint, wallpaper, casual furniture and now, three spacious floors of furniture, carpet and home decorative accessories.

Since its beginning, Merkel has always been one thing. A "service station". And that's a philosophy that means a lot in today's impersonal business world.

You see the Merkels feel that their customers want three things - selection, reasonable prices and professional, friendly service.

Their Tecumseh store will have all three, a wide selection of name brand carpeting - modern, traditional and early American furniture and accessories - and all at competitive prices.

Their sales personnel, delivery people, installers and interior decorators reflect the same Merkel professional and friendly service philosophy.

So now, as Merkel takes over Helms on East Chicago Boulevard their philosophy will be as important as furniture.

Watch for their new lines to arrive, then stop in and see if you don't agree.

Migrant Care Center to Open

The Migrant Day Care Center operated by the United Migrants for Opportunity, Inc. (U.M.O.I.), will be open soon at the St. Paul's Evangelical Lutheran Church in Blissfield. It will be open for nine weeks beginning July 29. The Center is licensed for 20 infants to two and a half years and 25 preschoolers two and a half to five years.

Limited funding by the Department of Social Services will cover the salaries, consumable supplies, transportation and cribs, but very little money is left to cover infant supplies. High chairs, infant seats, a sterilizer, walkers, rocking chairs, and infant toys are needed. Donations are appreciated. Enough equipment for the two and a half to five years of age group have been loaned.

Mrs. Rosa Trevino is the Area Coordinator and Mrs. Della Kruse is the program director.

Mrs. Dale Mitchell and Miss Sally Ventz have returned home from Hart, Mich., they stayed with Scott Powers, while his parents, Mr. and Mrs. Dennis Powers were on vacation through the Western States. Dale Mitchell was a guest of the Power's Saturday evening as the girls accompanied him to their home.

Memorial Established

A living memorial to the Michigan Lung Association has been established in memory of Floyd J. Paruch, 711 Wenonah St., Tecumseh. Memorial will support research projects, medical fellowships, health education services to schools, information programs for patients, and public forums on respiratory health.

Lung Association, which is largely supported by Christmas Seal contributions, has since 1908 led the crusade in Michigan against tuberculosis. Today the association works to further prevention and treatment of lung diseases such as emphysema, asthma, chronic bronchitis and other less commonly known respiratory diseases, in addition to conducting air conservation and smoking education programs for teachers, adults and children.

Memorials in Mr. Paruch's name may be mailed to the Michigan Lung Association, 403 Seymour Avenue, Lansing, 48914.

Hospital Donation Received

A half-million dollar gift has been given by The Herrick Foundation to the St. Joseph Mercy Hospital Building Campaign in Ann Arbor. Money is the Foundation's second largest donation to the hospital in the past three years.

Hospital representatives said the money will be used to construct heart diagnosis and treatment facilities at the new hospital now under construction on Huron River Drive.

A representative of Herrick Foundation, in presenting the stipend in memory of R.W. Herrick, expressed hope that the funds would contribute to the continued development of heart care at St. Joe's. Kenneth Herrick, foundation president, stated, "As a community hospital, St. Joe's is adding much to lessen the community health threat of heart defects and disease. We hope that our gift will benefit many people by providing the equipment and setting for sophisticated and effective diagnosis and care."

MR. AND MRS. PETER SWEENEY

Wedding Setting Is University Chapel

CLINTON—Alumni Chapel at Michigan State University was the setting for the wedding of Barbara Vincent and Peter Sweeney, June 8. Ceremony was performed by the Rev. Fr. Edward Lambert.

Bride is the daughter of Mr. and Mrs. John F. Vincent, 4567 W. Michigan Ave., Tipton. Groom is the son of Mr. and Mrs. John Sweeney, Armada.

Theresa Fish was the soloist.

Bride was given in marriage by her father. She wore a dotted swiss gown with lace trimming on the sleeves and bodice and a wide band of lace encircled the skirt. A matching lace headpiece held her waist length veil. White daisies formed her bouquet.

Ruth Vincent was her sister's maid of honor in a navy and white dotted swiss goen featuring daisy trim on the square neckline and cuffs of long sleeves. She carried a bouquet of rainbow daisies.

Wearing gowns identical to the maid of honor, the bridesmaids were Frances Vincent, siste of bride; Linda Jones, and Nancy Diuble, both of Ann Arbor, roommate of the bride.

Larry Cotton of Woodbury, Ga. was the best man. Ushers were John Vincent Jr., brother of bride; Tom Sweeney, brother of groom, Armanda; and Jerrico, Iowa.

Buffet dinner reception held in Lansing was attended by 200 guests.

Bride is a graduate of Clinton High School and Michigan State University, member and past officer of Block and Bridle Club and other MSU organizations.

Groom is a senior in animal husbandry at MSU, a member and past officer of the Block and Brindle Club and a member of MSU judging teams. He is also beef herdsman at the MSU.

Upon their return from a wedding trip to Kentucky and Tennessee, the couple is residing in Spartan Village, E. Lansing.

CLINTON—Madeline McCollum, daughter of Mr. and Mrs. Wilford McCollum of Evans Lake attended the Central Michigan University high school music camp on the Mt. Pleasant campus June 16 to 29. A senior at Clinton High School this fall, she placed second out of seven experienced young tuba players. Her private lessons instructor spoke highly of her progress. Camp offers musical challenge to participants. A senior scout, she is now attending Camp of the Hills and will canoe the Muskegon River.

Equipment Is Needed

CLINTON—Clinton Area Jaycee Auxiliary members were told of kindergarten equipment needs at a recent meeting. Teachers, Mrs. George Heimerdinger and Mrs. Hubert Erickson, described some of the equipment needs which could be handmade, such as a sandbox. Mrs. Hugh McGill and Mrs. George R. Jones were named to a committee to work on the project.

The meeting at Peerless Gear Union Hall was hosted by Mrs. Warren Starks and Mrs. Mary Tafini.

Projects which are under way include helping hands, alphabet mittens, learning trees and a fall festival arts and crafts show.

Plans were made to attend the July 24 meeting of the Tecumseh Chapter JC Auxiliary.

Clinton Chapter will host the district meeting Oct. 1, and a Bavarian theme was planned for that.

District vice-president, Judy Doan of Adrian will be a guest at the Aug. 12 meeting. Mrs. George Jones will be hostess.

School Calendar

Renewal of Vows Marks Anniversary

CLINTON--Renewal of marriage vows in a special ceremony in Trinity Lutheran Church, Saline, marked the tenth anniversary of Mr. and Mrs. Gerald Marion, Sunday afternoon, July 7. The special anniversary service was conducted by the Rev. J. Westendorf.

Barbara Graves of Ann Arbor was the organist. Marilyn Wackenhut of Saline was the soloist.

Attended by their three young daughters, Kathleen, Kristene and Kimberly, the couple approached the altar together for the service. The little girls wore long white dotted swiss gowns, with eyelet lace aprons and bonnets, made by their mother, and carried bouquets of lilac flowers.

Mrs. Marion wore a gown of lilac dotted swiss and carried a bouquet of yellow roses and lilac flowers.

A reception at the church was attended by 175 guests. Co-hosts for the reception were Mr. Marion's cousins, Mrs. Paul Marion and Mrs. Marvin Marion of Saline. They were assisted by Mr. and Mrs. Albert Ahrens and Mr. and Mrs. David Marion, of Clinton.

Among the guests were Mrs. Marion's mother, Mrs. Ella Ennis of New Port Richey, Fla., and Mr. Marion's grandmother, Mrs. Jennie Kopka of Dundee.

Gerald Marion and Donna Ennis were married June 27, 1964 in the Baptist Church at Howell. They have farmed at 11680 Hoelzer Rd., Clinton for nine years.

Members of the original wedding party who attended the anniversary party included Mr. and Mrs. Richard Coury, usher and bridesmaid, and Karen Kopka, flower girl, all of Clinton.

A feature of the buffet table was the lilac and yellow anniversary fountain cake, decorated by Mrs. Marion.

Petition Presented

CLINTON—Forty-two Bartlett St. residents attended the Clinton Council meeting Monday, to present a petition demanding that ingress and egress traffic from the new DST, Inc. plant site be banned from Bartlett Street.

A meeting with citizens and DST, Inc. officials was scheduled for further discussion of that subject.

Financial problems of the Clinton Cemetery Association were discussed and a meeting will be held with Clinton Township officers on this matter.

Purchase was authorized of a salt storage building from Morton Buildings, Inc. at an estimated cost of about $7,000.

Evangelist Holds Crusade

CLINTON--The evangelist, Rev. Daniel Roehl will conduct an evangelical crusade, July 23 through 28 at 7:30 p.m. nightly in the Clinton Assembly of God, Clinton-Manchester Rd.

On July 14, Lois Lemm will be the guest minister at the 11 a.m. worship service. Miss Lemm, a retired missionary, is presently employed at Fa-Ho-Lo Park.

Tina Morgan Is Engaged

Mr. and Mrs. Edward C. Morgan, Sacramento, Calif. announce the engagement of their daughter, Tina J. Morgan to Sgt. Loren J. Werth, son of Mr. and Mrs. Hadley H. Werth of Clinton.

Couple plan a September 21 wedding in California.

Miss Morgan graduated from Mira Loma High School and attended American River College in Sacramento. Loren is a graduate of Clinton High School and attended Washtenaw Community College and Eastern Michigan University in Ypsilanti. He enlisted in the U.S. Air Force in the fall of 1971 and has been stationed for the past year in Thailand.

Philathea Class Holds Picnic

CLINTON–Philathea Class of United Church of Christ will have a picnic at noon, July 18 at the Wamplers Lake cottage of Mrs. Linn Weaver. Their husbands are welcome to attend.

Son Awarded Scholarship

CLINTON—Aaron L. Cobb, son of Mr. and Mrs. Clifford Cobb, 109 W. Church St., has been designated a president's scholar at Eastern Michigan University, and has been awarded a full scholarship for the summer season.

He is a graduate of Clinton High School.

Dinner Meeting To Be Held

CLINTON–A dinner meeting will be held July 22 at 7:30 p.m. in Clintonian Inn for members of the newly reorganized Chamber of Commerce and spouses.

List of officers recently elected was incorrectly reported.

Officers include Kathy Thomas, treasurer, and Kukini Prible, secretary. Nine members of the board do not include Gary Service, as stated.

Disadvantaged Entertained

CLINTON--Mrs. George Heimerdinger and Mrs. Hubert Erickson entertained 17 area disadvantaged children, Thursday, by taking them on a town of Hartung's horse farm, Calhoun's cattle and hog farm in the morning, and at noon a hot dog roast was arranged for them at the Heimerdinger farm.

Nine Named to Dean's List

CLINTON—Among nine students named to the Dean's List at Albion College for the spring term is Janet L. Williams, daughter of Mr. and Mrs. Clayton Strolle, 143 Lakeshore Dr.

Miss Williams spent the semester studying in Grenoble, France at the University of Grenoble.

Whiz Kids Sponsored

CLINTON — Clinton Varsity Club of Clinton high school students are sponsoring the Whiz Kids, popular rock group at Clinton gymnasium, July 26 8 p.m. - 11 p.m.

Tickets are available at the door.

Money will be used to develop the club.

Cafeteria Head Named

Andrew G. Bodenlos is the new manager of the cafeteria in the Tecumseh Products plant operated by A.R.A. Food Services Co.

Coming from Plymouth to take the place of Hugh Erickson who was recently promoted to traveling salesman for the Ann Arbor area, Bodenlos assumed his position here July 2.

He stated that the cafeteria would operate basically as in the past but that more vending machines would be located within the plant, due to increase in demand.

Between 1,200 and 1,400 men are served by about 24 personnel each day of the some 3,000 employed.

Canning Methods Need Checking

Whether readers are canning for the first time this summer or are old hands at it, methods should be checked

Extension service recommends not to depend on the directions that come with canners; they may not be safe. Some hot water canners include processing times for vegetables, indicating that it would be safe for users to process canned vegetables in a boiling water bath. Extension service warns this is not so!

All vegetables except tomatoes should be processed only in a pressure canner.

To safeguard the family, check canning methods against those recommended by the USDA. There is no second chance with botulism!

Canning and freezing clinics offer an opportunity for readers to learn the basics, get answers to questions and pick up reliable bulletins.

Dates are July 15, 1-4 p.m. at Lenawee Vo-Tech; July 17, Blissfield High School; July 18 Hudson High School and July 19, Tecumseh Jr. High School Home Economics rooms all at 9-12 a.m.

Teachers Comment on NCA Physical Education Report

Submitted by Ron Spagnoli, Roger Young, Nancy Fisher, Nancy Wood and Pat Connors

Report from the North Central Association (NCA) on the boys and girls Physical Education Department pointed out some important strengths and weaknesses.

Staff, rated as well qualified and excellent teacher-student relationships were two of the strengths of the department. Successful co-educational activities in swimming, volleyball and gymnastics and the well rounded and growing interscholastic program for both girls and boys also received an excellent rating.

Physical education equipment and outside facilities were considered adequate.

Major areas of criticism cited are inadequate locker room and storage facilities and lack of sufficient teaching stations (classrooms). Number of students per class was also considered too large with too wide a range of ages and abilities in each class.

Intramural program for boys was considered inadequate and the lack of a swimming pool was cited. Lack of proper locker room facilities for both boys and girls interscholastic programs was also mentioned.

There has been a continual expanding of programs each year within the limitations of the facilities. More emphasis has been placed helping students to develop skills in individual sports such as golf and other adult leisure activities such as tennis. In response to the NCA criticism, more of these courses could be added if facilities were available.

At the present time the gymnasium is used for double classes almost every hour of the school day except one hour. The availability of more teaching facilities would enable teachers to separate students into appropriate grade levels since physical ability between a freshman and a senior varies. Intramural sports could be expanded and overcrowding eliminated. There would be less repetition in the program. A better correlated program could be offered since there would be more room to offer it. Teachers are willing and able to expand their course offerings and correlate a program more closely with the Junior High School if facilities to have a program are available.

MULBERRY-TIME ADVENTURE

Well, the mulberry harvest is nearing its end but, as the end saying goes, "It was fun while it lasted." The trees outdid themselves in bearing messy blackbeerries and the birds and squirrels bettered their old records for feasting and gorging. In the process we were entertained as never before.

As typical in the well ordered scheme of Mother Nature's world, the mulberries and cheeries ripen just as the 'crop' of young birds peaks. Many youngsters depend on the bountiful fruit supply — both the youngsters out on their own for the first time and the kids still being fed by their untiring parents.

Our first mulberry time adventure belonged to the latter. And, as so often happens, it started with a noise. A shrill squeaky baby-bird type noise. Gertie T. listened carefully and finally her ears filtered out a certain little buzz sound which she identified as being the same sound she had heard orioles making last spring when the fruit trees were in blossom. And there was no question as to where the noise-makers were, they were definitely hiding in the walnut tree.

All eyes focused there and as Mom, Auntn, and Gertie T. tried to pick out baby orioles they gave me a running account of what was happening. This is not a particularly dense tree but the birds were doing a masterful job keeping out of sight. Suddenly Lord Baltimore oriole appeared on the scene and the action became so fast and furious that my 'reporters' hardly had time to ooh and ah at his bright coloring. This year's oriole is not the brightest we have ever had but even his black and orange coloring can be breath-taking when seen in a brilliant splash of sunshine.

The action which kept them from commenting on his handsomeness, for indeed this was a bright day which showed him at his very best, was surprising as well as exciting. Most young squirrels are notable for one, an insatiable sense of curiosity and two, astonishingly long bushy tails. It so happened that one of this year's youngsters was investigating the walnut tree. In a leisurely manner he looked and sniffed and poked into every crevice that seemed promising and he jumped and teetered from every challenging limb. It was all fun and games, he obviously liked this big wide world in which he suddenly found himself. Then his wanderings took him too close to the baby orioles.

In a flash — and yes, it was an orange and black flash — the squirrel's carefree world became a dangerous one. Lord Baltimore's dive-bombing attacks had one purpose only, he drove the squirrel away. In a fierce display of 'leave my kids alone' the bird kept after the squirrel. Actually the squirrel seemed almost baffled at the attack and all of his adolescent awkwardness returned as he stumbled over himself trying to get away from the fighting oriole.

Gertie T. came back from lunch with a wide-eyed announcement that she had almost been attacked by an oriole! It happened as she was standing on the back porch trying to once again pinpoint the source of a squeaky baby-bird noise. It had moved from the walnut tree and seemed to be in one of the back yard trees.

Her quiet and careful looking paid off as she saw the fat, fluffy kid fly from one tree to another. She then watched as the adult bird stuffed something into its begging youngster's mouth. Then she was spotted and the oriole began what would have been a dive-bombing attack had not the house been in the way. Gertie T. said there was no doubt at all about the oriole's intentions — he didn't want anybody watching his kid and he had no qualms about making his feeling known.

Honor for the supreme oriole-mulberry experience goes to Mom and Auntn. It happened lat this same afternoon. Growing in front of our house are four upright evergreen shrubs that we were told are Hatfields. Mom was in my room when suddenly she rushed to the south window, exclaimed that he was on the top of the Hatfield! Auntn was in the livingroom announcing the something. Neither dared leave their window but I finally figured out that both were talking about the same 'he' and that he was Lord Baltimore oriole.

What a gorgeous sight! A black mulberry was in his bill and imagine the surprise of the two window watchers when he hopped down several branches and disappeared into the middle of the shrub. Apparently the kid had been moved again. Later Mom saw the oriole on the ground, another thrill. He very carefully picked over several berries before finding one that suited. Then he took it to the youngster parked in the Hatfield.

Fair Queen To Be Picked

Can you picture yourself as a Lenawee County Fair Queen? Girls from all over the county will be competing for this honor and that "right" person just might be you.

If interested, best way to get into competition is to pick up your application at the Fair Secretary's office or through a civic organization. Next you must locate a sponsor, which for the first time this year can be a business, an individual, or organization. Your qualifications are that you must be a female 1) between 17 and 22; 2) be a resident of Lenawee County; and 3) single.

The 1974 Fair Queen, will reign over all the Fair week activities from August 11-17. An array of gifts will be given courtesy of local merchants. On Aug. 27, Fair Queen will compete in the Michigan State Fair Queen Contest in Detroit.

Talent presentation is not required. Contestants are judged on poise, personality and appearance.

Box Number Is Necessary

Postmaster Jack Metcalf announced the Post Office is installing a new "centralized mark-up system" which may cause a delay in residents mail if a "Box Number" is not included as part of the address. This delay can be avoided with the now permissible dual address, as per example below

Contributions Appreciated

Tecumseh Area Sesquicentennial Awards Committee acknowledges with appreciation contributions received from the Frye Printing Co., Ottawa Machine Products and Pallox Co.

Fisher Body Holds Open House

Doors of the Fisher Body Tecumseh Plant, 5550 Occidental Hwy., were open wide with some 1300 area residents and visitors taking the opportunity to tour the facility and see first-hand how the interior trim components for Oldsmobile, Pontiac and Buick are made during the open house held in conjunction with Commerce & Industry Day activity of the Sesquicentennial Celebration on Tuesday, July 2, 1974.

Guests were greeted and directed along the tour route by employes and Tecumseh citizens from the various "Brush and Belle" groups which included representatives from the "Bouncing Belles", "R-Bons", "Firebelles", "Be-Line", "Cee-Bers", Jaycee "Cooped Pullets", and others with the host and hostess coordination provided by plant employees Sandra Harrison, Tecumseh, and Betty Chormann, Adrian. Girl Scouts from Tecumseh Troop No. 11 and 93 provided visitor assistance at the "Open House" boarding site in downtown Tecumseh and Boy Scouts from Troop No. 272 and 673 gave assistance at the antique, new car, and Cadillac "Air Bag" display and demonstration on the plant grounds.

In the course of the tour visitors were able to view additional displays provided by plant employees in the manufacturing areas as well as a series which included an Engineering, Research, Manufacturing and Design display provided by the General Motors Technical Center, Warren. Another highlight of the Open House was a series of wild and domestic animal oil paintings done by Theodore Robbins, an employe in the maintenance department, from Waldron.

Mr. William J. Polk, Plant Manager, expresses his gratitude to the Sesquicentennial Committee for allowing the local plant to participate in the celebration activity and congratulates the community on its outstanding Sesquicentennial Celebration of 1974.

OPEN HOUSE—From l to r., Virginia, Philip, Tamara Chrzan (Philip Chrzan is Plant Superintendent, Fisher Body Tecumseh Plant); Bradley, Brian, Mr. and Mrs. Roy Sharp (owner and operator of Lenawee Glass, Tecumseh.

To the Editor:

I wish to thank the person or persons who nominated me for the "QUEEN'S" contest. They really did me a favor, as I have had the most wonderful weeks of my life. Yes, it was work, but I thoroughly enjoyed it as I love to be with people and doing for my community, of which I have been a member for 33 years. (and I might add a very proud member.)

Very special thanks to my husband (Elmer) who stood by me all the way and gave me the moral support I needed. He is a "KING" to me.

To Fabricare Center, who sponsored me, I say, "thank-you," I really appreciated all they did and for the beautiful painting on their window.

Special thanks to all the people of Tecumseh and also to our neighbors in near-by towns for their support. I love you all and its always a pleasure to serve my community.

It's very high honor for me to have been crowned your "QUEEN" of Tecumseh Area Sesquicentennial.

May God Bless You All,
Frances Spreeman

To the Editor:

To paraphrase Elizabeth Barrett Browning, how did we love, thee, Sesquicentennial? Let us count the ways: the dedications of the new Adams Park and the new Historical Room at the Library; the Flower Show with its historical theme; all the windows with their fascinating exhibits; Open House at the Fire Station, the Herald, and St. Peter's; the Walking Tour map for our continuing study and enjoyment of Tecumseh's many lovely old homes; the eager faces at the canoe race and bicycle parade; and of course the big parades, the fireworks, the pageant!

The really thrilling climax - the pie social at the Ford Mill in Macon - a trip back in history in a peaceful rural setting, the whole picture a reminder of what's good and true and honest in American life. Thanks to many people for a meaningful Sesqui. How about a repeat locally for the country's Bicentennial?

Betty Wollenhaupt

Dear Mr. Lincoln,

I wish to thank you and the rest of the Tecumseh Herald staff for the excellent coverage which you have given our Sesquicentennial activities.

The entire staff can be proud of the job which it has done, but special thanks should go to Debbie Moore, Kathy Kulczyk, and the Herald's hard working photographers, Cortland Hunt, Kent Downing and Mike Sunderland.

The Herald played no small part in making our Sesquicentennial celebration the success which it was.

Thank you again.

Sincerely,
Mike Havener,

Doby's 1890 steel wheeled wagon had a flat tire during Saturday's parade. Yep, it did. At least the donut maker had to drop out for a bit while he got the wheel back on, on Pottawatamie St. Wowie, what a parade.

++

Canada was indeed good to this city. A flag raising and tree planting ceremony took place Saturday between the two Tecumseh mayors with Ontario's Don Lappan presenting a red maple from Canada for the city hall lawn and a flag of Canada that was flown over this city hall over last weekend. It will now be used at the Community Center. A pink granite plaque was also a part of their giftatory. Now that the celebration is over, let's shout a little gratitude in The Tribune of Tecumseh, Ontario, Canada, their paper.

A pair of men's glasses were turned into Headquarters. Saturday evening and may be claimed there anytime.

Tecumseh Belles and Brothers of the Brush have two more chances to re-live the excitement of the Sesquicentennial parades as participants in area parades within the next month.

Morenci Kiwanis Festival July 20 has invited Tecumseh to enter their parade. The present Miss Michigan will preside.

County Fair parade will be in Adrian Aug. 11. Anyone who would like to enter may call Carol Savino at 265-8089 or 263-8455.

Rowland Farrar Is Checker Champ

Rowland Farrar is Tecumseh's champion checkers player. Farrar, led a field of 136 checkers players from 8 to 80 in the Sesquicentennial checkers tournament sponsored by Kroger's Barney's Belles and Kroger's Bushwackers.

Farrar, who had captured the senior citizen championship on June 30, defeated adult champ, Don Meyers, to win the July 6 final. In preceeding semi-final matches Farrar had beaten Karen Busch, winner in the 10 to 13 year old catagory, and Meyers defeated Larry Cote, Jr.

Farrar, Meyers, and Miss Busch were all trophy winners in their age groups. Other trophies went to Melvin Yoder in the 14 to 19 year old division and Scott Sullivan, 8, who won in the 5 to 9 year old catagory.

Other top players were Karen Irelan, women's champ; Charles Cote, second in the 14 to 19 year old division; Kathy Kruger, second among girls 10 to 13; Mike Hoffman, first among boys 10 to 13; and Mark Balinger, second in that divison.

D. Wayne Scheffler, 9, captured second in the boys 5 to 9 division; and Stephanie Kruger and Laura Gatewood were first and second among girls in that age group.

Adult winners, in addition to champ Meyers, were Keith Sencer, second; Dave Kavaliski, third; Larry Cote, Jr., fourth; Marv Bacon, fifth; and Larry Cote, Sr., sixth.

Farrar received a portable radio with the championship, and ten dollar Kroger gift certificates were given to the adult and senior citizens champions. Prizes were given to the oldest and youngest players, Farrar, 80, and Scott Sullivan, 8. Eight cases of pop went to winners in the younger age divisions.

Other prizes awarded included six stadium blankets and four men's Old Spice gift sets. Susan Gunder and Jim Curth were referees for the tournament, and Faith Cote was chairwoman for the event.

Beard Contest Winners Picked

Winners in 15 categories were selected at the beard contest finals on July 3. The award for best all around beard went to Curtis Wright. Lonal Bishop won the fullest beard category and Dan Hare captured the prize for the longest beard.

Other winners were Don Maves, fanciest beard; Ray Nichols, curliest beard; Jim Barton, best goatee; Herm Schmidt, best mutton chops; and Ed Garvin, best Van Dyke. Carl Schmidt won in the Abe Lincoln category, Dick Witt in the Robert E. Lee category and Leonard Cote in the halo category.

Art Cubberly had the best mustache; Joe F. Poley of Rossford, Ohio, the best sideburns; Jim Conklin, the best burnsides; and Jim Palmer captured the colors prize.

Ron Baxter ran the contest, and winners were determined by a three-judge panel consisting of Charles Reppert, Sandy Parker, and Mac Gutierres of Mr. Joseph's Barber Stylist in Adrian.

Bike Ribbons Awarded

Ribbons were awarded in two categories during the youth bike parade on the morning of July 3. The winner is the pre-school to seven year old division was two and a half year old Craig Reppert for his red, white and blue three-wheeler. It was decorated with two American flags. He wore a derby hat, a red and white stripped vest and blue shorts.

Second place went to John Hensley, 4, who entered his bike with yellow tissue flowers. He also wore a Sesquicentennial outfit.

Third prize went to Matt Ruhl, 6, who entered his "chopper" bike with a long front wheel axle and accessories.

In the eight to 11 year old category, first place went to Shelley Kruger, 10, and Susan Ahrens, 12. They rode together as clowns on a bike decorated with blue, green, red and yellow crepe paper and tin cans on a string.

Ten year old Susie Oswald's bike won second and Jackie Johnstone, 8, won third.

Parade Judged

Five units of 120 were judged best in the July 6 Sesquicentennial Parade. Friends Church received the Best Float award. Best Marching Unit was the Golden Vikings, a girls' baton group from Lyons, Ohio, who marched to the tune "It's a Small World."

Best Antique Car in the parade was a 1920 International truck. Maumee Highlanders from Maumee, Ohio were judged Best Band. The Overall Sesquicentennial Award went to the Iron Brigade band from Warren.

Winners were given commemorative plaques.

Time Capsule Open

It's still not too late to leave a memento in the time capsule.

Anyone who still wishes to place something in the time capsule may obtain an envelope for $1.00, $3.00 or $5.00 by calling time capsule chairman Mike Havener at 423-4264. Those who already have envelopes but have not turned them in yet should return their filled envelopes to either the Tecumseh Public Library or the Havener residence, 410 Marlboro Court. Public is asked to act within the next week.

Tennis Winners Are Announced

Winners in the Tecumseh Sesquicentennial Youth Day Tennis Tournament have been announced. Chairman Ted Todd reports that first place winners were Bret DesErmia in the boys 14 and under age bracket, Sandy MacGeorge in the girls 14 and under, and John Getz in the boys 15 to 17 catagory.

Other top players in the boys 14 and under group were Bert Ouderkirk, second; Brian Merrill, third; and Steve Sisson, fourth. Second place in the girls 14 and under went to Sue Long, third to Jean Egbert, and fourth to Gracie Gould.

In the boys 15 to 17 bracket, Tim Prettyman was second; Mike Ocamb, third; and Dana Dunbar, fourth.

Sesqui Golf

A Sesquicentennial Golf Tournament was held at Raisin Valley Golf Club July 7. The team of Jim Randall, Tom Barton, Russ Hyatt and Rod Cole took prizes for first place.

After a sudden death play off second place was awarded to Jim Meller, Jerry Griewahn, Jim Nichols, and Larry Rheiner. The team with low putts consisted of Charles Reppert, George Ruhl, Don Steiner, and Jeff Steiner.

A course tour award was presented to the highest scoring team. Ron Nichols won the nearest to the pin and Russ Hyatt was given a prize for the best costume.

Seal Designers Are Honored

Those who entered designs in the contest to find a seal for the Tecumseh Area Sesquicentennial were honored Wednesday evening. Audrey Schroeder, who did the art work for the Sesquicentennial seal and plate designed by Paul Dangler, was presented with a copy of Clara Waldron's "One Hundred Years — A Country Town."

In recognition of their enthusiasm, artistic skill and civic pride, Sesquicentennial plates were presented to the following designers: Tim Eardley, Ward Eardley, Lois Harrison, Katie Heglin, and Edward Solarski.

The seals which these artists designed are currently on display at Sesquicentennial Headquarters, 117 S. Evans Street.

Congratulations Are Received

News of the Tecumseh Area Sesquicentennial even reached the friendly folk of the continent way down under, as congratulations were received by Mayor Harold Easton in a telegram from the James N. Kirby Co. Limited in Australia.

According to a spokesman for the Tecumseh Products the telegram probably originiated with the visit of Mr. and Mrs. Claude Archer, member of the board of directors prior to the Sesquicentennial week. Visitors noted the publicity for the event and most likely took the initiative to have the message sent.

James N. Kirby organization is a manufacturing licensee and customer of the Tecumseh Products since 1957. They have made many friends in the community and their gesture is noted by those they know as typical of their genuine interest.

Telegram may be read in letter to the editor.

Picnic To Be Held

Farthest Traveled, Oldest Honored

By Mike Havener

At the Pionner Awards presentation on July 7, Mr. and Mrs. Leon Williamson of Fullerton, Calif. received the award for traveling the longest distance. Mrs. Edna Heilman was honored with the oldest pioneer citizens award.

Mr. and Mrs Harlon Boyes also presented a Twentieth Century Pioneer Award during the ceremony. This plaque, which will hang in City Hall, honors the contributions made to the town by Edna Heilman, Perry Satterthwaite, Beth Satterthwaite, Wilfred Waldron, Margaret Kidman, John Thompson, Clara Waldron, Florence Adamson, Bertha LaPointe, Jessie Sluyter, and the Hayden and Beardsley Families.

Awards were also presented to three ministers, Dr. Blair O. Bashore, Rev. Edward Escolme, and Rev. Seal Janeway. Bashore was honored for his years of service at the First Baptist Church, Janeway as the minister who has currently served in Tecumseh for the longest period, and Escolme for his 39 years of service to the Tecumseh Friends Church.

Mark Oliver Wins Youth Bike Race

Over-all winner in the Youth Day bike race was 15-year-old Mark Oliver. Oliver finished the course in 22 minutes and 20 seconds to capture the younger division championship as well as the over-all championship George Armstrong was first in the older class.

Other placing bicyclists in the other catagory were Greg Wonderly, second; Bruce Morley, third; and Jeff Gerstler, fourth. John Faulkner was second; Chris Sullivan, third; and Terry Ruhl, fourth in the younger class.

Boys champ, Bill Veers, defeated girls winner, Jean Egbert, to take the over-all championship in the log rolling contest. The 3:30 p.m. contest on July 3 left the Pit full of soaked contestants.

Greg Wonderly was second the boys division, and John Vanderpool was third. In the girls division, Janel Mumme was second and Cathy Walsh, third.

MR. and MRS. BERNARD BISHOP

25th Celebrated

RIDGEWAY—Mr. and Mrs. Bernard Bishop were pleasantly surprised Friday evening when 75 friends and relatives gather at the Fellowship Hall of the Britton Bethel Baptist Church. The couple was presented a money tree in honor of their 25th wedding anniversary.

Bernard Bishop and Doris Lembrick were married July 14, 1949 in Tipton.

The event was arranged by their children, Mr. and Mrs. Tom Bailey of Britton and Michael Bishop of Grand Rapids.

A beautiful four-tiered wedding cake centered the refreshment table. Mrs. Gerald Raymond of Addison, sister of Mr. Bishop, made and decorated the cake and also served the cake. Chris and Melody Whaley of Britton assisted at the punch bowl and Mrs. Jack Hintz served the coffee. Beth Whaley had charge of the guest book and Lori Whaley cared for the money tree.

Native Named Area Agronomist

BRITTON—Dick Seagert of Waukee, Iowa, a native of Britton, has been named an Area Agronomist for Pioneer Seed Co., Des Moines. He will work with customers in South Central Iowa, according to Ivan Wikner, manager of the Pioneer Seed Co., Agronomy Service Department.

DICK SEAGERT

Seegert, 31, holds two bachelor of science degrees. One is from Adrian College in Chemistry and the other is from Iowa State University in Agronomy.

Seagert is a member of the Waukee Junior Chamber of Commerce and the Waukee Methodist Church. He and his wife, Donna, have two children, Ryan and Rory.

Take Advantage of Private Camps

State park campground use will be at its peak during the post—July 4th summer season, but campers should have little trouble finding space if they take advantage of Michigan's private campgrounds, according to Automobile Club of Michigan. "Many private campgrounds offer at-site water and sewage hook-ups for self-contained recreational vehicles—a service which no state park camping area provides," said Joseph Ratke, Auto Club touring manager.

Ratke further noted that of the 307 parks listed in Auto Club's 1974 guide to private campgrounds, 41 rent on-site trailers usually on a daily or weekly basis.

Altogether the 307 parks listed in Auto Club's 1974 guide offer 24,513 campsites—about two percent more than last year's total.

Auto Club estimates that, including public camping areas, nearly 52,000 campsites are now available throughout the state. Michigan's 70 state park campgrounds have 14,752 spaces—a slight decrease from last year. Roughly 4,600 sites can be found at state and national forest campgrounds while city, township and county parks have more than 8,300 spaces.

Campers now can make reservations at state parks if planning a minimum four-day stay. Reservation applications must be received by a state park at least three weeks beforehand and must include a $2 fee in addition to camping fees for the length of the stay.

A brochure explaining the state park reservation system in detail can be obtained by writing to: Department of Natural Resources—Park Division, 5th Floor, Mason Building, Lansing, Michigan 48926. The Auto Club guide also details the whole variety of facilities available at private campgrounds.

Campers should have little trouble finding a space this summer if they keep these tips in mind:

If planning a stay at one of the more popular state parks during a warm weekend, arrive Friday before noon.

The best time to get state park spaces for weekday stays is Sunday.

If trying to locate state park spaces, campers can call "hot lines" operated by the Department of Natural Resources during normal weekday office hours, through Aug. 30. The telephone numbers are: (313) 868-1640, (517) 275-8041 and (517) 373-1235.

Have alternate campsites located on a map should a first campground choice be filled upon arrival. Carry guides listing public and private campgrounds to also know what facilities are available at each park.

If definitely planning to stay in a private park, phone ahead for reservations. During summer holiday weekends, reservations at private campgrounds are recommended.

Free Physical Time Is Set

BRITTON—A definite time has been set for free physicals for girls and boys who will participate in any athletic activity at the Britton-Macon Area School during the 1974-75 school year (football, basketball, volleyball, baseball, track, cheerleading, etc.)

Girls are to report to the school Aug. 14 at 8 a.m. Boys physicals will be given Aug. 15 and are to report to the school at 9 a.m. All students will be transported to Tecumseh by bus for the physicals.

Students who miss this free physical will have to have a physical at their own expense. There will not be a make-up date.

Call News into Office

BRITTON—Please call Britton news directly to The Herald (423-2174) for the next two weeks while Britton correspondent, Mary Maska, is on vacation.

Home Needed for Student

Torsten Hinrich of Hamburg, Germany, has been approved for participation in the Youth For Understanding exchange student program. There's just one problem, as yet, no home has been found for him to spend the school year in.

Torsten, 16, will be a sophomore, instead of a senior, as many of the exchange youth are. It is not necessary that there be children his own age in the household, just other children of any age.

He speaks French, German and English, and is anxious to learn about other religions and culture.

Anyone who would like to make room in their household for this interesting young man may call Mrs. Carlton Cook, 423-2393.

Britton Briefs

Mr. and Mrs. Fred Schober of Milwaukee Road, attended the centennial celebration at Rising Sun, Ohio, Saturday. Mrs. Schober is a native of Rising Sun and her father, E.A. Plumme, was at one time the superintendent at the high school there.

Bears Chalk Up Two Shut-Outs

BRITTON—Bears chalked up two shut-outs last week defeating the Wildcats 14-0 on July 9 and the Hawks 37-0 on July 11.

Winning pitcher Jeff Judkins and relief pitcher Ken Stotler put the Bears on top 14-0 at the July 9 game with a lot of help from home runner hitters Ken Stotler, Dan Harriott, who also hit a triple; Greg Fanslau with two home runs, one of which was a grand slam; and Scott Fanslau with two singles. David Bruce was credited with an outstanding catch during the game.

++

Bears took an easy 37-0 win July 11 from the Hawks with Greg Fanslau pitching three innings, allowing no hits, and walking only one batter. Mike Gorton came in as relief pitcher for the two remaining innings. Sixth inning was called because of darkness.

Homeruns again highlighted the winning Bear's team with two hit by David Bruce, two by Greg Fanslau, with one a grand slam. Ken Stotler, Mike Harriott and Mike Gorton also added to the win with their homeruns.

Good catches were made by Mike Harriott and Tom Wielfaert.

The Bears hold first place in Little League standings with a 7-0 record.

Teachers Discuss Business Classes

Submitted by Frank Graham, Ruth Prettyman, Karlo Southerland and Karen Diepenhorst - Business Education Department

General objectives of the Business Education department are divided into two major categories, non-vocational and vocational. Nonvocational goals are developing economic literacy, and understanding and appreciation of our economic system, an intelligent consumer attitude of goods and services, and skills and knowledge applicable for personal use.

Vocational goals include developing skills and knowledge needed for initial employment, skills and knowledge leading to post high school education and skills and knowledge which may be further developed on the job. The North Central evaluation indicated that the business curriculum was effectively meeting the above objectives of the Business department.

The North Central report stated that "the individual staff members of the Business Education department are knowlegeable in the area of instruction in which each is involved."

Course offerings include: General Business in the ninth grade; Typing I and Bookkeeping at grade 10; Shorthand I and Typing II at grade 11; and Shorthand II, Office Procedures, Marketing and Business Law at grade 12. Personal Typing is offered for those students who are pursuing courses other than the business curriculum. Many students are combining business courses along with other areas of specialization. Students interested in distributive education, data processing and business office blocks are enrolled at the Vo-Tech Center.

Problems of inappropriate lighting and more realistic setting for students can be solved only by building improvements or a new facility.

Although there is at present no advisory committee of businessmen, teachers themselves update the program based on informal sources, teacher workshops and personal contacts in business.

There is a business club which fosters the development of responsibility and other desirable character traits for a successful business career. Business club, although not a fund raising organization, has purchased equipment for the department in the past and most recently an eight-station shorthand laboratory.

Presently, plans are being made for the updating of textbooks and the replacement of existing equipment by the board of education.

Staff members are also willing to work in advisory capacity to the Vo-Tech Center if Vo-Tech is willing to cooperate.

The Business department would like to extend an invitation to any interested member of the community to visit the department.

Dan Murphy Graduates

Danny Murphy, son of Mr. and Mrs. Jim M. Murphy, graduated in June from Cleary College, Ypsilanti, with a Bachelor of Business Administration degree in Accounting.

Danny and his wife, the former Linda Solarski, reside at 203 Cairns St., and he is employed by a C.P.A. in Ypsilanti.

'100 Years' Distributed

Hardbound copies of the new edition of Clara Waldron's book, "100 Years - A Country Town" arrived and are in distribution this week.

Only 15 of the 100 have not been reserved. Jean Colgrove's Gift Shop is accepting reservations and one edition is on display there.

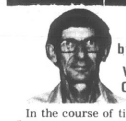
Style Sense by Evel

Your eyelashes are one of your beauty points, but too many women claim that their lashes, unadorned, are short and thin. This is easy to correct, with patience. Lightly brush the lashes each night with castor oil, using a small inexpensive brush, and brushing from root to tip. This is also a good beauty routine for thin eyebrows. Keep the castor oil in a small jar, with the brush close by — then you'll be sure to remember to use it! Add a few drops of your favorite perfume to the castor oil and it will also smell nice.

Do you know that the line of your eyebrows has a lot to do with the effectiveness of your eyes? For example, if your eyes are deep set and small, a thinning of eyebrows and careful plucking can keep your eyes from seeming to disappear when you smile. And remember when making up your eyes, the emphasis today is on the most naturally beautiful look you can manage. Never use more than enough!

Our phone number is 423-4250 by appointment only.

HOMEOWNERS CORNER by Vic Clauda



In the course of time, wood floors may sag or develop cracks, and new floor boards become loose and creak when walked on. Cracks in new floors are usually the result of shrinkage in floor boards which have not been properly seasoned, or which have been exposed to excessive moisture before or during construction. Cracks of this sort may be sealed with a filler. In older floors it may be necessary to repair the supports under the floor, or to strengthen them by adding supplementary splices.

For repairs, remodeling or installation you can depend on CLAUDA PLUMBING & HEATING, 1108 W. Chicago Blvd., 423-3121. Our many years of experience enables us to guarantee you satisfaction on every job we handle. Air-conditioning jobs done in homes or offices and for your bathrooms we are now carrying soap dishes, towel racks, glass holders and waste baskets in chrome, nickle or brass plus marble walls for beauty and practicality. Open: Daily 8 a.m.-5:30 p.m., Saturdays until 5 p.m., Fridays until 9 p.m.

HELPFUL HINT: Check your coil on condensor for dirt and cottonweed.

You Told Us

By Dorothy Grigg

Jaycees and their Auxiliary had their fingers in a lot of pies during the city's celebration, none the least of these was the carnival which brought in $1,200 for the event. No doubt Ron Szmanski and Grady Frederick had to think hard about the proceeds as they cleaned up the massive litter left by the Carny's.

Jerry Irelan and Paul Johnson didn't have as good a return from their rodeo project or as good luck with their clean-up either. The young men's group participated on the steering committee, with the Keystone Kops and the Brush Brothers with Szmanski as chairman. Ric Cresswell had charge of industrial day.

Wow! They must have been everywhere at once.

Margaret Williamson Lepon and her cousin, Leon Williamson, vied for recognition at the Tecumseh Alumni dinner and meeting June 29 for coming the greatest distance.

Mrs. Lepon of Los Angeles, Calif. vowed that her home was farther out in the Pacific than is Leon's, who claimed that he had to drive the greatest distance.

Candy McEnroe of Long Beach and Mrs. Lepon who stood her ground were presented with rubber seat cushions for their return long distance trips.

Joe Hanna of the Class of 1964 presented the awards which included rose certificates and sets of Sesquicentennial medallions to Lilburn Burleson, Jennie Heilman Robison and Ethel Bishop Vickers and Chelsea, members of the Class of 1924.

Mr. and Mrs. Raynor Van Valkenburg were recognized for the most children and Doris Floyd Wood for attendance at the most alumni meetings, 15.

David Lemerand of the class of 1964 welcomed the guests and served as master of ceremonies. Steve Flanders of the Class of 1974, responded to the welcome. Best wishes and farewell was extended to exchange student Magnus Grundskog.

Charles Saling read the memorial list and Terry Haughn gave the invocation and benediction.

Harry Munger of Hartford, spent Thursday visiting in Tecumseh. He was accompanied by his granddaughters Pam Avery and Mr. and Mrs. Donald Tillman and family. Mr. Munger was born here in 1889.

Major and Mrs. Greg Mason, Jim and Jeff, who have been visiting Greg's parents, Mr. and Mrs. James C. Mason, left last week for Gunzburg, in Bavaria, Germany, where Major Mason will be stationed for the next three years.

++

Mrs. Richard Ganun and daughter Pam entertained Saturday in honor of Mr. Ganun who had a birthday anniversary. He was pleasantly surprised when friends and relatives attended from Deerfield, Adrian, and the Tecumseh area. Honored guest received several gifts, cards were the diversion of the evening and refreshments were served.

Heather Jane arrived July 13 at 5:08 a.m. in St. Joseph Mercy Hospital, Ann Arbor with red hair like her sister, Merry, and weighing in at 7 lbs., 9 oz. We are all so glad to welcome the new little Miss to the Grigg family and grateful that her Mom is doing well. After the appendectomy performed only two days before, it was a struggle for she and poor old Dad Marv but pro's like they are in Lamaze, they came through with colors flying. Grandma is ready to holler "Enough." They scared the wits out of me.

++

Mr. and Mrs. Dow Bilby were weekend guests of their daughter and husband, Mr. and Mrs. Kenneth Nagorsen, of Mt. Clemens.

++

William J. LaPrad of Stanton Island, N.Y. spent from Wednesday to Sunday evening in the home of his aunt, Mrs. Margaretta Brisbin, last week.

When is the best time to buy a home?

We'd say as soon as possible.

Because with the real estate activity picking up the way it is, home prices are destined to climb even higher than they are now. And you'll feel better about that if it happens after you buy.

Right now, we have an unusually fine selection of homes from which to choose. And chances are we can come up with the right mortgage, too.

Come in or call, and see what we can do for you. Find out about getting in on the ground floor while you still can.

Luncheon Highlights Belles Celebration

Highlight of the Belles Celebration Day July 5 was the luncheon "Sampling salads 'n Sesquicentennial Fashions in Tyme," at the American Legion post. About 250 attended the event jointly sponsored by the Busy Business Belles, the Legion Auxiliary Liberty Belles and the Monday Club Blue-Belles.

Red poppy center pieces decorated the tables and were designed by Mrs. Rip Smith.

Strolling guitarist of Charlie's Girls, featuring nine year old Jeanne McLeod, provided entertainment.

Salads of every variety were donated by the clubs' members. Luncheon guests were served on souvenier Sesquicentennial plates. Two hundred and twenty-six plates were sold.

Several models were seen strolling among guests and in the serving lines wearing fashions of yesteryear.

Greeting guests in the salad line, Mrs. Edwin Walters wore two outfits, changing into the second later in the afternoon. Each was a 100 years old. First, a long black skimmer dress with high collar neckline worn with matching flat hat trimmed with black buttons on the edging.

Second fashion, also in black featured a bristle complete with horsehair hem edging and satin blouse. Extra interest was added with pantaloons, old hoop high-button shoes and velvet cape.

Husband and wife teamed up for the occasion with Edwin Walters wearing a 50 year old black tux suit and 100 year old top hat.

Mrs. James L. Feight was a "shy bride" in a 90 year old bridal negligee with pantaloon pajama bottoms, laced and tucked. White night gown had a bib front and gathered neckline. Dressing gown styled to match featured tiny mother-of-pearl buttons. Outfit was loaned by Mrs. John Lott.

Mrs. Feight was also seen in a mother of the groom, dusty blue satin gown worn at Louis Schneider's wedding 54 years ago. A cape of black satin faile, trimmed with lace and a double ruffle neckline, once belonging to Mrs. Colonel Cummings, was also loaned by Mrs. Louis Schneider and worn by Mrs. Feight.

Mrs. Earl Lindsley wore her own black velvet dress with silver satin bodice in a 1920's flapper style. Antique earrings and her mother's 86 year old watch accented the gown.

A 1910 hand-fashioned Lansing High School graduation dress was worn by Sue Rufner. Outfit which belonged to Mrs. Ben Pulver was a labor of love with embroidering, tatting and lace inserts.

Georgianna Rufner Emerson also wore another of Mrs. Pulver's fashions. This time a turn of the century ecru party dress with lace inserts featuring satin trims at collar, waist and cuffs. A fancy straw hat with pink satin bows complimented her dress.

Mrs. R.H. Hewlett wore a 90 year old long white apron covering a full black skirt with stitched ruffle on the hem. A black hand-beaded velvet bonnet of her great-grandmother, accented by silk and velvet flowers was fastened with three old-fashioned hat pins. She wore her own long-sleeved, shirt waist blouse.

Mrs. Earl Caswell was a splash of color in her 1884 maroon taffeta bustle-back dress with leg of mutton sleeves and high rise collar. She also wore a 90 year old velvet beaded hand fashioned cape with double ruffles around the neckline. A lavish hat decorated with plumes and flowers kept her right with the tradition of the 1884 fashions.

Stage decorations included two pictures both about 90 years old, and a baby high chair belonging to Mrs. Earl Caswell's family. A 100 year old wedding gown with pink satin top and long pink quilted skirt belonged to the family of Mrs. Walters.

A doll wearing a 49 year old baby petticoat and hand-fashioned dress from Mrs. William P. Snook, may have been the tiniest fashion, but not the least.

Co-chairmen for the event were Mrs. Lamar Rufner, President of the Legion, Mrs. Roland Redmon of the Business and Professional Women's Club and Mrs. William Snook, president of the Monday Club. The groups reported a gross net of $882. About $35 went to the Tecumseh Area Sesquicentennial. Clubs each share $100 to be used at the club's discretion for scholarships or other activities.

Sesquicentennial Is in the Black, Chairman Says

"We will definitely be in the black," said James C. Beardsley, executive committee chairman of the Tecumseh Area Sesquicentennial Inc., in response to a question about expenses involving the community's recent celebration.

A meeting of the "Working Committee" of the Tecumseh Area Sesquicentennial Executive Committee will be held Friday at 8 a.m. at Harry's Cafe.

This is not the usual executive committee meeting, Beardsley explained, but one which will tie up lose ends with committee chairmen responsible for revenues.

Members asked to attend are Delbert King, car sale; Joe Fortunato, revenue; Claire and Dyke Helms, ladies and men's participation; June Macbeth, spectacle ticket; Betty Flanders, Spectacle division; Robert Williamson, special events; Herb Dillon, headquarters; Ella Mary King, publicity; Paula Galazzi, treasurer, and Mabel Lockwood, secretary.

Another final meeting for the entire executive committee will be called in a few weeks.

MOTORCYCLIST INJURED — Earl Harris, 27, Adrian suffered severe injuries to his hand and arm Friday afternoon after colliding with the above car, operated by Lester Proctor, local funeral director. The mishap, still under investigation, occurred at the intersection of W. Chicago Blvd. and Union St. Harris was thrown over the hood of the auto, and his helmet undoubtedly saved his life or from further serious injury. He was headed east on his bike and Mr. Proctor, returning from Clinton and a funeral service there, had just made a left turn at the busy intersection. (Police Photo)

Neck Broken in Accident at Wamplers

John Merz, 20, son of Mr. and Mrs. Al Merz, 9251 Tonneberger Dr., suffered a broken neck in a freak accident at Wamplers Lake Sunday.

His father told Rotarians Tuesday night that his son was scheduled for surgery Wednesday morning. He said that John had been placed in traction, but doctors decided Tuesday afternoon that surgery to fuse two vertebrae was necessary.

It is not known how long he will be confined.

The husky youth, a 1973 Tecumseh High School graduate and an outstanding football player, suffered two fractured vertebrae after diving from a dock into shallow water. William Gentner, fire chief for the Irish Hills Fire Department, witnessed the mishap and pulled him from the water.

Mishap occured on the south shore of the lake at about 6 p.m., shortly after John and some friends left Sunday's MIS race to go swimming.

He was first taken to Bixby Hospital and then to St. Joseph's in Ann Arbor. His condition is reported as good, and he has not suffered any paralysis.

His parents were vacationing at Lewiston and were called home shortly after the accident.

Plan Construction on 3 Golf Greens at Country Club

Work is expected to start within the next 10 days on three greens which were vandalized earlier this year at the Tecumseh Country Club.

No. 1 and No. 10 greens will be rebuilt entirely and over half of the No. 6 green will be torn up and rebuilt. Sterilized dirt will be trucked in and the greens seeded with hopes that all three will be ready for play next spring.

Earlier this year, vandals used a weed killer over three-fourths on the No. 1 and 10 greens and covered about half of No. 6 green. When it was discovered, attempts were made to save the greens but all failed.

Advice was received from officials at Michigan State University and from Scott Seed Co.

Costs are expected to run between $5,000 and $6,000.

6 Mishaps Investigated

Police investigated six accidents this week with only one resulting in injury.

July 17, Bernadine Graham, 44, of Wildwood Circle reportedly fell asleep at the wheel and hit the rear of an auto stopped at the corner of Brook and Conklin. Auto hit was driven by Phyllis J. Simon, 42, of 807 Conklin St. Graham was cited for failure to stop in the assured clear distance ahead.

Thursday, autos driven by Julius E. Vogel, 48, of Manchester, and John W. Stevens, 41, of 2255 Munger Road, collided while backing into Tecumseh Products drives located on opposite sides of the road.

A drivers' education vehicle was heading west on Russell near the Occidental corner Thursday when the driver, Jackie Cooper, 16, of 712 Occidental, stopped immediately upon seeing two kids and a dog run out into the street in front of her. A vehicle driven by Jesse V. LaVoy, 44, of Coachlite Drive, was traveling behind the drivers' education vehicle and struck it in the rear. No enforcement action was taken.

Also on Thursday, a car driven by Leslie C. Truitt, 69, of Devils Lake, was heading south on Chicago when a car driven by Karen R. Sanders, 35, of Clinton was heading north on the boulevard and made a left onto Pearl, hitting the Truitt vehicle in the side. Sanders was cited for failure to yield making a left turn.

Monday, Opal Lucy Sager, 70, of Adrian was cited for improper lane usage when she went from the inside to the outside lane on Chicago and hit a car driven by Alan Lee Schafer, 18, of 10865 Macon Hwy. Both cars were heading east.

Also on July 22, Judith C. Slaugh, 17, of 726 N. Union, was driving east on W. Chicago when a bicyclist turned left from the road's shoulder into the side of her car. Bicyclist, Timothy J. Paulett, 8, of 1202 W. Pottawatamie was taken to Herrick emergency room.

Ruben Cruz, of 412 Center Drive reported to police Friday that his wife parked in the Kroger parking lot and went into the store. When she returned an unknown vehicle had damaged the car and left the scene of the accident.

First Federal Honoring City

An American flag which has flown over the Capitol in Washington, D.C. and a State of Michigan flag which has flown over the Capitol in Lansing will be raised at 9:30 a.m. next Wednesday at the Tecumseh City Hall by Allan C. Graybiel, president of First Federal of Lenawee, as a tribute to Tecumseh's part in the 85-year growth of First Federal.

Mayor Harold E. Easton and Opal Dickinson, manager of the Tecumseh office of First Federal, will participate in the flag raising ceremony.

The Association will celebrate its 85th Anniversary beginning Monday, July 29, and continue through Friday, Aug. 2.

The Michigan legislature passed a concurrent House-Senate Resolution honoring the Association and the Michigan Savings and Loan League, and through its Executive Vice President Donald F. Wall, has extended its congratulations.

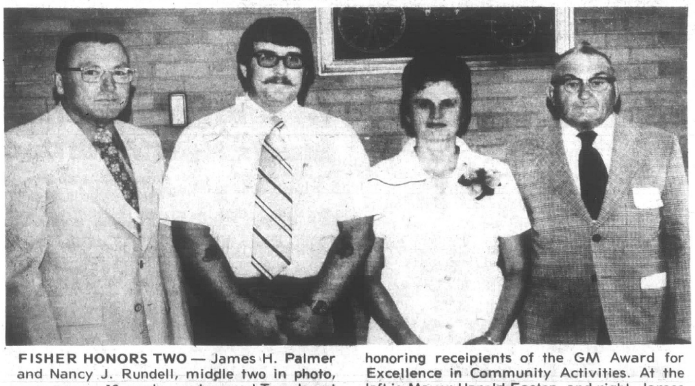
In doing so, Wall said: "The strength and stability of First Federal and Loan Association of Lenawee are illustrated not only by 85 years of service to the community, but also by the high caliber of its management, its strong reserve position, the high quality of its mortgage loan portfolio and through the sound guidance of its directors."

First Federal of Lenawee was founded July 18, 1889 as the Adrian Building and Loan Association. It's Tecumseh office was opened in 1954.

Report Loss

Stauffer Chemical in Tecumseh took $1,000 loss recently when two spools of copper wire were taken from an open storage shed on plant grounds.

According to James W. Lorenzen, an employe, the spools were removed from the shed and one spool, containing 500 feet of wire, was stripped.



FISHER HONORS TWO — James H. Palmer and Nancy J. Rundell, middle two in photo, were among 10 employees honored Tuesday at the Tecumseh Fisher Body Plant luncheon honoring receipients of the GM Award for Excellence in Community Activities. At the left is Mayor Harold Easton, and right, James Mitchell, Raisin Township Supervisor.

Tecumseh's Fisher Body Honors 10, Two from Tecumseh, Britton

Ten employees of Fisher Body-Tecumseh Plant were recognized Tuesday for community involvement, and of the 10 honored, two were from Tecumseh and Britton area.

Nancy J. Rundell, plant nurse, was commended by William Polk, plant manager, for her activity as a project leader for the Britton-Macon 4-H and participation in the PTO at Ridgeway School.

James H. Palmer was cited as a city councilman, member of Michigan Municipal league, co-chairman of the downtown re-development committee and time devoted to the Little League program. He is a sewing machine operator.

Fisher hosted officials from Tecumseh, Adrian and Raisin Township, along with representatives from Maple City Reporter, Adrian Daily Telegram, Lenawee Tribune, WABJ-Radio, and The Tecumseh Herald.

Mr. Polk briefly explained the qualifications for the awards. Judges were Kenneth C. McElroy, president of United Savings Bank of Tecumseh; Dr. Darrell H. Pollard, dean of academic affairs, Adrian College; and Chester C. Elwell, executive director, Lenawee County United Fund.

Top award winner was Lupe T. Gonzalez of Adrian. Second place went to Pilar "Pete" Leon, Jr., of Adrian, and third place, Ralph M. Alcala, also of Adrian.

Other employees recognized included Terrence Linehan, Russel W. Roback, Wendell E. Potes and Saburo Sasaki, all of Adrian, and William Wheaton, Manitou Beach.

Doors To Close at Headquarters

There won't be any more telephone calls to answer, release forms to sign or strangers to direct at Sesquicentennial Headquarters after July 31, when the rent expires and the doors are closed on another chapter of Tecumseh's history.

"It's like the death of a friend," said Ella Mary King, publicity chairman, who still holds down the office until next Wednesday. "It seems quite dead around here now that it's all over. In fact," she confessed, "I jumped when I heard the phone ring."

In less than four months - it officially opened on April 8 - the headquarters and store have greeted thousands of visitors and shoppers.

Volunteer labor redecorated the building for the information office and hospitality center. New paint, carpeting and improved rest room facilities were some of the improvements for an efficient office.

A few Sesquicentennial souvenirs are still available at the Headquarters, including the Sesquicentennial commemorative picture book that tells the 150-year story of Tecumseh. Books are also available at city hall, along with all coins, for sale.

Other store merchandise was returned for a refund to the John B. Rogers Co. shortly after the celebration week.

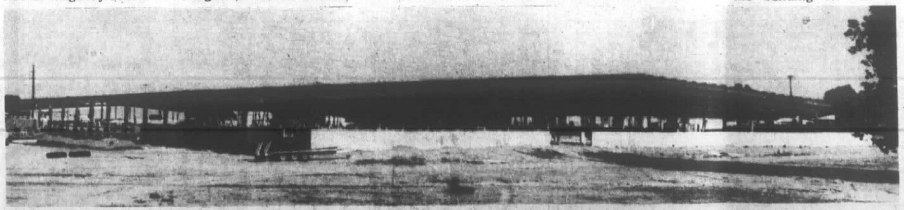
"We've enjoyed working with everyone," said Herb Dillon, headquarters chairman. "We feel that headquarters has been a success as an information center and has been advantageous to the celebration and Sesquicentennial's success."

Financial report on the event is expected to be released this Friday or later.

Dillon also remarked that the celebration has done more for the city than any amount of money spent or received.

"It had put a different light on Tecumseh in the minds of people, it has pulled everyone together." Dillon further said, "We've appreciated working with all the volunteers, executive committee and the press."

And so another chapter of Tecumseh's history closes with a postscript of thanks.



OPEN IN FALL? — DST, Inc. officials are hoping that their new 100,000-square-foot plant will be ready for occupancy, late this next fall. Photo here shows that the steel construction for the huge plant is nearing completion. The new packaging facility is located just west of the Clinton-Tecumseh Rd., at the south edge of Clinton, and will replace a building destroyed by fire in 1973 in the village. National FARM SAFETY WEEK July 25 thru 31

George Parsons, former Tecumseh High School vocational agriculture teacher in the 1930s is still remembered by his students in the area. Mr. Parsons' retirement after 29 years with the Michigan Cooperative Extension Service this month was brough to the attention of The Herald by one of his past pupils.

Parsons is known for his part in establishing artificial breeding, brucellosis (Bang's disease) eradication, and TB control programs for Michigan Cattle, according to July Michigan Farmer. Parsons has published in numerous professional journals on these subjects.

A man of colorful speech and dedication to these scientific research, Parsons told the magazine that he will not lose touch with people and plans to enjoy his retirement with outdoor sports and travel.

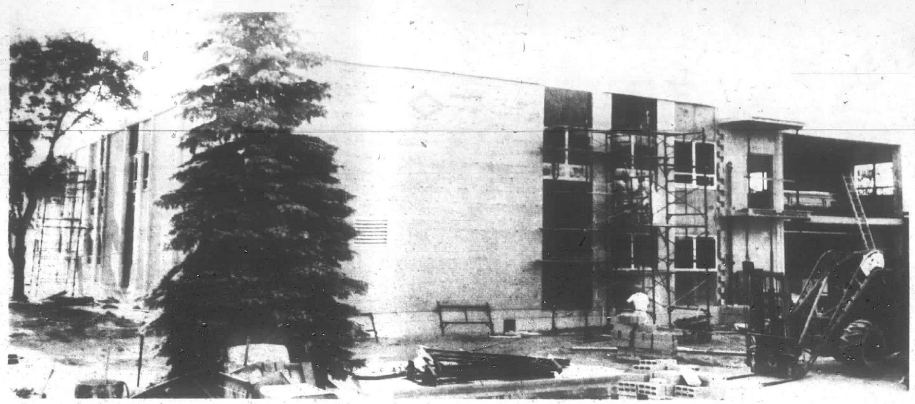
A real live elephant will be a feature of the Fair parade on Aug. 11 in Adrian, entered by none other than Lenawee County GOP committee. Elephant will be on the fairgrounds in the afternoon to perform. That Sunday has been designated as government day by the Fair. Candidates will meet and visit with interested citizens that day.



HOSPITAL CONSTRUCTION - Construction is rolling right along on Herrick Hospital's $3 million project. This new addition replaces the original hospital section, built in the late 1930s.

Feature Column Started

Are you interesting? You just may read about yourself or your neighbor in "The People I Meet," a new feature column in the Tecumseh Herald. Series debuts with story on Chief Tecumseh inside this week.

If you think you are interesting, have an unusual hobby, job or happening in your life, or if you know someone with an off-beat story to share, call the Herald at 423-2174.

We'd be happy to meet you.

Special Training

Midshipman Gordon K. McElroy, son of Mr. and Mrs. Kenneth C. McElroy of 1020 Red Mill Drive, is one of 600 Naval Academy Midshipmen taking part in a special eight-week summer training program aboard U.S. Atlantic Fleet ships visiting Northern European ports.

Purpose of training is to give students practical shipboard experience relating to their regular classes in naval command and management.

Advertizing Rates Adjusted

Effective Aug. 1, The Herald will adjust its advertising rates to help meet rising costs. The increase will amount to less than seven percent.

Less than a year ago, the newspaper paid $165 a ton for newsprint. Today, this cost has risen to $234 a ton, nearly a 50 percent hike.

Ink and many other supplies have increased as much as 30 percent.

Advertisers will receive new rate cards in the mail with their August billing.

General Telephone Starts New Addition

General Telephone Company, according to Division Manager A.T. Jones, has started a new addition to its central office equipment in Tecumseh. The cost of the new project is $89,042.

The work order calls for the addition of 600 lines and 400 terminals. One hundred lines and 100 terminals have already been installed.

The project, according to Jones, is to provide for needed facilities as forecasted for customer growth, urban upgrading and improved customer service. This addition is scheduled for completion during the fourth quarter of this year.

OPEN LETTER

Dear friends,

For retirement income, an annuity may be a wise choice. For example, $20,000 invested at 5 percent interest will pay $84 a month income. Whereas a $20,000 annuity will pay roughly $125 a month for life, beginning at age 65. Much depends on the condition of one's health at retirement, as the single premium annuity is usually forfeit in case of early death.

New World Robin Hood Terrorized Midwest

Robin Hood of the Midwest
By Dana Dunbar

It was on a chilly May morning, May 30 to be exact, in the year 1800 when Silas Doty was born in Albans, Vt. Who would have ever imagined that such an innocent thing as a newborn baby would be well on his way to a life of crime in just a matter of years.

That's really what happened to "Old Sile," a nickname he received from his friends. When he was just three years old he would hide his brothers' and sisters' toys so he could sit back and laugh while they looked for them. Had his parents paid more attention to such antics, when he was young, they may have been able to lead Silas down a straight road in life, but as it was that was just the beginning.

For when the Doty family moved to Bangor, N.Y. in 1809, Silas had his first taste of stealing. It seems that there were many trappers around his home, and when the traps were full with the trappers gone, Silas and a friend would take the furs. Selling their good to "fences" in the city was an everyday experience for Silas and his pal. It was just for small cash at first, but after about three years of such activities Silas had bribed judges, justices, and sheriffs in order to keep them quiet, so he could continue his "business."

He moved on to bigger operations when he reached the age of sixteen. It was at that time that he was given the biggest chance of his life; the blacksmith in town left his shop open, and Silas was able to sneak in and make a set of skeleton keys plus some burglars' told. With these accessories he made his first burglary. It was a small county store and he stole two hundred dollars worth of goods.

It was a small start, but he progressed very fast. By 1820 he had extended his reign of territory over the entire midwest and parts of New England. He very rarely was home anymore, and so left to explore the arts of sailing on the east coast.

It was there that he pulled the greatest caper of his life. He managed to steal a fine cargo ship, load it with stolen furs, sell them at a different port, and then sank the ship. In order to let the air cool, Silas left for England soon afterwards, to feast on the fine stables of the noble British. While there he committed many horse thefts, and was promptly chased back to the United States.

Upon his return he met Miss Sophia Adams and they were married in 1825. As married men are somewhat bogged down, Silas remained a domestic man for the next nine years. Whereupon he moved to Adrian, Michigan in 1834.

It was there that he found a ring of criminals that stretched from New York to Chicago, and strengthened, perfected, and led the organization like a major. It was said that he ruled with an iron will over one of the largest "mobs" ever found in the U.S. In order to be in a more central position for his organization he moved to Detroit, but moved back to Lenawee County in 1837. This time however, it was Tecumseh where he made his home.

He found residence on the "Patch farm," outside of Tecumseh, and attempted to become a farmer. Unfortunately he weakened under pressure and started dealing in counterfeit money. Most of his days in Tecumseh were spent travelling back and forth from his secret caves in the bank of the River Raisin, one in Blissfield and one in Hillsdale.

After a year of "country living" Silas moved to Steuben County. It probably would have been a better choice for Silas to stay in Tecumseh, he committed his first murder in Steuben County. The victim was his best friend, who he shot over an argument. After many trials and escapes, Silas was found guilty of the crime in 1844.

However, while the court was picking a jury, Silas escaped. He ran for the Mexican border, on a pair of stolen horses, hoping to be issued clemency for participating in "The Mexican American War." Once in battle he found war sometimes dull and so therefore arranged a rumor of his death. He could then travel with any troop he wanted.

From Mexico he travelled once again to Michigan. Then his real problems began. Silas spent 18 years of 20, from 1850 to 1870, in prison for numerous crimes. The longest sentence of which was 15 years for robbing a peddler. He became accustomed to prison life and in 1870, when he was then 70 years old, he stole a worthless valise to go back to prison and be among his friends.

Upon his release at the age of 72 Silas finally decided that "crime doesn't pay." So that was the end of the "Robin Hood of the Midwest," a name that he received for sometimes stealing from the rich to giving things to the poor. Silas lived the remaining years of his exciting life as a farmer. When he died March 12, 1876, America saw the death of one of the greatest thieves in North America.

Patricia Clark and Kenneth Brugger Exchange Vows

CLINTON—Wedding vows were exchanged by Patricia Sue Clark and Kenneth DeArle Brugger in Tecumseh Evangelical Friends Church, Saturday evening. Ceremony was performed by the Rev. John Mellish, pastor of First Nazarene Church, Adrian, and the Rev. A. Dane Ruff, of Friends Church.

Parents of the couple are Mr. and Mrs. William Clark, Adrian and Mr. and Mrs. DeArle Brugger, 14470 Allen Rd., Clinton.

Mrs. Loren Avery was the organist and the soloist was Charles Emery.

Given in marriage by her father, the bride wore a princess styled gown featuring a Victorian collar and yoked bodice trimmed with lace and seed pearls. A matching lace cap held her long veil and she carried a cascade of yellow roses

Maid of honor Nancy MacDonald, of Grand Blanc, cousin of the bride, wore a gown of yellow dotted swiss, a matching picture hat, and carried a basket of yellow roses, green daisies and orange baby's breath.

Bridesmaids Barbara MacDonald, Grand Blanc; and Mrs. Joyce Willett, Sand Creek, sister of groom; wore green dotted swiss gowns, and carried baskets matching the maid of honor's.

Best man was Joseph VanValkenburg and the ushers were Richard Logan, Topeka, Kans.; and Douglas Thompson, Springfield, Ill., brothers-in-law of the groom; Kenneth Clark, Adrian; and John Willett, Sand Creek, brother-in-law of groom.

Assisting at the reception in the Church Fellowship Rooms were Mrs. Douglas Thompson, Springfield, Ill.; Mrs. Richard Logan, Topeka, Kans.; Carolyn Brugger and Linda Gabriel.

Bride is a graduate of Adrian High School and is employed at The Daily Telegram. Groom is a graduate of Clinton High School and is employed at Comfort Brick and Tile Company, Tecumseh.

Couple will reside at Idlewilde Manor, Adrian.

Style Sense by Evel

If your hair is limp, a body wave can give it enough lift to keep even the simplest style looking elegant. Then you can wear a layered look with a difference. Very popular these days is a layering that is done every inch or so from the middle back of the head to the nape of the neck. Front hair is cut like a cap. You won't need a set or rollers, and for extra curl, ends can be bent up slightly with a curling iron. An uplift on your head can often create an upbeat in your life!

Dandruff can be a problem but remember, only regular hair care can rid you of this menace. Shampoo often and don't forget to give combs and brushes a shampoo every time you do your hair. Here is an old fashioned recipe for ridding yourself of dandruff: several hours before shampooing, apply hot olive oil to your scalp. Then shampoo thoroughly with tincture of green soap. Whatever your remedy, remember than an organized approach to hair care is the best answer.

Families Host 4-H Youth

The Harry Withrow family of Tecumseh and the Ray Mall family of Britton were among Lenawee County families hosting 29 4-H youth and 6 adults from Pawnee County, Kansas for a four day visit which ended July 22.

Some Pawnee 4-H'ers stayed with Washtenaw and Monroe county families, and all participated in a visit to Greenfield Village, the Ford Motor Plant, and a final square dance in Saline.

This visit is only the beginning of a two year exchange program with Kansas. Next year a group of Michigan 4-H'ers will travel there for a taste of Kansas life.

Hustlers Meet for 4-H Tour

North Franklin Hustlers met Sunday, July 21, for a 4-H tour of members' farms.

The tour began at the home of Carl Aebersold with a look at lambs being groomed for the Lenawee County Fair. Other farms visited included those of Beverly, Janet and Darlene Williams, Jeff Young, Randy Wright.

Visits were made to the Clinton farms of Cathie, Kim, Carolyn, Keith and Jack Hartung, Kay, Mark and Michelle Jenkins, Ruth and Fran Vincent, Scott Adams, and Donna and Roger Roehm.

A potluck picnic at the Roehm's was followed by a baseball game, between the Tecumseh kids and Clinton kids. Tecumseh won 31-7.

Mary Jane Hanson, 4-H visitor from Kansas and guest of Ruth and Fran Vincent, participated in the activities.

HONOR FIRST FED — State Representative Jack Mowat presents concurrent House-Senate Resolution honoring First Federal of Lenawee to the Association's President Allan C. Graybiel. The Association is celebrating its 85th Anniversary beginning Monday.

Doctor Gave Time, Talent to Community

By Maureen O'Brien

Consider A. Stacy was born in Hamilton, Madison County, N.Y. on Jan. 6, 1817. His father, Consider H. Stacy, was a native of New Salem, Hampshire County, Mass., and born in 1794 on a farm near the mountains, where his ancestors had lived for many generations. Upon moving to Madison County, N.Y., he began to study medicine, and was soon a practicing physician until his death in 1840. His wife, Judge Stacy's mother, was born in Berkshire County, Mass.

In comparison with many of the public men of this day, young Stacy had limited opportunities of obtaining an education, but he made the most of those opportunities—a few years at the common district schools and at the academy at Hamilton; these solely made up the foundation of his future success in life. In addition to this bit of education, Stacy had determination, and a desire to earn a name and an honorable position among his fellowmen.

In Aug., 1836, he moved to Michigan, where he chose to become a resident of Tecumseh. He married Miss Mary Walker, of Broome County, N.Y. in August, 1838. Including themselves, the family consisted of seven children, five of whom were: Scovel C. Stacy, who was a gradute of Michigan University, and a lawyer; Alphonzo D. Stacy, who became a clerk and bookkeeper; Loana L. Stacy, who lived at home with her parents; James A. Stacy, who was a student at Michigan University; and last but surely not least, George D. Stacy, who attended school, and lived at home.

Judge Stacy began to study law at the age of 17, and with such persistance, that three years later—in April, 1837—he was admitted to the bar.

This was a very important event for the public, as well as personally for himself. With the completion of the wooden railroad, the struggle over the County seat ended, the future of Lenawee looked promising; but years of hard work and steadfast effort were yet essential to achieve the result. Stacy was made justice of the peace at Tecumseh, and served in that position for four years, until 1842. From that time forward, he was not only a faithful and eager co-worker with his fellowtownsmen, but also with his fellow citizens of Lenawee County.

Although continually practicing his profession, he was forever committed, giving his time, money and talents to advance the interest of the community. For 26 years he was a member of the School Board of Tecumseh, and after those years, his eldest son succeeded him. He was also a member of the State Board of Education, and participated in the organization of the Michigan State Normal School at Ypsilanti, and in the efforts to assure the erection of buildings for that institution. For several consecutive terms prior to 1848, Stacy was prosecuting attorney, and spared neither friend or foe when the public good was involved. For 12 years he served his constituents as judge of probate, beginning his duties in 1845.

Beside all his varied official duties, he practiced his profession in Lenawee County for an upward of 26 years. He was forever interested in the upbuilding of the township and shared in enterprises constructed to benefit the county. As a member of the Democratic party, he took a prominent part in its campaigns. During its dominathce he was the "war-horse" of the county and being an able speaker, he was hot a proslavery man,—his sympathies were always with the poor-nand oppressed,—and more than one fugitive from the South has reason to bless him for aid rendered to them while travelling the underground road from slavery to freedom.

As a lawyer he ranked as one of the ablest in the county. He was a vigorous reasoner, able debator, quick in perception, and versatile in natural talents. In his social life he also held a large influence. He had a host of friends, qualities that caused a large circle of intimate acquaintances to admire him and had earned the respect and esteem of the whole community. High and low, rich and poor, alike received his courteous treatment. To the poor, especially he was always a "friend in need," and in the hearts of many such will beheld in loving remembrance.

Moth Invasion Is Subsiding

Although the 12 day invasion of Spruce Budworm Moths has apparently subsided, there is still controversy about possible damage by larvae. John Comstock, Cooperative Extension agent said that ovipositing of eggs on fir, spruce and conifers such as pine and tamarack may have occurred. However damage to hosts is unpredictable at this stage.

Sitings in the county have been reported to Dr. William Wallner, department of Entomolgy, extension specialist at the Michigan State University. Appraisal can be made only if affected areas are known.

According to Dr. Wallner's report, the insects are not harmful to people or animals and nothing can or should be done this year. If larvae do become a problem Dr. Wallner said they cannot be controlled until next June when conifers are sprayed.

County Cooperative Extension plans to offer control program early June to recommend steps for control if necessary.

Moths concentrated in the central eastern part of the lower peninsula during the week July 4 to 16. It is suspected that they were blown in from Minnesota or Wisconsin by the previous strong storm. Insect is also common to Canada. Their longevity was expected from three to five days.

Safety Poster Takes Second

First July meeting of Tecumseh VFW Auxiliary for 1974-75 featured the announcement that Cindy Cutler, daughter of Mr. and Mrs. Algernon Cutler, 2053 Russell Road, won second prize in the state competition of Safety Rules for Children Poster contest. She was sponsored by Tecumseh VFW Auxiliary.

Mrs. Adelene MacKenzie conducted the business meeting and announced new chairmen for 1974-75: Mrs. Norman Sisty, Membership; Mrs. Ray Williams, Cancer; Mrs. Walter Mueller, Youth Activities and Voice of Democracy Citation; Mrs. Eugene Froelich, Hospital; Mrs. Lowell Wise, Community Service; Mrs. Harry Webb, Poppy; Mrs. Ethel Hammack, Legislative; Mrs. Harlon Boyes, National Home; Mrs. Richard Johnson, Americanism; Mrs. Arthur Sommers, Rehabilitation; Mrs. James Felton, Safety-Safe Living; and Mrs. Adelene MacKenzie, Publicity.

VFW State Convention in Grand Rapids held in June was attended by Mrs. Walter Mueller, Mrs. Harry Webb, Mrs. Adelene MacKenzie, Mrs. Norman Sisty and Lee Coffey. Tecumseh VFW Auxiliary received Voice of Democracy Award, Cancer Award, Post Contest Award and the Honor roll of 1973-74. Respective chairmen of the winning award committees were Mrs. Walter Mueller, Mrs. Lloyd Stites.

VFW 6th District planning meeting will be held July 29 in Ann Arbor. National Convention in Chicago is August 18-23.

Next VFW meeting will be August 7 at the Post Home, 8:00 p.m.

Sisters Attend Ballet Conference

CLINTON — Della and Darcy Ford, daughters of Mr. and Mrs. George Ford, attended the annual Cecchetti Ballet Conference and Seminar involving teachers and students from 16 states, Washington D.C. and Argentina which was held during July at Michigan State University.

The 52 ballet teachers and 177 students received instruction from a roster of outstanding ballet teachers from two nations, including Richard Englund, director of the Ballet Repertory Co., New York City, and Margaret Marsh of London, Eng.

Instruction included the seven classes or grades of ballet with special attention to the Cecchetti method which emphasizes quality of movement and of style. Teachers also received instruction in music theory for dance, the pointe technique and methods of teaching both the professional and the nonprofessional. In addition to other facets of the ballet, the students also focused on modern dance, character dancing and Spanish dancing and drama.

Cecchetti Ballet Conference and Seminar was sponsored by the Cecchetti Council of America and MSU's continuing education service.

MR. AND MRS. SAMUEL BATES

Teresa Anne Rowe, Samuel Bates Marry

BRITTON — St. Elizabeth Catholic Church, Tecumseh, was the setting for the wedding of Teresa Ann Rowe and Samuel William Bates, June 28. Ceremony was performed by the Msgr. Vincent Howard.

Bride is the daughter of Mr. and Mrs. Walter J. Page, 9990 Ridge Rd., Britton. Groom is the daughter of Mr. and Mrs. Herman Bates, 235 W. Chicago Blvd., Britton.

Patti Patterson was the soloist, and Mrs. Fred Schober was the organist.

Bride was given in marriage by her father. She wore her mother's wedding gown of 28 years ago. The white satin bridal gown had a sweetheart neckline with white pearl buttons down the back to the waist, and long sleeves with pearl buttons to the wrist. A Spanish styled headpiece held a floor length lace veil made by her mother. She carried a closed white umbrella basket with white and lavender daisies.

The bride chose her sister, Sharon Rowe, as maid of honor. Bridesmaids were Sue Bates, sister of the groom, Denise Reau, cousin of bride, Jo Alice Rowe, sister of the bride, Beckie Rowe, sister of the bride, and Stella Rowe, sister-in-law of the bride. Junior bridesmaid was Connie Rowe, and Pam Rowe was flower girl, sisters of the bride. Attendants wore white dresses with lavender picture hats and gloves, and carried white umbrellas.

Chris Bates, brother of groom, was the best man. Ushers were Bob Rowe, Les Rowe, John Rowe, Bill Rowe, Nick Rowe and Brad Rowe, brothers of the bride.

Reception at Tecumseh Products Union Hall was attended by 800 guests.

Bride is a 1972 graduate of Britton-Macon High School, and is employed at St. Joseph Hospital, Ann Arbor.

Groom is also a 1972 graduate of Britton-Macon High School. He is employed at Stauffer Chemical Co.

The couple is now residing at 10275 Ridge Hwy., Britton.

Sesqui Black Lights Left Over For Sale

Four black lights used in the Minstrel segment of the Pageant are leftovers of the Sesquicentennial. A rock, theatre group or anyone who may be interested in buying them may call Betty Flanders, of Flanders Music Co.

Other Sesquicentennial souvenirs, including the commemorative booklets that trace Tecumseh's history over 150 years in pictures, are available at Headquarters, until the office closes next Wednesday.

Sesquicentennial coins are available at city hall.

18th Cundiff Reunion Held

BRITTON — Eighteenth annual Cundiff reunion was held Sunday, July 21 at the home of Mr. and Mrs. Lawrence Weaver at Madison Center, with 57 family members and guests present.

Officers elected for next year are Leon Richardson, president of Baldwin; Keith Crutchfield, vice-president, Britton; Kay Stutzman, secretary of Weston; and Ira Slick, treasurer, Ridgeway.

Five marriages and two births were recorded.

Oldest person attending was William Cundiff Sr. of Britton; youngest, Lea Diane Shoemaker, five months old daughter of Mr. and Mrs. Mike Shoemaker, Ogden. Coming the longest distance were Mr. and Mrs. Dale Fredericks, June and Julie, of Phoenix, Ariz.

Next year's reunion will be held on the third Sunday in July at the home of Mr. and Mrs. Leland Richardson of Baldwin.

Study Group Holds Reunion

BRITTON — Larry Ivan, Britton farmer and Larry Gould, Morenci farmer hosted the Kellogg Young Farm study group four last week as they held their annual reunion in Lenawee County.

Study group spent two full days in touring the county. Tours included the Lloyd Ruesink dairyfarm near Adrian, the Lowell Eisenmann farm near Blissfield and the Ron Jacomb farm near Riga.

At conclusion of the tours the group attended the play "Little Mary Sunshine" last Thursday at the Croswell Opera House in Adrian followed by a steak barbecue at the Larry Ivan farm.

Kellogg Young Farmer study program was a three-year program for Michigan farmers consisting of travel and study of state, national, and international problems.

Dorcas Class Meeting Held

BRITTON — The Dorcas Class of the Britton Congregational Christian Church met in the Fellowship Center of the church July 18. Thirteen members and three guests were present.

A bountiful potluck dinner was served at noon by the refreshment committee composed of Mrs. Nora Schultz, Mrs. Alta Thompson, and Mrs. Carmen Brown.

Mrs. Iva Hotrum had charge of devotions and the program. Mrs. Hotrum used "Home" as the theme of her program and read several poems pertaining to home and family.

At the conclusion of the program, a business meeting was conducted by Mrs. Nina Taylor, class president. A communication was read from Mrs. Carrie Murphy who had been in the hospital. A card was signed to send to Mrs. Myrtle Daykin, a patient in the Herrick Memorial Hospital. The class learned that Mrs. Maude Bush who had recently been discharged from the hospital had gone to the home of her daughter in northern Michigan.

Achieves Academic Honors

BRITTON — Peggy Hagans, daughter of Mr. and Mrs. Charles Hagans, Britton, achieved academic honors for the spring semester from the University of Wisconsin, Green Bay.

Miss Hagans is enrolled in the University Year for Action, a program of one year volunteer work with courses at the University.

A health aide, she works with community health representatives on the Red Cliff and Bad River Indian Reservations in northern Wisconsin. Both tribes belong to the Lake Superior Band of Chippewa Indians.

Peggy graduated from Britton High School in 1969 and Western Michigan University in [illegible]

Goodwill Truck

BRITTON — The Goodwill Truck will be in the Britton area every Wednesday. Readers may call Mrs. Elwood Fairbanks, 451-4414 for home pick-up of clothing, furniture, appliances and other items.

Britton Briefs

Mrs. Clyde Brown had as Sunday guests her daughter, Mrs. Russell Hoisington of Ann Arbor and granddaughters, Kathy, Peggy and Sally O'Hara from Ridgecraft, Calif.

The girls are spending three weeks vacation with their mother and step-father, Mr. and Mrs. Hoisington, before returning to California in another week.

+

Bethel Baptist Bible School will be held in the evenings, starting Aug. 12, Sunday School picnic is scheduled for Aug. 17.

++

Mr. and Mrs. George Forsyth and Hazel Wagner, are presently living at Provincial House, 700 Lakeshire Trail, Adrian 49221. Lakeshire is the second cross street east of Bixby Hospital in Adrian for those who wish to visit these folks.

United Methodist Youth Fellowship group will go to Cedar Point Wed., July 24. All are to meet at the Dale Monagin home at 8 a.m. Bring a sack lunch; cooler will be provided.

Engagement of Candace Sue Cowen to Gregory Joel Hamilton is announced by her parents, Mr. and Mrs. Robert M. Cowen of Britton. Bride-elect is a graduate of Britton High School and plans to attend Eastern Michigan University. Mr. Hamilton is the son of Mr. and Mrs. Paul R. Hamilton, Britton. He is a 1972 graduate of Britton High School and is employed at O.E. Gooding Road Builders in Ann Arbor. He will be continuing his education at EMU. An August 1975 wedding is planned.

Rally Paces Bears

BRITTON — A 22 run fifth inning pulled the Bears beyond the reach of the Colts 16-7 in Little League action. Final score ran 25-6.

Ken Stotler relieved Dan Harriott after two innings for the winning team. Allan Dickerson pitched the first four Colt innings allowing only three hits and struck out eight. He was relieved in the fifth.

Leading hitters for the Bear rally include Mike Gorton, Dan Harriott, Jeff Judkins, Greg Fanslau, Ken Stotler, David Bruce and Tom Wielfaert.

Donation Announced

BRITTON—At a recent meeting of the Ridgeway Township Board, announcement was made of the donation of $150 Revenue Sharing Funds to the Britton-Macon Area Summer Recreation program.

Missionary Speaks to Ladies Society

BRITTON — Mrs. Hank Scheltema, missionary to Brazil, was the speaker at the meeting Thursday of the Ladies Missionary Society. Mrs. Scheltema shared her 15 years in the Amazon region with the 17 women present.

Wednesday evening her husband showed movies and slides of the region which helped viewers to envision her work with the Indians and natives. She said she never did get accustomed to the Tarantulas and always screamed when she saw one. Her husband is a missionary pilot and areas they service are impossible to reach except by airplane. This family is one which Bethel Baptist Church helps support.

A brief business meeting was held with Mrs. Walter Stutesman in charge.

Mrs. Bernard Bishop directed the work project when the ladies cut pictures from magazines to be mounted and used by Mrs. Scheltema for illustrating biblical lessons in the Amazon region.

Mrs. Iva Caswell and Mrs. Bishop served strawberry shortcake.

Next meeting is Aug. 1 with Mrs. Tom Bailey and Mrs. Melbourn Preston refreshment committee.

Postponed

BRITTON—Regular Township Board meeting date has been postponed from August 6 to August 7, at the regular time of 7:30 p.m., due to the conflicting election date.

Vote Tuesday

BRITTON—Voters are reminded to get out and vote Tuesday, Aug. 6 at the Primary Election.

Polls will be open from 7 a.m. until 8 p.m. at the Township Fire Hall.

FRANKENSTEIN UNBOUND. A science fiction story, but one with a reverse twist for Joe is transported backward in time from the year 2020 to 1816. He is introduced to Victor Frankenstein, Lord Byron and many more and from this group comes a tale of horror, excitement, suspense and love, by Brian Aldiss.

Two Travel books: BAXTER'S EURAILPASS TRAVEL GUIDE, 1974-75 and BAXTER'S USA BUS TRAVEL GUIDE, both by Robert Baxter.

WIDOW, the personal crisis of a widow in America. One out of every six women over the age of 21 in America is a widow. Lynn Caine's story is a courageous one that can enlighten us all.

SURVIVAL HANDBOOK. Everything you need to know to cope in every climate and terrain . . . on land or water - by Bill Merrill.

SURROUNDED. Another about Mike Tucker, successful art dealer, and professional thief who steals only from large institutions and the Mafia. By Brian Coffey.

DIAL 577 R-A-P-E. Norah Mulcahnney is a doll but she is also a police woman working the rape division. Reader enthusiastically wants her to live but there are moments of doubt when the rapist makes her his next target for murder. By Lillian O'Donnell.

PHOTOGUIDE TO THE 35mm SINGLE LENS REFLEX. Another excellant photography book by Leonard Gaunt.

TALES OF THE BLACK WIDOWERS. Twelve short mysteries that confound the members of the Black Widowers Club. By Isaac Asimov.

MILLIONAIRE'S DAUGHTER. Her debut was before royalty and her beauty conquered most of Britian and France but all of this did not insure happiness for Christabel and even after she married the Earl of Monkshood her joy was shortlived. By Dorothy Eden.

EMERGENCY MEDICAL GUIDE. This book by John Henderson, M.D. covers common everyday emergencies, their symptoms and treatments.

GOOSEBERRY FOOL. Readers who know Kramer and Zondle and the Widow Fourie from James McClure's previous books will be glad to welcome them again; those readers who have yet to meet them will be in for a treat. A murder with a South African setting.

WINE OF ASTONISHMENT. The Henderson sisters lived pretty sedate lives for the first 25 years of their existence but then things began to liven up for them. By Rachel MacKenzie.

TINKER, TAILOR, SOLDIER, SPY. John LeCarre's latest suspense story, this time the hero is a double agent planted in Moscow — he can only be one of five men, thus the story proceeds.

RETURN OF THE VIRGINIAN. When the son of the famous badman meets a delectable lady pig named Emily, with a talent for water dousing, things start to happen nutty, delightful things, By H.A. Smith.

CHILD AND HIS IMAGE. Self concept in the early years. By K. Yamamoto, ed.

EASI-GUIDE TO CITIZENS BAND RADIO. By F.H. Belts.

HOW TO READ SCHEMATIC DIAGRAMS. By E. Herrington.

PILGRIM AT TINKER CREED. "In nature I find grace tangled in a rapture with violence." So writes Annie Dillard.

AMERICAN CONDITION. Major portion of R.N. Goodwin's book examines the growing evidence of the erosion of the bonds of community, moral authority, and shared social purpose. Such breakdown can only lead to the imposition of a new and binding authority.

HOW TO START YOUR OWN SMALL BUSINESS, complete information from site selection to financing for fifteen popular small business ventures.

GAGE. This is a CIA story with an almost "Watergate" twist. Very exciting and modern. Written by Richard Rhodes.

E. TENNYSON JESSE A PIN TO SEE THE PEEP-SHOW. Based on the sensational Thompson-Bywaters murder case of 1923.

DIVINERS. Story of Morag Gunn living in an early settler's cabin and raising her daughter alone. In her loneliness, she draws upon her memorybank, recalling all poignant, exhilarating moments of her early years. By Margaret Laurence.

WALLS. Hiltgunt Zassenhaus was only 17 when Adolph Hitler rose to power, and she first said "no" to the Third Reich. Rarity as a physician, she became one of the few women doctors. An opportunity to help, she made the most of it with secret cooperation from the Swedish Red Cross. At end of the war she was credited with preventing the mass execution of more than a 1,000 refugees.

TEST OF ENGLISH AS A FOREIGN LANGUAGE. 1973 edition, covers the "New" Toefl exam areas, by E.C. Gruber.

Letters To The Editor

To the Editor:

Dear Mr. Lincoln,

One of the most interesting, unusual and exciting weeks of my life came to an end. The thrilling experience of serving our wonderful community as the "first princess" for its 150th birthday celebration was a real honor that will always be cherished.

Thank you very much for the year's subscription to the Herald. It is very much appreciated, and most generous of you.

Sincerely yours,
Suzie McElroy

To the Editor:

Dear Miss Kulczyk:

Your article on the recent disturbances in downtown Tecumseh was, in my opinion, a very good piece of reporting.

The facts were given in a fair and objective manner, and I am most grateful to you for giving my remarks verbatim.

I thank you for your courtesy when you interviewed me, and for the impartial tone you set in your article. The community is well served where events like this are reported without bias toward anyone.

I am sending a copy of this letter to Mr. Lincoln, as I want to share my feelings with him.

Thank you again.

Sincerely,
Ray H. Walton
Chief of Police

To the Editor:

William Wright just returned from your very successful Sesquicentennial Celebration, and he advised me that by sending $3.50 to The Herald you would forward the material (booklets etc.) pertaining to this historic event. I would certainly appreciate receiving this information.

My parents lived in Tecumseh from 1921-1941, and I lived there from 1921-1934.

Sincerely yours,
John S. Wyman, M.D.

As an independent agent we answer to one boss — our hometown people

We represent several firms, but we work for only one boss — you. That way we can always place you with a company which we think is best for each line of insurance you need. Naturally, we prefer companies like Auto-Owners who look at a loss and take care of it right away without haggling or delays. That's one of the reasons we're part of the Altogether Family. Like us, they're always there when you need them.

Spanish Club Travels to Mexico

By Cathie Hartung

CLINTON — Fifteen members of the 1974 Spanish Club, along with five chaperones, recently spent 12 days in Mexico.

The students are Aaron Cobb, Laurie Thomas, Jane Porterfield, Julie Driscoll, Sandy Drexler, Vickie Scoggins, Vera Patterson, Valerie Way, Gerald Manchester, Tom Busch, Steve Cadmus, Barry McKeen, Donna Freeburn, Cathie Hartung and Debbie Wilson.

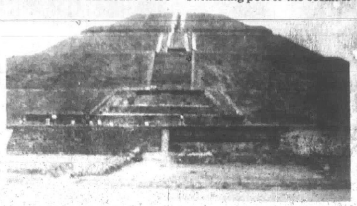
For many the flight was their first and there was much talk and excitement. The flight had only one stop over at O'Hare airport in Chicago, which was also an experience for the group. Finally, the group was off to their destiny, Mexico City!

Group arrived in the typical Mexico City weather — rain! After hurriedly going through customs and having papers signed, everyone was transported by Volkswagen bus to the Gran Hotel de Ciudad de Mexico. Its glamor was beyond the students' belief.

Eight day tour schedule was quite full with everything from pyramid climbs, museum tours, hill top castle visits and of course they tried their luck at bargaining with the natives at the Mexican markets. Most had their first ride on an underground subway about which there were several opinions expressed by the group.

The group's days in Mexico City were over and many were reluctant to leave the beautiful city. But students were off to Acapulco to bake themselves in the sun. All were packed into a small plane and on their way, so everyone thought. But a hurricane had hit the day before and the group returned to Mexico City for an hour wait.

Finally the tour landed in the hot, humid and partially flooded city of Acapulco. Effects of the hurricane were noted along the way to the hotel. Once at the hotel, students headed for either the swimming pool or the ocean or out to the balconies to enjoy the view.



PYRAMID OF THE SUN — Fifteen members of the 1974 Clinton High School Spanish Club climbed all the way to the top of this 250 ft. pyramid in Mexico City.

While in Acapulco, the students saw the famous cliff divers, did last minute shopping and simply enjoyed the sun. Some were quite sunburned after the holiday.

Trip ended with a "thank-you party" for Mr. and Mrs. Thomas York, Karen Kishpaugh, Dave Mabry, Mrs. Joyce Thomas, and Mrs. Nancy Cadmus, the chaperones whose help was appreciated.

All enjoyed the trip so very much, but most were very glad to be back home again.

Seniors earned money for their four years at Clinton High School by selling candy, hosting the annual carnival and many other fund raising activities.

Foreign Students Visit Area Homes

CLINTON — Several foreign students attending University of Michigan were visitors in area homes for the weekend.

Students came from such countries as Japan, Mexico and Venezuela.

Families hosting the students included Mr. and Mrs. George Lancaster, Jr., Mr. and Mrs. Donald Baker, Mr. and Mrs. Herbert Erickson, Mr. and Mrs. James Heimerdinger, Mr. and Mrs. Robert King, Mr. and Mrs. Martin Scott, all of Clinton; Mr. and Mrs. Leland Bush and Mr. and Mrs. Charles Bishop of Britton; and Mr. and Mrs. Lee Spohr and Dr. and Mrs. Carlton Cook, of Tecumseh.

Margaret Weid, host family coordinator, may be contacted at the Ecumenical Campus Center, University of Michigan, 921 Church St., Ann Arbor, by anyone wishing to become a host family for a foreign student.

Another visitation may be scheduled in October in the area. To be a host for this visit call Mrs. Robert King, 456-4435.

Bloodmobile Is Successful

CLINTON — Bloodmobile visit to Clinton Middle School was a huge success, July 17, with 138 pints of blood donated.

There were 167 persons who volunteered to donate blood and 29 who were rejected for health reasons.

Especially to be commended are Mrs. Archie O'Connor, Clinton chairman, and Clinton Area Jaycees, for their efforts in contacting prospective donors in advance, insuring a good response.

Couples Host Reunion

CLINTON — Mr. and Mrs. David Van Tuyle and Mr. and Mrs. Joseph O'Donnell hosted a reunion of the Class of 1954 of Clinton High School at the Firemen's Cabin, Saturday night.

Among the 18 members of the class and their spouses were Beverly Adrion Aldrich of Phoenix, Ariz., and Mr. and Mrs. Jerry Goldsmith of Rochester, N.Y. Others came from Detroit, Brooklyn, Jackson and local areas.

A buffet dinner was served by the hostesses.

Records from the '50's were played for dancing.

Especially interesting were the slides from their high school days, shown by Jerry Goldsmith.

Planning was begun for another reunion in five years, with the same hosts.

Son Named To Dean's List

CLINTON — Philip Campbell, son of Mr. and Mrs. Rex Campbell, has been named to the dean's honor list at Siena Heights for the past semester. He is a sophomore, studying dramatics.

Son To Study Under Dr. Cook

Dwight McKenna, son of Mr. and Mrs. Paul McKenna, Sand Lake, will study under Dr. Carlton Cook, 602 E. Pottawatamie, during August.

A graduate of Clinton High School, Dwight has completed his freshman year at Wayne State Medical School.

Whiz Kids To Appear

CLINTON–The Whiz Kids, a popular Ann Arbor rock group will appear in concert at Clinton High School, July 26 at 8:30 p.m., sponsored by the Clinton Varsity Club.

Marriage Announced

Marriage of Wendy Ehlert to Bruce Hollister, of Wauseon, Ohio, was recently announced by Mr. and Mrs. Wallace MacGeorge. Miss Ehlert is the daughter of Mrs. MacGeorge and the late Lawrence Ehlert.

Couple were married July 1 at the Silver Bell Wedding Chapel in Las Vegas, Nev.

Bride is a 1969 graduate of Tecumseh High School.

The Hollisters are now at home at 228 Birch St., Wauseon, Ohio.

Firemen, Wives Watch Films

CLINTON — Members of Lenawee County Firemen's Association, and wives met July 16 at Smith-Kimball Community Center with 100 persons present.

Films on thunderstorms and tornados were shown by Joseph L. Czarniecki, Community Preparedness Director of National Weather Bureau, Detroit.

Members Asked To Set Goals

CLINTON — Suggestions for goals and activities were solicited from the 31 members and guests who attended the first regular meeting of the Clinton Chamber of Commerce, since its reorganization.

The Rev. Earl Lawrence, new president, presided at the meeting after a buffet dinner at the Clintonian Inn, Monday.

Bylaws were read and considered, and will be voted upon at the Aug. 26 meeting.

Members will seek to acknowledge members of the earlier Chamber of Commerce for their contributions to the community. Names will be sought for presentation of life memberships.

Executive board will meet Monday, Aug. 19 and next regular meeting will be a dinner for members and spouses, at 7:30 p.m. Aug. 26 in the Clintonian Inn.

Tot Finder Decals To Aid Firemen

Tot Finder decals, a national program designed to aid the firemen in quickly locating a child's bedroom during a fire, will be distributed between Aug. 1 and Sept. 1, by the Raisin Twp. Firemen's Association and the Raisin Sparkettes.

These decals as well as telephone stickers will be distributed at no cost to township residents.

Project is being funded by Raisin Twp. firemen and their wives.

They will be contacting each home personally and will install the decals in the proper location.

If you have not been contacted by August 25, please call Mr. and Mrs. Joel Rutherford, 423-7981, or Mr. and Mrs. Carl Wagner, 423-2803 and they will see that you are contacted as soon as possible. Raisin Twp. Fire Department hopes to enlist readers cooperation in making this project a worthwhile endeavor.

Annual Monroe Fair Held at Fairgrounds

Twenty-sixth annual Monroe County Fair will be Aug. 5 to 10 at the fairgrounds, three miles west of Monroe on M-50 (S. Custer Road.)

Week will be open with grand parade at 3 p.m. on Aug. 4. Children's day is Tuesday with lots of fun including 4-H activity. Wednesday, Senior Citizens 65 and over may be admitted free until 6 p.m.

A new thrill show will feature precision driving, and speed and crash stunts in the evenings. Two Demolition Derbies will return. Tractor show and pulls, the ever popular rodeo, an open class horse show and death rider motorcyclists are some of the scheduled events. A flower show and bands and dancers will entertain.

Many improvements and additions were made to make this year's fair more enjoyable for everyone, said officials.

Queen Contest Deadline Nears

Tecumseh area women are advised that deadline for the 1974 Lenawee County Fair Queen Contest on July 26 is fast approaching. Those interested queen candidates may contact the secretary's office at the fairgrounds.

Requirements are that queen candidates be between the ages of 17 and 22; a resident of the county and single. Competition is based on poise, personality and appearance.

Queen this year will receive gifts valued at over $200 plus a separate cash award of $50.

Two runners-up will receive some special gifts and cash awards of $25 and $15.

Queen reigns over Fair Week activities and Aug. 27 will compete with women from all over the state at the Michigan State Fair for the 1974 Michigan State Fair Queen title.

Alaska Trip Is Described

"Everything that we expected," was the way Mrs. Carl Nelson described a recent trip to Alaska. Mr. and Mrs. Nelson, and Mr. and Mrs. Horace Robinson of Grass Lake flew to Vancouver, BC and then boarded the ship "Zanadu" north through the inside passage. At Skagway, they went up White Pass Trail to Lake Bennett, then returned to the ship for the return trip.

They were aboard ship for nine days and found the service provided by a staff from Thailand was "excellent."

Baby Girl Is Born

Mr. and Mrs. Arnold Partridge, Kemp Rd., Tipton are the parents of a new baby girl, Penny Jean, born July 10 at Bixby Hospital. She weighed 10 pounds, 4½ ounces.

Grandparents are the Edwin Echelbargers (13 grandchildren) and the Austin Partridges (15 grandchildren). Mrs. Emma Partridge is great grandmother (24 great grandchildren).

Grange Meeting

Tecumseh Grange meeting will be held July 25 at 8 p.m. in Grange Hall.

Tecumseh Grange will hold a card party at Grange Hall July 27 at 8 p.m.

Nixon Proclaims Farm Safety Week

President Nixon has proclaimed the week of July 25-31 National Farm Safety Week. Michigan farmers are urged to be safety minded in their fields, barnyards and on State roadways.

Michigan State Police records show 393 farm equipment accidents occurred on Michigan roadways in 1973. Motorists need to be alert for slow moving farm vehicles while farmers should also exercise caution when entering roadways.

Lenawee County registered 16 farm equipment accidents in 1973. This year's Farm Safety Week stresses the need for alertness, balance, and care, the ABC's of avoiding farm accidents.

"People I Meet" Kathy Kulczyk

Now, that Sesquicentennial Celebration week is past, most people have probably retired their Indian costumes and souvenirs to the attic, even though the city's celebration officially lists the full year.

One of those returning his garb to the closet until the next opportunity is Tecumseh's own Chief Tecumseh, Robert B. Moore.

A truly crowning touch during the Sesquicentennial pageant and festivities Moore had become a very familiar personality in the city's anniversary celebrations. So much so that he has probably been taken for granted by the crowds. Yet this chief has represented the spirit of the famed Indian chief and city's namesake since 1924. With a performance record of 50 years, Bob Moore has become a Tecumseh Legend in his own time.

Moore first portrayed Tecumseh in the 1924 Centennial pageantry in which he rode a pony, bareback and guided the animal by its mane. At that time the pageant field was located east side of the Community Center, beyond the dam, told "R.H." He and his companions practiced their bareback riding routine in Monument Park, which is the location of the present library.

Bob said that he remembers hooping, hollering and riding around the hill full speed with hand extended onto the pageant field. There they dropped tents and made camp to enact Chief Tecumseh's historical meeting between the Pottawatamie and Shawnee Indian tribes.

Bob's other opportunity came in 1942 when Tecumseh Products Co. received the coveted Navy "E" pennant, highest of all honors in the great traditions of the U.S. Navy and also the U.S. Treasury Minute Man Defense Flags for outstanding employees participation in the war bond program. Tecumseh celebrated the occasion with a pageant, Tecumseh Echoes and Bob was Chief in the history making event. That pageant was produced by the John B. Rogers Co. with a cast of 400 persons.

In 1949 at the 125th anniversary of the city, Bob again donned his feathered bonnet.

Bob can tell you that there's more to being a famous Indian chief than wearing a fancy headdress and participating in the pageantry. He said that one of his most exciting moments as Chief was in June of 1949 when Rin-Tin-Tin III, lunged for the fearless Chief's throat "quicker than a tomahawk," in a stunt for the Quaker Oats Co. Rin the grandson of the famous animal star of the 1920's, appeared in Tecumseh for the company's "Industry in Action" show. At the time, the Oat Co. had bought Uncle Sam Macaroni, now the Tecumseh Corrugated Paper Co.

Another test of the Chief's strength and endurance came in 1950 when Bob rode a horse from the Ambassador Bridge 12 miles to Tecumseh, Ont., Canada along side Chief Ernie Campeau of Tecumseh, Ont.

Once on the Canadian border, the chiefs in their full color headdress, greeted by two Royal Canadian Mounted Police, must have made a stunning picture. About the ride Bob said with a chuckle, "I was so saddle sore, they had to drag me off that pony."

Since his first debut, Chief Tecumseh has inherited an authentic Sioux chief's bonnet. Bob said he received it from his cousin in North Dakota who had been made a chief there. Bob's mocassins are also Sioux and his shirt is from an Indian tribe in Guatemala. "You see that makes me of questionable Shawnee parentage," he admitted. Collected beads, wampum and fringed pants "R.J. Moore size," completes the costume.

After all these appearances, Moore admits that he had also tried new warpaint for recent television appearances in promoting Tecumseh's Sesquicentennial.

Born in Tecumseh, the Chief is one Indian who really beats his tom-toms with the Raisin River Rats, a musical group formed by members of the Rotary Club about 17 years ago.

Part of Chief Tecumseh's other appearances this past celebration included riding in the parades, and crowning the Sesquicentennial Queen on the pageant's premiere. After being a former partner in the R.S. Moore Lumber Co., Moore teases that he may end up riding a saw horse in Tecumseh's next parade.

MULBERRY — TIME ADVENTURES, continued

Last week's adventures were mostly with Baltimore orioles. How they chased squirrels and fed their kids dead—ripe mulberries. It was a busy and marvelous adventure, one which kept all of us involved the better part of a day. Strange as it may seem, we have hardly seen any orioles since. They must have moved the kids and introduced them to a new area.

But after the orioles' disappearance the heavily-laden mulberry trees were not bereft of birds. Far from it! One day on the porch I was royalty entertained by the music of five baby bluejays. What a racket! They flew into mulberry trees by the porch just as my bed was being pushed through the porch door. I know full well they were screaming, "We're fed but fancifully thinking, it was easy to believe they were welcoming me to my tree-house porch.

Although it is never completely safe when talking about birds, especially bluejays, to make a rigid no-room-for-the-exception statement, it is seldom that these birds lay more than five eggs. This, of course, means that it would be highly unusual — not unheard of but not the ordinary run of the mill — for five eggs to be laid, incubated, and hatched, then for the whole brood to survive intact the hazardous 16 to 18 days baby jays spend in the nest and finally all leave together to be brought to my mulberry trees. I believe there were five youngsters but reason tells me the odds are against it.

I was excited and so were the birds. They kept hopping, jumping, and fluttering from branch to branch. Perhaps one was counted twice — but I think there were five and I am sure there were four. The noise was unbelievable — indescribable too. One screaming jay is loud, the whole gang was ear-piercing and skull-raising. Great fun though. Fortunately the mulberries were thick and plentiful — imagine having to contend with that hungry family if food were scarce.

Possibly had there been a scarcity of food there would not have been such a large bluejay family. There is strong evidence that in packs of wolves the birth rate is closely related to the availability of food. But, Marda, you are wandering.

Mulberry time is the second most exciting robin time of the year. The first, of course, being when they return in the springtime bringing the happy tidings of nice things to come. The robins are careful observers of the mulberries. As soon as the red berries begin getting black and messy the word goes out and the birds flock in. All sizes, shapes, colors and ages congregate. The oldsters, with all the savvy, approach their feasting with almost nonchalance. Accepting Mother Nature's bounty as old-hat.

Perhaps the most fun to watch are the youngsters who are fending for themselves for the first time. These kids, with their heavily freckled almost white fronts, can be awkward and skiddish. Either they jump away and are startled at nothing or they become so interested in the task at hand that possible danger is ignored. Sometimes their eyes are too big for their mouths and more than once we have laughed as a particularly large berry can not be choked down but has to be spit out. Baby robins being fed by overworked parents — well, as with any birds this is the supreme treat.

One bright and sunny morning Mom and I looked at each other, checked to make sure the sun really was shining, and looked at each other again. It simply could not be raining and yet, why did it sound as though it were? I said birds on the roof and in the eaves troughs. Mom went out to check and sure enough, birds were lined up in the eaves just like cattle line a feeding trough. As they pecked at the fallen mulberries it sounded for all the world as if rain were falling.

Sad to report but the culprits were primarily young starlings. Short of tail, sleek of body, sharp of bill. They were light brown in color and had black eye markings which gave them an unhealthy dissipated look. Unfortunately their visit was a day long affair.

So it is that again this year there were many and varied mulberry tree adventures.

ROTARIAN WHEELS — Funds to put the water wheel at the Community Center back into operation were boosted by a check for $426.62 presented to the city by Rotarians Dr. Sidney Adams, l and r. Lester Proctor, president to Mayor Harold Easton, also a Rotarian. Check represents proceeds from a recent pancake supper. Although the wheel was started up again, recently, more extensive repairs will have to be made before it is operational.

Land of Lenawee Has Tour

Annual "Know Your County" tour, sponsored by the Lenawee Soil Conservation District and Cooperative Extension Service will be Aug. 6.

For over 20 years these groups have offered Lenawee residents the chance to take a day to really look at a part of their county. When the tours first began, they were called Operation "W", because they were planned for women in extension study groups. The 1974 tour welcomes everyone who wants a better understanding of Lenawee County.

Exact route and destination of the tour remain a carefully guarded secret.

Operation "W" participants may drive their own car or ride a bus. They may bring a sack lunch or join in the group meal. Comfortable clothes are in order, and a camera might come in handy throughout the day.

Mrs. Drewyor at 265-5108 will accept reservations until July 30.

Fair Parade Starts Festivities

Fair time is just around the corner. This means it is time for you to get your entry ready for what promises to be the best Fair Parade ever.

The date for the parade, which will officially open the 1974 Lenawee County Fair, is Sunday, Aug. 11, at 2:00 p.m.

Parade units will assemble at Adrian Plaza and proceed out East Maumee St. to Dean St. and directly to the fairgrounds for the ribbon cutting ceremony.

Entertainment coordinator for the Fair, Patricia Stillings, is seeking parade entries of all sorts.

Details on the parade may be obtained from the secretary's office at the Fairgrounds, either in person or by calling 265-8089.

Hugh Fowler Director

Hugh I. Fowler, formerly of Tecumseh, has been named director of industrial relations for the Air Comfort Division of McGraw-Edison Co., Albion.

Fowler, who has been with the Air Comfort Divison for the past two and one-half years, was previously personnel manager. Prior to joining McGraw-Edison, he had 31 years of experience in personnel and labor relations with companies in Ohio and Michigan.

Knitting Program

Lenawee all-county personal appearance knitting and crocheting program will be held Wednesday, July 31, at Lenawee Vo-Tech.

Evaluation begins at 6:30 p.m. and the Fashion Revue is at 8 p.m.

Three Teams Undefeated

Both of Tecumseh's junior girls' softball teams remained undefeated and in first place as they pounded their way past Britton.

Team number 1 scored thirty runs as Britton scored two, and team number 2 scored twenty-five runs while Britton scored twelve.

Lisa Lee pitched the senior team to their win against Dundee. They remain undefeated and in first place.

Blissfield Starts Celebration

Blissfield Area Sesquicentennial began with events scheduled for July 21-28.

Throughout the entire week are Bowling Tournament at Rich Lanes at 3, 6, and 9 p.m.; Gooding Amusements and Rides and Women's Softball Tournaments at the Park; along with other Sesquicentennial frolics familiar to Tecumseh Area.

Tester's Spree (Belles Luncheon) with Mary Powell of the Toledo Blade and "Gowns of the President's Wives" Style Show along with a flower arranging contest and free cooking lesson will highlight Thursday as Celebration Belles Day.

On Heritage Day Friday, tours of points of interest will be given from headquarters. A watermelon eating contest for boys and girls ages six to 10 will be at 2 p.m. A pony pulling contest at 6 p.m. will be followed by a ballon ascension at the park at 7 p.m. That evening, a Czech Folk Dance and Music Club will present entertainment at 8:30 p.m. before the Pageant on the Athletic Field.

Saturday, Veterans and Fraternal Day will feature a grand parade at 2:30 p.m. A trap shoot by the Sportsmans' Club, a Canoe Race at the bridge on Crockett Hwy., a garden tractor pull is also scheduled.

Macon Dialog

by Linda Phillips

423-5213

Would you like to give birth? — to Macon Historical Society, that is. If you are interested in getting the "labor" underway, give Linda Phillips or Julie Rhora a call. Should be fun to continue working together on an historical theme.

++

Macon Blue Birds Lori Ables, Michelle Vaughn, Amy Neitling, Susie Palmer and Vicki Hover attended day camp at Camp Tuckabathcee on Lake Adrian last week. Sherri Hover served as junior counselor. Misses Palmer, Feldkamp, Neitling and Hover attended the closing program Friday afternoon.

++

Saline Area Youth Theatre will be presenting the musical-melodrama, "Labors of Love," at the Saline Middle School Auditorium Friday and Saturday, July 26 and 27. Curtain time is 8:00 p.m., with a matinee being given at 3:00 p.m. on Saturday. According to informed sources, it will be a real treat for children and adults alike. Best of all, it's free.

++

++

Crissy Snyder, daughter of Mr. and Mrs. David Snyder, residents of Park Forest, Ill. is spending the week with her grandparents, Mr. and Mrs. Bob Osborne.

++

There will be a nominations committee meeting Wednesday, July 31, at 7:30 p.m. at Macon United Methodist Church. It is requested that all current officers please let a member of this committee know if you would like a change in office in 1975, or if you don't hold an office and desire one.

++

Mr. and Mrs. Carl Hawkins are on a camping trip this week in Canada. Hope they remembered the "Off!"

++

Sister Loretta of the Christian Medical Missions in Adrian spoke inspirationally of the work she and other volunteers are involved in to approximately 50 women at Macon United Methodist Church's annual tea which took place July 15. She related what a great factor prayer is in their endeavors.

In the way of entertainment, Anne Fisher ("Hattie Hateful"), Galen Davis ("Bob Buttons"), and Karen Murrell ("Dora Delight") gave those present a sneak preview of the play in which they'll soon appear, "Labors of Love."

Yellow roses and candles bedecked the tables. Strawberry shortcake was served by Helen Kappler, Wilma Clark and Emogean Morden.

B&E Program Gets New Appointment

Siena Heights College president, Dr. Hugh L. Thompson announced appointment of Robert E. Westfall of Manchester as chairman of the institution's business and economics program, effective Sept. 1974.

In addition to his duties as an academic program chairman, Westfall will be affiliated with Siena's Cooperative Education Program, serving as liason to local businessmen interested in employing students in conjunction with this program.

Cooperative Education Program, through the assistance of area employers, enables students to work in industries, governmental agencies and businesses, gaining practical, realistic experience complementing their studies at Siena Heights and helping develop them into well-versed, responsible individuals, invaluable assets to their employers and communities.

Westfall, a former Adrian College accounting instructor, will join the Siena Heights faculty with expertise in the fields of business and educational marketing and accounting.

He is a graduate of Eastern Michigan University and the University of Michigan, completed advanced studies at Wayne State University and is currently working for his doctorate in communications at the University of Michigan.

Holloway Happenings

by Helen Smoll 263-9259

HOLLOWAY — Raisin Slickers 4-H Club met at Holloway Fire Hall, when Chris Harsh opened the business meeting. Plans were made as to what each member is to take to the Lenawee County Fair.

On Aug. 4, there will be a tour of the members projects, such as livestock, gardening and woodworking, under the leadership of Clarke Wilson.

A softball game was played preceding the meeting.

++

Raisin Sewing Circle enjoyed a picnic at Ellis Park in Blissfield, at 12:30 p.m. Twelve members and three guests were present.

Mrs. J.D. Jaqua presided at the meeting and it was decided to recess for the August meeting.

When the group reconvenes in September they will be making another quilt and lap robes.

Afternoon was spent socially and they will be invited to the home of Mrs. Florence Gasner in the fall.

++

Cooperative Extension Wookshop

Kosher dills, corn relish, watermelon pickles — don't they make your mouth water? If so, why not learn to make them yourself this summer at a Cooperative Extension Service Workshop on July 26, from 1 to 3 p.m. at Lenawee Vo-Tech.

Mrs. Helen Fairman, extension home economist and experienced pickle-packer, will be on hand to explain the fine points of the process. She will tell you how to choose top quality ingredients for your pickles and relishes. You will learn the various methods to prepare pickled products.

Home-tested recipes for pickles will be available for you at the session. Avoiding pickling's possible pitfalls is also on the agenda. In fact, you will find out everything you've wanted to know about pickling but were afraid to ask.

Session is free of charge and open to any interested person.

Tipton Topics

Tipton Grange picnic was held July 19 at the home of Mr. and Mrs. Raynor Hardy. Fifty members and guests enjoyed a potluck supper highlighted by homemade ice cream. Members of the Grange are to work in the Pomona food booth at the county fair, Wednesday from 4 to 9 p.m. and to furnish homemade pies.

++

Fifteen members of Women's Fellowship met at the Lenawee Medical center, July 16, and played bingo with patients. The Fellowship furnished prizes and ice cream and cake for refreshments.

++

Knights of Pythias and Pythian Sisters held their annual picnic at the cottage of Mr. and Mrs. Everett Bailey, Posey Lake, Sunday. A potluck dinner was served at noon and a social afternoon was enjoyed.

++

Mr. and Mrs. Melvin Greenwald of Houghton Lake were overnight guests Friday of his mother, Mrs. Murray Listman.

Best Ball Golf Results

July 17 brought sunny skies and just enough breeze to make a hot day very enjoyable for the Four Man Best Ball tournament. The teams winning the event follow.

First place, T.C. Roekle, Esther Clauda, Norma Preston and Margaret Finley.

Second place Barbara Blanden, Sally Gould, Myrtle Binder, Ruth Jobes.

Tied for third Helen Damon, Claire Wright, Edna Smith, Julie Mullaly, Judy Thompson, Pat Holmes, Barbara Wheeler and June Macbeth.

There were two chip in winners, Inez Blaker and Mary Badour. Committee members were Myrna Downing, Laura Underwood and Annie VanHearents.

Still Room For Talent At Fair

Plans are being finalized for the talent show to be held during the 1974 Lenawee County Fair on August 13. There is still room, however, for a few more individual and group acts.

This year, in order to interest the best talent in the community, three savings bonds in the amounts of $100, $75, and $50 plus trophies are being offered to the first, second, and third place acts.

Applications are available through the Secretary's Office at the Fairgrounds and also at Nixon Marbro's. They will be accepted through Friday, Aug. 2, with auditions to be held at Alexander Elementary School in Adrian on Tuesday, August 6 from 7 - 9 p.m.

The talent show will be judged by three professionals from Lenawee County.

Lee Catalano On Dean's List

Lee Catalano, sophomore in earth science, was one of 311 Adrian College students named to the Dean's List for the spring semester 1973-74.

To achieve the honor a student must have maintained a 3.25 or B plus grade point average on the basis of at least 14 credit hours.

You Told Us

By Libby Lincoln

Dorothy Grigg has taken an extended leave after 18 years with the Herald. We'll miss her friendly smile and tireless help around the front office but know that she'll enjoy the rest and recreation with her family. Libby Lincoln, a newcomer to Tecumseh, will sub for Dorothy until she returns.

Dorothy Grigg - you left too soon! Rowland Farrar, the checker champ, brought a beautiful bouquet of carnations in thanks for setting his name straight in last week's feature story. Lucky us to enjoy such elegance in the office.

++

Mr. and Mrs. Robert Lincoln, and son John, of Highland Park, N.J., spent the weekend with the James Lincolns. The Robert Lincolns, en route to the West Coast, stopped to visit brother Jim and family, and daughter Libby who just moved to Tecumseh.

++

Betty Clement and the Girl Scouts of Senior troop No. 267 held a farewell dinner at W.C.'s in Adrian for graduating seniors Teri Fetty and Terri Fisher, and special guests Helen Escott and Iris Gage.

The graduates received gifts of owl candles at the gathering and Terri Fisher was announced a new leader of a Jr. troop in Tecumseh.

++

Tecumseh Girl Scouts grossed $145.44 from their Sesquicentennial bake sale June 29.

++

Ray Dobrinsky, Kenneth Dobrinsky and Nadine Seitz have returned from a three-day trip to the Summer Housewares Show in Chicago. Ray says he selected many choice items from the show's several thousand displays in the International Ampitheatre and McCormick Place for his local pharmacy. Still to come is the January Show, the largest housewares show in the world.

++

Terry Strand, 20, son of Mrs. Betty Strand and the late Henry Strand, will enter the first Michigan Marines Unit, the Wolverine Platoon, July 25. He will be stationed at San Francisco, California.

Terry was feted at a going away party at the cottage of his grandparents, Mr. and Mrs. Raymond Pask, on Sand Lake. Local relatives attended and a decorated sheet cake was served.

++

Mr. and Mrs. Wallace MacGeorge, daughters Sandra and Sharon, have returned from a week's trip through the South. The MacGeorges traveled through Ohio, Pennsylvania, Virginia, Tennessee, North Carolina, Georgia and Alabama, and they all agree that Huntsville, Ala. Space Center was the high point of the trip. They visited former Tecumseh residents Mrs. Mahlon Sebring and son at Bristol, Va.

Two-hundred and twenty were registered for the door prize drawing.

Graham Film

MACON — Billy Graham film "Shadow of the Boomerang" will be shown at the Macon School at 8 p.m. Friday and Sunday evenings. Admission is free and everyone is welcome. Film is sponsored by the Lighthouse.

Children of Mr. and Mrs. Harold H. Every invite friends and relatives to an open house honoring their parents' 50th wedding anniversary in their home at 1350 W. Munger Road on July 28 from 2:30 to 5 p.m. Harold Every and Dorothy Corwin were married Aug. 1, 1924 in Clinton. They are the parents of three children, Mrs. Reno (Nancy) Feldkamp of Manchester, Charles of Westland and William of Tipton. There are also 13 grandchildren. It is requested that gifts be omitted.

Program Started

CLINTON — Hands are appearing in the windows of homes throughout the country. These hands are wordless signs which children can "read" as symbols of help when in trouble outside their own homes. If they have an injury, are bullied by other children, become lost or, more terrifying, are threatened by a child molester, the youngsters know they can run to a home displaying a hand to receive aid.

Signs will be posted two to a block by the Clinton Jaycee Auxiliary for a program appropriately called "Helping Hands." Children in the neighborhoods are instructed to go to homes posting the signs when in need of help. Persons displaying this emblem are instructed to assist the child by summoning the parents and the proper emergency agency. They are advised against any application of medication.

Symbol of help is an 8x9 white card on which a dark blue hand has been placed. On the back are listed the local emergency telephone numbers and instructions to the volunteers.

Clinton Jaycee Auxiliary are asking for volunteers to display the "Helping Hand" in their homes.

If readers are interested they may fill out an application with name, address and phone and leave it in a canister at the State Savings Bank of Clinton.

Altar Rose Honors Son

A rose was put on the Altar of the Tecumseh United Methodist Church in honor of Christian Paul Cubberly, son of Paul and Ann Cubberly, born July 17.

United Methodist Men of Tecumseh and their families will hold their monthly meeting at 7 a.m. breakfast, to be followed by at 8 a.m. service.

Guest of Honor Is Bride-Elect

Bride-elect Roxanne Merritt was a guest of honor at a bridal shower at the home of Mrs. William Goble Jr., sister of her fiance, James Claus Jr.

Miss Merritt's marriage to James Claus Jr. will take place Aug. 10 in the United Church of Christ, Clinton.

Attending were 20 guests including Mrs. Henry Pyzik, mother of the bride-to-be; grandmother, Mrs. Chester Merritt, and sisters, Kem Merritt and Kathy Reynolds; Mr. Claus' grandmother, Mrs. James Claus St., Clinton; great-aunt, Ethel Wilson of Adrian, and aunt, Mrs. Arthur Culbert and family, of Brookiyn.

Musical Comedy Opens at Croswell

"A Funny Thing Happened on the Way to the Forum," the New York smash hit musical comedy, will open at the Croswell Opera House on Wednesday, July 24 with Tecumseh talent in the supporting cast.

Tracy Wigent, a Siena Heights sophomore who appeared earlier this season as a forest ranger in "Little Mary Sunshine", will be seen as Pseudolos, the central character in the play. This role was made famous on Broadway by both Zero Mostel and Phil Silvers and in the movie by Zero Mostel, is an ambitious slave who desires to win his freedom from his young master, Hero.

Peg Geiger of Tecumseh, plays a nagging wife, Domina. She is also a Croswell veteran and well remembered for her portrayal of Rose in "Gypsy."

Charles Robinson of Tecumseh, last seen in "1776" and "Mame," is seen as the befuddled old patrician neighbor, Erronius, who searches the seven hills of Rome for his lost children.

Another attractive addition to the cast is Rennie Habecker.

"Forum" is the fourth offering in the Croswell season. Performances continue July 25 to 28, 31 and Aug 1 to 4. Curtain time is 8 p.m. each evening. Reservations and ticket information may be obtained by calling the Croswell box office, 263-5674, between the hours of 11 a.m. and 5 p.m. Special group prices are available.

When "Forum" opened in New York, audiences thronged to see it for the first two years of this run, there was rarely, if ever, an empty seat. Croswell production promises to be as hilarious with experienced talent of Robert Soller as director and set designer; Dennis Kisor, as music director and choreographer Rochelle Wertenberger, all Croswell theatre veterans.

Library Holds Story Hour

Tecumseh Public Library will hold a Story Hour on Wednesdays at 1:30 p.m. for children in the second grade and older. Activities include stories and movies and younger children may also attend.

Card of Thanks

A deepfelt thanks to my family, friends and neighbors, for the flowers, food, money and cards, but mostly for being with us this week of horrible sorrow. Your being with us helped most of all. God bless you all.
Ben's Family 7-25c

We wish to express our heartfelt thanks to the many friends, neighbors, and relatives for their acts of kindness during our recent bereavement. We would like to also thank the nurses, aides, and staff of the intensive care unit at Herrick Hospital. A special thank you to Mrs. Walker and Dr. R.F. Helzerman. Also to the Rev. David Fox for his comforting words and to the Purse Funeral Home for their thoughtful assistance at this time.

Memoriams

In loving memory of Louis E. Underwood who passed away July 24, 1973; "Our Dad"
It's been a long year since Dad went away
But in our hearts, he's just as dear today
Seems as if it was only yesterday
He was coming in the driveway.

One whole year since he went to rest
but we still miss him so, he was the best,
Giving us words of comfort and of cheer
Believe us, we often wish he were here.

Just memories, that's all now left to be
For never again in this world will we see
Our Dad, except in our dreams
Drive in the driveway as always it seems.
Sadly missed by his children,
Linda Lou, Louie, LeAnn and Lance 7-25p

Compete in Slo-Pitch Softball

United Savings captured the Tuesday night Slo-pitch Softball title handing Underwood a 27-2 set back in five innings. The champions pounded out 29 hits, including home runs by Rumohr, Curth and Nelson while Cooley was 5 for 5. Underwood never really got in the game as the bank scored 11 runs in the second inning.

Underwood Chev.	2	5	1

Jerry's Bar dropped their ninth game, losing to Local 429 by a 11-7 count. Gonzalez had three hits for the winners while Jerry's Bar was paced by Hinkleman with 2 hits, including a home run. Jerry's had rallies in the sixth and seventh but fell short as they left 12 runners stranded on base for the night.

Local 429	11	15	3
Jerry's Bar	7	13	4

Industrial Finishing took over possession of second place with a 13-9 win over Apple Knockin Sheep Flockers, Ind. Finishing put across 7 runs in the fifth to put the game away. Ind. Fin. record is now 6-3 with one game left and AKSF is 5-4.

Tec. Ind. Fin.	13	19	3
Sheep Flockers	9	12	4

Wednesday's League appears headed for a playoff as Pike Inn and Mauries each have a 8-1 record with one game remaining. Mauries won on a forfeit as Motorist could not field the minimum 9 players and Pike Inn smashed Pizza Pit 12-2. The winners scored three times in three different innings while holding Pizza Pit scoreless thru 5 innings.

Pizza Pit	2	8	2
Pike Inn	12	14	2

In the other evening game Oberst Agency beat Gaston-Midway 16-11 to record their first win of the season. Oberst trailed 9-7 after 5 but rallied for six runs in the sixth and added three more in the final frame to record the victory. Whelan homered with 2 on to pace the 6th inning rally. Vaughn homered for Gastons-Midway in the third with one on.

Oberst Agency	16	18	1
Gastons-Midway	11	16	4

In Thursday night's league, Irish Hills moved into the drivers seat with only one game remaining by beating Tecumseh Tire Exchange 12-2. The teams had previously been tied for first. Irish Hills took the lead 2-1 in the second inning then scored what proved to be the winning run in the third without a hit. G. Henning homered for the winners in the fouuth with one on and L. Henning collected 3 hits in 4 trips. Tec. Tire Exchange never really mounted a rally as only 4 players reached third base.

Irish Hill Merch.	12	14	0
Tec. Tire Ex.	2	8	3

In other games, Avon moved into a tie for second beating Handley Equipment 9-7 and Rumpf beat General Telephone 14-4.

Avon took lead early then saw Handley rally for 5 sixth inning runs to make it a one run game at 7-6. Avon came back in the same inning with 2 runs then held Handley to one run in the final frame with the tying run on base.

Avon Products	9	11	4
Handley Equip.	7	17	5

Rumpf Trucking also jumped off to a quick 4-1 lead but Gen. Telephone never got close as Rumpf added 7 runs in the fourth inning. Horton paced Rumpf with 4 hits in five tries while Neumann led Gen. Telephone with 3 hits in 3 attempts.

Kids Return from Resort

In news from Tecumseh Parks and Recreation department, a group of 24 kids recently returned from Sandy Pines, a private resort outside of Grand Rapids, on a trip sponsored by the Tecumseh Parks and Recreation.

Softball, swimming and a trip to the Holland State Park kept everyone busy. Everyone returned sunburned and weary eyed after camping out in tents for three days.

Two Join Rotary Club

William Feight, owner of Baldwin Hardware, and Robert Vaillancourt, former Tecumseh auto dealer, became members of the Rotary Club last week.

Harvey Koselka, Lenawee County prosecutor, addressed the club about alcoholism, drugs, crime and the handling of cases by the courts.

Glenn Driscoll was program chairman.

LOOK AT THAT BUBBLE — Holly Thompson, 11, had a grand time blowing bubbles in the Friday, July 12's youth day competition.

JUST DROP ME IN THAT SACK — Five-year-old Sally Lemanski was ready to go when suddenly she found she had plenty of help getting into her sack for the race. Jana Upell, left, and Debbie Baker work for the Tecumseh Recreation Department and were glad to help the little girl get a quick start. Among other events, the youth day activities, sponsored by the recreation department, included sack races, races carrying potatoes on spoons, and bubble gum blowing contests.

Motorcycles To Race at Fairgrounds

Motorcycle race will be at the Fairgrounds in Adrian Aug. 9. Trials begin at 7 p.m. and the race begins at 8 p.m.

Reserved seats for adults are on sale at the Lenawee County Fair Office or any motorcycle dealer in downtown Adrian. Tickets are also available at the gate.

HOMEOWNERS CORNER

by Vic Clauda

Plastic coated wood and fiberboard are often the most adventageous covering for kitchen counters. They provide a non-porous, glass like surface, which is easy to clean. The covering requires little attention, and next to no upkeep. Better still, its not subject to grease or food stains. The finish is permanent and attractive, with a large selection of patterns in fast colors. The same material may be used to finish the edges of your counters.

You'll find it most advantageous to shop for all your plumbing fixtures at CLAUDA PLUMBING & HEATING, 1108 W. Chicago Blvd., 423-3121. Do-it-yourselfers are welcome to come in for advice on how to handle a project plus the materials and tools to do the job or you can call us for free estimates on new plumbing installations or repair of present system. Hours: 8 a.m.-5:30 p.m. daily, until 5 p.m. Saturdays, until 9 p.m. Fridays.

Helpful Hint: Make sure your furnace fan is oiled if you are running it this summer.

Two Races for Posts

Fay Whelan

Keith Bailey

Martin Halley

George Heimerdinger

Willis Davenport

Two races have developed locally in Tuesday's primary between Republicans seeking County Commissioner posts.

In District 6, incumbent Fay Whelan is being opposed by Keith Bailey, former Tecumseh Oldsmobile dealer. Whelen, also a local businessman, heads Hoyt Whelan Co. This district compromises most of Tecumseh, but not all.

Three candidates are seeking District 5 post, now held by Martin Halley and who is seeking re-election.

Running against him are Willis Davenport and George Heimerdinger. District includes Tecumseh and Clinton Townships, a section of Franklin Township, and a small section of the city of Tecumseh.

Republican Contests in Primary Tuesday

Hundreds of voters in Tecumseh and area will go to the polls next Tuesday, Aug. 6, to determine candidates to be on the November ballot.

Polls will open at 7 a.m. and close at 8 p.m.

A resume of candidates and races for Tuesday's primary is:

3rd District: Ronald Brown, Onsted, incumbent Republican; Robert J. Harkness, Adrian, Republican; Larry Lynn McClain, Tipton, Republican; Raymond R. Jackson, Tipton, Democrat; Regino Tepfenhart, Tipton, Democrat:

4th District: Stacy Zilke, Deerfield, incumbent Republican; Julie Rhora, Clinton, Republican:

5th District: Joseph J. Conklin, Tecumseh, Democrat; Willis Davenport, Tecumseh, Republican; Martin Halley, Tecumseh, incumbent Republican; George Heimerdinger, Clinton, Republican:

6th District: Keith D. Bailey, Tecumseh, Republican; Fay A. Whelan, Tecumseh, incumbent Republican; Nancy J. Nichols, Tecumseh; Democrat:

10th District: William E. Mackey, Tecumseh, incumbent Republican.

Tecumseh Township

In area township races only a few positions are in contention. In Tecumseh Township, only race is for supervisor, with Republicans James Tonneberger and Thomas Neill seeking that position; and incumbents seeking the other positions are: clerk, A.W. Merz; treasurer, Helen Sharpe; and trustee, Larrie Eaton.

Clinton Township

In Clinton Township, only Republicans have filed with one trustee position sought by Robert A. Winder and David Heimerdinger. Other offices are sought by incumbents: supervisor, Harry J. Comstock; clerk, Janet L. Welch; treasurer, Mary Hull; and constable, Leo R. Smith. Two positions on the Clinton Township Library Board are sought by John Colton and Agnes Geiger, incumbents, and Esther M. Schmidt. Clinton Township voters are reminded that they will vote in Clinton Middle School for the first time, not in the library.

Ridgeway Township

Six Republican candidates are seeking the position of treasurer in the only contest in Ridgeway Township election - Ann Fairbanks, Curtis Banks, Jim Shiels, Russ Spalding, Richard Moore, Howard Haas, Jr. Other candidates are unchallenged, supervisor, Robert Auten, incumbent; clerk, Arlyne Banks; and trustee, Gerald Filter, incumbent.

Raisin Township

Raisin Township Republicans face contests for three positions: clerk, Larry Crittenden and Shirley Roback, incumbent; treasurer, Marjorie Comfort incumbent and Vanda Fisher; and constable John Escott, and Harry Withrow Jr. Supervisor James Mitchell, incumbent, is unopposed in the primary as is trustee candidate Richard Gallaway. David Irwin is unopposed as a Democrat candidate for trustee.

Macon Township

Republican primary in Macon Township has two contests: for trustee, Alvin Pollitz and Harold Rhora, and for constable, Hamilton Moore and Edward Clark. Unopposed are supervisor, Charles Bigelow; treasurer, Sandra Bortel, and clerk, Beatrice Gilmore.

Franklin Township

Republican primary in Franklin Township has a race for treasurer, Judith Baker, Donald Daniels and Carol Tuckerman. Unopposed are supervisor, Richard Platt; clerk, Wesley Whelan; and trustee, Charles Manley. Jay Osburn is unopposed as a Democrat seeking the treasurer post.

YALE L. KERBY

Judge Kerby on Ballot

Yale Leland Kerby, a 1943 Tecumseh High School graduate and a District Court Judge for the past 10 years in Adrian, is seeking a place on the November ballot at the Aug. 6 primary.

There are 15 in the race over a 14-county area. The top four in Tuesday's primary will be on the ballot in November, with two to be elected.

Judge Kerby, well known not only in Tecumseh but throughout the county, attended Michigan State University and received his law degree from Ohio Northern University in 1952.

He has served in many legal positions with the bar, including at the state level.

Zeigler, Smith Club Speakers

A.J. "Jim" Smith, architect and sail plane expert, addressed the Rotary Club Tuesday night about gliding and soaring.

Smith is three times national champion and once copped the international title.

Tuesday morning, Hal Zeigler, candidate for the Michigan Senate, spoke to the Kiwanis Club at Harry's Cafe.

Meeting on GM

A special meeting will be held next Tuesday night at city hall with the Planning Commission examining plans of a mobile home area and cluster of homes site for Green Meadows.

If city officials approve the plans, the Green Meadows project by Appolo Development Company will be forwarded to Council, possibly yet this month.

Next step will be Council's either to accept or to reject the Commission's recommendation. If the recommendation for a zoning change is approved by Council, a public hearing will be scheduled.

City manager Cal Zorn says such a hearing will probably be held in September. Some residents are known to oppose the Green Meadows project, which overall includes a construction program for about 150 acres in the west section of Tecumseh. Many of these residents undoubtedly will attend the public hearing meeting next month.

Planning Commission has been studying the proposal for nearly two years. It has been a give-and-take situation between local officials and the developers.

Primary concern of the Commission was a large, proposed mobile home area and the planned density for the area. The mobile home area has been reduced as has the density.

Branch for Bank in 'Hills'

Commissioner Richard J. Francis of Michigan Financial Institutions Bureau ruled Monday in favor of the application of State Saving Bank of Clinton to establish a branch at the intersection of US-12 and M-124 in the heart of the Irish Hills.

This action, final administrative action of the Bureau which supervises state chartered banks in Michigan, will allow State Savings Bank to procede with plans that were first interrupted in 1972 by protesting action of [illegible] and various County banks.

Officers of the bank report they have obtained services of the architectural firm of Daniels-Zermack, Associates of Ann Arbor to assist in planning and building.

Bank will offer complete banking service, drive-in windows and safety deposit service.

Tentative plans call for an 1800-square-foot building plus full basement with both floors having vault facilities and two drive-up windows.

Youth Recovering from Neck Injury

John Merz, 20-year-old youth who suffered a broken neck in a diving accident at Wamplers Lake on July 14, is responding well at St. Joseph's Hospital, Ann Arbor.

His father says a cast is expected to be placed around his neck, possibly next Monday, and he will then be allowed to walk. There is no paralysis, and John could be released from the hospital in another week or 10 days.

He is the son of Mr. and Mrs. Al Merz, 9251 Tonneberger Dr.

Man Attempts To Lure Girl Into His Car

James Mens, Petersburg, reported to police Sunday morning that a man in a Dodge Challenger pulled up to his 10-year-old daughter and tried to get her into his car.

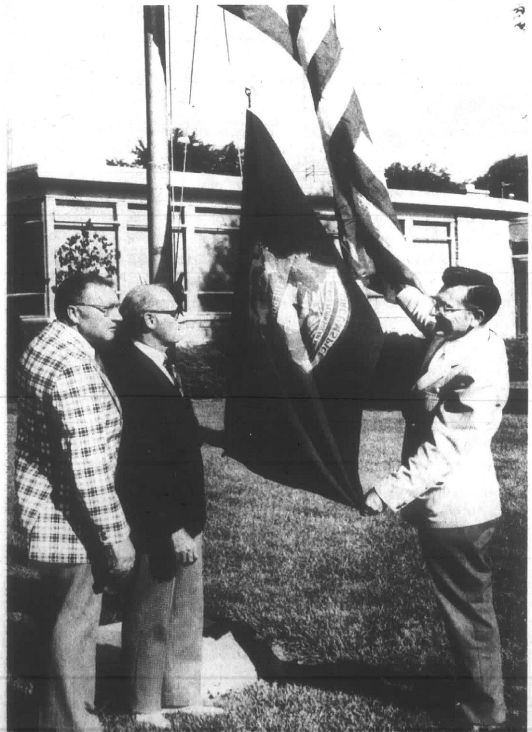
Mens was at a party at the Products Union Hall with his daughter. Man in the Dodge reportedly told the Mens girl to get in the car and that he had a gun. The girl ran as her father came out the door, and the car took off.

Police are still looking for the vehicle.

Road Work Starts Again - Year Later

CLINTON — Work was resumed on Clinton-Macon Road, Tuesday, after a delay of more than a year and a half, when residents protested the destruction of trees as plans called for widening of roadway.

Almost impassable since hard surface was broken up and leveled, the road will now be prepared for a gravel base. Correction of right-of-way, wrongly surveyed over a century ago, will "straighten" road into farm fields and yards in some places, such as a strip near the residence of Mrs. Roy Haft.



FLAG RAISING — Mayor Harold Easton (left) and First Federal board member Virgil Tucker lent a hand to Allan C. Graybiel, (right), President of First Federal, when he raised the State of Michigan flag and an United States flag over city hall Wednesday, July 31. The flag ceremony was a tribute to Tecumseh's part in the 85-year growth of First Federal and Loan Association. Flags originally flew over Washington, D.C. and Lansing. First Federal of Lenawee was founded July 18, 1889 as the Adrian Building and Loan Association. Tecumseh office was opened in 1954.

CLOWNING AROUND — L-r, Gingerbread — Ginger Stevens; Flubbo — Karen Auten and Petunia — Sally Hunt limber up for their appearance, along with seven other Tecumseh clowns at Blissfield's Sesquicentennial parade Saturday. (Photo by Mike Sunderland)

Three Clowns Fool Around

Ten Tecumseh clowns participated in Blissfield's Sesquicentennial parade, Saturday.

Many of the spectators were surprised when they discovered that the clown was a woman. In fact, 20 of the 28 persons who recently completed clown school in Tecumseh were women. Several of the clowns are senior citizens, perhaps having the most fun of all, and a few are boys and girls.

Sally Hunt says "I always wanted to be a clown and never dreamed I'd have the chance." Her dream came true when a clown course was offered this spring by Tecumseh Parks and Recreation.

Sally, who manages Don's Contented Sole, when she's not clowning around, finds clowning an "exciting thing," even though the costumes do get awfully hot and it takes nearly an hour to put on the tricky make-up.

Tecumseh's novice clowns are actually professional now since they earned their diplomas in June.

They made their own ingenious costumes and were a hit in their first appearances at Tecumseh's Sesqui parades.

Of course, a clown has to really be interested in children, Sally said, but, many of the clowns find the make-up and costumes hide their personalities and make it possible for them to become more at ease when they are being funny in public.

Local clowns are available as volunteers or for hire for special occasions.

Saturday's visit to Blissfield was sponsored by the Blissfield Advance. They are booked up for every Sunday in August. On Aug. 4, they'll be appearing at the Monroe County Fair, sponsored by St. Joseph's parish. On Aug 11 they will be at the Lenawee County Fair and on Aug 18 and 25, the clowns will be at the Dundee Sesquicentennial parades.

4-H Asked Again

Each year all 4-H'ers are asked to help with the Lenawee 4-H Chicken Barbecue. This has become a pleasant "kick-off" for the Lenawee County Fair.

This year efforts of members of the 4-H who are able to help as a worker or pie baker will be appreciated. Excellent support has developed over the years. The Fair office hopes members will participate and discover that it is fun to work together, swap stories and meet the public.

Interested people may call the community leader with the news of volunteers.

Proceeds from the barbecue help 4-H in many ways. These include: support for meals served at the 4-H FFA Dining Hall during Fair Week, help with costs of member awards given to all 4-H members, scholarships to graduating Lenawee 4-H'ers, and support for the Washington, D.C. trip, and improvements to the project building.

NEW DOCTOR — — Dr. Ju Chul Rhee, his wife, Oun Sook, Brian, 2, and Earnest, 4, recently moved to 707 Russell Road. Born in Korea, Dr. Rhee is a graduate of the College of Engineering, Seoul, and the College of Medicine, Pusan. He completed his internship at Hutzel Hospital, Detroit, and residency at Detroit Memorial Hospital. The doctor will share offices with Dr. Carlton Cook at 602 E. Pottawatamie, specializing in gynecology and obstetrics. The Rhees said they find Tecumseh to be a pleasant change from Detroit and especially appreciated the town's quiet and cleanliness.

UNITED SAVINGS BRANCH — New Occidental Road branch is nearing completion. Bank officials anticipate that it will open in the next few weeks. Photo shows the drive-up entrance.

Seven Accidents Here, but Only One Injury

Police investigated seven accidents this week with one resulting in only minor injuries.

Sharon L. Hoffman, 17, of 2816 Coachlite Drive, was stopped after traveling east on W. Chicago to turn into A&W when an auto driven by Carol J. Warner, 26, of Tipton, was unable to stop and hit the Hoffman vehicle in the rear on Wednesday. Warner was cited for failure to stop in the assured clear distance ahead.

Donald G. McKenzie, 28, of Adrian was backing into a driveway on N. Evans when a car driven by Naomi F. Martin, 62, of 213 Pearl struck his vehicle passing by. No enforcement action was taken.

On Friday, July 26, Perry R. Cisco, of Hudson, was parked in an A&W stall when a car operated by Michael J. Hill, of Clinton, hit the right side of the Cisco vehicle.

Saturday, Kenneth Lollinger, of 517 S. Occidental, parked his auto in front of his home. Robert O. Pettit, 21, of 5173 Green Hwy., was southbound on Occidental and failed to see the car and struck it. Pettit sought his own treatment, planning to see a doctor later about glass pieces in his forehead.

Brenda Durham, 603 S. Pearl, reported to police Sunday that her car had been damaged, apparently the night before, while she was at work at Krogers. Durham noticed the damage to her car's front end Sunday morning.

Harland C. Parker, 503 Cairns, parked in front of his house Saturday. An auto driven by Thomas W. Wright, 27, of 606 Cairns, was southbound on Cairns near Park St. and hit the Parker vehicle. Witnesses reported the incident to the owner. Wright admitted the accident, but denied making any new damage. There was damage to the auto before it was struck by the Wright car. Wright failed to have his vehicle under control, but no enforcement action was taken by police.

Lilian E. Burnside, 66, of Clinton was traveling west on Chicago Tuesday to turn into Kentucky Fried Chicken and then decided to turn right. A vehicle driven by Norma R. Comstock, 42, of Clinton, was passing on the right after she saw Burnside's left blinker. Burnside vehicle hit the Comstock car in the left side. Burnside was cited for making an unsafe right turn.

Deborah Ann Meyers and Joseph Orin Bradish Wed

Grace Lutheran Church was the setting for the wedding of Deborah Ann Meyers and Joseph Orin Bradish July 20. The Rev. Kenneth Strack officiated the nuptials.

Bride is the daughter of Mr. and Mrs. Henry Meyers, 224 Herrick Park Drive. Groom is the son of Mr. and Mrs. Orin Bradish of Lake Worth, Fla.

On the arm of her father the bride approached the altar in a gown of white nylon organza with scalloped square neckline and clusters of simulated pearls and sequins trimming the bodice. Skirt featured an attached chapel train. Bride's elbow length veil was fashioned from illusion fabric with a band of lace. She carried a colonial bouquet of white miniature carnations, yellow sweetheart roses and a touch of lavender.

Bride selected her sister, Sharon Ruttkofsky of Manhatten, Kan., as matron of honor. She wore a lavender flocked gown with puffed sleeves, a white hat and carried a colonial bouquet of lavender and yellow mixed flowers.

Bridesmaids were Diana Skeels of Adrian and Peggy Bower of Manitou Beach. They wore yellow flocked gowns like that of the maid of honor. White hats and carried yellow and lavender colonial bouquets.

Junior bridesmaids were Tammy Whelan, cousin of the bride, and Ruthann Langmeyer. They wore lavender flocked gowns, bands of flowers in their hair, and carried colonial bouquets. Jessica Whelan, cousin of the bride, was flower girl and wore a lavender flocked gown. She carried the same flowers as the bride.

Doug Bower of Manitou Beach was best man. Ushers were Donald Whelan, bride's cousin; Jerry Bradish of North Adams, groom's brother; and Bill Meyers, brother of the bride, Bill Hammon of Cement City. Jay Bradish, groom's cousin, of North Adams, was junior usher. David Whelan, bride's cousin, was chosen as ring bearer and carried the wedding rings on a pillow.

Reception at Tecumseh Products Union Hall was attended by 300 guests. A centerpiece of mixed flowers decorated the bride's table. Nancy Bowen of Adrian poured punch and Kathy Wanzeck poured coffee. Wedding cake was cut by Nancy Warner and served by Norma Bournes of Adrian.

The couple will honeymoon in Florida for two weeks.

Bride is a 1974 graduate of Tecumseh High School. Groom is a 1973 graduate of Addison High School and is employed at Brazeway, Inc.

Rehearsal dinner was given by the bride's parents at the V.F.W. Hall.

The couple now reside at 1123½ E. Church St., Adrian.

MRS. JOSEPH BRADISH

Karen Gottschalk, John Concannon Marry

Karen Gottschalk and John Concannon were wed in a double ring ceremony July 13 by Rev. Eslinger in the First Congregational Church of Ypsilanti.

Parents of the couple are Mr. and Mrs. Eldon Gottschalk, 502 Murray Drive, and Mrs. Patrick Concannon of Lansing and the late Mr. Concannon.

Escorted by her father, the bride wore a white silk organza and Cluny lace bridal gown, fashioned with English net bodice and long puffed sleeves appliqued in Cluny lace. The sweeping cathedral train was bordered with Cluny lace. Her chapel length veil was also bordered in matching lace. She carried a crescent of white daisies and stephanotis with ivy.

Maid of honor Donna Kaminski of Grand Rapids wore a long gown of yellow crepe fashioned with short sleeves, jewel neckline and a full skirt. She carried a crescent of yellow and white daisies with ivy.

The bridesmaids were Karen Budd and Marilyn Dick of Ann Arbor. They wore yellow gowns fashioned like that of the honor attendant and carried a crescent of yellow and white daisies with ivy.

Robert Robidek of Ann Arbor was best man. The ushers were Jim Concannon, brother of the groom , of Ann Arbor, Joe Laban of Ann Arbor and Gary Gottschalk, brother of the bride, of Saginaw.

One hundred and twenty guests were received at the reception, held in the Lakehurst Lodge of Ann Arbor.

Bride is teaching in South Lyon and the groom is employed at General Motors in Ypsilanti and attends the University of Michigan.

After a wedding trip to Canada the couple will reside in Ann Arbor.

Livestock Winners Awarded

Among the awards granted to swine livestock winners in the 1974 Lenawee County Fair, Aug. 11-17 include $5 to the winner of the Litter Weight Contest, by Hayden Mills, Inc. Also from the Hayden Mills Inc. will be a $12.50, $7.50 and $5 in cash award to the top three contestants in the Rate-of-Gain swine feeding contest. Youth must register projects with the Extension office, and abide by the contest rules.

Style Sense by Evel

Rinsing hands is not washing hands. Few persons wash their hands clean. A surgeon washing up before an operation gets his hands really clean! Use warm water, a brush, a good cold cream or lanolin soap. After a sudsy washing rinse your hands with warm water, dry them, and don't forget to put on some sort of very rich lotion. If your hands are very rough, slip on an extra amount of hand lotion before bedtime, and wear cotton cloves to bed — it'll give you an all-night beauty treatment for your hands.

Your skin is constantly renewing itself! That means that it must not only produce new cells, but also get rid of the old ones. As you grow older, the process of ridding the skin of old cells slows down. Dead cells accummulate on the skin and clog pores. When your pores are clogged, all the moisturizers in the world are not worth your while. So use moisturizers on skin that is absolutely as clean as you can get it: you will stay looking younger longer.

MRS. JACK SUTTON

Kathryn Fern West and Jack Sutton Exchange Vows

Kathryn Fern West and Jack Ayers Sutton exchanged marriage vows Saturday July 20 in Fremont Methodist Church, Bay City.

Parents of the couple are Mr. and Mrs. H.J. West and Mr. and Mrs. L. Jack Sutton, all of Bay City.

The West family formerly resided in Tecumseh.

The bride chose a gown of sata peau fashioned with a lifted bodice, accented with Nottingham lace, with a sheer organza yoke and a crystal pleated neckline. The lantern sleeves were ruffled at the cuffs and the flounced hemline swept into a chapel train. A lace-edged cathedral veil completed her attire and she carried a colonial bouquet of yellow roses, white spider mums, and carnations.

Cynthia West, sister of the bride, was maid of honor and Sarah Sutton, sister of the groom, Mrs. Gary West, sister-in-law of the bride, Susan Neering and Mrs. Mike Deighton were bridesmaids.

Louise Meisel was best man and Gary West, brother of the bride, Tim Sutton, brother of the groom, Gene Ross and Pat Shaffer were groomsmen. Don Bauer and John Johnston were ushers.

A dinner and reception was held at Bangor Hall, Bay City.

After a wedding trip to Nassau the couple will be at home at 322 N. Farragut, Bay City.

The bride was graduated from Central Michigan University and the groom will be returning to college this year.

Rebecca Reed Weds Robert Hill

CLINTON-First Presbyterian Church of Ann Arbor, was the setting for the marriage uniting Rebecca Christine Reed, daughter of Mr. and Mrs. Ralph H. Reed of Clinton, and Robert Logan Hill, son of Mr. and Mrs. Harry Logan Hill of Baltimore, Md. The Rev. Brewster H. Gere performed the morning service July 13.

Bride wore a white satin and lace floor length princess style gown with a cathedral train. Lace covered empire bodice had a lotus petal neckline and short sleeves. Cathedral length illusion veil was attached to a lace covered Camelot crown. She carried an all white colonial bouquet of roses, carnations, daisies and baby's breath. At her neck she wore a pearl and diamond pendant belonging to her mother and carried an heirloom lace handkerchief which had belonged to her great grandmother. Her father escorted her to the altar.

Bridesmaids wore floor length, pastel, daisy flocked, chiffon gowns styled similarly to the bride's. Matching picture hats, and short white gloves completed their costume. Each carried a colonial nosegay of painted daisies and baby's breath with ribbon streamers to match each dress. Dorothy Moore of Taylor, wore a peach colored gown, and Linda Saoud of Detroit wore yellow. Matron of honor, wearing green, was Mrs. Bruce Grosman of St. Clare Shores. Bride's sister, Virginia Reed of Newark, Ohio, was her maid of honor wearing blue.

Best man was John C. Hill of Baltimore, Md., brother of the bridegroom. Groomsmen were Ernest Lux of Baltimore, Clark Reed and Craig Reed, brothers of the bride.

Donald Bryant, was the soloist. Organist, was Thomas Strode.

Reception luncheon immediately followed the ceremony at the Campus Inn, Ann Arbor. The preceeding evening, the parents of the bridegroom were hosts at the rehearsal dinner there.

Bride graduated from Michigan State University in March with a BA degree in journalism. Bridegroom completed his masters degree in Marine Engineering at the University of Michigan in June. He was graduated from Drexel University, Philadelphia, Pa. in 1973 with a BS in mechanical engineering.

Following a wedding trip to the East coast, the couple will reside in Norristown, Pa. Groom is employed by the General Electric Company in the Space Research Development Division at Valley Forge, Pa.

50 Attend Annual Spreeman Reunion

CLINTON — The 34th annual Spreeman reunion was attended by 50 members of the family, July 28, at the Smith-Kimball Community Center. A potluck dinner was shared.

The oldest living member of the family, Charles Spreeman, was celebrating his 86th birthday. Mr. Spreeman's wife, three sons, and daughter were present. His daughter, Mrs. Geraldine Beauchamp of St. Louis, Mo., presided at the cutting of a beautiful birthday cake, served with ice cream.

Next reunion will be held at the same place on the last Sunday of July 1975.

Youth Attend Bob-Lo Trip

CLINTON — Mr. and Mrs. Richard Krohl were chaperones for a bus and boat trip to Bob-Lo Island attended by 57 youth from St. Dominic's parish and Catholic parishes from Irish Hills, Manchester, Chelsea and Saline, July 23.

Dancing on the boat was enjoyed and the island's rides and zoo provided the day's entertainment.

Fr. Raymond Schlinkert of St. Mary's, Manchester and Fr. Philip DuPuis of St. Mary's, Chelsea, joined the party at Detroit.

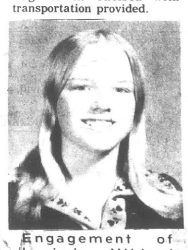
A bowling party for the youth group is tentatively planned for Tuesday night, Aug. 27 in Chelsea with transportation provided.

Katherine Hertler, daughter of Mrs. Harold Hertler, 619 Jackson St., Clinton, and the late Mr. Hertler, recently graduated from Eastern Michigan University with a Bachelor of Science degree. A graduate of Clinton High School, Miss Hertler majored in English and American literature and minored in secretarial administration while at Eastern Michigan.

Election Held in Library

CLINTON — Voters in the Clinton Township area, who will be voting in the primary election Aug. 6, are reminded that the election will be held in library at the Clinton Middle School, not in the Township library as in previous years.

Absentee ballots are available. Readers may call Janet Welch, Clinton Township Clerk, 456-4192.



Engagement of Lucinda Mildred Hanson to Stephen Ray Sturtevant is announced by her parents, Mr. and Mrs. James Hanson, 122 Locust St., Clinton. Miss Hanson attends Clinton High School. Mr. Sturtevant is the son of Mr. and Mrs. Herbert Sturtevant, 4133 Allen Road, Tecumseh. He is a 1973 graduate of Clinton High School and is employed at Stauffer Chemical Co. A 1975 summer wedding is being planned.

MRS. JAMES BLUMHARDT

Summer Flowers Grace Wedding Altar

CLINTON—Assorted summer flowers graced the altar of Grace English Evangelical Lutheran Church, Tecumseh, for the nuptials uniting Jo Elaine Mohr and James Frederick Blumhardt. Candlelight ceremony was performed Saturday evening by the Rev. Kenneth Strack.

Parents of the couple are Mr. and Mrs. Robert E. Mohr, 3430 Pennington Road, and Mr. and Mrs. Herbert Blumhardt, Clinton Road.

Al Ballenberger was the organist.

As she approached the altar with her father, the bride wore an empire gown of white silk organza. Embroidered floral lace accented the high-necked bodice, cuffs of the long full sleeves, and hem of the skirt, which ended in a train. Matching floral lace edged her cathedral length mantilla of silk illusion. Bride's bouquet was a cascade of white glamelias and baby's breath.

Paula Filter served as maid of honor in a long gown styled with a blue dotted swiss bodice and pastel flowered eyelet skirt, trimmed with lace. Her headdress was of matching lace and she carried a bouquet of pastel daisies.

Similarly attired, the bridesmaids were Mrs. Jon Sweet and Mrs. Kelvin Bennett.

Michael Mieduch was the best man. Ushers were Ronald Blumhardt, brother of the groom, and Dennis Kime of Tecumseh.

Reception at the Peerless Union Hall was attended by 200 guests. Mr. and Mrs. Jack Curtiss of Tecumseh and Mr. and Mrs. Lewis Blaisdell were co-hosts at the reception.

Bride is a graduate of Clinton High School and has received a one year secretarial certificate from Northwestern Michigan College at Traverse City.

Groom is a graduate of Clinton High School and is employed at Boron service station.

Upon their return from a wedding trip to Niagara Falls, the couple will reside at 116 E. Church St., Clinton.

Rehearsal dinner at Leutheuser's Saline, was hosted by the groom's parents.

Community Bible School To Be Held

CLINTON — Community Vacation Bible School will be held Aug. 5 through 9 from 9 to 11:30 a.m.

Co-sponsored by the four village churches, St. John's Episcopal, United Methodist, St. Dominic's Catholic and United Church of Christ, there will be classes for children aged pre-school through eighth grade.

Classes for 7th and 8th grade classes will be conducted by the Rev. Earl Lawrence, Rev. Fr. James Lee and Rev. Ronald Corl.

Teachers Comment on Math Department

Submitted by William Raeburn, Kathy Kelso, Gary Kastel, Victor Stevens

The recent evaluation of the mathematics department found the staff well-prepared and interested in keeping the curriculum updated. Major strengths of the department were the excellent general mathematic program and the pre-calculus course.

Weaknesses of the department were: 1) Lack of vocational - technical mathematics courses for the non-college bound students. 2) No consumer mathematics courses. 3) Lack of hardware such as calculators and a mathematics typewriter. 4) Lack of storage facilities. 5) Poor use of community resources in business and industry to show applications.

Evaluator recommended appointment of a department chairman and increased course offerings in areas such as vocation and technical math, consumer math, and probability and statistics. In addition to this he felt that purchase of more calculators was needed as well as improved storage facilities.

Some changes are now being made for next year. Remedial mathematics sections are being dropped. Two sections of pre-algebra mathematics are being added for those students who are planning to take alegebra but need some extra work before attempting it. In reply to the evaluation, other curricular changes will be planned next year for implementation in the 1975-1976 school year.

School Aid Is Announced

Amounts of the next state aid payment for area school districts were announced recently. Britton-Macon Area Schools will receive $39,150; Clinton Community Schools, $26,760; Onsted Community Schools $123,440 and Tecumseh Public Schools, $287,390.

Payment dates during the school year are Aug. 1, Oct. 1, Dec. 1, Feb. 1, April 1 and June 1.

Also included on the list are totals remitted to these districts since the last report for Title I of the Elementary-Secondary Education Act of 1963.

Amounts to be received under Title I are Britton-Macon Area Schools $6,286; Clinton Community Schools, $1,181; and Tecumseh Public Schools $58,392.

Michigan State University Hosts Pork Barbecue

New pork products, which are being developed for the fast food industry at Michigan State University, were described by Jim Rundell, Tecumseh, state director of Michigan Pork Producers Association, at the fourth annual pork barbecue sponsored by Lenawee Pork Producers Association, Sunday.

Rundell's remarks also concerned the pork promotion efforts financed by check-off nickels from pork sales in the state.

Two hundred persons shared the whole pork which was barbecued over charcoal grills, along with a cooperative dinner at Lenawee fairgrounds.

Howard Heath, agriculture commentator for Ann Arbor radio station WPAG was master of ceremonies.

Mark Cutler, 4-H member from Morenci entertained with several accordion selections.

State Pork Queen Coleen Amo, of Washtenaw County, was introduced.

Jay Fisher, president of the host organization introduced the sponsors.

Ken Mitchell, director, announced the Lenawee Pork Producers Association now has 50 members and 17 business sponsors. Memberships are now available for the coming year.

The Pork Producers will promote a pork burger booth, the County Corner, at the county fair, Aug. 11-17, where whole pork sandwiches will be sold.

Merkel in Tecumseh, The Philosophy is as Important as the Furniture.

For 50 years now the Merkel family has run a progressive and successful store just north of here in Chelsea. It began as a service station, pumping gas and selling hardware. Then to paint, wallpaper, casual furniture and now, three spacious floors of furniture, carpet and home decorative accessories.

Since its beginning, Merkel has always been one thing. A "service station". And that's a philosophy that means a lot in today's impersonal business world.

You see the Merkels feel that their customers want three things - selection, reasonable prices and professional, friendly service.

Their Tecumseh store will have all three, a wide selection of name brand carpeting - modern, traditional and early American furniture and accessories - and all at competitive prices.

Their sales personnel, delivery people, installers and interior decorators reflect the same Merkel professional and friendly service philosophy.

So now, as Merkel takes over Helms on East Chicago Boulevard their philosophy will be as important as furniture.

Watch for their new lines to arrive, then stop in and see if you don't agree.

Public's Views Heard by Western Union

There is a device by which citizens can make their views instantly heard, or at least available to be heard, in high places of government. Though not new, the device isn't widely known. It's called "Public Opinion Message."

"Public Opinion Message" is a Western Union Service that lets anyone in the land communicate quickly with his elected officials. For $1.25 a message of 15 words may be addressed to any state legislator, governor, member of Congress or to the President himself. Originated by telephone and billed on the citizen's monthly phone statement, the POM is delivered to the address within hours as a regular telegram.

Admittedly, it's a bit of a trick to come to grips with all the weightier problems of the world in a 15-word POM, or even in a regular Mailgram, which costs 75 cents more and isn't delivered until the next day's mail, but which, with a 100-word limit, gives rhetoric freer rein. Readers may remember the POM the next time you want to inform a member of your state or national government of your opinions.

Guest Welcome Lutheran Church

HOLLOWAY — Welcomed guest to Immanuel Lutheran Church of 1500 N. Blissfield Hwy. Palmyra on Aug. 4 is the Rev. Barbara Andrews, chaplain of Luther Haven in Detroit, a Senior Citizens Home operated by Lutheran Social Services of Michigan.

Pastor Andrews, the first ordained woman Pastor of the American Lutheran Church, was born and raised in Minnesota, graduated from Gustavus Adolphus College, St. Peter, Minn. and from Lutheran Seminary at St. Paul, Minn. She had ministerial experience with youth of all ages and then upon ordination Dec. 20, 1970 became assistant pastor of Edina Lutheran Church of Minneapolis.

She was installed as Chaplain of Luther Haven Home on June 1, 1974 at the Michigan District Convention of the American Lutheran Church held at Kalamazoo and specializes in counseling.

All are invited to the 9 a.m. Sunday School hour where Chaplain Andrews will speak informally of her experiences and work to adults and young adults. Worship service will be 10:15 a.m., where despite her confinement to a wheel chair she will conduct services and preach. Local Pastor Karl S. Oelschlager is currently on vacation with his family until Aug. 14.

Willis Davenport

To

County Board of Commissioners

District 5

Willis Davenport and his wife, Juanita, reside at 1351 Taylor Rd., Tecumseh. They have three married children, Fred, Carol and Karen, all residing in the community. Willis graduated from Tecumseh High School and served in the Second World War. He is a Republican candidate for County Commissioner from District 5, which includes part of [illegible] and Clinton townships, and the west half of Tecumseh. Willis gave this statement to the press as to why he wants to be a commissioner.

"I have lived in Franklin Township all my life and have served in various capacities of local government. I am currently serving my 11th year on the Township Board of Review, a present Trustee of the Tipton Community Church, and Master of the Tipton Grange for the last eight years. I am deeply concerned regarding the present trends of our county government. I believe we should have better communications with the voters — a good recreation program for all ages — better roads — and some positive, instead of negative, attitudes in our approach relating to the problems of our everyday modern society."

Your Support At The Aug. 6 Primary Will Be Appreciated.

Croswell Comedy "Forum" Is Rated Hysterical Hit

By Katy Kulczyk

Something very funny is going on at the Croswell theatre. If you consider yourself a lover of good musical comedy, you owe it to yourself to investigate the Croswell's latest summer offering, "A Funny Thing Happened on the Way to the Forum."

The personality of Tracy Wigent adds special dimension to the characterization of Pseudolus. He projects the character as a very portly, personable slave who cavorts on stage entangling everyone's lives to be free. Pseudolus is to "Forum" as Iago is to "Othello," except that in this comedy, Wigent is 100 times more cunning a busy body. But the audience would probably appreciate seeing more of Wigent's face than his profile or chins as he sometimes speaks into the stage curtains.

Hero, Pseudolos' master, is a very shallow character and Dave Plotter fails to add dimension to the role. Ditto may be said for Philia, the heroine. Perhaps the writer wrote the parts that way, but from the performance of the two, one might say the couple truly deserve each other.

Most relaxed of the characters is Hysterium, slave to Senex and Dominia, played by Don Carroll. Unlike some of the other Croswell veterans, Carroll is not self conscious of the audience. Role of the hypertensive slave enables Carroll to cut lose in those moments when Hysterium finds himself responsible for the selfish scheming of Pseudolus. Hysterium is a character that evolves nicely as the play progresses, due to a fine job by Don Carroll.

Peg Geiger, as the nagging wife; Dominia, perfectly establishes her role in the first few minutes on stage. She is domineering, without dominating the stage. She shares the stage well with husband, Senex (Jerry Andrews).

Senex is definitely the father of Hero, as Hero is a chip off the old block. For the most part, Senex is projected as a dull, unimaginative, henpecked husband. But the character's clumsiness disappears and Jerry Andrews springs to life in the musical number, "Everybody Ought to Have a Maid." Later in the number, "Impossible," father and son share their mistrust and lament for the attention of Philia. For the first time in the play, the two relax with their audience for an interesting performance.

Only thing that you won't find funny about "Forum," are the courtesans. In fact, the male population should find watching these women more rewarding than sitting at home, and watching baseball or last fall's reruns.

Finally, Jim Ochs, as the egomaniac conquerer, Miles Gloriosus, is a handsome man that commands the attention of the stage with his confident portrayal.

Forum does offer "Something for everyone" as the company boasts. A sheer comedy delight.

P.S. The Proteans, Bill Davis, John MacNaughton and Tom Studnicka are a panic. Director Robert Soller made no mistake in casting and directing these roles.

Occasionally I am asked how I think of something different to write about week after week. Well, of course, most of my columns detail the action which takes place outside my window and therefore the birds almost write the script themselves. However, once in awhile something else sparks an idea for an article and that is exactly what happened this week. A telephone call sent us to the bird books.

The question put to me was what kind of a bird would be flying around shortly before dusk and showing very noticeable light spots or areas on his wings. The description rang a bell, but not a very loud one—I had to beg for time to do a bit of detective work. Search of the bird books was quick and easy. Next day I was able to return the call and tell the lady that her neighbor had undoubtedly been watching a nighthawk.

National Geographic Society's WATER, PREY, AND GAME BIRDS OF NORTH AMERICA as well as several other good reference books tack on the word common to the name of nighthawk. I strongly object. Certainly no bird, just as no person, deserves the connotation of being 'low-class or coarse' which is one of the dictionary's nicer definitions of the word common and the nighthawk definitely does not fit another definition which is 'ordinary or widespread.' These birds are not rare but they are not seen everyday either.

Actually they are perhaps more often seen than recognized. Most active just before dark or immediately after dawn, these birds are superb insect catchers. They swoop, dive and dart through the air 'vacuuming-up' great hordes of flying insects. One estimate is that they prey on al least 50 different kinds of insects. As usual with Mother Nature's creatures the nighthawks are superbly designed and have all the equipment necessary to do their designated job well.

Long narrow wings enable them to fly fast and maneuver quickly. Both quite essential for capturing breakfast, lunch and dinner in flight. Although their bills are relatively small their mouths are extremely large; in fact, the Geographic's book describes them as "gaping from ear to ear." Their bills appear even smaller than they are because of the many bristles sprouting from the base. But, of course, these latter things are not seen when the birds are busy gathering bugs. Narrow wings with the light or white bands are good field marks. Also the wing is usually held not straight out as most birds do but with a decided bend showing. They don't hunch their shoulders but it could be said that they do hunch their wings.

They talk as they pursue and consume their 'buggy' meals. Their chatterings are variously described as nasal, buzzing, and utterly unmusical. Gertie T claims that it is a very distinctive sound, one of those noises which once heard is never forgotten.

Occasionally a nighthawk will be seen sitting on a fence-post or in a tree. These 10 to 11 inch birds are not easy to spot though. They are a mixed blend of dark brown, black, tan and white. Very neat camouflaging. In addition to the white spots on the wings, which both sexes show, the males have a white band on their deeply forked tails, and the 'chin strap', which on the menfolk is white, on the females tends more to be tan or buff.

But back to their sitting on rails or limbs. These birds have exceptionally weak, undeveloped feet and legs. One book claims they are weak almost to the point of uselessness. This may be an explanation as to why they are almost always crouched or squatted down. A nighthawk mother never harps at her kids to sit up straight. Also when they are on a fence rail or three limb they sit parallel to it not crossways.

So it is that time runs out, perhaps next week there shoud be some discussion of nighthawks and their kin.

Hockey Team for High School Boys

Lenawee Hockey Association's president, Rev. Rod Hokenson of Adrian, announced July 25 that teams from Tecumseh and Adrian have been voted into the High School Club Hockey league.

Boys from grades 9 to 12 in county schools who are interested in playing hockey under expert coaching with officials and equipment will be able to play in an organized league with opportunity to develop their skills and understanding of the game.

League, on the basis of a "paid gate", will supply some of the uniforms and free ice time for the games, charging about $40 per boy for practive times. Hockey Association indicates to concerned parents that the cost is much less compared to previous programs and the fund raising activities will help boys to play. League will also help new players purchase new or used equipment wisely.

Interested boys or parents can contact coaches David Prior for Adrian and Ken Robinson of Onsted for the Tecumseh area. Boys may also contact former players for further information.

League game starts after football season, with non-football players beginning practices late August. Scrimmages and non-league games prior to the regular playing season may be offered.

Teams included in the Jackson division league are Tecumseh, Adrian, Hanover-Horton, Jackson West, North West, Leslie, Napoleon, and Chelsea.

Several spots on each team will be available to boys from other towns who wish to play.

Mr. and Mrs. James H. Felton, of 114 Burt St. announce the engagement of their daughter Pamela June, to James Dale Wells, son of Mr. and Mrs. Edward M. Wells of Adrian. A November 8 wedding is being planned.

The House That I Live In

KETCHAM INN
By Mike Ocamb

The house that I live in now may be the oldest house in continuous use in the State of Michigan. Although there is no documented proof of its first being built it was mentioned in Tecumseh history as early as 1825.

In 1825, a Mr. Ketchum had the house built on the site of the present Kroger store on Chicago Boulevard. It was a large, square, upright building, without many of the frills that were added later. It served not only as a home but also as an Inn for settlers migrating across Michigan in the 1820's and 1830's.

In 1849, the Ketchums sold the house to Joseph Tilden. Mr. Tilden was a very unusual character, known to townspeople as "Uncle Joe." He lived in the house for nearly 75 years. The only change he made during this time was the addition of a eastern wing with the present recessed porch in 1864.

In 1922 after Mr. Tilden's death at the age of 93, the house was sold to Mr. and Mrs. Harry Moore. With these owners came several major changes and additions. They built the pillars and had some other restoration done. The house fit in well with the New England style of architecture of the Tecumseh area; although one architect was heard to describe it as an "architectural monstrosity."

The major change made on the inside was the removal of the large, double fireplace between the kitchen and dining room. Soon after these changes were made a guest of the Moores' held a seance and announced that there was someone in the spirit world who resented their presence in the house. There was not much doubt as to who this spirit was; who else could it be but "Uncle Joe" Tilden.

Around the middle 1950's the Irelans came into ownership of the house. They moved all of it except a small northern wing, to the present site on Occidental in order to make room for the Kroger store. The other wing I mentioned is now a private house about a half mile north of our home on Occidental Road.

In 1960, my father bought the house and redecorated and facelifted it. The yard was cleaned and manicured. Plants and grass were reseeded and trees planted. Today the home is well kept. It has been standing for 150 years and I imagine it will be standing that much longer.

You Told Us

By Libby Lincoln

Longtime Tecumsehites would have chuckled over this newcomer's hapless adventure last week. Hoping to scoop the County Pickling Clinic at Vo-Tech, I headed for Adrian. Or so I thought. When I landed in Mooreville it suddenly struck me that perhaps I was on the wrong track. I made it back to Tecumseh, minus my story and a little pride but I still want to know, which way is M-52?

A baby girl joined the Charles Andersons of Ypsilanti Tuesday at 3:18 a.m. at St. Joseph's Hospital, Ann Arbor. The 7 lb. 3 oz. charmer joins big brother Dagvin, 4, and becomes the 4th grandchild for Mr. and Mrs. Robert Hunt and the 18th great grandchild for Mr. and Mrs. Clarence Keller, Clinton. Baby Anderson had everyone on pins and needles for 10 days as she dawdled over her grand entrance — Tuesday's child is full of grace but this one sure was slow of pace!

++

Mr. and Mrs. Noel Kohl of Bloomingdale, Ill. proudly announce the birth of their third child and second daughter, Laura Johanna, born July 8. Older siblings Eric and Alisa are fascinated by the 8 lb. bundle, says Mom, and grandparents Robert and Janice Holcomb and Clyde and Caroline Mitchell, all of Tecumseh, have already been out to meet the little lady. The Kohls recently moved into a new house in Bloomingdale where Noel works for the Federal Environmental Protection Agency.

Mr. and Mrs. Charles Chapman, daughter Kay and Cindy, of 709 Brook, recently returned from a week and a half vacation inMiami Florida and the Florida Keys. One of the highlights of their trip was a day ocean liner cruise to Freeport, the Bahamas.

+

Cheryl Barnes has returned home to Austin, Texas, after spending four weeks with her aunt and uncle, Mr. and Mrs. Charles Pearson, Sr.

+

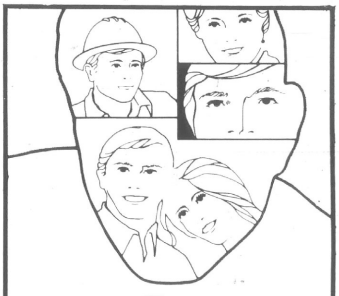
Mrs. Donald Pickenpaugh and son Donald Robert have returned to Bitburg, Germany, after visiting for three weeks with her parents, Mr. and Mrs. Clark Pearson and attending Sesquicentennial activites. Her husband, S-Sgt. Pinkenpaugh, will be stationed at Pruiim Point, Germany, until October. This was the first time his grandparents had seen grandson Donald, who was born in Germany.

Jingle Bells, Santa Claus in July?

A Christmas in July party was held at the Tecumseh Acres Elementary School on Friday. It was planned by the city parks and recreation department playgrounds. A Pinata, Santa Claus, and a picnic highlighted the morning's activities. About 30 people were on hand to enjoy the Christmas celebration.

On Wednesday, the playgrounds had a Clown Day. Four clowns were on hand at Patterson Elementary School to give a demonstration on proper application of clown make-up. After the clowns put on their own make-up, Sally and Rita Lemanski became the clowns' victims and were made up to look like clowns themselves.

Engagement of Roxann Lynn Kimpel to Jeffrey Johnston is announced by her parents, Mr. and Mrs. Kenneth Kimpel, 505 W. Brown. Mr. Johnston is the son of Mr. and Mrs. Elroy Johnston, 803 Adrian St. Both are graduates of Tecumseh High School and both are employed at Peerless Gear, Clinton. A 1975 wedding is being planned.



As an independent agent we answer to one boss — our hometown people

We represent several firms, but we work for only one boss — you. That way we can always place you with a company which we think is best for each line of insurance you need. Naturally, we prefer companies like Auto-Owners who look at a loss and take care of it right away, without haggling or delays. That's one of the reasons we're part of the Altogether Family. Like us, they're always there when you need them.

"WHEREVER THOU GOEST" — Mr. and Mrs. Dean Forsyth of 123½ S. Ottawa, have enlisted in the Air Force. Under the Delayed Enlistment Program, Air Force Recruiter Sgt. Phil Graves of the Adrian recruiting office has guaranteed that Mr. Forsyth will begin training on July 26 and Mrs. Forsyth on Aug. 2 at Lackland Air Force Base, Tex. As a result of their aptitude skill tests, Mr. Forsyth will be trained in the general skill field and Mrs. Forsyth will be trained as a dental specialist. Couple are 1973 graduates of Tecumseh High School and became the tenth and eleventh persons from Tecumseh to enlist in the Air Force this year.

Players Plan Minstrel Show

Tecumseh Players are planning a Minstrel Show. As the Players begin their 15th year, they wanted to do something different to celebrate — all they need are participants! After seeing what Tecumseh did to celebrate it's birthday, the Players realized how many talented people live here. They would like readers to let them know who are the talented. Calls are accepted now so that the group can find out how big this Minstrel Show can really be.

Judy Crombez at 423-7670, Dorothy Wetter 431-2294 and Peg Frownfelder 423-4804 or Jo Wegner 423-3283 are the persons to call if readers are interested.

Playground Activities at Schools

Playground supervision and various activities are held every day Monday through Friday from 9 a.m. till noon at Herrick Park, Tecumseh Acres and Patterson elementary School playgrounds. This program, sponsored by the Recreation Department will continue through Aug. 2.

"People I Meet" by Kathy Kulczyk

While the Sesquicentennial executive committee is busy wrapping up their budget and discussing improvements for the next celebration, there seems to have emerged two new candidates for executive chairmen for the city's 175th or bicentennial celebrations.

Greg Gadek, 12 and Todd Palmer, 11, have been two of the most industrious workers, certainly two of the youngest of the Sesquicentennial.

Between the two of them they have put in 200 hours at Headquarters since the first day it opened. They have swept the back rooms, washed and waxed the old Model A, hauled away garbage and put in more than 10 hours selling Sesquicentennial novelties downtown.

What has impressed publicity chairwoman Ella Mary King is that the boys are so meticulous in their bookkeeping, a quality which distinguishes good businessmen.

Each time the boys go out to sell, they carefully check a self-made inventory sheet, recording exactly their stock, days receipts and cash on hand.

Passersby attribute the boys' success to their salesmanship and persistence. One of the Herald employees, while downtown was approached several times by the tireless two.

Todd credits Greg with organizing the bookkeeping. Their venture was a joint agreement.

"Both of us thought it was something to do instead of wasting time," said Todd. "We wanted to help do something," Gregg agreed.

The boys have been long time friends, although they never went to school together. Once next door neighbors, they teamed up as there were no others their own age on the block.

Since that time, the boys have moved apart with their families. Todd is the son of Mr. and Mrs. James Palmer of 402 W. Kilbuck and Greg the son of Mr. and Mrs. Joseph Gadek, 601 Blanchard. Boys say they get together by riding bikes over to each other's house.

Greg doesn't seem to be too concerned about how he will use this experience with bookkeeping, he said that he would consider a position in the business world.

He will be a student in the seventh grade at Tecumseh Junior High School in the fall. He has a paper route and said that he enjoys keeping "pretty busy."

Todd, who is the oldest of his two brothers and sister will be a sixth grade student at Patterson Elementary School. He is a sports enthusiast and enjoys baseball and basketball. Todd seems to think that he would like to attend college in a business curriculum. But he's skeptical about the value of a college degree. "When I get out of college, I don't know how good of an education I'll have. I probably will work with my father until I'm ready to decide about going to college."

Boys' parents claim no major role in the boys' work and when questioned, were as modest with their words as the boys themselves. "Our parents didn't push us," said Todd, "they just said do whatever you want to do."

However, the parents let their sons be judged on the merit of their own work, which is the best guidance and encouragement.

Although the boys would have probably preferred their work never receive attention, they are considered a special team by Headquarters.

"They're the ones that help put us in the black," Ella Mary King said proudly about the duo. "They are like nothing you've ever seen when it comes to hard workers, especially at their age."

A sad note about this friendship is that the Gadek family may have to move in the next year because of Mr. Gadek's work.

"Greg's moving will take a lot away from what there is to do," said Todd about missing his pal. But I suspect we will probably be friends for a long time." The boys seem confident that neither time or distance will end friendship.

BICENTENNIAL COMMITTEEMEN? — Greg Gadek, 12, at left and Todd Palmer, 11, at right, are a veteran team that have put in 200 hours of general work at Sesquicentennial Headquarters since the office opened.

To The Editor

View on Cedar Point

To the Editor;

I would like to comment on the project which has caused considerable discussion lately. The project is the new "Cedar Point" type amusement park.

I feel that we should look at this from all angles.

It is true, as some of the residents who live in the area of the proposed park, have stated. It would cause several problems. Such as noise, litter, and heavy traffic etc. But some of the business people in the area would be very happy to have the park as it would bring more business their way.

Also it would give employment to a great many people.

And of course the tax collectors would be happy to receive the extra taxes it would bring in.

But there is another very important viewpoint. The young people of this area need something like this. There just isn't much of any kind of amusement for them.

Someone mentioned they could go to Hayes State Park, Hidden Lake Gardens, the lakes, or the car races. But they need more than that. Otherwise why would so many of them drive down in Ohio to Cedar Point?

I agree that Hidden Lake gardens and Hayes State park are beautiful. And those of us, who long ago stopped being teenagers or young people, enjoy going to them. But our young folks need some place to go to get their thrills and have fun.

Perhaps there wouldn't be so many "dope parties," or sitting in bars, or walking the streets and getting into trouble if they could have some other place to go for their thrills.

I sincerely hope the people in the Onsted area who are objecting to this park will give more consideration to our young people and their needs. If some others share my viewpoint please let it be known.

Sincerely,
Mrs. Leon Quigley

Special Meeting Held

At a special meeting held Thursday night, the Lenawee County Democratic Committee voted to continue NOT to endorse candidates in primary elections.

Hugh Flippo, Lenawee County democratic chairman said that ads which have been running in papers during the past two weeks indicated that the Lenawee County Democratic Committee had endorsed or supported certain candidates in Woodstock Twp., which is to the contrary. To his knowledge, the County Committee has not endorsed candidates for primary elections over the past twenty years.

HOMEOWNERS CORNER

by Vic Clauda

Do you have the problem of tools scattered all over your house in odd corners, closets and cupboards? What you need is a tool box — it will make it easier to carry around all the tools you need at once too!

Even if you have adequate storage and hanging space in your workshop for tools, you'll find a toolbox handy. Be sure to get one both large enough to accommodate all necessary tools, and sturdy enough to stand the pressure of lots of hard use.

There will be no problems finding the plumbing fixtures or appliances you want it you come first to CLAUDA PLUMBING & HEATING, 1108 W. Chicago Blvd., 423-3121. Kitchen Aid dishwashers, Insinkerator garbage disposals, Kohler and American Standard plumbing fixtures and Elkay stainless steel sink are handled. We cater to contractors, builders and commercial firms as well as individuals and have a fleet of 7 service trucks on the road to provide you with prompt service. Open: 8 a.m.-5:30 p.m. daily, until 5 p.m. Saturdays, until 9 p.m. Fridays.

Helpful Hint: An attic fan will take excess heat out of attic. Tool holders for hanging tools are a welcome addition to any tool corner.

PONY LEAGUE — VFW sponsored team captured first place in Tecumseh's Pony league with a record of 11-3-1. Teams are presented trophies by the recreation department and then teams present their sponsors with the trophy. VFW team members are, first row, (l-r), S. Valdez, J. Randell, J. Brooks, G. Borton, B. Harsh, M. Simon. Second row, B. Des Ermia, D. Tilton, R. Stoddard, C. Schill, R. Neville, Coach Bob Borton. Not present for the photo are D. Fredrick, B. Ouderkirk, R. Lopez, assistant coach M. Vaughn.

MAJORS — In Major league competition the Tecumseh Police sponsored team took first place with a 12-2 record. Members of the team are, first row, (l-r), P. Gower, R. Szymanski, L. LaVoy, G. Langmeyer, S. Gilpin. Second row, assistant coach B. Smith, J. Hawkins, G. Harrison, D. Langmeyer, C. Webb, R. Smith. Missing from the photo are, coach J. Lunch, J. Bagby, C. Keller, C. Downard.

Girls Softball Teams Split at Blissfield

Tecumseh Parks and Recreation's two junior girls' teams, sponsored by Ed's Standard, traveled to Blissfield to play their girls' teams as a part of Blissfield's Sesquicentennial. Team number one was battled by Blissfield's number-one team by a score of 28-17. Jean Egbert was the winning pitcher.

However, team number two picked up their first loss of the season. Trailing all the way, the girls fought right to the finish but were unable to catch their opponents as they lost 18-17. Both teams are to be commended because of their continuous fight throughout the season. Team number one has a record of 5-0; while team number two has a record of 4-1. Each team has one game left against Britton.

On Saturday, Aug. 3, a district tournament is scheduled. At 1 p.m. Clinton will face Britton, and at 3 p.m. Tecumseh will face Blissfield. Then at 7 p.m. the winners of the two games will face each other to claim the district championship. The games are going to take place at the men's softball diamond. Each coach has picked an all star team from his or her two teams to play in this tournament.

Couple Swaps Sesqui Store Stories

Claire and Dyke Helms, Sesquicentennial women's and men's participation chairpersons might well be able to write a book entitled "How to Run a Sesquicentennial Store for Fun and Profit" or "A Funny Thing Happened at the Headquarters Store Today."

Dyke reports that one of the funny things that happened while he worked in the store was when a male customer insisted on buying a rather flashy outfit. The man who couldn't have been bigger than a size 42, said Dyke, insisted on buying the last vest of a particular color — even though it was a size 50. But that wasn't enough; the gentleman selected a red tie and gray topper to complete his dashing outfit.

Customers in the store came from as far as Hawaii, as some visitors from the Aloha state decided that Sesquicentennial fashions would be the talk of their next Hawaiian Luau.

Another visitor from California had her husband's and her own Sesquicentennial garb sent ahead, air freight, so that it would arrive upon her return.

Other customers were also from the Detroit and suburban areas. Some costumes were reported to be purchased as anniversary gifts.

Claire said that Blissfield's store owners were elated that they had sold their original 50 dozen ties by the time of Blissfield's Sesqui week. But thanks to the backing of faithful store workers, Claire said that Tecumseh Headquarters sold 145 dozen ties! Couple also reported that $3,600 was one of the best day's receipts.

There are a few remaining ties that may be purchased for 50 cents in either red or black by calling Claire Helms at home. Other Sesquicentennial souvenirs such as the bumper stickers, coins, commemorative booklets and badges may be purchased at city hall.

Obesity Cited as Health Hazzard

Watching your waistline during your middle and older years may be more important than you think, says Dr. Olaf Mickelsen, Michigan State University food science and human nutrition professor.

Mickelsen and Eleanor Schlenker, MSU graduate student, report that obesity shortens life. This is based on both animal studies and insurance statistics.

Many life insurance companies charge higher premiums for overweight individuals.

"A lean person is less likely to develop cancer than an obese individual," adds Mickelsen.

A study conducted in Tecumseh and another in Muscogee County, Ga. indicate body fatness increased incidence of diabetes in adults.

Osteoarthritis, the degenerative joint disease common among the elderly, is intensified by obesity. Forty percent of osteoarthritic patients were obese, in a study conducted in a Chicago clinic, reported Mickelsen.

On the basis of animal studies obesity which develops in older animals reduces life expectancy, but not to the same extent as when obesity first occurred in early life. Mickelsen states that obesity may be one of the major factors responsible for many of the medical problems of the elderly.

Bruce Des Ermia, son of Mr. and Mrs. Hugh A. Des Ermia, recently graduated from Eastern Michigan University with a Bachelor of Science degree in Speech. A 1968 Tecumseh High School graduate, Bruce ran on the varsity track team while at Eastern Michigan. He is employed at Fisher Body. His wife, Katherine, is a counselor at the Maurice Spear Campus. The couple reside at 207 W. Logan.

Unanimous Vote Sends GM Plan to City Council

At a special meeting of the Planning Commission, a resolution to recommend the rezoning of property for the controversial Green Meadows mobile home project was approved by the members present. Unanimous vote came after member Larry Bauman and others were assured that a certified boundary survey, adequately depicting the area description in the amended application, would be submitted with other materials, to council.

Council must now decide whether or not to give the project a public hearing and set the date for such.

"I just want to be sure that the amended description that is presented here is exactly what the final package will be," Bauman emphasized. Bauman argued that although the amended application was submitted with a description, the layman, the average person couldn't relate to the written dimensions unless they were given on a map as bearings.

He was not satisfied that Glen Richards of Associate Engineers had compiled with the previous resolution of the commission to obtain a written description and map of the proposed mobile home project.

Cal Zorn, city manager, present at the meeting, reassured Bauman and members that in the consideration for zoning, the Commission was talking in terms of a concept and that the Commission's questions would be satisfied with forthcoming plat review. Zorn though that the surveyor's description along with the map had compiled with all that was necessary.

Description of the mobile home site presented to the Commission last night deleted the RP-1 buffer cluster.

Meeting was convened after an hour's search for a fifth member for a quorum.

During the discussion previous to the formal meeting, Chairman Richard Eggleston said that there was no feeling of dissention among the members that he had talked with in light of the description given by the surveyor.

Principal Hired for Patterson

Cynthia Opelt of Adrian has been employed by the Tecumseh schools as elementary principal at the Patterson school.

The new principal previously taught at Adrian and Southgate and took her practice teaching at Livonia. She has a bachelor and masters degree from Siena Heights College.

Her husband, Larry, is business manager for the City of Adrian.

Other elementary principal assignments for the 1974-75 school year are:

Pete Clark, Tecumseh Acres.

Otto Bufe, Tipton and Sutton.

Lois Fleming, Herrick Park and Ridgeway.

7 Vie for 'Queen'

Among the 37 candidates for title of Lenawee County Fair Queen there are seven area girls participating.

Queen contest will take place beginning at 7 p.m. Monday, Aug. 12 in front of the grandstand at the fairgrounds.

Linda Oliver, 20, is the daughter of Mr. and Mrs. J. Oliver, 412 E. Shawnee St. Her school activities included National Honor Society, and all sports. She enjoys cake decorating. She is presently working as a secretary at Lenawee Insurance Agency. She likes to travel about and meet people. She is sponsored by Tecumseh Jaycees.

Peggy Mueller, 19, is the daughter of Mr. and Mrs. Donald Mueller, 8145 Short St., in Macon. She attends Cleary College and is a member of a sorority and served on student government. Her hobbies include sports, sewing, cooking and camping. She plans to become a secretary. She is sponsored by Tecumseh Grange.

Deb Wilson, 18, is the daughter of Mr. and Mrs. James B. Wilson, 12100 Matthews Hwy., Clinton. Her activities include Spanish Club, basketball, year-book staff and youth group. She enjoys sewing, knitting and hand crafts. She plans to be an airline hostess and travel. She is sponsored by Frosty Glaze, Clinton.

Jamie Squires, 18, is the daughter of Mr. and Mrs. L. James Squires, 8447 Ridge Road, Britton. Her activities include FFA, National Honor Society and the senior play. She is active in her church youth group and enjoys horseback riding, softball, organ, and piano. She is sponsored by Lenawee County Farm Bureau.

Jackie Elaine White, 17, is the daughter of Mr. and Mrs. G. White, 2167 Occidental Hwy. Her activities include GAA, Businnss Club, and roller skating. She enjoys industrial drafting and plans to pursue it as a professional career. She is sponsored by Carl's Overhead Doors and Operators.

Trudy Spence, 18, is the daughter of Mr. and Mrs. D.R. Spence, Pentecost Hwy., Onsted. She was a member of the school band, choir theatre and editor for the yearbook, at Onsted High. She enjoys swimming and cooking. She will begin work on a music education degree at Adrian College in the fall. She is sponsored by the Irish Hills Lion Club.

Terry Rupert, 18, is the daughter of Mr. and Mrs. Robert Rupert, Jr., 10175 Newburg Road, Tecumseh. Her school activities include drama and track club. She performs as a ventriloquist, and is active in her church youth group. She plans to attend Christian College and later to become a stewardess. She is sponsored by Dr. Harold Ocamb.

Cost Sought for Running Pipe to Wheel

City council asked Cal Zorn, city manager, to investigate the cost of running a pipe over from the pond to the Community Center water wheel.

The present pump would cost $160 dollars to replace.

Since the improvements to the wheel have been about $1700 with Rotary contributing about $400 and the Tecumseh Products Co. time, council wanted an estimate before further expenditures.

Mayor Easton received the distinction of being the "biggest clown in the city of Tecumseh," when McGinty the Clown presented the bashful mayor with a plaque bearing the title.

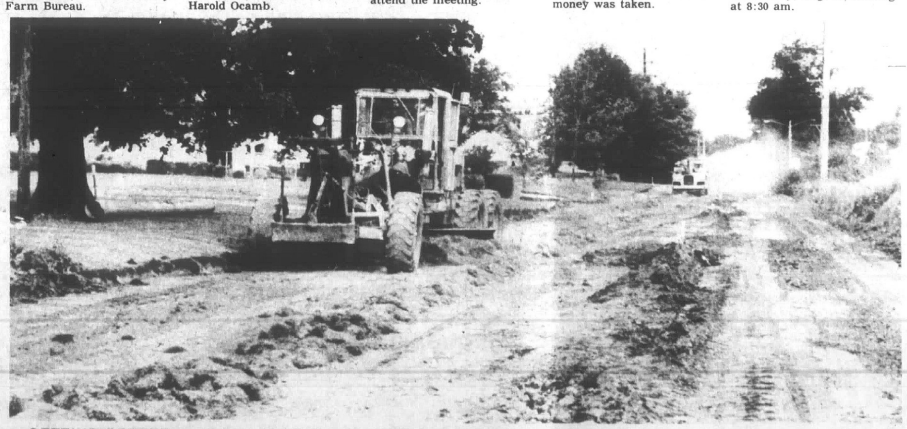
Five clowns visited council chambers and presented all present with balloon apples and other treats in observance of National Clown Week Aug. 1-7.

Mayor Easton earlier made a historic proclaimation for the week and called upon citizens to give due respect to clowns by taking out a fully made-up clown to lunch during the week.

City Buys Lots

Council approved the purchase of lots 166 through 169 of Plat No. 2 for the amount of $12,500. Plots will be added to the offstreet parking system.

Before improvements, such as repaving and posting meters, council said that they would wait to hear a recommendation from the downtown improvement committee on whether to continue metered parking.



GETTING BETTER — At least the first mile of Clinton-Macon Road begins to show improvement, as huge road graders widen and smooth the road that has been a mess of potholes for the past few years. Plans call for an eight-inch layer of gravel base to be in place by fall. Hard surface will be added next year. Modified correction of surveyed right-of-way will not change roadway as drastically as first proposed. Road work will extend east from Clinton Village line to Macon Township line.

FRANKLIN VOTERS OK REZONING FOR ARENA

Incumbents Re-elected

FAY WHELAN

MARTIN HALLEY

Few surprises occured in Tuesday's primary election that attracted a very light vote — less than 20 percent in Tecumseh.

Locally, incumbents won — one by a single vote — and the balloting in Franklin Township approved rezoning approximately 12 acres for a new ice arena and recreation complex, 151 to 97.

Judge Yale Leland Kerby's bid for a spot on the November ballot for the Court of Appeals failed, losing to candidates from the metropolitan areas.

Kerby, however, polled more votes in the county than any other candidate.

A race in November also loomed when Ernest Oliver, Tecumseh Democrat seeking the seat now held by Rep. John Mowat, tallied 3,381 votes in the county to Mowat's 2,311. Both were unopposed.

Closest race was in District 6 where incumbent Fay Whelan edged Keith Bailey by one vote, 113 to 112, for the Republican nomination for County Commissioner. Bailey said Wednesday morning he would not ask for a recount.

In other County Commissioner races in the area, Martin Halley, incumbent, won in District 5, posting 163 votes. George Heimerdinger had 131, and Willis Davenport, 113.

Ron Brown won in District 3 with 190 votes. Robert Harkness picked up 129, and Larry McClain, 51.

In this same district on the Democratic slate, Ray Jackson bested Regina Tepfenhart, 165 to 54.

Stacy Zilke, incumbent commissioner from District 4, beat Julia Rhora, 199 to 135.

James Tonneberger, Tecumseh Township Supervisor, defeated challenger Thomas Neill, 92 to 22. Tonneberger will face Joseph Conklin, attorney, in the fall. Conklin had no opposition.

In Ridgeway Township, Russell Spalding, former Britton-Macon school superintendent, won over five other candidates for the township's treasurer post. Unofficial results show Spalding with 47 votes; James Shiels, 38; Anne Fairbanks, 19; Howard Haas Jr., 14; Curtis Banks, 7; and Richard Moore, 6.

Donald Daniels defeated two other Republican candidates seeking the treasurer's office in Franklin Township. He received 83 votes; Judith Baker, 31, and Carol Tuckerman, 28.

Two races in Raisin Township involved the clerk's and treasurer's offices. For clerk, Shirley Roback posted 128 votes and Larry Crittenden, 88. Marjorie Comfort defeated Vanda Fisher in the other race, 121 to 111.

Alvin Pollitz will be the Republican candidate in November for trustee of Macon Township, beating Harold Rhora, 75 to 25.

Tecumseh city clerk Vera Gardner reported that only 745 voters went to the polls here. There are approximately 3,850 eligible voters.

In Clinton Township Robert A. Winder defeated David Heimerdinger 91 to 79 for the trustee position. For two positions on the township library board, Esther Schmidt, 142 and Agnes Geiger, 99, won over John Colton, 89.

8-year-old Drug Victim

An eight-year-old was taken to Herrick Hospital Monday and treated for a drug overdose. Drug has been identified as "speed."

Buck Smith reported to Tecumseh police that a young boy was acting very strange around his Arco gas station on Russell Road. Heading for home, the boy fell down several times crossing the road, so the complainant's son helped him home.

When patrolman Richard Royal arrived at the child's home, no one would answer the door. He heard someone rolling around on the floor so he entered. Child made no sense when the officer tried to talk to him. Child's step-father arrived, and the boy was taken to the hospital.

Child admitted taking the pill from underneath his 16-year-old brother's pillow. Pill reportedly was bought from a stranger in downtown Tecumseh.

Chairman Reads Removal Letter

Planning Commission Chairman Richard Eggleston read before the members Tuesday night a letter he will forward to council asking for the removal of member Steve Illeck.

Since his reappointment, Illeck has not been to a meeting having missed four of the recent five, said Eggleston. Only three absences are necessary for removal from the commission.

Other members agreed with Eggleston. "It is embarassing to me and to the Planning Commission when we have to sit and wait for members in order to have a quorum because some people have no interest in this commission," Eggleston emphasized.

Kindergarten Enrollment on Increase

Largest kindergarten class in recent years is likely this fall with registrations already over 250.

Rosanne Vollmar reports registrations now total 252 at the Board of Education office. A year ago about this time, 236 youngsters had been registered, and when the official count was taken in September, the number had increased to 250.

Parents, with children entering the schools for the first time, are urged to register them at the Board's office prior to opening of school in September.

Committee Plans To Top Blood Record

Tecumseh Bloodmobile Committee is seeking to double the recent record of 138 pints given by donors at the July Bloodmobile in Clinton, when the Bloodmobile returns here Sept. 6. Clinton's effort was in response to a challenge from Tecumseh.

Now, in an effort to insure that 280 or more pints will be donated here a meeting is set for Monday, Aug. 12 at 8 p.m. in Dr. Robert Murray's office.

Anyone interested in assisting as an individual or representative of a group to help with the Bloodmobile promotion here is urged to attend the meeting.

Council Approves Plans for Center

City Manager Cal Zorn presented two layouts for the addition to the Community Center, one for over $40,000 and the second for about $26,000.

Zorn advised Council to consider the less expensive plan but eliminate a 13 x 24 foot storage area.

Council agreed to a one story improvement over the existing basement and deck of the east side of the Community Center.

Zorn suggested to council that if the expected school bond issue is passed, the city might consider taking over the old junior high school for additional storage space for the recreation department.

Two Robbed at Hospital

Mary Hilderley of Clinton, reported to police Monday the theft of approximately $35 from her purse and another owned by Sharon Gonia, of Clinton. Both women are employed at Herrick Hospital and had left their purses at the nurses' station when the money was taken.

Physicals Set for Boys, Girls at High School

Free physicals for senior high girls and boys planning to participate in any sport are being offered at Tecumseh High School gymnasium.

Boys who plan on participating in basketball, football, baseball,wrestling, track, cross country, and golf should be at the gym for physicals Thursday, Aug. 15, starting at 9:30 am.

Girls planning on participating in basketball, volleyball, softball, or track should report to the gym Wednesday, Aug. 14, starting at 8:30 am.

Two Injured After Thrown from Vehicle

Two Blissfield people were thrown from their southbound vehicle on Tecumseh-Clinton Road near Red Mill Drive early Wednesday morning, Aug. 7. Lane Lolley, 21, and passenger Sue A. Walker, 19, were treated and released from Herrick Hospital the same morning.

Lolley reported to police that a door on his car came open and he ran onto the gravel shoulder. He lost control of his vehicle. Car rolled over, throwing the occupants out.

Lolley was cited for violation of the basic speed law.

In the only other accident police investigated this week, Gene E. Mackey, 50, of 903 River Acres, backed out of a parking space Friday in A&P parking lot and hit the parked car next to him. Other vehicle was owned by Harold K. Kuder, of Saline. No enforcement action was taken.

Market, Home Rezoning OK'd

At a public hearing Monday night, council approved the rezoning of property at 1301 W. W. Russell Road from RA-2 to B-1.

George Heeman is owner of the property on Russell and Occidental roads. Brady Apartments and Country Market presently occupy the site.

Rezoning was sought for the expansion of the Country Market.

At a second public hearing, council also approved rezoning the Harold F. and Katherine S. Naser property, N. Van Buren St., from RA-2 to RM-1, conditional use, housing for the elderly.

Ted Ehinger Acting Head for Citizens

Tecumseh Senior Citizens held a picnic Aug. 1 at the Community Center. Mr. and Mrs. Ernest Linger were chairmen, Anabel Cadmus presided, and the prayer was given by Shirley Dick.

Two guests from the Adrian Senior Citizens also attended the picnic.

Ted Ehinger was named acting president until the next election following the death of president Duncan Robison last week.

The home is to be built by Mr. and Mrs. Orrie Gilbert and will be the first privately owned home for the elderly of its kind in Tecumseh.

No one present opposed the rezonings at the hearings.

JC Auxiliary Renting Space for Sellers

The new Towne Market will continue to be open every Saturday, weather permitting, until Sept. 14, between the He and She Pant Store and Automotive parts and Supply on E. Chicago Blvd.

Sponsored by the Jaycee Auxiliary, the Market offers spaces for rent at $3 per Saturday or $15 for the rest of the summer. The Towne Market has received a limited response from townspeople, but Mrs. Leonard DeMoss, project chairman, reports that business has been quite profitable for the few participating sellers.

Individuals or dealers may display arts and crafts, fruits and vegetables, home made and other items for sale.

Proceeds from the rental of space will be used by the Auxiliary for community service projects. Tecumseh's new market promises a good and profitable browse for local peddlers and buyers.

OPEN LETTER

Dear friends,

At a funeral, well-meaning friends may only increase the isolation caused by grief when they encourage the bereaved person 'to be brave', to not cry, or to not speak of the deceased. Persons express their sorrow in different ways, but express it they must. It is most wholesome to weep profusely or to talk at length about the deceased if the bereaved is so inclined, and such grieving should not be discouraged.

Respectfully,

RAYNOR C. KERR

Services were held Monday at the Purse Funeral Home for Raynor C. Kerr, 78, of 307 Pearl St., who died Thursday at Herrick Hospital where he had been a patient since July 28.

Born July 6, 1896 in Macon Twp. he was the son of the late Robert and Eliza Kerr. On Nov. 29, 1917 he married the former Arlene Coller of Macon, who survives.

Kerr was a lifelong resident of the Tecumseh area. He was a time office supervisor at the Tecumseh Products Co. until his retirement in 1964. He was a life member of the Tecumseh Club.

Other survivors include two daughters, Mrs. Fred (Opal) Dickinson of Tecumseh and Mrs. Mahlon (Clara) Scoring of Bristol, Va.; a sister, Mrs. Maggie Frost of Clinton, five grandchildren and six great grandchildren. He was preceded in death by a sister.

The Rev. Edmond Watkins officiated and burial followed in Brookside Cemetery.

The family suggests any memorial contributions be designated for the American Cancer Society.

H.E. (SCOTTIE) KENRICK

H.E. (Scottie) Kenrick, 74, former Tecumseh resident, died July 27 in Liberty, Ind. at Colonial Crest Convalescent Center. He was a patient there for 10 days following a lengthy illness in Reid Memorial Hospital, Richmond, Ind.

Born in Lancashire, Eng., he came to this country in 1922. He spent 40 years with the Ford Motor Co., retiring from the Rawsonville plant in 1963.

During the World War II years he was a resident of Tecumseh and worked at the Ford-Hayden Mills.

Survivors include his wife Nora, one daughter, Mrs. Ray (Norma) D. West, six grandchildren and three great grandchildren, all of Liberty, Ind. One sister, Amy Kenrick, also survives, of Barrow-in-Furness, Eng.

Services were held July 29, at the Baker-Showalter-Fosdick Chapel in Liberty. Burial followed in West Point Cemetery.

NELLIE EVANS FISHER

Services were held Wednesday at Stackers Funeral Home, Boyne City, for Nellie Evans Fisher, 85, who died Saturday, Aug. 3 in Beverly Manor, Petoskey. Mrs. Fisher and the late Mr. Fisher were once residents of Tecumseh.

Born Jan. 10, 1889 in Deerfield, she was the daughter of George and Anna (Hickey) Evans. She married Adelbert Fisher in 1920, and they moved to Boyne Falls in 1951. She was preceded in death by her husband in 1957.

Survivors include one sister, Edna F. Lewis of Adrian, two stepdaughters, Mrs. William (Dorothy) Hunt of Boyne Falls and Mrs. Leslie (Stella) Truitt of Manitou Beach, three grandchildren and three great grandchildren.

Burial followed in Maplelawn Cemetery, Boyne City.

Cheryl Ann Stalls, David Gramling Wed

Cheryl Ann Stalls and David Laslia Gramling exchanged marriage vows Aug. 3 in Tecumseh Missionary Baptist Church. Ceremony was performed by the Rev. Seal Janeway, Carol Christman was organist and Linda Collins, soloist.

Parents of the couple are Mr. and Mrs. Lonnie E. Stalls, 825 S. Union St., and Mr. and Mrs. Richard N. Gramling, 116 Division St.

On the arm of her father the bride approached the altar which featured a circular candlabrum roped with blue flowers. She wore a peau d'ange gown of tulle embroidered with tiny floral detail. The wedding band neckline and Gibson sleeves were trimmed with Chuny lace, and a cathedral train swept from the shoulders. Bride wore an illusion veil edged with lace and carried a cascade bouquet of daisies, blue carnations, roses and baby's breath.

Bride chose her sister, Mrs. Sandra Neal of Antioch, Tenn., as matron of honor and only attendant. Mrs. Neal wore a long blue halter gown with matching jacket and a white hat with blue ribbon.

Dave Phillips was best man. Larry Stalls, brother of the bride, and Mark Gramling, brother of the groom, were ushers.

Reception dinner was held in the Tecumseh Missionary Baptist Church Fellowship Hall. Parents of the groom gave the rehearsal dinner at the Country House restaurant.

Bride graduated from Tecumseh High School in 1973 and is employed at the Univeristy of Michigan. Groom is a 1970 graduate of Tecumseh High School and is employed at the Ford plant in Saline.

After a week's wedding trip to Northern Michigan the couple will be at home at Paul's Trailer Court in Tecumseh.

MRS. DAVID GRAMLING

MRS. RICHARD JACKSON

Cherryl Kelley and Richard Jackson Wed

St. Stephens Evangelical Lutheran Church, Adrian was the setting for the nuptials uniting Cherryl Kelley and Richard Jackson, performed by the Rev. Daniel Gieschen, Aug. 3.

Bride is the daughter of Mr. and Mrs. Earl Kelley, rural Adrian, and groom is the son of Mrs. Herma Jackson, Munger Road and Wayne Jackson, Adrian.

Bride wore a gown of sheer nylon organza over satin, with long sleeves and high neckline. Her lace-trimmed headpiece held a floor length veil of illusion edged in lace. Bridal bouquet was of white mums, blue carnations and baby's breath.

Deanna Hartley of Adrian was the matron of honor. Bridesmaids were Karyl Kelley, Shannon Kelley, sisters of the bride; and Susie Mansfield of Morenci. They wore identical blue and white checked long gowns.

Mike Jackson of Madison, Wisc., was his brother's best man. Ushers were Jim Dull, Larry Ries and David Whelan, all of Tipton.

Reception at the Lenawee Labor Building, Adrian, was attended by 450 guests.

Bride is a graduate of Adrian High School, and Davis Business College, Toledo, and is employed at Production Credit Association, Adrian.

Groom is a graduate of Tecumseh High School and is employed at General Telephone Co. of Adrian.

Upon their return from a trip to Upper Michigan, the couple will reside at 2991 W. Monroe Road, Tipton.

A rehearsal dinner was held at the home of the groom's mother.

Couple Exchange Vows in St. Stephen's Church

Peggy Jean Westgate and Scott Michael Smith exchanged marriage vows Aug. 2 in St. Stephen's Evangelical Lutheran Church, the Rev. Daniel Gieschen officiating. Alan Ballenberger was organist and Timothy Wiechmann, soloist.

Bride is the daughter of Mr. and Mrs. Alvin Westgate of Tipton. Groom is the son of Mrs. Phyllis A. Smith of 407 E. Shawnee, and Mr. Thomas E. Smith of Ann Arbor.

On the arm of her father, the bride approached the altar in a white bridal gown of lace and mira-mist made by her mother. The princess style gown featured a lace bodice with short bell sleeves and a short train, the skirt was trimmed with daisies and green leaves. She wore a cap of rose petals and rose buds with floor length train trimmed in lace and a cameo necklace gift of the groom. Her bridal bouquet was formed of daisies, white and green carnations and ivy, styled in a long cascade.

Bride chose her sister, Penny J. Westgate, as maid of honor. She wore a white eyelet gown with a pink, yellow and blue floral pattern and ruffled hem. Her headdress was a wreath of daisies and she carried long stemmed daisies and carnations. Bridesmaids were Mrs. Patricia Hale of Woodhaven, sister of the bride, Mrs. Lucia Westgate of Adrian, sister-in-law of the bride, and Patricia Notzinger of Adrian. Their gowns, headdresses and flowers were styled like that of the maid of honor.

Richard Sweet of Tecumseh was best man. Ushers were Thomas Smith of Adrian, brother of the groom, Mike Summerlin of Adrian, and Kent Blumerick of Tecumseh.

Reception at Tecumseh Products Union Hall was attended by 275 guests. Linda Schneider and Carma Evers poured at the reception and Ronda Jewett registered the guests.

Bride is a 1973 graduate of Onsted High School and is employed at Michigan Producers Dairy Co. Groom is a 1973 graduate of Tecumseh High School and is attending Jackson Community College, majoring in Law Enforcement.

Rehearsal dinner was given by the groom's parents at the Country House restaurant.

After a wedding trip to the Smoky Mts., the couple will be at home at 306 N. Main St., in Britton.

MRS. SCOTT SMITH

MRS. GERALD POWERS

Linda Marie Uselton, Gerald Powers United

Linda Marie Uselton and Gerald Lynn Powers were united in marriage Aug. 3 in Pilgrim Evangelistic Church, Adrian. The Rev. Donald Baughey officiated, Nancy Baughey was organist and Sharon Craig, soloist.

Bride is the daughter of Mrs. Della VanderStelt, Adrian, and Emmett Uselton, Woodsfield, Ohio. Groom is the son of Mr. and Mrs. Wesley Powers of Adrian.

On the arm of her father the bride approached the altar in a white bridal satin and lace gown with long lace sleeves, a ruffled neckline and attached lace train. The bride wore a white bridal net with lace flowers and sequins and carried white daisies and carnations.

Debbie Watters of Adrian, cousin of the groom, was maid of honor and wore a long green empire waisted gown of green crepe with long sleeves and daisies on the bodice. She also wore a white hat with green ribbon and streamers and carried green daisies. Beverly Atkins of Toledo, Ohio, and Pam Watters of Tecumseh cousin of the groom, were bridesmaids and wore pastel dresses similar to that of the maid of honor, white hats with matching ribbons and carried color coordinated daisies. Flower girl was Michele Powers, niece of the groom, wearing a green flowered dress, white hat trimmed in green, and carried a basket of green, pink and yellow daisies. Bible boy was Mark Powers, brother of the groom.

Steve Ladesma of Morenci was best man. Ushers were Kevin Holloway and Victor Onweller, both of Adrian.

Two hundred guests attended the reception which was held in the Church dining hall.

Rehearsal dinner was given by the groom's parents Aug. 2 in the Church dining hall.

Bride is a 1973 graduate of Adrian High School and is employed at JoAnn Fabrics.

Groom attended Adrian High School and is employed at Herrick Hospital and Bennet's Ambulance.

After a wedding trip to Mackinac Island the couple will be at home at 304 Shawnee, in Tecumseh.

Josephine Horkey, Carl Anderson Marry

CLINTON—The Rev. Laszlo Gero of Gloria Dei Lutheran Church, Tecumseh, performed the ceremony in St. John's Lutheran Church, Dundee, uniting in marriage Josephine Horkey and Carl John Anderson, Saturday evening.

Parents of the couple are Mr. and Mrs. George Horkey, Dundee, and Mr. and Mrs. Carl Anderson, 210 E. Church St., Clinton.

Donna Fouts was the soloist and Sandy Craft was the organist.

As she approached the altar with her father, the bride wore a white satin gown of her own creation, styled with standup collar and Chantilly lace panel on the fitted bodice. Daisy lace appliques accented the skirt and detachable chapel train. Matching lace edged her chapel length veil, and trimmed her Camelot headpiece. She wore a gold cross, a gift of the groom, and carried a bouquet of red roses and daisies.

Matron of honor, Mrs. Herman Kruse of Dundee, sister of the bride, wore a mint green gown trimmed with white and green daisy applique. Green and white daisies trimmed her white picture hat, and she carried a bouquet of yellow and white daisies and baby's breath.

Wearing similar gowns in mint green, the bridesmaids were Mrs. J.D. Walden, of California, sister of the bride; Joyce Anderson, Ann Arbor, sister of groom; and Laurie L'Amoreaux, Ann Arbor. Flower girl was Kathy Kruse, of Dundee, niece of the bride.

Ushers were Carl Horkey, Dundee, brother of bride; Tom Bihlmeyer, Clinton; and James Williams, Warren. Ringbearer was Christian Horkey, nephew of bride.

Reception was held at the United Products Workers Union Hall, Tecumseh.

Bride is a graduate of Dundee High School, and has a radiologic technician, associate degree from University of Michigan Hospital.

Groom is a graduate of Clinton High School and has a radiologic technician, associate degree. He is now a senior at Western Michigan University, Kalamazoo, where he is studying industrial arts.

Upon their return from a wedding trip for two weeks in Northern Michigan, the couple will reside at Mt. Royal Town Houses, Kalamazoo.

Groom's parents hosted a rehearsal dinner at Don's Beef Buffet.

Style Sense by Evel

Here are a few rules for hairstyles; don't let your hair droop aimlessly about your face--it may look just plain uninteresting. Don't try a pageboy cut if you are more than forty. A knot of hair on the back of your neck can add years to your appearance. If you have classic features, have a smart cut and a slight permanent, and wear your hair brushed lightly back from your face. Shaping and a wave can make it look smart and sophisticated. An elaborate hairdo is difficult to maintain over a period of time.

Bookworms are not just a manner of speaking, referring to those who like to read. There are actually bookworms which are insects. The creatures feed on the paper or binding of books. A bookworm may also like such extraordinary foods as squill, belladona, and red pepper. As unbelievable as it may sound, the larva of one species has been known to bore a straight hole through twenty-seven thick quarto volumes. No human bookworm could be so destructive--or so persistent!

NIGHTHAWKS AND THEIR KIN

Last week there was no chance to touch on the family rearing activities of the nighthawks. They deserve mention, at least the nest and eggs do. The female lays two eggs, grayish white in color. They are heavily marked with spots or blotches of gray, black and even light purple. These birds build no nest; an open gravelly area does nicely and now, with the abundance of flat tarred and graveled roofs in towns and cities, they are showing a preference for these.

Nighthawks are members of an interesting clan. The goatsuckers. Honestly, what a name; however the alternate is even worse. Nightjars. Speculation is that in Europe a similiar species habitually flew near the goats, gleaning insects kicked up by the animals and, since the birds' prime feeding times were early morning and just at dusk, people incorrectly thought they were milking the goats. The nightjar name is probably a reference to the noise some of the family makes and, being nocturnal they make it at night.

Whereas the nighthawk, in spite of its name, does not strictly confine his activities to the nighttime his close cousin, the whip-poor-will, does. A smaller bird, nine inches as compared to 10 or 11, the whip-poor-will is more a creature of the forest and woods. Its eggs are laid on the ground, a bed of old leaves in the deep underbrush serves in place of the gravel roof of the nighthawk. Although the nesting range of the whip-poor-will is wide they are seldom seen. I practically never have a sighting reported to me.

These birds are heard though. Their loud, clear "whip-poor-will" call sounds all through spring and summer nights. Nightjars. During courting season the males are extremely vocal. Occasionally in the middle of the afternoon we have heard a bird whistle which could be interpreted as "whip-poor-will". It was a puzzle at first because we knew that no self-respecting bird of that name would be talking so much in broad daylight.

Finally, a pert and cocky tufted titmouse landed on the near-my-window feeder. Feet spread apart and topknot standing straight up, he tilted back his head a bit, opened his black bill and out of that small bird came a loud and clear 'whip-poor-will'. No, he was saying 'tee-tit-mouse'. So much for our afternoon calling whip-poor-will bird!

Before leaving the two cousins it is interesting to note that they share one unusual physical trait. Both the whip-poor-will and the nighthawk have a peculiar comb-like growth on the inside of the middle claw of each foot. Apparently they are used as combs. It is vitally important for all birds to keep their feathers and skin scrupulously clean. Not all of them, however, possess such a handy grooming device.

The chuck-will's-widow is the southern member of the family. It is larger than the whip-poor-will, in fact it is the largest member of the goatsucker clan, and it's voice is slightly different but other than this, the two species are remarkably similar. The chucks even lure intruders away from their ground nests with the injured-bird act a just as the whip-poor-wills do. Being almost 13 inches long these birds have cavernous over-sized mouths — June bugs and dragon flies are gobbled down with no trouble at all and some observers claim that an occasional hummbing bird or warbler is also caught. Ugh!

The seven inch midget of the family, the poor-will, could be called the western cousin. And although small in size he created a gigantic stir in the bird world a few years ago. The ancients believed that birds hibernated, this was their explanation of the appearances and disappearances which we now know are migratory cycles. But when the inclement weather makes things uncomfortable in the canyons and rugged areas of the West, this little gray brown bird simply snuggles up to a rocky outcropping and goes to sleep. All physical signs indicate hibernation.

So it is that all sorts of interesting and surprising facts are provided by the nighthawks and their kin.

Young Swan Stays Behind

It appears that "Mama's boy," a male child who is particularly close to his female parent, is not a human phenomenon. One recent example was reported among birds of the wild at Hidden Lake Gardens.

Visitors there might be curious to learn why a lone male swan remains in the first pond at the Gardens' entrance. Jack Wikle, naturalist-educator explained that the bird was one of the cygnets born to the parents in the spring of 1973. But for some reason, he never followed his other brothers and sisters when the flocks flew south. Instead he always returned to the homesite.

Parents mate for life and since the papa swan's wings have been clipped, the female remains with the mate. The birds are territorial and it is suspected that papa chased the son into the other pond.

This year cygnets have again been born and the handsome family has attracted several groups who park to admire them.

85th Observance

First Federal Savings and Loan Association of Lenawee County capped its 85th anniversary observance last Wednesday night with an anniversary dinner at the Lenawee Country Club.

Judge Rex Martin served as master of ceremonies.

Speakers included Richard Francis, commissioner of Financial Institutions for State of Michigan; Don Wall, executive vice president of Michigan Savings & Loan League; Hal Zeigler, State Representative; Kenneth Wassink, board chairman for First Federal; and Allan Graybiel, president of First Federal.

Mr. Graybiel reviewed the history of the Association, pointing out that it was started on July 18, 1889 with minimal funds and has since grown to be the county's largest financial institution with assets over $74 million.

First Federal is located in Adrian with branches at Blissfield and Tecumseh.

4-H'ers in Knitting Program

Area 4-H'ers and leaders participated in the Lenawee 4-H'ers all county personal appearance Knitting and Crocheting Program held July 31 at the Lenawee Area Vo-Tech School.

Leader Mrs. Norman Johnson and members Janet Rundell and Kathy Rundell of the Britton-Macon group; Round-Top leader Mrs. Roland Russell and members Lucy Crowe, Laura DuShane; and Tipton Jets leader Mrs. Ray Buell and members Becky Buell, Mary Houseman, and Barbie Hunt were present.

In charge of the theme "Streaking into Knitting and Crocheting" were Susan Dushane, Round Top, as chairman. Program and decorations were done by Round Top and publicity by the Holloway Homemakers.

Each participant had a personal interview and evaluation of their 4-H project.

Special recognition was given to 4-H'ers, 13 years and older. Awards went to Pat Root, Kathy Rundell, Lucy Crowe, Janet Rundell, Kathy Tice and Becky Buell.

LOVING IS SHARING—It took Robert Seeburger, uncle to seven-year-old Malinda Randolph, of 505 Seneca, only eight hours to paint this seven foot square mural on his brother-in-law's garage door. Malinda's uncle does garage murals for a hobby and it is all free hand work. This idea, according to Malinda's father, Ralph Randolph, came from a TV guide advertisement.

Tanya Tucker To Sing at Lenawee County Fair

Tanya Tucker, 15-year-old singing sensation will headline this year's "Country Day" at the Lenawee County Fair on Aug. 14.

Tanya, who burst on the national scene just two years ago with her Columbia record hit "Delta Dawn," has already packed more performing experience into her few short years than many performers get in a lifetime.

In 1966, Tanya was performing regularly at VFW clubs, beauty pageants and civic celebrations. For the first time she appeared on the same programs with such stars as Ernest Tubb and Little Jimmy Dickens.

In 1969 Tanya, now established solidly as a local performer, was invited to appear with Judy Lynn at the Arizona State Fair. This, and a move to Henderson, Nev. may have been key points in her career because they helped her to be "discovered" by Columbia records.

Impressed by her natural talent, Columbia officials made arrangements for Tanya's first trip to Nashville for recording. The Jordanaires and The Nashville Edition were selected to work with her. "Delta Dawn" was the song she sang.

The Tanya Tucker Show will be performed twice at the Lenawee County Fair, once at 7 and once at 9 p.m. Admission to each grandstand performance is $2.00.

Singer Tom Hiatt will round out the list of country entertainers during "Country Day" with bandshell performances beginning at 3 and 5:45 p.m.

Tom has previously appeared in Lenawee County at Adrian College and the Town Club.

Horseshoes Is Revived

Any strange clanking sounds that may be heard at the Lenawee County Fairgrounds on Aug. 17 might just be from the Horseshoe Tournament held that day. Event has been revived after several years.

Approximately seven counties will represent Michigan and Ohio. Original pit locations are being readied for competition.

Ringer percentages determine classes. Ringer percentages and entry fees of $5 must be in the hands of the entertainment coordinator no later than Aug. 12. Participants will be notified as to the time, date and class in which he will play. Game winners and runners-up will be awarded cash prizes in each class.

Applications are available through the secretary's office at 602 N. Dean St., Adrian between the hours of 8 a.m. and 5 p.m. Readers may call 263-3007 for more information.

STARRING IN PLAY—Veteran Tecumseh thespians, Judy Vanzo and Dr. Robert Murray, have lead roles in Siena Heights College play, running now through Aug. 11, at Francoeur Theatre.

Tecumseh Thespians Hold Lead Roles in College Play

Tecumseh thespians, Judy Vanzo and Dr. Robert Murray, are stars of "Vistor from Forest Hills," the third Neil Simon playlet in "Plaza Suite," opening Wednesday, Aug. 7, at 8 p.m. and running through Aug. 11, in Siena Heights College's Francoeur Theatre.

Dr. Murray and Miss Vanzo play the frustrated, distraught parents of a bulking bride, who drives them to outrageously funny maneuvers when she panics at being married before hundreds of waiting canape-chomping wedding guests in the hotel's ballroom and locks herself in the bathroom moments before the ceremony.

Tickets may be purchased now at the Croswell Opera House box office or at the Francoeur Theatre immediately prior each performance.

Jaycees Lead Lung Disease Campaign

Tecumseh Jaycee Auxiliary will spearhead the 1974 Breath of Life Campaign to fight children's lung diseases. The newly-appointed local chairwomen are Mrs. Mary Moulton and Mrs. James Fliss, who will lead volunteers in raising funds to support the research and care for children suffering from Cystic Fibrosis, severe asthma, chronic bronchitis and other related lung-damaging diseases.

The 1974 campaign will be conducted during the month of September which is C-F month nationwide.

Cystic Fibrosis, presently incurable, is inherited when both parents carry the recessive gene. It is believed that one in 20 persons carries the C-F gene, usually without knowing it. When C-F research began in 1960, a child's life expectancy was only two years. Today it is 18 years. Key to continued progress and eventual cure or control lies in expanded research to be funded by the campaigns throughout the nation such as the one presently being organized by the Jaycee Auxiliary.

If anyone cares to volunteer time to march on Saturday, Sept. 27, Mrs. Robert Hoover at 423-4053 is the person to call. Jaycee Auxiliary said that volunteer help is needed.

Grad Featured in 'Who's Who'

Greg Williams, a 1974 senior, who graduated from Tecumseh High School was recently notified that he is to be featured in the Eighth Annual Edition of Who's Who Among American High School Students, 1973-74, the largest student award publication in the nation.

Greg is the son of Mr. and Mrs. Roger Williams of 2505 Russell Road. He was active in sports in his first three years of high school, a member of the Varsity Club and in his junior year, a member of the National Honor Society.

He was graduated in the upper third of his class.

In addition to having his biography published in the book, Greg will also compete for one of 10 scholarship awards of $500 to $1,000 funded by the publishers and will be invited to participate in the firm's annual "Survey of High Achievers."

Students from over 20,000 public, private and parochial high schools throughout the country are recognized for their leadership in academics, athletics, activities or community service in the books. Less than three percent of the Junior and senior class students nation-wide are awarded this recognition.

Dystrophy Carnival To Be Held

A neighborhood carnival against dystrophy will be held at 1 p.m. Saturday, Aug. 10, at the home of Robin Flanders, daughter of Mr. and Mrs. Wendell Cole, 806 Shady Lane.

Robin will be assisted by Moe Flanders and Pam Cole.

Carnival will feature such games as sponge throw, target games, milk bottle drop, fortune telling booth, penny pitch, refreshments and more.

All proceeds will go to aid the fight against dystrophy and related diseases afflicting millions.

The children got the idea for staging their event while watching TV personality Ronald McDonald, who is promoting carnivals at McDonald's.

Last year, in cooperation with Muscular Dystrophy Associations of American, 42,165 carnivals were held by children across the country and over $1,259,000 was raised for MDAA's research and patient service programs.

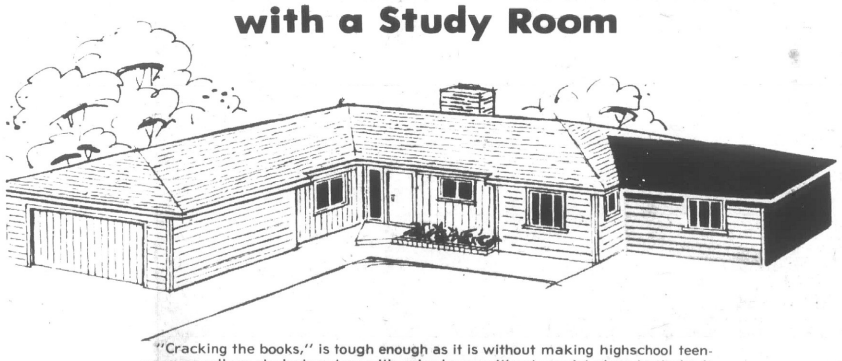
Assist Your Child's Study Habits with a Study Room



"Cracking the books," is tough enough as it is without making highschool teenagers or college students put up with noisy home without a quiet place to study. It may sound trivial, but pleasant conditions are conducive to better concentration, which today's complex school and college courses require.

Adding an extra room for study is an investment for the education of a young adult. The "extra" room here helps take the pressure off the rest of the house for individual activities. Students with their own rooms have space for study or hobbies, as well as privacy for sleeping. Or parents can also use the area for "escaping" the noisy areas of the household for at-home business desk or leisure, like an undisturbed nap for Dad.

When you consider additions to your home, consider Moore Lumber Co. for your lumber supplies and "Get Moore for Less."

"People I Meet"--by Kathy Kulczyk

Bonsai Enthusiast Expels the Art Form's Myths

Imagine a place where a grove of Eastern Larch towers 18 inches over Scotch Pine eight inches high and Cotoneaster 12 inches tall. Lilliput? No. The plants are a part of the bonsai collection in the Lath House of Hidden Lake Gardens initiated by Jack Wikle, naturalist-educator.

Bonsai (pronounced Bone-sigh) is an art form in which a woody plant is grown in a small container in such a way as to suggest a natural landscape dominated by an aged or interesting tree.

Mr. Wikle, who holds a master's degree in ornamental horticulture, first became interested in the art of bonsai while touring Japan with the Army in 1955-57. He said the experience there opened his eyes to appreciating nature, and that the oriental view of nature was more in line with his feelings.

He had seen many bonsai while in Japan, but a blooming plum tree a friend had bought was a picture that Wikle can still remember.

Later in the United States, Wikle heard one bonsai grower speak on interesting trees and exhibit some bonsai that "really communicated with me."

Wikle listed common misconceptions about bonsai that are:

+ Bonsai are house plants
+ To start bonsai one plants bonsai seeds
+ Techniques used by Japanese and others in growing bonsai are secret

+ Bonsai are starved and-or their roots are pruned to keep the plant small
+ Years of growing are required to achieve even a somewhat satisfactory bonsai
+ Bonsai must be watered two or three times a day
+ Age is a primary consideration in determining quality of bonsai

Bonsai are not true houseplants. They are ornamental and may be brought indoors for periods of time as decoration. Because they are dwarfs, they are not immune to the diseases and pests that plague normal size plants.

Although technically, one could propagate bonsai by a seed from another bonsai, the art begins by selecting a plant that has character of bonsai as previously defined.

Quite the contrary, Wikle explained the Japanese have been more than generous in sharing their "secrets" about *the art; there are several* excellent publications available to beginners.

Basic secrets of bonsai are persistent pruning of the tops to keep bonsai small. Second, a small container so that no long growth spurts occur. Best soil recipe is a screened mixture of one third each of sphagnum peat, washed sand and the best topsoil or sandy loam. Clay is avoided.

"If you know what you're doing, it doesn't take long to get a representation of an older, more interesting tree in nature," said Wikle.

Best time to select the plants is in the spring, when buds are swelling and before new growth develops. To preserve private property and ecology Wikle suggests a mangled shrub may be obtained from a landscaper for a good price. Generally one selects a plant a bit bigger than desired since it can be pruned.

Once selected it may be potted, in a container with sufficient drainage, for a season before repotting in an aesthetic container.

Usually if the plant is a nursery plant already growing in a container, it can be transplanted to the smaller container since nursery plants have denser root systems.

When repottings are done, it is necessary to cut the roots half the depth of the soil mass and one quarter the diameter. Deciduous trees are cropped this manner about every three years, evergreens, about every six years.

During the dry season, trees may be watered once daily. In the winter, they need smaller amounts of water that can be obtained naturally if the bonsai are properly winterized.

For winter, plants are placed in a pit or cold frame in a heavily shaded area and mulched; or heeled-in by digging a hole, somewhat like planting; or a snow fence of burlap is constructed. Plastic, which creates a temperature build-up whenever the shrub receives sun or heat, is never used. Worst hazards for the bonsai are mice and rabbits and plants should receive adequate protection from these.

"Good bonsai reflects nature rather than distorting it," is a quote Wikle uses to describe the art. How one designs a plant is a matter of personal taste. Idea is to have a sculptured effect yet retain a true to nature grace and balance. Oriental concepts of art may be applied here. The slingshot or "Y" shape are popular. Again techniques used are frequent pruning of tops and wiring to hold branches in desired shapes.

Wikle suggests individuals who would like to attempt bonsai should first read about bonsai and talk to someone who grows bonsai.

Several books, including paperbacks are available. Library maybe checked or write for "Growing Bonsai," by Henry M. Cathey. United States Government Printing Office, Washington D.C. 20402 and enclose 30 cents.

Or write, "Brooklyn Botanic Garden Handbooks on Bonsai," 1000 Washington Ave., Brooklyn, N.Y. 21225.

Sept. 29, 1-4 p.m. is an opportunity to speak to growers when two area groups, the Bonsai Society of Michigan and the Ann Arbor Bonsai Society will stage an exhibit at Hidden Lake Gardens. Wikle is vice-president and program chairman of the Ann Arbor group.

"I'm always learning about people's perception of things when I hear and see their varied reactions to bonsai. It depends on the experience the viewer brings with him. To some people bonsai may be a reflection of nature, to others it might be a scrawny tree."

Wikle explains that some of the bonsai people find most unusual are those in the collection common to their back yards. Hidden Lake Gardens' collection includes an azalea, not one for beginners to try, and decidous trees such as crabapple and red maple and evergreens such as juniper.

Merit of bonsai, Wikle said is that it offers naturalists an opportunity to share their plants with others. It is portable, can be an ornament indoors and out, and passed on to future generations.

Wikle's own collection recently shown at the Little Garden Club Flower Show received the Special Award for an exhibit not judged.

PUPPIES DON'T SIT ON FENCES

But people sit on fences. And faithful puppies never question.

Our children, trusting the love and wisdom of their parents, respect even our *indecision.*

But the moral and religious growth of every child is deeply influenced by his parents' commitment of their own lives to God.

We have outlived the day when fathers and mothers sent their children to Sunday School without accepting their own rightful responsibilities and opportunities in the religious community.

Juvenile delinquency is the aftermath of fence-sitting!

The Church is for the family. Religious instruction and inspiration are foundations of the home. Lives—growing or mature—gain direction only with *commitment.*

Join the FAMILIES who worship and grow together in church.

$160,000 Received in Croswell Heritage Project Campaign

Volunteers have reported gifts totaling over $160,000 to date in the Croswell Heritage Project Campaign. Campaign is intended to raise $350,000 to restore and renovate Michigan's oldest operating theater, the Croswell Opera House in Adrian.

Dr. Robert Birmingham and Robert Pichler, general co-chairmen for the project said that 46 per cent of the goal has been secured to date. Each dollar contributed is to be matched by a challenge grant of up to $150,000 from an anonymous donor. It is now expected that the campaign will be completed by the end of August.

Assisting them in the Clinton and Tecumseh area are Mrs. Lynn Cook and Mrs. Jan Robinson; in Britton and Ridgeway, Mary Ann Berry.

Pichler stresses that although many workers are in the field, if a Tecumseh area resident has not been contacted and would like to learn more about the Project, he should call one of the persons mentioned above, or call Jim Myers, Croswell director, at 265-8560. Additional volunteers will be more than welcome and anyone interested in assisting the Project as a campaign worker in the Tecumseh area may contact Mills at 486-2164.

Project will create a new entry and lobby area for the Croswell. Existing buildings on either side of the present lobby will be acquired and demolished, to be replaced by a glass enclosed plaza. This will reveal the original brick exterior of the theater and provide a space for community functions such as art fairs.

An addition to the rear of the theater will provide additional dressing room space, workshop area for scenery and costumes and rehearsal area.

As the fourth oldest operating theater in the United States, the Croswell continues to serve the people of Lenawee County in many ways. Tecumseh area musicians and actors have performed on its stage and Tecumseh residents have assisted with the Croswell Town Hall Series.

Dundee Pageant Planned

"Crossroads of Time," a pageant depicting historical events of the Dundee area, will be performed four times during the official week of the Dundee Area Sesquicentennial celebration Aug. 18 to 25.

Pageant will be staged Aug. 19, 20, 22, and 23 at 9 p.m. on the high school football field.

Presesqui events include ice cream socials every Friday night downtown at the bandstand, promenades and caravans.

Dundee caravan will leave Aug. 17 to arrive at Britton at 3:30 p.m. and arrive in Tecumseh at 5 p.m.

Among other activities will be a historical float and vintage auto parade at 2 p.m. Aug. 18; coronation of the queen preceding the pageant Aug. 19; fireworks Aug. 24; the Sesqui parade at 2 p.m. Aug. 25, followed by a mock Civil War battle, and a rocking chair marathon beginning at 10 a.m. Aug. 16.

Lenawee Fair Art Show Open Seven Days

Second annual Lenawee County Fair Professional Art Show begins with reception and awards ceremony on Aug. 10, and continues through Aug. 17, final fair day.

Show awards total over $1,000 and each artist has been limited to five entries. Works will include painting, drawing, printmaking, ceramics, sculpture, jewelry, weaving, blown glass, macrame, and photography. Live demonstrations of raku firing, potter's wheels, sculpture, and weaving will be given during the week.

Professional judges John Wesley Nash, 1974 president of the Michigan Art Education Association; Dr. Myra Gulick Larsen, associate professor in art education at the University of Michigan; and Floyd Kemp, all active artists, will choose exhibitors and winners.

John Hartom, show coordinator, said this year's show should be the largest and most varied professional art display ever to be held in Lenawee County. Insurance coverage has been extended to $50,000 from last year's $25,000.

Pool To Host Parent's Night

"Parent's Night" at the Joyce Andrew's Memorial Pool will be Thursday, Aug. 8 for pupils in the second session of swimming lessons. A "free swim" for everybody will follow the program.

The third session of swimming lessons starts on Monday Aug. 12 and continues through Friday Aug. 30. Classes in synchronized swimming and competitive swimming will be offered in addition to the regular Red Cross classes.

There are openings in all classes and pupils may enroll until Saturday, Aug. 10. The third session will be three weeks long. Classes will meet for 45 minutes daily except Saturday and Sunday.

Graduates from Women's Army

Private first class Donna L. Simonis graduated from the newly established women's army corps training center at Ft. Jackson, S.C. She is the daughter of Mrs. Doris J. Freeman, 714 River Acres Drive.

During the eight weeks of basic training Pvt. Simonis received instruction in army history and tradition, administrative procedures, military justice, first aid and field training.

The new WAC training center was established to meet the needs of the growing number of women enlisting in the army. Previously, all WACS had been trained at Ft. McClellan, Ala.

Her father, Floyd E. Simonis, lives at 8910 Saline-Milan Road, Saline.

Coscarellis Make Trip to Chicago

A three day excursion to Chicago for manager of Beeline Fashions, Inc., was made recently by Rushia and Larry Coscarelli.

Rushia, member of an elite group of managers who met specific recruiting goal during a three-month campaign, also received a 14K gold bracelet. Her husband, who recently sold his restaurant in downtown Tecumseh, now works for his wife.

Dorothy Boynton Is Outstanding Woman

Dorothy Boynton, daughter of Mr. and Mrs. Erwin Boynton, 4171 Allen Road, has been named one of the Outstanding Young Women of America by the national organization of that name. In the fall 51 young women will be announced as the Outstanding Young Women of their states and the District of Columbia, with a subsequent announcement of the 10 outstanding Young Women of America.

DOROTHY BOYNTON

Miss Boynton graduated from Tecumseh High School in 1963 and from Michigan State University in 1967. She entered Peace Corps training at Salt Lake City and was assigned to Ethiopia as a teacher in the TEASL program, teaching English as a second language. During her summers in the Peace Corps from 1967-69, she taught Ethiopian teachers refined skills in the instruction of the English language.

Following her service in the Peace Corps, Miss Boynton entered the Graduate School of Education at the University of California, Los Angeles, and graduated with a masters degree in 1971. Since that time she has been employed at Southwest Regional Laboratories, outside of Los Angeles. Miss Boynton makes her home in Long Beach, Calif.

Outstanding Young Women of America are selected for their outstanding civic and professional contributions to their communities, states, and the nation and are between the ages of 21 and 35.

Grain Allotments Are Liberalized

The U.S. Department of Agriculture has further liberalized the requirements for enrolling the 1974 Wheat and Feed Grain Programs.

Deadline of July 15 has been extended. Those producers who qualify for price support loan as crops are harvested, have the option to certify crop acreages and enroll at the time of loan application. Producers who qualify for a low yield payment where weather conditions may affect production, have 15 days following harvest to certify their crop averages; and if substantial market price reductions make it apparent that deficiency payments may be made, producers will have until Nov. 1 to certify crop averages.

In spite of the intensive campaign by county offices to inform producers, many still do not understand the significance of signing up and certifying crop acreages. In Michigan as of July 15, 22,000 eligible farms were not enrolled.

Homestead Tax Assistance Revised

If you are a senior citizen, blind person, serviceman, veteran or eligible widow, you may qualify for a homestead tax assistance for summer taxes under recent State of Michigan legislation.

Persons in these groups may request advance payment of $100 if they received a bill for property taxes during the spring or summer of 1974. Advance payment is $100 no matter what the amount of the tax bill is. Request for advance must be filed by Sept. 15, 1974. A return (MI-1040CR) must be filed at the end of the 1974 tax year and the $100 substracted from the 1974 total eligible refund. If the $100 is more than the 1974 total elibigle refund the repayment must be made to the State.

A senior citizen is anyone who will be at least 65 years old by Dec. 31, 1974, or the unremarried surviving spouse of such a person. Senior citizens may not have an annual household income of more than $6,000 in 1973 and can reasonably expect no more than $6,000 income in 1974.

Blind persons, veterans, servicemen or their surviving spouse must be eligible under the provisions of the "Homestead Property Tax Relief Act" of 1973.

Form will be mailed to everyone who filed an MI-1040CR for 1973, by the Michigan Department of Treasury. Form may also be obtained from any of the Treasury Department district offices or from the Lansing office of the individual income tax section of the Treasury Department.

Merkel in Tecumseh, The Philosophy is as Important as the Furniture.

For 50 years now the Merkel family has run a progressive and successful store just north of here in Chelsea. It began as a service station, pumping gas and selling hardware. Then to paint, wallpaper, casual furniture and now, three spacious floors of furniture, carpet and home decorative accessories.

Since its beginning, Merkel has always been one thing. A "service station". And that's a philosophy that means a lot in today's impersonal business world.

You see the Merkels feel that their customers want three things - selection, reasonable prices and professional, friendly service.

Their Tecumseh store will have all three, a wide selection of name brand carpeting - modern, traditional and early American furniture and accessories - and all at competitive prices.

Their sales personnel, delivery people, installers and interior decorators reflect the same Merkel professional and friendly service philosophy.

So now, as Merkel takes over Helms on East Chicago Boulevard their philosophy will be as important as furniture.

Watch for their new lines to arrive, then stop in and see if you don't agree.

Volunteers Thanked

BRITTON — Summer recreation director Jerry Schultz offers praise and thanks to the following people who volunteered their time to the success of this year's summer program for youngsters of the area.

WOMEN'S LEAGUE—Kate Spence, Sharon Robison and Mary Ann Mueller, for organization; Tom Komon, Jim Skelton, Bill Kopka and Louis Loesch, coaches.

GIRLS' TEAMS ORGANIZATION—Phyliss Below and Joyce Schultz.

PEE WEE LEAGUES—Girl's teams, Jerry Gilbert, Kim Dick, Janet Pickell and Cindy Dick, coaches; Boy's teams, Marvin Stotler, Dwight Below and Don Shafer, coaches.

LASSIE LEAGUE—Denise Reau, Teresa Bates, Sharon Kopka, Peggy Skelton and Brenda Reau, coaches. Umpires were Dick Vallie, Sam Bates and Don Shafer.

JR. HIGH GIRLS—Linda Wittropp and Mary Ann Mueller, coaches; Louis Loesch, Kim Gall and Betty Tuberville, umpires.

HIGH SCHOOL GIRLS—Donna Hawkins, coach; Mike Servoss, umpire.

PONY LEAGUE—Ken McMichael, coach.

LITTLE LEAGUE COACHES—Tom Judkins and Bill Gorton, Bears team; Wilson Miller, Wildcats; Karl Kimerer and Ken Smith, Lions; Dan Barron, and Ivan Olds, Falcons; William Bearinger, J. Schultz, Hawks; Harold Lutz and Don Dickerson, Colts. Umpires were A. Wagenschultz, R. Bluntschley, P. Servoss, L. Loesch and N. Brown.

Summer recreation director Schultz reports the cost of this year's program totaled $1350. Contributions from the local United Fund Organization and donations from the village of Britton and Ridgeway Township made the program possible.

Thorns, Thistles Theme Topic

BRITTON—Mrs. Charles Mellring spoke on "Thorns and Thistles" at the Ladies Missionary Society meeting at Bethel Baptist Church Thursday evening.

There were 17 members and one guest present.

Mrs. Walter Stutesman, president, opened with prayer and conducted the business meeting.

Mrs. Robert Hunt, devotional chairman, introduced Mrs. Mellring who used Genesis chapter 3:16-19 as the basis for her talk.

Emphasis was placed on verse 17 "cursed is the ground for thy sake," stressing thy.

She told how man's problems stem from Genesis chapter 3 and asked why God created thorns and thistles. These she likened to the trials in life and how necessary the struggle with the thorns and thistles is to man to enable him to take a giant step forward in the grace of God.

She reminded the women to give God the thanks and to rejoice evermore.

From 1 Thessalonians 5:16-18 she concluded that to rejoice evermore, in everything give thanks and by so doing we are drawn closer to God.

Refreshments were served by Nancy Grounds and Pat Preston.

Next meeting is September 5 with Ethel Miller and Ida Olds, refreshment committee.

Guest Pastor To Preach

BRITTON—Special guest pastor at Immanuel Lutheran Church, 1500 N. Blissfield Hwy., Palmyra on Sunday Aug. 11 will be the Rev. Harold Lindberg who is director of pastoral care of Lutheran Social Services of Northwestern Ohio, located in Toledo.

He was born in Chicago, Ill., graduated from St. Olaf College, Northfield, Minn. and Luther Seminary at St. Paul, Minn. Before his present position he served as prison chaplain in Pennsylvania and pastor of a Lutheran congregation in DeSoto, Wis. and chaplain of the Ohio Penitentiary at Columbus.

Currently he also serves a director of pastoral care at the Medical College of Ohio in Toledo. All in the area are invited to attend at Immanuel this Sunday at 9:00 a.m. where he will speak informally of his work and at the 10:15 a.m. worship services where he will preach.

Britton Briefs

Mrs. Bruce Bonke and two children Dawn and Nathan, Mrs. Tom Dinse and son Brandon, Becky Jones of Fort Wayne, Ind. spent two days with their grandmother, Mrs. Marie Dinse and relatives in Britton.

++

Mr. and Mrs. Paul Bailey and Troy returned Sunday following a 10-day vacation in Colorado. They visited both daughters and their families, Mr. and Mrs. William (Diane) Carson and family of Golden and Mr. and Mrs. Sylvan (Carol) Echelbarger and family of Broomfield. Girls live only a half mile from each other.

++

Jim Becker, who has been a patient at St. Josephs Hospital in Ann Arbor for the past six weeks, returned to his home Saturday. He could appreciate visits from friends.

Little League Tournament To Be Held

National Little League tournament game between Michigan and Ohio finalists will be held at Blissfield's Bachmeyer Little League Park, Saturday, Aug. 10 at 2 p.m.

Team from Parchment, near Kalamazoo, and Tallmadge, near Akron, Ohio, will be battling for a championship.

Blissfield, Clinton and Morenci are chartered in District 3 Little League.

Youth Conduct Church Service

BRITTON—Dick Bruce, high school youth director at the Congregational Christian Church, announces that the high school youths of the church will be in charge of the morning worship service this coming Sunday, Aug. 11, at the 10 a.m. service.

In preparation the young people will hold a sleep-in Saturday night at the church with prayer, fellowship and practice.

Bruce urges the group to be at the church by 8 p.m. or shortly after. They are to bring their own sleeping bags and refreshments.

Village Tennis Courts Open

BRITTON—The village tennis court, located near the school bus garage, is now open for use, and it is requested that those using the court play in an orderly manner.

Property owners do not have to return tennis balls recklessly hit into their yards.

Clayton Fryer Speaks at Jaycee Meeting

Guest speaker for the Aug. 1 meeting of Tecumseh Jaycees was Clayton "Stub" Fryer, National Director for Region J., who spoke on the need and benefits of obtaining new members and on the new projects which will be coming up during the '74-'75 Jaycee year. Other guests were Linda Oliver, the Tecumseh Jaycee's contestant in the Lenawee County Fair Queen Contest, and Graham Thornhill, who is from London, Eng. and is visiting the Adrian-Tecumseh area this summer.

New guidelines were adopted for a quorum; final plans were announced for an outing for some of the less fortunate children of the area to be held on Aug. 11; and sign-up for chairmanships for this year's Follies was completed.

Also, plans were announced for the establishment of a local Jayteens chapter, which is an organization of high school-aged young men and women whose goals are leadership and community development. Tecumseh Jaycees are also planning on assisting with the Bloodmobile visit in Tecumseh in September.

Results were announced for the tug-of-war battle between the Tecumseh and Blissfield Jaycee chapters. During the Tecumseh Sesqui, Blissfield paid a visit and was thoroughly drenched, losing all three pulls. On the return visit during the Blissfield Sesqui, Tecumseh prevailed again three tugs to none.

Fines for the evening centered around the events of the Blissfield tug-of-war, and to Jim F. for trying to play chaplain.

Two Resign

BRITTON—Councilmen Richard Dembinsky and LaVern Weyher recently resigned their position on the Britton Village Council board.

Anyone interested in these positions are asked to contact village president Stewart Niblack.

Assembly of God Missionary Speaks

CLINTON—Rosa M. Reineker, an Assemblies of God missionary to Germany, will be guest speaker Sunday, Aug 11, 11 a.m., at the Clinton Assembly of God, 13300 Clinton-Manchester Rd., the Reverend Charles J. Sanders, pastor, has announced.

Rosa Reineker first went to Germany in 1962 where she assumed responsibilities of the Sunday school department of the Assemblies of God there. She developed a weekly Sunday school paper for primary-age children and adult quarterlies that were printed in the German language. Miss Reineker also taught in the Assemblies of God Bible school and in 1967 prepared a Bible correspondence course in German. Her work included supervising camps for children and adults, Sunday school conventions, and teachers' training courses.

During her past term on the field, Rosa Reineker was in charge of the International Correspondence Institute in Germany. ICI is a worldwide literature distribution program for Christian teaching and evangelism.

Before moving to Germany, Miss Reineker was an Assemblies of God missionary to Ceylon where she served for over 24 years.

Miss Reineker was graduated from Central Bible College in Springfield, Mo. She ministered in the Kentucky mountains until her appointment as an Assemblies of God missionary.

During this special missions rally, Miss Reineker will present the challenge of the missions work in Germany. Public is invited to attend.

Scouts Backpack in Mountains

CLINTON—Ten members of the Explorer Scouts and their leaders, Mr. and Mrs. George Lancaster, Jr., returned Saturday from a trip to High Adventure Camp at Land Between the Lakes, Ky.

They spent five days backpacking in the mountain area of the camp which was developed for the scouts by Tennessee Valley Authority.

En route the group visited Mammoth Cave, Ky., and on the return trip they visited Busch Gardens and the Jefferson Memorial Arch at St. Louis, Mo.

Participating were Mike Emerine, Elly and Janice Terry, Barbara Dixon, Susan Frolich, Terry King, Gregg and Tom Busch, J.D. Lancaster, and Gerald Manchester.

Journey was made in the lavishly decorated "Funky Van" inscribed with the names of the Explorers.

Each year the Explorers make a major trip, canoeing on the AuSable, and camping on Isle Royale in recent years.

Leader George Lancaster says he is looking into the possibility of scuba diving in Florida for next year's jaunt.

Boys and girls over 14 who are interested in joining the Explorers may talk with any of the members of Mr. and Mrs. Lancaster.

Football Staff Invites Parents

CLINTON—On Thursday, Aug. 15 at 7 p.m., the Clinton football staff invites any interested parents to attend a meeting in the gym to discuss, equipment, schedules, coaching procedures and other items related to the upcoming season.

Regular JV and Varsity practice begins Monday, Aug. 19.

New Lettering

CLINTON — Members of the Village Council voted to install new mounted lettering on the village office to match those on the fire barn.

A special meeting is scheduled for 7 p.m. Monday, Aug. 12, for the purpose of opening bids for the demolition of the former Weaver building on Tecumseh-Clinton Road.

Training Center Needs Materials

CLINTON—Caro Regional Center, a state facility, is in real need of resource materials, and two Clinton residents, Mrs. Kay Walsh and Mrs. Roberta Flack are seeking contributions for the training center hobby program there, through the Caro Association for Retarded and Epileptic Children.

Among the items needed are varnish, paints, tempera paints, brushes, plastic bags, wood for crafts, rags for rugs, ceramic molds, ceramic paints, yarn, thread, knitting and sewing needles, craft items, dried flowers, nails, screws, IBM cards, scrap leather and exhaust fans.

Anyone wishing to donate these items may call Mrs. Walsh, 456-4756 or Mrs. Flack, 456-7666 or things may be taken to 303 Donna Drive, Clinton.

Exhibitors Appear at Fall Festival

CLINTON—Fall Festival Committee reports several more entertaining exhibitors have arranged to appear at the event scheduled for Sept. 27, 28, and 29.

Two blacksmiths will give demonstrations of their crafts, one of traditional blacksmithing and the other will do decorative iron work.

The art of rug hooking and braiding will be shown by a craftswoman, who has demonstrated her craft in Greenfield Village. There will also be a demonstration of candlemaking and hand quilting.

Reservations are already filled for all of the space on the north side of the main business block, and the Smith-Kimball Community Center area.

Arrangements are being made for two parades, one the annual Clinton High School Homecoming float parade, on Sept. 27, and another, an antique car parade on Sunday afternoon Sept 27.

Individuals or groups who are interested in participating in the fun filled weekend at Clinton's Fall Festival may call Ellen O'Donnell, 456-7355 or Jean Magee 456-7610.

Enrichment Program

CLINTON—Mrs. George Heimerdinger and Mrs. Hubert Erickson implemented a volunteer enrichment program this summer for 21 children aged four to nine years.

Among the many activities were listening to phonic sounds, swimming, boating and soap painting at Erickson's Evans Lake home.

Tours were taken of Dave Heimerdinger's dairy farm where they saw triplet calves, to Harold Calhoun's swine farm to see 104 baby piglets, and at Jack Hartung's horse farm they had pony rides.

They visited Prehistoric Forest and Wamplers Lake picnic area, had a weiner roast at the George Heimerdinger farm, baked cookies and prepared their own lunches at the Ericksons.

Final all day event was a family trip to the Toledo Zoo, attended by 33 persons. The children, parents and teachers enjoyed the animals, train ride and touring the terrarium, sea aquarium and the reptile buildings.

Jim Atwell volunteered to drive the school bus and helped chaperon the youngsters.

During the program other senior chaperones included Wally Heimerdinger, Phil and Beth Erickson and junior chaperones, Ernie Dixon and John Bivens.

"The children had many first time learning experiences, which we felt were really worthwhile," Margaret Heimerdinger reported.

Hulett Drain Review Date Changed

CLINTON — Supervisor Harry Comstock presided at the meeting of Clinton Township Board, Monday, with all members, except James Heimerdinger present.

Four residents of Matthews Highway were present to request information about obtaining improvements for their road. They were advised that Matthews Highway is a primary road, over which the township has no jurisdiction. Suggestion was made that a spokesman be sent to attend a weekly meeting of the County Road Commission on Fridays at 10:30 a.m.

Senior citizens, and veterans who have received village summer tax notices are advised that they may qualify for a homestead property tax exemption. Regardless of the amount of the summer tax, they will receive $100 and this amount will be adjusted at the time of winter taxes. Those who have not received such forms in the mail may call Supervisor Harry Comstock 423-3738.

Members approved purchase of an assessor's training manual recommended by the state.

Lenawee County Drain Commission announced the day of review for the consideration of Hulett drain has been extended to Aug. 16.

Hulett drain tax apportionment for Township of Clinton at large has been determined to be 12 percent of the total amount of $22,000 or $2,640. Individual property owners, who will be affected by the drain, will also be assessed their share.

Charles Wilson, building inspector, was given approval for a total of $17,500 in building permits.

Mr. and Mrs. Robert Winder and daughter Barbara entertained at a family gathering Sunday. Guests included Mr. and Mrs. John Winder and Mrs. Mae Nelms, all of Oroville, Calif.; Mr. and Mrs. Charles Poland of St. Petersburg, Fla., Mr. and Mrs. Richard Winder and family of Dearborn Heights; Mr. and Mrs. Barry Winder, Ann Arbor; Mr. and Mrs. Bruce Winder, Sand Lake and Mr. and Mrs. William Winder.

+

Mr. and Mrs. William Moeller of Sun City, Ariz., formerly of Clinton and Tecumseh, are guests of Mr. and Mrs. Max Steffens, while visiting area friends.

+

Mrs. Edith Pence and 16 other Clinton residents joined an Ann Arbor group for a trip to Seaworld at Aurora, Ohio, July 28.

+

Mrs. Theodore McNamara of Holly visited her mother, Mrs. Ozro Priest, Sunday, then they went to Howell where Mrs. Priest remained for a few days visit with another daughter, Mrs. Mary Austin.

+

Our grandchildren entertained us for the weekend on our farm. John, David and Kim Seay of Tecumseh, rode the straw wagon after the baler, built forts in the haymow and tamed the barn kittens, while their parents, the John Seays and the Kenneth Geigers, of Clinton, enjoyed a weekend of R and R on Michigan's west coast. Saturday night, neighbors Brad and Chris Marsh came over for a weiner roast picnic. All of the straw didn't end up in their hair, it just seemed like it.

Poverty in Area Is a Reality

by Libby Lincoln

In a county as rich with fertile farmlands and natural resources as Lenawee County, it is hard to believe that poverty is a reality or that it exists in the Tecumseh area.

Yet according to "The Lenawee County Economy and Its Future," 18 percent of the families within the county have incomes less than $3,000 a year. The 1970 U.S. Census Bureau reported that 6.4 percent of the male work force, or almost 21,000 men and 8.4 percent of the female work force, or nearly 12,000 women, were unemployed in Lenawee County.

The Lenawee County Community Action Center, located at 846 Hoch Ave., Adrian, is a multi-service county agency serving these low income and needy families and individuals.

Organized in May, 1968, the Center grew out of the Adrian Opportunity Exchange which collapsed when federal funding was discontinued. Between 1970 and 1973 Congressman Marvin Esch was instrumental in securing federal support from the Office of Economic Opportunity (OEO). Since 1973 the Community Action Center has been ineligible for OEO money when that agency was re-assigned to the Department of Labor. Donations, grants from the Sage Foundation in Tecumseh, United Fund support and the efforts of volunteers have supplied the necessary funds and manpower for the continued survival of the Center.

The Center assists approximately 8,000 to 10,000 individuals a year, and Director Chris Moran estimates that 15 percent of those served come from Tecumseh or nearby rural areas.

Target groups include the unemployed or underemployed, disabled or handicapped, single women with children, ADC mothers, minority groups, persons with limited fluency in English, persons on parole or probation, persons with alchohol or drug problems, the emotionally disturbed, persons lacking educational or vocational skills, farm and ex-farm workers and migrant workers.

Among the services provided by the Center are its free Medical Clinic and legal aid programs. The clinic includes six examination rooms and a pharmacy and is open on Monday nights from 6:30 until the last patient has been seen. There are programs for both pre-and post-natal care, especially for high risk mothers. Approximately 12 doctors volunteer their skills on a rotational basis. Mrs. Pam Staub of Tecumseh is a volunteer nurse at the clinic, which Moran stated has been one of the Center's most active and successful programs.

The Center's legal aid program is expanding into the Community Action Center Legal Association and hopes to recruit eight or more local attorneys to supplement its present four. The legal aid service assists with civil cases only, such as tenants' rights and consumer complaints, and does not handle criminal cases since all criminal defendants are now entitled to court appointed counsel. Henry (Bud) Crudder is one of several Tecumseh lawyers who volunteer in the legal aid program.

The total volunteer staff of about 80 includes physicians, nurses, lab technicians, lawyers, and other skilled and unskilled workers. Mr. and Mrs. Ray Pizana of Tecumseh, volunteer and serve on the board of directors. Individuals contribute more than $15,000 annually and both individuals and businesses have supported the Center with gifts of materials, labor and the hiring of low income individuals referred by the Center. One of the Center's focal efforts lies in the employment of local, minimum income persons and this is one area in which county and local industries can be of major help.

Moran said that the Center has been well received by area residents and local businesses. Present budget, however, cannot support needed expansion of Center services. The Center is currently seeking 5 percent of local revenue sharing funds from Lenawee County communities. If obtained from local governments, these funds would be used to hire a supportive services coordinator, a housing coordinator, two community workers, one office manager-bookkeeper, one janitor and one secretary.

At present there are only two paid staff members, Director Moran receives a salary of $9,500, an increase of only $2,300 from his initial salary in 1969. The proposed 1975 budget of $97,135 would allocate $63,000 for salaries (with top salary of $9,900), $9,465 for fringe benefits, $10,000 in food, emergency and medical expenses (supportive services), $10,588 in building, postage, phone, gas utilities and other expenses, and a contingency fund of about $4,000.

Salary range for the seven proposed new staff members would be from $5200 to $9900. Center places top priority on hiring low income people and training them for the job, but also seeks professionals in some capacities, Moran stated. He stressed that dedication and sensitivity are fundamental requirements for any Center employe.

Community Action Center is a local action agency providing supportive and emergency services to all the low income people of Lenawee County. The only requirement for Center assistance is need. The Center can only be as active as funds permit, however, and Moran noted that $600 comprised the remainder of the 1974 budget. The Center would like the support of all county residents and welcomes all contributions, whether of cash, materials, job offerings, or volunteer labor.

Your Hometown Independent Bank Is AVital Part Of The American Enterprise System

America Has 3 Kinds of Banking

1.- Branch Banking System
Is one with a home office at a central point with branches situated elswhere (sometimes at considerable distances from the home office). So the place where policies are fixed and loans and other decisions made may be far away from most of the bank's customers.

2.- Group Banking System
Differs from branch banking in that ownership is vested in a bank holding company.

3.- Unit Bank
One at which all of the bank's operations are carried on at one office (or sometimes at several offices in the same area). This is the hometown independent bank, where all bank customers can have direct contact with the men and women who set the bank's policies and make the decisions on loans and all other banking business. We at United Savings Bank are a hometown independent bank.

What Can You Do About It?

You can help preserve independent banking-and the free enterprise system-by taking an interest in state and national banking legislation and by talking to or writing your representatives in the state and national legislatures.

And of course, you, your family and your business benefit by using the services of your hometown independent bank to your fullest advantage.

Siding for exterior walls comes in many styles. The difference in most types is the way the wallboard is milled. Siding boards are also available in various kinds of wood, some of which are more popular than others. Pine, cypress, cedar and redwood board siding are available throughout the country. If the boards are painted, there is little difference in the durability of the various kinds. Siding which is to be left to weather is usually done in redwood or cedar.

We leave nothing unturned in our effort to give you fine service. You'll find a full supply of plumbing and electrical materials in stock at all times at CLAUDA PLUMBING & HEATING, 1108 W. Chicago Blvd., 423-3121. Electric wire, conduit, fuse boxes, fuses, electrical switches and light bulbs are available and we can handle full air conditioning service. Call us for a free estimate on an air-conditioning system for your home or office. Hours: Daily 8 a.m.-5:30 p.m., Fri. until 9 p.m., Sat. until 5 p.m.

HELPFUL HINT: Wood siding cannot be used over brick or stone without a considerable amount of preparation for the walls.

Having found M-52 (my thanks to all you kind folks who have since shown the way) I'm looking in a different direction this week - into the kitchens and cookbooks of local chefs. Won't you share your family's favorite recipes with me? Help me kick off "Recipe Roundup", a new column focusing on Tecumseh's special recipes. Send sandwich recipes, plain or party, to me in care of The Herald. Maybe new treats in the lunchbox will curb kids' complaints this fall!

Michael Scott and Lynette Hendershot of Garden City visited in the home of their grandparents, the Wade Hendershots, while their mother, Mrs. Charles Hendershot was in Sunny Dale to spend some time with her husband, who is in business training there.

Mrs. Fred Beyer and Kim of Los Angeles, Calif., left for Montreal, Canada after spending several weeks at the home of Arvie Reitz, 201 E. Kilbuck. The Beyers also visited the Ruth Moore home in Adrian.

++

Mr. and Mrs. Arvie Reitz were called to Thawville, Ill. last Wednesday due to the death of Mrs. Reitz's brother Paul Eshleman. They returned to Tecumseh on Sunday.

Mr. and Mrs. Edwin Bunge returned Saturday evening from a two week trip in Boulder, Colo. where they visited Mrs. Bunge's cousins, Mr. and Mrs. F.E. Ford. The Bunges also toured the Hoover Library in Iowa, the Eisenhower home and museum in Abilene, Kan. and the Truman library and the museum in Independence, Mo. They also spent five days in Princeton, Ky. with Mrs. Bunge's cousins, Mr. and Mrs. Austin Barnett, formerly of Adrian.

++

Mrs. Eileen Schneider was feted at a birthday coffee last Friday given at the home of Mr. and Mrs. Neville Hart, 115 W. Brown. Thirteen guests attended the gathering and presented Mrs. Schneider with cards and a gift.

The Sesquicentennial is over, but in keeping with the good, old fashioned festivities we had last month, a picnic was held Sunday for the Brothers and Belles. Many enjoyed a game of baseball after their barbecued steak dinners. Later, a barn at the home of the Bob Bush family provided the setting for a square dance. Elwood Bush "called" to the music played by family and friends.

The MYF of Macon United Methodist Church will be bringing their summer program to a close with an overnight camp-out Aug. 16, 17 and 18. All junior and senior high youth are invited. Further details may be secured through Mr. and Mr.. George Osborne or Reverend Vance.

PARATROOPERS-Young and old alike are enjoying Lenawee County's largest fair ever this week. There are well over 30 rides, including this paratrooper ride. Youth have their day Thursday with two bands playing, starting at 7 p.m. Senior citizens day is Friday with two shows to be presented, along with the $100,000 Wolverine Futurity. Fair winds up Saturday, Ethnic day, with the colorful Czechoslovakian dance group and Demolition Derby at 7 p.m. (Photo by Kent Downing)

Girls Take State Title

Long, tense, exciting and victorious describes Saturday for the 35 girls who went to the state tournaments in Saginaw. And the trip was well worth the long ride!

Tecumseh Parks and Recreation Senior girls team, sponsored by the House of Pizza, is the girls' State champion in the 15-18 year old division. Before they could achieve that title however, the team had to defeat Jerry's Jocks of Lansing in their first game. Lisa Lee pitched a shut out with the score 7-0.

In the final game they had to play a team from Saginaw that had been beaten only three times in the last four years. Tecumseh team succeeded in a hard fought game. Sue Frazier pitched a 5-2 victory. Each girl received a trophy and a big one was given to Coach Ken Beevers, by the Michigan Amateur Softball Association, MASA.

Tecumseh Parks and Recreation's Junior team, sponsored by Ed's Standard, took the title of consolation winners. They were defeated in their first game 12-2 by a Bay City team. That loss did not get them down, however, as they came back to beat Tawas 10-0. Jill Hibard pitched a no-hitter and the girls played errorless ball.

To become consolation winners, they were up against Saginaw Fruits. It was a close game right to the finish. Last inning had Saginaw ahead 14-12 with Tecumseh coming to bat. With two outs, the bases loaded, and a very tense crowd, Carol Zimmerman pounded a triple into center field allowing the winning runs to score. It was an all-out effort by every member of the team. Girls were named the consolation winner, given a trophy and finished third out of eight teams.

After stopping to eat at the Big Boy, group headed home. It was reported that everyone but the drivers were sleeping until the team reached the other side of Britton. At Britton, the girls' parents had formed a caravan with the new yellow fire engine leading the victors home. About 35 honking cars escorted the team to the community center where the smell of hot dogs and pizza, donated by the House of Pizza and other food awaited everyone. Girls were most appreciative and would like to extend special thanks to all the juniors and seniors parents, along with Paul Pinter, Nancy and Barb Hamilton, Mary Lou Eardley, and Mr. and Mrs. MacGeorge.

New Mail Schedule

Starting Saturday, Aug. 17, 1974, all mail must be deposited at the two boxes in the parking lot or in the lobby at the post office to have a Sunday Dispatch.

There will be no collection of mail in the business district from Saturday at 4:30 p.m. until Monday at 4:30 p.m.

The only collection of mail in the business district will be at 4:30 p.m. Monday through Saturdays.

For the next day delivery of Tecumseh mail after 4:30 p.m. it must be deposited in the local box in the parking lot or lobby of the post office.

Kindergartner Registration 256

Kindergarten enrollment reached 256 this past week a over a total of 252 last week, said Rosanne Vollmar at the Board of Education. It is expected to be the largest class in recent years when official count will be taken late in September.

Parents are urged to enroll their children now at the Board of Education Office before the September opening of school.

Last year at this time the enrollment of 236 was recorded with 250 as the final tally in September.

ALL STUDENTS REPORT SEPT. 4

Schools Prepare for Opening

By Supt. Robert Duhan

Tecumseh Public Schools will open for all pupils on Wednesday, Sept. 4, with professional staff members meeting for the first time on Sept. 3 for pre-school conferences.

Sept. 4th will be a full day of school for all students.

Elementary pupils, kindergarten-6, will be mailed assignment cards during the last week of August. However, if it is necessary to make some assignment changes after school starts because of class loads, these changes will be made as soon as possible.

Parents of children who are new to the Tecumseh School District and who haven't registered their children are asked to enroll their kindergarten through sixth grade pupils immediately with Mrs. Vollmar at the Board of Education Office at 304 W. Chicago Blvd.

Children are eligible for kindergarten if they are five-years-old on or before December 1, 1974. Parents who plan to send their child to kindergarten and haven't enrolled them are asked to do so immediately.

The Junior High School (Grades 7 and 8) will be open from August 19th on; however, enrollments can be best made on August 21 and 22. Guidance personnel will be in their respective offices at the Senior High School from 8 a.m. to 3:30 p.m. on Thursday and Friday, August 29th and 30th to confer, counsel and enroll pupils new to Tecumseh High School.

A hot lunch program will begin on Sept. 4 at the High School. Milk will be available in all other buildings and children will be expected to bring their lunches. Junior High pupils may purchase their lunch at the high school if they prefer.

Eligibility of elementary children to remain at school for lunch will be determined by the same rules as last year. Children living within .7 of a mile of school will be expected to walk home for lunch. Special arrangements may be made if both parents work away from home. Such parents should contact the principal of the school that their child attends.

Bus service to Tecumseh Public School pupils will again be on a "safety first" basis. State regulations pupils in grades kindergarten through sixth may be required to walk up to one-half mile to scheduled bus routes and pupils grades seven through twelve up to one mile - are used to determine the length of bus routes as well as to group pupils so that fewer stops may be made. Backtracking has been eliminated unless absolutely necessary. Parents of pupils requested to join groups as pick-up points are again asked to give their cooperation.

All new children to receive bus service will be contacted by bus personnel as to time and bus number for the pupils. It is planned at this time that previous routes and times will be the same as last year unless parents are contacted individually.

High School student schedule cards will be mailed to the enrolled students on Aug. 23. High School classes will begin on Sept. 4 at 7:35 a.m.

Junior High pupils are to report at 7:30 a.m. Sept. 4; the 7th grade to the boys' gym on the first floor, and the 8th grade to the girls' gym on the 3rd floor. Regular classes will begin immediately following the distribution of schedule cards.

Elementary students, grades one through six, are asked to report to the school assigned them at 9:10 a.m. Children starting kindergarten will meet Wed., Sept. 4 at the scheduled time.

Kindergarten bus drivers will make home calls sometime before Sept. 4 to acquaint parents of their school bus routines.

New members of the Tecumseh school staff for the 1974-75 school year are:

High School:
John LaSotta, English.
Jay Pinsky, English.
Jon VanWagner, English.
Herrick Park:
Richard Billington, Grade 6.
Mrs. JoAnne Wickham, adjusted studies.
Sutton:
Ruth Ellen Smith, kindergarten.
Ridgeway: Mrs. Suzette Schwab, Grade 2.
Elementary vocal music, Mrs. Brenda Schedeler.

There is one administrative change for the 1974-75 school year. Mrs. Cynthia Opelt has been named principal of Patterson Elementary School.

Returning administrators are Supt. Robert S. Duhan; Assistant Supt., H. Eugene Cooley; curriculum consultant and elementary supervisor, Wayne Kaiser.

High School principal, Dermont Poley; assistant high school principals, Donald Brazee and Raymond Bandlow.

Junior High School principal, David J. Dick; assistant Junior High School principal, Donald Berkley.

Elementary principal of Sutton and Tipton Schools, Otto Bufe; elementary principal of Herrick Park and Rideway schools, Mrs. Lois Fleming; and Tecumseh Acres Principal, William P. Clark.

Cyclist Is Critical Following Accident

Two accidents here Friday afternoon sent one rural man in critical condition to St. Joseph's Hospital in Ann Arbor. The other mishap was a spectacular crash through an overhead door at the fire station on S. Evans St.

Gayle W. Schultz, 37, of 11770 Wisner Hwy., reportedly is in critical condition although a family source says doctors have yet to determine the extent of his injuries.

Schultz was on a motorcycle, northbound on N. Evans St., when he spilled just south of Burt St. Witnesses say he was riding with another cyclist. Both are said to have taken off at a high rate of speed from the traffic light at Evans and Brown.

Control was lost just north of the River Raisin bridge. Schultz hit the berm of the road and failed to negotiate the curve. He apparently laid his bike down and skidded into the intersection.

He was taken first to Herrick Hospital and later transferred to Ann Arbor.

At the fire station, Joann Nighswander, 36, of Clinton, is believed to have blacked out before driving her station wagon through the door and into the city's rescue vehicle.

According to the police report, she ran a red light at Evans and Chicago Blvd., bounced off a curb near Garno's Barber Shop, and then careened across the street and into the fire station. Neither she nor her son, James, 3, were injured.

The car demolished the overhead door, rammed into the large van-type rescue vehicle, driving it eight feet backwards and into the firemen's aluminum boat.

Damages could run as high as $3,000. A new grill, bumper and fender plus radiator are needed for the rescue wagon amounting to over $600 says Wallace MacGeorge, fire chief.

Charges for a new aluminum-glass paneled overhead door have not yet been received but are expected to run high. A hole in the boat also must be patched, and a portion of a pumper next to the rescue wagon has to be re-painted.

According to Mr. Nighswander, a pharmacist at Holmes Pharmacy, his two-year old station wagon may be a total loss.

In another mishap Friday, Joanna B. Lancaster, 52, Clinton was cited for failure to yield the right of way after a collision with Anthony Stefan, 71, of Lincoln Park. Accident occurred at the intersection of W. Chicago Blvd. and N. Union St.

Rains Were Blessing

Sunday's rains were a blessing for the area and welcomed by everyone.

The rain which fell Sunday morning and early evening totaled .81 inches, the most which has fallen on the area in a single day in over two months, according to records kept at Tecumseh's wastewater plant.

According to these records, we've had four days of rain in August through Monday, for a total of one inch.

We had three days of rain in July, amounting to .94 inches. Over half of this fell on July 10, when the fall amounted to .53 inches.

June marked the end of the spring, rainy season. Records show a total rainfall of 3.61 inches with rain recorded on 16 different days. On June 7, the city reported .8 inches, just under Sunday's total.

Some rural folks were not blessed with Sunday evening's fall, which exceeded that which fell in the morning. Several area folks west of the city reported no rain at all Sunday night.

Ford In, Nixon Out In Historic Events

For its future files, The Herald would be remiss if it failed to record the historic events which occurred last Thursday and Friday.

Although the local newspaper seldom covers national events for obvious reasons, the resignation of Richard M. Nixon as president and ascension of Gerald Ford to the presidency are certainly historical events.

It was a first — and hopefully the last such necessary removal of a president.

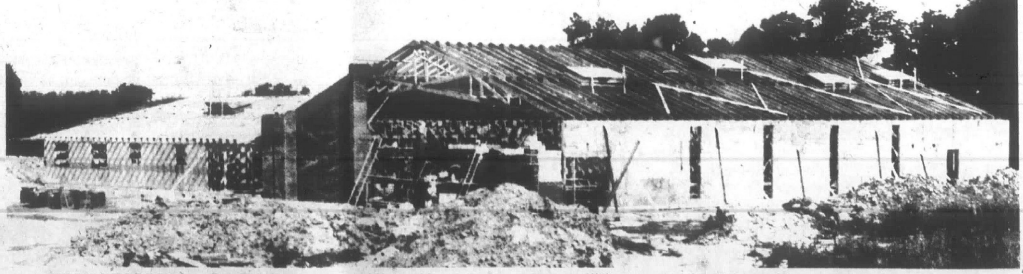
Nixon was highly popular here before the Watergate scandal ruined his administration. It was not necessarily Watergate itself, but the events which evolved out of it and through the president's office that caused him to resign Friday.

Tecumseh is Republican territory, and Nixon proved it at three presidential elections. In 1960 he carried the city over John Kennedy, 1,934 to 995. In 1968 he defeated Hubert Humphrey, 1,576 to 1,021, and George McGovern in 1972, 1,586 to 1,039. In each election Nixon polled over 60 percent.

When this writer was a young boy, he was simply paddled for lying. Richard Nixon lied and paid dearly — losing not only the highest office in the world but also the respect and credibility he had earned during the earlier years of his presidency.

Last Thursday, someone jumped the gun at the Tecumseh post office, according to Jack Metcalf, postmaster. The former president's picture was taken from the wall in the lobby where it had hung since 1968. Nixon did not announce his resignation until Thursday night.

Cynthia Opelt of Adrian is the new principal for 1974-75 at Patterson Elementary School. She succeeds Pete Clark, who is taking over the principalship at Tecumseh Acres.



CHURCH PROGRESS — Construction for a new Assembly of God Church at the intersection of W. Chicago Blvd. and Rogers Hwy. is progressing rapidly. The 11,000-square-foot building, which includes a combined educational and fellowship unit of approximately 5,000 square feet, is scheduled for completion later this year. The sanctuary will have space for 386 worshipers. James Beardsley, local attorney who sold the property to the church, contributed $10,000 towards its building costs. The Rev. Ray Warnick is pastor and holds services today at the present church on Bidwell St. (Photo by Kent Downing)

They'll be coming across the county line when they come. Dundee Caraven will visit Britton at 1:30 p.m. and Tecumseh at 2:30 p.m. on Saturday. Are you ready for them? Let's get going.

Avon Products Wins City Championship

Last Tuesday in second round play Avon Products shut-out Tecumseh Industrial Finishing 5-0 with the big blow, a three run home run by Stoddard. Mauries Tavern avenged the earlier play off lost to Pike Inn and eliminated Pike Inn 10-4. B. Barth slammed a three run homer for Mauries. In the third game Motorists Mutual Insurance scored 10 runs in the third inning to beat General Telephone 18-6.

On Wednesday, Tecumseh Tire Exchange edged Pizza Pit 5-2 with a three run rally in the sixth inning. Handley Equipment surprised Gastons Jewelry-Midway Market 5-4 holding off rallies in the fifth, sixth and seventh innings to preserve the win. Mauries rallied for eleven runs in the seventh inning to overtake Avon 16-15 but Avon scored two runs in the bottom to eliminate Mauries 17-16.

Motorists Mutual Insurance appeared to be on their way last Thursday, to the Championship game leading Avon 4-0 in the fifth inning. Avon had collected only two hits until that time then scored two in the fifth then rallied for the winning runs in the sixth on a three run home run by Johnston to advance to the finals.

The second semi-final game Tecumseh Tire Exchange beat Handley Equipment 5-0. Handley Equipment had surprised everyone after winning only one game all season then advancing to the semi-finals. Tecumseh Tire Exchange scored twice in the first, twice in the third, once in the fifth while Handley advanced only two runners to third base.

Avon and Tecumseh Tire Exchange met for the title and Tire Exchange jumped off to a 2-0 lead in the third on R. Dotsons home run but after that point only one Tecumseh Tire Exchange runner reached base safely. Avon tallied one run in the third on two hits and a sacrifice fly then scored the winning runs in the fifth and a single by Hartmond, Stoddard doubled then scored on a fielders choice. Avon Products wins the City Championship with Tecumseh Tire Exchange runner up.

Ohio Postal Station Opens

Postmaster Jack G. Metcalf announces there will be a two-day temporary postal station near Van Wert, Ohio.

For the collectors and souvenir hunters alike, there will be a special (once in a life time) cancellation, commemorative stamps, stamp panels (Angus Cattle, Chautauqua and Kansas Wheat) featuring rural America, and other philatelic items available at the temporary postal station.

MR. AND MRS. ANDREW WOODWARD

Open House Honors Couple

Mr. and Mrs. Andrew D. Woodward will be honored on Sunday, Aug. 18, with an open house reception at the Tecumseh Methodist Church from 2 to 5 p.m.

Marian L. Beedon and Andrew D. Woodward were married Aug. 20, 1924 in Rose City by Rev. Arthur Beedon, father of the bride. Wedding took place in the parsonage of the Rose City Methodist Church.

Mr. and Mrs. Woodward are the parents of six children: Robert A. Woodward of Carson, Calif., Kenneth C. Woodward of Lansing; Harry A. Woodward of Orange, Calif.; Arthur B. Woodward of Lakewood, Colo.; Mrs. Harold (Diane) Buttrell of Port Huron; and Jerry Woodward of Long Beach, Calif. There are 20 grandchildren.

Mr. Woodward retired in 1968 from the United Savings Bank of Tecumseh. Since retirement, Mr. and Mrs. Woodward have spent the winters in Bradenton, Fla.

Friends and relatives are invited to attend the open house.

Peggy Aebersold Elected to 'Who's Who'

Peggy Aebersold, recent graduate of Tecumseh High School will be featured in the Eighth Annual Edition of Who's Who Among American High School Students, 1973-74, the largest student award publication in the nation.

She is the daughter of Mr. and Mrs. Donald Aebersold of Britton. She was active in the Art Club, Student Assembly and 4-H, girls' softball. She was a photographer, vice-president of the junior class and co-editor of literary magazine.

Among her other honors, Miss Aebersold has been a member of the National Honor Society and was Miss Jaycee Follies runner-up. She is recipient of a Michigan Competitive Scholarship, state tuition grant and an academic award scholarship from Siena Heights.

She was co-valedictorian of her graduating class and is a member of the Society of Outstanding American High School Students.

In addition to having her biography published in the book, Miss Aebersold will also compete for one of 10 scholarship awards of $500 to $1,000 funded by the publishers and will be invited to participate in the firm's annual "Survey of High Achievers."

She plans to attend Siena Heights College this fall.

Students from over 20,000 public, private and parochial high schools throughout the country are recognized for their leadership in academics, athletics, activities or community service in the books. Less than three percent of the junior and senior class students nation-wide are awarded this recognition.

WABJ To Fight AgainstDystrophy

WABJ Radio in Adrian will carry a 24-hour radio show to help in the fight against Muscular Dystrophy, according to station manager Don Aspacher and Jerry Knapp, president of the Lenawee County Chapter of the Muscular Dystrophy Society.

Last year the station joined forces with the Lenawee Chapter on a six-hour broadcast that officials felt was largely responsible for the chapter's breaking its goal.

The program will begin at 7 p.m. Sunday, Sept. 1 and conclude on Labor Day night, Monday, Sept. 2 at 7 p.m.

Serving as co-hosts of the marathon will be Bob Miller and John Raymond, two broadcast veterans. Miller hosted last year's program.

Miller will double as talent co-ordinator for the program and is eager to secure volunteer help for the show from those in the professional or amateur fields. He can be contacted at WABJ by telephone or letter.

In addition to the local program, WABJ will be feeding telephoned reports to the Michigan Regional Telethon in Lansing. Aspacher has been invited to appear on WJIM-TV, Channel 6 on Sunday night to represent this area.

To The Editor

Open letter to the dozens of Tecumseh residents and friends:

How do you say thank you for the many letters, phone calls, and flowers sent me during my recent illness from the folks in Tecumseh?

In this world of turmoil it is very gratifying to know that there are people such as you folks in Tecumseh, who care for their fellow man and take the time to express personel concern to me while I was in the hospital — May God bless you all —

I was especially impressed when I was feeling low in spirits, and that is, the sign in Dr. Cook's office, my son reminded me of, "This too shall pass."

Thanks again to everyone in Tecumseh.

To the Editor:

Tecumseh's Planning Commission (five members present) approved a plan required for rezoning for the mobile home complex at Occidental and Brown, said plan to be submitted now to Council at its next meeting Monday, August 19, at 7:30.

The Herald report states that Council must decide "whether or not to give the project a public hearing and set the date. . . ."

Perhaps, a code similar to the one being recommended for prospective condominium buyers should be used by our local government and those who think they are interested in a local mobile home park: for instance — how high are the standards and ethics of the developer and management: where are other mobile parks he has developed; how well are they being kept up; what is the financial dependability of the developer; many other questions!

The newspaper report also states that the latest description of the site "deleted the RP-1 buffer cluster." The tendency in most developments is for more and more mobile homes to be added until the entire area is filled up. The developer will ask for further rezoning.

This project should not go through without a public hearing.

Betty Wollenhaupt
Tecumseh, Mich.

(Editor's Note: Planning Commission has studied the project and worked with the developer for two years. Many, many questions have been raised and answered during this time. The Commission will recommend to Council Monday night that the zoning be changed. If councilmen disagree, there will be no public hearing. If council, however, accepts the Commission's recommendation for a zoning change, a public hearing will be held as required by statue.)

AN ORDINANCE TO REGULATE AND CONTROL THE STORAGE OF ANY DISMANTLED, PARTIALLY DISMANTLED OR INOPERABLE MOTOR VEHICLES OR PARTS THEREOF.

Section 1. It is hereby determined to be necessary for the public health, safety and welfare of the Township of Ridgeway, County of Lenawee, State of Michigan, to regulate and control the storage of dismantled, partially dismantled or inoperable motor vehicles or parts thereof.

Section 2. No person, firm or corporation shall permit any dismantled, partially dismantled or inoperable motor vehicle or parts thereof to remain on any premises in the Township of Ridgeway unless such premises are duly licensed under the provisions of the Ridgeway Township Junk Yard Ordinance, for a period of more than thirty (30) days consecutively. This section shall not apply to dismantled, partially dismantled or inoperable motor vehicles or parts thereof stored in a closed building or in an area approved for the storage of wrecked automobiles under the provisions of the Township Zoning Ordinance.

Section 3. The presence of any dismantled, partially dismantled or inoperable motor vehicle or parts thereof outdoors on any premises in the Township of Ridgeway not duly licensed under the Ridgeway Township Junk Yard Ordinance is hereby declared to be a public nuisance.

Section 4. Motor vehicle is hereby defined as any wheeled vehicle which is self-propelled or intended to be self-propelled. Inoperable motor vehicles are defined as motor vehicles which, by reason of dismantling, disrepair or other cause, are incapable of being propelled under their own power. Dismantled and partially dismantled motor vehicles are defined as motor vehicles from which some part or parts which are ordinarily a component of such motor vehicle has been removed or is missing. Any motor vehicle which does not bear a currently effective license issued by the State of Michigan, or which does not comply with the State Motor Vehicle Code as required for operation on the public highways of this state, shall be considered as inoperable motor vehicle.

Section 5. Any person, firm or corporation who shall violate or assist in the violation of any provision of this Ordinance shall be guilty of a misdemeanor punishable by a fine of not more than One Hundred Dollars ($100.00) or by imprisonment in the County Jail for a period of not exceeding ninety (90) days, or both, such fine or imprisonment. Every day such violation shall continue shall constitute a separate and distinct violation under the provisions of this Ordinance.

Section 6. The Township Board, by its duly constituted officers, the Prosecuting Attorney of Lenawee County, or the duly appointed attorney for the Township of Ridgeway may cause Complaint to be made for the violation of the provisions hereof.

Section 7. In addition, the Township Board, by its duly constituted officers, or any resident or property owner of the Township may institute appropriate court proceedings to enjoin, abate and remove any motor vehicle that violates the provisions of this Ordinance. The Township of Ridgeway is hereby authorized to remove inoperable vehicles with such remover expenses to be assessed to the property owner.

Section 8. The remedies and penalties provided herein are cumulative and in addition to other remedies provided by law.

Section 9. If any section, provision or clause of this Ordinance, or the application thereof to any person or circumstance, is held invalid, such invalidity shall not affect any remaining portion of application of this Ordinance which can be given effect without the invalid portion or application.

Section 10. The provisions of this Ordinance are hereby declared to be immediately necessary for the preservation of the public health, safety and welfare and are hereby ordered to take immediate effect and be enforced from and after the earliest date allowed by law, and this Ordinance is hereby ordered to be published in the matter allowed by law.

Section 11. This Ordinance shall take effect on Sept. 1, 1974. All Ordinances or parts of Ordinances in conflict with any of the provisions of this Ordinance are hereby repealed.

Korican-Jurasek Wedding

BRITTON — Marilyn Korican and Michael Jurasek were united in marriage Aug. 2 at Grace United Methodist Church, Britton, by the Rev. Robert Porter. Mrs. Fred Schober was organist and Howard Bishop was soloist.

Bride is the daughter of Mr. and Mrs. Thomas Korican, 10177 Centennial Road, Britton. Groom is the son of Mr. and Mrs. Gerald Jurasek of Clinton.

On the arm of her father the bride approached the altar in an ivory crepe chiffon gown with square neckline, cap sleeves, and French Alecon lace bodice. Chiffon skirt and chapel train were trimmed with appliques. Bride wore a mantilla trimmed with Alecon lace and matching necklace and earrings. She carried a nosegay of white and yellow roses, orange carnations, baby's breath and stephanotis.

Barbara Branigan of Britton was maid of honor. She wore a yellow floral gown and yellow picture hat, and carried avocado, yellow and orange daisies in an avocado basket. Bridesmaids were Mrs. Linda Prochaska of Britton and Mary Beth Kozy of Ann Arbor, cousins of the bride. They wore gowns and carried flower baskets like that of the maid of honor, and wore green picture hats.

Groom chose his brother Dan Jurasek of Clinton as best man. Ushers were Tom Hathaway and Clarence Schaub, both of Clinton. Ringbearers were Johnny Korican of Manchester and Andy Michajlenko of Ann Arbor.

Reception for 600 guests was held at the Lynn C. Weeman Post 514 in Hickory Park, Ida. Mrs. Ann Hitchcock and Mrs. Edith Korican, cousins of the bride, poured at the reception. Beth Hitchcock attended the guest book, and Mrs. John Korican and Mrs. Oleg Michajlenko cut and served the bride's cake.

Rehearsal dinner was given at the Country House restaurant by the groom's parents.

Bride is a graduate of Britton High School and Eastern Michigan University. She is a teacher in the Dundee Elementary Schools. Groom is a graduate of Clinton High School and is employed at the Ford Motor Company in Saline.

After a wedding trip to Niagara Falls, N.Y., the couple will be at home at 221 Sunset Drive, Clinton.

MRS. MICHAEL JURASEK

Daughter Weds in California

Mr. and Mrs. Oakley Baxter, 209 N. Oneida St., announce the marriage of their daughter, Linda Jean to J. Douglas Eggers, son of Mr. and Mrs. William Eggers, Dinuba, Calif.

The ceremony took place Aug. 3 in Gerstle Park, San Rafael, Calif., with the Rev. M.J. Elrod, pastor of Grace Lutheran Church, Navato, Calif., officiating.

The couple was attended by Mary Luddy, and Ric Eggers, brother of the groom.

Bride is a graduate of Tecumseh High School.

Upon their return from a trip to Lake Tahoe, the couple will reside in San Anselmo, Calif., where both are employed.

Mr. and Mrs. Baxter have returned home after attending the wedding and touring the western states for three weeks.

Style Sense by Evel

Every day when you bathe, don't forget those tired faithful helpers — your feet! They deserve a beauty treatment too. Scrub feet with a brush and plenty of suds. Rub the soles with a pumice stone to prevent the formation of callouses. Dry feet thoroughly, especially between the toes. With an orange stick, wound with a bit of cotton, push down the cuticle around the nails once or twice a week. Each night massage a softening oil into your feet — it's great for softening, and will help to relax tired muscles.

Bootlegging? We all know it best from the times of Prohibition, from about 1919 to 1939, when it was a fairly widespread practice in the United States to sell liquor in violation of the Volstead Act. The liquor was known as bootleg, and the seller of it, of course, was a bootlegger. But the term is older than that. In fact, some sources think it came into use during the Civil War, when an illegal liquor traffic was carried on by peddlers who stowed their stock of bottled whiskey in their cowhide bootlegs!

MRS. DENNIS GRAHAM

Dixie Fowler Marries Dennis Graham

Dixie Fowler, daughter of Mrs. Leroy Fowler, 405 Center Drive, and the late Mr. Fowler, became the bride of Dennis Graham, son of Mr. and Mrs. Robert Graham, 318 Wildwood Circle, in an evening candlelight ceremony July 13 at Gloria Dei Lutheran Church. The double ring ceremony was performed by the Rev. Laszlo Gero.

On the arm of her godfather, Gary Bourns of Tipton, the bride approached the altar in a gown of white Belgium lace with a sheer yoke and fitted sleeves. The chapel train featured lace overlaying ruffled panels falling to the hem. Her three tiered finger tip veil trimmed with Belgium lace was secured by a Camelot cap. She carried a bouquet of white roses.

Organist was Mrs. Betty Flanders and Floyd Wells was soloist.

Bride chose her cousin, Mrs. Michael Wooden, Adrian, as matron of honor. She wore a long gown of yellow dotted swiss and a sweetheart hat of yellow lace, and carried a white fan with yellow daisies, trimmed with streamers. Bridesmaids were Mary Spillman, Dolores Ruttkofsky, Mrs. Kenneth Cole, of Tecumseh, Mrs. James Hall of Arizona, Mindy Stumpf, of Jackson, and Jody Phipps of Adrian. Flower girl was Jenette Hall, niece of the groom.

Attendants wore dresses of blue dotted swiss styled like that of the matron of honor and carried white fans with blue daisies. Dresses were made by Mrs. Evelyn Halberstadt of Tecumseh, and sweetheart hats by Mrs. Annie Bolyard, aunt of the bride.

Ken Cole, Tecumseh, was best man. Guests were seated by Larry Bush, Rick Ruttkofsky, Mike Ruttkofsky, Ken Graham, Bob Adams, and Jeffrey Hall, all of Tecumseh, and James Hall, of Arizona. Danny Bolyard, godchild of the bride, was ringbearer.

Reception attended by 400 guests was held at the United Products Workers Union Hall. Mr. and Mrs. John Ruttkofsky were hosts and Carolyn Bourns attended the guest book. Wedding cake was baked by Mrs. Clara Warner, of Tipton. Helpers at the reception were Bonita Cook, Rosie Stivkie and Kathy Ruttkofsky. Music was provided by the "Weekenders."

Rehearsal dinner was given at the home of the grooms' parents.

Bride and groom both attended Tecumseh High School. Bride is employed at Kline's in Adrian, and the groom is employed at Krogers, Adrian.

After a two week wedding trip to Florida, the couple are now residing in Adrian.

You Told Us

By Libby Lincoln

What a pleasant novelty the rain was this weekend! I was beginning to think I'd moved to the desert rather than to fertile farm country — and I guess the farmers have been feeling that way too. Now that its fair time let's hope that it rains only at night. Or maybe we should just hope that it rains period...

Mr. and Mrs. Marvin Rumpf entertained the entire Rumpf softball team at a cookout Friday night approximately 25 people attended the barbeque.

++

Judy Kulczyk of Wyandotte is spending the week with her sister Kathy Kulczyk of Tecumseh. Kathy will also entertain Jeanne Kin of Grosse Pointe Woods for the weekend.

++

Clara Waldron enjoyed the company of her nephew Richard Waldron and family, of Pleasanton, Calif., recently. Richard and family are taking a trip around the United States and also visited the Wilfred Waldrons at their cottage on Sand Lake.

++

Mr. and Mrs. Harvey Gatt, 3670 Westgate Place, had a family gathering Sunday at their home in honor of Mrs. Gatt's nephew, A.M.N. Michael Rutherford, who is home on furlough from McConnell Air Force Base, Wichita, Kan.

Guests were Mike's parents, Mr. and Mrs. Bob Rutherford and brother Mark of Manchester; grandparents, Mr. and Mrs. David Youngclove of Tecumseh; Mr. and Mrs. Tom Judkins and family of Britton; and Rev. and Mrs. Glenn Williams and family of Hudson.

Afternoon was spent socially with homemade ice cream and decorated cakes served by the hosts.

Later evening guests were Mrs. Younglove's brother and wife, Mr. and Mrs. Ernest Meyer of Norwalk, Ohio.

++

Mr. and Mrs. Wilfred Waldron, accompanied by John and Winona (nee Waldron) Hamilton of Columbus, Ohio, saw "Tecumseh!", an epic outdoor historical drama at the Sugarloaf Mountain Amphitheatre in Chillicothe, Ohio, two weekends ago.

The Wilfred Waldrons said that they did some publicity for Tecumseh while they were there.

Mr. and Mrs. Wildred Waldron, Jr., of Phoenix, Ariz., visited in Tecumseh and drove the senior Waldrons to Columbus.

++

Mr. and Mrs. Ronald VanValkenburg recently returned from a two week trip touring the Canadian Rockies, visiting Calgary, Banff, Lake Louise and Jasper. They also drove through Glacier National Park in Montana, then visited their daughter and family, Mr. and Mrs. David MacDonald in Broomfield, Colo.

++

Harland Parker came home Saturday but returned Monday to St. Joseph's Hospital in Ann Arbor.

Acclaimed Musical To Be Presented

"Fiddler On the Roof," the world's most acclaimed musical, having been presented not only on the American continent but in 21 foreign countries, will be presented by the Croswell Summer Theatre on Aug. 14, 15, 16, 17, 18 and 21, 22, 23, 24, 25. Tecumseh night is Aug. 15, with special rates.

This epoch-making attraction by Joseph Stein, with music and lyrics by Jerry Bock and Sheldon Harnick, ran for eight years in New York to become the longest, running musical in Broadway history. Its colorful story about the lives and customs of poor Jews in villages of Czarist Russia early in this century has a magnetic appeal for people of all faiths and ethnic backgrounds.

Famous musical numbers from the production include "Tradition," "Matchmaker, Matchmaker," and "Sunrise, Sunset."

Glenn Crane is the director of "Fiddler On the Roof" and is also starring in the production in the major role of Tevye.

This is Mr. Crane's fifth season as the artistic director of the Croswell Summer Theatre. He has directed such hits in the past as "The King and I," "Hello Dolly," and "Show Boat," and he is responsible for the founding of the Tibbits Opera House in Coldwater. He currently serves as assistant professor of Communication Arts at Siena Heights College.

Supporting Mr. Crane in his starring role will be Peg Geiger, a first grade teacher at Clinton and a Croswell veteran who was last seen this season as Domina in "A Funny Thing Happened On the Way to the Forum."

Peg will be featured as Golde, Tevye's acid-tongued but loyal wife.

Yente, the village matchmaker, will be played by Jan Hoffer, an instructor of speech and drama at Drager Middle School and also an instructor of graduate courses at Siena Heights College.

Joan Troy, Debbie Jackson, and Kathy Misseldine will portray the daughters, and their suitors, four men of whom only three are winners, will be Tom Aldrich, Steve Kiersey, Doug Brighton and Dick Kralick.

Also featured in the musical will be Alice Mott. She is serving as promotion manager of the Croswell this summer.

The Fiddler on the Roof, the title but minor role, is being played by Rochelle Wertenberger.

A total cast of 46 area actors will fill the stage for this musical. These people who play minor roles, and the chorus of villagers and Russians include John Frye, Bill Cook, Marcia Osterhout, Tina Feezil, Ginger Meikle, and April Cook.

The musical direction of the production will be handled by Dennis Kisor, an instructor of music at Siena Heights.

The enchanted little village of Anatevka has been recreated in settings by Robert Soller, chairman of the performing and visual arts division at Siena.

Ticket purchases and information can be obtained by phoning the Croswell Theatre, 263-5674 between the hours of 11 a.m. and 5 p.m. Group rates are also available for groups of 10 or more.

NUTRITIONAL AIDE — Teaches children how to bake bread at Lenawee County Expanded Nutrition Program family camp.

Nutrition Camp Is Held

Michigan State University Cooperative Extension Service sponsored a nutrition day camp in Lenawee County July 22-25 with the theme "It's Basic 4 for Me and You." Each day was devoted to one food group from the Basic 4 (dairy, fruits and vegetables, meat and bread and cereal). Day camp is part of the Extension Service's Expanded Nutrition Program (ENP).

On "dairy day" the campers visited a dairy farm and made homemade ice cream, butter and buttermilk back at camp. A visit to a chicken farm highlighted "meat day" and on "bread and cereal day" everyone made a small loaf of bread.

Camp included many activities designed to teach low-income families about nutrition. "Parent-campers" brought their favorite recipes and exchanged them. Mothers helped cook lunch and prepare nutritious snacks.

This is the fourth year that camp has been held in Lehawee County. Extension home economist, Barbara Yeakel, and several ENP aides ran the camp programs. Extension study group members helped the campers' mothers cook the meals. Camp counselors were 4-H'ers, Vern Anderson of Adrian, a soil conservationist, conducted a nature hike and taught the campers about trees, birds and different types of soil.

Tom Meyer, a fifth grade school teacher from Tecumseh, was another counselor and taught the boys how to use a camera and lead nutrition games. "I was just going to come for two days, but I was having such a great time, I stayed all week," stated Meyer.

Yeakel noted, "We couldn't have had such a successful camp if it had not been for all the wonderful people who volunteered their services and time."

Plaza Suite Is Curious Blend

By Kathy Kulczyk

Opening night of Plaza Suite was not exactly a disappointment nor was it a completely polished performance. It was rather a curious blend of good acting striving to become better. In each of the playlets in the Neil Simon play, the actors tried to achieve impact in the final scenes. Some succeeded whereas the others just needed more rehearsal or more direction.

In the first playlet about a couple who return to their honeymoon suite after 23 years of married life, Bertha Vallelunga played the sentimental wife who tries to lure her husband into the romance of that first night together.

She gave quite a convincing and confusing performance at the same time. Convincing in the sense that she was absorbed in her role and was not bad at projecting her private personality into the role. Later in the play, when the neglected wife forces her husband to confess an affair with his young divorcee secretary, Ballelunga was pitifully emotionless. She neither seemed surprised nor unhappy with the matter. This portrayal was hard for the audience to accept and it seemed to inhibit her co-actor.

Sam Nash, played by Scott Hopkin, was not convincing as the husband "too busy for his wife." Hopkin read lines very well but did not act them. Thus the final sequence was disappointing. The unsettled audience didn't seem to know whether they were to feel sorry for the couple or blame them for their misery.

In the second playlet, Seth Weston, as Jesse Kiplinger, small town boy made good as Hollywood director, lent sentimentality and tenderness in his portrayal. Disappointed by three broken marriages, and bored by the glamour he turns his attention to his "pure and innocent," high school sweetheart, for comfort and sympathy. As Muriel Tate, a wide-eyed and flighty blond, Sandra Marks is appropriate in the role. Two actors complemented each other well.

But the unpolished performances made a recovery with Robert Murray and Judy Vanzo as the parents of the nervous ride. Murray carried off his performance with a dogged forcefulness yet deadpanned humor kept the audience hopping.

Vanzo, on the other hand, was not as natural in the role. Laughs she received were fewer. She lacked the timing or sense of inflection necessary for lines that could have been funnier.

Matt Roney as Borden Eisler, the self-confident and serious bride-groom, did an excellent job in establishing the character in his bit role.

Tour Leads To Onsted

"Community Pride" was the theme for the annual Lenawee County tour, Operation "W", sponsored by the Lenawee Soil Conservation District and Extension Servicee. Tour numbered 135.

Vern Anderson, district conservationist led the mystery tour. Onsted glass recycling program and demonstration of glass crushing machine was the first stop. Mayor Robert Ostrander showed the group the recreational equipment and facilities that the proceeds have purchased. Onsted is also planning senior citizens apartments, the group were told.

Modern sewage disposal plant at Onsted was also toured.

Elwood Little, retired superintendent of Onsted Public Schools spoke about community pride and service. Onsted Band Boosters offered eating treats to the tourists.

Natural beauty roads were also on the agenda. A visit to the home of Mr. and Mrs. Lloyd Ruesink ended the day.

Awarded EMU Scholarship

Nancy Hamilton, daughter of Mr. and Mrs. Robert Hamilton, 514 W. Logan St., has been awarded an Eastern Michigan University honors scholarship for the 1974-75 academic year. A 1972 graduate of Tecumseh High School, she will be a junior majoring in Physical Education, with a minor in special education for the physically handicapped.

Nancy has taught gymnastics in Tecumseh and also officiates at girls basketball games at both the high school and college level.

Engagement of Cynthia Gail Trumbull to Dean Nixon Finnegan is announced by her parents, Mr. and Mrs. Jerrold J. Trumbull, Sylvania, Ohio. Mr. Finnegan is the son of Mr. and Mrs. ElRay N. Finnegan of 4385 Comfort Road. He is a 1971 graduate of Tecumseh High School. A November wedding is planned.

WALKER TAVERN — Constructed around 1832, is undergoing restoration and will present a crafts festival Aug. 17 and 18.

Craft Festival Held at Walker Tavern

Walker Tavern, a stagecoach stop for weary travelers of yesterday, will spring to life again as the Michigan Department of State presents a festival, "Crafts of Michigan's Frontier Homesteads," Aug. 17 and 18.

The Tavern, located at Cambridge Junction State Park at the intersection of U.S. 12 and M-50, was owned and operated by Sylvester Walker in the early 1800's and was well known and popular rest stop along the Detroit to Chicago route.

The festival will feature an audio-visual presentation of the history of frontier travel in the first half of the 19th century. Film which was produced through the cooperative efforts of Greenfield Village and the New York State Historical Association, will be shown hourly.

Also of interest will be a display of artifacts discovered during a recent dig at the site. Other exhibits depicting travel in the 19th century will be on display as well.

Live demonstrations will be held each day featuring candle making, spinning, weaving, quilting, bobbin lacemaking, and blacksmithing, together with examples of the most popular form of that period, square dancing.

The Department of Natural Resources initiated steps toward restoration of the Walker Tavern site but with a recent clarification of responsibility among state departments, planning and reconstruction has been reassigned to the Michigan Department of State.

SANDWICH TIPS

Back to school means back to the lunchbox and everybody knows that means sandwiches! While summer is still with us is the time to think of new variations on family favorites and to try them out before the lunch crunch hits.

Some tips for making sandwiches are tried and true. Always use fresh bread and spread each slice completely with butter or mayonnaise so that the filling doesn't soak through.

Be generous with the filling, whether of meat, cheese, fish or peanut butter. Make sandwiches hearty — the filling is the "meat" of the sandwich. Save the dainty sandwiches for special hors d'oeuvres.

Be inventive. Crumble crisp bacon over a peanut butter filling. Peanut butter on toast makes a profein filled breakfast or home lunch treat, too. Or add chopped celery, pickle or cucumber to flaked tuna moistened with mayonnaise for extra crunch and flavor in tuna salad sandwiches.

French toast sandwiches are a delightful at home lunch special. Make sandwiches with filling of cheese, chicken or ham and press slices together. Dip sandwiches in a mixture of one beaten egg and ¼ cup milk. Saute the sandwiches in butter until crisp. This is a nice variation on a toasted sandwich and makes an especially tasty ham and cheese sandwich.

These are just a few ideas to spark up the familiar sandwich lunch. Won't you send your favorite tips and recipes to The Herald and we'll pass them along in this column. Recipes of any kind are welcome, from cupcakes to cucumbers.

Specialists Ask Residents To Track Down European Alfalfa Beetle

Michigan State University entomology specialists are asking lower Michigan residents to track down an unladylike ladybug. Finding the pest could mean saving farmers thousands of dollars annually.

Called the European alfalfa beetle, the insect was found in Pennsylvania in 1972, New Jersey in 1973 and this summer in Ohio, says Dr. Richard Sauer, extension entomology specialist.

About the same size as the common ladybug, the insect has been known to reduce alfalfa yields as much as 60 to 70 percent in Europe where it originates.

"If it is in southern Michigan, second generation adults should be appearing now," says Sauer.

Bug resembles a small Mexican bean bettle. It is orange with up to 24 black spots on its back. The larvae are yellow and spiney.

Their feeding damage cuts a "channel" into the leaf leaving a single layer on the top. The tissue remains dry, turning brown and may break away, leaving a ragged hole. Both adults and larvae drop instantly to the ground when disturbed.

Based on destruction reports from Europe, this pest could be as troublesome as the alfalfa weevil, experts say. The weevil now a widespread annual problem, was discovered in the U.S. just a few years ago.

"It is important we determine the presence of this beetle now to develop a good control method. I doubt that the insect is doing damage now, but we don't want to wait until marked evidence of it is seen in Michigan fields," Sauer adds.

Sauer suggests to look for this potential pest in patches of bouncing bet or white campion along roadsides, railroad right-of-ways, creekbanks and fencerows, or in alfalfa or sweet clover.

Hunters may turn collections in to the local county extension office or R.J. Sauer, Department of Entomology, Michigan State University, East Lansing (48824) or to R. Moore, USDA-APHIS, Lewis Cass Building, Lansing, Mich. (48913).

Cooking Course Completed

Army Private Stanley G. Mayloen, 19, son of Mr. and Mrs. Albert L. Malone, 205 N. Pearl St., Tecumseh, has completed a cooking course at Ft. Dix, N.J.

During the course, he was trained in meat cutting, cake and pastry baking. He also learned how to prepare and serve food in dining facilities and the field.

Scouts Seek Members

A display of Canadian plaques given during the Sesquicentennial to the local Girl Scouts by the Girl Guides of Tecumseh, Ont. will open Aug. 17 at the Tecumseh Public Library.

Aug. 17 also marks the beginning of this year's only major recruitment drive for the Girl Scouts. Applications will be available Saturday at the library for girls and adults wishing to join the Scouts. Mrs. Richard Gage, neighborhood chairman, emphasizes that the Girl Scouts encourage participation and membership of men in various leadership and service capacities. Mr. Gage, for example, has been a registered Scout for five years and is presently on the board of directors.

MACON—For those of you interested in the Macon Historic Society but have questions concerning its purpose, goals, etc., the following summation might prove helpful in determining whether you wish to be a part of the organization.

Purpose of this non-profit organization is to unite all persons interested in the historical aspects of the Macon area and to foster a common interest, identity and appreciation of all matters pertaining to our historic heritage; to encourage and to promote historical research; the collection, storage and exhibition (where and as appropriate or feasible) of books, records, factual data, anecdotes, photos, artifacts, momentos and the like—of historic value; and to assist and to promote the location, identification and preservation of historic sites and structures of landmarks, historic interest and value.

++

Hope Circle members of Macon United Methodist Church will gather Aug. 21, 6 p.m. at Saline Park for their annual picnic.

++

Katherine Harsh, Occidental Road, Tecumseh, spent Friday night with friend Sherri Hover, Macon.

++

In lieu of regular Sunday School classes this week at Macon United Methodist Church, children attending will rehearse songs they will sing during worship service. "Sundae Sunday" sponsored by Mrs. Carl Hawkins and Mrs. Herbert Morden, will follow.

++

Mr. and Mrs. Ed Clark, their sons, and Mr. Clark's mother enjoyed a bit of camping last weekend. They travelled to Rogers City Friday and on Saturday drove to Otesego Lake. Then on Sunday they joined Mr. and Mrs. Bernard Tucker of Macon and Mr. and Mrs. Richard Beal of Clinton at the home of Mr. and Mrs. Wayne Tucker in Clare, to celebrate Mrs. Edgar Clark's birthday.

Grandparents of Triplets

Mr. and Mrs. Voyle Teets, 304 E. Pottawatamie, although he's a local mailman, couldn't wait for the mails to spread the word that they are grandparents of triplets. Parents of the babies are Mr. and Mrs. Harry Teets, Shannon Dr., Adrian, formerly of Tecumseh.

The two little girls and a boy were born at 3:15 a.m., Thursday, Aug. 8 in Women's Hospital, division of University Hospital, Ann Arbor.

The babies, all reported progressing nicely, are Marcie Anne, 4 lbs., 1 oz.; Melody Jo, 3 lbs., 12½ ozs.; and Micah John, 3 lbs., 13 ozs.

It was the first set of triplets delivered by natural birth at the hospital, and medical staff in the room included 16 persons, and the proud father.

Couple learned just a week prior to the birth that triplets were on the way, and Mrs. Teets checked into the hospital early to receive extra care.

Harry Teets is vice-president of Kapnick Insurance Agency, Adrian.

There are two adopted children, Molly, 4, and Matthew 1½ years.

Maternal grandparents are Mr. and Mrs. Carl Drefke, Adrian.

Archie Porters Mark 52 Years

Mr. and Mrs. Archie W. Porter, formerly of Tecumseh, celebrate their fifty second wedding anniversary Aug. 19. They were married Aug. 19, 1922 by the Rev. Ford in the Hillsdale College Baptist Church.

The Porters now live with their son, Archie Jr., at 1060 Pine Road, Alpena. Archie Jr. is a graduate of Tecumseh High School and is chief therapist at Alpena General Hospital.

Mr. and Mrs. Porter would like to hear from old friends in Tecumseh now that they are residents of Alpena.

PLANNING PROJECTS—L to r, Grady Fredericks, president of Tecumseh Jaycees, and Tom Ritter, Michigan Jaycee president, discuss ideas for next year's activities at a recent conference in Hartland.

JC Presidents Plan Programs

Grady Frederick, President of the Tecumseh Jaycees, met recently with Tom Ritter, President of the Michigan Jaycees, to plan the coming year's programs and projects. More than 200 local Jaycee presidents, from across the state, along with members of the Michigan Jaycee Executive Committee met in the planning conference in Hartland.

Tecumseh Jaycees are now entering their 20th year. While being very proud of the accomplishments of their past, the local Jaycees plan to undertake a large number of projects in the coming year which will benefit the Tecumseh area.

There are now 66 Jaycees in the Tecumseh chapter, with young men between the ages of 18 and 35 eligible to participate in the many community projects and leadership training programs.

Any young man interested in becoming a member of the Tecumseh Jaycees, "the young men of action," should contact Grady Frederick, or any Jaycee for information. Monthly membership meetings are held on the first Thursday of each month at 8 p.m. in the club room located next to Gamble's in the basement.

Ladies Beat TCC Champ

August was fun day for Tecumseh Club lady golfers as they took part in Beat The Champ Day. "Champ" Maureen Hannibal was challenged by 34 golfers. Eight women coming through victoriously were: Myrna Downing, T.C. Roekle, Helen Damon, Gloria Swartz, Katherine Champanois, Sally Gould, Edna Smith and Connie Sack.

Marty Owen had charge of conducting the tournament and awarding prizes.

Arson Patrol Is Beefed-Up

The Michigan State Police are strengthening the arson investigation arm of their fire marshal division with the addition of eight officers, Col. George L. Halverson, department director, has reported.

This beefed-up arson policing capability of the State Police is attributed to the increased concerns of members of the Michigan legislature and of state agencies and municipal departments about this worsening problem.

Backgrounding the Michigan concern about arson are arson statistics for last year which showed 5,041 fires in the state that did an estimated $20 million damage. These fires included 1,030 for profit, 44 involving civil disorders, 390 related to pyromania, and 3,577 with miscellaneous motives.

In addition, 28 of the state's large loss ($50,000 or more) fires last year where arson was listed as a cause did an estimated $13.6 million damage. Arson fires were also listed as responsible for six deaths.

Also related to the arson problem in Michigan were the 793 bombings and bomb threats reported in 1973 by the state's 920 fire departments. These included 268 fire bombings, 14 other bombings and 511 bomb threats.

Statistics on arson are included in the annual summary on Michigan fires compiled on information from local fire departments by the State Police fire marshal division which has been commanded by Captain George A. Catton since early in 1971. Catton was stationed at Clinton some years ago, and his wife, Roberta, nee Hornsby, was a Clinton resident.

Thomas Ellis Is Improving

Thomas Ellis, former Tecumseh resident, has been in the hospital and is improving very much, writes a friend from California. Mr. Ellis would love to hear from his friends in Tecumseh and correspondence should be addressed to All Saints Rehabilitation Hospital, 11810 Saticay St., North Hollywood, Calif. 91605.

Merkel in Tecumseh, The Philosophy is as Important as the Furniture.

For 50 years now the Merkel family has run a progressive and successful store just north of here in Chelsea. It began as a service station, pumping gas and selling hardware. Then to paint, wallpaper, casual furniture and now, three spacious floors of furniture, carpet and home decorative accessories.

Since its beginning, Merkel has always been one thing. A "service station". And that's a philosophy that means a lot in today's impersonal business world.

You see the Merkels feel that their customers want three things - selection, reasonable prices and professional, friendly service.

Their Tecumseh store will have all three, a wide selection of name brand carpeting - modern, traditional and early American furniture and accessories - and all at competitive prices.

Their sales personnel, delivery people, installers and interior decorators reflect the same Merkel professional and friendly service philosophy.

So now, as Merkel takes over Helms on East Chicago Boulevard their philosophy will be as important as furniture.

Watch for their new lines to arrive, then stop in and see if you don't agree.

Pastor Holds Open House

BRITTON—Pastor and Mrs. Thomas Trapp of Emmanuel Lutheran Church, 9953 Ridge Hwy., invite all members of the congregation, neighbors and friends to an Open House of the parsonage following the 10 a.m. worship service Sunday, Aug. 18 until 1 a.m.

Many changes and improvements have been made since their arrival to the area last November. Three rooms and a hallway have been repainted, two rooms have been papered, and wall to wall carpeting has been laid throughout the house. A third of the basement walls has been finished with cinder blocks, three new storm doors have been added, and the outside has been freshly painted.

BRITTON LITTLE LEAGUE CHAMPS—Front row, from left, Mike Harriott, Ken Stotler, Lavern Eggleston. Back row, Coach Tom Judkins, Tom Wielfaert, Scott Fanslau, Greg Fanslau, Dan Harriott, Jeff Judkins. Missing from the picture were assistant coach Bill Gorton, Mike Gorton, Brian Kenrick, Dennis Shock, Jeff Wraight and David Bruce. The team made up from the boys above was named the Bears and they put a real roar in Britton with a record of ten wins and no losses.

UNDEFEATED CHAMPS—Rockets Pee Wee girl's team took championship honors for the second consecutive year with their undefeated 6-0 record. Players pictured are from l-r, bottom row, Pam Rowe, Jamie Smith, Annette Lynn and Patsy Handley. Second row, Jodi Smith, Shannon Skelton, Jill Smith and Connie Rowe. Top row, Lee Ann Price, Sandy Judkins, Teresa Bates (Coach), Erin White and Melinda Furgason. Not pictured are Julie DeJonghe and Dawn Stable. Girls picked for the All-Star team were Lee Ann Price, Jodi Smith and Jill Smith. Others in league and their coaches were Torrettes, Denise Reau; Yellow Jackets, Peggy Skelton; and Cougars, Sharon Kopka.

PASTOR CONCLUDES MINISTRY—Rev. H. Leslie MacKay, pastor of the Ridgeway Church of the Nazarene, will conclude his pastoral ministry next Sunday, Aug. 18. He and Mrs. MacKay will move to Nashville, Tenn., where they will assume duties at the Trevecca Nazarene College on the first of September. Rev. MacKay has served pastorates on the Eastern Michigan District Church of the Nazarene for 22 years. Mrs. MacKay served as president of the District Missionary Society for 13 years. Rev. MacKay began his ministry in Ridgeway June 17, 1973.

Shower Honors Bride-Elect

BRITTON—Bride-elect Linda Tubbs was honored Sunday afternoon at a bridal pantry shower, given by the groom's aunts, Mrs. George Cline, Mrs. Allen Bower and Mrs. Keith Crutchfield, in the Crutchfield home in Britton.

Games were played with the winners and guest of honor receiving prizes. Janis Tubbs received the door prize.

Miss Tubbs opened many useful gifts with plenty to stock her pantry shelves.

Luncheon was served from a linen covered table centered with a cake decorated with the wedding colors of yellow, orange and green, made by Mrs. Curtis Banks, cousin of the groom.

The 25 guests were present from Holt, Mason, Adrian, Blissfield, Tecumseh and Britton.

Miss Tubbs and Timothy Gibbs will be married in October.

Tecumseh Wins Districts

In the first game played at Saturday's district playoffs Britton Junior girls defeated Clinton in a close contest. In the second game, played at 3 p.m., Tecumseh came out on top of Blissfield in another close contest by a score of 10-7.

In the game to determine the district champ, Tecumseh junior girls beat Britton 16-5, to keep an untarnished record.

Tecumseh Parks and Recreations' senior girls softball team defeated Blissfield 31-0 in their first game of the two of three playoff for district champ. There is a chance that the winner of this best two out of three tournament will go on to the state tournaments in Rice Creek.

All-Stars To Play at Blissfield

BRITTON—The Britton All-Stars will be playing in the Blissfield baseball tournament Monday, Aug. 19 at 5 p.m. at Blissfield.

The Britton stars will be playing against Dundee.

Bible School Held Daily

BRITTON—Daily Vacation Bible School for boys and girls of the Ridgeway Church of the Nazarene, 6886 Ridge Road, will be Aug. 19-23 with the evening sessions held from 6:30-9 p.m. Mrs. Iris Slick will be the director for the week-long sessions.

Those attending are asked to bring empty six oz. orange juice cans and small plastic margarine dishes for projects. They are to be given to Marianne Smith.

Shower Honors Beverly Tiede

BRITTON—Beverly Tiede, bride-elect, was feted at a miscellaneous bridal shower Aug. 7, given by her grandmother, Mrs. Edna Tiede and aunts, Mrs. Ronald Maschino, Mrs. Wesley Tiede and Paul Griffin, in the home of her grandmother.

Appropriate games were played as diversion of the evening.

Refreshment table was centered with a decorated cake in orange and yellow, her wedding colors. Cake was baked by her grandmother.

Miss Tiede will become the bride of James H. White, Jr., Clinton, Friday, Aug. 16.

Board Sets School Millage

BRITTON—Britton-Macon School Board reviewed and set the millages for the 1974-75 school year at a meeting last Thursday evening. In addition to the 8.5 mills allocated for operation, 13.5 operational mills were voted by the electorate in June. Together with one mill on the 1963 debt retirement and zero mills on the 1955 debt, the total millage is 23 mills.

Total debt millage was lowered a mill and a tenth (1.1) over last year.

In other business, hot lunch prices will remain the same as last year. Prices are subject to change during the year.

School board opened bids on the sale of a used 1967 International 60-passenger bus with the successful bid of $1326 received by Truth for Youth Ministries, Inc., Daleville, Ind.

Western Michigan University will administer drivers' skills tests to all school bus drivers. Test will be in Britton Aug. 29.

Britton Briefs

Names of two umpires, Neal and Gary Judkins, were inadvertently left out in last week's notice of thanks to those who helped with the summer recreation program by Jerry Schultz, summer director. Also names of Macon Township and the Britton Kiwanis as donors toward the program were left out. Sorry!

++

Mrs. Lura Cundiff, Mrs. Esther Baker and Mrs. Mary Schultise, all of Louisville, Ky., have been weekend guests of Mr. and Mrs. Wayne Dunbar and Lisa. They were called here by the death of their brother-in-law and uncle, William Cundiff.

THROUGH MY WINDOW
by Marda Gene Duncan

THE NEW FEEDER

Eventually it happens to them all. Even the best of feeders will not last indefinitely. For years the near-my-window feeder did yeoman duty but for the past few months it fought a losing battle. Several weeks ago it gave up the ghost. We looked out one morning and found one side-board gone and the tray itself fatally listing to one side. It was time to activate the new feeder plans about which I had been thinking.

As we watched Dad dismantle the already half-apart-feeder it was easy to guess what had happened. Our young squirrels are now grown enough so that only one can be on the feeder at a time. And since the squirrel population has been quite large this means that there was much chasing from and scrambling to the near-my-window feeder. An early morning free-for-all could easily account for the 'demise'. The sides were so rotted that Dad pulled off the remaining three with no trouble at all. The wonder was that it had not happened before.

Hopefully the new feeding tray will be more photogenic than the old one. For sides Dad used the quarter rounds, comfortable perches for the free-loading birds. The food tray itself is flat of course and with no covers. This is not the best way of presenting food but, for camera purposes it is necessary. The ideal arrangement is to have a roof over the food to protect it and also, particularly in bad weather, the birds seem to enjoy getting out of the rain or snow while they eat.

Fortunately the new feeder caused little commotion in the bird world. Regulars looked it over carefully but in a day or two were zooming in as though nothing had changed at all. Very first bird to dine at the new banquet board was a bright and beautiful male cardinal. What better way to inaugurate a new feeder! Cardinals lately are lots of fun, they seem to come in three ages. Adults, near-adults, and the brown billed kids. Our first customer was the best colored of the near-adult group. His top knot, however, needed a little work—the front, where the tallest feathers are, was fine but the shorter ones near the back, which fill in to make a full crest, were barely showing. This gave him a decidedly unfinished look.

As of this writing Papa C. has not yet brought his kids to the new feeder. He should be doing it soon though for their introduction to feeder etiquette must be made before they qualify for graduation into the adult world. Youngest of our male cardinals is quite a sight. Finally his bill has assumed its adult red color but it was a long time in coming. His wings and tail are nicely colored too. What red feathers he has on his breast are bright enough but oh my, they are so shaggy and ragged looking and in between are dark spots. Blotchy and unkept. His head is even worse.

Grackles, even uglier than usual because they too are half way between adolescence and adult plumage; sparrows who nicely are bringing fresh-out-of-the-nest youngsters to be fed; tufted titmice on their own but still shaggy and long legged; a funny looking up-side-down nuthatch whose breast is almost as spotty as the one cardinal's; and squirrels, squirrels, squirrels— these are the old faithfuls who had no trouble changing from the old to the new feeder. These along with the cardinals and bluejays, of course.

One of the last birds we saw dining at the old feeder was a bluejay. A very young bluejay. In fact it is quite possible that we saw his first unescorted excursion to the feeder. He did not know what to do. He waited for help which never came, looked at the scratch feed and finally tried to pick some up. It fell right out of his bill. A kernel of corn and then a sunflower seed did the same thing. After much trial and error he discovered that closing his bill and lifting his head and swallowing—that was the way to eat!

So it is that the old has given way to the new and fortunately the birds seem happy with the new feeder.

8 Bus Drivers Are Replaced

CLINTON — Eight Clinton Community School bus drivers who did not accept the school board's offer of a 10.7 percent increase in salaries, by responding to a July 19 letter from Superintendent Richard Wegner, have been replaced by board action, Monday.

Drivers sought an increase from $4.50 to $5 per hour and from three cents a mile to four cents a mile. Final offer which was accepted by the majority of the drivers calls for a rate of $4.85 per hour and four cents a mile.

Drivers who have resigned, in effect, by not accepting the board's offer, include the three spokesmen for the non-union drivers, James Atwell, Larry Blaisdell and John Sell, and others, Julia Foreman, Glenda Wahl, Ralph and Jean Klanke and Janet Welch.

Arthur Gamboe has resigned as bus supervisor and will assume duties as a driver, three times a day. Other new drivers hired include Patricia Hunter, Charles Sanders and Ray Handy. Balance of bus runs will be assumed by present drivers.

Board approved regulations for bus drivers have been changed by the legislature and implemented by the Department of Education as follows:

1. Personal driving record of each bus driver must be on file in the superintendent's office. Drivers with seven points or more in a two-year period are ineligible.

2. All drivers must have a physical examination before Sept. 3 or the beginning of this school year.

3. Each driver must pass a competency test which is written knowledge test concerning bus driving.

4. Each driver must pass a road skills test.

Arrangements were approved for new bus drivers to attend the bus driver school which is being presented at Hunt Junior High School in Jackson Aug. 19 and 20.

Alma College Site of Band Camp

CLINTON — Redskin Marching Band of Clinton is getting a step ahead this season by readying themselves for the annual Marching Band Camp, held this year at the campus of Alma College in Alma.

The band will journey there on Aug. 25 after four pre-camp rehearsal sessions the previous two weeks.

This year, the Redskin Marching Band will spend much time rehearsing music and marching routines for the 1974 marching season. Majority of the practice will prepare them for the pre-game show featured at all the home football games.

Pride which is initiated at the Band Camp sessions carries through the entire school year and is obvious at the performances of the Redskin Marching Band. Excellence in music and marching is a tradition with the Redskin Marching Band and this heritage will be strong this year, carrying the band to even higher musical goals.

Clinton Board Accepts Three and Loses Three Teachers

CLINTON — Board of Education accepted resignations of three members of the faculty, Susie Kirkland Liebowitz, English department; Virginia Clark, third grade; and Sharon Hansen, adjusted studies in the Middle School.

Approved for employment were three new teachers, Mrs. George (Joyce) Somers, Gwendolyn Ganun, and Mrs. Ray (Saundra) Randolph.

Mrs. Somers resides in Adrian, where her husband is a professor at Adrian College. She has a BA degree from Adrian College with undergraduate work being done at Albion and Michigan State University. She has majors in English and sociology and will be a part-time teacher in the English department at the High School.

Miss Ganun of Adrian, has a BS degree from Winona State College, Winona, Minn., with a major in elementary education and a background of preparation in Spanish and social studies. She will teach third and fourth grades.

Mrs. Randolph, of Saline, has a BS degree from Eastern Michigan University with a major in library science and a minor in English. She will be assigned to the library position at Clinton Elementary and Middle School.

Interviews are being conducted this week to fill the two positions of mathematics and adjusted studies, both in the Middle School.

VanValkenburg Reunion

CLINTON—Fifty-eight annual Van Valkenburg reunion was held Saturday at Smith-Kimball Community Center, with 33 persons attending from Toledo, Plymouth, Britton, Adrian, Tecumseh and Clinton. Mr. and Mrs. Floyd O'Dell were hosts. A noon potluck dinner was shared.

New officers elected are: president, Robert McTaggert, Saline; vice-president, Raynor VanValkenburg, Tecumseh; and secretary, Mrs. Russell VanValkenburg, Britton.

Prizes were awarded to the oldest member of the family, Dean VanValkenburg, of Tecumseh; youngest, Brent Crombez, four year old son of Mrs. Melinda Crombez, Brooklyn; one who came the farthest, Russell Abbott of Toledo; most recently married, Mr. and Mrs. Roy Schwartz of Ann Arbor; and couple with the most grandchildren, the Russell VanValkenburgs, of Tecumseh.

Next year's reunion will be held on the second Sunday in August at the home of Mr. and Mrs. Raynor VanValkenburg, Tecumseh.

School Board Approves 5¢ Lunch Raise

CLINTON — School board approved five cent raises in the price of all school lunches for this coming school year.

Prices reflecting the five cent raise are: Grades 1 to 4, 45 cents; Grades 5 to 8, 50 cents; high school, 50 cents and adults, 65 cents.

Raises will defray the cost of 10.7 percent salary increase for cafeteria personnel, and a small sum for cafeteria operating funds.

Air Mail Deadline for Israel Sept. 8

Deadlines for air mailing letters and parcels to be delivered in Israel in time for the Jewish New Year, Sept. 17, were announced by Postmaster Jack G. Metcalf.

Letters must be air mailed no later than Sept. 8, and parcels must be air mailed no later than Sept. 6.

Employees Get 10.7 % Raise

CLINTON — Board of Education approved cost-of-living increases of 10.7 percent for the entire faculty and staff of Clinton Community Schools, at the regular meeting Monday.

Also, the board approved an increase from $45.00 to $47.99 per month for hospitalization, full family, coverage.

Several meetings have been held with the negotiating team for the Clinton Education Association concerning the issue of class size in the English Department at the secondary level. Because the schedule for the 1974-75 school year indicates no apparent problem in class size, the decision was made to make no changes in the master contract language at this time.

It is recognized by both sides that when a new contract is negotiated at the expiration of the present contract, class size along with many other issues will become a negotiable item.

Board approved modification of the maintenance contract after two meetings with the business manager of International Union of Operating Engineers, Local 547, to comply with new provisions in the law.

Budget is not yet available, but it will be presented for public hearing at the September board meeting.

Superintendent Wegner was authorized to write a program for the pre-school area, under the federally funded ESEA Title I program.

Plans were made to paint the gym, purchase new stage curtains and replace the cafeteria flooring, all in the Middle School.

A new athletic director will be promoted from the staff, with other coaching being reassigned.

Diane Vogel Joins Staff

CLINTON — Mary Hoelzer, a co-director of the Learn-Thru-Fun Nursery School has announced the hiring of Diane Vogel, soon to be Mrs. Timothy Merritt, as a new teacher for the school, which will resume Sept. 10 in the Methodist Education building.

About 25 pre-school children attend each of the morning and afternoon sessions. There are still a few openings in the morning session.

Activities include learning to play together, a bit of school room atmosphere, sing songs, play band instruments, hear stories, print own name, share, use scissors, paste, draw, paint, and to follow directions.

They also learn small and large muscle play, and the rules of health and safety. They are taught their colors, numbers, and a little of the alphabet.

The non-profit school is fortunate in having all the necessary equipment which has been purchased with the help of the Clinton United Fund.

Helen Dixon is a co-director. Board members include the Rev. Earl Lawrence, the Rev. Ronald Corl, Mrs. George Heimerdinger, a kindergarten teacher; Mrs. James Heimerdinger, a school social worker; and consultants are Mrs. Norman Bless and Richard Wegner.

The term "composition floors" covers a lot of territory. This wide area of flooring includes simple printed linoleum rugs to various types of composition tiles. This includes inlaid linoleum, asphalt tiles, rubber tiles, cork squares, and vinyl plastics. The printed and inlaid linoleums and the vinyl plastics can be obtained in tiles or in rolls. These rolls are often called sheet goods. What you choose for your composition flooring is, of course, largely a matter of personal preference. But it takes an expert to know what it best for your needs.

The experts at CLAUDA PLUMBING & HEATING, 1108 W. Chicago Blvd., 423-3121 will help you choose what is best for your air-conditioning, plumbing and heating needs. We cater to contractors, builders, commercial firms and private individuals. New installation, repair or remodeling of present plumbing systems are handled. Insinkerator garbage disposals, a wide variety of hot water heaters, well pumps, sump pumps, water softeners and water softening chemicals are sold. Open: Daily 8 a.m.-5:30 p.m.; Fri. until 9 p.m., Sat. until 5 p.m.

HELPFUL HINT: Printed linoleums wear out quickly, since the pattern is simply printed on the surface.

PPI Operating at Local Plant

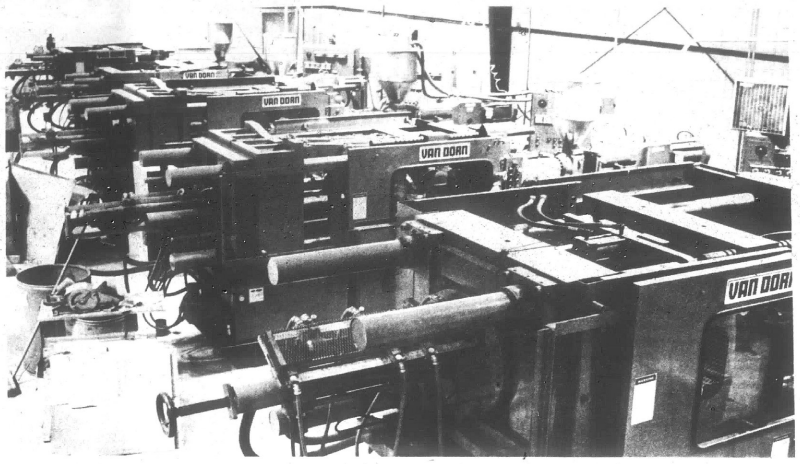
Tecumseh's newest industry, Polymeric Processes, Inc., has started operations at its new plant on S. Maumee St.

Five large plastic injection machines have been installed in the company's 10,000-square-foot plant, which was obtained through the efforts of the Tecumseh Area Industrial Association. Largest of the five machines is 26 feet long, eight feet high and weighs 21 tons.

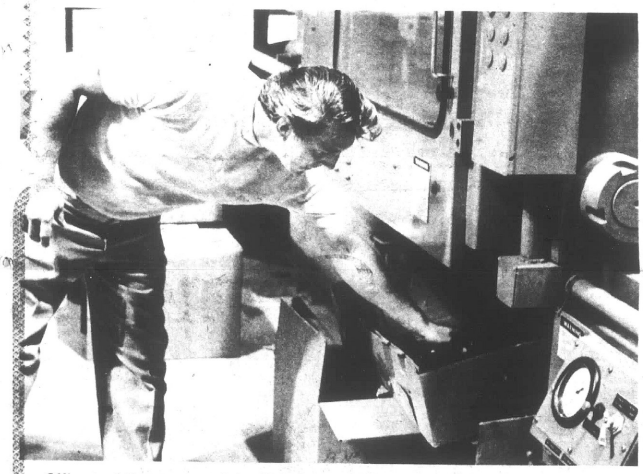
Two officers of the corporation, Gene Stiman, 4241 Dillingham Drive, and Richard Regnier of Lake Columbia, Brooklyn have high hopes of increasing production to two shifts and employment to 60 within a year.

At the present the slow down in the business economy affected PPI and operations are just now on the up swing.

Both Regnier and Stiman are experienced in the plastic field and operated a plant at Bridgewater before moving to Tecumseh last spring. They've known each other for many years, growing up together in Chicago.

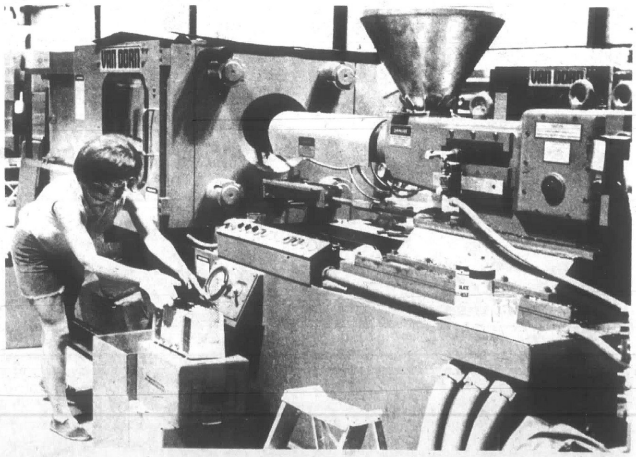


Five large, plastic injection machines produce parts for major companies. Largest piece of equipment here measures 26 feet in length and weighs over 21 tons. Production section of the plant is set up for easy expansion in the future. PPI acquired over seven acres of industrial property from Tecumseh Area Industrial Association last year.



Officers of the company take their turn at the machines as Gene Stiman here checks a recent batch of switches for Essex International. PPI also produces park and turn signal lens for Ford Motor Company.

A novelty item produced is a golf bag beverage mug seen here being inspected by Dick Regnier, company officer. Dick operated the Bridgewater plant for over a year before he was joined by Stiman.



Karyl Roehm of Bridgewater makes plastic switches for Essex International in Ohio, a company which is a supplier for General Motors. Over 2,000 switches can be produced in an hour by this machine alone.

Robert Jennings of Tecumseh helps keep the machines busy at PPI and has just extracted a plastic drinking mug from its mold.

'Clown Prince' Golf Pro Will Appear at Macon

If you like Emmett Kelly or The Harlem Globetrotters, you'll love Paul Bumann. Known as the "Clown Prince of Golf," Bumann is Spalding's internationally acclaimed trick shot artist, humorist and barbershop philosopher. You'll laugh when he hits a dot out of sight with a driver sporting an eight-foot shaft, but more importantly, you'll probably learn something too.

"Golf Comedy With A Purpose" is the idea behind Bumann's show which will be seen at Macon Golf Club on Aug. 24, 3:30 p.m. A veteran PGA head professional and instructor, Bumann utilizes his fast-paced brand of golf humor to teach many of the game's fundamentals in an entertaining manner. During the process of audience participation fun, Paul will leave with several tips regarding your swing which, if followed, will help your game.

Arrival of Bumann is a sight to see. His over-sized red and white Spalding bag has paraphernalia sticking out at a myriad of angles. . . and . . . all of it gets used during the course of a Bumann performance.

His routine includes everything from hitting a driver while sitting down to belting four teed up golf balls at once - with four drivers! In addition, there are clubs with rubber shafts, super-sized heads and smoking golf balls.

Rev Putnam Will Preach

The Rev. Lloyd William Putnam will preach this Sunday at the First Baptist Church while the Rev. Kenneth Boyd participates in the Junior High camp at Lake Louise.

Born in 1928, Rev. Putnam attended Jackson Junior College and graduated from the University of Michigan with honors in Journalism. He received his bachelor of divinity degree from Colgate Rochester Divinity School in 1953 and an M.A. in theology from the University of Chicago Divinity School in 1956. He is an ordained minister of the American-Baptist Convention.

He has worked in various capacities with college students at George Williams College, Chicago, Kalamazoo College, and the Student Christian Union of Cleveland. From the fall of 1966 to 1972 he served as educational director of the Office of Religious Affairs at the U of M. From 1968 to 1970 he was acting director of that office, and for the past year the Rev. Putnam has been an instructor in Philosophy, Sociology, and English at the State Prison of Southern Michigan.

Lenawee Hockey Association Meets

An information meeting will be held on Aug. 15 at the Christ Redeemer Church at 1232 W. Maumee St., Adrian. Meeting will begin promptly at 7:30 for two High School Club hockey teams.

All Lenawee County parents and boys in the ninth thru 12th grades who wish to participate are invited.

Hockey equipment will be displayed and all information on practice times and games will be explained.

Registration information will be available for boys wishing to sign up.

Senior Tax Advice Is Available

Doris Gibbs will be at the Council on Aging office on Erie St., Adrian, each Wednesday to assist senior citizens in completing the Advance Homestead Property Tax Credit claim. Appointments may be made by phoning 263-2161, ext. 285. Final filing date for the requested money is Sept. 15, 1974.

Persons coming to the Council on Aging office should bring a copy of last year's Homestead Property Tax Credit claim (MI-1040 CR), and 1974 summer tax bill. Persons who reach 65 years of age during this year should bring verification of their first six months' income. Senior citizens who do not have summer taxes to pay need not complete the advance credit even though one was received in the mail.

The State of Michigan will advance a senior citizen $100 from the 1974 homestead property tax eligible refund if the money is needed now to pay summer taxes. The senior citizen must have had an income of less than $6,000 in 1973 and expect to have less than $6,000 in income this year.

PLAYGROUND CARNIVAL—Six-year-old Allyson Weakly (l.) and five-year-old Jimmy Randall (right) took careful aim and threw darts at balloons along with 50 other youths at the playground carnival Friday. Tecumseh Recreation Department has sponsored the carnival at the Community Center as a finale to playground activities for five years now. Along with the dart throw, youth enjoyed a ring and bean bag tosses, fish pond, hoop-a-bear, cupcake walk, penny hunt and refreshments. Department's summer staff along with some Goldenaires joined forces with the playground supervisors and staged the carnival. (Photos by Kent Downing).

CHAMPS — Tecumseh Girls' Junior softball league record of 11-1 led them to the district championship and then to Saginaw for third place in state competition. Members of the team are, (l-r), first row, Sheryl Bihlmeyer, J. Hibbard, J. Egbert, Sheila Bihlmeyer, coaches J. Murphy and J. Upell, S. Humphries. Second row, T. Duhan, J. Palmer, G. Fosbender, S. MacGeorge, D. Hamilton, L. Hibbard. Third row, D. Steadley, S. Bunch, J. Greenfield, J. Williams, C. Zimmerman, and L. Caterina.

PICNIC IN THE PARK—Mayor Harold Easton and wife Clara are the honored guests of Tecumseh Golden-aires and senior citizens at a picnic in the Community Center park during the Sesquicentennial. Senior citizen Zell McCarty, dressed as an old miner, participated in the parade.

Tecumseh Recreation Department Directors Share Their Recipe for Year 'Round Fun

Take one bus, for multipurpose transportation. Add about 45 dozen boys and girls who enjoy playing baseball and a neighborhood of faithful fans. Mix in with a few dozen senior citizens who enjoy the good life and good company. Combine with golf, tennis and swimming instructors. Add a generous number of clowns. Sprinkle with bubble gum, crepe paper and balloons. Now toss in a dedicated staff, who needs to be a "little crazy" to keep up with everyone. Serve to a community of about 7,500 and watch the fun begin.

This is the recipe for the successful summer of the Tecumseh Department of Parks and Recreation Program.

Planning for the recreation needs of a city with as diverse a population as the city of Tecumseh is no easy task. It requires some master plan and Ward Eardley, director and Terry Lighthall, assistant shared their views.

"Here we feel that people want to be themselves. And we hope that in our programs, we give everyone an opportunity to do so," explained Eardley.

Department yearly offers a variety of programs to help people of all ages enjoy their leisure time.

Youth program subscribes to the principle that kids also need unsupervised time to plan their own recreation. Successful result of this unspoken agreement has been better cooperation during supervised time.

In youth baseball, learning is stressed before winning, especially in the priming of umpires before and during the season.

This summer, there have been over 500 boys in the five leagues for boys ages five to 14; in the girls softball leagues, about 75 girls, ages five and over, participate.

But softball and baseball are not the only activities offered to keep the kids busy. Youth swimming, canoe, golf and tennis lessons, camping trips, day camps, picnics and playground carnivals are also included.

Eardley explained that with the bus as transportation, the department offers unique activities and outings that other departments in the state cannot. Using the playgrounds as a departure point, the kids are taken out into the environment for activities. Waiting lists on almost all trips prove the success of outings to Cedar Point and camping trips to Sandy Pines, Grand Rapids and Mackinac Island. New trips are in store for next year.

In the winter, dance classes, Halloween parties at each of the grade schools, youth hockey and ski club for Junior and Senior high students highlight the program.

Adult lessons in the areas already mentioned were offered this summer, along with Men's softball with 18 teams in three leagues. Watching these ball players has provided a favorite summer recreation activity for Tecumseh families, too.

This winter, adults can again look forward to the usual and new class offerings in the arts, drafts and dances. For men over 35 a gym nite is usually offered along with coed volley ball. Women's exercises and gymnastics are offered when teachers are available. Clown class so popular in its debut this spring will be offered for all ages in the fall.

Another direction in which the department has grown is in the activities for senior citizens. Wednesday and Thursday meetings offer table games, potluck dinners, movies, guest speakers, trips, which in the past have included such places as Canada, and Tennessee for the Grand Ol' Opry. Closer to home the older adults see plays and music concerts and generally enjoy interesting company. Senior citizens are also welcomed to some kid's carnivals. The school district also provides a pass for those age 65 and older who like to attend the High School sports and concerts.

Acting as advocate for Tecumseh's older citizens, the recreation department, with Eardley as executive committee representative, was the major thrust behind the senior citizens complimentary tickets and transportation for Sesquicentennial events.

Eardley said that these older citizens are a group that really likes to keep on the go. On some trips when they've waited in long line, "they have been as tough as nails. And this is when you really appreciate them."

Unfortunately, one thing that the recreation department does not seem to have is feedback from the community on its programs. Recreation department welcomes comments from all residents.

Recreation department has not only developed in the number of new programs but also in capital development. City now has about 12 recreation sites including the Community Center, one of the most used picnic areas, and the pit; other sites such as the Russell Road baseball diamonds, which are leased from the county, and the school diamonds.

But these properties could not have been utilized so well without the support of local organizations. For example, the Jaycees Auxiliary recently donated money for bleachers for the pony league diamonds; the American Legion donated considerable amounts toward the purchase of the picnic shelter at the Community Center; and the Kiwanis who have adopted Memorial Park, have just donated a new swing set. With the cooperation of the city, civic organizations and the staff of the recreation department, the programs and parks will continue to flourish.

For those who work within the department, there is a lot of hard work, dedication and interest that is given to the success of the programs. Serving Tecumseh is more than a five day work week. Assistant direcor Terry Lighthall said, "You have to stay fresh and like your work. Part of our compensation as workers is that we do get a lot of recreation for ourselves."

"Besides the interest and knowing that you'll work a lot of hours, you also need an understanding wife," Eardley added.

Arson Suspected in $40,000 Fire

Al's Fruit Market was destroyed by fire early Sunday morning. Damage was estimated at $40,000 by Elmer "Al" Schultz, owner.

A barn measuring 40 by 60 feet and all its contents, mostly produce, were completely lost in the blaze.

Both the market and the Schultz residence are located at 1796 E. Monroe about two miles west of Tecumseh.

The Tecumseh Fire Department responded to the call at 3:40 a.m. Sunday. It was assisted by departments from Raisin and Clinton Townships. Fire units left the scene at 7:00 a.m.

State Fire Marshall Sergeant Ruff from Jackson and Sergeant Mowery from the Lenawee County Sheriff's Department began their investigation on Monday into the possibility of arson.

Mowery stated that the fire apparently started in back of a silo on the northwest side of the barn. Just how it started has yet to be determined.

A preliminary investigation revealed evidence of an attempted break-in just before the fire at the Schultz residence, located near the now-destroyed barn. Investigators discovered a slashed screen on a window and a side-door that had been propped open.

And the evidence tallies with reports from a good friend of Schultz who spent the night on a couch in the front room.

The break-in was apparently thwarted by the hero of the day, a chihuahua dog named Lightning. The pet of a friend - who wishes to remain anonymous - alerted his owner to the prowlers by growling and barking.

A light was seen coming through a window on the side of the house and Schultz was awakened. Apparently this frightened the intruder away.

About fifteen minutes later, Schultz looked out a kitchen window and saw that his barn was ablaze.

He has no idea who would have set the fire, if indeed it was arson. "As far as I know, I have no enemies out here." Fortunately, insurance will cover most of his loss, except for about $10,000.

He plans to rebuild the market next spring and it will be "bigger than ever."

In a related development, Jim Forsyth, a driver for the Tecumseh Fire Department, reported that a 2-month-old fire truck valued at $43,000 was slightly damaged during the blaze.

Heat from the fire caused several plastic light covers to melt. In addition, a jump seat, located behind the driver's cab, was burned. Forsyth explained that "it just got too hot, that's all."

Although paint on the truck was also blistered in places, the overall damage was minimal.

$1,900 Sought from City

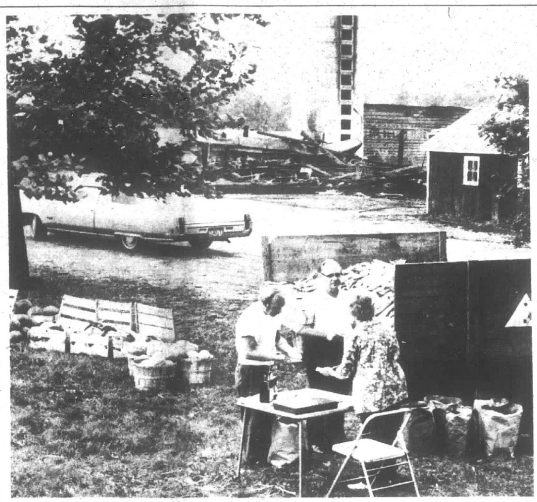
Representatives of the Lenawee County Historical Museum requested 25 cents per capita from the city to help in the hiring of a curator for the museum. Amount would be roughly $1900.

The members present explained the historical work and research that the museum undertakes in the community. Group cited its goals and its achievements in assisting history students earn college credit toward their degree and families discover their family history.

Council decided to take up the request at the next meeting. The historical museum supporters are also making appeal to other incorporated cities and villages in the county.

Change Date

Next regular meeting of Tecumseh city council will be changed to Sept. 3, at 7:30 p.m., due to Labor Day.



STILL IN BUSINESS—A fire early Sunday morning completely destroyed the barn that housed Al's Fruit Market. But that didn't end "Al's" determination to continue the business. A make-shift stand soon replaced the barn and business is as brisk as ever.

GM Hearing in October

By Kathy Kulezyk

Monday night at city council meeting, council set Oct. 21 as the date for a public hearing on the Green Meadows mobile home project.

Several of the councilmen expressed concern about the impact of the development on the community.

Councilman Cook asked what safety valve the city has to make sure the developers, the Apollo Land Development Co., don't expand without the approval of the city. He said that he feared that although there was a RP-1 buffer cluster, he was sure that the pressure would be to expand the mobile home park. He was concerned that no one would want to build homes near the park.

City manager Cal Zorn told council that before the developer could expand even a foot, it would have to have council's approval for rezoning.

"After two years with the Planning Commission and all the planning and requests that the commission has made of the developer, I can't see anything wrong with approving the project as long as we have all the controls," said Councilman Jim Palmer.

"The only reply I have to that is that I feel it is a misuse of property," said Mayor Harold Easton. The audience present burst into a round of applause, apparently echoing the mayor's sentiments.

Easton explained that there were few of such picturesque, good, sites available for homes in the city.

"I have yet to see a mobile home park that I would like to live in, and I've yet to see one that I would like to live beside. I just hate to see this thing get started," continued Easton, "it could change the complexion of the entire community."

"What the question seems to boil down to is this, do we have genuine assurance from the developer that they will handle the problems arising from this development. It is a question of whether or not the city wants this kind of instant growth. People of the community have a right to determine for themselves," said Councilman Aden Meade, urging the council toward a public hearing."

Council asked attorney Greg Forsthoefel whether the city could expect to win a legal suit if council denied the rezoning request.

"You're talking big bucks if they take you up in a legal suit," Forsthoefel said that in cases that have been decided, the developer has always won its case. He also indicated that the developer would probably sue for the original 80-acre plan. If the city lost such a case then the months of planning by the commission to limit the park to 40 acres, would be lost.

"The park acreage might be greater, but (the developer) would still have to abide by the city's mobile home restrictions," said Zorn.

Council then reached the decision to hold the public hearing on the second council meeting in October to give the council an opportunity to meet and question the planning commission.

Councilmen agreed that with the response from a public meeting with the developer present, they could have more evidence on which to base their final decision.

Investigate Bomb Threat

CLINTON—Clinton State Police are still investigating a telephoned bomb threat at the Peerless Gear Division of Tecumseh Products at Clinton, which resulted in workers being sent home from the afternoon shift.

Nancy Lopez, a nurse at the plant, told officers she received a call at 8:26 p.m. Friday, when a male voice advised her there was a bomb in the factory set to go off at 9:30 p.m., and the caller hung up immediately.

A search was made by the plant supervisor and officers of the police post.

A small brown cardboard canister was found in a lab in the bottom of a locker, which was reportedly not there at the start of the shift. No one knew anything about it. Apparently the container had no timing devices and the gray powder in it is believed to be a chemical used by metalurgist in plant.

Plant was cleared of all employees by company request and search began at 10 p.m. State Police bomb squad from Lansing arrived at 11:20 p.m.

Clinton Fire Department was dispatched to the plant about 9 p.m.

.8 Mill Hike OK'd

At a meeting of the Tecumseh school board Monday night, members approved an increase of .8 of a mill to provide for the inflationary rise in operating costs.

The additional millage will bring in $81,468.72 in increased revenue.

The proposed budget for the 1974-75 school term now stands at $4,420,320, compared to last year's $3,827,091.

With the addition of almost one more mill, the school system is now utilizing 28.4 mills, the maximum approved by voters last year.

In requesting the increase, Eugene Cooley, assistant superintendent, explained that larger paper and cleaning costs, among others, have created a 15% percent increase in budget needs over last year. He stressed that without approval of the millage, the school program would have to suffer.

Board member William Macbeth felt that the public should realize that Tecumseh school officials have managed to maintain and even reduce millage at one time during the past four years.

A break down of those 28.4 mills goes like this: 18 mills for operating expenses (including the 8-10's increase over last year); 1.2 mills for the debt-retirement fund (down .2 mills from last year); 8.5 mills allocated; .7 mills for the public library.

TP Gives Lot Near River to Tecumseh

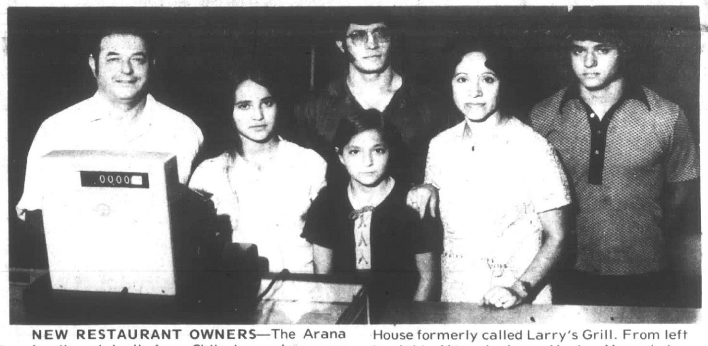
Tecumseh Products Co. has given an important lot for future plans to the city. City manager Cal Zorn reported to council Monday evening.

Property is located on the east side of N. Evans St., just north of the Raisin River and south of a park.

City needs this property to complete its master plan for a right-of-way for the extension of Maumee St.

Mayor Easton said that he would like to have trees planted on the lot as soon as possible. He mentioned that he hoped the land could be incorporated into the parks system.

A letter of thanks to Tecumseh Products Co. will be sent from the city.



NEW RESTAURANT OWNERS—The Arana family, originally from Chile, is opening a new restaurant in Tecumseh called The Chilean House formerly called Larry's Grill. From left to right, Manuel, Anna Maria, Manuel Jr., Pilar (in front), Isabel and Jose.

New Restaurant Opens

By Frank Weir

It was a long move from a restaurant in Santiago, Chile to one in Tecumseh.

But that's just what the Arana family did and they're loving every minute in their newly adopted country.

Manuel and Isabel Arana — and their four children — will be operating a new restaurant in Tecumseh, formerly known as Larry's Grill, at 131 E. Chicago Blvd. They plan to call it The Chilean House.

Originally, the family resided in Chile, a country they left some 3½ years ago. Manuel wanted to provide his children with the better educational opportunities available in the United States.

Their first stop was New Jersey. But that state was only a jumping-off point to the area. The family ended up in Manchester after visiting a relative who was a foreign exchange student there. They liked Southeast Michigan so much that the visit became permanent. And in another year, they hope to move to Tecumseh.

Isabel Arana was particularly enthralled with Michigan's winter (a subject that brings collective frowns to the faces of some area residents). The Aranas had never felt the chill of falling snow or witnessed the beauty of ice-laden trees before coming to Michigan.

Jose, 19, reports that the family had only seen the white fluffy stuff from afar on the mountain tops of Chile. "Our dream has come true," Isabel says.

But their main interest right now is the new business.

Extensive remodeling of the grill started about two weeks ago with the whole family lending a hand. Besides Jose, that includes Manuel Jr., 21, Anna Maria, 14, and Isabel Del Pilar, 9.

With all that help, the restaurant should be ready for the grand opening slated for this Friday, August 23rd. The Arana's are no strangers to the business, however, having operated an eatery in Santiago for 10 years. And their menu will cater to every taste.

The family enterprise will feature four different cultural cuisines including Mexican, Spanish and Chilean. Naturally, the good old American hamburger won't be left out of such proud company.

Specialties will include a Mexican main dish called a menudo which is "sort of a meat pie." In addition, there will be the Pastel de Choclos, dish, a concoction of beef, corn and chicken.

4-Year-Old Is Run Over

A four-year-old girl was struck down when a car rolled over her body Wednesday morning at about 11 a.m. near her home. Ann Peters, 701 Russell Square Apts., was admitted to Herrick Memorial after X-rays. There were no factures, hospital reported, however she was badly bruised and scratched. She is under observation.

Apparently the mother, Mrs. Rosalie Peters, who had been in the vehicle, was too upset to give the police details. It is not known whether the car was in operation. The mother was about to leave when the accident occurred.

150th Profit Is $10,000?

"We've got enough to pay the bills plus a profit of about $7,000. We're real close on this," Cal Zorn, city manager told council when it raised questions about the bills for the Sesquicentennial.

City manager has been working with Sesquicentennial treasurer, Mrs. Joseph Galazzi, to iron out he last of the bills. A final report from the Sesquicentennial executive committee is expected after Labor Day.

Runner-Up Donates $100 to Schools

The Tecumseh school board accepted a check for $100 from Suzie McElroy, a runner-up in the recent Tecumseh Sesquicentennial queen contest.

Miss McElroy told the board in a letter that they could use the money "as you see fit."

Robert Duhan stated that the money will go to a deserving student who plans to continue his education beyond high school.

Rotary Speaker

Merlyn Downing, member of the city's Planning Commission, discussed the Commission and its objectives at Rotary Club meeting Tuesday night.

The speaker, executive vice president of the United Savings Bank, also touched briefly on the Commission's work with the Green Meadows project, which is slated for a public hearing in October.

Bailey Seeks Vote Recount

Keith Bailey, Republican primary candidate for County Commissioner from District 6, has filed for a recount of the Aug. 6 election.

He lost by one vote, 113-112, to incumbent Fay Whelan.

Bailey says the State Board of Canvassers will determine when the recount will be taken, but it will probably be done in late September.

STATE CHAMPS — Tecumseh's senior softball team held a league record of 8-0, went on to beat Blissfield twice for the district championship, and then went to Saginaw to take the state championship title. The team sponsored by the House of Pizza will go to Rice Creek Labor Day week-end for tournaments with the first year teams. Team members are, (l-r), first row, Cheryl Long, Jeanne DeHaan, Lynette Burnside. Second row, Julie Anderson, Vickie Smith, Lisa Lee, Sue Frazier. Third row, Amy Montague, Julie Murphy, Sue Brown, Coach Ken Beevers, Assistant Coach Nancy Hamilton, Peggy Upell and Tori Ifland. Absent are Jan Feight, Jean Faulkner, and Melinda Ternak.

Accidents Reported, No One Injured

A number of small accidents have occurred during the last week in Tecumseh. Fortunately, none involved injuries.

Maria L. Flores, 17, of 611 S. Pearl St., backed her car into a vehicle owned by Raymond E. Seitz, 218 Patterson, on Aug. 14. The incident took place on Maumee Street near the intersection of E. Chicago where the Seitz car was parked. Flores was cited for improper backing and Seitz for no license.

On Aug. 16, there was a collision on Occidental near Southwestern Drive. John Wayne Baugh, 18, of 2067 M-50 was traveling north on Occidental when the rear-end of his car began to fishtail. He told officers that he attempted to correct the vehicle but his efforts didn't work in time to avoid striking another vehicle driven by Charles Edward Byrd, 36, of 1204 W. Pottawatamie. Neither driver was cited by officers.

A vehicle driven by Jose Flores, 22, of Ohio ran into the rear-end of a vehicle operated by Reynaldo Guerra, 17, also of Ohio on Aug. 18. Both cars were traveling east on W. Chicago when the Guerra vehicle suddently slowed down to make a left turn. Flores applied his brakes but could not avoid hitting the other car. No enforcement action was taken by officers.

Sandra Rose Mukensturm, 11637 Wisner Hwy., was parked in the Medical Care parking lot. A vehicle parked next to her, driven by Mrs. Esther Kaiser, began to back out striking the left side of the Mukensturm car. No citations were issued. Incident occurred Aug. 19.

Sandra J. Philo, 19, of Adrian was cited for failure to yield when she struck a vehicle operated by Brenda K. Andrews, 24, of Britton, at the intersection of N. Maumee and E. Chicago. Philo told officers that she was making a left turn onto N. Maumee while a semi-trailer was also turning left going south on Chicago. She failed to see the Andrews vehicle heading west on Chicago.

Two Fire Alarms Answered

Firemen answered two other alarms during the last week.

Aug. 16, firemen were called to a cornfield at Carson near Shepherd at 4:25 p.m. An electrical line was down in the field after lightning had apparently struck it. Driver Jim Forsyth reported that the line contained 72,000 volts of electricity and had burned a path where it had fallen.

On Aug. 20, firemen responded to a false alarm at Flanders Music Co. in downtown Tecumseh. The misunderstanding resulted after someone saw what they thought was smoke. After investigating, fire officers determined that the "smoke" was dust that had filtered into the store from outside where builders were cutting bricks.

Asbestos-cement siding, which comes in various forms, is made of cement and asbestos fibers. Not only is it highly durable, but it is also fire, rot, moisture and rodent proof. On top of all this, it is hard to scratch or mar, and it needs no protective coating, although it can be painted for the sake of beauty. Whereas somewhat heavy, and stonelike in nature, this type of siding has definite advantages. It is relatively inexpensive, durable, and takes color well.

Asbestos-cement shingles come with color integrated into them.

There are many advantages to coming to CLAUDA PLUMBING & HEATING, 1108 W. Chicago Blvd., 423-3121. Our stocks are full; our staff friendly and knowledgeable; and we handle installations, repairs and remodeling of plumbing and heating facilities. There are still many weeks of hot weather ahead—call us for a free estimate on an air-conditioning system for your home or office. MRS. DANIEL RUESINK

Mary Pat Puffer, Daniel Ruesink Wed

Herrick Chapel in the First Baptist Church was the setting for the marriage of Mary Pat Puffer and Daniel Ruesink Aug. 17. The Rev. Dr. B.O. Bashore officiated and Mrs. Fred Oberlin was organist.

Bride is the daughter of Mr. and Mrs. Jack Puffer, 505 Seminole Drive. Groom is the son of Mr. and Mrs. John Ruesink of Adrian.

On the arm of her father the bride approached the altar in an ivory halter gown with matching bolero, trimmed with antique lace. She wore a wreath of fresh flowers and carried a bouquet of pink roses, white daisies and baby's breath.

Carol Schneirla of Tecumseh was maid of honor and only attendant. She wore a yellow floral printed gown styled with a ruffled hem, a wreath of fresh yellow daisies and carried a bouquet of yellow daisies.

Douglas Schwartz of Tecumseh was best man, and William Puffer, brother of the bride, of Ozark, Ala., was usher.

Reception at the home of the bride was attended by 100 guests. Cynthia Puffer, sister of the bride, poured at the reception and Mrs. William Puffer, sister-in-law of the bride, cut the wedding cake.

Bride is a 1972 graduate of Tecumseh High School and of the Ann Arbor Practical Nurse Education Center. Groom is a graduate of Adrian High School and Michigan State University, and is self-employed.

After a two week wedding trip to the Eastern states, the couple will be at home at 123 Scott Drive, Adrian.

Indian Fans To Solicit

Annual solicitation by the Indian Fan Club of business and professional people for support of the Tecumseh Indians athletic programs is scheduled to start soon.

Donations of $15 or more are being sought, according to a release from Earl L. Egbert, program chairman.

The club is a non-profit organization dedicated to the development promotion and support of the athletic programs.

Club's financial assistance has been given for varsity football camp, cheerleaders camp, cross country camp, wrestling and weight-lifting equipment, track and field equipment, football game and wrestling films, Fellowship of Christian Athletes and varsity sports' banquets.

Officers are:
Ed Schwartz - president.
Ed Clark - vice president.
Lois Tilton - secretary.
Mr. Egbert - treasurer.
Harold "Buck" Smith, Tom Jacoby, Dean Hamilton and Bob Younglove are board members.

Water Wheel Pipe To Cost $1,200

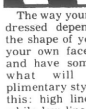
Cal Zorn, city manager, reported to council Monday night, that the cost of running a pipe from the Community Center water wheel to Globe Mill Pond would be approximately $1,200 to reactivate the wheel with natural power.

Council agreed to let Zorn proceed with the work. They felt that the city would prefer to preserve the historical wheel, especially in light of past public response on the project.

Not Everybody Is Unemployed

Unemployment figures cited in the August 8 story on the Lenawee County Community Action Center were incorrect; 6.4 percent of the male work force, or 1,342 men, and 8.4 percent of the female work force, or 1,008 women, are unemployed in Lenawee County according to 1970 U.S. Bureau of Census report.

Style Sense by Evel



The way your hair should be dressed depends largely on the shape of your face. Study your own face and hairline, and have some ideas about what will make complimentary styles. Remember this: high lines lend height, while low lines give flatness. Converging lines give a narrow effect, and widening lines broaden. A heartshaped face, for example, should have hair dressed low enough to be fluffy below the ears, and so widen the face. If ears are large and protruding, dress your hair over them.

The Brontosaurus once lived in Wyoming! The animal was of massive build, and attained the length of sixty feet, with an estimated weight for the live beast of twenty tons. The trunk of the body was short and thick, the neck long and slender, the tail large and strongly built, and the head remarkably small. The animal walked on all fours, and the footprints covered a square yard of ground. These beasts belonged to a portion of history long lost to man. Which is probably a relief to the citizens of Wyoming.

Exchange Student Arrives

CLINTON—Jussi Mansukoski, 16, an exchange student from Finland, arrived here last week to spend a year with Mr. and Mrs. George Heimerdinger and son, Wally.

Jussi has completed his secondary education in Finland, however he will attend Clinton High School as a senior and plans to graduate with the class.

He is quite fluent in the English language, and has spent a month studying in England.

He expects to attend three-year college in Finland for a possible career in forestry.

Jussi's parents, Mr. and Mrs. Erkki Mansukoski, and an older sister live in Helsinki, Finland, where the father is a vice-president in a wholesale export company.

Although Jussi is adept at soccer and ice hockey, Wally has been drilling him in the intricacies of kicking a football for the past week telling him he "has to play football" in America.

His first surprise in the States, Jussi said, was the easy way strangers talk to each other on planes and buses. Apparently in Finland people are more inclined to maintain their privacy in public and at home.

CHRYSLER
Plymouth

It's true! According to recent U.S. Auto Club tests, our Plymouth Duster, equipped with our standard 318 V-8, got more miles per gallon, in city driving, than 6-cylinder Novas. That might be one of the reasons why America's best-selling compacts come from Plymouth. And right now our 8 great small car buys are even better buys, 'cause it's Clean-Up Time, with great clearance prices. C'mon in. Check out Duster now.

Vo-Tech Hires Two New Teachers

Lenawee Vocational Center will have two new instructors for the '74-'75 school year.

Mrs. Dorothy Jedele will be teaching in the business office program. Her background includes work experience as a secretary, four years teaching experience, and she has just recently completed work for a masters degree.

Other new staff member is Terry Moore, who will be the instructor in the commercial printing program. He also has work experience in a commercial print shop along with five years teaching experience.

While teaching Mr. Moore was responsible for setting up several commercial printing programs which has given him valuable experience in the content of a modern up-to-date printing program.

Vo-Tec Center will be in full operation on Sept. 4.

The time schedule for the three sessions for high school students is: 1st Session - 9:00-11:30; 2nd Session - 12:00-2:30; 3rd Session - 3:00-5:30. Students from all schools will be attending on the 4th of September following a teacher In-Service Day on the 3rd of September.

The fall adult education schedule will be available around Sept. 1. There will be approximately 35 courses offered in many fields of specialization. The brochure listing the courses and the dates will be mailed to residents of Lenawee County. However, if you do not receive one please call or stop at the Vo-Tec Center to pick one up.

Style Show Held for Dystrophy

A Beeline fashion style show was held at the Tecumseh Community Center Aug. 15 with the proceeds for the benefit of Muscular Dystrophy Fund.

Games were played and prizes given. Refreshments were donated and served by Beeline managers and stylists.

"Dek the Beak," alias Dyke Helm sold kisses, which added a goodly sum to the proceeds.

Pat Patton played Broadway musical hits for the models while showing an array of colors and fall styles.

Models were Mrs. Frank Scire, Adrian; Mrs. Earl Baldwin, Mrs. Patti Slick, Mrs. Robert Brandt, Mrs. Donald Judd, Mrs. Robert Luper, Mrs. Jerry Patterson, Ruth Lavender, Mrs. Howard Mullins, Larry Beevers, Lisa Maki, Richie Coscarelli, Nancy Beevers, Becky and Annie Grant.

Mrs. Ken Beevers arranged the decorations. Mrs. Wes Maki had charge of the refreshments and the modeling. Mrs. Larry Coscarelli was narrator.

Sum raised will be announced as soon as it is tabulated.

Election Recount Corrects Mistake

Lenawee County Board of Canvassers completed their audit of the primary election on Aug. 15 with no appreciable change in the unofficial returns except in District Commissioner No. 7, whereby a clerical error by the Adrian Township election inspectors was corrected, the over-all totals then gave the nomination to Arthur Clift rather than Virginia Hill as unofficially reported.

Law does not require publication of primary returns however, they are on file in the county clerk's office in the Court House, Adrian, are a public record and anyone may see them during regular business hours.

The state elections commission has placed a temporary hold on all machines in the State in anticipation of a possible state -wide recount, therefore the one recount pending at the County level, that of district commissioner No. 6 requested by Keith D. Bailey who lost by one vote to incumbent Fay Whelan must wait until the State releases the machines. All candidates have until 4:30 Aug. 21 to file for a re-count if they so desire.

Vickie Felton in Who's Who

Vickie Felton, a 1974 senior who graduated from Tecumseh High School was recently notified that she is to be featured in the Eighth Annual Edition of Who's Who Among American High School Students, 1973-74, the largest student award publication in the nation.

Vickie is the daughter of Mr. and Mrs. James Felton of 114 Burt St. She was active in Drama Club, junior and senior class plays, National Honors Society, Voyage en France, and the French Club and she participated in an international cultural exchange student to France in the summer of 1973. She has received a scholarship award from the state of Michigan and is a member of the Society of Outstanding American High School Students.

In addition to having her biography published in the book, Vickie will also compete for one of 10 scholarship awards of $500 to $1,000 funded by the publishers and will be invited to participate in the firm's annual "Survey of High Achievers."

Vickie plans to attend Michigan State University with a major in French this fall.

Students from over 20,000 public, private and parochial high schools throughout the country are recognized for their leadership in academics, athletics, activities or community service in the publication. Less than three percent of the junior and senior class students nationwide are awarded this recognition.

State Fair Opens Friday

An opening day parade will kick-off the Michigan State Fair at the Detroit fairgrounds, Woodward and Eight Mile on Friday Aug. 23. Fair will run until Sept. 1.

This year, as before, the week will be filled with races for the children, with Kids' Day on Aug. 29, when youngsters under 18 are admitted free until 3 p.m. when accompanied by an adult.

Senior Citizens day will be Aug. 26, when older citizens 62 years of age will be admitted free until 3 p.m. Kazoo and kitchen bands, along with traditional old timers contests, will highlight the day.

Each fair day will feature a special event.

Livestock Auction will be Aug. 27 at 1:30 p.m. in the Coliseum Grove. Nearly 60 steers, including the grand champion and reserve grand champion will go on the auction block. Prize-winning hogs and sheep will also be auctioned.

"This year, anyone who buys a steer, can for an additional $25 have the animal trucked to the slaughter house, butchered, cut, wrapped and frozen. Meat will be cut to buyer's own desires," said livestock supervisor, Robert McLachlan.

This year's fair will not lack entertainment either. The New McKinney's Cotton Pickers, a jazz group, reborn from the 1920 era will headline the bill Aug. 29.

Other entertainers scheduled to perform free daily appearances at 4:30 p.m. and 8:30 p.m. in the music Shell include: Seals and Croft, Aug. 23; The Pat Boone Family, Aug. 25-26; Lynn Anderson, Aug. 28; Ray Charles, Aug. 30; Doc Severinsen and the Now Generation Brass Band, Aug. 31 and Sept. 1; and Donna Fargo, Sept. 2.

Free shows and entertainment also will be presented in the grandstand. Hurricane Hell Drivers, Aug. 23-25; the Circus Continental, Aug. 28-30; and Demolition Derby, Sept. 1.

Other free grandstand activities include a nine-event Quarter Horse racing card — the first since 1971 — on Aug. 26.

DAVID STANIFER

Court Youth Agent Named

Governor Milliken has announced the appointment of David L. Stanifer, of 2942 Lee Marie Drive, as Lenawee County juvenile agent, succeeding Mrs. Patricia Easter who has resigned. Judge Kenneth B. Glaser, Jr. further announced that Stanifer was also being appointed director of the juvenile division of the Court, a post which Mrs. Easter had also held.

The juvenile division of the Probate Court has jurisdiction over all child abuse, neglect and deliquency cases, and has responsibility for probation and foster home services of the Court.

Stanifer was originally from Monroe and came to Adrian after his graduation from Olivet College in Kankakee, Ill., in 1971. He has served as probation officer since that time.

Macon Dialog

by Linda Phillips
423-5213

A hackneyed expression but a truism nevertheless is the statement "time flies." As incredible as it may seem, the trees will soon be gilded rubicund and gold; all the pickles and other savory concoctions will stand in neat rows on pantry shelves, and the children's lament of having nothing to do will be replaced with "Yuck—more homework!"

As if to say goodbye to a good friend whose visit was far too brief, four area women gave an end-of-the-summer picnic for their children last Wednesday at the home of Jean Ragay, Arkona Road. Sue Kosky, Mary Foster and Linda Phillips and children Cassie, Kirk and Candy Ragay; Greg, Anne and Patti Kosky; Sheila, Tom and John Foster; and Aaron and Audra Phillips attended the round-up. Also present were Stephanie LaRiviere of Westland, cousin of the Ragay children, and Lori Liechleter and Lori Smith from a neighboring farm.

Homemade ice cream was cranked (enthusiastically at the onset and somewhat reluctantly later on) after the standard picnic fare of hot dogs and toasted marshmallows. The children, spirits undaunted by the knowledge that it would be the last picnic for quite some time, played hide-n-seek and other games as familiar to the season as they were to many of us longer ago than we care to admit.

For this writer, as for many others in Macon, it has been an eventful summer. It has been one filled with activity, fun, hard work and sharing. It has been a summer that future generations will doubtlessly read about in the annals of the Macon Historic Society. Most of all, the summer of 1974 will be remembered for reinforcing the feeling one gets in the community of genuine friendship offered.

Croswell Nears Goal

As of Aug. 14, Croswell Heritage Project pledges total $106,765. Dr. Robert Brimingham and Robert Pichler, project co-chairman, said that when matched by the challenge grant of an anonymous donor, a total of $213,530, or 61 percent of the $350,000 goal, has now been collected for the renovation of Michigan's oldest operating theater, the Croswell Opera House in Adrian.

Pichler and Brimingham noted gains in most divisions of the campaign this week. Pichler stated that interested persons, businesses or organizations still have time to contribute to the Heritage Project and can meet with a campaign worker by calling James Myers, Croswell director at 265-8560.

Needs of the Croswell Opera House to be met by the Heritage Project are a sprinkler system in the basement and attic space for the protection of the wood structure. Overhaul of the existing electrical systems and conversion to hot water system will provide a safer and more efficient operation of the theatre.

Heritage Project will reveal and restore the original entrance and interior of the theatre as closely as possible to its beginning days in 1856. Modernizations will include a raised orchestra pit which may then attract professional orchestras and performing groups to the Adrian area. In the space between the old entrance and the front, a glass enclosed plaza will exhibit other art forms.

Anyone who gives over $150 will be permanently recognized in the renovated structure. Donations are tax deductable and can be paid quarterly over the next year.

Nursery School Provides Educational Experiences

Tecumseh Nursery School program provides a variety of educational experiences. This includes self-directed play activities, which help the child to grow socially and emotionally, opportunities for the child to express himself creatively by working with a wide variety of art materials, musical experiences with records, rhythms, rhythm instruments and singing.

Other activities include dramatizations, finger plays, story time, games, snack time, and simple science experiments.

This fall another learning experience will be added to the program. It will provide material in reading and math readiness for the more advanced child.

School will begin Wednesday, Sept. 4, for the three day group and Thursday, Sept. 5 for the two day groups.

There are a few openings remaining. For registration call 456-7147 or 423-7968.

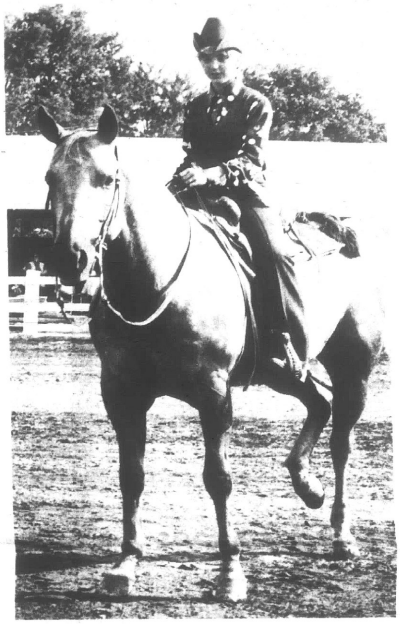
1974 Lenawee 4-H Fair Winners

CHAMPION HEREFORD — Dennis Tilton, 10, of 8768 Matthews Hwy., took first in his class for junior and senior grand champion Herefords. He belongs to the Tipton Jets 4-H club.

LOESCH FAMILY WINNERS — Phil, 14, Fred, 12, and Wes, 9, (l to r) were three happy Loesch family members when they won the grand champion ram, grand champion ewe and grand champion Mondale ewe titles.

BRITTON-MACON 4-HERS — Dennis Cook, 16, won the reserve champion pen of market lambs title and grand champion Suffolk ewe title. Melinda Bortel, 15, had the champion Corriedale ewe and reserve champion market lamb.

NEW FATHER? — Kurtis Spohr, of 6630 Stone Road, is not really a new father, but his champion Holstein did have a calf at the fair Monday. The Britton-Macon 4-Her took the Senior champion female dairy title in the junior division.



RIDER OF THE DAY — Meegan Buter, 13, of Clinton was chosen over all other 4-H riders as rider of the day. Her wins included champion quarter horse, champion fitting and showing pony, reserve champion English horse, English equitation pony, champion western horsemanship pony and horse, reserve champion western pleasure horse and champion pony western pleasure. Jamie Morand (not shown) of Clinton, a North Franklin Hustler, took the grand champion halter title for horses for the second year in a row.

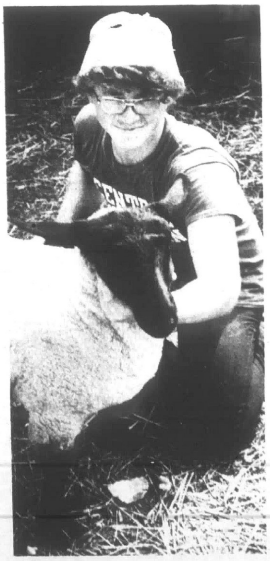
BROTHER AND SISTER — Thirteen-year-old Kevin Barrett has had help from his sister Karen, age 8, at the fair for three years in a row now. Britton resident captured the grand champion ewe and grand champion ram titles.

Photos by Kent Downing

WINNING HOGS — Chris Kimerer, a Britton-Macon 4-H member and resident of Britton, took second place for his pen of 3 hogs.

PUREBRED DUROC — Richie Bruce of Britton took second in the individual international division of purebred Duroc hogs. He is a Britton-Macon 4-H member. Jim Pervich (not shown) of Onsted took home the Rome blue ribbon and the grand champion individual market hog.

SHEEP, STEER WINNER — Curt Brown of 7674 Hendershot St., won the title of champion individual and champion penned sheep and reserve champion steer. The 18-year-old is a Britton-Macon 4-H member.



RAISED FROM BABY — Aubrey Schroeder, of 7080 Billmyer Hwy., is a Britton-Macon 4-Her who took the first place senior showmanship title with his sheep that he raised since it was born.

Barbecue Held at Nursing Home

Herrick Nursing Home patients enjoyed a barbecue Tuesday, sponsored by William Groover, Herrick Hospital administrator; Stanley Nelson, director of dietetics; Mrs. Rosemary Howard, social worker; and the Nursing Home staff.

Idea for the event came from Nelson, who also supervised the preparation of food. Special guests were five Cub Scouts and their den mother from Britton, Richard Dulinsky, Kent Kimerer, Tim Gilbert, Robert Pratt, Steven Lutz, and Mrs. Betty Lutz. Scouts planted a vegetable and flower garden on the grounds of the nursing home earlier this year.

Three candy stripers, Laura Steuwe, Molly Pope, and Mary Manley, served as waitresses at the barbecue.

City Awarded AAA Citation

Tecumseh has been awarded an AAA Pedestrian Safety Citation for its outstanding pedestrian safety record in the American Automobile Association's (AAA) 35th Annual Pedestrian Safety Evaluation.

Plaque will be presented to city officials by Governor William Milliken at a special awards luncheon at Lansing later this month.

A total of 31 states and 2,287 cities across the nation took part in the competition, which evaluated pedestrian safety accomplishments during 1973. Cities compete according to population size.

All told, 30 Michigan cities won awards this year.

State of Michigan was one of three states to receive the AAA award of excellence.

Twenty-four additional Michigan cities were cited for outstanding safety records.

AAA program, only one of its kind, focuses national and local attention on pedestrian safety need.

Pedestrians are reported to account for nearly 50 percent of all traffic fatalities in most major urban metropolitan areas.

Awards and citations are presented by AAA on the basis of low pedestrian death and injury figures and on accident prevention programs which are evaluated in seven key areas—maintenance of efficient accident records system, safety legislation, enforcement, traffic engineering, safety program, coordination, quality of school traffic safety programs, and active public information and education programs.

Foursome Returns from Czechoslovakia

Mrs. Joe O'Pravil, 80, of 9702 Hewlett Hwy., just returned last week from six weeks in Czechoslovakia with her sister and brother-in-law, Mr. and Mrs. Toman of Milan, and brother, Henry Wistula of Flat Rock.

Foursome flew from New York via Czechoslovakian Airlines to Prague, where they then traveled by bus to Vesale, Moravia, a territory of Czechoslovakia.

There they stayed with a brother, sister, nieces and nephews. Group toured churches, schools and sites of historical interest in Prague. They traveled by bus, car and on foot.

Mrs. O'Pravil said that they enjoyed every bit of their stay although the weather was cold the first three weeks.

"One think I can tell you," she said, "never in my life have I seen so many beautiful roses. Rows and rows in front of everyone's houses. I only regret that it was too cloudy for me to be able to take pictures." She also remarked about the clean countryside.

She added that everyone in the country was hospitable. When Mrs. O'Pravil was there in 1960 she said that the country didn't have the prosperity that it has now. Only problem with living there is a meat shortage. Her sister and niece had to rise at 6 a.m. in the morning to beat crowds at the butcher shop. Cost of living is much higher there, she reported.

Graduates from Army Boot Training

Pvt. Leonard Eugene Wotring, son of Mr. and Mrs. Leonard Wotring Sr., 205 Russell Road, graduated last Thursday from boot training at Fort Jackson, S.C. He is now at home on a 13 day leave, and departs for Fort Gordon, Ga. at the end of August. He will be located at Fort Gordon for three and one half months and will then be transferred to Fort Hood, Tex.

Pvt. Wotring attended Tecumseh High School and enlisted in the armed services this June. He will complete his high school diploma equivalency at Fort Hood.

Recipe Roundup

By Libby Lincoln

Cake is almost as much of an American tradition as pie. Most families love a cake whether it's cupcakes, devils food, or angel food.

Frosting is as essential part of any cake, as anyone who's ever licked the bowl will assure you! While plain boiled or butter frostings are always popular, every now and then its nice to vary cake toppings and surprise the family.

White cake with Broiled Coconut topping is a big hit in our house. This topping really perks up a plain white cake. The recipe covers a square 9 inch pan or an 8 inch by 12 inch oblong.

Broiled Coconut Topping For White Cake

white cake (one layer, whether square or oblong)
melted tbls. butter or margarine
10 tbls. brown sugar
4 tbls. cream or milk
1 tsp. vanilla
1 can or package coconut

Mix ingredients together. After cake is baked let cool slightly so that top of cake settles. Spread topping on top of cake. Put under broiler until the topping bubbles. Watch carefully, it doesn't take long for topping to bubble. Check every few seconds. Cool cake before cutting.

Send, call or drop by the Herald office with your tried and true recipes. This column is meant to be your column - we'd like to know you and your recipes.

Lenawee Economists Set Goals

Lenawee County home economists will gather for a luncheon and workshop on life planning and goal setting Aug. 28. An 11:30 luncheon at W.C.'s will be followed with the afternoon program at Adrian College featuring Dr. Eugene O. Peisner.

Dr. Peisner is MSU professor and extension specialist in Family and Child Sciences. He is well-known throughout Michigan for his work in effective listening, family togetherness, communications, and developing human potential.

Session is open to any home economist in Lenawee County - teachers, home economists in business, home economists in homemaking. College and university home economics students are also welcome, as well as professionals in related areas.

Reservations are necessary and there is no charge. For more information contact Susan Lambrecht at 265-5108.

Party Celebrates Two Occasions

A retirement party and birthday celebration was held for Lester Handy and wife Alberta, of 916 River Acres Drive in the home of his son and daughter-in-law, Max and Cathy Handy at 203 Pine St. on Aug. 17. Their daughters Mrs. Gerald Easton (Geraldine), Mrs. Raymond Bond (Barbara), Mrs. Gary Roberts (Joan), and Lois Quinn were co-hostesses.

Friends, including former co-workers at Tecumseh Products Co., neighbors and relatives from Tecumseh, Adrian, Tipton, Lansing, and Britton attended.

The buffet table featured a large cake with appropriate retirement symbols and a large shrimp bowl.

Handy, retired recently from the Treasury Department Internal Revenue Service (IRS) after 13 years, previously spent 17 years at the Tecumseh Products Co.

On Aug. 9, the IRS honored Handy at a retirement party at Weber's Inn, Ann Arbor. Co-workers and friends from Detroit, Dearborn, Jackson, Monroe, Adrian and Ann Arbor attended the affair at the Inn's ball room.

He received a retirement pin from the IRS and presents from the group.

Handy now plans to spend considerable time at his cottage at Houghton Lake just "taking it easy."

Named to 'Who's Who'

Darrell Bozeman, 1974-'75 senior of Tecumseh High School, was recently named to the eighth annual edition of Who's Who Among American High School Students, 1973-74, the largest student award publication in the nation.

Darrell is the son of Mr. and Mrs. JB Bozeman of Tecumseh. He is active in the Fellowship of Christian Athletes and was named most valuable player for the 1974 baseball team. He was batting champ with a .373 average.

He is also president of his class.

In addition to having his biography published in the book, Darrell will also compete for one of 10 scholarship awards of $500 to $1,000 funded by the publishers and will be invited to participate in the firm's annual "Survey of High Achievers."

David Allen Completes Basic Training

Army Private David C. Allen, son of Mrs. Irene G. Allen, 1820 Taylor Road, has completed eight weeks of basic training at the U.S. Army Training Center, Armor, Ft. Knox, Ky.

He received instruction in drill and ceremonies, weapons, map reading, combat tactics, military justice, first aid, and Army history and traditions.

His wife, Nancy, lives at 470 E. Thirteen Mile Road, Madison Heights.

SUMMER EVENINGS

My, but these glorious summer days are shrinking to a point of being noticeably shorter, aren't they? We notice it especially when on the porch. It almost seems that a half-way late dinner is barely over before the tell-tale signs of day's end begin to show.

Oh, August evenings are nice but I must admit to wistfully sighing about those long June and July days. Of course I will admit that those late sunsets played havoc with the recommended eight hours of sleep per night.

But this is not to imply that the current evenings are not nice too. They are great. And the porch life is every bit as interesting as ever. The excitement and good watching, however, has changed. One jarring note—well, no, it is not jarring in the context of being inharmonious but it is absolutely clear and cloudless sky, there are 10 or 15 minutes when its rays play on the walnut tree in the back yard and turn those green leaves into a goldish yellow. I know fall is coming but who needs such a stark announcement of things to come!

Just before and for a while after the sun sets there is, of course, much light left in the sky. Near the ground it can be quite dark but looking up at the sky is a different matter. It is in these still light skies that lately we have watched superb aerial shows. The skill of the performers as they dart and swoop is breathtaking. And, although they come ever so close to obstacles, never is there a collision. They are after flying insects and I can believe that no bug would be safe. You have no doubt guessed by now who the aerialists are. Bats.

Yes, that four letter word makes us shudder too. However, as long as there are the strong screens of the porch between them and us we can quite enjoy their show. Now I must make a confession. I did do a little checking to learn what kind of bats we are watching but my 'research' was short-lived.

A bat on the wing can be appreciated for its flying expertise but close-up and head-on pictures of the many many different kinds of bats in the book were positively revolting. Quickly skipping the pictures I turned to the text. According to "The Mammal Guide" compiled by Ralph S. Palmer—because, of course, these creatures are mammals who bear their young alive, suckle the young, etc.—anyway, I gather that we could be watching one of several species. Quite frankly though I could not bear to dig further and we are content to merely watch the acrobats from the porch and not become further acquainted with them. There is no need to reach a first name 'friendship!

Another evenings performance is slacking off now. The fireflies. They were glowing great guns in June and July but their season is rapidly nearing its close. Is it our imagination or were there truly more fireflies this year—and weren't they bigger than ever too? There are still many which light up the early evenings but a month or so ago the back yard was almost aglow with them.

Once again the books are far less romantic than the watching. "The Insects" from the Life Nature series devotes only two pages to what they call "live sparks in the dark" and most of those are pictures. They do explain that the light is produced by the oxidizing of a fat (luciferin) by an enzyme (luciferase). It is quite a unique light too, very cool. Only one eighty-thousandth as hot as a candle flame of equal brightness. I still say it is more fun to watch the tiny green-white lights flash off and on in the yards or on the screens than read the books.

So it is that we bemoan the shortenings of the days but still there is much to be enjoyed on these summer evenings.

Librarian Urges New THS Facilities

by Katherine Suydam, Tecumseh Senior High School librarian

A good school library depends upon three basic ingredients: 1) the collection itself (books, films, pamphlets, records, filmstrips, and a variety of other materials; 2) the librarian, (a specialist in two fields: education and librarianship) who selects and processes the materials and brings them to life for the students; 3) the physical facilities, (the place in which those materials are kept).

Tecumseh Senior High is fortunate in having received commendations on the first two of the above mentioned items. Our North Central Association (NCA) evaluators found an adequate, varied and well rounded collection of hardbound books, newspapers, magazines and pamphlets, etc., both informational and recreational. All these materials are well organized and accessible to students. Our audio-visual materials, though insufficient for our needs, are being gradually increased each year.

Evaluators also found a well qualified and dedicated library staff consisting of a full-time and a part-time librarian and a library clerk who utilizes their budget well.

However, the third element mentioned above - the facilities - was not praised but deplored. Following is a summary of the evaluators' criticisms:

1) The present library, is not functional to double as a study hall since noise and confusion arises from such an arrangement. A library is a teaching facility in the sense that it should be used to help students find the answer to questions that may arise in study or classroom. Using the library as a study hall disrupts and crowds the central purpose of the facility, which is to be used as a reference room. Tecumseh is the only High School in the county that holds a study hall in the library, which is already congested. This situation makes effective teaching and learning next to impossible. Students who study are distracted by comings and goings of those who need to be in the library to use the reference center.

2) Overcrowded conditions and the lack of an informal atmosphere does not encourage students to come in and use the facilities in freedom and comfort, but only encourages the development of negative attitudes. Often these negative attitudes increase theft and vandalism of library materials, diminish the rapport between the librarian and the students and give rise to disciplinary problems. Since not enough space is available, the use and provision of library media is hampered. More needed books, paperbacks, magazines and audio-visual materials could be purchased and used if the room existed.

This same congestion makes its impossible to provide conference rooms, study carrels, listening and viewing stations, a professional library - all of which are needed so that students can become more self-reliant and independent in their thinking.

With the school library literally the heart of the educational program in today's schools, students who possess a school in which there is a harmonious blend of collection, staff and facilities have the best chance of becoming the most capable and enthusiastic citizens in our world. Tecumseh needs this blend. Will it be provided?

Horseman Sits Tall in the Saddle

BRITTON—Long time admirer of parade horses, Bob Irwin, a Britton area man, made half his dream come true when he bought and raised a colt five years ago. His dream was completed with the purchase of a Ted Flowers parade horse saddle of silver.

Irwin first read about the Flowers' saddles in an advertisement in "Western Horseman Magazine," a magazine for admirers of stock horses.

A truck driver for Tecumseh Products Co., Irwin had the opportunity to visit the Flowers' shop in Alexandria, Ind., after he had made a run. An owner of a similar saddle, Irwin decided to buy this new one because "it was one I had always wanted." New saddle has more of the fine silver craftsmanship. Saddle is handcrafted with the diamond design, all done by piece work with engraved leather seat.

Flowers' saddles are nationally renowned for skill in design and work of parade saddles. Several of these have been bought by horsemen in California and Hollywood. Irwin was told that the late Dan Blocker, of the television show, "Bonanza," bought a saddle there.

Irwin approximated the saddle's worth at about the cost of a good car. But he said that sterling silver saddles, which are softer metal, also tarnish easier and require extra care, are more costly, in comparison to the one he owns.

"Some people enjoy golf or snowmobiles. Well, this is my hobby," Irwin said that when he learned about the Tecumseh Area Sesquicentennial, he decided not to wait another year and using his income tax refund, bought the saddle this spring.

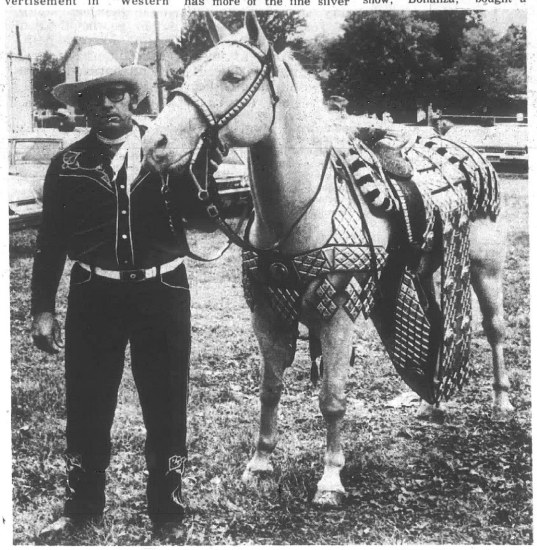
Although he has never timed his saddling efforts, Irwin said that it takes considerable time. Saddle weighs about 82 lbs. With the extra weight in the stirrups, riding in the saddle requires control of the horse.

Irwin has been seen in several parades with his creamello, Prince, including the Tecumseh Sesquicentennial parades, Clayton, Morenci and Blissfield parades. The light, cream-colored animal is a pink skinned, full quarter horse, bred by the cross of two Palaminos.

Irwin, as member of the Lenawee County Sheriff's posse, rode Prince and the saddle in last Sunday's fair parade. Both he and son, Charles, are posse members.

About Prince, Irwin said, "I've thought of selling that boy several times. But I can't bear the thought of someone mistreating or feeding him wrong. I raised him and broke him. He's my baby." Irwin speaks with the devotion and pride of a father. Prince confirmed his loyalty to "papa" Irwin with a wet lick as a kiss.

The Irwin family, including Irwin, wife Madalyn, sons Charles and Calvin and daughters, Carol and Cheryl, have enjoyed their week at the fair grounds this past week.



SEAT FOR THE PRINCE—Bob Irwin proudly stands with his creamello quarter horse, Prince, who models the Ted Flowers parade saddle, studded with diamond designed silver.

School To Open September 3rd

BRITTON—School officially opens at the Britton Macon Area School on Sept. 3, 1974. A teacher's conference and organizational meeting will be at 9 a.m. in the school cafeteria on Tuesday, Sept. 3, 1974.

School starts for all pupils on Wednesday, Sept. 4, 1974. There will be a full day of school for all pupils on this day.

Parents of kindergarten children who did not register their child last spring may register them in the afternoon on Tuesday, Sept. 3. All kindergarten children living southeast of the Wabash Railroad tracks will attend classes in the morning and those living northwest of the tracks will attend in the afternoon.

It is suggested that mothers of kindergarten children put them on the buses the first day. Those who bring their children Wednesday are requested to leave them in the room with the teacher and not remain. This method is believed easier for the child to adjust to school on the first day.

New students are asked to enroll at the principal's office the week of Aug. 26-Aug. 30. Time for registering will be from 9 a.m. to noon and from 1 p.m. to 3p.m. in the afternoon.

Cafeteria lunches will be served on Wednesday, Sept. 4, for all pupils and teachers. Pupils who carry their lunches are expected to eat in the school cafeteria.

Students are not permitted to drive automobiles or motor vehicles during the noon hour. If a student wishes to drive a car to school, permission must be obtained from the High School Principal.

Staff assignments for the 1974-1975 school year is as follows:

High School staff — William L. Saxton, superintendent; John D. DeLine, principal; Herma Jackson, bookkeeper-secretary; Erma Hagans, secretary; Marilyn Alexander, Spanish-English; JoAnn Armentrout, English-Social Studies; Anthony Bandurski, library; Mary Ann Berry, home economics; Hilda Caterina, vocal music; John Evans, science; Bruce Hacala, English-Journalism; Marcia Hylkema, instrumental music; Larry Jacobson, history-English; Al Lenz, social studies; Mark Lewis, mathematics; Dorothy Long, commercial; Marilyn Preston, mathematics-chemistry; Peggy Raeburn, physical education-counseling; Randy Salisbury, physical education-coaching; James Sweigart, government-coaching.

Elementary staff — Lorene Edelbrock, kindergarten; Rosemary Schroeder and Catherine Smith, grade one; Sandra Bandurski and Nancy Evans, grade two; Ann Creger and Nancy Lamkin, grade three; Marjorie Monagin and Rosemary Niblack, grade four; Geraldine Gorton and Sandra Shannon, grade five; Patricia Bryce and Elizabeth Chavez, grade six.

Two vacancies must still be filled: part-time art teacher and vocational agriculture.

School Board

BRITTON—Superintendent William Saxton announces a special meeting of the School Board of Education Thursday evening, Aug. 22 at 8 p.m.

Dorcas Class Meets

BRITTON—The Dorcas Class of the Britton Congregational Christian Church met in the Fellowship Center of the church Aug. 15, 1974. Thirteen members and five guests were present and enjoyed a chicken dinner served by Beverly Fournia and Thelma Younglove.

Nina Taylor, class president, conducted a business meeting. A communication was read from Mrs. Manda Frakes, a resident at the Charlotte Stephenson Home in Adrian.

Mrs. Taylor was in charge of devotions and the program. She read the 17th Psalm, the prayer of David, and an article from the Daily Word—"There Is a Way." Mrs. Taylor concluded the program by reading "All Kinds of Friends."

Meeting closed with a benediction by Mrs. Mae Willis.

Evenings & Weekends

Ridgeway Township Taxes Are Due

BRITTON—Ridgeway Township treasurer, Elizabeth Osterhout, reminds taxpayers that Aug. 31 is the final date for local payment for summer taxes. After that date, taxes must be paid at the county treasurer's office in Adrian with a late penalty charged.

Payments may be made Tuesdays from 9 a.m. to 4 p.m. and Saturdays from 9 a.m. until 1 p.m. at 230 N. Main St.

Family Attends Belleville Wedding

BRITTON—Mr. and Mrs. Walter Prill and Ken, and his friend, Kathy Bick were in Belleville last Saturday evening for the wedding of Dan Prill, nephew and cousin.

Sunday evening they attended a family gathering at the home of Mr. and Mrs. George Prill on Cone Road, Milan. Mr. and Mrs. Alfred Prill, George's parents, are here from Long Beach, Calif. The gathering was in their honor.

Others attending were Mr. and Mrs. Melvin Prill from Belleville, Mr. and Mrs. Dick Prill and children, Brenda and Todd, of Tecumseh and Mr. and Mrs. McNutt, from Belleville.

Parents Hold Farewell Dinner

BRITTON—Mr. and Mrs. Douglas Palmer, 8542 Centennial Road, held a farewell dinner Sunday for their son and wife, Mr. and Mrs. Lynn Palmer of Sylvania, Ohio.

Mr. Palmer has accepted a position as senior analytical engineer for Teledyne Continental Motors Corp., Aircraft Products Division, Mobile, Ala.

Those from away who attended were Kenneth Wilber, Mr. and Mrs. John Kline and Angie and Jeff, Battle Creek; Dr. and Mrs. John Heitmann and son J.T., of Sylvania, Ohio. Other guests were from Manchester, Tecumseh and Britton.

Main To Be Resurfaced

BRITTON—At the regular Monday meeting, the village council accepted a bid from Slurry Seal of Toledo for resurfacing N. Main St. from M-50 to the village limits at a cost of $3,150. Resurfacing South St., and Wells St. to M-50, at a cost of $427.50, was also approved.

Council made the following appointments: Keith Swain, new building inspector, and two new councilmen, Mrs. Walter Denny and H. Craig Reidy, who are replacing Richard Dembinsky and LaVern Weyher. Both recently resigned.

The newly constructed tennis court will soon be open until 11 p.m. as soon as the lighting work is completed.

Next council meeting will be rescheduled to meet Tuesday, Sept. 3 at 7:30 p.m. instead of the usual first Monday, due to Labor Day.

Youth Sponsor Baseball Outing

BRITTON—The youth group of Emmanuel Lutheran Church is sponsoring a congregationwide outing to the Detroit Tigers-Oakland Athletics baseball game Friday Aug. 30, with departure time of 5 p.m. from the church.

Arrangements are being made for a bus to transport all members of Emmanuel's youths, parents and friends who are interested in going. More details will be given in next week's paper.

Parents Can Expand Their Parenting Skills

Lenawee County Cooperative Extension Service is offering a series of four learning sessions designed to help parents improve their communication and parenting skills. Sessions are scheduled for Tuesday evenings from 7:30 to 9:30 p.m., beginning Sept. 3, at The First United Presbyterian Church, 156 E. Maumee, Adrian.

The free sessions will be conducted by Susan Lambrecht, Extension Home Economist. Participants are requested to attend all four sessions and use the book, "Parent Effectiveness Training" by Thomas Gordon.

Series will increase participants' skills in listening, communicating feelings, and constructive conflict resolution.

Registration will be on a first come, first served basis. Register by phoning the Cooperative Extension Service at 265-5108. Couples are encouraged to attend the sessions together, but Extension educational programs are open to all interested people.

Bike Safety Questioned

At Monday night's council meeting, council inquired about the steps that could be taken to improve the city's bicycle safety education program.

Councilman Dr. Carlton Cook cited his concern about the increase of bicycle traffic and the abuse of bicycle safety, such as lack of night lights on bicycles.

Cal Zorn, city manager, was asked by council to request educational materials from the Michigan State Department of Highways, and enforce the city ordinance on bicycle registration.

Chief Ray Walton said Wednesday morning that violators of the city's bicycle ordinances will be ticketed. He said that this type of enforcement may seem harsh, but is absolutely necessary if riders are to learn bicycle safety.

City code includes regulations on bicycle registration, night time lights, drivers regulations applicable to use of road and operation at right of roadway, number of persons allowed to be carried, parking on curbs and riding on sidewalks.

Council Receives Removal Letter

City council Monday night received and acknowledged a letter from Planning Commission chairman, Richard Eggleston, asking for the removal of member Steve Illeck due to Illeck's continued absence since reappointment.

In view of his years of service on the commission, council decided to forward a letter to Illeck asking him to meet them at the next meeting with a reply to the matter.

According to the city charter three absences are sufficient to warrant removal. Illeck has been absent from five of 11 meetings in the 1973-74 fiscal year.

You Told Us

By Libby Lincoln

Cleaning out your closets? Three families of migrant workers living between Tecumseh and Adrian who lost all they owned in a fire a month ago need clothing, blankets, kitchen items, and just about everything. There are six adults and 18 children ages 12-21 — and two babies due any day. They won't be returning to their home state of Texas until late November so they'll need warm clothing for fall, too. If you can help, please drop off items to Mrs. Gilbert Sanchez, 3470 N. Raisin Center Hwy. Contributions may be left with a note on her porch.

Mr. and Mrs. Robert Lincoln of Highland Park, N.J. spent the weekend visiting daughter Libby and the James Lincolns on the homeward leg of their month-long cross country trip. The Robert Lincolns spent two weeks in Portland, Ore. visiting Mrs. Lincoln's family.

++

Mrs. Charles Allen recently returned from a 10 day stay in New Jersey where she visited her son A.W. Allen and daughter-in-law, the former Elva Mae Dickinson of Tecumseh, daughter of Mrs. Mae Dickinson, and her two grandchildren. Highlights of the visit included a trip to New York City and to the ocean.

++

Jeffrey Parker, son of Mr. and Mrs. Harland Parker, 503 Cairns, left Sunday with two Dundee area classmates for Faith Baptist Bible College near Des Moines, Iowa. Jeffrey will be a junior this year at Faith Baptist and spent a restful summer at home.

++

Barbara Kempf, daughter of Mr. and Mrs. Harold Kempf, is home for a ten day visit. Barbara will then return to Bob Jones University in South Carolina where she will be a senior this fall.

++

Mrs. Walter Stutesman, 113 S. Maumee, is enjoying the company of her five children and their families for several days. Mr. and Mrs. James Stutesman, daughters Elizabeth and Susanna, from Grand Haven, Mr. and Mrs. Philip Stutesman and their three sons from Jackson, Mr. and Mrs. Norman Bernard, Heather and Shannon from Winona Lake, Ind., Mrs. Mary Alice Hare and Jamie from Connecticut, and the Rev. and Mrs. Robert Howder, Scott and Penny, home on furlough from Japan where the Rev. Howder is a missionary, are all making the Stutesman home a lively place this week.

Callers Sunday included Mr. and Mrs. Bill Hall, of Fairfield, Mr. and Mrs. Lavern Underwood of Detroit, and Mr. and Mrs. Lauren Gall of Britton.

Baby Arrives before School

Mr. and Mrs. Richard Montcalm, 416 N. Evans, announce the birth of their first child, Carolyn Ruth, who arrived Tuesday at Bixby Hospital weighing 8 lbs. 9 oz. Mr. Montcalm is a teacher at Tecumseh Junior High School and Mrs. Montcalm is a secretary at Tipton School.

The new grandparents live in Frankenmuth and Saginaw.

CARD OF THANKS

My Wife and I wish to thank our daughters, Geraldine Eaton, Barbara Bond, Joan Roberts, Lois Quinn and especially our son and daughter-in-law, Max and Cathy (Merritt) Handy for the very wonderful retirement and birthday party held for me in my son's home on Pine Street.

Thanks also to a very special group of friends and relatives who came to make the occasion a very joyous and memorable one for us.

We shall always remember your friendship and kindness.

Lester & Alberta Handy, 8,22p

We extend our heartfelt thanks and appreciation to all who, in so many ways, expressed their sympathy.

May God bless you,
The family of
Duncan A. Robison 8-22p

We wish to express our gratitude for all the kindness that was shown us at the time of the death of our husband and father, Carl Hintz.

Gym Floor Is Refinished, New Milk Bid

In other school board action, Assistant Superintendent Eugene Cooley told the board of the recent overhaul of the high school gym floor. The Hillyard Co.—specialists in this type of work—sanded the floor to eliminate the buckling that had occurred.

The floor had not been overhaul since 1958. The sanding operation can only be performed four times in the life of a gym floor. New lines were also painted onto the floor.

The board approved the paying of the bill for the work.

In addition, the board accepted the bid of the Driggs Co. of Toledo to supply the district's milk needs for the coming school term. Previously, Blumericks, representing Wilson's Dairy, furnished the milk.

Based on the number of pints sold last year, Driggs' bid should save area students a combined total of $1,300 on sales of white and chocolate milk.

Wilson submitted their bid on behalf of Blumericks. Driggs now supplies eight of the 12 school districts in the county.

Macon School Advertised for Sale

At a meeting of the Tecumseh Board of Education, members passed a motion that two classroom buildings located in Macon elementary school be advertised for sale, reserving the right to accept or reject any bid.

If sold, revenue would be earmarked for a specific purpose, but not the general operating expenses. Superintendent Duhan did not elaborate on what purpose it would be used for.

Superintendent cited damage by vandals and maintenance costs as reasons for the proposed sale. Building was closed last year and has been rented out to a private roup since the spring of 1973. Theschool district has not used it since the 1972 school term.

Another alternative is to lease it on a yearly basis. Duhan mentioned that it's cheaper to use portable classrooms.

Florida Reunion To Be Held

EASIER WITHOUT THE NET

Why do we enjoy games that make it *harder* on us? We equip our tennis courts with nets. We line our golf courses with narrow fairways and dot them with sand traps. On a chess board we grant wide movement to only one piece, the queen. In football a team has but four downs to gain the required yardage.

This is because man at his best is infately honest. He demands that his every skill meet reasonable tests. He's convinced there is no satisfaction—no "fun"—without challenges.

Man's religious awareness, which inspires our weekly worship, continually cultivates that innate honesty. Our Christian faith prompts us to develop divine resources of character and commitment. Far more than any game, LIFE *tests* strength and weakness, *rewards* achievement not failure.

Expect 3,650 Students at School Wednesday

Tecumseh Public School's professional staff members will have one day of preparation next Tuesday before students return to the classrooms the next day.

Pre-school orientation for all teachers, administrators, and other school personnel is scheduled for Tuesday with the initial meeting to be held in the high school cafeteria.

Tuesday's schedule is:

7:30 a.m.-8 a.m.—Coffee hour

8-8:30 a.m.—General teachers' meeting

8:30-11:45 a.m.—Meetings with principals

11:45 a.m.-1:45 p.m.—TEA luncheon and meetings

1:30-3:30 p.m.—Building meetings and room preparations

Parents and children are informed that the first day of school, Sept. 4, will be a regular school day.

Officials will not total enrollment figures until Sept. 27, but enrollment is expected to be about the same as last year.

An estimated 1,850 elementary, 600 junior high, 1,120 high school and 80 special education students comprise an estimate of 3,650 school children for Tecumseh schools in 1974-75.

TRI-CAPTAINS—Tecumseh's tri-captains (l. to r.), Kent Jacoby, Bob Webb and John Burns are raring to start actual play but have a lot of practice to sweat through first with the rest of the team. Season opens Sept. 13 with Chelsea at Tecumseh.

Indians Scrimmage Saturday

Fresh out of a week of football camp, the Tecumseh Indians are gearing up for their season opener against Chelsea September 13 on home turf. The team attended Camp Mihaya near Chelsea last week, and head-coach Pat Connors was generally pleased with what he saw.

"We felt we had a very productive week. Everyone is working hard and there is a lot of competition for the different positions." So much competition, in fact that the coaching staff—including new assistant John Van Wagner—won't finalize their roster assignments until after an inter-squad scrimmage this Saturday morning.

The coach says of his 43 players, with 13 returning lettermen, "we have lots of kids with equal abilities. And the junior varsity is a good group." The three co-captains for this year's squad is John Burns, Bob Webb and Kent Jacoby.

Still Critical

Gayle. W. Schultz, 37, of 11770 Wisner Hwy., remains in critical condition at St. Joseph's Hospital in Ann Arbor.

Schultz was riding a motorcycle Aug. 9 on N. Evans St. and spilled at Burt St. He is partially paralyzed and is in the hospital's intensive care unit.

Closed Monday

All area post offices, banks and city hall will be closed Sept. 2 in observance of Labor Day. There will not be rural mail delivery that day.

There will be some changes this fall in the Indian's offense, aiming towards "more ball control." But the team plans to run the same defense, namely, the Apache 4-4.

Connors feels that the teams to beat this season are Grosse Ille, Airport and Monroe.

Petitions Set for Council

Petitions for Council will be available next Tuesday at city hall, and they must be completed and filed with the clerk on or before Sept. 16.

Terms of four councilmen are expiring. They are Dr. Carlton Cook, Steve Kruger, James Palmer and C. Raymond Puffer. It's not known whether the incumbents plan to seek re-election.

Election will be held Nov. 5.

Helping the team come out on top besides Connors will be assistants, Ron Spagnoli, junior varsity head; Bob Androvik, varsity assistant; and John Van Wagner.

Coach Connors wants the public to know that anyone interested in looking over the team should come to the inter-squad scrimmage this Saturday at 8 a.m.

Early Ads

Since next Monday is Labor Day, a legal holiday when most shops will be closed, The Herald will need the cooperation of merchants in obtaining early advertising copy.

Many will be solicited Friday and Saturday and the balance on Tuesday morning. Deadline for ad copy will be next Tuesday noon.

POLE CLIPPED— Davis Dickerson's pickup traveled over 190 feet from the point where his vehicle jumped a curb, sideswiped a pole, knocked over a hydrant and then plowed into this utility pole, breaking it off at ground level and causing it to snap near the top. Although the truck was practically demolished, Dickerson's injuries were slight. (Photo by Charles Saling).

Pickup Runs Wild, Driver Escapes Serious Injury

Davis H. Dickerson, 40, of Adrian, survived a spectacular automobile crash early last Thursday morning, Aug. 22. The one-car collision occurred at 12:15 a.m. on N. Evans Street in front of Long Motor Sales.

According to the police report, Dickerson was traveling south on N. Evans, driving a blue pick-up truck when he crossed the railroad tracks and lost control. The vehicle jumped the curb on the west-side of the street striking two utility poles, a fire hydrant and the Long Motor Sales sign. He claimed a north-bound driver--going the wrong way--had forced him off the street.

The force of impact snapped one of the utility poles, causing high voltage electrical wires to fall to the ground. Gaylord Long was at the corner and saw it all.

"He hit the first (utility) pole and went up on his side. All I could see was the undercarriage of his car while the driver's side was scraping on the pavement. Then he hit the curb and literally went airborn. When he snapped the pole, the 4th of July started with sparks lighting up the whole corner."

Long estimated that he was only 15 feet from where the car hit the pole. One day after the accident, he was still shaken by what he had seen.

"After the sparks stopped, there were no lights in the area. The driver was laying across the seat, his head on the pavement. His scalp was cut open and wires were laying on top of the truck. Two kids started to pull the guy out, but I told them to get away because of the wires. Then the wires swung off the truck, and we carried him away."

Taxes by Sept. 3

Although summer taxes are due on or before Sept. 1, tax payers here will be given until next Tuesday, Sept. 3, to remit without penalty.

The first day of September is Sunday, and the next day, Monday, is Labor Day and city offices will be closed.

Board Approves Federal Program

In a meeting Aug. 19, the Tecumseh school board agreed to participate in the federally funded manpower program for the third year in a row.

The resolution, promising co-operation with the federal government passed, by a vote of 3-1. Board member William Macbeth voted against its passage.

The program is aimed at unemployed or underemployed individuals. Under its guidelines, the Tecumseh school district will receive $19,000 in federal funds for one year. The money will be used to hire three people, one each in the following categories: secretarial-clerical; grounds maintenance; and buildings custodian.

The only stipulation is that school officials must agree to assist and co-operate with the federal government in finding those hired permanent, unsubsidized employment.

For instance, if a position should open in the school district for a person in one of the above classifications, officials agree to consider him or her. In no way is the district forced to hire them after the one year term is completed.

Macbeth disagreed strongly with it. He remarked, "You are prostituting yourself to the government and creating jobs that don't exist. It's a falsified demand anyway you look at it."

Assistant superintendent Eugene Cooley countered by saying that another school district in the area would get the funds if Tecumseh refused them.

He admitted, however, that normally the district wouldn't have any funds for the three positions.

Speaks to Club

J. W. "Pat" Meadows was Rotary Club speaker Tuesday night, speaking and playing tapes relative to the nation's ecomony. Bill Haselwood was program chairman.

The speaker is chief executive officer and chairman of the board for United Savings Bank of Tecumseh.

The only eyewitness goes on to say that Dickerson was conscious and talking after the accident. Police add that the driver was treated for minor injuries at Herrick Hospital and released. His truck was virtually demolished.

Long continued that he wanted to "kiss that pole. I was right in his path if he hadn't hit the pole." He adds that five of his father's cars were slightly damaged by the flying sparks. No estimate of the loss has yet been made.

The accident caused a power failure for about two hours in the surrounding area until crews could erect another utility pole. Chief of police Ray Walton reported that his office was without power for a while, but the department has an emergency generator. That morning, however, police had difficulties getting the generator started. That problem has now been resolved, the chief said.

A spokesman for Herrick Hospital reported that there were no problems at that institution. He explained that the hospital is supplied by two different electrical substations, one from Erie and one from Adrian. Either is capable of supplying the needed power. And if both these are cut off, the hospital has its own emergency generator.

The fire department had some difficulties. They were unable to blow the fire siren--if it became necessary--to call volunteers to the station. Therefore, until power was restored, they called in six men to standby in case of emergency.

Anne Peters Released from Herrick Hospital

Four year old Anne Peters was released from Herrick Hospital Monday after observation and recovery from a freak accident when her body was dragged under the front right wheel of the family car in the Russell Square Apts. parking lot last Wednesday morning.

"God was with her," said Mrs. Rosalee Peters, the child's mother, who arrived at the scene "the very second it happened."

Accident occurred when Anne's two and a half year old brother, Tommy, was in the car on the driver's side playing with the gears. Anne had grabbed the door on the passenger side, her mother said, and was dragged by the vehicle when it was released from park and started rolling backwards. The keys were not in the car. For some reason, Mrs. Peters continued, the car turned, pulling Anne down under the front right wheel.

Fortunately the car wheel ran over the girl's abdomen and she suffered only a badly bruised thigh, other minor bruises and scrapes. There were no fractures or concussions, Mrs. Peters commented. Police were amazed the child escaped further injury due to the weight of the car on her body.

"If she had been hit higher or lower, she would have been badly hurt. She's walking by herself now," Mrs. Peters said.

The children got into the car before the mother was leaving for work.

Mrs. Peters and her two children live at 701 Russell Square Apts.

Native Is Assistant Minister at Grosse Ile

The Rev. Philip G. Browne, native of Tecumseh, has taken a new assistant ministry of St. James Episcopal Church, Grosse Ile, where he preached his first sermon at St. James at the 10 a.m. service on Sunday, July 21.

Mr. Browne is there for a year as a result of a McElroy scholarship granted by the Bishop of Michigan. The fund is an endowment that provides for the education of seminarians and, in certain instances, the in-service training of clergy during their first year after ordination.

REV. PHIL BROWNE

He is the son of Mrs. Ruth Browne of Tecumseh.

He graduated from Michigan State University in 1971 with a BA degree in humanities. That fall he began his graduate study at the Philadelphia Divinity School. While studying there he was chaplain at Holmesburg County Prison, taught confirmation classes in a large suburban parish, and worked as chaplain at Children's Hospital of Philadelphia.

He was also counselor-chaplain at the Medical College of Virginia and counselor at the Episcopal Hospital of Philadelphia and was a seminarian assistant in a parish in Bethlehem, Pa.

Mr. Browne also spent a month of accelerated study in the Holy Land under the auspices of St. George's College, Jerusalem, Israel.

He was graduated last May with a masters of divinity degree and in June was ordained to the Sacred Order of Deacons at the Cathedral Church of St. Paul in Detroit. He began his duties as St. James Church assistant on July 5.

The Rev. and Mrs. Browne were married in May. Mrs. Browne (Ginny) is a graduate of Radford College, Radford, Va., where she earned a BS degree in history and social sciences. She hopes to teach secondary school in the Downriver area.

The couple reside on West River Road in Grosse Isle.

Police Hold Bike Auction

Need a bicycle or are you looking for one that was stolen? Maybe you'll find what you're looking for at a public bicycle auction to be held this Saturday, Aug. 31 at the Tecumseh police station starting at 9 a.m. in the parking lot.

According to Chief Ray Walton, there are 24 unclaimed bicycles of all types and conditions ready for the auction block. In addition, there are automobile tires and rims along with miscellaneous items. Proceeds will go to the general fund.

So if you're looking for a bike and a bargain, this may be your chance to find both.

Harry Day, 82, of 701 N. Occidental Hwy., died Friday at Herrick Memorial Hospital where he had been a patient for 10 days.

Born Jan. 25, 1892 in Belleville, he married Lillian Edwards in Dexter on Sept. 3, 1913, who survives.

Mr. Day was a retired farmer and had been a resident of Tecumseh for 30 years. He was a life member of the Milan Masonic Lodge No. 323 F & AM.

In addition to his wife, surviors include one daughter-in-law, Doris Day of Tecumseh; three granddaughters, Mrs. Frank (Betty) McGlasson of Windsor, New York, Mrs. Gary (Nancy) Abner of Tipton, and Mrs. George (Susan) Campbell of Stevenville; and eight great grandchildren.

He was preceded in death by one son, Murray, on Feb 11, 1974, and one grandson, David, in 1961.

Funeral services were held Monday in the Purse Funeral Home with the Rev. Laszlo Gero officiating. Burial followed in Brookside Cemetery.

A Masonic service was held Sunday at 7:30 p.m. in the Purse Funeral Home.

MRS. LURENE MABLE SISTY

Services were held Wednesday in the Purse Funeral Home for Mrs. Lurene Mable Sisty, 85, of 110 Hiawatha St., who died Sunday at Herrick Hospital where she had been a patient for 10 days.

Born June 2, 1889 in Maumee, Ohio, she was married to John Sisty on Oct. 10, 1910 in Lucas County, Ohio. He preceded her in death on April 14, 1950.

Mrs. Sisty was a resident of Tecumseh for 20 years, having moved here from Dundee.

Surviving are one daughter, Mrs. Frank (Adah) Boike of Tecumseh; five sons, Aultman Sisty of Dundee and Norman, Eugene, Raymond and James Sisty, all of Tecumseh; one brother, Eurey Wilson of Maumee, Ohio; 18 grandchildren and 25 great grandchildren.

Preceding Mrs. Sisty in death, besides her husband, were an infant daughter, one brother and one grandson.

The Rev. David Holly officiated and burial followed in Maple Grove Cemetery in Dundee.

JEFFREY L. JONES

Jeffrey Lynn Jones, 20, of Ottawa Lake, was killed in an auto accident Aug. 12 in Norfolk, Va., where he was stationed in the U.S. Navy. Services were held in North Adams, and burial followed in Jerome.

Born in Tecumseh Aug. 5, 1954, he was a graduate of Addison High School in 1972 He entered the Navy on his birthday two years ago.

Survivors include his step-father and mother, Mr. and Mrs. John Reasoner of Ottawa Lake; his father, Robert Jones of Tecumseh; one sister, Pam Jones of Tecumseh; one step-brother, Russell Reasoner of Ottawa Lake, and grandparents, Lloyd and Edna Sawdey of Jerome.

He was preceded in death by one brother, Mark.

Circulation Is Eight States

History of Tecumseh, "One Hundred Years—A Country Town," by Tecumseh's renowned authoress Clara Waldron, is now circulating in eight states across the country, some 21 cities in Michigan and 14 libraries across the state.

About 40 books have been mailed by the Tecumseh Area Historical Society. There are still 15 hardback volumes available with the paperback edition sold at Jean Colgrove's Gifts, Lamb's Pharmacy, Trickey's, Inc. and Don's Beef Buffet.

Over 1,400 copies of the soft cover edition have been sold but at least that many are still available.

List of cities and libraries to whom the books have been sent include: Anaheim, Calif.; Louisiana; Albany, Ga.; Dallas, Texas; Sarasota, Fla.; Toledo and Akron, Ohio; Oklahoma; in Michigan they have been sent to individuals in Inkster, Edmore, Detroit, East Lansing, North Branch, Lake Orion, Fowlerville, Pontiac and Battle Creek.

Libraries that have requested the edition are: Eastern Michigan University, Willard Library in Battle Creek, Alpena, Coldwater, Albion College, Monroe County, Bay County Library in Bay City, American Antiquarian Society in Mass., Western Michigan University, Sault St. Marie, Mt. Pleasant, Charlotte, Harvard College, and Flint.

For information about hardbound volumes, readers may direct inquiries to Mr. and Mrs. Owen Merrill, 423-3169.

Pavilion Reopening

Wamplers Lake Pavilion--located in the Irish Hills on M-124 north of Wamplers Lake--is re-opening after extensive interior and exterior renovation. The building is now owned and operated by Dennis Rodenberg, a former Tecumseh resident, and his stepfather, William Powers. They are co-partners of National Productions Inc.

Renovation started early in the spring when a new sunken dance floor was installed. The main room in the pavilion can accomodate about 2,000. Also, there will be a side room open daily with a fast-food operation, pinball machines and pool tables.

The grand opening of the new operation will be Aug. 31 when local bands will perform from 7 p.m. until midnight. The bands will be Fire Eye, Bone Lick and Dirty Love.

Rodenberg hopes to feature bands and activities that will appeal to all generations. He is interested in booking groups that will represent the old "big band" sound like that of Stan Kenton and others.

Brothers Honored

Paul Burns Jr., son of Mr. and Mrs. Paul Burns, 905 River Acres Drive, graduated this spring from Eastern Michigan University with a bachelor of business administration degree. A 1970 graduate of Tecumseh High School, Paul is now employed at the Ford Motor Co. in Saline.

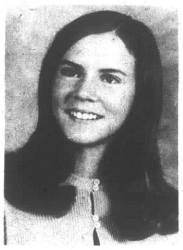
His brother Jospeh, was accepted this summer into the Honors College of Michigan State University. A 1973 graduate of Tecumseh High School, he will be a sophomore majoring in psychology, and one of 164 MSU students admitted this summer to the Honors College.

Honors College students are in the top five percent of the student body and are given the opportunity to develop academic programs designed specifically to their own interests and goals.

PAUL BURNS

Kathryn Meier, daughter of Otto Meier, 9387 Newburg Court, and the late Laura Hewlett Meier, is an August graduate of Northwestern Michigan College School of Nursing, Traverse City. A graduate of Adrian High School, she has accepted a position in the Hospital at Petoskey.

The engagement of Denise Lynn Kash to John Wayne Baush is announced by her parents, Mr. and Mrs. Robert Kash of 205 S. Occidental. Both are 1974 Tecumseh High School graduates. Mr. Baush, also of Tecumseh, is employed at E&R Gulf. A March first wedding is planned.



The engagement of Mary Margaret Rapin to Jeffrey Russell Langham is announced by the bride-elect's parents, Mr. and Mrs. Edward B. Rapin of Tecumseh. She is a 1973 Tecumseh High School graduate presently attending Ferris State College. Mr. Langham, also of Tecumseh, is studying pharmacy at Ferris State College. An Aug. 1975 wedding in planned in Tecumseh.

Debbie Jean Outman, Leon Barrett Marry

Debbie Jean Outman and Leon Barrett were united in marriage Aug. 17 in the Leonidas Bible Church, Leonidas. The Rev. David Farrell officiated. Mildred Comp was organist and Beth Collins was soloist.

The bride is the daughter of Mr. and Mrs. Lyle Outman of Leonidas. The groom is the son of Mr. and Mrs. Gordon Barrett of Colon. The Barretts are former residents of the Britton-Tecumseh area. Grandparents are Mr. and Mrs. Floyd Barrett and Mr. and Mrs. Harley Kimerer, all of Britton.

Bride was given away by her parents and wore a white satin and voile gown with lace bodice and sleeves. It featured a chapel train and hand embroidered lace on the skirt. She wore a lace Juliet cap with finger tip veil edged in lace, and carried a cascade of spider mums and stephanotis.

The bride chose her sister, Kathy Outman, as maid of honor. She wore a peach and brown floral gown and carried a nosegay of peach carnations. Bridesmaids were Connie Outman, sister of the bride, Karen Barrett of Colon, sister of the groom, Pamela Prough of Colon, sister of the groom, and Patty Pershing of Akron, Ohio, cousin of the bride. They all wore gowns like that of the maid of honor and each carried a single peach carnation with peach ribbon streamers.

Best man was Joey Smoker of Burr Oak. Ushers were David Walters, Ray Granado, Lyle Barrett, brother of the groom, and Mike Prough, brother-in-law of the groom, all of Colon.

Reception in the garden of the brides' home was attended by 150 guests. Sherrie Hicks, Faith Taylor, Becky Walton and Vickie Wattles served at the reception.

Rehearsal dinner was given at the home of the groom's parents.

Bride is a 1974 graduate of Colon High School. Groom is a 1973 graduate of Colon High School and is self-employed as a dairy farmer.

After a wedding trip to Northern Michigan and Wisconsin the couple will be at home at 946 Findley Road, Burr Oak.

MRS. LEON BARRETT

Karen Vavrinek of 37 Ridgemont Drive, was the recipient of this years Tecumseh Jaycee Auxiliary Scholarship Fund. A June graduate from Tecumseh High School, she will continue her studies at Eastern Michigan this fall majoring in Special Education.

Wedding Announced

Mrs. Anna M. Swartz of Adrian announces the wedding of her niece, Frances E. Baker to Neil C. Callahan, Thursday, Aug. 22.

The couple exchanged their wedding vows before the Rev. Raymond Shepard in the St. Joseph's Chapel of St. Thomas Aquinas Church in Toledo, Ohio.

After a short trip Mr. and Mrs. Callahan will be at home at 916 E. Hunt St., Adrian.

Collects for Dystrophy

Greg Gadek, 12, son of Mr. and Mrs. Joseph Gadek of 601 Blanchard St., is proving to be quite a fund raiser and philanthropist. Greg has been actively raising money for the Muscular Dystrophy campaign which will be highlighted in a radio marathon over WABJ this Sunday and Monday.

He imposed a goal of $500 on himself which has set him about collecting with the help of 23 young friends in an on-the-street solicitation drive. The two day drive netted $361.15, $138.85 short of Greg's goal.

Determined in his goal, Greg has organized a promotion to garner the remaining money, which he hopes will be accomplished by Saturday. The young Tecumsehite will participate in the WABJ radio marathon Sunday at 9 p.m., during the station's MD marathon running from 7 p.m. Sunday to 10 a.m. Monday from Piotter Recreation Center and subsequently from the Adrian Mall until 7 p.m.

Joining him over the air waves will be Ron Spagnoli, Tecumseh basketball coach. Greg will also appear on Channel 6, WJIM-TV, at approximately 11 a.m. Monday.

Not one to inflate his own efforts, Greg directs thanks to Don's Contented Sole, Quick Print of Adrian, and Jerry Knapp, president of the Lenawee County Muscular Dystrophy Society.

Style Sense by Evel

Old styles had us all using lip outliners, then filling in the outlines with lip brushes full of the same or a contrasting color. But times have changed. Now the belief is that a lip outline often defeats its own purpose by having an effect the experts call too theatrical. This is especially so if the lips are outlined in a shade darker that the rest of the lipstick. If you must outline, use a paler, softer color for a soft blending of the lips into the facial contour.

Hairdressing has been practiced since prehistoric times and among all races of people. The ancient Assyrians, Persians, and Egyptians subjected their hair to all sorts of decorations including curling, anointing, and dyeing. They adored bright colors and jewelry and often adorned their locks with ribbons and gold and silver ornaments. Of course, one never sees a statue of a bald Egyptian since they used wigs to conceal this fault.

1974 Tecumseh Country Club Champions

CLOSE MATCH—A close match left Bernie Meier, (right) on top when he played Ed Schwartz for the first flight title. Meier won 1 up.

FIRST—Helen Damon (left) captured the first flight champion title when she beat Claire Wright 5-4.

WOMAN'S CHAMPION—Maureen Hannibal (right) beat Mary Bowers 4-3 to take the woman's championship title.

CHAMPION—Bill Holmes (left) beat Jim Ruhl to become the country club's championship flight winner Sunday. In the 36 hold match, Holmes was one up after 18, but shot a 33 on the club's front nine on the second 18 that allowed him to pull away and finish 5-4.

THIRD—Irene Feldman (left) lost to Mary Disbrow in what proved to be another of many close matches that day. Disbrow won 1 up.

FOURTH—In the fourth flight, Ken Brewer (left) was 3 up after 18. He beat Charlie Saling.

SECOND—Jack Hanna (left) lost his match to Lee Belfield, who beat Hanna in the second flight, 2 up.

SUDDEN DEATH—Bill Powell, (right) lost a very close match to Gene Harlow. Harlow won one up in sudden death on the 20th hole for the third flight title.

WIDE MARGIN—Judy Thompson (left) won by quite a wide margin Sunday when she beat Mary Badour 8-7.

FOURTH—In the fourth flight, Sally Broderick (right) beat Ann VanHaerent.

Shoots Hole-in-One

Merlyn Downing shot a hole-in-one Aug. 23 at the Tecumseh Country Club on hole 6.

Local banker used an 8 iron on the 150 yard hole. He saw the ball bounce once but did not see it drop. Ball was found only when he and the others in his foursome reached the green.

Playing with him on the Friday night couples league match were his wife, Myrna and Vern and Joyce Manwaring.

FOR SAFETY SAKE—Hand signals, important to proper and safe bicycle handling, are demonstrated in this poster on the left. Hand signals are for smart bicyclists who prefer to avoid a wreck, such as the one right.

Motorists Be on Guard, Bicycling Children Urged To Use Safety First

by Kathy Kulczyk

"I don't understand, officer. I try to be so careful. I've got kids of my own. But the kid just seemed to come out from no where. I'm ... sorry. There wasn't anything I could do," a regretful driver, quite obviously broken up by the accident, gave his story to the officer. The ten-year old cyclist was struck down on the pavement after he crossed the path of the approaching car at rush hour.

This constructed dialogue represents the circumstances of the highest incidences of bicycle-automobile accidents which were listed by Ray Walton, Tecumseh Chief of Police.

Mr. Walton explained that most accidents seem to occur under these conditions:

1) Older, more responsible drivers, seem to be involved in more accidents with bicycles. Reason might be that they have slower reflexes. Also their driving habits are harder to change than those of younger students.

2) Careless riding in the street into the path of a car causes most accidents, although a cyclist can get hit at anytime, anywhere.

3) Most accidents occur in the daytime.

4) Most cyclists involved are under 13.

5) Drivers usually complain that the "kid came out of no where."

6) Cyclists forget that it is safer to ride WITH traffic than against it, as long as they don't move out into traffic.

Now that students are returning to school, there will be more reason for students and motorists to practice rules for safe driving.

Solution to bicycle tragedies are in the 3 E's, education, engineering and enforcement, said Mr. Walton.

Bicyclists should educate themselves by first reading the local bicycle ordinances. Plans to launch an education campaign, through the grade schools, are being made. A cartoon illustrated booklet, "Be an Expert Bike Driver," will be used. In question and answer form, the booklet explains maintenance and operation of a bicycle.

In engineering, Mr. Walton suggests that cyclists follow the city ordinance and use proper equipment, a night headlight, rear reflectors, a bell to give audible signals and operating brakes. He also suggested pedal reflectors, standard equipment on many new bike models, are also quite effective an night.

Chief Walton said that violators of the city's extensive bike ordinance will be ticketed. Although this may seem a harsh way to enforce bicycle safety, Chief Walton noted that it is a necessary measure if cyclists are to begin to take bike safety and their own welfare seriously.

Annual registration and licensing at the police department for 50 cents is the law. "This is not for money making," Chief said. "This is a regulation which is for the advantage of the public. Half the time when people come in their bike is stolen, the bike isn't registered and they don't know the serial number." Registration gives the department at least a number to trace.

Copies of the city's ordinance will be displayed at the police department, the Tecumseh Herald and in the schools in September.

A set of "Suggested Safe Bike Driving Rules" from the Bicycle Institute of America, was developed in conjunction with the National Safety Council and Cub Scouts of America. Here are those revised rules:

+ Obey all applicable traffic regulations, signs, signals and markings.

+ Observe all local ordinances pertaining to bicycle operation.

+ Register and license your bike. It is a measure of protection in case of theft.

+ Keep right, driveWITH traffic, not against it. Drive in single file.

+Watch out for drain grates, soft shoulders and other road surface hazards.

+ Watch out for car doors opening, or for cars pulling out into traffic.

+ Watch out for pedestrians. They have the right of way. Sidewalk riding is illegal.

+ Don't carry passengers or packages that interfere with your vision or control. Use a bicycle basket on rear seat.

+ Use your own power instead of hitching a ride on a truck or other vehicle.

+Be extremely careful at all intersections, particularly when making a left turn. Walk your bike across the road.

+ Avoid crowded or high-speed roads.

+ Use hand signals to indicate turning or stopping.

+ Protect yourself at night with the required reflectors and lights.

+ Drive a safe bike. Have it inspected to insure good mechanical condition.

+ Drive your bike defensively; watch out for the other guy.

+ Keep your hands on the handlebars.

JUSTICE DELIVERED UNTO THEM—Tecumseh police officer, Gerry Greene, left , was thrown into the clink before he could escape the Dundeean Sesquicentennial judge on Saturday Aug. 17. Officer Greene doesn't seem to be suffering too much by the looks of his "good sport" grin. Dr. Carlton Cook, below is "served" by the Dundee representative with a Dundee Sesquicentennial tie and a key to the city of Dundee which the mayor pro-tem carries on his arm.

You Told Us

By Libby Lincoln

Monday marked the 54th anniversary ot the Constitutional Amendment that gave women the right to vote. Yet today women are still fighting for their rights, such as the Equal Rights Amendment which provides equal pay for equal work. Women's liberation should really mean people liberation: while men help with the housework, women help pay for the groceries. Now, time for my personal gripe - men, please stop calling us "girls"!

Dorothy Grigg popped into the office last week—boy, does vacation become her! Dorothy said she's kept mighty busy by sewing, reading and company this summer, not to mention the grandchildren. It was great to see you, Dorothy, but don't wait so long before the next visit.

Your Blood Is Needed

Residents of the Tecumseh Area, your blood is needed! The Red Cross Blood Drive will be held on Friday, Sept. 6 from noon to 6 p.m. at the Community Center.

The Tecumseh Jaycees, with the assistance of Dr. Robert Murray and his staff, are spearheading the drive. The Jaycee Auxilliary is currently contacting each service club and organization in the Tecumseh area to ask for help in signing up pledge donors. Any organization which has not been contacted may call Mrs. Daniel Bush at 423-7587 and she well personally see that pledge cards are received.

The Jaycees are also contacting each of the smaller businesses in the area for their support and delivering pledge cards to them. Larger businesses in the community have a representative actively working within to obtain support for this much needed program.

Any interested individual may obtain pledge cards at Dr. Murray's office at 515 W. Chicago Blvd. Also cards must be returned to Dr. Murray's office by Tuesday, Sept. 2. This will enable the Red Cross workers to set appointment times.

Many concerned people are working very hard to make this drive a success. Why? At the present time, a resident of Lenawee County, enjoys the ubique privilege of obtaining free blood anywhere in the world as much, and as long as it is needed. In recent drives, however, Tecumseh has fallen precariously short of its quota. The city can not expect the other communities in the county to carry Tecumseh's deficit much longer, stress the Jaycees.

With every privilege there is always some responsiblity. Tecumseh Jaycees ask Tecumsehites to respond generously so that there never comes the day when Lenawee County residents face a severe and costly blood shortage.

Dundee Thanks

Tecumseh's effervescent Sesqui Queen, Frances Spreeman, wants to relay Dundee's thanks to Tecumseh for its participation the the Dundeean Sesquicentennial parade last Sunday.

Tecumseh entered a float with the original fire bell from the old fire barn along with the old and new fire trucks. Mrs. Spreeman led the Tecumseh segment of the parade, riding on a convertible driven by Junior Bailey of Blissfield, while the Blissfield Queen led the Blissfield entries, both by invitation.

'TIS AN ILL WIND

Remember the old saying about the ill wind that blows no good? Well, at the risk of sounding Pollyannaish, it happened to me several weeks ago.

It started out to be a beautiful porch day. Sunny and warm. The bed, reading table, and I were all in place and, as there were several projects in progress, the card table, typewriter, some reference books, a box of paper and several folders of stationery were also in the tree-house. A full porch, a busy one too. Suddenly a strong wind sprung up, the sky darkened and the first sprinkles splattered down. A shout went out for Dad. He and Mom quickly moved everything back inside and, just as the casters of my bed bounced over the threshold, the rains began thundering down.

Nothing was soaked but figuratively speaking I was mad as a wet hen. It does frightful things to my disposition to be rained off the porch. Fortunately though a glass of tea with a few minutes of calming down and I could agree with Mom that the rain was a blessing. Actually, so badly did we need moisture that the showers were a godsend. And these were the soaking rains which can be so beneficial.

Even though we could not work on the porch there was still much to be done so Mom and I settled down. Settled down but not for long. My attention was suddenly drawn to something moving in the grass in front of the white end-of-the-street barrier. What, for goodness sakes, was it? A smallish bird, about sparrow size, with an exceedingly long narrow tail. Mom was as puzzled as I. Even the binoculars were of no help. The grass, although not overdue for a cutting, was just tall enough to partially hide the bird. Also the dark gloomy day was no help.

We watched for a while, checked the bird books and remained puzzled. Mom could pick out no distinguishing features at all. The long tail should have been a clue but we needed more than that. We did not get it though. For quite a while he took advantage of the protection afforded by the heavy leaf canopy and scratched through the grass by the fence. Possibly, we were watching a song sparrow with an unusually long tail but I could not say for sure. One more mystery to be solved.

Again the weather played a dirty trick on us. An all day rain could have been used but, suddenly the sun was out again. It was much too late for us to go back to the tree house. Just as I was sputtering to Mom about the irony of it all more action began in the front yard. Two flickers appeared near the west end of the barberry clump.

Both birds were large of course, flickers are big birds. However, one seemed heavier and the other's apparent size was exaggerated by fluffy feathers. Both were sticking their heads down in the grass obviously looking for ants. The adult bird found them and began excavating. With jack hammer motions that large bill was driven into the ground over and over again. As Mom and I watched, Junior took two big hops and stuck his head down into the hole too. What a sight!

But this bird was even younger than at first thought. The next thing we knew, both birds had raised their heads and the youngster was being fed. We knew it was a feeding operation but it looked like a crime being committed too. The young bird crouched down while the other stood in front of him and jabbed that big, murderous looking bill into the kid's mouth. There was much jerking, pushing and shoving. When this course was finished the birds separated, Junior none the worse for the jabbing and apparently with no holes poked through his throat.

And as I was telling Mom that the move inside had not been without ample compensations we were given another thrill. The latest oriole family flew into the tall choke-cherry tree east of the drive. The tree is loaded this year and the orioles took full advantage. We were not given clear looks, the leaves kept getting in the way, but it was most exciting to catch flashes and glimpses of bright orange, lemon yellow, brown, black, dull orange and washed out yellow. Lord Baltimore Oriole and his family gorged themselves on the small choke-cherries.

So it is that the day turned out to be a good one after all and thus proved the old adage, 'tis an ill-wind ----

Firefighters Receive MSU Certificates

Two Tecumseh firemen, John Wotring, first assistant chief, and Kent Naugle, recently received certificates from Michigan State University after having completed an Emergency Medical Technician course.

Course required 26 weeks of intensive training at Bixby Hospital. In addition to the 78 hours of classroom study each trainee had to work 24 hours in the emergency room at Bixby.

Thirty-nine individuals representing area fire departments, police agencies and industries took part in the course and were presented with certificates.

Real Estate Class Offered in Adrian

"Real Estate Business I" will be offered in Adrian this fall by the Real Estate Program of the University of Michigan Extension Service and Graduate School of Business Administration.

Courses in the statewide program lead to a U-M certificate in Real Estate, which is approved by the National Assoc. of Realtors and the Michigan Assoc. of Realtors as meeting the academic qualification for the Graduate Realtors Institute (GRI) designation.

"Real Estate Business I" introduces the student to all facets of the real estate business. Course presents points of law and real estate principles useful to the salesman, and broker alike, in conducting a successful business. Course also provides more than adequate preparation for writing the State licensing examination.

Instructor for the course will be Realtor Robert Goedert, GRI, Adrian.

Class will meet Wednesdays from 7-10 p.m. for 11 weeks beginning Sept. 11 in Conference Room D, Ledweg Hall, Siena Heights College.

Registration for the course and payment of the $80 fee must be completed by the end of the week of the second class session. Students may register in the classroom from 6:15 to 7 p.m. prior to the first meeting.

This course, which may also be taken for credit through Siena Heights College, offers two semester hours of credit and carries a fee of $20 more.

For more information readers may contact the Real Estate Program, the University of Michigan Extension Service, 350 S. Thayer, Ann Arbor 48104 or phone (313) 763-2170.

Recipe Roundup

By Libby Lincoln

By Libby Lincoln

Mrs. Harold Calhoun, our Clinton editor, is the local chef who's contributed one of her favorite recipes to us this week. While cabbage is in season it's a good time to whip up a batch of delicious Pickled Cabbage to have on hand for unexpected picnics now or for meals this winter. It can be canned or frozen so you can have plenty to satisfy future cravings for the scrumptious dish.

This recipe makes 1½ gallons, keeps for weeks and can be carried on a trip without refrigeration.

PICKLED CABBAGE

10 lbs. cabbage
1 cup salt

Grate cabbage into large container, sprinkle with salt and cover with boiling water. Let stand overnight, covered.

SYRUP

1 quart vinegar
3 pounds sugar
1½ ozs. celery seed
1 tbs. mustard seed

Heat to boiling and dissolve sugar. Cool overnight.

NEXT DAY

Drain cabbage, add 5 green peppers chopped, and pour on cooled syrup.

Correction: Last week's recipe for Broiled Coconut Topping should have read six tablespoons melted butter, not tablespoons melted butter.

Reader Writes

To the Editor:

In reply to editor's note following Betty Wollenhaupt's letter concerning mobile home park. Yes, many questions have been asked about the mobile home park.

Also, much opposition has been raised, but the Planning Commission saw fit to go over the interested citizens' heads and proceed with the re-zoning request.

Many years ago before doing extensive remodeling to our home, I called the city office to check the zoning for this area. We did not wish to put additional money in our home if there were not some guarantee that the valuation wouldn't be jeopardized.

At that time I was informed it was residential A.

Well, as we all can see, because of the decision of a few men, there is no protection for the home owner. If you improve your home you do so at your own risk.

Quite frankly, I feel I've been had, and we are all subject to being had in the same way if something isn't done to protect our zoning code.

Sincerely,
Bonnie Purkey

Entrant Wins 34 Ribbons

Mrs. E.C. (Luella) Honeycutt, 734 S. Union St., walked away with 34 ribbons from the 1974 Lenawee County Fair. She received 13 blue, 14 red, and seven white ribbons for entries ranging from cupcakes to flower arrangements.

She received one of her blue ribbons for her Tecumseh Sesquicentennial quilt, which was displayed in the window of Flanders Music Co. during the recent celebration. The quilt, which took over two months to make, is Mrs. Honeycutt's prized possession. An Indian head, various symbols and the dates of the Sesqui are embroidered on it.

Hotline Is in Service

Call Someone Concerned, 263-6737, the telephone crisis "hotline" has now been in service for over three and one-half years, and has been answering crisis calls on a 24-hour basis.

CSC is a non-profit corporation which has over 50 active volunteers. All volunteers take a training course of around 40 hours of empathy training, listening and communication skills and role playing.

The type of calls that are most often answered are loneliness, suicide, family problems, problem pregnancy, with many other type of human problems also being helped.

The two basic things Call Someone Concerned can do for a person who might call is: first, provide insights into the person's feelings and problems, and make sure the person himself really knows his own feelings and problems. Second, expand the alternatives that a person might feel he has. This can be done by offering other ideas, other suggestions or referrals to other agencies that might have expertise in the specific problem.

For direct contact, the Crisis Walk-in Center at 155 N. Main, Adrian, recently opened. Hours are 6 p.m. until 12 p.m. It is expected to extend this until 2 a.m. in the near future.

Odyssey Brings Tonga Native to Tecumseh

It might be safe to say that not very many Tecumsehites have ever heard of Tonga—or that anyone in Tonga would know of Tecumseh. Mary Moungaloa, 22, a native of the South Pacific Island may change that, however, thanks to Virginia Murray, 5818 Green Road, with whom Mary has been living since June.

MARY MOUNGALOA

Mary's odyssey has a long history. Her father is a Methodist missionary and an advisor to the King of Tonga, which is the smallest independent kingdom in the world, measuring only 249 square miles. He was sent on scholarship to a seminary in Ohio and decided that his children should be exposed to life outside of the tiny Micronesian island. Mr. and Mrs. William Moungaloa have sent all seven of their children to either Canada, Australia, or the United States, where the children are going to school.

Mary graduated from high school in Tonga and came to San Francisco in 1973 where she attended IBM Business School. In June she arrived in Adrian to begin work at Maria Hall for the Dominican nuns. There she met Mrs. Murray, a nurse at Maria Hall, and accepted an invitation to stay at the Murray home.

Mary plans to attend nursing school in Canada, joining an older brother who is attending law school, when she leaves the area Sept. 21. She will spend two years in Canada and like her three sisters and three brothers, plans to return to Tonga.

One incentive for the Moungaloa children to return home is to assist their parents in the construction and administration of a beachfront resort. Old "noble families" in Tonga are given land on the waterfront, and the Moungaloas have received nine miles upon which they are planning a resort with "grass shack" cottages.

Mary was in town for the Sesquicentennial and says she really enjoyed it. She likes water sports and has been learning how to sew. When asked if she had introduced hostess to Tongan food, Mary grinned and admitted this. Mrs. Murray has been teaching her to cook American foods. She hastened to explain that the Tongan manner of roasting food beneath the ground in pits, like a Hawaiian luau, is impractical here and made even more difficult in Tecumseh by the summer's parched soil.

As an independent agent we answer to one boss— our hometown people

We represent several firms, but we work for only one boss — you. That way we can always place you with a company which we think is best for each line of insurance you need. Naturally, we prefer companies like Auto-Owners who look at a loss and take care of it right away, without haggling or delays. That's one of the reasons we're part of the Altogether Family. Like us, they're always there when you need them.

Bus Drivers Complete Test

CLINTON—Bus drivers of Clinton Community Schools completed the newly required state driving tests, Friday.

One of the drivers commented, the test was worse in anticipation than in fact. Perhaps the most difficult test required was that the driver parallel park one of the big buses, a feat seldom if ever required in normal driving.

Drivers who passed the test include: Maurice and Mary Tuckey, Patricia Hunter, Joyce Marcum, Patricia Douglas, Sherri Service, Joanne Withrow, the Rev. Charles Sanders, Oneida Montgomery, Helen Morley and Art Gamboe.

Sixty Attend Werth Reunion

CLINTON—Werth Family reunion at Smith-Kimball Community Center, was attended by 60 persons Sunday, with guests coming from St. Clair, Dearborn, Pontiac, Rochester, Tecumseh, Clinton and Evans Lake.

Mrs. Gary Meissner presided at a business meeting, at which Gary Meissner was elected president for next year's reunion.

Mrs. Annie Bower, 92, of Pontiac, was honored as the oldest member of the family present. Youngest member was Brent Keith, 10 months old, of Clinton.

Mr. and Mrs. Harry Cooper of Rockester were special guests.

During the afternoon there were games for all ages, and music was furnished by Harry Cooper on the banjo and Harry Werth on the harmonica.

Family will hold next year's reunion at the same place on the fourth Sunday in August.

School Opens On Sept. 4

CLINTON—Orientation for all professional staff members of Clinton Community Schools will be held Sept. 3, beginning at 8:30 a.m. and continuing all day.

School will be open for all students for the full day Wednesday, Sept. 4.

Classes are from 8:30 a.m. to 3:20 p.m.

HOMEOWNERS CORNER

The try-square is used as a guide for marking straight lines across small pieces of lumber. You can also use it to check edges and ends to see if they are straight, and to find out whether ends are true with adjoining edges. The try-square is composed of a thin steel blade set at right angles into a wood or iron stock. The blade is graduated in inches and fractions of an inch, and may vary in length from two to twelve inches. It's a very convenient tool for accuracy.

When you need guidance as well as supplies for your do-it-yourself plumbing projects be sure to call on us at CLAUDA PLUMBING & HEATING, 1108 W. Chicago Blvd., 423-3121. We have the materials and tools you need to do your own jobs. Iron pipe cut to size and threaded, decorator medicine cabinets, plumbing fixtures by Kohler, American Standard, and Elkay Stainless steel sinks. We also have marble walls for bath areas, soap dishes, towel racks, glass holders, waste baskets and other bathroom items in chrome, nickle or brass. Open: 8 a.m.-5:30 p.m. daily, until 9 p.m. Fri., until 5 p.m. Saturdays.

HELPFUL HINT: An adjustable try-square can mark off a 45 degree angle as well as a 90 degree angle.

'74 Grad Named to 'Who's Who'

BRITTON—Jan Frayer, a 1974 graduate of Britton High School, has been notified that she is to be featured in the Eighth Annual Edition of Who's Who Among American High School Students, 1973-74, the largest student award publication in the nation. Students from over 20,000 public, private and parochial high school throughout the country are recognized for their leadership in academics, athletics, activities or community service in the book. Less than three percent of the junior and senior class students nation-wide are awarded this recognition.

JAN FRAYER

Jan is the daughter of Mr. and Mrs. Ronald Frayer, 489 W. Chicago Blvd., Britton. She was active in FHA for four years, serving as treasurer in her sophomore year and president as a senior, and Region III treasurer. During high school she has been active in GAC, BEC bowling, ninth grade treasurer, student director for the junior play, eleventh grade class queen, and also attended Vo-Tec in her Junior year. As a senior, she was treasurer for the Student Council, was awarded DAR Good Citizen, and has worked in co-op at JoAnn Fabrics in the Adrian Mall. She is also active in the Youth Group at the Congregational Christian Church in Britton and a member of the choir.

In addition to having her biography published in the book, Jan will also compete for one of 10 scholarship awards of $500 to $1,000 funded by the publishers and will be invited to participate in the firm's annual "Survey of High Achievers". Jan has enrolled at Davis Junior College in Toledo, Ohio, in a Fashion Merchandising course, starting in September.

Board Ratifies Teachers' Salaries

BRITTON—At a special school board meeting last Thursday, the board ratified the 1974-75 salary schedule and calendar as negotiated by the Teachers Association and the Britton-Macon Board of Education. The starting salary for a teacher with a BA degree is $8,855 and a maximum of $12,315; with a master's degree the starting salary is $9,400 and the maximum, $12,865.

This was previously accepted by the teachers and has now been ratified by both groups.

The board granted a non-professional personnel 40 cent per hour raise.

School board also gave High School Principal John DeLine a new two-year contract.

School is still in need of an agriculture, art and band teacher.

Fourth grade teachers omitted from last week's list were Mrs. Dale Monagin and Mrs. Rosemary Niblack.

Village Taxes Due End of August

BRITTON—All Britton village residents are reminded that village taxes are due and payable on or before Saturday, Aug. 31 to Village Treasurer, Elizabeth Osterhout. After this date taxes must be paid at the county treasurers office in Adrian eith a late penalty charge.

In last week's paper Mrs. Osterhout was incorrectly referred to as Ridgeway Township treasurer instead of the village treasurer—apologies are in order.

Mrs. Osterhout is collecting taxes all this week at 230 N. Main St. Collection hours are Friday from 9 a.m. to 4 p.m. and Saturday 9 a.m. to 1 p.m.

Britton Girl Is Granted Angus Group Membership

BRITTON—Vicki Cook, 16, of 7648 Ridge Hwy., Britton, has been granted a junior membership in the American Angus Association at St. Joseph, Mo., announced Loyd D. Miller, executive secretary.

This new junior membership entitles the member to register purebred Angus at regular membership rates and to the privileges of the association until the age of 21. At that time, junior members are eligible to convert to lifetime memberships in the association.

There were 135 young people in the United States to receive junior memberships last month.

She is the daughter of Mr. and Mrs. Orville A. Cook.

Couple Marry in Indiana

BRITTON—Mr. and Mrs. William G. Meyer of Clearwater, Fla. and Mr. and Mrs. August Maska of Britton announce the marriage of their children, Kay Alice and Richard A. Maska.

The ceremony took place Aug. 17 in the Cresent Ave. United Methodist Church, in Fort Wayne, Ind. They were attended by Denise Reau and Gary Maska, brother of the groom, both of Britton. Following the ceremony a dinner was held for the newlyweds in the Chauchers Inn at Canterbury Green in Fort Wayne.

The bride is a graduate of Bryan High School and of the Flower Hospital School of Nursing, Toledo, Ohio. The groom is a 1970 graduate of Britton-Macon High School and attended ITT Technical Institute at Fort Wayne and is presently employed at Henry Electric of Fort Wayne, Ind.

Following a honeymoon trip to Florida, the couple will reside in Fort Wayne.

Family Hosts Birthday Party

BRITTON—Andrea, six year-old daughter of Mr. and Mrs. Allen Bower was the guest of honor at a birthday party given by her mother and brothers, Todd and Scott last Tuesday afternoon.

Andrea and 11 friends played games and enjoyed refreshments of ice cream, cupcakes and punch.

Later that evening she was further honored by a birthday supper. Guests included her godfather Keith Crutchfield and Mrs. Crutchfield; grandparents, Mr. and Mrs. Andrew Crutchfield; and great-grandmother Mrs. Claud Crutchfield of Adrian.

A decorated cake and ice cream climaxed an eventful day for the birthday girl.

Notice to the Residents of the Village of Britton

PUBLIC HEARING

The Village of Britton Planning Commission will hold a Public Hearing in the Village Council Rooms at 7:30 p.m., September 12, 1974, to present the proposed Zoning Map and Zoning Ordinance for the Village of Britton, describing lands to be used for RA (One Family Residential), RM (Multiple Family Residential), BC (Central Business), BG (General Business), and ID (Industrial) Districts.

A Zone Map and copy of the Zoning Ordinance will be available at the Britton Branch of the United Savings Bank, 102 W. Chicago Blvd., Britton, Michigan.

"BUS STOP"—Tecumseh resident Steve Church (left) is a member of the cast for the final production of the 1974 Croswell-Siena Heights College Summer Theatre season running now through Sept. 1, in the Siena Heights Francoeur Theatre. Church plays the part of a fatherly range rider, who quite unsuccessfully tries to explain to his partner that a wife is not as easily "roped" as a prize calf. Tom Studnicka (center) and Patti Van Doren are among the bus passengers stranded in an all-night diner during the blinding Kansas blizzard that sets the stage for the human comedy of "Bus Stop."

Eagles Initiate Members

Eagles Auxiliary met Aug. 18 and initiated nine new candidates in memory of the late Madame President Opal Brady. The Monroe initiation team inducted Jill Holden, Ginger Bunting, Mrs. Frances Yoder, Mrs. Gordon Barth, Mrs. Robert Starkey, Mrs. Paul Buckheimer, Mrs. Mike Barnett, Mrs. Janet Baldwin and Mrs. Barbara Carothers.

A pot luck supper was served, followed by a social time.

The Eagle Auxiliary met Aug. 21 at the Eagle Hall and draped the charter in memory of Mrs. Opal Brady. Participating members in the service were Mrs. Marion French, madame president; Mrs. Verdi Skinner, past madame president; Mrs. Phoebe Williams, vice-president; Wendy Williams, chaplin; and Mrs. Helen Lowry, conductress.

A social hour followed the meeting.

Next meeting will be held Sept. 4 at 8 p.m. in the Eagle Hall.

Substance Abuse Council Confers

There is to be a public meeting of the Lenawee County Substance Abuse Advisory Council on Sept. 4 at 7:30 p.m. at the Vo-Tec School on N. Adrian Hwy.

Purpose of the meeting is to hear and review the community concerns regarding Call Someone Concerned, Crisis Walk-In Center, Lenawee County Alcoholism Treatment Center, Drug Prevention and Intervention Program.

All comments are welcome and will be appreciated.

Nine 4-H'ers Participate in Citizenship Shortcourse

Nine 4-H'ers from Lenawee County departed Aug. 17 to participate in a citizenship shortcourse at the National 4-H Center in Washington, D.C.

Cindy Withrow of Tecumseh, Ruth Vincent of Tipton, Ed Armstrong, Josie Green, Mary Ann Schwab, Susie Pennington, all of Adrian; Gary Goetz of Riga, Rick Hazen of Hudson and Trent Morse of Morenci, were among 200 4-H members attending the weeklong session. Lois and Tom Cook from Washtenaw County and Mr. and Mrs. Dwain Ferris from Ionia County are accompanying the group.

A day on Capitol Hill and field trips to historical sites such as the White House and Mt. Vernon will be included.

Major purpose of the course is to provide insight into individual responsibility for citizenship and to develop civic skills and knowledge.

18 Year Olds Must Register

Eighteen year old men may register for the draft with the Selective Service registrar, Irene Jacobs at Tecumseh High School between the hours of 6:45 a.m. and 3:45 p.m. They may also register 30 days prior to their birthday.

Reports show that draft registrations in Michigan have fallen off sharply this summer. Decrease is attributed to the belief that many young men 18 years old do not realize that federal law still requires every male citizen and resident alien to register with Selective Service at age 18.

Failure to register is a violation of the law and may result in the young men being reported to the United States Attorney for possible prosecution.

Registration is a simple process and may be accomplished in a few minutes at any of the 14 area offices in Michigan or by one of the more than 900 volunteer registrars in Michigan high schools and colleges. Closest district office is Ann Arbor Selective Service Board No. 48, First National Bldg., 201 S. Main, 48103.

Men can also register for the draft by mail if they find it difficult to visit a Selective Service Office or registrar. Mail registration forms are available from Tecumseh's post office and police station.

A young man required to register can pick up a registration form and complete it at his home where he may be assisted by his family. Instructions are included with the form. When completed, it need be mailed. Form is preaddressed and needs no postage.

A mail-in card can be obtained by writing the nearest Selective Service Area office and requesting the Mail-In Registration Card.

DON MARTIN COMPANY — DOWNTOWN TECUMSEH

People I Meet' by Kathy Kulczyk

Harvest Friendship, Travel the Country

"Home grown" is the brand of hospitality city folks appreciate when they leave town and head for the country at the peak of harvest. Mr. and Mrs. Henry Korth of Adrian Hwy. in Tecumseh are such a pair of truck garden farmers who cordially offer their fruits, vegetables and garden flowers in tempting display on their roadside stand.

Their gardening hobby literally grew from a quart of red raspberries about 16 years ago. Mrs. Korth decided to set out the surplus from her garden and since that time, "It just seems that it got bigger and bigger every year," said Mr. Korth.

"People depend on me for my flowers," said Mrs. Korth. Those that can't grow their own enjoy hers on their table in the late summer. The couple tell of one woman from Saline who bought five bouquets of dried helipterum flowers because their friends wanted bouquets of the unusual yellow flower.

"We are just folks who like to see stuff grow good," said Mr. Korth, who is retired from the Tecumseh Products Co. for 10 years. The couple began their garden hobby in March, clearing the land, then planting and in the summer, the weeding and tilling are done with devotion and tender care.

In the winter time, Mrs. Korth said that she keeps her husband busy weaving rugs while she spends time with her favorite crafts, such as her Raggedy Ann and Andy dolls and bead flowers. In the last five years, Mrs. Korth said she has sewn over 360 for lucky girls at Christmas time.

But even the Korth's in their hobbies have felt the slap of inflation, they commented that the cost of rug yarns and materials have doubled since the time they began weaving and sewing.

But no matter how hard the yardwork may get the Korth's say that they won't give it up. "He'll never give it up," replied Mrs. Korth about her husband's "garden fever."

GENERAL REVENUE SHARING

ACTUAL USE REPORT 4

General Revenue Sharing provides federal funds directly to local and state governments. Your government must publish this report advising you how these funds have been used or obligated during the year from July 1, 1973, thru June 30, 1974. This is to inform you of your government's priorities and to encourage your participation in decisions on how future funds should be spent.

DODGE COLT CLEARANCE SALE.

1974 Dodge Colt five-door station wagon.

1974 Dodge Colt two-door hardtop.

1974 Dodge Colt GT hardtop.

Dodge CHRYSLER MOTORS CORPORATION
AUTHORIZED DEALERS

1974 Dodge Colt five-door Custom wagon.

1974 Dodge Colt two-door coupe.

1974 Dodge Colt four-door sedan.

A GOOD BUY IS EVEN BETTER NOW. YOU SAVE ON ALL THESE STANDARD FEATURES!

- Carpeting and reclining bucket seats (not available in coupe).
- Front disc brakes.
- Adjustable and energy-absorbing steering column.
- Fully synchronized four-on-the-floor shift. (Dodge TorqueFlite three-speed automatic, optional.)
- Antitheft inside hood release.
- Single, overhead cam, Hemi-type four-cylinder engine. (Choice of 1600 cc. or 2000 cc.)

PROVEN ECONOMY— 33.7 MPG ON THE HIGHWAY.

In USAC's 972-mile highway run (Phoenix to L.A., round trip), averaging 53 mph, Dodge Colt (1600 cc.) got substantially better mileage than Ford Mustang II and Chevy Vega (both with four-cylinder engines). All three cars were equipped with standard manual transmissions, were acquired by USAC through normal retail channels, and were driven by non professional drivers. Of course, the mileage you get depends on many factors including how and where you drive and the condition of your vehicle.

Sanctioned and results certified by United States Auto Club.

IMMEDIATE DELIVERY. NO WAITING! WIDE CHOICE OF MODELS AND COLORS.

A while back, when it seemed that everybody was scrambling to get into a smaller, more economical car—you had to take whatever you could get. Not at the Dodge Boys'! Right now you can find just the little four-cylinder gas-miser you've been looking for—a new '74 Dodge Colt! You'll get the year's best deal (as well as the best selection). *But you'll get a lot more, too:*

- You'll beat the '75 price increases.
- You'll own a car that uses regular gas (buy gas at any station).
- You'll agree (after you've seen our 1974 Dodge Colt), "For a little car, it's a lotta car."

Guest Minister Speaks at Assembly of God

Tecumseh Assembly of God announces special services with the Rev. Dan Roehl. The Rev. Roehl was a successful pastor in Grand Rapids, until 1972, at which time he felt the call to evangelistic ministry. While on the field it was discovered that he had lung cancer.

He gives a testimony of the discovery and the healing of this desease.

The Rev. Roehl is also a soloist and will be presenting special music in each service.

The public is invited to these services nightly at 7:30 p.m. and Sunday at 10:45 a.m. and 7 p.m. There will also be an 11 a.m. prayer meeting. Anyone wishing to attend the meeting is also invited.

The church address is 210 Bidwell St.

of the finest art centers in the area.

Nine productions, ranging from comedies, readers and musicals to children's theatre and a Shakespeare masterpiece, will be staged in the College's Verheyden Performing Arts Center, opening in September.

The Center includes Siena's original Theatre, the modern, 600-seat Francoeur, completed in 1972; and Siena's new Music Center and the Laboratory Theatre.

Music Center is a complete class, study and practice facility for music scholars; the Laboratory Theatre, of versatile construction, lends itself to an array of cultural experiences.

According to Robert Soller, chairman of the College's division of performing and visual arts, completion of the Verheden Performing Arts Center is a large step in the growth and development of Siena Heights' theatre program.

Proof of Soller's statement is the expanded theatre schedule for the upcoming season. "In other years, the College has staged four or five major productions, including one or two youth theatre shows," Soller stated. "This season," he said, "we have doubled our program and incorporated in it three productions for children and one Reader's Theatre."

The Siena Heights 1974-75 theatre season begins on a light and zany note in early October with "You Can't Take It With You" October 4,5 and 6; and continues through next spring with "Androcles and the Lion" November 1, 2 and 3; "Spoon River Anthology" November 15 and 16; "Finian's Rainbow" December 6, 7 and 8; "The Ballad of Robin Hood" December 13, 14 and 15; "The Taming of the Shrew" February 14, 15 and 16; "The Bremen Town Musicians" March 7, 8 and 9; "A Streetcar Named Desire" March 21, 22 and 23; and "The Boy Friend" April 26, 27 and 28.

Manning Siena's upcoming theatre season is a highly qualified and talented crew of five veteran directors, Sister Therese Craig, Glenn Crane, Sister Trudy McSorley, Robert Soller and Sister Therese Tighe. The College's new technical director and set designer, Dale Nisaness, joined the Siena Heights theatre staff in June.

SALLY SCHULZE, ADRIAN YOUTH VICTIMS

Tecumseh Girl, 19, Murdered

Two warrants of homocide have been issued by Arizona authorities in connection with the murder of Sally Marie Schulze, 19, formerly of 907 Russell Rd., and a young Adrian man, Gary D. Stultz.

Their bodies were discovered Sunday morning in a small mobile home near Tucson. About 24 hours later, Ann Arbor police arrested Robert Billhymer, 21, of Ann Arbor, in a car owned by Stultz.

Tucson deputies are in Ann Arbor now, hoping to return Billhymer to Arizona to face the two counts of murder and one of armed robbery. He's in Washtenaw County jail.

Most information related to the double-murder has been withheld by Arizona law officers. A Tucson newspaper has twice called The Herald in hopes of obtaining additional information.

The Tecumseh girl's mother, Mrs. Joe (Thelma) Jones, reportedly has been unable to learn about her daughter's murder, and Purse Funeral Home, which will be in charge of arrangements and services here, has yet to learn when her body will be released, although funeral director, J. Gilbert Purse, expected to be notified Wednesday.

The two victims were tortured before being killed. Their hands were tied behind their backs and both were hanging from a ceiling in the trailer's bedroom. Their nude bodies had been stabbed repeatedly and their throats slashed.

Manager of the mobile park discovered the victims Sunday after noticing an odor around their trailer. An autopsy indicated the killings took place either Thursday or Friday.

Until January of this year, the 19-year-old Tecumseh girl had lived her entire life here. In January, after leaving Gould, Inc. when the company completed closing its operations here, she went west.

In July, she and Stultz rented the mobile home. Billhymer reportedly was a friend of Stultz and also lived in the trailer for the past few weeks.

A Tucson newspaper reporter told The Herald that Billhymer is believed to have taken $150 from the victims along with Stultz's car.

Miss Schulze was born here on Jan. 27, 1955, the daughter of Hugh and Thelma Schulze. He was killed in an automobile accident on June 5, 1971.

Prior to being employed at Gould's, she attended Tecumseh High School.

Survivors, besides the mother and step-father, are a sister, Mrs. Larry (Gurine) Smith of Adrian; four brothers, William, Arlo, David and John; grandmother, Mrs. Etta Schulze of Tecumseh, and two nieces.

Mother Talked with Daughter before Slaying

Recent photo of Sally Schulze, 19, found murdered Sunday morning near Tucson, Ariz. Former Tecumseh High School student had talked with her mother just a week before. Ann Arbor youth, captured Monday morning, is suspected in the slayings that also took the life of an Adrian youth.

OPENING NEXT WEEK — Indian back Jim Egbert is brought down by Indian at the feet and by Bob Chatters, (63), in Saturday's inter squad scrimmage. Coach Pat Connors was pleased with the game and is confident the mistakes were the kind that can be worked out. Tecumseh opens next Friday, Sept. 13, at home against Chelsea.

Auxiliary Heads CF Drive

Annual Cystic Fibrosis drive to raise monies for fighting lung-damaging children's lung disease has started in Tecumseh with the local Jaycee Auxiliary in charge.

Volunteers from local clubs are being sought to help in a town-wide canvass on Saturday, Sept. 21. Approximately 100 ladies will be needed for the solicitation.

Canisters have already been placed in many Tecumseh stores, and another project to raise funds is a dance at the American Legion on Sept. 15. Dancing to live music will be held from 8 p.m. to midnight with proceeds being donated to the drive.

A general meeting and showing of a film strip are scheduled for volunteers on Sept. 9, at 7 p.m., and on Sept. 10, at 10 p.m., at the home of Mrs. Gene Foust, 1201 W. Pottawatamie St.

Chris Fliss is general chairman for the Auxiliary, assisted by Mary Moulton. Brenda Johnson is in charge of publicity.

Cystic fibrosis is a genetic or inherited disease and a leading cause of death in children. In CF, a thick, sticky mucus clogs the lungs, creating breathing difficulties, high susceptibility to infection and lung damage. Other lung-damaging diseases affecting children are asthma, chronic bronchitis, bronchiectasis, emphysema and pneumonia.

Member Tells of Absences

Truant Planning Commission member Steve Illeck came before Council Tuesday evening to explain his five absences from the Commission in the last year.

Illeck explained that his duties as treasurer of the Rotary Club, his concern for walking in late, and in one case the death of a family member were his excuses.

Council summoned Illeck, acting upon a letter requesting Illeck's removal from the Planning Commission by Chairman Richard Eggleston. Three absences are necessary for removal.

Council postponed action on Illeck's case until Dec. 2 Council meeting, establishing in effect a probation period.

Illeck explained that as of July 1 he has left his office as Rotary treasurer and will no longer have that office interfering with his Commission duties. "Right now I feel that there is nothing in my way," he told council.

Council asked Illeck why he did not make his excuse to the chairman prior to each meeting, so his absence could be excused. Illeck replied that he always expected to attend those Commission meetings, but invariably found it difficult to get away since his services were needed in later Rotary executive meetings.

He told The Herald reporter Wednesday that on two occasions when he did come in late, his presence was not recorded.

Hearing Oct. 7

A request from attorney William Walker, on behalf of Dan Gould, realtor, for the rezoning of 80 feet of lot 45 from RA-2 to industrial was referred to the Planning Commission by city council Tuesday night.

Council set a public hearing for Oct. 7 at 8 p.m.

The city manager reported that at the present time all of the lots 38-44 and the east lots of 46 and 47 have been industrial for several years.

City Rejects 25¢ Proposal for Museum

Tuesday night city Council tabled idefinitely the request of the Lenawee Historical Museum for 25 cents per resident for the purposes of employing a full-time and part-time curator.

"I feel that any funds for a historical museum should be spent locally," said Mayor Harold Easton, and "unless rural areas are included in this request along with the incorporated cities and towns."

Although not opposing the goals of the county museum, Council objected that townships were not included in the funding request. Thus, the cities would be paying more for the maintenance of the county museum than rural areas.

Sprinkler System for City Lawn

Council accepted the bid from Ganun's Nursery Tuesday evening for an underground sprinkler system for city hall and Adams Park lawn for the amount of $2,995.

The area does not include the lawn area north of the parking lot.

In the 5-yes and 2-no votes, councilmen Steve Kruger and Ray Puffer disagreed with the expense, saying that past maintenance service was effective.

Other councilmen felt that the system would keep the area a "beauty spot," and that the cost, over several years, would be worthwhile.

Poles, Lights Are Approved

Council accepted the bid Tuesday night of Courtesy Electric, Inc., in the amount of $20,994 for installation of new poles and lights for the softball diamond.

The bid includes $1,557 for an alternate, or electrical hook-up that will enable loud speaker installation, and electricity for a concession in the near future. A press box is also planned.

Bids from Saunders & Son Co. for $28,899 and Lenawee Electric Co. for $26,480, were rejected. A bid from Industrial Electric Co. was rejected because of a typographical error.

Campaign Nets $510

Jerry Knapp, president of the Lenawee County Chapter of the Muscular Dystrophy Society of America, announced the grand total of pledges and contributions at the recent M-D marathon as $18,101, a substantial jump over the 1973 total of $10,315.

Tecumseh's own Greg Gadek, 12, along with 23 friends, exceeded his own goal of raising $500 and netted $510 through an on-the-street solicitation, a promotional drive, and a last minute car wash. Sally Hunt, 204 Maple St., was the winner of the promotion and donated $22.90 to the M-D campaign.

Over 300 volunteers assisted in the marathon which was broadcast for 25 hours over WABJ in Adrian. Bob Miller of WABJ, co-announcer of the Labor Day marathon, reported that the response from Tecumseh, Britton and Clinton was "fantastic."

Six Council Petitions Out

Six residents have taken out petitions for Council for the general election in November.

Three incumbents - James Palmer, Dr. Carlton Cook and C. Raymond Puffer - have petitions circulating. Steve Kruger, incumbent, told Vera Gardner, city clerk, Tuesday night that he did not want a petition.

Others with petitions are Mary Bowers, vice president of United Savings Bank and Herrick Park branch manager; Stephan R. Illeck, member of the Planning Commission; and De Lora Anderson, wife of Jerry Anderson, Tecumseh police sergeant.

Petitions are available from the city clerk, and they must be filed with her by Sept. 16 at 5 p.m.

276 Pints of Blood Is Goal Here Friday

Tecumseh residents have been challenged by the people of Clinton to double the results of Clinton's recent blood drive.

Clintonians donated 138 pints of blood, which Steve Bowman, president of the Clinton Jaycees, pointed out to Grady Frederick, president of the Tecumseh Jaycees. On behalf of the Jaycees and the people of Tecumseh, Frederick has accepted the challenge of obtaining 276 pints.

Two hundred and seventy-six pints is a realistic goal, given the size and needs of the community, yet last year's blood drive produced only slightly over 50 pints.

The Bloodmobile will be in Tecumseh Friday from 12 to 6 p.m. at the Community Center. If you have not already filled out a pledge card, you may do so when donating blood on that day. Babysitting service will be provided.

Rumor has it that other Jaycee chapters in the county will be spearheading future blood drives in their communities. Tecumseh Jaycees hope that, following the lead of Clinton, Tecumsehites will band together and establish a goal for these communites to shoot for.

TEACHER ORIENTATION — All Tecumseh School District teachers attended an orientation early Tuesday morning. Superintendent Robert Duhan addressed the group including 16 new teachers. Seated (l to r) are Karen Baker, elementary girls physical education; Melanie Hoover, 2nd grade, Sutton; Ruth Smith, kindergarten, Sutton; Vicky Kirsch, Tipton 6th grade; Barbara Tobes, kindergarten, Ridgeway. Middle row, Louise Faling, 4th grade, Patterson; Suzette Schwab, 2nd grade, Ridgeway; Brenda Schedeler, elementary music; Joanne Wickham, adjusted study, Herrick Park; Cynthia Opelt, principal, Patterson; Nancy Snyder, 2nd grade, Patterson. Back row: John Van Wagner and John LaSotta, English, High School; Richard Billington, 6th grade Herrick Park and Jay Pinsky, High School English.

Services were held Wednesday at 1 p.m. from the Proctor Funeral Home, Clinton, with the Rev. Ronald Corl officiating. Burial followed in Riverside Cemetery, Clinton.

ANDREW A. ANDERSON

Andrew Albin Anderson, 81, was dead on arrival at Herrick Memorial Hospital Sept. 2 after a very sudden illness. The family residence is at 908 River Acres Drive, where they have lived since 1969 after coming here from Lansing.

Born Feb. 22, 1893 in Crystal Falls, he was a 1914 graduate of the University of Michigan. Anderson married the former Grace M. Bebeau July 1, 1929 in Rockland. She survives.

He retired in 1962 as a civil engineer, having worked for 42 years for the Michigan State Highway Department. After his retirement Anderson was employed as a consultant engineer for Macomb County.

He was a member of the Gloria Dei Lutheran Church of Tecumseh, and a veteran of World War I, having served in the Army Engineers.

In addition to his wife, he is survived by four daughters, Mrs. Earl (Claire) Demers of Flint, Mrs. James (Genevieve) Tretheway of Middleton, Wis., Mrs. Paul (Grace) Burns of Tecumseh, and Mrs. Brendan (Dorothy) Daly of Pontiac; one sister, Mrs. Ina Green of Crystal Falls; 31 grandchildren, and eight great grandchildren.

He was preceded in death by one son and several brothers.

Services will be held Thursday at 1:30 p.m. at the Gloria Dei Lutheran Church with the Rev. Laszlo Gero officiating. Burial will follow in Brookside Cemetery.

Friends may call at the Proctor Funeral Home in Tecumseh until 11 a.m. Thursday.

Hoaglands Visited by Canadian Cousins

Mrs. Lillian Hoagland, 216 S. Ottawa, was visited recently by her cousins from Belleville, Canada, Mr. and Mrs. Roy Pound and daughters Eleanar and Janice. Both daughters are grown and live at home; one is a teacher and the other is a nurse. Mrs. Hoagland said she gave them a full tour of the area, including a trip to Hidden Lake Gardens.

Grandson David Beebe, 13, son of Mrs. Wilmar Beebe of Ypsilanti, also visited Mrs. Hoagland, spending several days with his grandmother. Mrs. Beebe, daughter Sharon and friend Mary Herrig, arrived Sunday to pick David up and stayed for a picnic and a trip to Hidden Lake with Mrs. Hoagland.

Style Sense by Evel

Here are a few rules for hairstyles; don't let your hair droop aimlessly about your face — it may look just plain uninteresting. Don't try a pageboy cut if you are more than forty. A knot of your hair on the back of your neck can add years to your appearance. If you have classic features, have a smart cut and a slight permanent, and wear your hair brushed lightly back from your face. Shaping and a wave can make it look smart and sophisticated. An elaborate hairdo is difficult to maintain over a period of time.

The size and shape of a woman's hair style must first depend on her overall size. If, generally speaking, she is a large woman with ample measurements, her hair appearance should be generous rather than tiny. The reverse is true of the short, delicately proportioned woman. Her finished head shape must not weigh her down; rather, it should be one the small side. When you are having your hair done, watch how the operator uses his hands. Notice what type of comb or brush he uses, and purchase a similar kind. then, once you have chosen a style to suit your type, you will know how to keep it in good order.

WHO ARE PASSING THROUGH

Robins, robins everywhere! That has been the story of this summer and how glorious. A few years ago as the scourge of the dreadful Dutch elm disease swept lower Michigan there resulted a mad passion for the indiscriminate spraying of pesticides, which almost doomed, among many other things, our robin population. I have no accurate figures but, if what we have observed is a true picture, the robins have made a marvelous comeback.

This is the time of year when the call goes out and these birds begin to congregate. Actually, the clan's first gathering was observed several weeks ago. A dark and gloomy Sunday afternoon was suddenly enlivened by three yards full of robins. Prettymans, Randalls, and the Duncans had lawns not of grass but of shoulder-to-shoulder robins.

These are gregarious birds who tend to flock together anytime of year. As the youngsters leave the nest and acquire adult talents under the tutelage of their fathers, they too join the flocks. However, the gang we saw that Sunday was far larger than just a casual gathering. I also realize that they were not meeting to formalize travel plans — to finalize routes to be taken, to compare maps, to argue the merits of this or that stopping place, to exchange various ideas about packing and to agree upon a wintering area. Birds simply do not do this kind of thing even though it is often fun to make believe they do.

However, I am sure that this Sunday's group was in a migratory frame of mind. They travel south in large flocks, doing most of their flying during the daylight hours. They are good fliers too, their normal wingbeat of better than two flaps per second produces a speed of 25 to 28 miles per hour. Just how far the robins we watched will travel is debatable. Winter robins are found as far south as lower Mexico but, on the other hand, more and more of them seem to be 'wintering over' in the swampy or protected areas of their northern range. It is generally agreed though that there is a shifting of the population — those who make our summer such a joyous thing are not the same individuals who are responsible for the excited call in mid-winter reporting 'I have just seen a robin in my yard!'

A strange coincidence, but the next large flock of robins we saw was on the following Sunday. After a nice ride through the countryside — and oh my, how pretty our section of the state is, without being wildly exciting it is so comfortable and easy to live with — but anyway, we decided to end our drive with a quick tour of the cemetery. After recovering from the shock of seeing two young adults (?) climbing one of the tall monuments and then coming across three boys, two of whom were playing golf, we finally noticed the robins. Two-thirds of the front of the cemetery was full of them. It simply had to be another migrating group.

In both cases a few days after observing the gathering of the clan we were virtually robin-less. More moved in though and soon we were again commenting about what a good robin year it was. And, if Joseph Hickey's brief observations are correct, next summer should be a good robin year too. He found that of 61 banded birds, one-half of the first generation returned to the region of their rearing, one-fifth nested within 10 miles of their nest sites and the remaining were well scattered.

So it is that with this hopeful expection of good robin watching next year it is easier to bid goodbye to the wave after wave to migratory who are passing through.

THE MAN AND HIS WORK—Sculptor Tom Rudd of Tecumseh, is seated beside his prize winning work, "Sunbather" at the Lenawee County Fair professional art exhibition. His works, almost exclusively in wood, are "expressionistic" and exhibit the warmth and life of the medium.

"People 9 Meet" by Kathy Kulczyk

Wood Carries Artist's Message

The body twists and gyrates on the beach. Every blemish, birthmark and inch of skin soaks up the rays. Seething with oil and shimmering in the golden shafts of light, the "Sunbather" lies baking in the sun's heat.

"Sunbather" is a mulberry wood sculpture by artist Tom Rudd of Tecumseh. Although it is made of wood, it will actually tan by summer's end. The wood will age, Rudd explained, and turn a sienna brown.

"This is why I say that wood is always alive. Wood is always moving. You can come back to it in 50 years and it will still be moving, changing. This is why I prefer to work with wood instead of stone," said Rudd.

A graduate with a BA in fine arts from Siena Heights College, Rudd has studied all the masters and said that he has been influenced by them all, especially Henry Moore, British sculptor. Rudd described his own art as "expressionistic," a moment in life that he wanted to convey to the viewer who appreciates his work. He called it "romantic symbolism."

"Sunbather," which won recent honors at the Lenawee County Fair, is a piece in which Rudd said he tried to depict the twisted, distorted postions of a sunbather moving to capture the rays of sun on the body.

All of Rudd's pieces are designed to be appreciated outdoors, because the sizes range from six to eight feet.

Rudd explained that wood is also harder to work with than stone because wood is alive. "At least it is harder for me to work with. It is also physically harder to carve. Tools must be kept extremely sharp. Chiseling stone requires a particular finesse, but so does carving wood. It is very easy to bruise stone by chiseling at too direct of an angle, thus creating a bruise or a white mark. But good wood can be ruined with the slip of a tool."

Rudd acquires most of his material by "scrounging around". Sometimes a friend, who works for the city maintenance department, picks up nice logs from tree cuttings.

Since he usually has his medium before he has his idea, Rudd said that he sketches or sculpts a clay model to the scale of the finished work. Chiseling and sanding are the techniques of the art. When the work is satisfactory, it is coated with a wood preservative of linseed oil and turpentine, then heavily waxed to bring out the grain. The fine patina gives all the wood pieces a quality of warmth.

Currently, Rudd is doing commissions for patrons in the Tecumseh-Adrian area. He has had the opportunity to give several shows this year, including his graduation show at Siena Heights, a four man show at Glen Oaks College, an exhibit at the Adrian Arts and Crafts Show, where he won first prize, and the Lenawee County Fair professional art exhibition, where he won a merchandise certificate from Pat's Craft Studio.

Other titles include, "Road from Ixtaland," an alabaster piece that depicts an imaginary world. "Once you have arrived, you never leave. It's like falling off the end of the world," explained the sculptor. "Trout Fishing in the Raisin River," a piece of oak, "is rather a ridiculous title," explained its creator, "since there are not trout to be found in the river."

Rudd has also done two complementary pieces, "Life Beside a Fast Moving Stream" and "Life Beside a Slow Moving Stream." He observed that populations located near slow moving streams are more complex than the life-style of people living near a fast moving stream, as in the mountains. His works depict the turmoil of the first and the peace and solitude of the second.

"Some people have conniptions with some of my titles. But I have no trouble relating to them," Rudd said.

Deadline for Test Sept. 10

Rep. Edward Hutchinson of Michigan's Fourth District announced a Sept. 10 deadline for young persons in the district to register for competitive examinations for nominations to United States service academies.

The tests, conducted by the Civil Service Commission, will be held Sept. 28, in the area.

At stake will be appointment nominations allocated to the Fourth District for the Naval, Army, Air Force and Merchant Marine academies.

The State Line Gem and Mineral Society will meet Sunday, Sept. 8 at 2 p.m. in Tecumseh's Community Center.

The program will consist of a show and tell session about those "bragging" rocks that Society members found on their vacation. Visitors are welcome.

Jeffrey King Receives Award

Jeffrey King, who works at Ruhl's Citgo, 1104 W. Chicago Blvd., received the Gates Rubber Co.'s "Mystery Car" award Aug. 23. The award, a plaque bearing three Eisenhower dollars, and two Kennedy half-dollars, was presented for exceptional customer service by a representative of the Gates Rubber Co., Denver.

Gates sponsors the nationwide contest, now in its 42nd year, to reward service station personnel who properly check for worn or defective parts. A fleet of "Gates Mystery Cars" travel across the country stopping at service stations. Each "Mystery Car" is equipped with a worn fan belt, faulty radiator hose, and worn windshield wiper blade. Award plaques are presented to station personnel who recognize one of the defective parts and offer to replace it with the proper Gates part.

Returns from Germany

Linda Oliver and Debbie Bohannon, daughters of Mr. and Mrs. John Oliver, 412 E. Shawnee St., and Mr. and Mrs. Elmer Bohannon of Occidental Hwy., have returned from a three week stay in Goeppingen, Germany.

While there, the two stayed with Miss Oliver's sister and brother-in-law, Sgt. and Mrs. Michael Armstrong and family, stationed with the U.S. Army. They also visited the cities of Oberammergau, Stuttgart, Eslingen, Nelligen and Munich.

Girls Travel to Albion

Tecumseh Parks and Recreation Department Senior Girls Softball team, traveled to Albion, this past Labor Day weekend to participate in the Womens Class D Fast Pitch State Tournament.

The local girls managed to stay in the winners bracket until Saturday evening when they were defeated by a very strong team from Flint, Michigan.

This game was perhaps the highlight of the entire tournament, the final score ended 3-2.

Girls then moved into the losers bracket in the double elimination and on Sunday were defeated by St. Hyacinths, of Bay City, this too was a close, hard fought game with the local girls playing well. However the Bay City girls went on to win the score of 3-6.

This Tournament ended the season for the Tecumseh girls with a impressive no loss record in the Southeastern league to take the title, plus a State Championship in the Senior girls Tournament in Saginaw and fifth place in the State Class D Tournament. Next year promises to be even better.

Bike Auction Is Successful

Apparently the bike auction held by city police last Saturday was a relative success.

Police Chief Ray Walton reported that the auction netted $249. The money will be placed in the city's general fund. Number of local residents attending the sale was estimated at 125 by officers.

Spring Teeth Theft Reported

Richard Whelan told police officers last Thursday, that someone stole several packages of spring teeth used on farm implements from Hoyt Whelan Implements, 1209 W. Chicago in Tecumseh sometime during the last month.

The spring teeth had a retail value of $355. The property was new and stored in a yard at the store. Whelan reported that several items have been taken in the past several weeks even though police patrol the area several times a day.

Police continue to investigate, although they have no suspects at this time.

Macon Dialog

Three of Jim Perry's steers met their demise Saturday night when Jim and friends, Walt Ragay and Jerry Foster, located the wayward beasts on Pennington Road near the golf course and shot them. It was an unfortunate encounter but the only recourse left for Jim who at this point is anxious to dispose of the remaining three before more harm is done.

Be sure to take advantage of some good food, super service and reasonable prices on Saturday, Sept. 14, at Macon United Methodist Church when a community supper will be served. Menu will consist of ham, turkey, salads, vegetables, and pie and ice cream. Advance tickets are available from Emogean Morden or at the door. Serving begins at 5 p.m.

++

Word has it that congratulations are in order for Mr. and Mrs. Ken Baker (Melanie Hochrein) who were married last week in Macon.

++

Thanks to Sandy and Bill Gilreath, the library and "Rickles the Wonder Dog" for a very entertaining Sunday night. Tom and Sue Kosky, Mike and Violet Ragay, Jim and Barb Perry, Jerry and Mary Foster, Walt and Jean Ragay, Roger and Nancy Ross, Bill and Linda Phillips, and a whole passel of kids were among the guests.

Couples square danced (or tried to) to library-borrowed records, but the excellent calling and instruction of Elwood Bush was sorely missed and desperately needed. Rickles, the canine virtuoso of Macon, amazed the group with his well-rehearsed repertoire of tricks and would have turned Lassie green. At any rate, he is more ready for the big time than the square dancers.

The guests, as well as Rickles, were rewarded for their efforts with a delicious repast prepared and served by hostess Sandy. We visitors were so impressed that we expect Rickles will be serving at the next party!

The Paul Hovers were "thrice blest" last weekend when their daughter and son-in-law, Roxie and Mike Sommerfield of Columbus, Ohio, came to visit with baby son Chris in tow. Was grandma Lois happy? The only adjective that even comes close is ecstatic!

Beginning Square Dance Class Offered

Adrian Chapter of Bachelors 'N' Bachelorettes will sponsor a new beginners class starting Sept. 10 at the Episcopal Church parish hall on Riverside Ave. in Adrian. All adults over 21 are welcome. Beginners will dance from 8 to 10 and an intermediate workshop will be held from 10 to 11 p.m.

Anyone having completed a beginners class in western style square dancing is invited to the workshop or to join in with the beginners. Partners are not required. Classes will remain open for three Tuesday nights. Jim Schaedler of Toledo will be the instructor and caller.

Graduates of the class are invited to join the B 'N' B's and take part in their calendar of events. Host of activities includes picnics, potlucks and special dances with guest callers.

Another free dance will be held on Friday night, Sept 6 at 7 p.m. at the Adrian Mall with Schaedler as caller. This will be an audience participation dance as well as square dancing by all western style dancers from B 'N' B's and all other clubs.

For further information, readers may call Annise Burnor, 265-7619 or Peggy Stanifer, 436-3774.

Bachelors 'N' Bachelorettes of Adrian is one chapter of an international square dance group that does not require a partner. It is the only such singles club in the area, said Annise Burnor, club president.

Guard Members Receive Raise

Recent congressional action authorized the back pay to Guardsmen and Army reservists following a court ruling against former president Nixon's 1972 decision to withhold a pay boost for the three month period. The increase did not take effect until Jan. 1, 1973.

Dependents or beneficiaries of deceased Guardsmen, who have pay due, may apply for the difference. Retroactive pay for current Guardsmen, who were Guard members during the pay increase period, will be processed automatically.

Individuals who were members of the National Guard during the period Oct. 1 to Dec. 31, 1972 are eligible for a retroactive pay increase as a result of delayed implementation.

Individuals who served during this period may make claims at the nearest National Guard unit, preferably at their former unit. Claim letters will be forwarded to the Adjutant General's Office for verification.

Insurance Reps Attend Seminar

Representatives of F.C. Hanna Agency, Inc. and Oberst Agnecy, Inc., of Tipton, attended a regional sales seminar sponsored by Auto-Owners Insurance, Lansing, Aug. 22 in Ann Arbor.

All-day session included information on a new health program and the new advertising format as well as new bond, life and automobile programs.

Company To Change Area Codes

General Telephone will be changing its area code from 313 to 517 in some of its southeast Michigan exchanges, including Adrian, Blissfield, Britton, Clinton, Hudson, Tecumseh — and Tipton, according to Tom Jones, Adrian division manager for the company. This change will be effective Saturday, March 15, 1975.

Jones explained that when the national numbering concept was devised, geographic areas were determined by the estimated population growth potential.

"The 313 area, which includes the Detroit Metropolitan area as well as southeastern Michigan, has far exceeded those early growth projections," he said. "To assure the continuing availability of telephone numbers, the 313 area must be made smaller."

Southeast Michigan customers will be assured a continued availability of numbers for this rapidly growing portion of Michigan, by placing this 313 area in the less populated 517 area.

Business customers will be advised of the area code change by letter in the next week or so to give them the opportunity to consider changes necessary for stationery, business cards, trade journal or yellow pages or other advertising, or other areas which might be affected.

If a business customer advertises in the directories of other local telephone companies, many of those will also be changing from the 313 to the 517 area code on March 15.

Jones named the Clayton Telephone Company, Deerfield Telephone Company, Morenci Home Telephone Company, Ogden Telephone Company, Sand Creek Telephone Company, and Southern Telephone Company as those who will also change from the 313 to the 517 area.

"For customers with wide area teiephone service-Wats-, particularly those with Wats for the 313 area, this change of area code may necessitate a change in service," Jones said. Communications consultants are now personally contacting all Wats customers.

Hours Change

Worship service hours at the First Presbyterian Church of Tecumseh will change beginning Sunday, Sept. 8. Church School will be at 9:45 a.m. and Worship Service at 11 a.m.

Language Classes Have Their Limitations

FOREIGN LANGUAGE DEPARTMENT

Submitted by Diana Wakeford

The Foreign Language Department at Tecumseh High School tries to instill in its students the acceptance and understanding of other cultures through a study of the languages and customs of the French and Spanish speaking countries. In comparing and contrasting the ways of living in these areas with their own, students gain a clearer concept of the development of the English language and American customs.

Tecumseh students are first introduced to foreign languages at the Junior High School where they take a nine-week required course in the seventh grade and may elect a semester of French or Spanish in the eighth grade.

In the High School four levels of language are usually available depending on class size. Here students are encouraged to use and be aware of the foreign language in their daily environment. The audio-lingual skills are emphasized the first two years and are combined with more sophisticated reading and writing in the third and fourth years.

Teachers conduct classes in the target language wherever possible. Daily tapes in the language lab expose students to a variety of speaking voices and train their ears. Films, games, songs, food spark more traditional studies. Language club activities, scholarships and contests assist students interested in putting their language to first hand use in summer travel-study programs.

There are however, limitations which inhibit maximum instructional effectiveness. At present only two rooms, separated by a folding partition, are available for language instruction. They are located in one of the noisiest and busiest areas of the school and are not effectively sound-proofed, making good listening very difficult. One room is set up as a language lab with outdated stationary booths and a console. The other room is a traditional classroom.

Originally, both rooms were intended for use by one teacher, so the lab was free to be used as needed. However, classes are now scheduled simultaneously in both rooms, which necessitates teachers exchanging rooms in the middle of each class period in order to give lab time to all students and to prevent one teacher from being forced to teach a regular lesson in the lab where it is very difficult to see and hear clearly.

Another problem revolves around upper level classes which are often combined because of smaller class size, with lower level classes, thus forcing the teacher to split the hour between the two levels.

Completes Field Study Course

Roy A. Donko, of 8514 Pennington Road, recently completed the Environmental Protection Agency's national field study course on the operation of wastewater treatment plants at California State University in Sacramento. He received a certificate of completion and six college credits for taking the course.

Donko is the son of Mrs. Ruth Donko and the late Stephen Donko of Manchester. A 1965 graduate of Clinton High School, he is employed by the city of Tecumseh, and is married to the former Laura Bush, daughter of Mr. and Mrs. Robert Bush of Tecumseh.

Hunting on Private Land

Again in 1974, the Michigan Agricultural Stabilization and Conservation Service (ASCS) program offers payments to farmers who allow public hunting on their lands.

The majority of these farms are in the lower one-third of the state. Any farm that is participating must allow hunting on their land at no charge. Hunting will be regulated by the owner in case there are some crops to be harvested. A list of these farms may be obtained from any county or state ASCS office, the Michigan United Conservation Clubs, and the State Department of Natural Resources.

Public access farms can be identified by signs posted around boundaries of the farm.

Each landowner will provide cards for the hunters to complete and return the self-addressed card to the local county ASCS office. This appraises the total use and worth of the program to determine its future.

Hunting will be in accordance with the state game laws and regulations. The local county ASCS office has complete details.

College Credit Through CLEP

Maybe you are entitled to college credit for what you know. You could save time and money in achieving a college degree.

It might sound impossible, but you can complete the equivalent of two years of college in two days by applying what you know to tests at Siena Heights College, an official testing center for the College-Level Examination Program, (CLEP).

Anyone can earn as many as 60 hours of college credit by taking and successfully passing any of the many CLEP tests. CLEP, founded on the belief that "what a person knows is more important than how he came to know it," is designed for people who have learned through various types of continuing education programs.

The College-Level Examination Program has two kinds of tests, the General Examinations and the Subject Examinations, both available at Siena Heights. General examinations consist of five tests, English composition, humanities, mathematics, natural sciences and social sciences-history, measuring the knowledge and understanding that might be expected of a student who had successfully fulfilled general education studies for a degree. Subject examinations are like end of college course tests, available in 30 subjects.

Sept. 19 is the deadline for filing applications at Siena Heights to take CLEP tests during the College's next regularly scheduled testing sessions in October. The General Exams will be given Oct. 16 and the Subject examinations, Oct. 19.

The tests are for college students and all the public, regardless of age, who wish to earn credit toward a college degree. Readers may call the Siena Heights Registrar's Office, 263-0731, for information.

Grey Fox Is Medalist

Grey Fox Floral has been selected as a Gold Medal Florist by the National Selection Committee of Gold Medal Florists.

Grey Fox Floral owners, Gary L. and Janet M. Fox, have been serving Tecumseh for two years. Gary and Janet are members of the Society of American Florists and the Michigan State Florists Association (MSFA). Janet has been a designer's assistant at MSFA Convention, and she is also past secretary of Golden Designers Chapter of MSFA.

Pre-School Orientation

Recipe Roundup

JULIE JUDD WITH DATE NUT CAKE

by Libby Lincoln

Our cook in the spotlight this week is Julie Judd, 12-year-old daughter of Mr. and Mrs. Donald L. Judd of 607 Blanchard St. Julie's recipe for Date Nut Cake, which her mother acquired years ago from her grandmother, Mrs. Elmer Eberhardt, won Julie a blue ribbon at the recent Lenawee County Fair.

Julie has belonged to the Tecumseh Top-Notchers for three years, and each year has brought home a ribbon from the fair. She likes to cook and bake, and has been playing the guitar and singing for over two years.

The talented eighth grader and her mother say that this is a "never-fail" recipe. We pass it on to you in the hopes that you'll enjoy it as much as we at The Herald did!

Date Nut Cake

1 cup white sugar

Cut up ½ lb. dates, cutting each date in about 4 pieces,

Sprinkle 1 tsp. baking soda over dates,

Add 1 large tablespoon shortening (about 1/3 cup),

Pour 1 cup boiling water over all and mix well.

(Let set for a few minutes until water cools)

Stir in 1 whole egg,

1¼ cups flour, before sifting,

¼ tsp. salt, 1 cup chopped walnuts, and 1 tsp. vanilla.

Stir well.

Grease 8x12 Pyrex (9x13 is too large and cake will be dryer). Bake at 350 degrees about 30 minutes or until toothpick doesn't come out sticky. Don't overbake. Cake may be topped with whipped cream (Julie encourages this) or cut in bite size pieces and rolled in confectioners sugar — a nice addition to the cookie plate served at holiday meals.

Correction: Pickled Caft bage, in the recipe given last week, cannot be canned but has been frozen successfully. For best results keep pickled cabbage refrigerated but it will keep, like pickles, without refrigeration on a trip.

Fall Schedule at Gloria Dei

Sunday, Sept. 8 the activities of the Gloria Dei Lutheran Church will return to their regular schedules: Sunday School at 9:15 and worship services at 10:30 a.m. All children three years or older are welcome to attend Sunday School, Mrs. Nancy Smith superintendent said. Children will meet in the church for opening devotion, the return to their higher classes where they will be promoted.

At the regular worship service, there will be a duet.

Mrs. Earl Mason choir director announced the rehearsals. The Chancel Choir will meet for the first rehearsal and social time Thursday, Sept. 5 at 7:30 p.m. The Youth Singers will gather for practice at 6 p.m. Sunday, Sept. 8 in the church and for refreshments on the patio, or in case of rain in the Luther Hall, after practice. The Junior Choir will begin its first rehearsal Sept. 12. Registrations open during September to children in the third through sixth grades. Confirmation classes begin at the end of September. Dr. Laszlo Gero, pastor will meet first with the parents of the seventh and eighth grade students on Sunday, Sept. 15, after the worship service, for preparing the studies and schedules of the classes.

RAY MATTON

Ray Matton Promoted

The promotion of W. Ray Mattoon to the position of shift superintendent trim fabrication, effective Sept. 1, 1974, was announced today by William J. Polk, plant manager, Fisher Body Tecumseh Plant.

Mattoon, a veteran of 22 years with Fisher Body Division, began his career at the Grand Rapids No. 2 Plant in June, 1952 as an hourly-rate crane operator. In Aug. 1955 he was promoted to the salaried position of supervisor-cut and sew, with further promotion to the salaried position of general supervisor in May, 1960.

Mattoon transferred to Fisher Body Livonia in March, 1964 with continued service in trim fabrication, and, in Feb. 1965 was transferred to Fisher Body Tecumseh in the capacity of general supervisor-trim fabrication; the position held until his most recent promotion.

The Ray Mattoon family resides at 507 S. Pearl St.

Consumer Ends Home Service Department

Consumers Power Co. announced that its home service department, whose advisors have provided special services for thousands of residential customers, mostly women, for the last 40 years, will be dissolved effective Sept. 1.

The department began as an effort to help customers understand and effectively use appliances being introduced as a part of the electrification Michigan. Programs have changed as customers' needs have changed, with the purpose of helping residential customers' needs have changed, with the purpose of helping residential customers select, use and care for appliances which use the energy the company supplies.

The department is being eliminated as part of the utility's budget-cutting program. Because of falling earnings, Consumers Power has reduced construction and operating programs and reduced its work force by some 500 employees this year.

Navy Airman Recruit Steven C. Schmenk, son of Mr. and Mrs. Cletus Schmenk of 12383 Lenawee St., Britton, graduated from recruit training at the Naval Training Center, Great Lakes, Ill. The training included instruction is seamanship, military regulations, fire fighting, close order drill, first aid and Navy history. He is scheduled to report to Aviation Electronics Technician A. School, Memphis, Tenn.

SCOUT DISPLAY IN LIBRARY—Tecumseh Library features display of Canadian plaques presented during the Sesqui by Canadian Girl Guides and other Girl Scout items in conjunction with Scout recruitment drive in progress through first two weeks in September. More troop leaders are needed this year and interested individuals, male or female, should pick up information at the library.

ECOL Held Meeting

The Environmental Council of Lenawee held its August meeting at the Adrian College Library on Aug. 26. Dan Bruggeman, ECOL president, chaired the meeting. ECOL's bylaws were amended to meet the IRS requirements for status as a charitable organization. Another change provided for individual persons to become ECOL members. A new position of executive director was created, and Ken Ross was appointed.

Law Clerks Jim Marks and Ty Duhamel reported on the progress of the Save the Irish Hills League which is organizing in Cambridge Township and has opposed the Cedar Point II project.

Marks announced the discovery that bills have been introduced in both the Michigan House and Senate which provide for the conservation easements which he has been studying for the past year. He reported progress in the clarification and strengthening of state flood plain policy, and noted that the improved Adrian flood plain ordinance has been passed by the City commission. Gratitude was expressed for Mayor Haft's initiative in recommending a similar ordinance for the County Model Zoning Ordinance.

Ty Duhamel reported doing research on efforts to set up historical zones in Macon and Adrian. The effort in Macon is well under way.

Duhamel advised that a pretrial brief has been filed in the lawsuit against the County Road Commission on behalf of plaintiffs from Hudson Township. Brief argues that the Road Commission has acted illegally in charging a $75 filing fee for petitions for natural beauty roads.

In a final action, the board voted to resign its membership in Keep Michigan Beautiful, on grounds that the KMB has been unwilling to express any support for legislation to restrict throwaway containers.

Next board meeting will be Sept. 23.

MIGUEL VERDUZCO WERNER JAHN

DEMETRIOS GORTSILA

Foreign Students Arrive

BRITTON—Three exchange students from three different countries will study at Britton-Macon High School on a one-year program with "Youth for Understanding." The students are Miguel Verduzco from Tampico, Mexico; Werner Jahn, from Leverkusen, Germany; and Demetrios Gortsila from Larissa, Greece.

Miguel, 17 and Werner, 18, arrived at Metro Airport the evening of Aug. 19 and are staying with the David Stiles family. Miguel has had one year of English and Mrs. Stiles said that with the help of a Spanish-American dictionary they have begun their year together. Miguel's father is an executive with the Coca Cola Co., and his mother is a homemaker.

He has two older married sisters and an older brother who is still studying and a 13 year old sister at home. His interests are sports and traveling. He has travelled extensively in Mexico but this is his first trip out of his country. He plays soccer, volley, basketball and is learning about softball from his host family. He loves animals and enjoys being around the cows and dogs on the Stiles farm.

He has been studying accounting in Tampico and will continue along this line when he returns to Mexico.

Werner arrived on a later plane that evening at Metro. He has had seven years of English and communication with his host parents is no problem. His father is an export manager and his mother is a homemaker. He has an older sister in business school. He is very active in sports and is on the Britton football team, arriving for practice on his bicycle everyday. He has never played football before. He also plays soccer, volleyball, gymnastics, swimming, skiing, horseback and jumping. He has earned a silver medal for youths in horseback riding and jumping competition.

Werner has done some traveling in Europe and spent four weeks in Greece and four weeks in England recently. A boy from Kalamazoo lived at his home in Leverkusen the two months recently.

Both Miguel and Werner will graduate with the Stile's youngest daughter, Cindy, in June.

Mrs. Stiles added, "We have learned to love both boys already and hope to learn as much from them as they will learn here. It is great to know that kids are the same no matter what language they speak."

Demetrios Gortsila, 17, arrived at Metropolitan Airport last week from Larissa, Greece, where he was met by his host family, Mr. and Mrs. William Crawford, 3700 Hoagland Hwy., and their two children, David, 11, and Dawn 9. He will spend a year here on the "Youth for Understanding" program and will attend Britton-Macon High School, graduating in June.

Demetrios is having a little trouble with his English but is catching on fast. When asked if he liked American food, Mrs. Crawford smiled and said he liked everything she has made, but brought along a Greek cookbook just in case.

His father is in the international transport business and his mother is a beauty operator. He has one sister, 23 years old. Swimming, hunting and fishing are some of his hobbies. He is also interested in soccer and basketball.

The Crawfords have wanted to be host parents to an exchange student for a long time, and their opportunity came when they recently read in The Herald that such families were needed. They responded and seem very excited in having Demetrios share the coming year with them.

Britton Briefs

Mr. and Mrs. Chuck Thompson of Clinton, Mr. and Mrs. Douglas Sherman, Tipton, and Mr. and Mrs. Paul Cook of Britton spent a weekend at Sandusky, Ohio. On Sunday they spent all day at Cedar Point, enjoyed by all.

++

The Thursday night Ladies' Missionary Group of Bethel Baptist Church will be having a pantry shower for the Bob Howders, Missionaries on furlough from Japan. Garden produce, canned goods, jams, jellies, box mixes are some of the things that can be brought.

++

Rev. Robert Porter of Grace United Methodist Church will be leading a brief devotional service at Herrick Nursing Home in Tecumseh Sunday. Anyone volunteering to provide music and friendly conversation for the patients will be greatly appreciated.

Turkey Dinner

BRITTON—Circle presidents of the Congregational Christian Church will serve as chairmen for the annual turkey supper and bazaar to be held Thursday, Sept. 12 in the Fellowship Center of the church.

Serving begins at 5 p.m. and the public is invited.

Mr. and Mrs. William Ferow will observe their 25th wedding anniversary Sept. 8. An open house, hosted by their children, will be held at their home at 7998 E. Monroe Road, from 4 to 7 p.m. to which friends and relatives are invited. Adeline M. Steuwe and William E. Ferow were married Sept. 10, 1949 by the Rev. William Weinlander at North Blissfield Immanuel Lutheran Church. Mr. Ferow is employed at Tecumseh Products Co. and Mrs. Ferow is director of purchasing for Herrick Memorial Hospital. They have one daughter, Audrey, one son, Gary, and two grandchildren.

Birthday Dinner

BRITTON—Mr. and Mrs. Paul Rowlands entertained at dinner Sunday afternoon. The occasion marked the birthdays of their daughter, Mrs. Susan Rosasco of Ann Arbor and four-year-old granddaughter, Mary Jane Rowlands of Clinton.

Those present, besides the honored guests, were Mr. and Mrs. Paul Rowlands, Jr., Chris, Barb and John of Clinton and Angie Rosasco of Ann Arbor.

The engagement of Carolyn J. Lembrick to Lawrence M. Getz is announced by her parents, Mr. and Mrs. Charles Lembrick of Britton. Bride-elect is a 1971 graduate of Tecumseh High School and is majoring in medical technology at Siena Heights College. Mr. Getz is the son of Mr. and Mrs. Melvin Getz of Tecumseh and is majoring in criminal justice at Michigan State University. A December wedding is planned.

New Arrival

BRITTON—A daughter, Heidi Lynn Schroeder was born Aug. 29 to Mr. and Mrs. Tom Schroeder at St. Joseph Hospital in Ann Arbor. Baby weighed 9 lbs. 3 oz.

Proud first-time grandparents are Mr. and Mrs. Clarence Schroeder of Britton and Mr. and Mrs. Earl Saville of Columbia Station, Ohio.

Readers Honored by Britton Library

BRITTON—A party for 40 area children who read 10 books or more for the 1974 Reading Club this summer from the Britton Public Library was held last week in the village council rooms.

The children played games and watched movies directed by Kathy Melnik and Mary Beth Knight from Lenawee County Library. Certificates were awarded to each child, pictures were taken and their names will be on the Honor Roll for 1974.

Refreshments of lemonade and cookies were served by Mrs. Edward Kanous, librarian and her assistant, Mrs. Clay Croll.

The children who reached that goal and had the honor of attending were: Lisa and Sharon Andrews, Mark and Tina Bays, David and Donna Below, Sherri Bostedor, Ronald Briggs, Candy Daykin, Laurie Eccleston, Brian and Scott Fanslau, Kris and Steven Gilbert, Lisa and Patsy Handley, Rita Handley, David Irvin, Annette and Steven Linn, Wes Loesch, Bradley Marks, Jeff Maska, Mary Kay McPartlin, Lissie Needham, Todd Papworth, Ron Pickell, David and Sharon Porter, Melissa Rohrs, Dawn and Mike Shafer, Adrienne Swain, Kim Tiede, Linda Wagenschutz, JoAnn Wielfaert, Doug, Paul and Wendell Winner, and Marie Zeemer.

"Read to Me Winners" were: Scott Below, Bruce Briggs, Jeremy Frazier, Mike Gilbert, Barbara Handley, Shelley Handley, Marcia Linn, Roger Marks, Molly McPartlin, Billy Niblack and Larry Porter.

Marie Lauer and Richard Heft Marry

CLINTON—Nuptial vows were exchanged by Jeanne Marie Lauer and Richard Alan Heft, Aug. 23, before the Rev. Fr. James Lee in St. Dominic's Catholic Church.

Parents of the couple are Mr. and Mrs. Daniel Lauer, 106 Gibson St., and Mr. and Mrs. Oliver Heft, Wyandotte.

Mrs. Larry Dicks was the organist and Cindy Geiger was the soloist.

Given in marriage by her father, the bride wore a white peau de soie gown styled with a Victorian collar and sleeves trimmed with Cluny lace. Lace appliques accented the skirt front and detachable train. She wore a mantilla of illusion and carried a bouquet of white roses, daisies and baby's breath.

Beverly Rodifer was maid of honor. She wore a blue dotted swiss gown trimmed with Cluny lace and carried a nosegay of assorted flowers.

Bridesmaids similarly gowned were Becky Miller, in yellow; Jill Heft, in pink and Kathy Heft, in orchid, both sisters of the groom of Wyandotte.

Ron Martin, of China Lake, Calif., was the best man. Ushers were Daniel Lauer, Jr., Kalamazoo, brother of the bride; Eric Heft, Wyandotte, brother of groom and Keith Harrington, Ypsilanti.

Mr. and Mrs. Roger Proctor, sister and brother-in-law of the bride, hosted the reception at the Peerless Gear Union Hall. Among the 125 guests were relatives from Pennsylvania, Ft. Knox, Ky., Wyandotte, South Lyon, Tecumseh and Onsted.

Bride attended Clinton High School. Groom attended Theodore Roosevelt High School and is completing his education while serving in the Navy.

The couple will reside in Sicily, where the groom is stationed with the Navy.

Woman's Club Names Committees for Fair

CLINTON — The officers of the Clinton Woman's Club and the chairman of the Ways and Means Committee, Mrs. Richard Broniman, met Aug. 27 at her home to make plans for the second annual Garage Fair at the Shamrock Egg Co. on US-12, to be held Saturday, Sept. 14, the proceeds will be used primarily for the high school girl's award fund.

The following members have offered their services: posters, Mrs. E. John Hoelzer and Mrs. Norman Randall; advertising and books, Mrs. Dan Reilly; refreshments, Mrs. Hoelzer; baked goods, Mrs. Aleen Cahill and Mrs. Arthur Searle; miscellaneous, such as clothing, handicrafts, and household goods, Mrs. George Wolf, Mrs. Ina Basham, Mrs. Robert King, and Mrs. John Monaghan.

Lunch or refreshments will be served.

Donations of baked goods or anything that is saleable will be appreciated by the committee. Clean, sized, and priced clothing is very acceptable. The merchandise may be left with any one of the members listed above or at the Shamrock garage after 4 p.m., Friday, Sept. 13.

Mr. and Mrs. Busch Surprised on 25th

CLINTON — Mr. and Mrs. Joseph Busch, E. Church St., were recently surprised on the occasion of their 25th wedding anniversary, Aug. 20.

Marcheta Gillespie and Joseph Busch were married Aug. 20, 1949 at St. Joseph Catholic Church in the Irish Hills by the Rev. Fr. M.J. Witkowski. They have six children John of Wyandotte, Tim, Tom, Greg, Karen and Douglas, at home.

The couple were entertained by their family at a surprise dinner party, Aug. 17, at Weber's Inn, Ann Arbor. Besides their children, and John's wife, other guests were Mr. and Mrs. Charles Brown, Mr. and Mrs. Roger Gillespie, of Tecumseh; Mr. and Mrs. Robert Bailey of Allen Park; Jill Tarzie of Novi, and Mrs. Clare Gillespie.

After the dinner party, the honored couple were taken to the bridal suite at the Campus Inn, where a bottle of champagne and roses were waiting.

When they were picked up and brought home Sunday, the Busches were again surprised by a three-tiered pink and white anniversary cake. When relatives and neighbors arrived, cake, ice cream and punch were served.

Marcheta and Joe opened many gifts and they're still astonished by it all.

Diane Vogel and Tomothy Merritt Wed

CLINTON — Diane Louise Vogel and Timothy James Merritt recited their marriage vows before the Rev. Earl Lawrence in United Church of Christ, Saturday evening.

Bride's parents are Mrs. Henry Louwerens, 323 W. Franklin St., and Douglas Vogel, Pinckney. Groom's parents are Mrs. Henry Pyzik, 1009 Red Mill Dr., Tecumseh, and James Merritt, Adrian.

Mrs. Larry Dicks was the organist. Mrs. Ronald LaSovage was the soloist.

Altar flowers were in rainbow hues and candelabra held blue candles.

Given in marriage by her brother, the bride wore a princess styled gown of white chiffon and organza featuring a high neck, pleated chiffon yoke trimmed with lace on the bodice and tiered cuffs of lace on the sleeves. Wide pleated organza ruffle edged the lace-trimmed skirt and chapel train.

Bride's full length veil of illusion was held by a band of organza trimmed with pearls. She carried a bouquet of white roses and carnations.

JoAnne Mose, of Union Lake, served as maid of honor for her college roommate, wearing an empire blue gown of jersey with a scooped neckline and straight skirt. Rainbow ribbons tied her bouquet of daisies and tinted carnations.

Wearing identical gowns, the bridesmaids were Kimberly Merritt, sister of the groom, of Tecumseh; Mrs. James Claus, Kalamazoo, sister of groom; Mrs. Lupe Parra, Adrian, sister of bride; and Susan Vogel, sister of bride.

Herbert Ayres, of Kalamazoo, served as his college roommate's best man. Guests were seated by Gary Muir, Robert Vogel, bride's brother; Bill Goble, Dan Lauer, all of Clinton; James Hunt, Adrian; and Carl Anderson, Kalamazoo.

Reception at United Products Workers Union Hall, Tecumseh, was attended by 300 guests. Mr. and Mrs. Chester Merritt, grandparents of the groom, were hosts. Other grandparents included Mr. and Mrs. Clarence Vogel, Chelsea and Mr. and Mrs. George Brooks, Manchester, grandparents of the bride.

Blue net covered the tables centered with blue daisy bouquets. Leo Butler group played for dancing. Square dances were called by Clarence Heimerdinger.

Bride is a 1970 graduate of Clinton High School and a 1974 graduate of Western Michigan University, and will be a teacher in Clinton Nursery School.

Groom is a 1970 graduate of Clinton High School and a 1974 graduate of Western Michigan University.

The couple will reside at W. Church St., Clinton when they return from a wedding trip to Niagara Falls, Ont.

Rehearsal dinner was held at W.C.'s, Adrian, hosted by Mr. and Mrs. Henry Pyzik and James Merritt.

Breaks Wrist

Wally Heimerdinger, son of Mr. and Mrs. George Heimerdinger, broke his wrist in football scrimmage last week. He'll be out of the game for several weeks.

More Students Arrive at Clinton

CLINTON—Two more exchange students have arrived in Clinton to spend the school year and attend Clinton High School as seniors.

Paula Scherrenburg, 17, is from Holland and is living with Mr. and Mrs. George Schroeder, 116 Currier St. She speaks Dutch, German, French and English and plans to study Spanish here. She's also interested in arts and government.

Paula's father is a chemical engineer. She has two brothers, 20 and 15.

This is her first time in America and she already noticed there are "only plastic flowers" and not as many fresh flowers in the shops as in her homeland. She says she wants to learn American cooking.

Riitta Kara, 18, came from Jokioinen, Finland, to spend the year with Mr. and Mrs. Fred Shumaker, 504 Tecumseh Road.

Her parents are teachers, and she has a sister, 18.

She likes music, plays the piano, and enjoys reading.

Riitta will have two more years of school after she returns to Finland, since her studies here won't count, even though she'll graduate with the seniors.

The amount of snack foods eaten here surprised her, since in Finland main meals just don't include such foods.

LUNCH

SEPT. 9-13

MONDAY — Barbecue on bun, potato chips, orange juice, applecrisp, milk.

TUESDAY — Hot dog on bun, tater tots, chocolate cookies, milk.

WEDNESDAY — Pizza, corn, fresh fruit, milk.

THURSDAY — Chicken Gravy on biscuit, peas, bread and butter, gelatin, milk.

FRIDAY — Fish sticks and tartar sauce, corn, garlic toast, chocolate pudding, milk.

Accidents Reported, Bike-Rider Cited

A number of accidents have occurred in Tecumseh in the last week. One involved a bicycle-car collision in which the youthful bike-rider was issued a citation.

Michael Hickok, 21, of Tecumseh, was driving his car north on Union when he reached the intersection of Pottawatamie Street. He told police later that two bicycle riders ran the stop sign heading east on Pottawatamie and darted in front of his vehicle.

Hickok applied his brakes and was able to avoid them. However, a third bicycle, operated by Estevan Vargas, 12, of Tecumseh also ran the stop sign and hit the Hickok auto. The Vargas bike had no lights.

The Vargas youth was cited for failure to stop for a stop sign and will be refereed to juvenile court, according to Chief Ray Walton. The accident occurred last Thursday, at 11:35 p.m.

A car driven by Ray W. Webb, 52, of Tecumseh, backed into a parked truck owned by Shirley L. Pileam, 46, of Onsted, last Thursday in a city lot near Pearl Street.

On Friday, a vehicle operated by Mirian Lee Stone, 21, of Tecumseh, backed out of a private driveway into Logan Street hitting a car driven by Anna L. Hunter, 56, also of Tecumseh. The Hunter vehicle was headed west on Logan.

Stone told officers that she didn't see the Hunter vehicle. She was cited by officers for failure to yield right-of-way (backing).

Also on Friday, a car driven by Crystal Dawn Roe, 17, of Tecumseh, struck a parked car owned by Mrs. Preston of Saline. The incident occurred in a lot at Cairns Street.

On Labor Day, a vehicle driven by Richard Brighton, 26, of Tecumseh struck a car operated by Raymond Steusloff, 52, of Toledo.

The Steusloff auto was stopped behind traffic at the intersection of W. Chicago and N. Evans Streets. Both vehicles were heading east on Chicago.

A similar accident occurred the same day in Tecumseh. A vehicle operated by Marc Rising, 16, of Clayton, struck the rear-end of a car driven by Frank Prior, 66, of Toledo. In turn, the Prior vehicle hit the rear-end of a car operated by Ralph Muntz, 61, of Chagrin Falls, Ohio.

The Prior and Muntz vehicles were stopped for a traffic signal at the intersection of E. Chicago and Oneida Streets. All three vehicles were heading east on Chicago.

You Told Us

By Libby Lincoln

Having struck a blow for women's lib last week, this week I'm powerless to aid the battle for kids' lib and this is the week they could use a break, if you listen to their sad lament. Each year the passing of Labor Day brings that inevitable aftermath—school—and right on schedule too. The end of summer will be mourned by some, and welcomed by others, but surely most folks seem ready to renew their acquaintance with cooler weather. The latter, which arrived ahead of schedule, surprised those of us with swimsuits still damp on the line.

Dr. and Mrs. Sidney Adams and their three children returned home Aug. 25 after a vacation which took them to Iowa, Wisconsin and Michigan's Upper Peninsula. They departed Aug. 14 for Davenport, Iowa, where Dr. Adams attended two weeks of classes at Palmer College of Chiropractic. From Davenport the Adams' traveled on to Rockwell City, Ia. where they spent two days visiting Dr. Adams' parents, and brother and family. They then moved on through Iowa and Wisconsin along Lake Michigan into the Upper Peninsula. The Adams' spent a week in the Upper Peninsula, and a day by the Mackinac Bridge. Among the highlights of the trip was a 25 mile canoe trip with a party of 18 in Grayling.

++

Happy 21st to Mike McNamara on Aug. 28! Mike was presented with a donut cake fashioned like a press - nothing but the best for our able pressman - and a card from all the staff at The Herald in a mid-morning spree.

+++

Mr. and Mrs. Forest Abner, 808 Outer Drive, spent a long weekend at Hessel in the Upper Penisula over the Labor Day holiday.

+++

Mrs. June Wagner, of 5816 Occidental Hwy., flew to St. Louis, Mo., Aug. 12 where she was met by her son, the Rev. Merlyn Wagner. The Rev. Wagner took her to his home in Chatham, Ill. where she stayed with him and his family until Aug. 24. He is pastor of St. John's Lutheran Church in Chatham.

She returned Aug. 24, flying into Detroit's Metro Airport where she was welcomed back by son Carl Wagner and family who brought her home to Tecumseh.

++

Mrs. Robert Hunt and Mrs. Francis Peters of Clinton attended a baby shower in Saline Sunday afternoon. Mrs. Charles Anderson and daughter Inger-Anne of Ypsilanti were the honored guests. Inger is the new granddaughter of Mrs. Hunt.

++

Mr. and Mrs. Gordon Fretwell and children, Kristen and Lane, of Shutesbury, Mass., visited several days last week with his parents, Mr. and Mrs. Elvin Fretwell, 504 Orchard Lane.

MRS. JAMES E. CLAUS, JR.

Roxanne Merritt Weds James Claus, Jr.

Roxanne Merritt and James E. Claus, Jr. were joined in marriage Aug. 10 in the United Church of Christ, Clinton, by the Rev. Earl Lawrence. Carolyn Dicks was organist and Diane Terry and Larry Thompson were soloists.

Bride is the daughter of Mrs. Henry Pyzik, of 1009 Red Mill Drive, and James Merritt of Adrian. Groom is the son of Mr. and Mrs. James Claus Sr. of Manchester.

Bride wore an antique lace pinafore over a sheer white dress and underskirt with lace cuffed sheer bishop sleeves. The gown also featured a full length train with lace insert. Her veil was fingertip length and fashioned of illusion, and she carried a bouquet of red and white roses and carnations.

Matron of honor was Mrs. Herb Ayres of Tecumseh, step-sister of the bride. Bridesmaids were Diane Dunny of Clinton, Kim Merritt of Tecumseh, sister of the bride, and Mrs. Dan Smith of Kalamazoo, Chris Weis of Grosse Pointe Park, and Diane Vogel of Clinton, and Laura Smith of Kalamazoo was flower girl. Attendants all wore sleeveless gowns of blue and white checked jersey with ruffled hem, white hats with blue ribbons, and carried blue daisies in white parasol baskets.

Dan Smith of Kalamazoo was best man. Groomsmen were Paul Drake of Kalamazoo, Ozzie Hashley of Jackson, Jeff Hassberger of Grande Blanc, Kevin Moran of Grosse Pointe, and Tom Claus of Manchester, brother of the groom.

Ushers were Bill Goble and John Miller, both of Clinton.

After the wedding a reception was held at Tecumseh Products Union Hall.

Bride is a 1972 graduate, and the groom is a 1970 graduate of Clinton High School. She will be a junior at Western Michigan University this fall where the groom will be a senior.

Bride is a member of Alpha Phi sorority and groom is a member of Pi Kappa Alpha Fraternity at Western Michigan.

Rehearsal dinner was given by the parents of the groom at Leutheuser's in Saline.

After a two week wedding trip to the Eastern states, the couple are now at home at 1940 Howard St., Apt. 309, Kalamazoo.

Car Window Shattered

A windshield on a Tecumseh police patrol car was shattered on Labor Day after a rock-throwing incident by unknown assailants.

Police officer J.E. Johnston reported that he was entering the intersection of N. Pearl and Logan when a large rock struck the windshield of his police cruiser. He checked the area but saw no one.

The officer then parked in a lot behind Gambles to continue his search. Finding nothing, he drove across the street to a lot behind a church when another rock shattered the windshield.

Although the window was ruined, the rocks did not pass through it. Officer Johnston was uninjured. Incident occurred at 3:40 a.m.

Letters to the Editor

Two Comment On Mobile Home Parks

To the Editor:

This letter is written in regards to the letter that Bonnie Purkey wrote. From what I could gather she is afraid that her home will decrease in value because of the proposed site of a nearby Mobile Home Park. Maybe she and some of the other leaders of our community have never visited a Mobile Home Park before. I will agree that there are some parks that are not too nice to look at, or even live in, but that is the fault of residents builders.

I live in a park and its very nice. I feel that Lee Villa, Water Wheel and Friendly Village Parks which are all in our area are well kept and are a hell-of-a-lot better than many apartments in the area, having lived in an apartment also. Then there is another reason for why I, myself, and I am sure many others prefer living in Mobile Home Parks and that is we don't have the money for the outrageous down payments needed to purchase one of your so-called beautiful homes.

I would like to own a house too, don't get me wrong. But you had better check and see how many nice Parks there are, and I am sure they will out number the bad ones. The houses in the nearby areas of the park that I live in range from $25,000 up exceeding the $60,000 mark. The park where I live was established about 10 years ago. Houses that sold for $15,000 then have now doubled in value.

I think a factory could hurt someone's valuation more than a Mobile Home Park. I could take Bonnie Purkey and anyone else and show them places in Tecumseh and Adrian that are the so-called Zone A, that I wouldn't want to live near. And our dear city council and Mayor who wouldn't want to live in a Mobile Home, I invite you to go and live in the so-called slum of Tecumseh. You people who are so against a Mobile Home Park that you'll let people live in houses that rats run through. These people can't afford a better place to live thats why other cities have a thing called Urban renewal: To provide homes for lower income families. Tecumseh doesn't even provide that much. Think about it.

Sincerely,
Cortland L. Hunt

To the Editor:

As a former Tecumsehite, I have been watching with interest the progress, or rather lack of it, on the proposed Mobile Home Park in the area. I said some quiet "Bravos" and "Boos" as it has been batted back and forth, but I was enraged last week when I read the mayor's remarks about not seeing a park he would care to live in or even near. For a man in the authoritative job he has, to deprive hundreds of people of a comfortable way of living, because he is so unknowledgeable on the subject, is a sin and a crime.

Mobile Home Parks don't have to be the sordid messes the older generation think of them as being. They can be well organized, clean, orderly and pretty besides and there are thousands of that kind throughout the country. My husband and I are now living in one in the heart of a city of 65,000 population and when we enter the gate at our park, we feel we are in the country. It is quiet and peaceful and pretty with flowers and we are among fine, upstanding people who are wonderful neighbors and friends.

If you have never been inside a Mobile Home, go look at several. Most of the newer ones compare equally or above any of the middle class homes of today at half the cost. I have more counter space in a larger kitchen than I ever had before including our home on River Acres Drive. I have more cupboards and closets than I ever had. I have two bedrooms and two baths and the baths are larger than I ever had. I have a 20x14 foot living room and a dining room, plus a porch and a patio. We are very comfortable in the winter and cool in the summer.

We have enough maintenance on house and yard to keep us occupied but not enough to be a burden. We feel safer here than anywhere else as everyone watches and cares for his neighbors and helps with anything that needs doing.

Perhaps you will recall several articles printed in this paper two or three years ago showing that a Mobile Home Park (namely the Wagon Wheel Estates of Clinton) paid more school taxes per square foot of ground than the single family housing units so there can't be any complaint in that department. The main objection to this park appears to be a refusal to accept any changes and I suggest the mayor get out and see how "the other half" lives. Don't keep Tecumseh a small, one horse town forever.

Sincerely Yours,
Marian Cornell
Mentor, Ohio

To the Editor:

The letter enclosed is one I think has a lot of meaning. In the days of so much turmoil and never having time to do the things we should, it just seemed this was a perfect gesture on the part of the merchants of Lyons, Ohio.

Some friends of ours and my husband and myself were riding around and stopped in Lyons for some shopping. In doing so the owner of the store, a Mrs. Mary Hall asked why we couldn't stay for the "Street Dance." We thought this would be interesting and said we would do so. Mrs. Hall even packed our purchases in coolers in ice for us so we could stay.

I can only say we all four enjoyed the evening very much and would love to see such an evening of Family Togetherness in Tecumseh. The band that played for the evening was "The Michigan Weekenders" and they were just great. I thought it was a wonderful gesture on the part of the merchants to sponsor entertainment for the whole family to enjoy and to keep all the families in their home town for a real fun night. It seemed so good to see little children, grown adults, and the "In-Between" ages all enjoying the evening.

Certainly there exists a great need of more Family togetherness in our present turbulent times. We saw no evidence of the so-called Generation Gap that night in Lyons, Ohio. It was a night we shall never forget.

I thought you might be interested and perhaps something similar to that event could be promoted by the Tecumseh Merchants.

Sincerely,
Mrs. Harry A. Coudron

MEMORIAMS

In loving memory of Ralph Randolph, who passed away one year ago, Sept. 8, 1973
Loving Memories
Your gentle face and patient smile
With sadness we recall
You had a kindly word for each and died beloved by all.

The voice is mute and stilled the heart
That loved us well and true,
Ah, bitter was the trial to part from one so good as you.
You are not forgotten loved one
Nor will you ever be,
As long as life and memory last, we will remember thee.

We miss you now, our hearts are sore
As time goes by, we miss you more,
Your loving smile, your gentle face, no one can fill your vacant place.
Sadly missed by wife, Lauretta, children and grandchildren. 9-5p

Flexible cements are light in color and work equally well on both porous and non-porous surfaces. They will bond tile, glass, mirrors, asbestos-cement board, metal, brick, and many other materials. They do not require clamping, since the glue sets rapidly. These glues should be used in areas where there will not be too much stress. But they are great for joining two different types of materials, such as metal to glass or plastic to wood.

You'll find CLAUDA PLUMBING & HEATING, 1108 W. Chicago Blvd., 423-3121 is a great place to purchase all types of plumbing tools and supplies as well as fixtures. Sand and Sea

Laughing children splash and splutter in the shallows. Farther out, big boys race and tear in noisy games of tag. Fathers show their children how to swim, while mothers smile encouragement. Lovers nestle close on striped blankets, and grandmas nod sleepily under big-brimmed hats. The day is good, a day of sand and sea and clear blue sky.

Then a whistle shrieks, and laughter stills as life guards work to save a life. Dread hovers, and even when the child is safe within his mother's arms, for some the day is tarnished.

It's easy to be gay on picnic days. But, when tragedy comes close and fears clamor, life's happiness is a temporary thing. Where can you find confidence?

Your church has the answer. It is the abiding place of God. Within its fellowship through prayer and worship, you can learn that God is the center of your life and that His goodness never wavers.

School Mill Is Dropped

Tecumseh School Board, reversing a previous decision, lowered the 1974 tax levy to 17 mills at a special meeting last Thursday night.

The Board had previously voted to collect all 18 mills passed by the district's electorate for operation.

But, according to assistant superintendent Eugene Cooley, a final audit is now complete and the district has sufficient funds so that an extra mill is not needed. Cooley explained that at the last meeting held August 19, the audit had not been completed, and there was some concern over what the final figures would be.

A breakdown of the millage for the coming year is: 8.5 mills allocated, 17 voted, 1.2 for the debt retirement fund, and .7 for the public library. It amounts to a total of 27.4 mills.

PC Chairman Resigns Post

Planning Commission members learned Tuesday and that their chairman, Richard Eggleston, has resigned from the Commission. Eggleston, a 17-year veteran on the Commission, has submitted a letter of resignation to Council and citing reasons for his action. He did not attend Tuesday evening's meeting.

After some discussion, the Commission approved drafting a letter to Council, asking that the letter of resignation be disregarded and Eggleston be retained on the Commission. The downtown Tecumseh businessman has been one of the most active and hardest working members of the Commission.

In recent weeks he has been disturbed with Council action related to the Commission's approval of the Green Meadows project, and with Council's handling of a Commission request to replace Steve Illeck on the Commission.

Illeck, who spoke in his behalf at the Sept. 3 Council meeting, has been charged with excessive absences from Commission meetings. He was present Tuesday night.

HEART, SOUL AND BODY—Varsity cheerleaders take a moment out to show one of their many cheers that they will be performing at Friday's opener against Chelsea. Indians Open 1974 Season

Tecumseh Indians open the 1974 grid season here Friday night against Chelsea - and with hopes of avenging last year's 6-0 loss.

Game time is 7:30.

Pat Connors, entering his second year as head coach of the Indians, entertains ideas of improving on '73's record of 4-5. Last year's club was not as bad as the record indicates, however.

Tecumseh was tough all season on defense but poor on offense. This year, the Indians hopefully will be equally tough on defense and should improve on offense.

Seniors dominate both the offensive and defensive units with nine starters. Juniors fill the remaining spots.

Connors is expected to start an offensive line Friday night averaging over 175 pounds. Front four on defense will hit 180-pound average and the four linebackers, 175 pounds.

Three More Join City Council Race

Three more candidates have joined the race for the four seats on Council up for grabs at the November election.

There are now nine residents seeking Council positions, and Vera Gardner, city clerk, says there could be more. A party took out a petition and refused to identify the candidate.

Those taking out petitions recently are Bonnie Jean Berkley, school teacher; Henry Fitzgerald, former employee of the Detroit Times and currently third vice president for the American Mailers Union; and William Filber, a manager trainee for an Ann Arbor restaurant.

Others in the race include James Palmer, Dr. Carlton Cook, C. Raymond Puffer, Mary Bowers, Stephan Illeck, and DeLora Anderson. Steve Kruger, incumbent, is not seeking re-election.

All petitions must be filed at city hall with the clerk by 5 p.m., Monday, Sept. 16.

Board Hires PR Firm

Hiring public relations organization to "give advice and recommendations only" concerning a new high school bond proposal was approved by the School Board last Thursday night.

Employing such an organization had been recommended by a steering committee.

Supt. Robert Duhan advised members that he had received the name of a highly-regarded firm called Ned Hubbell Associated of Port Huron. Their job would be to research the two previous district bond elections and suggest conclusions as to why they failed.

Duhan went on to say that the Michigan Education Association would pay the firm's retainer fee, $200 a day plus expenses, for the first day. If the board so desires, it may continue services for two or three days longer, about the time required to complete the job.

Both Duhan and Cooley, as well as the other board members, wanted to stress that the firm is strictly in an advisory role.

"They are strictly consultants, and we are seeking their advice and recommendations only. It is not the intention of the board to hire consultants to sell the bond issue to the public. And, we have no obligation to retain them after the first day," Cooley remarked.

The firm would work with the district's architect.

Cooley went on to say that the "high school and junior high are very crowded. The facilities just aren't handling a modern school program although our staff is doing an outstanding job under the circumstances."

A date for the bond election has yet to be determined.

Hospital Ups Rates, Wages

Herrick Memorial Board has approved a 10 percent wage increase for all employes except nurses aides, who received a 13 percent wage increase, and licensed practical nurses, who do not dispense medication and who received a five percent increase.

Wage increases and additional benefits approved will be financed by a $7 a day increase in bed rates. Other hospital charges will be increased approximately eight percent, explained William Groover, hospital administrator.

Herrick Nursing Home Board also approved the same wage increases.

Hospital room rate increases, which were effective Sept. 1, will cost $59 for a ward bed, $62 for a semi-ward and $68 for a private room. Wage increases were effective last month.

Increasing hospital expenses, like food and medical costs are headaches for the hospital just as they are for everyone else, Groover said. For example, Herrick Hospital's oxygen supplier will raise its price 53 percent.

Groover explained that the hospital has not changed its method of operation except in those areas it has been forced to change by federal regulation.

"When the law requires new service provisions, the cost comes back to us everytime. It bumps everybody up along in a staircase effect and costs increase," Groover explained.

He cited such federal regulations as unemployment compensation, which Herrick Memorial Hospital must provide beginning Jan. 1, 1975; laboratory licensing, hospital licensure, the federal minimum wage law, and the Occupational Safety and Health Act (OSHA), which have all been "enacted on the heels of Medicare."

"Don't mistake me," the administrator emphasized, "it isn't that these aren't needed, necessary or desired, but one thing you have to realize is that hospitals are hit harder than most industries, since 65 percent of the costs are personnel costs."

At the present time, the hospital employes 239 employes on full and part-time, the equivalent of 150 full time employees.

Groover said that he could not predict the next service cost increase. He stated that the Board and administration adjust costs once a year at this time.

Reviewing the recent American Health Congress in Chicago, which Groover attended, he said he is concerned that government officials were quoted that cost control is the first priority.

"In the health profession, we have always said we will never compromise quality care," Groover commented. "Frankly, the government attitude frightens me. Where do you draw the line on quality care?"

When asked if he thought that a federalized health care system would stop rising medical care costs, Groover replied no: "Someone will have to pay for national medical care. If you say government, it will be you and me because we pay the taxes. Some cite the British system and say 'This is great. I'll have all my medical bills paid for,' but the money has to come out of someone's pocket. You don't get something for nothing."

Development Plans Going Before Council

After a concise summary of a survey taken by the Central Business District (CBD) committee given by Paul Dangler, chairman, the Planning Commission recommended the committee's proposals to Council.

Two proposals request immediate creation of a Special Assessment District (SAD) downtown to fund free parking in metered lots and off-street areas, and redevelopment.

The SAD is the business area within the six blocks bounded by Logan, Pearl, Pottawatamie and Oneida.

In a survey taken by the special committee, the free parking system was approved by a majority of 33 to 19 of property owners responding to a questionaire. This same majority is willing to be assessed four cents per square foot of building size annually to fund a free parking system.

The proposed budget, which would be effective July 1, 1975, is a tight $14,823. First billing would occur at summer taxes.

Special committee also proposed that some meters be imposed to control possible abuses in off-street lots.

The second proposal for the SAD would be to fund an improvement project affecting only public property. Cost of the project is estimated to be $116,000.

Based on the public and private ration of ownership in the proposed SAD, the property owners wish to pay 75 percent or $86,800, in the form of an assessment. An option of paying immediately or amortized over 15 years through bonding, will be available. City would pay approximately $29,400.

Features would include street trees, rear walk improvements, trash containers, directory bulletin boards and drinking fountains. Merchants responded in favor 33 to 18.

Fifty-two of 71 properties eligible for assessment responded. Dangler told the Commission many of those who withheld their vote agreed to "go along with what every one else does."

The recommendations were made with the idea that beautification would make Tecumseh a more attractive shopping area, "increase citizens pride and visitor esteem, bring greater tax revenues due to new construction or improvements and result in greater public use."

In passing the recommendations along to Council, the Commission was impressed that all of the larger property owners agreed to the improvements and assessment.

Record Enrollment?

Unless there are some dropouts between now and the last Friday in September, the Tecumseh schools will set an all-time enrollment record.

Supt. Robert Duhan reports the present enrollment at 3,683 students, three more than the record registration of 3,680, set in 1971.

Breakdown of the current number of students is:

Kindergarten through 6th Grade, including Special Ed pupils - 1,912.

7th, 8th Grades - 584.

High School - 1,187.

The fourth Friday of September is the designated day for official enrollment for state aid purposes.

Total enrollment figures for the past 10 years are: 1964 - 3,233; 1965 - 3,254; 1966 - 3,314; 1967 - 3,381; 1968 - 3,424; 1969 - 3,506; 1970 - 3,630; 1971 - 3,680; 1972 - 3,639; 1973 - 3,652.

Donors Set Blood Mark

Tecumseh did not reach its expected goal of 276 pints of blood last Friday to double the 138 pints recently collected by Clinton. However Tecumseh did collect 164 pints for a grand total of 312 pints, called a record by Betty Meyers, a spokesman for Dr. Robert Murray, Lenawee Bloodbank chairman.

All in all, Tecumseh blood drive personnel considered the drive "well over the top," with an unusual 29 first time donors joining the ranks when the Bloodmobile visited the Tecumseh Community Center.

Opposing Extradition

Robert Billhymer, 21-year-old Ann Arbor youth has been charged with the murders of Sally Schulze of Tecumseh and Gary Stultz of Adrian and reportedly is fighting ex tradition to Arizona.

The murders occurred about two weeks ago in their small trailer near Tucson. Details are still being withheld by law officials.

C F Dance

A fund raising dance for the city's Cystic Fibrosis drive will be held this Saturday night at the American Legion.

Proceeds from the dance will be donated to the campaign. A 50c donation will be taken at the door.

Dancing will be held from 8 p.m. to midnight with music by Ron Jordon and the Universals.

BEHIND PAGE ONE

An Art'n Apples Festival will be held in Rochester Sept. 12-15 behind Rochester's Municipal building on W. University Drive in the municipal park. Parking and admission are free at the festival, which will feature an art show and auction, puppet shows, magicians and clowns, a folk concert, performances by the Rochester Symphony and food stands serving a variety of foods including, of course, apples and apple desserts. Festival will be open from 2-9 p.m. Sept. 12 and 13, noon -9 p.m. Sept. 14, and noon-6 p.m. Sept. 15. This is one of Michigan's finest art shows and features both professional and non-professional artists and hobbyists.

The Governor's coming, the Governor's coming! Gov. William G. Milliken will make a public appearance on Sunday, Sept. 15 at 11 a.m. at the Michigan International Speedway, Cambridge Junction, M-50.

None Injured in Accidents

It was a quiet week in Tecumseh as far as traffic accidents are concerned. And no injuries were involved.

Last Wednesday a collision occurred at the intersection of M-50 and Union St. Patricia Carol Beaubien, 18, of Tecumseh, struck a car driven by Leslie Wilde, 30, of Ypsilanti as Beaubien made a left turn onto N. Union. Beaubien was cited by officers for failure to yield.

Art Stowell, of Dundee, reported to officers the same day that an unknown vehicle struck his car while it was parked in the Tecumseh Products parking lot. The incident occurred sometime between 6:45 a.m. and 3:30 p.m.

Mark Steven Yoder, 18, of Tecumseh, struck a vehicle driven by Patrick Gail Holdridge, 28, also of Tecumseh on Saturday. The Yoder car was westbound on Tecumseh-Macon Road when he crossed the center line and hit the Holdridge vehicle as he waited to make a left turn into the airport. The accident happened around 12:40 p.m. No citations were issued.

On Monday of this week, Dolores Anne Porta of Adrian, 41, was cited for failure to yield right of way. She was behind a stalled car and as she pulled around it, she struck a vehicle driven by Scott Charles Edwards, 25, of Tecumseh in the right side. Incident occurred on Union St. about 4:10 p.m.

A car owned by Helen Kelley, of Clinton, was struck by an unknown vehicle while the Kelley car was parked on W. Pottawatamie between 2:30 p.m. and 10:30 p.m. on Monday. Police have no description of the other car.

TeacherResigns

In a special meeting held by the Tecumseh Board of Education last Thursday evening, board members accepted the resignation of Sally Brown, 2nd grade teacher at Sutton. She plans to leave the area.

She will be replaced by Melanie Hoover, a new teacher originally assigned to the first grade at Patterson.

Kathryn Tarkiewicz will take her assignment at Patterson. Marjorie Baird was granted an extended sick leave, and Vicky Kirsch will fill her teaching spot at 6th grade Tipton.

Supt. Robert Duhan informed the Board that an increased enrollment has required the addition of a one-half day kindergarten class at Ridgeway. The class will be taught by Barbara Tobes.

All re-assigned teachers are new to the district.

Bedroom Fire Started in Closet

An apartment house was slightly damaged early Sunday morning after a fire of unknown origin.

Firemen were dispatched to 302 S. Evans at 12:12 a.m. Sunday. They returned at 2:30 a.m. The apartment is rented by Robin Nickelson. He was not at home at the time.

It is believed that the fire started in the bedroom closet of the downstairs apartment.

George Felbaum of Ypsilanti is owner of the building.

New Athletic Director Named

CLINTON — At a meeting of the Clinton Board of Education Monday night, board members appointed Fred McCrate the new athletic director for Clinton.

McCrate, 29, lives in Tecumseh with wife Sandra and their two children Shawn,7, and son Kelley, 6.

He is just starting his seventh year of teaching at Clinton High School. He teaches advanced biology and psychology. McCrate is a graduate of Britton High School and has earned a B.S. and M.S. from Eastern Michigan.

In the past, he was voted teacher of the year twice and was chosen as basketball coach of the year '72-'73.

In other action, the board approved certain guidelines under which assistant coaches for various sports may be assigned.

The guidelines are as follows: an assistant wrestling coach will be assigned when the number of boys for that sport exceeds 25, assistant track coach will be assigned when the number exceeds 30, and an assistant baseball coach be assigned when the number exceeds 28.

YFU Students Attend Picnic

Thirteen Youth for Understanding (YFU) exchange students and their host families met at a potluck picnic hosted by Dr. and Mrs. Carlton Cook and family Sept. 8.

Mrs. Leslie Froelich, district director from Ann Arbor led a question and answer session after the picnic with the parents and students. Concerning health care, YFU does cover medical care expenses up to $800. Above that, the students native home is responsible. YFU students can be added to Blue-Cross coverage very economically and would then cover prescription costs also.

Students from Lenawee County will write monthly letters to the county chairman, Fred Shumaker who will forward them to Mrs. Froelich.

Also attending were Mr. and Mrs. Reno Feldkamp of Manchester. Mrs. Feldkamp is the Manchester area representative of YFU. YFU is presently looking for homes for 1000 Brazilian students who want to come for the 6 months program this January to July 1975.

YFU encourages students to have as many varied experiences as possible to learn English and about American people. Citizens are encouraged to share interesting activities with them or invite them to give programs in school or organizations about their native home.

YFU places 2100 students from other countries in the United States. Four hundred and fifty are in Michigan, the largest number for any state, followed by 300 for California. World Headquarters of YFU is Ann Arbor. Exchanges are to be mutually beneficial to the student and family. Anyone interested in students for programs or as guests may call Fred Shumaker in Clinton or Mrs. C.L. Cook, Tecumseh or Mrs. R. Feldkamp in Manchester.

Adult Classes Offered at THS

All students returning to classes at Tecumseh High School this fall aren't teenagers.

Some 40 adults have joined the class rolls in the school district's adult evening night classes at Tecumseh High School, announces Thomas Muncie, director of adult education.

For the first time in about 15 years, the program has been reinstated in Tecumseh, "because it was strongly felt that there was a need in our community for this type of program."

Although students may still choose to participate in the varied adult education courses at Lenawee County Vo-Tech center, for either high school diploma credit or self-improvement, they may also elect social studies, English, typing or driver's education here at THS.

Registration deadline is Friday, Sept. 13 and Raymond Bandlow, assistant principal, may be contacted at 423-2167, ext. 36, for details.

There will be no charge to persons without a diploma and for high school graduates the cost is $30 per class. The sessions are one night per week on Monday through Thursday from 7 p.m. to 9:30 p.m. This program is run without cost to the district.

"With this program we are attempting to serve a need not served before and better use of our facilities," said Bandlow.

Muncie said that most of the students are of middle age, and although they voluntarily seek the classes, they often appreciate a word of encouragement from the high school counselor to register.

He said that most appreciate the social aspect of meeting new people as well as the fact that they can often their diploma closer to home.

Two Complain To Police This Week

Only two complaints were filed with Tecumseh police during the last week.

Wendy Williams of Tecumseh told police on Saturday that 20 tapes were stolen from her car the night before. Her vehicle was parked near the Eagles club at 8:30 p.m.

When she returned at 2:30 a.m. she discovered someone used a coat hanger to open the car door and removed 20 tapes valued at $106. A tape case was also taken.

Mrs. Handy told police on Tuesday that her son, Leslie Handy, 8, had been injured while riding his bike after a head-on collision with another bicycle rider on the sidewalk in front of their home. The other rider was Bob Eardley, 14. The Handy boy suffered a bruised chin and right arm. He sought treatment at his home. Incident occurred about 4:30 p.m.

Ohlmans Honeymoon in Las Vegas

Laura Marie Hubbard and Joseph Charles Ohlman were married in an evening ceremony Sept. 7 at St. Marks Lutheran Church, Brooklyn, by the Rev. Lenhart E. Etzel. Tracy Etzel was organist and Denny Bryan was soloist.

Parents of the couple are Mr. and Mrs. James L. Hubbard of Springville and Mr. and Mrs. Joseph C. Ohlman of Tipton.

Escorted by her father the bride approached the altar wearing a white silk organza gown with lantern sleeves. The gown featured a bodice of Cluny lace and seed pearls, with Venice lace trimming the skirt, hem and cathedral train, creating an apron effect. Appliques of Alencon lace also trimmed the gown. She wore a Camelot cap of Cluny lace and seed pearls, a gold cross with rubies, gift of the groom, and carried an heirloom handkerchief that belonged to her great-great grandmother. Her bouquet was formed of yellow roses, white carnations, stephanotis and fall flowers.

Sharlen Wallace of Springville was maid of honor. Bridesmaids were Beth Wilkin of Onsted, Janice Ohlman of Tipton, sister of the groom, Patricia Bauer and Janice Spadafara, both of Onsted. The attendants wore yellow, orange and green print gowns styled in the Gatsby look, green picture hats, and carried bouquets featuring yellow carnations.

Groom chose his brother, James Ohlman of Tipton, as best man. Ushers were David Roberts and Raymond Gentz, both of Tipton, and William Hubbard of Florida, brother of the bride. Matthew Hubbard of Springville, brother of the bride, was acolyte.

Reception was held at St. Joseph Hall for 450 guests. Debra Weitenhagen, Betty Jo Hubbard, Karla Groeb, and Mrs. Wilkes Sepes, aunt of the bride, assisted in the serving of punch and cake. Mr. and Mrs. Ernest Groeb of Springville, aunt and uncle of the bride, were host and hostess.

Bride is a 1974 graduate of Onsted High School and is employed by Bill Vreeland American Motor and Dodge Sales in Adrian. Groom is a 1967 graduate of Tecumseh High School, attended Michigan State University and served in the U.S. Army. He is self-employed in farming and also works for Haeussler Contractors.

Rehearsal dinner was given Sept. 6 at W.C.'s in Adrian by the parents of the groom.

After a wedding trip to Las Vegas, the couple will be at home at 6681 M-50, Tipton.

MRS. JOSEPH OHLMAN

Mr. and Mrs. Merrill J. Murphy of 311 S. Pearl St. will be honored guests of their children at an open house, Sunday, Sept. 22 on the occasion of their 50th wedding anniversary. Hazel I. Beevers and Merrill J. Murphy were married Aug. 30, 1924. The Rev. H.J.B. Marsh of Tecumseh Methodist Church officiated at the ceremony at the bride's home with the bride's parents, Mr. and Mrs. Orin Beevers as their attendants. Couple are the parents of six children, sons, Jim, Duaine and Orin all of Tecumseh, Jerry of Clinton and daughters, Mrs. Bob (Karen) Hyder and Mrs. Terry (Cora) Alcock, both of Ridgeway. There are 18 grandchildren and one great grandchild. The Murphys have lived in the Tecumseh area all their lives. Mr. Murphy delivered milk for 27 years and served as sexton of Brookside Cemetery for 17 years. Mrs. Murphy has been equally active as a wife, mother, and Girl Scout leader. The couple will greet friends and relatives from 2 to 5 p.m. at the Oddfellow Temple on Green Hwy., Tecumseh. Friends and relatives are invited to the open house, but the couple request that gifts be omitted.

Apples Are Fair Feature

CLINTON — Members of St. Dominic's Altar Guild, at a meeting Monday night, were told of final plans for their apple festival to be held on the lawn at the Community Center during the Clinton Fall Festival, Sept. 27, 28, and 29.

Mrs. Charles Still, committee chairman, requested candy apples, apples for a dunking barrel, homemade apple pie, and cider, to be brought to the center early Friday, Sept. 27, or to her home at 11585 Tecumseh Rd.

Also all handcrafted items are to be brought to this event, since no other bazaar is planned. A handmade gold hairpin lace afghan will be given away by the group. Provided by Mrs. Edward Blom, the afghan is on display at the Fitzpatrick Realty window.

Mrs. Richard Sharpe, vice-president, presided at the meeting which was attended by 20 members. The president, Mrs. Richard Koster, was attending an organizational meeting for catechism classes, and conveyed to members a need for more teachers for catechism. Those wishing to assist her may call Mrs. Koster.

A note of appreciation and several photos were sent to the group by the Rev. Fr. Coffey, a priest in Mexico which the group has adopted.

Mrs. George Bowman won the lucky lady prize.

Refreshment committee was Mrs. Alfred Cowhy and Mrs. Richard Richter.

MRS. RANDALL HARRISON

Vows Exchanged at Evening Wedding

BRITTON—Cynthia Ann Schober and Randall J. Harrison were married Saturday Sept. 7 at 6 p.m. before the Rev. Robert Porter at the Grace United Methodist Church, Britton.

Parents of the couple are Mr. and Mrs. Fred Schober of Britton and Mr. and Mrs. William Harrison of Rossford, Ohio.

The bride chose a gown of peau de soie with a natural waistline and Victorian collar. The front yoke and waistline featured a ruffle trim of Cluny lace and featured seed pearls. The back of the gown fell into a full cathedral train with lace appliques. The bottom ruffle of the gown and the sleeves were also trimmed with Cluny lace.

Sheila Nevman of Rockwood was maid of honor with Karen and Sharon Hermes both of Fraser, Teresa Rowe Bates of Britton and Joyce Harrison of Rockford, Ohio, groom's sister attending the couple.

Larry Henry, was best man and Randy and Robin King, all of Perrysburg, and Dan and Doug Pastorek of Rossford, Ohio were ushers.

Four hundred guests were received a the United Products Workers Union Hall.

Rehearsal dinner was hosted by the groom's parents at Grace United Methodist Church in Britton.

Council Probes Park Interest

CLINTON — Councilman Richard Peterson, representing the park committee, attended the meeting of the Clinton Township Board, Monday night, to ascertain if there is board interest in any future park plans for the village.

At the meeting conducted by Supervisor Harry Comstock, board members were advised that the results of the recent Hulett drain hearing were that the township's share of the cost will be reduced from 12 percent to 10.5 percent.

Auditors report was discussed and accepted.

Members voted to send the building inspector to the Michigan Construction Code Workshop at Central Michigan University, Mt. Pleasant. Fees and mileage will be paid.

Building inspector, Charles Wilson, reported building permits totalling $28,700, which were approved.

Ecuadoran Student Delighted by Friendship

Maria Luisa Flores, 16, has brought a touch of South America to the Ted Todd home at 9200 Murphy Hwy. for the past four weeks. She is one of 44 schoolgirls who flew into Miami, Fla. July 29 to begin a summer vacation tour of the United States. Others in the group have been staying several weeks with families in the metropolitan Detroit area.

Maria is the daughter of Mr. and Mrs. Guillermo Flores of Quito, Ecuador and has three sisters. Her father is professor of chemistry and biology at the University of Ecuador and her mother is a homemaker.

The travel program was sponsored by Maria's school, Cardinal Spellman Girls' High School in Quito, the capital of Ecuador. An American priest recruited families in various states to host the girls. While in Michigan the students have spent several weeks with their host families, but the remainder of the trip, which includes Buffalo, N.Y. and the New England states, will allow them only a few days per stay.

This is Maria's first trip to the U.S. but she has traveled with her parents through Chile and Peru. English is a required subject in Ecuadoran schools so she converses easily in English. She plays volleyball in school, collects posters, and enjoys cooking, basketball and keeping a diary.

Maria expressed surprise and delight at the friendliness of the people she has met in Tecumseh. Even in the supermarket, she said, people smile and say hello, evidently an unusual occurence in her home country. She said she loves everything in the United States, including the food.

Celebrate 25th Anniversary

An open house was held Sunday, Sept. 8 in honor of Mr. and Mrs. Leo Perrin, who celebrated their silver anniversary. The couple were married in Garden City on Sept. 10, 1948 at St. Raphaels Church. They have lived in Tecumseh for nine years.

About 75 guests attended the celebration which was given by their children and their families.

Observe 25th

Mr. and Mrs. Paul Burns of 905 River Acres Drive, celebrated their 25th wedding anniversary Sept. 5.

The former Grace Mae Anderson and Paul Burns were married Sept. 5, 1949 in East Lansing. They have 12 children, and two grandchildren.

Mr. Burns is a Tecumseh High School agriculture teacher and Mrs. Burns is a homemaker.

The couple celebrated their anniversary this summer with a month long tour of Europe.

Earns Masters

Miriam B. Puffer, daughter of Mr. and Mrs. Ray C. Puffer Jr., 513 E. Logan St., received a master's degree in Special Education this summer from Michigan State University.

She is a 1968 graduate of Tecumseh High School, received a bachelor's degree from Michigan State in 1972, and is presently employed in the Lansing Public Schools.

Mission Work Told

CLINTON — Members of the United Methodist Women (UMW) were told of the work of the Christian Medical Mission, Adrian, by Sister Loretta Mellon at a meeting, Monday night at the Methodist Education Building.

The mission is a non-profit organization for the purpose of providing medical and spiritual help to the Lenawee poor of all faiths and ethnic origins. It depends entirely on voluntary donations. Dr. Richard Coak of Tecumseh is the administrator and Sister Loretta provides prayers and counseling.

Mrs. Martin Scott presided at the meeting at which plans were completed for the group's participation in the Fall Festival. UMW will serve an ice cream social with apple and cherry pie and cake on Sept. 29, at Memorial Park. A handmade quilt will also be given away.

Announcement was made of the meeting of the Dorcas Circle to be held Sept. 18 at the home of Mrs. Lee Thompson at 1 p.m.

Faith Circle will meet Sept. 16 at 6:30 p.m. at the home of Mrs. Harry Martin, when a potluck supper will be shared.

The group agreed to serve a 1 p.m. luncheon for 100 members of the Lenawee Historical Society on Nov. 21.

Next meeting will be held Oct. 7.

Style Sense by Evel

What sort of hair style is right for you? Perhaps this is the number one question which determines a woman's outlook about her own particular style. And style does depend on the way the hair is worn. Are you the carefree sort or the sophisticated type, do you live casually or attend a good many formal gatherings? Believe it or not, your lifestyle also goes a long way in determining your hair style! For a really "together" look, you must first try to determine the sort of person you are—or wish to be!

A mask for beauty? They are really a necessity if you are interested in cleaning or conditioning your face. There are many different kinds of beauty masks; some clean, some stimulate, some moisturize, and some dry the face. In order to select the beauty mask just right for you, it is necessary for you to get to know your own skin. Choose a mask that will help skin problems, moisturize a dry skin, cleanse and dry an oily skin.

Our phone number is 423-4250, by appointment only.

Service Trooper Is Graduated

Clifton L. Edwards, Onsted, was among the 46 members of the first service trooper class graduated by the Michigan State Police, Sept. 6, in the National Guard armory. Edwards served as orator of the class.

He will be assigned to Jackson post.

Most of the class members have had some college training.

Following satisfactory service, these officers will become eligible for regular trooper training when they reach 21. Their civil service 05 level position has a beginning pay of $8,143 annually. Their duties include various clerical and other non-enforcement type duties at posts, districts or other departmental operations.

Their uniforms are the same as those for regular troopers except for insignia and other emblem material.

Macon Dialog

by Linda Phillips

Are you, like so many others, "putting up" — garden vegetables, that is? Although it is more time consuming than hard work, and well worth the expended effort, I for one, long for the time when the frost falls on the pumpkin and I've a moment to pick up my needlepoint instead of a bushel of tomatoes and trade the Kerr Home Canning Guide for something on the best seller list. Gotta run now — granny's dishpan full of green beans sets on my table beckoning "Snap me! Snap me!"

++

There is a strong possibility that those of us in Macon who enjoyed the square dancing so much during the Sesquicentennial may be able to continue the foot-stomping, hand-clapping fun. Elwood Bush, who so expertly called at our two get-togethers and laughed right along with us, says he'll be pleased to call at a monthly dance. Now, a place for our hoe-downs. Will keep you posted.

++

There will be a meeting of the Belles Monday, Sept. 16, 8 p.m., at the home of Julie and Harold Rhora. The pie social financial report will be available. Immediately following, Macon Historical Society will have its organizational meeting. All interested persons are welcome — you, too, fellas!

++

Welcome back to Mr. and Mrs. Truman Jordan, home after their 33-day trip to Alaska. Lois says the scenery was breathtaking.

Macon Women's Club will resume its activities Thursdays, Sept. 12, 12:30 p.m., when members will meet at the home of Mrs. Harold Ross.

Found out this week from friend Julie Rhora, member of The Little Garden Club, that bittersweet is an endangered species, and it is unlawful to pick the lovely, decorative berries sought by so many each autumn. Ashamedly, the information came too late for this writer, basket on my arm, but it will be the last expedition so that my kids as well as yours won't have to ask, "Mom, what was bittersweet?"

There has been a lot of controversy about putting a brick in your closet tank to conserve water. A better way is to adjust (or bend) your float rod down so that it doesn't fill the tank so full. Make sure that your flush bulb is seating good and that it is not all out of shape. Most flush bulbs are only good for three or four years.

NOISE, NOISE, NOISE

The noise made by birds is distinctively different than the music they make. Different almost to the point of being opposite. True, some of their choral work is loud, but seldom if ever, can even the wildest stretching of the imagination detect anything musical in their noisy hollering.

Bird songs are primarily spring and summer type things. They are sung to attract a mate, identify a territory, aid in the recognition of a mate and strengthen family ties. Who is to say, however, that birds do not also sing for the sheer joy of living or to celebrate a perfect day? I choose to think they do.

But today lets talk about noise. Loud, raucous, earsplitting, grating racket. Just lately the bluejays are prime souces. There was a bumper crop of bluejay kids and they are apparently all acquiring nasty dispositions and bad tempers at once. At least the din outside our windows and along the creek bank gives that impression. Sometimes the screaming is just unbelievable. Loud is far too mild a word to describe a mad bluejay's hollering.

That this racket is sometimes an alarm signal I have little doubt. In fact, it often seems to name the intruder. Our bluejays scream, "Cat, cat, cat!" Too frequently they are right. The neighborhood is once again overrun.

In addition to cats the jays seem to screech at people, squirrels, dogs, other birds or anything which displeases them. Even imaginary intruders. But it is interesting to note how the birds and animals take heed of these warnings. A bluejay hollers and most of them stop and look around. Even those busy at the business of freeloading at the near-my-window feeder will pause. If they see nothing amiss it is back to gobbling food again but, should a possible threat be discovered, they are instantly ready to take proper precautions.

However, a loud and raucous noise is not the only bluejay sound we have heard lately. They have quite talented vocal cords it seems. One morning Mom and I were awakened by a small pitiful and oh, so sad sounding whimper. What could it be, we wondered. When the drapes were opened there, sitting on the near-my-window feeder, was a kid from the last-of-the-summer brood. He was alone and not liking it one little bit. Such a plaintive little sob and so full of despair.

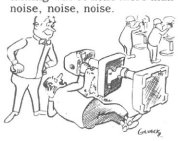
Two more bluejay noises are worth mentioning. One is loud and flute-like clear. Most pleasant. And if one can see a bluejay making this noise, it is ever so funny a sight. He looks as though he were pumping it out — he stretches up then bounces down in what just has to be called a pumping motion. A strenuous effort and truly, the noise doesn't sound as though it should require that much effort. And then there is the rattle. Do you remember the racket produced by a child's wooden twirly noisemaker? A bluejay can mimic it perfectly.

The word rattle brings us to the kingfisher. There is just no other word to describe his voice. As he flies up and down the creek he rattles. A loud coarse sound but exciting to hear. I do not believe there was a family of kingfishers raised on our section of the creek this year. It was far too quiet. But, just lately there has been a most avid 'fisherman' working the five or six deep pools within earshot. Whether the fishing is extra good or maddeningly bad I am not too sure — all I do know is that as he moves from one place to another he rattles long and loud.

Several years ago we visited friends in Ohio and, during the course of our conversation, Lauren talked about a little checking he had done. It seems that government regulations as to noise levels in factories are very specific. Men working in areas where the noise level registers above a set decibel reading must wear ear protectors of some sort.

After checking his factory he brought the meter home to listen to household noises. He also took a reading of the small river which runs through their back yard. At that time it happened to be near flood stage — it flunked the government's safety test. I'll bet that both my bluejays and kingfisher could blow the needle right off that meter.

So it is that with one or two exceptions the birds' lovely singing is over until next spring and from now on their talking will be little more than noise, noise, noise.



"I don't know why I didn't think of this before."

Local Landmark Flourishes After 118 Years

By Libby Lincoln

Over a century of cultural changes have not destroyed the Croswell Opera House, which marks its 118th anniversary this year. The historic landmark has survived the Civil War, witnessed drastic changes in the city of Adrian, and has undergone the transition in our culture from live entertainment through the film era, into the age of television.

The facilities which were luxurious in the nineteenth century are no longer adequate for the twentieth, however. The Croswell Heritage Project Campaign has been organized to raise $250,000 for needed renovation, expansion and beautification of the cultural center.

Croswell Opera House has featured outstanding performers throughout its long existence. Recorded history of the Croswell begins in 1858 with Edwin Booth, prominent actor of the time, opening in "Hamlet." The Civil War interrupted recorded Croswell history but left its vitality undiminished. In 1867 Lotti's Italian Opera, a renowned company, presented two operatic productions.

The theatre has undergone changes of administration but has always endured. First known as the Adrian Union Hall Company and operated by a board of directors, it was renamed the Croswell Opera House after Charles Croswell, an Adrian resident who rose to the governor's chair in 1877 and acquired a controlling financial interest in 1883. Croswell's son, Charles, then took over active management.

The Croswell Opera House originally flourished in Adrian, which was a railroad center, the fence capital of the world, and the manufacturer of the Lion, Lenawee, and Murray automobiles. Attractions such as Tom Thumb, Al Jolson, and John Phillip Sousa's band were booked at the Croswell during this era.

Following World War I live performing halls throughout the county suffered a decline and many, like the Croswell, were turned into movie houses. In 1967 the Croswell's movie lease was cancelled and the theatre might have been destroyed by a wrecker's ball. But in 1968 the Adrian Foundation bought the building and gave it to the Croswell Opera House and Fine Arts Association to be developed into a cultural center. Gaylord Perry, first president of this association, was succeeded by Prosser Watts, Jr.

Since that time the Croswell has experienced a rebirth.

Local casts present an assortment of dramatic offerings and summer musicals have become a highlight on summer calendars. More than 30,000 attended performances at the Croswell in 1973. The Opera House serves as an auditorium for the Adrian, Madison and Sand Creek high school plays, a hall for the Lenawee Pops, the Croswell Players, children's programs, and is an available rental facility for other organizations and money making groups.

Many new programs are being planned for the coming year. The Town Hall series has three shows scheduled with a fourth under consideration. James Myers, director of the Croswell, is especially enthusiastic about the Junior Town Hall series being offered for the first time at the Croswell and made possible by a grant from the Michigan Council of the Arts.

Seven live programs have been planned throughout the year for children in the country's school systems. Children will be charged a minimal fee of 50 cents and will be bussed from their schools to see programs ranging from "Arrows to Adams", based on American history and performed by the Children's Theatre International, to "The Ishangi Family of Nigeria", one family's song and dance enactment and explanation of Nigerian customs, rituals and history.

The Croswell will also present a series of foreign films, made possible by the Michigan Film Center through grants from the Michigan Council of the Arts and the National Endowment for the Arts. Three films have been scheduled thus far and hopefully more will be arranged.

The Croswell Players, an amateur drama group, has two plays scheduled for production this year and may present a third.

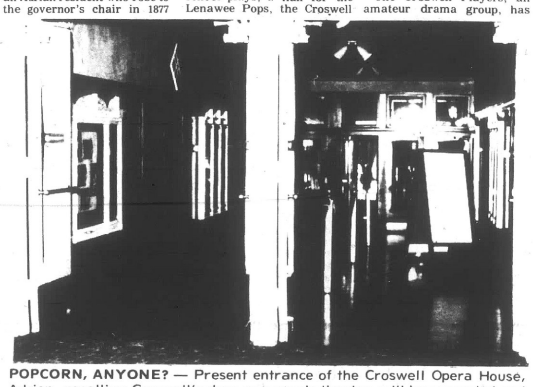
Other groups, such as the Community Concert series, and the Tecumseh Jaycees Follies, have also been presented at the Croswell in the past and are anticipated the coming year.

Structural modifications are now necessary to keep pace with the expansion of Croswell services. The Project Campaign Plan estimates monies for the purchase of two existing buildings will provide temporary work spaces and future expansion; and other monies will be used to install a sprinker system in both basement and attic; revise electrical systems, add needed lights and modernized electrical fire protection system; to convert the present steam heating system to a hot water system; to revise rigging lines and present air conditioning system; add new rigging lines, additional performance lighting and control systems, and construct an addition into the city parking lot for more work space and remodelled dressing rooms.

Included on the Project's priority list and high in public appeal is the provision for new entry and lobby space which would include the demolition of present southeastern buildings and the present outer lobby. This would provide for a glass walled plaza with exterior garden patio, and would include additional needed lobby and toilet facilities. The proposed lobby would provide an ideal indoor-outdoor space for various community functions, such as art shows and holiday displays. Other monies would be allocated for restoring house decoration and repainting, for acoustical control to reduce echoes, and the installation of an hydraulic orchestra pit and revised floor structural system.

The Croswell Opera House has become a national and local landmark as the fourth oldest opera house in continuous use. To date gifts totalling $115,000 have been reported by volunteers working for the Project, chich is co-chaired by Dr. Robert Birmingham and Robert Pichler. Each dollar contributed is to be matched by a challenge grant of up to $150,000 from an anonymous donor, and the total of donations and earned match now stands at $230,000 or 66 percent of the goal.

Local volunteers include Mrs. Carlton Cook and Mrs. Jan Robinson, serving Tecumseh and Clinton, and Mary Ann Berry canvassing in Britton and Ridgeway. Those interested in contributing or learning more about the Project can call one of these persons, or Jim Myers, Croswell director at 265-8560.



POPCORN, ANYONE? — Present entrance of the Croswell Opera House, Adrian, recalling Croswell's days as a movie theatre, will be expanded and redesigned into a glass walled plaza with adjacent garden patio, according to Project Campaign master plan.

CHOCKFUL — Overcrowded storage and work spaces, such as this stuffed-to-the-gills costume room will be alleviated by the creation of extra space through purchase of existing buildings and fireproofing of present basement space, with help of Campaign monies.

Auxiliary Plans Craft Display

CLINTON — A craft auction among 15 members attending the meeting of the Clinton Area Jaycee Auxiliary, raised $40 at Water Wheel Center, Monday night.

Mrs. Hugh McGill presided at the meeting. Two guests, Sandy King and Pat Bertke of Manchester attended. Mrs. Gary Crouse and Mrs. Steve Bowman served as hostesses.

Group has already collected 1,000 Seven-Up bottle caps, for which the company donated $60 to Muscular Dystrophy fund. Company will donate to that fund at the rate of 25 cents for each four bottle caps, and anyone having more caps may call Mrs. Hugh McGill, 456-7507.

Helping Hands homes are still needed. Anyone wishing to have their home listed may call Mrs. Ronald Walker, 456-7381 or Mrs. Bowman, 456-7614.

Auxiliary will sponsor a non-profit Arts and Crafts show at the Fall Festival. Children or adults may display their crafts, more for display than sale. Anyone wishing to display may call Mrs. Bowman or Mrs. Terry Brook, 456-7542.

There will be a display of the alphabet mittens and the learning tree at the Fall Festival, which the members will donate to the kindergarten class.

The group has saved enough paper towel labels to earn two wagons to be given to needy children at Christmas.

Clinton JC Auxiliary will host the District JC Auxiliary meeting, Oct. 1 at the Peerless Gear Union Hall, and an Hawaiian theme is planned.

Members voted to have an open membership. Any woman 18 to 35 may become a member and need not be a wife of a Jaycee member. Prospective new members are invited to attend the next meeting Oct. 14, at 7:30 p.m. in Peerless Gear Union hall.

NOTICE

The Board of Education of Tecumseh Public Schools is currently seeking bids for the sale of the Macon Elementary School, located at 8328 Clinton-Macon Road in the Village of Macon.

Bids are to be received in a sealed envelope, plainly marked on the outside "Macon School Bid", on or before 4:00 p.m., Tuesday, October 15, 1974, at The Board of Education Office, 304 West Chicago Boulevard, Tecumseh, Michigan, to the attention of H. Eugene Cooley, Assistant Superintendent.

This building was constructed in 1958, and is in excellent condition. It consists of two classrooms which are completely self contained, a sizeable library, a large multipurpose room (gymnasium and cafeteria) adjacent to an equipped kitchen. There is also a small dressing room adjacent to the gym, which is equipped with lavatory, toilets and showers. Adequate storage space exists throughout.

The corridors are constructed of terrazzo tile, and equipped with lockers. There is a completely automatic heating system made up of an oil fired hot water boiler, and unit ventilators.

Other features include an attractive foyer, covered porch at the main entrance, a lighted showcase, sidewalks and paved driveways.

Anyone interested in inspecting this building before considering purchase may make arrangements by calling Mr. Cooley at the Board of Education Office, 423-2167. The Board reserves the right to accept or reject any or all bids.

Fall Festival Will Show Unique Crafts

CLINTON—Batiking, the art of wax resistance on cloth, will be just one of the unique crafts demonstrated during Clinton's three-day Fall Festival, Sept. 27, 28 and 29. The Clinton Fall Festival committee promises no one will want to miss a minute of the exciting events.

During those days a host of visiting artists and craftsmen will display their talents and works of artistry on Clinton's streets.

Area artists will offer paintings in oils, pastels, acrylics, and charcoal. A roaming caricaturist will be making charcoal sketches to order.

Horseshoeing will be demonstrated Saturday and Sunday.

Mrs. Donald Thomas will demonstrate old-fashioned hand quilting and display many of her own handmade quilts.

Candlemaking, ceramics and chair caning will also be shown.

For the kids, there will be the firemen's splashy dunking tank, Cinderettes puppet show and Explorer's Walk, old time movies at the theatre and lots of game booths.

Clinton Area Jaycee Auxiliary is sponsoring the Arts and Crafts Show at the Community Center, and there will be a flea market on the main street.

Big event Friday, will be the annual Clinton High School homecoming parade at 2 p.m., football game with Sand Creek at 8 p.m. and homecoming dance afterwards in the Middle School gym.

There will be fish fry Friday night in the United Church of Christ.

Saturday there will be a beef barbecue luncheon, sponsored by the St. John's Episcopal Church, and a whole pig roast, apple and all, sponsored by the Clinton Area Jaycees.

Just a few of the taste treats to be offered each day will be found at the Apple Festival, sponsored by the St. Dominic's Altar Guild at the Community Center and Calico Kitchen, uptown, sponsored by the United Church of Christ.

Sunday afternoon, there will be a chicken barbecue sponsored by the Clinton Rotary Club, and a homemade ice cream social, sponsored by the Clinton Methodist Church.

All that, and a big parade, too, at 3 p.m. Sunday, with lots of antique cars, floats, and bands. Anyone wishing to enter a unit in the parade may call Waldo Ehnis or Joseph O'Donnell.

Climax of the festival will be the drawing, after the parade, when the 1974 "Spirit of America" Vega will be given away. Proceeds will be shared by the four churches in the village.

Watch for the Fall Festival Supplement in The Herald just in time to give readers all the events, times and places for the big doings in Clinton.

SMITHY AT WORK — John Kosirnik owner-operator of the Hay Creek Blacksmith Shop on US-12 is a self taught smith. He summed up his life as a smith this way. "I work my own hours, I am my own boss and only have to work a few steps from my own house. I love my work." John will be at Clinton's Fall Festival Sept. 27, 28, 29. (Photo by Cortland Hunt)

Smithy Masters Dying Art

By Frank Weir

Hay Creek Blacksmith Shop.

Just the name conjures up visions of a rural America long past. One can see a small village with dusty streets, hitching posts and a local saloon selling 5-cent beer. And the town blacksmith was as important to parched-throated cowboys as the innkeeper.

But—Hollywood notwithstanding—the blacksmith did more than just shoe horses. He was an indispensable part of the community and everyone depended upon him for something.

A Clinton, Michigan resident likes to point out, "Before the Industrial Revolution, blacksmiths made everything in town. And in England, the master smith sat on the court of the King, right up there with the Archbishops."

The speaker is John Kosirnik and, in an age of jet planes and nuclear submarines, he's a blacksmith—master of a dying art.

The 27 year old Wayne State University student—majoring in applied metal design—deals only with decorative, creative and restorative metal work. He moved to Clinton two years ago from Detroit buying a few acres of land on US-12 containing a barn and a house.

He transformed the barn, originally filled with manure, into the Hay Creek Blacksmith Shop. "One of the largest of it's kind in the midwest." Kosirnik got the name from one of the first forges in the United States located in Pennsylvania.

And his appearance takes after his forebears as well. He's a stocky, 27 year-old with broad shoulders and thick arms. Those biceps come in handy when swinging a 16 or 30 pound hammer.

With those hammers and other tools of the trade, Kosirnik fashions chandeliers, processional crowns for churches, candle stands and "door knockers." He sells to architects, designers and "people who want something they can't buy in a store." And with $400 in your pocket you can have a hand-made "really ornate" bed.

Although "self-taught from books," Kosirnik can lecture on his chosen field with the air of a college professor. In fact, he worked at Greenfield Village giving demonstrations. And he's done the same at Wayne State.

He explains that the whole process of blacksmithing is based on the reaction of molecules to heat. "When you heat two pieces of metal almost white hot, they are roughly at the same temperature. As you hammer them together (forge welding) the molecules interlock."

Borax detergent—of all things—must be applied to the metal soon after welding. This process creates a glass-like coating which prevents oxidation of the metal.

The Clinton blacksmith has two forges at his disposal for heating the metal, both using stoker coal because of its purity. He explains that his shop is really a "forge." Blacksmiths did general repair, a forge actually manufactures iron work.

Although Kosirnik isn't making a fortune, he lives what harried city-dwellers would call an idyllic existence. He averages one or two orders a week, sometimes for only $5. But it all averages out to an acceptable standard of living. And of course he's his own boss.

He works as hard and as long as he chooses, naturally enjoying every minute of it. If a morning's work is lost by talking to a friend or customer, he answers to no one. "I'm as busy as I want to be."

But if you would like something created in iron, don't think you can simply walk up to the shop and have John make it for you while you wait. He operates by appointment only. "I don't even talk to anyone unless they call first. I have an answering service and I return the call. It gives the customer an idea of what I have to offer and how I work."

He speaks lovingly of his trade and likes to boast that it's the only one that uses all four of the basic elements, wind to fan the flames of the forge, fire to heat the metal, water to temper and cool the iron and the earth, which supplies coal and iron.

But—all that to the side—Kosirnik is not at all optimistic about the future of his work. And he should know. He can discuss the past, present and future of blacksmithing with as much ease as he can shape a piece of white hot metal.

"Back in history, a country couldn't function without a blacksmith. They couldn't go to war without one. But now, I believe we will just about see the blacksmith die in our lifetime." With modern industry cranking out metal work so many to the hour, John admits it's "hard to pay one guy $10 an hour for a craft that takes so long."

And perhaps the most tragic consequence is the death of the craft in the memory of mankind. "When I was younger, I thought blacksmiths only made horseshoes. Now when I give demonstrations and ask children what a blacksmith does, they don't know. Our whole mechanized society started with the blacksmith. He ran an all-purpose factory. We are already forgetting the origins of that society in less than 200 years."

At least during John Kosirnik's lifetime, the art of blacksmithing certainly won't die.

He will demonstrate his craft at Clinton's Fall Festival, Sept. 27, 28, and 29.

Rummage Sale At Fall Festival

CLINTON — Clinton Chapter Order of Eastern Star made plans to hold a rummage sale during the Clinton Fall Festival, Sept. 26, 27 and 28 at the home of Mrs. Mary Hull. All members are asked to bring items.

Altar was draped in memory of A. Newcombe Hocking, past grand patron. Charter was draped in memory of Byrdelia Hull. A memorial service was held for four members who died during the past year.

Initiation practice will be held Tuesday, Sept. 24 at 7:30 p.m. at the chapter room.

Initiation will be Sept. 26 at 8 p.m., and members are asked to wear white formals.

Annual meeting will be Oct. 3 with election of officers, preceded by a 6:30 p.m. potluck supper.

Clean-up Burned Plant

CLINTON — Village Council accepted the bid of Ret Construction Co., Tecumseh, at $4,000 to clean up the burned out Clinton Engines Co. plant, now owned by the Village, at the regular Monday.

In response to a request by the Chamber of Commerce, council agreed to provide additional police protection during the Clinton Fall Festival, Sept. 27, 28 and 29. Approval was also granted for two parades, one on Sept. 27 and one on Sept. 29, when Michigan Ave. will be used.

Approval was granted for the Clinton Jaycees to sponsor a beer tent on Saturday, Sept. 28, and police approval was also received for that.

Cost of $850 was approved to be paid Selders Excavating for the demolition of the Weaver building on Tecumseh Road.

Placing benches in Memorial Park was discussed, and a plan for same will be presented by the Chamber of Commerce.

Cummins and Barnard, of Ann Arbor, will be engaged to conduct an electrical rate study.

United Fund Debates Aid To Nursery School

CLINTON—Clinton United Fund Board, at a meeting Sept. 4 discussed the matter of financial assistance for a child in nursery school with representatives of the Clinton Nursery School, Mrs. Richard Dixon, Mrs. John Hoelzer and the Rev. Earl Lawrence.

Board decided that such assistance would be given if it is needed by a child.

Dale Sourbeck presided at the meeting attended by board members, Mrs. Nick Karapas, Mrs. Donald Houghton, Mrs. Robert King, Mrs. Tony Caruso, John Frye, Ben Durr and Mrs. Joseph O'Donnell, representing her husband.

Members voted to give a sum of money to the Chamber of Commerce to improve downtown Clinton.

Storage place is still needed for hospital equipment. Anyone who has such a storage area is asked to call a board member.

Village council will be contacted by letter about the United Fund park funds which have been set aside. If there is no sign of the money being needed for park development use within four months, the money will be placed in another fund.

Annual Clinton United Fund Drive will be held Oct. 5-9. Fund board will meet again Sept. 23 to complete plans for the drive.

School Board Adopts Budget

CLINTON — Members of the board of education of Clinton Community Schools adopted a budget for 1974-75 school year of $1,316,350.41, an increase of $124,799.40 over the previous year.

Balance from 1974 is $95,904.22, and expected revenue is $1,274,799.40, and the board expects to have a balance of $50,000 on June 30, 1975.

Board accepted bid of Jack Hartung of $812, for carpeting for the Middle School faculty lounge and office areas.

Approval was voted to enlarge the faculty lounge and add a sink and counter top in the Middle School. Matter of floor covering in cafeteria and main hall was tabled until further bids are received.

Junior high football helmets and pads will be purchased from Maumee Co. at a cost of $520.

Fred McCrate was named to the position of athletic director.

Four Wenger accoustical band shell units will be purchased at a cost of $1680 for the Middle School.

Board voted to change field trip policy, due to the availability of gas. Use of fan buses for field trips will be reinaugerated.

Under the Comprehensive Employment and Training Act of 1973, a federal program, Clinton has requested and has tentative approval for the employment of a painter and maintenance helper, and a clerk typist, with a tentative allocation of $12,900.

Present enrollment was reported as 1,213, 27 less than last year, with the Middle School showing the greater loss.

A special meeting is tentatively scheduled for next Monday, Sept. 16 at 8 p.m., for the purpose of discussing the pre-school program.

MPG? Duster V-8 beat Nova 6 in city driving.

It's true! According to recent U.S. Auto Club tests, our Plymouth Duster, equipped with our standard 318 V-8, got more miles per gallon, in city driving, than 6-cylinder Novas. That might be one of the reasons why America's best-selling compacts come from Plymouth. And right now our 8 great small car buys are even better buys, 'cause it's Clean-Up Time, with great clearance prices. C'mon in. Check out Duster now.

Engagement Announced

Mr. and Mrs. Amos Cook of Kalamazoo announce the engagement of their daughter, Shirley to Stephen J. Dalton, son of Mr. and Mrs. Frank Dalton of Tecumseh.

Mr. Dalton is a 1969 graduate of Tecumseh High School and graduated from Michigan State University in 1973. Miss Cook is also a 1973 graduate of Michigan State University.

An Oct. 12 wedding is planned in Kalamazoo.

Exchange Student Stays With Cooks

LEENA JACKSEN

Tecumseh Area Youth for Understanding exchange students number seven this school year and four of them are visiting from Finland. Leena Jacksen, 17 from Lappi Tl, Finland is the Finnish student abassador to Tecumseh who is living with Dr. and Mrs. Carlton Cook and family.

Miss Jacksen will attend Tecumseh High School as a senior this fall but she has two more years to complete when she returns to her home land. She said that she enjoys gymnastics, a required course in their school system; and that Finnish students have their courses selected for them.

Her father deals with shipbuilder supplies; her mother is a seamstress. Leena said that her mother has taught her the finer points of the art even though she has learned to sew in school. There are two brothers and two sisters, one older, living at home.

Leena remarked that her home country is "beautiful" when she was asked what she enjoys most about it. She has never flown before and in addition to her transatlantic flight, has done some flying with the Cook family.

The Cook family hosted a potluck picnic for exchange students and their adopted families from Tecumseh, Clinton, Britton, Manchester and Onsted Sept. 8. These visiting students from countries including Chile, Germany, the Netherlands, Sweden, Finland and Greece, welcome the opportunity to speak to local clubs about their homes and experiences of the United States. All families can benefit from the exchange, stressed Mrs. Cook, since the program emphasizes family living rather than travel.

Eggleston Key Player at Wayne

A year ago, former Wayne State University Head Football Coach Dave Hoover appreciated Mike Eggleston for his versatility and called him a key player for that reason, even though he wasn't a starter.

In 1974, holdover assistant coach Dave Fiscella looks to the former Tecumseh High linebacker-tight end as a key player and that seems to be because new Head Coach Dick Lowry has returned Eggleston to tight end where he looks like the man to beat for the position, even though he's the smallest player at the position.

The All-County and All-League member of the Class B State Champions has added 15 pounds to his 5-11 frame, coming in at 195 this year. A year ago, he was a part-time offensive guard, a part-time defensive end and linebacker, considered for play at tight end or fullback and used on the specialty teams.

Eggleston lettered as the Tartars won three final four games to finish at 5-5-0. Probably no Tartar player worked harder in the off-season than the 19-year-old Education major did to add weight and strength. And, it's that added strength and the sticky fingers that will likely win him a starting berth in WSU's restyled Slot-I Offense for the Sept. 14 opener at rugged Butler University in Indianapolis against the defending Indiana Collegiate Conference Champions.

In WSU's spring drills, Eggleston was a punishing blocker and he has lost little zest for the contact and the new challenge of facing an even stiffer 10-game schedule this fall for the Tartars.

WSU opened drills Aug. 26. and has an intermediate sizing-up day at home Sept. 7 in a game-condition scrimmage against Saginaw Valley State at 1 p.m. in WSU Stadium that is open to the public.

Alcohol "good for the heart"?

That alcohol is "good for the heart" is a fairly common assumption today, but may not be valid, said the Michigan Heart Association.

"Sure I drink a little," you say, "A Martini after work, a glass of wine with dinner, a fair number of business lunches. But so what—it's good for the heart, right?"

Wrong. Maybe dead wrong, said Michigan Heart.

Alcoholic heart disease is not uncommon. Precisely because the consumption of alcohol for social and "medicinal" reasons is extremely common in our society, there is considerable interest in the medical field concerning the acute and chronic effects of alcohol on the heart.

Overall effects have been the subject of Michigan Heart Association supported research being conducted by Vishwanath M. Sardesai, Ph. D., associate professor of biochemistry at Wayne State University school of medicine.

For years investigators have been aware of different kinds of heart failure associated with alcoholism. However, it was believed that chronic alcoholics with heart disease had nutritional heart disease—because of the poor diet usually associated with alcoholism. Effect of the alcohol itself on the heart was ignored.

Factually, most patients in developed countries who consume large quantities of alcohol, are well nourished. Nutritional deficiencies have important roles in only a minority of cases. Damage to the muscle wall of the heart can be produced as a direct result of alcohol.

Finding the exact chemical mechanism of this damage is the subject of Dr. Sardesai's ongoing study. His findings thus far will be presented at Michigan Heart's Fourth Annual Cardiovascular Research Forum for physicians to be held Sept. 20 at Harper Webber Hospital in Detroit.

Dr. Sardesai is trying to determine the effect of alcohol on use of glucose for energy by the heart; accumulation of fat in the heart; and heart size.

Considering the fact that cardiovascular disease will kill some 42,000 people in Michigan alone this year, a well-informed person today realizes he must pay attention to risk factors such as lack of exercise, high cholesterol, high blood pressure and overweight. Michigan Heart with its research dollars, tries to determine all the risk factors and what they may do with that knowledge to reduce risk of heart attack and stroke.

Town and Country Garden Club Meets

The September meeting of the Town and Country Garden Club featured a program on "Landscape Designs" presented by Mrs. Carlton Cook. Other programs to be presented during the year include "Dried Arrangement Workshop," by Mrs. Gary Fox; "Houseplant How-To," Jack Pfeiffle; "Growing Fruits and Vegetables," Doug Shuherk; and "Roses." Mrs. Melvin Beebe.

A new feature of each month's meeting this year will be a flower arrangement done by one of the members.

September's arrangement created by Mrs. Gary Lovett interpreted the theme "Fall's Festival of Colors." Members participated in a spring bulb exchange and Mrs. Roger DeMeritt was welcomed as a new member.

Hostess for the evening was Mrs. Theodore Ellinger with Mrs. David Schrader serving as co-hostess. The next meeting will be Oct. 2 at the home of Mrs. William Croft, at which meeting Jack Wikle will present a program on the art of pruning.

Fall Rally Weekend

Members and friends of First Baptist Church of Tecumseh will conduct a Fall Rally Weekend Sept. 14 and 15. Leading off on the calendar of events is an "All-Church Family Picnic" Saturday at 2:45 p.m. at the Community Center picnic area shelter.

The Young Adults Class with Gary Rader, chairman, is planning fun and games activities for all age groups. At 5:30 p.m. an old fashioned picnic dinner, planned by the Deaconesses of the church with Mrs. Dorothy Vescelious in charge, will begin.

Those attending are requested to bring meat dish plus one other dish (vegetable, salad or dessert) to pass. They should also bring their own table service and beverage.

Following the dinner the Rev. Kenneth Boyd will conduct a time of group singing and fellowship.

The Sunday Church School will officially begin its fall program Sunday, Sept. 15, with classes for all ages. Several innovations in elective classes for Jr. and Sr. High and adult students are being planned. Dave Cook and Tim Prettyman will conduct a class on the Fellowship of Christian Athletes, and Mrs. Richard Carter, assisted by Mrs. Mina Sisson, will lead a class in "How to Communicate Our Christian Faith."

Mrs. Janet Whitney will lead a discussion group for parents of teenagers exploring means of better communication and understanding between the two groups. A worship dance class for all ages will be conducted by Mrs. JoAnn Cooley. This group will learn how to interpret Christian music with body movement in church worship programs for Thanksgiving, Christmas, and other occasions.

The worship service on Sunday morning, Sept. 15, highlight the Rally Weekend as the Rev. Boyd brings a message entitled "Committed to Serve", based on the text from Matthew Chapter 20.

Methodist Women Hold Meeting

BRITTON—The United Methodist women of Grace United Church met Thursday evening in the church fellowship room for their regular meeting. Nineteen members were present. Mrs. Stewart Niblack presented the pledge service program for world missionary work. She opened with the poem, "If I Could Change the World" and gave many definitions of mission and missionary. She explained that we can all be missionaries at home, through entertaining people from all the countries of the world. Slides on International Youth Exchange were shown.

Mrs. Paul Bailey accompanied the group in singing mission hymns. The yearly pledge to Ann Arbor district was increased five percent.

Dates announced during the business meeting conducted by Mrs. Russell Scott, president were: Ann Arbor district meeting in Adrian United Methodist Church, Oct. 17, Detroit Conference meeting in Flint United Methodist Church, Nov. 8.

Mrs. Richard Linn, vice president, announced the bazaar committees for the annual all-day event Nov. 7, with public supper at 5 p.m.

Those on the committee are: Advertising, Mrs. William Bailey, Mrs. Eric Robison; Baked Goods, Mrs. Ellsworth Robison, Mrs. Clay Croll, Mrs. Fred Schober; Holiday Decorations, Mrs. Roger Palmer, Mrs. Paul Bailey, Mrs. Stewart Niblack; Variety, Mrs. Jerry Dicks, Mrs. Louis Wagner and Mrs. Robert Westrick.

Mrs. Raymond Bird asked for old sheets to be brought to the church office to be sent for bandages to Dr. Eschtruth in Africa.

Nominating committee, Mrs. Thomas Judkins, Mrs. Mirl Henry and Mrs. Wilton Gittus will present their report of new officers for 1975 at the October meeting.

Ninety-six sick calls were made during July and August.

A "Cluster Group" breakfast will be served at the church Sept. 28.

Baby sitters from our congregation are needed at the Tecumseh United Methodist Church for Lav Witness Weekend, Oct. 4, 5, 6. Anyone interested in serving at this event contact Mrs. Russell Scott immediately.

Next meeting will be held at the church Oct. 3, 7:30 p.m. with Mrs. Robert Porter program leader and Mrs. Lloyd Wagner, Mrs. Donald Ries and Mrs. Robert Mallock, hostesses.

Supper-Bazaar Planned

BRITTON—Thursday, Sept. 12 is the date for the annual Congregational Christian Church turkey supper and bazaar set by the Women's Fellowship.

Kitchen Committee will be the presidents of each of the four circles, Mrs. Terry Faust, Mrs. Ed Rodgers, Mrs. Gerald Benedict and Mrs. Richard Bruce. Those in charge of the dining room will be Mrs. Bud Lorenz, Mrs. Donald Judd, Mrs. Ronald Frayer, Mrs. Willard Exelby and Mrs. Joseph Hall.

Following booths and their committees are: Novelty, Mrs. LaVern Russell, Mrs. Grover Willis and Mrs. Irene Fornica; Baked Goods, Mrs. Don Willis, Thelma Younglove and Mrs. Carl Auten; Candy and Popcorn booths will be run by the Sunday School, and the teenage girls of the church will be in charge of the Fish Pond.

Nominating committee, consisting of Mrs. Lawrence Ash, Mrs. Charles Benedict and Mrs. Martin Ivan, gave their report on new officers for the next term as follows: President, Mrs. John Keran; Vice-president, Mrs. Martin Ivan; Secretary, Thelma Younglove; and Treasurer, Mrs. Raymond Auten.

A motion carried for the secretary to cast a unanimous ballot for the slate of officers. It was decided to hold a brunch Dec. 4 at 9:30 a.m. to form new circles for the coming year. A Family Potluck dinner is scheduled to be held on this date in the Fellowship Center of the church.

After devotions, Mrs. Eldon Reeck showed slides and narrated on her recent visit to Equador, where she visited her son who is in the Peace Corps.

The Rev. G.O. Hannivek close with a prayer.

Christmas Cards Cut for Missionary

BRITTON—The Ladies Missionary group of Bethel Baptist Church met Thursday evening at the church.

Mrs. Walter Stutesman conducted the business meeting and asked Mrs. Robert Howder to open with prayer.

Mrs. Robert Hunt was appointed to the nominating committee, Mrs. Bernard Bishop is to assist.

Tuesday, Sept. 24 at 9 a.m. was designed cleaning day for the church. Ladies who can help are welcome to come.

Mrs. Hunt, in charge of devotions, introduced Mrs. Howder who gave a few words words of greeting.

Familiar hymns was Mrs. Hunt's devotional subject. She told of the inspiration which prompted the compositions and the group sang the songs accompanied by Mrs. Thomas Bailey at the piano.

Mrs. Bishop headed the work project which consisted of sorting and cutting Christmas cards for Mrs. Howder to take back to Japan when her furlough is ended.

Mrs. Ethel Miller and Mrs. Ida Olds served refreshments to the 18 in attendance.

Election of officers is scheduled for the next meeting, Oct. 3. Mrs. Lyle Hayford and Mrs. Hunt are on the refreshment committee.

Date Set for Fellowship

BRITTON—Sunday, Sept. 15 the Sunday School and Youth Fellowship of the Congregational Christan Church will be in charge of the 7:30 evening worship which will include singing and a gospel film, "The Rapture". Public is invited.

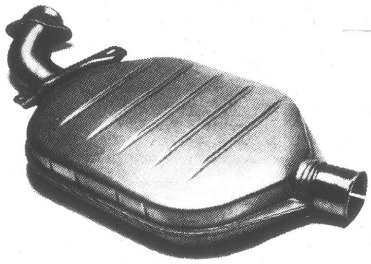
General Motors believes it has an answer to the automotive air pollution problem...

...and the catalytic converter has enabled GM engineers to improve performance and to increase miles per gallon.

Starting with the 1975-models, General Motors will put catalytic converters on its cars. Our testing program, carried out at an accelerated pace over the last several years, shows that the converters work and that they reduce exhaust emissions to such a low level that as older cars not equipped with catalytic converters are gradually replaced, the automobile will cease to be a significant part of the air pollution problem in most areas of the country.



Catalytic Converter

Because the catalytic converter will be a part of the 1975-model GM car you buy, we would like to tell you here as much as we can in non-technical terminology about the catalytic converter and how it works.

What is a catalyst?

A catalyst is a substance, in this case a metal, that speeds up a chemical reaction but remains unchanged itself by the process. For example: some chemical reactions only happen quickly at very high temperatures. A catalyst can make them happen at lower temperatures.

Why do cars need catalytic converters?

Automotive exhaust is composed mainly of nontoxic or harmless gases, those that we find in "pure" air. The parts of the exhaust that are called pollutants occur in very small quantities. They are usually measured in "parts per million."

The two pollutants that are changed by the catalytic converter are hydrocarbons and carbon monoxide. They are changed into harmless carbon dioxide and water vapor.

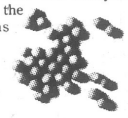
Automotive pollutants already are declining in the atmosphere because of the control systems we've been putting on cars for the past ten years. In most parts of the country, present controls are good enough to remove the automobile from the local air pollution problem. But some areas need more stringent auto emission controls—and that's where the catalytic converter comes in.

Why is GM using platinum and similar metals in its converter?

There are two basic demands made upon a catalyst: it must be efficient and it must be durable. GM scientists have determined that small quantities of platinum and palladium coated on pellets of aluminum oxide meet these requirements.

Nearly a thousand other metals and combinations of metals were tested by GM scientists. Some needed very high temperatures in order to be efficient. Others were quickly rendered inoperable by the heat of the exhaust or some of the components of automotive exhaust. Platinum and palladium best met the specifications.

The next step then had to be to find a way to use these noble metals in the smallest possible quantities. GM scientists helped develop a bead with a very rough surface. Because of the tiny hills and valleys on the surface of this bead *(shown actual size)*, the real surface area of a single bead is over 25 sq. feet. The catalytic material is then spread on the great surface of the bead as sparsely as possible.



To give you an idea of how sparsely the catalyst is deposited on the beads, there are thousands of beads in a converter (actually 150,000 beads per GM converter) and all of them can be treated with less than a tenth of a troy ounce of platinum and palladium.

How will the converter affect gas mileage?

In recent model years, we have had to compromise engine efficiency to "tune" the engine for low emissions. Since the catalytic converter treats the exhaust after it leaves the engine, we have been able to retune the engine for maximum efficiency and let the converter control emissions. Estimates based on preliminary tests indicate that 1975-model GM cars with catalytic converters will be more economical to operate than the current models.

Prototype 1975 cars tested on a simulated city/suburban driving schedule have averaged about 15% more miles per gallon over their 1974 counterparts. In addition, where comparative data are available, the results of the Environmental Protection Agency urban test generally confirm this improvement in gasoline economy.

How will the converter affect performance?

The engine retuning allowed by the converter will also result in a noticeable improvement in the performance qualities of GM cars. The responsiveness to driver demands of our 1975 cars will be excellent.

The converter itself has very little effect on performance. Engine and drive train refinements, designs that are more aerodynamically efficient, even tires will play a role in the continuing improvement of the performance qualities of GM cars. And GM designers and engineers are working on ways to make cars lighter in weight without sacrificing safety features or passenger comfort.

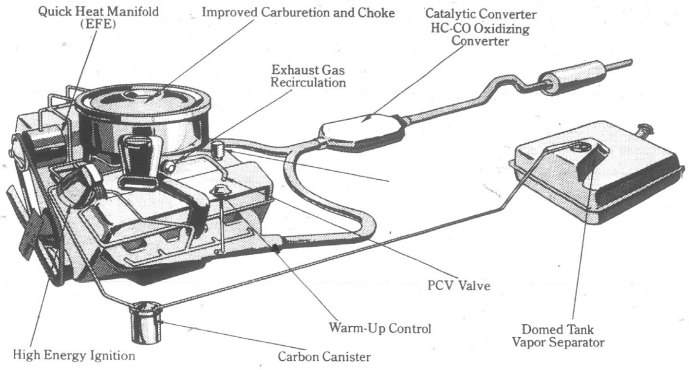
How long will a catalyst last?

If unleaded gasoline is used exclusively and normal engine maintenance is performed at recommended intervals, there is no reason why the catalytic converter should not last the life of the car. Lead in gasoline "poisons" the catalyst and therefore, our 1975-model cars have special fuel tank filler necks that allow only the smaller unleaded fuel pump nozzles to be used. However, in case of emergency, a motorist can use a few gallons of leaded fuel without significant or permanent effect on the converter, and of course, with no effect on engine operation.

In all, over 25 million miles of development testing have been completed, both at the GM Proving Grounds and in field experience. *Under normal circumstances, no maintenance or replacement of the catalytic converter is recommended.*

Will unleaded gas be available everywhere?

Federal law required all large gasoline stations to offer unleaded gas by July 1, 1974. It has been estimated that 60% of all U.S. gas stations will offer unleaded gas by the time cars equipped with catalytic converters are on the road. As the public becomes aware that the use of unleaded gas lowers maintenance costs by greatly increasing the life of spark plugs, engine oil and exhaust system components, the demand for unleaded gas should cause it to become available at most other U.S. gas stations.



1975 Emission-Control System

Will the converter remove 100% of all pollutants from automotive exhaust?

To scientists absolute or 100% effectiveness is strictly theoretical. For example, if you scaled down the earth to the size of a ball bearing, it would be an extremely smooth ball bearing. But one look at the Rocky Mountains or the Himalayas tells us that the earth is not extremely smooth.

The same kinds of questions occur in automotive engineering. There are laws of probability and physical limits to contend with. Machines can't ever be perfect. And the closer we come to perfection, the more expensive the process becomes.

The goal of anti-pollution systems is not perfection. It is to remove so much of the pollutants from automotive exhaust that the effect of the unremoved or unconverted pollutants on the atmosphere will be insignificant. *We believe GM cars equipped with catalytic converters will achieve that goal.*

What are hydrocarbons and carbon monoxide?

Hydrocarbons are the basis of all fossil fuel. An ideal engine would burn all of the hydrocarbons in gasoline. But there are no ideal engines. A very small part of the hydrocarbons in gasoline comes out of the engine unburned. The purpose of the catalytic converter is to oxidize (burn without combustion) these hydrocarbons.

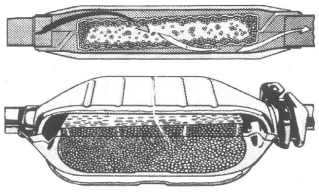
Carbon monoxide is a byproduct of the combustion of all carbon-based materials. Cigarette smoke, for example, has a high carbon monoxide content. As with hydrocarbons, the catalytic converter oxidizes the carbon monoxide in engine exhaust.

What happens to carbon monoxide inside the converter?

Oxygen comes into the converter along with exhaust gases as a result of excess combustion air or from air supplied by an auxiliary air pump. The oxygen sticks to the surface of the catalyst. As the carbon monoxide molecules pass over the catalyst, they also stick to the catalyst's surface and join together with the oxygen, to form carbon dioxide, the gas you exhale when you breathe.

What happens to hydrocarbons inside the converter?

Hydrocarbons are more complicated than carbon monoxide. They are generally made of a chain of carbon atoms, each of which is attached to several hydrogen atoms. As the hydrocarbons pass through the converter, they meet the oxygen on the surface of the catalyst and begin to change. The oxygen pulls the carbon chains apart, forming carbon dioxide from the carbon atoms and good old-fashioned H_2O (water) from the hydrogen atoms.



Catalytic Converter

The process by which certain hydrocarbons change into carbon dioxide and water is so complex that physical chemists still do not completely understand the exact order of the process. They can, however, measure what goes into the converter and what comes out, so they know it happens.

Will the catalytic converter be the ultimate answer to the automotive air pollution problem?

Frankly, we don't think there are any ultimate answers to anything in science. Research at General Motors goes on; no matter how good a solution may be, there may be a better one somewhere down the road.

We're working with turbine engines, diesel engines, stratified charge engines, to name just a few of the projects now going on at the General Motors Technical Center.

There are mass-production problems with some kinds of engines. Vehicles powered by electricity stored in on-board batteries still require improvement. Other kinds of engines are low in one pollutant and high in another.

For the immediate future we believe the catalytic converter is the best answer to the problem of changing the very small amounts of hydrocarbon and carbon monoxide pollutants in automotive exhaust into harmless gases.

It is the practical answer. But the engineers and scientists at General Motors are looking for better answers all the time; that's their job.

GM cares about cars.
GM cares about people, too.

Recipe Roundup

By Libby Lincoln

Have you tasted a particularly delicious dish at someone's home? Or perhaps you know someone who makes a really divine concoction. Recipe Roundup needs your recipes and those of your friends. So far the response has not been too heartening and we need contacts for exciting and tried and true recipes. Help!

Mrs. Duaine Hunt of Shepherd Road has kindly shared her recipe for Pudding Nut Cake. The former Elaine Cote works at Berndt's Jewelry Co. in Adrian in addition to being mother to the Hunts' eight children. Mr. Hunt is employed at Tecumseh Products Co.

Here is the recipe for Mrs. Hunt's yummy cake.

PUDDING NUT CAKE
1 box yellow cake mix
1 small box instant vanilla pudding
1 small box instant butterscotch pudding
4 eggs
½ cup shortening
1 cup water
1 tsp. vanilla extract.
Mix well together.

In a separate bowl mix together 1 cup brown sugar, 1 cup chopped walnuts, and 1 tsp. vanilla.

Pour half of cake mixture into a greased and floured 9x12 oblong cake pan. Top this with layer of nut mixture. Follow with a layer of cake mixture and then another layer of nut mixture.

Bake at 350 degrees for 40 to 50 minutes. Cake may be tested for doneness by pressing with fingertip. Top servings with whipped cream when cool, for a delightfully rich and speedy dessert.

Church of Christ Has J—O—Y Bus

Church of Christ in Tecumseh has two buses, the J-O-Y buses, to transport passengers to their Bible study, worship and evening services. Bus director is Allen Rupert, and all are welcome to ride by calling 423-5284.

One bus carries 73 passengers and the other has the capacity to carry 34. Over 60 children are now signed up to ride the buses, which run on Sunday morning for the 9:30 a.m. Bible study and 10:30 a.m. worship services, Sunday night for the 6:30 p.m. service, and Wednesday night for the 7 p.m. service.

Buses will not operate for the Thursday evening Ladies' class at 7 p.m.

Former Tecumsehite Student Who's Who

Michelle Tate, a 1974 graduate of Somerset High School in Somerset, Ky., formerly of Tecumseh, was recently notified that she is to be featured in the Eighth Annual Edition of Who's Who Among American High School Students, 1973-74, the largest student award publication in the nation.

MICHELLE TATE

She is the daughter of Mr. and Mrs. Burt Tate, originally of Tecumseh and now of Somerset, Ky. She is active as a Sunday School teacher at St. Patrick's Episcopal Church, head of the nursery at Oakwood School for the Mentally Retarded, was the captain of the Somerset girls' basketball team that made the all-tournament team in the Madison Central Invitational Tournament, and is a member of the National Athletic Scholarship Society of Secondary Schools.

Michelle plans to attend Eastern Michigan University in 1975-76 after completing a year's work with the mentally retarded in Michigan.

St. Elizabeth's Dollars Aid Starving Africans

St. Elizabeth Catholic Church of Tecumseh has sent a check for $8,156 to the Catholic Bishops Relief Fund, in response to a letter from the bishop, to be used in assisting the starving people in drought-stricken northwestern Africa.

Msgr. Vincent Howard reported that this was the largest collection ever received at St. Elizabeth's, with more contributions still trickling in.

PFC David C. Allen has graduated from his AIT Motor Transport School at Fort Leonard Wood, Mo., where he was chosen honor graduate of the class. After a 14 day leave, he will be stationed at Homestead Air Force Base in Miami, Fla. for 16 months and working as a motor transport operator. David is the son of Mrs. Irene Allen, and the late Jack Allen of Taylor Road. His wife Nancy is the former Nancy Hiltonen, daughter of Mr. and Mrs. Eugene Hiltonen of Madison Heights, former Tecumseh residents. Both young people attended Tecumseh High School.

Indians' Golf In Full Swing

The Tecumseh Indians golf team is in full swing after their first week of competition. After playing against Adrian and Onsted last week and Blissfield last Monday, they stand 3-0.

Their first meet was against Adrian on Tuesday of last week. Tecumseh won it 178-181 with Scott Macbeth the medalist (having the least number of strokes). Macbeth is a sophomore and shot a 42 in that meet.

The very next day, the Indians' warclubs were hot again as they defeated Onsted 171-175. Macbeth shared medalist honors with Steve Lynch. Both shot a 42.

Tecumseh Country Club was the scene Monday afternoon as the Indians took on Blissfield. It was a squeaker but Tecumseh came out on top with a score of 169-170. Top scores were posted by Scott Macbeth with a 38 and Paul Lemanski, 41.

The Indian Jayvees also won their meet against Blissfield Monday with a score of 187-216.

Mr. and Mrs. Harold Iffland of 603 Stacy St. announce the forthcoming marriage of their daughter Peggy Sue to Gaylord Long, son of Mr. and Mrs. John Long of 403 Seminole Drive. An Oct. 19 wedding is planned.

FORD PARTS MOVED BY CHEVY — Two DST strikers can only watch as Lieutenant Davis of the Sheriff's Department moves the strikers by a court order. The strikebreakers are driving Chevy Tractors from Ohio and pulling trailers from Tennessee. (Photo by Cortland Hunt)

Ford Motor Co. Moves Parts From DST Inc.

By Frank Weir

CLINTON—Non-union truck drivers hired by the Ford Motor Co. removed 13-14 trailer loads of Ford products from the docks of DST Industries in Clinton Sept. 5. DST packages parts for the car manufacturer.

Teamsters who would normally transport the material, honored the picket line set up by striking employes about five weeks ago. Ford Motor gained a court order the same day allowing them to remove their products from the premises.

According to Lyle Ingraham, chairman of UAW Local 38 at DST, the drivers were professional strike-breakers and the material was packaged by salaried workers in place of striking employes.

In an interesting paradox, Ford Motor leased Chevrolet trucks for the hauling job. They placed a sign reading, Ford Motor Co. (Not For Hire), on the door panels.

Disagreement between DST and Local 38 centers around wages and fringe benefits. Besides the absence of a pension plan and cost-of-living allowances, Ingraham states that wages are considerably lower than those paid by competing companies.

There has been one meeting between the Union and management since the strike started Aug. 1 and according to E. Mitcham, a Union representative from Detroit, there is still quite a gap between Union demands and the wage offer by DST management.

Classes for Low Income

Special consumer education classes for low income families will be offered this fall by the Lenawee County Vo-Tech school at no charge. State financed classes include clothing maintenance, family food preparation and home management, and are open to men and women who qualify on the basis of income. Classes do not require testing, only attendance and are aimed to acquaint low income families with their rights and responsibilities as consumers.

Classes begin Sept. 17, are two hours long, once a week and free babysitting is offered.

In the winter, classes in budgeting, money management, auto repair and car maintenance and decision making, to help distinguish family wants from family needs, will also be offered to help people save money through self maintenance and good budget habits.

For more information, readers may call Larry Forth or visit the Vo-Tech center at 263-2108. A confidential income statement is necessary to qualify.

Representative Dennis Cawthorne of Manistee, minority leader of the Michigan House of Representatives will speak at the monthly meeting of the Republican Executive Committee meeting in Tecumseh High School, Sept. 18, at 7:30 p.m.

Rep. Cawthorne spearheaded a Republican "Agenda for Michigan" which includes reports by various task forces made up from the Republican House caucus.

Report outlines positive programs and goals for the state and such key areas as legislative effectiveness, education, crime, and others.

Public is invited to attend by Harvey Warrick, Lenawee County Republican Chairman.

Love 'N' Company to Perform at Church

God's Love 'N' Company will be at Tecumseh United Methodist Church, Sunday Sept. 15, at the 10 a.m. worship service.

The choir, composed mainly of high school students from Trinity Methodist Church, Lapeer, has sung for many churches and organizations in Michigan and Ohio for the past three years.

Primary purpose of the choir is to share in song and testimony, the living realities of Jesus Christ and what he has done in their lives.

Musical to be presented is entitled "Come Together" written by Jimmy and Carol Owens.

To the Editor

An Opinion on Amnesty

To the Editor:

My Opinion on Amnesty

There will always be some kind of war going on. (I have had) sons in service and sons who have been in service. Some of them came home o.k. and some did not.

They say it was their decision to make, whether good or bad; we had the same decisions to make in our lives and we lived with it and they should be allowed to do the same.

Too many people do not have or take time to show any interest yet they are glad or are relieved that the wars are elsewhere instead of here. We do not know but what (if) someday it may happen here, then what are we going to do, run out of this country to get away from it?

These boys or men have made their decision to leave their country instead of going into the armed services, which is their right, therefore (they) should have to live with it, they made the decision.

I feel the veterans should have the say in this matter for they know what it is all about and have lived with it.

But what about the fellas we have overseas now? There are very few people who have showed any interest in these fellas who get little or no mail at all. They have showed interest for their country and the people in it, yet they have not been thought of, or very little.

I know this for I have their names and addresses; I contacted the newspapers and radio to try to find anyone who might be interested, with very little results, I must say.

I even let it be known if anyone is interested in baking and do not want to go to the expense of sending it, I would send it with mine, especially at the holidays coming up, but no response.

Local Winners at State Fair

Among the notable winners of livestock championships at Michigan State Fair were several local breeders.

A Clydesdale draft horse, Sir Mac, was grand champion stallion, owned by Richard Wegner of Clinton.

In the sheep classes, Homedale Sheep Farm, Britton swept the Dorset show, with champion ram, reserve champion ewe and premier breeder awards.

In Cotswald classes, Max O. Stamats had the champion ram and champion ewe, and Homedale Sheep Farm, showed the reserve champion ewe and was premier Michigan breeder.

William K. Brown, Tecumseh, showed the champion ram in Corriedales, as well as the reserve champion ewe and was premier breeder.

In the Romney class, Louis W. Loesch showed the champion ram, champion ewe and was premier Michigan breeder. Loesch also showed the reserve champion ewe in the Montadale class.

In the swine division, Harold Calhoun of Clinton, showed the Landrace reserve champion boar and received the premier Michigan breeder and get of sire awards.

Coaches Find Scrimmage Encouraging for Indians

Tecumseh's Indians hit the war trail this Friday night in their non-league season opener against Chelsea.

After a scrimmage last week with Coldwater, Fowlerville and Mason, head coach Pat Connors is "encouraged" about his 43-member team.

He goes on to say that "in general everybody looked better than we had expected. The defense started slow but played much better towards the end. And there were few fumbles and turnover mistakes."

In fact, Connors feels that the defense should be one of the team's strengths. The Indians have "six or seven good backs, all kids that we could use."

There will be some changes this fall in the Indian's offense, aiming towards "more ball control." They will be using a Power I or Split T configuration. Defense will remain the same, The Apache 44.

The offensive unit will be led by quarterbacks Dave Spillman and Doug Bunch. Spillman, a 5'10, 155-pound junior has the nod for the starting quarterback spot. But both players "performed well" during the scrimmage, according to Connors. "Their execution was respectable."

An offensive guard named Jim Shough caught the eye of both Connors and his assistant Bob Ondrovick during the scrimmage. The 5'9 155-pound senior isn't one of the 11 returning lettermen, but he looks good nontheless.

Ondrovick states that "he's really hitting people." Connors continues the praise by saying, "He came out of nowhere and it looks like he'll play some football for us."

Other players to watch are, of course, the tri-captains of this year's team, halfback Kent Jacoby, fullback Bob Webb and tackle John Burns.

Overall, Ondrovick was as pleased with the scrimmage as weas Connors.. "They did what they would in a game. They really got out and hit people. The whole defense is working like a unit.

"And I'm satisfied with the offense as a new offense. If we continue to get this kind fo blocking, we could have a rewarding season." Ondrovick was particularly pleased to report that no one was hurt in the scrimmage.

Both coaches are excited about the team's versatility. Connors says, "We have lots of kids with equal abilities, and the junior varsity is a good group, too."

Helping with the coaching this year is Jon Van Wagner, an Eastern Michigan grad, andand Rod Spagnoii, the junior varsity coach..

Starting out on offense Friday night is, Bill Smith (6'-190) at split end, John Kruse (6'-195) at tackle, Bob Chatters (5'10-160) at guard, Jim Halasz (5'11-160) at center, Jim Shough (5'9-155) at guard, John Burns (6'1-175) at tackle and Mike Connors (6'2-200) at split end.

In the offensive backfield behind quarterback Dave Spillman (5'10-155) is Kent Jacoby (6'170) at halfback, Bob Webb (5'10-160) at fullback, and Mike Duhan (6'2-175) also at halfback.

Taking care of the defensive duties is left end Halasz, left tackle Ric Ruttkofsky (6'-220), right tackle Chatters and right end Kruse.

At left outside linebacker is Burns, at left inside linebacker is Webb, at right inside linebacker is Ed Clark (5'10-165), and at right outside linebacker is Connors.

At defensive left halfback is Mike Duhan, safety, Kent Jacoby; and right halfback, Jim Egbert (5'10-160).

Many Victories Will Give The Huron League Championship

1974 Clinton Redskins-Varsity

CLINTON VARSITY — Bottom row (l to r): D. Busch, K. Roberts, S Halchishak, A. Hively, G. Studnicka, T. Marcum, R. King, R. Breeding. Middle row (l to r): L. Belfield, J. Pittman, M. Howe, B. Shelley, D. Schindler, M. Carlton, W. Corwin, K. Davis, D. Elliot, S. Gage. Top row (l to r): D. Pray, D. King, T. Claus, W. Corwin, D. Santure, J. Bean, K. Rhoades, G. Payeur, D. Arnold.

Skins Are thin, but if they stay healthy . . . .

Skins Could Surprise

Clinton Redskin's head coach Lee Belfield knows his team has its work cut out for this season.

Being a member of the deadly LCAA league doesn't exactly contribute to a good night's sleep. Clinton will be faced against powerhouse Hudson for its first league game on Sept. 20 at home.

And that alone is enough to give one a case of pre-winter shivers.

Hudson holds a current 53-game winning streak. Only three other prep schools in the nation's history have a longer string of wins. And, the Tigers have won seven straight LCAA titles. Second-place Addison is no cream-puff either with a 6-1 record last year.

The Redskins posted a 4-5 record during the '73 season. And Belfield thinks the team's biggest weakness is its lack of depth. Although 12 lettermen are returning, the varsity squad lists only 18 members, the junior varsity 22. "We just don't have enough people," Belfield laments.

Although suffering from an absence of warm bodies, Belfield is pleased with the personnel he does have at hand. "We don't have a lot of stand-outs or exceptional athletes that we had last year. This year we are a more balanced team. We have fewer stars, but we also have fewer holes to fill. Last year we had big stars and big holes. I prefer being balanced."

And balance, along with overall quickness and a versatility of talent are the three things Belfield thinks the team has going for it.

In the talent department, the team is led by co-captains (and fraternal twins) Wendell and Warren Corwin. Both are seniors. Wendell, 6', 195 pounds, will be a guard or tackle for the offense and a tackle for the defense. Warren, 5'10", 160 pounds, plays quarterback and safety, when healthy.

But Mark Carlton has the starting quarterback berth for the season opener this Friday at Camden Frontier, in a non-league game. It seems that Warren suffered a knee injury the second day of practice. The injury isn't serious, and he's already practicing with the team again.

But the damaged knee incident points up the fact that injuries could dash any Redskin hopes for a winning season. And Belfield realizes this better than anyone. "If we can just stay healthy . . ."

Coach Belfield was "generally pleased" by a scrimmage held last Friday with Columbia Central. "The coaching staff was impressed with the team's hustle. And so were our opponents, because that's what they told us. The defense has excellent pursuit and quickness."

The offensive unit will be using a double-slot with 2 split ends this season. And, at the scrimmage, Carlton's running ability impressed his coaches. Tim Marcum showed a lot of ability as an offensive guard as well as his usual slot, middle guard.

Starting off the season offensively this Friday is: Dave Santure, Tom Claus, Tim Marcum, Wendel Corwin and Kevin Rhoades-interior line; Al Hively and Daryl King-split ends; Ken Roberts and Gary Payeur-halfbacks; Gordon Studnicka-Fullback; and Mark Carlton-quarterback.

Assisting Belfield with the coaching duties is Dave Pray, Dave Arnold-varsity, Jim Pittman and Stan Gage-junior varsity, and Mike Howe and Dave Elliott-junior high.

In a final pre-season forecast, Belfield comments on the team, "We want to have a winning season, of course. We haven't had one in a while. These are good kids. They have a lot of desire, and they're very coachable. There is no telling what they'll do. They are in excellent condition having paid the price all summer and now they're going to collect one way or the other.

"I think we will surprise some people . . . barring injury."

CLINTON COACHES AND CO-CAPTAINS — The Redskin coaching staff prepare the team's co-captains for a tough season. Kneeling on the left, Head coach Lee Belfield discusses a play with offensive guard Wendell Corwin while assistant coach Dave Pray (far right) talks it over with quarterback Warren Corwin. Looking on are the other members of Clinton's coaching staff. Left to right, assistants Stan Gage, Mike Howe, Jim Pittman, Dave Elliott, and Dave Arnold.

REDSKIN EXPERIENCED PLAYERS — Clintons returning lettermen include, left to right, first row, Tim Marcum, Daryl King, Tom Claus, Dave Santure, Jeff Bean, Kevin Rhoades and Dan Schindler. Standing in back of the front line is left to right, Al Hively, Warren Corwin and Mark Carlton (12). In the back is Gordon Studnicka (20).

Title Contender?

After a dismal showing (0 for 5) last year in the Tri-County league, Britton-Macon head football coach Randy Salisbury is much more hopeful about the 1974 season.

"With a few lucky breaks, I have no doubt that we will be a contender for the championship."

Those optimistic remarks are based on the fact that the Tories have 13 returning lettermen-including award winning co-captains Mike Servoss and Doug Armstrong.

Servoss, 5'6 and 152 pounds, is the "fastest back in the conference because he won the 100 yard dash championship last year." The senior outside linebacker and offensive half back has captured all-county and all-league honorable mention in the past. As a sophomore, Servoss gained 700 yards for the Tories.

And Armstrong is one to watch this season as well. A middle linebacker and offensive guard, Doug was named to the first team all-league as middle linebacker and all-county for offensive guard.

Salisbury is also looking for Craig Wagenschutz to help the team reach the top. The heaviest member of the Tory squad, Wagenschutz weighs in at 228 pounds and stands 6'1. The junior won all-league honorable mention last year. He serves as a tackle for both units.

The Tories will be running a straight T out of a power I offense this year. Salisbury stresses that they will be primarily a "running team" with an offensive backfield described as "one of our real strengths."

Starting quarterback Jeff Brown, 6'1, 150 pounds, won't be passing that much but "he knows when to call the right plays and set up for us. He's a good leader."

Salisbury concedes that the main weakness of his team is its lack of depth. "We only have 18 players on the varsity and 17 on the J.V's. We have to practice the varsity with the junior varsity."

And fully nine players carry out assignments on both the offensive and defensive units. The Tories spell doom i-n-j-u-r-y. The team simply can't tolerate losing any players for the season.

Salisbury and new assistant coach Jim Sweigart (from Fayette, Ohio) have stressed three words to the players. Team unity, pride and quickness.

Salisbury exclaims, "I must have said those words a thousand times. Our changed offensive system must be performed quickly or it won't work. And we are much quicker this year. They also need the confidence in themselves and the confidence that they can win."

All that and more will be put to the test in Britton's non-league season opener against Northwood. The team's first league game will be against Deerfield Sept. 27.

The starting offensive unit consists of: Jeff Brown, quarterback; Doug Shiels, center; Doug Armstrong and Mike Hintz, guards; Dale Tiede and Craig Wagenschutz, tackles; Mike Saxton and Dave Wielfaert, ends; Mike Servoss and Alan Reau, halfbacks, and Larry Hall, fullback.

The Tories defensive line-up goes like this: Craig Wagenschutz and Doug Shiels, tackles; Mike Saxton and Dale Tiede, ends; Larry Hall and Doug Armstrong, middle linebackers; Dave Wielfaert and Mike Servoss, outside linebackers; Dan Exelby and Alan Reau, halfbacks, and Mark Willaert, safety.

In a final word, Salisbury notes, "Our players have the most experience the team has ever had. Thirteen returning lettermen is quite a number for a school our size. All things considered, if we play well and don't suffer any injuries, we could have a real fine season.

"We need a few lucky breaks, though."

TALKING IT OVER — Tory coaches and co-captains smooth out the final strategy before beginning the '74-'75 season. Head coach Randy Salisbury (kneeling on ground) makes suggestions while assistant coach Jim Sweigart (standing left) and Dale Tiede along with Mike Servoss look and listen.

13 LETTERMEN BOOST BRITTON'S CHANCES

RETURNING TORY LETTERMEN — Britton boasts a return of 13 lettermen to the football squad this year. Head coach Randy Salisbury is correct when he says, "That's quite a number for a school this size." Left to right first row, Craig Wagenschutz, Doug Armstrong, Doug Shiels, Jack Geigler, Dale tiede, Craig White; second row, Mike Saxton, Mike Servoss, Jeff Brown, Alan Reau, and Paul Wielfaert. In the back is Larry Hall.

Chairman's Resigning Rejected by 6-1 Vote

In a 6 to 1 vote, city council denied the resignation of Planning Commission chairman, Richard Eggleston.

The vote appeared to be a vote of support for the chairman who served in the community for 17 years and his diligent work as the commission's leader.

Councilman James Palmer cast the dissenting vote with the explaination that the Council should not deny Eggleston the right of his own resignation in view of the Council's "grave error" in delaying action on commissioner Steve Illeck's removal for excessive absences.

Palmer called for enforcement of the city charter which requires four unexcused absences for removal.

Palmer referred to his motion of two weeks ago when Council unanimously decided that action on Illeck's removal for excessive absences be tabled until the Dec. 2 meeting.

Eggleston's letter of resignation, which Council reviewed Monday night, listed delay of the Illeck case and actions on the Green Meadows project as Eggleston's primary reason for resignation.

Palmer moved to rescind his earlier motion and have Illeck removed, according to the city charter. Motion failed for lack of support.

Mayor Easton told Council that about a year and a half ago he requested the attendance record of commission members and found four members in violation of the city charter's absentee provision.

The mayor said that he raised the question with L.D. (Buz) Betzoldt, then chairman. Mayor pointed out that if Council were to drop Illeck, they would be "opening up a can of worms" and have to reconsider the attendance records of other members, too.

Council agreed to have a letter drafted reflecting its appreciation for Eggleston's work as chairman, in the hope that Eggleston would reconsider resignation.

Community Ed Plan Adopted by Board

School Board adopted a Community Education Graduation Policy Monday evening after discussion and an amendment.

The Community Education program which began this year at Tecumseh High School to enable adults to complete their high school equivalency and to receive a diploma, presently has 42 adults enrolled in the evening classes, with several taking more than one course.

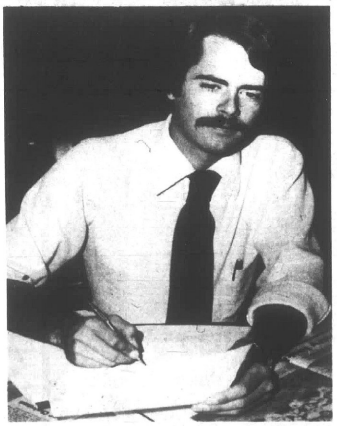
The average age of participating adults in this first semester ot the program is 28 years. Courses are offered four nights a week in subjects such as English, social studies, typing, and drivers education.

Requirements for the program as adopted are: completion of a minimum of 16 academic credits, with credit granted for previous courses taken at any North Central high school or any other school at the discretion of the head of the Board of Education; credit for specialized education programs in military service or correspondance courses under the guidance of Tecumseh High School upon review by the high school principal; up to 5 credits will be granted for successfully completing the G.E.D. (General Education Development tests) providing that the student be at least 18 years old and out of fulltime school for at least two years at the time the test is administered.

A student in the evening program must complete the requirements required for graduation at the time his original high school class graduated, with the requirement that a minimum of two courses be taken at Tecumseh High School.

No full time Tecumseh High School student may enroll in the night program except in the case of a senior who needs only one course in order to graduate with his class (for example, in the case of a senior who fails one course) or by approval of the high school principal.

A final provision allows for the waiver of required ninth grade courses up to five credits, upon successful completion of the G.E.D.



JOINS STAFF — Frank Weir, a 1972 graduate of Southern Methodist University with a major in journalism, has joined The Herald's editorial staff. City Orders 20,000 Bags

Council approved the bid of Jackson Paper Co. Monday evening for 20,000 plastic leaf bags 23x17x48 at 11.68 cents each.

Although the Jackson Paper Co. bid is for a smaller size bag than the other companies which bid on bags 20x21x56, its bid was likewise smaller.

Council also adopted a bid from Morton Buildings of Adrian for a storage building 36x126 or a total of 4,536 sq. ft. at a cost of $2.58 sq. ft. or a total low bid of $11,708.

Council rejected the bids of Wickes for a building of 4,560 sq. ft. at a total cost of $11,988; Ivan Hunt for a building of 4,800 sq. ft. or total bid of $13,418; and Unibilt, Inc. for two bids on building 4,320 sq. ft., at the difference of a penny per square foot, or $14,841 and $14,900.

Storage building will be located at the city garage on S. Wyandotte and provide storage for the street, utilities and recreation departments.

Sheriff Talks

Dick Germond, county sheriff, explained the organization and values of the Sheriff's Posse, now called Mounted Division, to the Rotary Club Tuesday night. Bill Feight was program chairman.

Last week, Bob Frye discussed research, development and licensing of pharmaceutical drugs for sale to the public.

Girls' Games Remain Free

School Board voted unanimously to reject the administration's recommendation to charge admission for high school girls' basketball and volleyball games.

A charge of 50 cents had been recommended to defray the costs of officials and other expenses.

The Board funded the two teams last year and spent $1,861.68 in support of girls' athletics.

Board members indicated that they thought the money was well spent and rejected the administration stance.

Resolution OKs Program

Monday night, Council adopted a resolution allowing citizens, in the area designated by the Department of Housing and Urban Development as having special flood hazards, an opportunity to enroll in the National Flood Insurance Program.

Three areas are north and west of M-50 bridge, 100 ft. from the water's edge of the river and creek; east of Globe Pond in the special wooded area of the river bottom; and south of M-50 bridge, 150 ft. from the water's edge.

CF DRIVE SATURDAY — Over 100 volunteers from service clubs will canvass Tecumseh Saturday in hopes of making a $1,000 goal for the Cystic Fibrosis campaign. The drive, headed here by Mary Moulton and Chris Fliss of the Jaycee Auxiliary, must raise nearly $700 if the goal is to be reached.

CF Campaign Goal —$1,000

A dance Sunday night at the American Legion raised $280 for Tecumseh's Cystic Fibrosis drive which will be highlighted here Saturday, 10 a.m. to 4 p.m., with canvassing of Tecumseh and area.

The "Ron Jordan and the Universals" band brought in the $280, and coupled with $50 raised from canisters in Tecumseh stores, the drive is just $700 from reaching a $1,000 goal.

The drive here to raise monies for combating children's lung diseases is headed by the Jaycee Auxiliary. Chris Fliss is general chairman, assisted by Mary Moulton.

Vicki Bush was chairman for the dance and Laurie Foust, hostess and in charge of refreshments.

Pat Hoover is group leader for over 100 volunteer ladies and teenagers who will solicit monies Saturday. Kathy Demeritt has been in charge of the canisters.

Discuss Issue Next Tuesday

Tecumseh and area residents will have an opportunity next Tuesday night to learn about the proposed county manager form of government being proposed for Lenawee County.

Heading the discussion, which will take place at Vo-Tech at 8 p.m., will be Darrell Pollard, dean at Adrian College, and James Haddan, County Commissioner.

Pollard and Lynn Cook are co-chairman in charge of providing information to the public about the new form of county government.

Council Seeking More Information on CBD Program

Council postponed until the next meeting, action on the Planning Commission's request to accept the recommendations of the Central Business District Committee (CBD) and further recommendation for funds be appropriated for the preparations of drawings suitable for presentation at a public hearing.

Council will first hear from Cal Zorn, city manager, who agreed to report on the cost advantages of having drawings done by other architects.

Council wanted to make it clear that its action was not a delay on the request of commission but actually a request for more information.

Council learned from Zorn that funds for drawings for a public hearing must be more specific for creation of a special assessment district (SAD) and that the cost would run as much as 10 percent of construction costs or about $11,600.

SAD budget was set at $116,000 by the CBD committee. It was thought by CBD Committee and Planning Commission that drawings necessary for a public hearing would only cost $1,500.

Zorn emphasized a drawing must be specific enough for bids on construction and landscaping materials, which were crucial decisions that would eventually have to be made and should be made with care, since beautification project is for all to see. He said that costs could be recovered through the project's 20 percent contingency, if SAD is approved.

Adding to discussion police chief Ray Walton suggested to Council that creation of a SAD for development was important to the entire community and not just the CBD merchants.

Complaints to Police

Complaints recorded at Tecumseh police station during the past week include rocks through windows, robbery and attacks from dog.

Stores sustaining broken windows were Arrow Parts Co. (formerly Auto Parts), Clothes Line Laundromat and Gambles.

John Van Valkenburg, 115 S. Maumee, told police that he was delivering a pizza when four unknown males attacked him, taking the pizza and a coin changer holding $10 in change.

A German shepherd dog was destroyed by police after receiving a call from Carsen Murphy, 706 E. Pottawatamie, tawatamie.

The dog had attacked another dog and two weeks ago attacked a man. It also reportedly had attempted to attack other people.

Package Plan?

Assisstant Superintendent, Eugene Cooley, addressed the Board Monday night in reference to the possibility of consolidating the school insurance program into a package insurance plan.

He indicated that initial inquiry indicated substantial savings could be had by such consolidation.

Condition Is Stable

Eric Barry DeJonghe, 15, was reported in stable condition, Monday, at University Hospital, where he was admitted Saturday afternoon after suffering head injuries and a broken leg when the bicycle he was riding was struck by an automobile driven by Lavern W. Sayler, 52, of Holloway Road, Britton.

The boy was first admitted to Saline Hospital, then transferred to University Hospital, where he has undergone brain surgery.

Saylor told Clinton State Police he was southbound on Ridge Hwy. and Eric, eastbound on Clinton-Macon Rd., failed to stop for the stop sign at the intersection and rode in front of the Saylor vehicle. The driver was unable to stop in time. Witnesses confirmed the driver's statement.

Eric's parents are Mr. and Mrs. Larry DeJonghe, 8378 E. Monroe Rd., Ridgeway.

NEW OWNERS — Frank and Barbara Myers are the new owners of Arrow Parts Co., formerly Auto Parts Co., at N. Evans and Logan Sts. The couple has two children and have rented an apartment on Russell Rd. Myers, 27, has past experience in the business and is originally from Perrysburg. Mike Raymond, next to Mrs. Myers, will continue with the new owners.

Emily Coaching at Jackson CC

Emily Manwaring, 25, former Tecumseh athlete and 1966 graduate has accepted a position at Jackson Community College as assistant director of Admissions and women's Volleyball and basketball coach. She becomes the fourth woman among 28 administrators at the College and will help recruit women athletes as well as aid pre-admission counseling. Jackson Community College is one of the only two colleges in Michigan who are offering athletic scholarships for women.

EMILY MANWARING

Ms. Manwaring resigned her position at Portland School after four successful years of teaching and coaching there. Her basketball teams were well known in the Lansing area as they won their league championship three times. Last year's team went to the State Semifinals in Class C. Portland's track team also won the league championship three times and defeated many larger Class A schools.

Ms. Manwaring is the daughter of Mr. and Mrs. Vern Manwaring.

Schools Receive 4 Busses

Eugene Cooley, assistant superintendent, reported to the School Board Monday night that four of five school buses on order have been received.

Bid specifications for next year's bus order are being typed and will soon be distributed, with action expected to be taken at the October meeting.

Cooley also reported that a 1530 John Deere diesel unit has been purchased and should be delivered this week.

The Board unanimously carried the acceptance of the 1973-74 Audit Report. One board member suggested the appointment of an audit committee in the future to act as a double check within the board's overall check and balance procedure. No action was taken on this proposal.

Obituaries

CHRISTINE R. STEEL

Services were held Tuesday in Dundee for Christine R. Steel, three year old daughter of Mrs. Royal (Mary) Andrews of 6133 W. Monroe Road who was fatally injured Sunday.

The child was pinned between the house and a car operated by her brother, Anthony Steel, 14, who started to drive away when the auto lurched back accidentally.

The mishap was reported to sheriff's deputies at 10:45 a.m.

Besides her mother and brother, the little girl is survived by her stepfather; another brother, Rodney and three sisters, Debra Sue Reier, Carrie Reier and Katherine Andrews.

A grandmother, Mrs. John Hill, also survives.

Mrs. Smith Hosts Club

The Tecumseh Music Club met Sept. 10 at the home of Mrs. Harold Smith. Mrs. Norman Bless asked members to tell of their summer musical experiences. Mrs. Richard Bronman introduced a group from Clinton High School who played several numbers.

Mrs. Louis Catarina led the group in singing "Saviour Again to Thy Dear Name," the hymn of the month. She then gave a short history on the life of the composer, John Ellerton.

Mrs. Walter Prill reported on the life of Leonard Bernstein, musician of the month. She also introduced her son, Kenneth, and Kathy Davis, who played a trombone-piano duet.

Two new members were welcomed, Sally Scheer and Carol Thompson of Clinton. Next meeting will be Oct. 8 at 6:30 p.m. in the home of Elizabeth Wilson. Each member will bring a popular, foreign dish for the annual International Potluck Dinner.

Taxes on Increase

While Michigan's road revenues from gasoline taxes continue to decline, the state's general fund is being enriched through sales taxes on higher-priced motor fuel, the County Road Association of Michigan reported recently.

State gasoline taxes in July declined 6.7 percent below the same month in 1973 according to official figures, Earl F. Rogers, Engineer-Director of the Association, noted.

July gasoline use by motorists dropped from 375.2 million gallons in 1973 to 349.9 million gallons this year.

Despite the drop in gallonage use, sales tax income to the State from gasoline has increased 28.3 percent, reflecting higher prices which determine the sales tax charged, Rogers said. The $3.5 million increase in sales tax income was for the first four months of 1974, the latest figures available, while gas use in the same period dropped 105 million gallons.

The continuing decline in returns from the fixed nine cents per gallon highway user tax has Michigan road officials worried because this revenue drop in road funds is coming amid a period of sharply higher construction and maintenance costs due to inflation.

Sales taxes on motor fuels, which is collected on top of the highway user tax, all go into the State's general fund.

Thus, higher pump prices for gasoline are a bonanza to the state while road revenues are dropping. Rogers commented.

On the arm of her father the bride approached the altar wearing an ivory peau de soie gown with long sleeves. The bodice was trimmed with Alencon lace and the long flowing skirt, which extended into a sweeping train, was edged with scalloped lace appliques. She wore a cathedral veil of silk illusion attached to a Juliet headpiece trimmed with Alencon lace and edged with a scallop of seed pearls, and a cameo necklace, a gift of the groom's mother. She carried a straw basket filled with baby's breath, white flowers, white wood chips, and orange straw flowers tied with orange streamers.

Mrs. Janice Hogenson of Grand Rapids was matron of honor. She wore an apricot crepe dress with cowl neckline and long sleeved bolero jacket, a straw colored picture hat trimmed in velvet and flowers to match the gown and carried a nosegay of straw flowers in autumn colors trimmed with lace and velvet streamers.

Bridesmaids were Kitty McWilliams of Traverse City, sister of the groom, Mrs. Cheri Hinkelman of Manitou Beach, and Mrs. Rosanne Schlegel of Adrian. They wore orange crepe dresses and headresses styled like that of the matron of honor and carried nosegays of straw flowers. Bridesmaids wore cameo necklaces given by the bride to match the necklace given to the bride by the groom's mother.

Best man was Mark Hinkelman of Manitou Beach. Ushers were Ronald K. Beck of Blissfield, cousin of the groom, Lynn Bradish of Ypsilanti and Michael Henson of Adrian.

A reception followed the ceremony at Tecumseh Products Union Hall for 400 guests.

Bride is a graduate of Tecumseh High School and is employed by the Tecumseh Products Credit Union. Groom is a graduate of Tecumseh High School and is employed as a sales representative for Pandora Industries.

A rehearsal dinner was hosted at Don's Beef Buffet by the parents of the groom.

The couple now reside at 413 S. Evans St.

Mental Health Board Budget

The Lenawee County Mental Health Services Board announced today an operating budget for fiscal year 1974-75 of $574,246. Of this amount $460,575 will be applied to mental health services and $113,671 will serve to deliver substance abuse services to the County. Budget includes a $1,500 contribution from Tecumseh United Fund for Mental Health.

The Board, recently appointed coordinating agency for substance abuse services, will be holding contracts with Bixby Hospital for the Alcoholism Treatment Center services. Call Someone Concerned will also be holding a contract for a crisis walk-in center.

Mental health services will be expanded to include a Day Treatment program for mentally ill adults, work evaluation and adjustment for mentally ill adults, and more clients in the Activity Center for retarded adults.

Services being continued are the outpatient services for mentally ill children and adults and retarded adults and the crisis telephone service. Contracts have been formulated with Goodwill Industries of Southeastern Michigan, Inc., Call Someone Concerned, Emma L. Bixby Hospital, and LARC Adult Activity Center for delivery of these services.

Reports Enrollment

Supt. Robert Duhan reported on 1974-75 school enrollments at the Board of Education meeting Monday night.

As of Sept. 13 enrollment tallied 3,669 students, up from the preliminary budget estimate of 3,650.

The largest class is 31 in an elementary grade, the smallest is 23 in another elementary grade.

Average class size was set at 28 pupils.

Kindergarten enrollment presently stands at 283 children, while there are 329 freshman, including special education students, in the high school.

Style Sense by Evel

To protect your face against dryness and irritation, nature gives your skin a balance of natural oils and acids. Unfortunately, the daily life most of us lead tends to make washing with harsh soaps necessary. This often waahes away nutrients provided by nature for your skin, including a layer of moisture and emollients. Analyze your skin type, and make sure that it is not only clean, but adequately moistened. A mild soap, one that does not use detergent action on the skin, is most valuable for everyday skin care.

The best time for your hairdresser to create a style that will be the most suitable for you is while your hair is wet. Hair that is wet lends itself best to cutting and shaping. Next comes the application of the waving lotion, and then your hair is set! Watch carefully so that you can set your hair in a pinch if time does not allow for a trip to our salon. Sit under the dryer for awhile and relax while you are becoming beautiful. Observe carefully as your hair is brushed and put into shape after it is dry. There, now, wasn't it worth it?

State Police Capt. M. Krans Has Retired

CLINTON—Capt. Marvin O. Krans, 55, commander of the seventh district State Police at Traverse City, is among seven Michigan State Police officers slated for retirement, Sept. 13.

Krans, was post commander at Erie, and assistant district commander at Marquette, before becoming the district commander at Traverse City in 1970.

He had also served in several other posts including several years at Clinton.

He received six citations for meritorious service with the state police.

Born in Wakefield, he served 31 months in World War II for 31 months and was a guard, during that time, for President Franklin D. Roosevelt and President Harry S. Truman.

His wife, Jean, nee Randall, is the daughter of Mrs. Edgar Randall of Clinton. They have two daughters and a son, and live at Traverse City.

He has no immediate plans for the future.

A retirement dinner is planned for him Oct. 26.

Vandegriffs Are Opening Celler Door

CLINTON — Joan and Al Vandegriff, who will be remembered for their unusual Lock, Stock and Barrel gift shop in Clinton, until it was destroyed by fire a few years ago, are opening a new shop, the Cellar Door, at 132 N. Main St., Brooklyn. Open house will be Saturday and Sunday.

Lynn Sebring Enters Navy

CLINTON — Lynn Sebring, son of Mr. and Mrs. Claude Sebring of 4150 Pennington Road, Clinton, left Monday for Great Lakes Naval Station in Chicago and three years of service with the United States Navy. He will be in training for nine months.

The Sebrings entertained their son at a going away dinner Sunday. Guests included Mr. and Mrs. C.P. Baily, Mr. and Mrs. Duaine Murphy and family, Mr. and Mrs. David Sebring and son, Larry Sebring, and Mr. and Mrs. Chris Doan and family, all of Tecumseh.

Other out of town guests were Mrs. Gary Crawford and sons from Otisville and Bob Rose of Walled Lake.

Class Hears Guest Poems

CLINTON—Philathea Class members were entertained by readings of Edgar A. Guest poems by Mrs. Leo Smith at their meeting Sept. 12.

Seven members attended the dessert luncheon hosted by Mrs. Bertha Mahrle.

Mrs. Frank Stuwe gave the devotions, readings from "Good News for Modern Man."

Next meeting will be at the home of Mrs. Lavern Philo in Water Wheel Estates, Oct. 10.

Adopts Pre-Primary Home Program

CLINTON—At a special meeting of the Clinton Board of Education, Monday, approval was granted to institute a pre-primary home-school program.

With a grant available for $28,000, from the Federally funded Elementary and Secondary Education Act (ESEA), the program will be started in a month or so.

The program of enrichment will be offered in the homes of children who will eventually be attending Clinton schools, two, three or four years before kindergarten.

Present to explain the need for the program were Mrs. Margaret Heimerdinger and Mrs. Anne Erickson, kindergarten teachers, and Mrs. Margaret Bless, elementary principal; Mary Hohmann, High Scope Research Foundation and Mrs. Shirley Willard, consultant.

Announcement was made that the 1974 lawsuit, instigated by Oak Tree, Inc., was recently dismissed with prejudice and without cause by the court.

Applications are being considered on a fair and impartial basis for the position of head basketball coach. Final recommendation will be made at the next meeting.

Parade Marks Festival Opening

CLINTON—Several out-of-town units will make Clinton's Fall Festival Parade a colorful one, Sunday, Sept. 29 at 3 p.m., according to co-chairman the Rev. Earl Lawrence. About 100 entries are expected.

Some of the early entries include the Dixie Land Jazz Band and Oopsie the Clown the Val Gaz Grotto Shriners' clown unit from Ann Arbor, Irish Hills Lions Club Leo the Lion, Lenawee Sheriff's posse, Mayor Harold Easton of Tecumseh; state Sen. Gilbert Bursley, Frederick E. Pieper Post American Legion color guard, area riding horse clubs, draft horses, antique cars, including a Stanley Steamer, and an old fashioned caliope to lend a tunefish note.

Colorful homecoming floats, decorated by Clinton school classes will also be featured in Sunday's parade as well as in the annual homecoming parade on Friday afternoon at 2 p.m.

Local automobile dealers will be parading their new models.

More units are registering each day, so there will be lots to see, according to the parade chairman.

Units still planning to be in the parade may call the Rev. Lawrence or Waldo Ehnis.

Plea Made for Scout Leaders

CLINTON—Annual School Night for Scouting will be Thursday, Sept. 19 at 7:30 p.m. in the Middle School cafeteria. New boys wanting to join may sign up at this time.

Unless more leaders volunteer soon to help with scouting programs, some of these boys will be disappointed.

Cub Scouts enjoyed many activities during the summer, including a picnic in June, a bowling party in July and a swimming party in August.

Regular scout pack meetings will resume Sept. 24, at 7:30 p.m. in the Middle School.

Cancels Sept. Meeting

CLINTON—Chamber of Commerce dinner meeting, scheduled for Sept. 23, has been cancelled due to the demands of the Fall Festival. Next regular meeting will be held Oct. 28, with a dinner meeting at 7:30 p.m. in Clintonian Inn.

Calico Kitchen Featured at Fair

CLINTON— A picnic supper at the home of Mrs. Frank Ashton started off the season for 13 members of the Priscilla Class, Sept. 12.

Mrs. Mildred Pilbeam presented the devotions.

Mrs. Clayton Strolle, the new president, conducted the meeting. Plans were made to hold a benefit breakfast at the Water Wheel Center, Oct. 15, beginning at 10 a.m.

Mrs. Charles Steffens was present to discuss the needs for the Calico Kitchen booth at the Fall Festival.

Secret pal names were exchanged.

Mrs. E. John Hoelzer will be hostess for the Oct. 10 meeting.

"Spirits" of '76 Made History

CLINTON—At the Sept. 10 meeting of the Historical Society of Clinton, Harry Barnard spoke about the "Spirits" of '76, a presentation of historical research concerning beverages traditionally served by early settlers.

Meeting was held at the Smith-Kimball Community Center.

Any resident who is interested in becoming a member of the Society may contact Mrs. Edith Pence, membership chairman. Next meeting will be Oct. 15 at 8 p.m.

Car Wash Is Saturday

CLINTON—Clinton Middle School Choir will bring out the rags, buckets and hoses for a car wash Saturday Sept. 21 from 10 a.m. to 4 p.m. at the High School parking lot. Proceeds will purchase an acoustical performing shell for the Middle School stage, said Hank Schade, vocal music teacher.

UCC Fellowship Date Changed

CLINTON—First fall meeting of the Women's Fellowship of the United Church of Christ will be held Thursday, Sept. 19 instead of Sept. 26 as previously planned.

The program, at 7:30 p.m. in the church, will feature a discussion of the proposed pre-school enrichment program to be initiated in the Clinton school district.

Trooper Crays Is Reassigned

CLINTON—Trooper Gregory H. Crays, of Clinton State Police post, has been assigned to the detective division at Detroit, according to Col. George Halverson, department director.

St Elizabeth Announces Classes

St. Elizabeth Catholic Church observed Sept. 15 as Catechetical Sunday with the focus on all who will be part of the religious education program for the coming year.

A commission ceremony in which the teachers accepted the church's invitation to teach the religious education classes followed a homily by the Msgr. Vincent Howard at the 8:30 a.m. liturgy. Teachers were presented with the New Testament by the Msgr. Howard.

Sister Jean Philip addressed the parents and explained the curriculum to be used from pre-school through Junior High. Wayne Nix highlighted the coming events for the High School program.

Religious education classes for the High School began Sept. 18 at 6:30 p.m. Pre-school, special education, grades 1-6 and Junior High will begin the second week of October.

Drop-In Center Reopens Doors

The Community Drop In Center, formerly the Parent Drop In Center will Open its doors on Sept. 24, 9:30 a.m. at the Tecumseh Community Center. This meeting will be a training session and workshop for all interested volunteers. The Community Drop In Center is an informal get-together where interesting programs are presented weekly. It is sponsored by an adult planning committee and the Tecumseh Public Schools.

The schedule for the September 24 training session is as follows: 9:30 Hostess duties led by Donna Abraham; 9:45 Discussion Leaders given by Mary Heglin; 10:15 Telephoning explained by Phyllis Johnson; 10:30 Publicity discussed by Nancy Phelan and Jan Ruhl; 11:00 Set-up and clean up duties explained by Jane Clark; 11:15 Nursery discussed by Judi Crawford.

Training session is open to anyone interested in learning more about the Drop In Center. Participants may attend one or all of the workshops. Coffee will be served and free babysitting is available. Phyllis Johnson is program co-ordinator for the month of September.

Anyone needing transportation may call Donna Abraham. Next Community Drop In Center will be Oct. 8 when the program will be "Meet the School Administrators."

AN INTACT RECORD

Hurray, the record still stands! For almost more years than I care to remember, Labor Day weekend has seen Papa Cardinal bring his last family of the season to the near-my-window feeder. He did the same this year—bless his heart, in spite of the cold, windy and rainy days he showed up.

Actually, who could have blamed him had he not come? It was a lousy weekend. But in spite of the weather we heard that shrill high pitched squeaking which means only one thing, baby cardinals. At first the sound came from the trees on the creekbank. The day was so dark and gloomy and the foliage so heavy that there was no use trying to spot the little beggar. Just knowing the kids were around was enough.

To Mom went the honor of seeing the first one. It was late in the day and raining but suddenly there was that distinctive noise. It took quite a bit of looking to spot the youngster because he was near the house and 'tucked into' the thickest part of the yew which grow between the house and the feeder. At first she was not even sure it was a cardinal. The wet bundle of feathers was dark with no color showing on the bill and not even a trace of top-knot on its little head, Finally the bill squeaked—it was a young cardinal—a very young one.

That started a session of kid cardinal watching which, fortunately, has been an everyday joy right through today. At first we could hardly believe that the male cardinal, who had been free-loading so regularly, could possibly be the proud papa. He himself looked so very young. It must be that we started seeing him at the worst of his molt. Dark blotches all over his front, large naked areas around his eyes and only about three feathers in his top-knot. A sad looking bird.

Like so many other birds, cardinal parents have very well defined roles to play in the family rearing act. The male takes over when the kids are old enough to leave the nest. Thus it is that we always have Papa C. bringing youngsters to the feeders and instructing them as to the do's and don'ts of bird feeder dining. After a few days in the trees and in the yews beneath the food tray, it was time for regular visits to the feeder itself. Papa and the kid—our very bedraggled male was indeed the proud papa. And, oh my, his daughter or son was feathered out better than he.

The process of learning to eat is long and tedious. It must be difficult to learn how to pick up a big slippery sunflower seed and what in the world does one do about getting through the hard outer shell? Then there is corn with which to contend. Even scratch feed can present problems. The teaching procedure usually goes something like this—the youngster is fed a bite or two then the male himself eats a few mouthfuls while hopefully, his off-spring is trying to get something for itself. It doesn't do well at first and soon the noisy begging starts. Papa C's nerves wear out about as soon as ours do, that squeaking can be trying. The youngster is fed.

Every day we could see improvements. The eating went better. The adults' feathers were less ragged, his black and bald areas were filling in and even his topknot was more respectable. The youngster's bill was slowly changing from dull black to red, crest feathers were appearing and gradually red was replacing the baby brown. Papa C. had a son! Yes, things were going well. But, there was a surprise in store for us. Suddenly the male appeared with two kids. And the female joined the group too.

As of today there are four cardinals in regular attendance. However, only the male feeds the kids. One day though the male and female plus one youngster were on the feeder together. What a thrill! The second youngster is, I believe, a male too. And without a doubt he is one of the most comical looking characters ever. His crest consists of four long feathers which are stiff and stand up straight. At the top of his chest is a large oval patch of bright red. Other than this he is still brown in color, has a black bill and flutters his wings while squeaking to be fed.

So it is that with the Labor Day appearance of the cardinal family all is right with the bird world and we have an intact record.

Commission Has New Time

Lenawee County Planning Commission's regular meeting date has been changed to the fourth Thursday of every month, beginning Sept. 26, in an attempt to reduce the time required for county review and comment of local issues and for Planning Commission discussion of issues at the county level.

LCCC Launches Reform Issues

Lenawee County Common Cause members, in conjunction with other Fourth Congressional district Common Cause members, are launching a campaign to place political reform issues before all district voters and candidates during the 1974 election year, according to Pam Ross, steering committee coordinator for the district.

At a Sept. 12 meeting, local Common Cause members formed plans for local implementation of Common Cause's Campaign '74 lobbying program.

Common Cause members in the district, as part of a nationwide program, will ask Rep. Edward Hutchinson and his opponent Richard E. Daugherty to take public positions on key reform issues. Issues include: legislation to create a mixed system of private and public financing for congressional races, secrecy in the legislative and executive branches, lobbyist disclosure regulation, financial disclosures by government officials, and congressional reform.

Greg Brown of Tecumseh will serve as campaign monitoring project coordinator. Brown will urge that both candidates for the U.S. Congress voluntarily make their campaign finances available to the local press and public.

Mrs. Ross emphasized that Common Cause, a non-partisan citizens' lobby, neither supports nor opposes candidates. Members are trying to establish new ground rules for the way people conduct public affairs, and Lenawee County Common Cause publicity chairman, Mike Havener and his committee will publicize issues which the organization supports.

Local Common Cause members will also request that candidates for state offices sign a statement of principles supporting reforms in state campaign financing, lobbyist regulation, conflict of interest legislation, independent enforcement of these regulations, and a tax check-off to help finance candidates for governor.

Local Men Named in Publication

Two area men have been selected to have their biographies published in the annual biographical compilation, "Outstanding Young Men of America."

Ronald Szymanski, of 5293 Macon Road, a 1957 graduate of Clinton High School, attended Monroe Community College and Chicago Technical College and holds a stationary engineers license from the city of Detroit.

Szymanski and his wife nee Frieda Rola, have three children. Szymanski is employed as an engineer at Boysville.

David Ford Blanden, DDS is the son of Dr. and Mrs. Merwin Blanden of 5140 E. Monroe Road. He graduated from Tecumseh High School in 1963, and from Alma College in 1967. A graduate of the University of Detroit School of Dentistry, he began practice in Tecumseh in 1972.

He and his wife Barbara reside at 1325 Southwestern Drive.

Publication recognizes the achievements of men between the ages of 21 and 35. Criteria for inclusion in the program are service to others, professional excellence, business advancement, charitable activities, and civic and professional recognition.

Nominations for the awards publication are made by civic organizations, Jaycee chapters, college alumni associations, and the military commandants.

Therapist Earns BS Degree

Janice Christman, daughter of Mr. and Mrs. Barton Christman of 907 River Acres Drive, received a graduate degree in physical therapy this month after clinical affiliation with the University of Michigan.

She is a 1970 graduate of Tecumseh High School and received a BS degree from the College of Science and Arts at U of M.

She will be employed as a physical therapist in Pontiac beginning at the end of September.

Jaycees Drive for Members

Men looking for community service, need look no further than the Jaycees.

Jaycee membership drive will be Sept. 19 at Harry's Cafe at 8 p.m. for men between the ages of 18-35 who seek community involvement.

The Jaycees are looking for new blood to continue their leadership training program and civic activities. Men use their physical labor to promote community involvement. Among their accomplishments are the annual Jaycee Carnival and Rodeo and the recent purchase of bleachers for the Little League Diamond.

For more information readers may call Jerry Irelan at 423-2601.

Puffers Hold 25th Reunion

The 25th annual Puffer family reunion was held Sept. 15 at the home of Mr. and Mrs. Jack R. Puffer, 505 Seminole Drive.

Guests included Mr. and Mrs. R.W. Puffer and Mr. and Mrs. C.Ray Puffer, of Tecumseh; Mr. and Mrs. Robert Sysbrandy of East Lansing; Raymond L. Puffer of Albuquerque, N.M.; Mr. and Mrs. Therow Puffer of Milan; Mrs. Carrie Puffer and Mr. and Mrs. Ed Thompson and family, all of Bay City; Mr. and Mrs. Charles Briggs and family, and Mr. and Mrs. John D. Ruesink, all of Adrian; and Mr. and Mrs. Jack Hoxey and family of Allen Park.

Macon Dialog

by Linda Phillips

423-5213

There is a new face in Macon — Tricia Lynn Ables, daughter of Mr. and Mrs. Don (Pattie) Ables, Clinton-Macon Road. She was born Friday, Sept. 13 at Bixby Hospital and weighed 6 lbs. 15 oz.

++

Mr. and Mrs. Carl Hawkins recently attended Mrs. Hawkins' family reunion in Dexter. Forty members of the Harden Clan were present for the picnic and represented Albion, Ypsilanti, Mason, Jackson, Britton and Dexter.

++

The following bit of poetry was written by Myron Burwell Gallagher, father of Macon's Janice Hochrein. Gallagher wrote short stories as well as poetry for a good many of his 80 odd years, and before his death, he compiled a book entitled "Ugh! Ah! & Oh!"

I love to remember September,
The blending of Summer and Fall,
The gladdest and saddest of seasons:
September, the best month of all!
The mists of the morning adorning
The hills as they reach for the sun,
The veil falls away and a glorious day
In September has truly begun.
There's a haze in the days of September;
A rustle of leaves as they fall,
As twi-light is falling, all nature is calling
September the best month of all.

This week at Macon United Methodist Church:

Thursday, Sept. 18

8:00 p.m. Chancel Choir Practice

Monday, Sept. 23

9:15 p.m. Bowling, Airport Bowl

Tuesday, Sept. 24

Mystery Trip Has Openings

The Senior Citizen Mystery Trip is scheduled for Tuesday, Sept. 24, 1974. Cost of the trip is $9.25 per person and includes bus fare and a buffet lunch. Twenty openings still remain for this trip. Reservations may be made by phoning the Lenawee Council on Aging office at 263-2161, ext. 285. The bus leaves Plotter Center at 9:30 a.m. Destination unannounced.

Minstrel Show Auditions Set

Tecumseh Players will present an old fashioned minstrel show with real, live song, dance and comedy on Oct. 31, Nov. 2, 3 and 7 and 9 at the Tecumseh Community Center.

Auditions will be held on Sept. 29 and 30 at 7:30 p.m. in Community Center. There is room for singers, dancers, comedy and banjo players as well as people to work off stage.

Marcia Osterhout has further information by calling 423-5689.

Club Holds Friendship Tea

Tecumseh Monday Club held a Friendship Tea Sept. 9 at the home of Mrs. Edward Aebersold. Theme for the event was "The Collect" written by Mary Stewart in 1904. Florence Frostic set the words to music and the program began with a rendition of this song by Mrs. Gilbert Purse.

Mrs. Donald F. Smith was the speaker for the program and presented the Collect in eight segments.

Following the program, Mrs. William P. Snook, president of the Tecumseh Monday Club, introduced members of the executive board, Mrs. James Tonneberger, Mrs. Donald F. Smith, Mrs. Harold Sisson, and Mrs. Leroy Titley and officers present, Mrs. Donald C. Creger, treasurer, Mrs Earl Caswell, corresponding secretary and Mrs. Miriam Nixon, recording secretary.

Mrs. Truman Rentschler, past president of the Club, introduced guests present including Mrs. John Barnhouse of Blissfield, second vice-president; Mrs. Herbert Timm of Blissfield, recording secretary, and Mrs. Donald F. Smith, junior past president of the Federation of Women's Clubs, Mrs. Elmer Eberhardt of Britton, president of the Britton's Women's Club and Mrs. William Flanders, president of the Tecumseh Business and Professional Women's Club.

Mrs. Warren Van Orden of Adrian, a past president of the Federation of Women's Clubs, and Mrs. Theodore Van Orden, president of the Adrian Mondayevening Literary Club were unable to attend.

Mrs. Rentschler and Mrs. Smith presided at the tea service and refreshments were served.

Retirees Meet

The Lenawee Retired Public School Employees' fall luncheon meeting is Sept. 26 at 12:30 p.m. in the first Baptist Church, Broad St., Adrian. Mrs. Dorothy Eubank, state consultant for Michigan Association of Retired School Personnel will speak. An Executive Board meeting, including all co-chairmen at 11:30 a.m. will precede the luncheon.

Chance to Gripe

Members of 4-H Council community leaders, projects mothers, fair superintendents, judges, and other interested persons (adults and teens) are invited to attend "Gripe Night" on Thursday at 8 p.m. at the 4-H Project Building. The meeting is planned to evaluate the 1974 Fair and for constructive criticism so that plans for improvements can be made with the fair board during the year.

The impact of the new type seat belts in 1974 cars will create a strong market this fall. Since the new cars won't start without connecting seat belts, the new additional inconvenience of getting in and out of cars to open and close garage doors, is a reason to consider an operator, despite some people who disconnect this safety device.

Operators will also be more important for security reasons.

You Told Us

By Libby Lincoln

Every month seems to have been proclaimed National Sometning or Other Month - and almost every week and day too. Some can get rather silly but Saturday's "day" should prompt each of us to stop and think. Saturday is World Gratitude Day, and all of us in this world should surely be grateful for our natural resources, material wealth and most importantly, the love and friendship of friends and family. Most of us are probably guilty of shorting our good fortune - this Saturday, take a breath of the good autumn air and give thanks in your own way. End of sermonette!

Mr. and Mrs. Edwin Bunge of 411 Center Drive received a telephone call Sept. 11 from their son-in-law, informing them of the birth of their 9 lb. 1½ oz. grandson, Bradly Alan, at the Lapeer County General Hospital to Mr. and Mrs. J. Dwight Robinson. At home are big brother Michael J., four years and sister Lesley A., one year old. Mrs. J.D. Robinson was formerly Rosemary E. Heistand, daughter of Mrs. Edwin Bunge.

++

Good news for Vernon and Eleanor Bennett have returned to their home on Gady Road. They are both progressing nicely and welcome visitors.

++

Four Tecumseh gals, who have just returned from a 12 day Hawaiian tour, are Mrs. Mervyn Boltz, Mrs. Homer Colson, Ethel Hammack and Dorothy Westdyke. Sorry to hear they missed seeing George Surratt, our Tecumseh representative in the 50th state.

++

Mr. and Mrs. Stanley Dermyer, Myra and Lawrence Dermyer and Nancy Clark and Ken Davis went to see Dennis Dermyer play defensive end for Grand Valley State College (GVSC) at Kalamazoo College Saturday. Also there to cheer him on were Robert and Sheri Barron, formerly of Clinton.

Dave Biscupski was not playing due to a shoulder injury the Saturday before. Mr. and Mrs. Gunder were there with April Cook and a girlfriend to see Dan play. GVSC was the visitor 28-12, September 28 they play Alma at 1:30 p.m.

Interesting item is that out of 12 Lenawee County college gridiron men, four of them play at GVSC and Mike Eggleston at Wayne. Four of them are from the same THS team, Dermyer, Gunder, Biscupski and Eggleston. Dan Warren at GVSC is a Britton grad.

++

Mr. and Mrs. Walter Spaven of Columbiaville and Mr. and Mrs. Marshall Cliff of Applegate were Friday guests of Mr. and Mrs. Charles L. Kempf. All except Mr. Spaven were classmates of Mrs. Kempf.

++

Mr. and Mrs. Elwin J. May formerly of Tecumseh and now of Waynesville, N.C., are in the area for the week visiting Mrs. Marvin Pilbeam, Mrs. May's sister of Britton.

The couple will then travel to Owosso, Mr. May's birth place to spend the day. May said that he has traveled from Michigan to California, before settling in North Carolina in the last 15 years, and still feels the pull to Tecumseh where he said his true home roots are. He carried mail here for several years. Walking along the path he used to walk every day, he said it still feels the same.

The Mays have a home on the side of a mountain, elevation 3,000 ft., and enjoy the climate, and fresh air and life.

SEPT. 18

Put and take pheasant season begins in 17 southern public land areas.

SEPT. 20

Limited bear season begins in northern Lower Peninsula (Zone 2) for those with a bear license and permit.

SEPT. 26

Limited bear season in Zone 2 ends.

SEPT. 28

Michigan and National Hunting and Fishing Day.

You Told Us

By Libby Lincoln

Every month seems to have been proclaimed National Sometning or Other Month - and almost every week and day too. Some can get rather silly but Saturday's "day" should prompt each of us to stop and think. Saturday is World Gratitude Day, and all of us in this world should surely be grateful for our natural resources, material wealth and most importantly, the love and friendship of friends and family. Most of us are probably guilty of shorting our good fortune - this Saturday, take a breath of the good autumn air and give thanks in your own way. End of sermonette!

Mr. and Mrs. Edwin Bunge of 411 Center Drive received a telephone call Sept. 11 from their son-in-law, informing them of the birth of their 9 lb. 1½ oz. grandson, Bradly Alan, at the Lapeer County General Hospital to Mr. and Mrs. J. Dwight Robinson. At home are big brother Michael J., four years and sister Lesley A., one year old. Mrs. J.D. Robinson was formerly Rosemary E. Heistand, daughter of Mrs. Edwin Bunge.

++

Good news! Vernon and Eleanor Bennett have returned to their home on Gady Road. They are both progressing nicely and welcome visitors.

++

Four Tecumseh gals, who have just returned from a 12 day Hawaiian tour, are Mrs. Mervyn Boltz, Mrs. Homer Colson, Ethel Hammack and Dorothy Westdyke. Sorry to hear they missed seeing George Surratt, our Tecumseh representative in the 50th state.

++

Mr. and Mrs. Stanley Dermyer, Myra and Lawrence Dermyer and Nancy Clark and Ken Davis went to see Dennis Dermyer play defensive end for Grand Valley State College (GVSC) at Kalamazoo College Saturday. Also there to cheer him on were Robert and Sheri Barron, formerly of Clinton.

Dave Biscupski was not playing due to a shoulder injury the Saturday before. Mr. and Mrs. Gunder were there with April Cook and a girlfriend to see Dan play. GVSC was the visitor 28-12. September 28 they play Alma at 1:30 p.m.

Interesting item is that out of 12 Lenawee County college gridiron men, four of them play at GVSC and Mike Eggleston at Wayne. Four of them are from the same THS team, Dermyer, Gunder, Biscupski and Eggleston. Dan Warren at GVSC is a Britton grad.

++

Mr. and Mrs. Walter Spaven of Columbiaville and Mr. and Mrs. Marshall Cliff of Applegate were Friday guests of Mr. and Mrs. Charles L. Kempf. All except Mr. Spaven were classmates of Mrs. Kempf.

++

Mr. and Mrs. Elwin J. May formerly of Tecumseh and now of Waynesville, N.C., are in the area for the week visiting Mrs. Marvin Pilbeam, Mrs. May's sister of Britton.

The couple will then travel to Owosso, Mr. May's birth place to spend the day. May said that he has traveled from Michigan to California, before settling in North Carolina in the last 15 years, and still feels the pull to Tecumseh where he said his true home roots are. He carried mail here for several years. Walking along the path he used to walk every day, he said it still feels the same.

The Mays have a home on the side of a mountain, elevation 3,000 ft., and enjoy the climate, and fresh air and life.

SEPT. 18

Put-and-take pheasant season begins in 17 southern public land areas.

SEPT. 20

Limited bear season begins in northern Lower Peninsula (Zone 2) for those with a bear license and permit.

SEPT. 26

Limited bear season in Zone 2 ends.

SEPT. 28

Michigan and National Hunting and Fishing Day.

Camp Fire President Re-elected

BRITTON—Mrs. Betty Osterhout was re-elected president of the Britton Camp Fire Leaders' Association at a meeting Tuesday, Sept. 10 in the village fire hall.

Other officers working with her will be vice-president, Phyllis Below; secretary, Sylvia Hemphill; treasurer, Barbara Gilbert; and reporter, Mary Ellen Needham.

Association members will sell refreshments again this year at the annual FFA-Tractor Field Day, Saturday, Sept. 21, in the village park. Coffee, soft drinks, and homemade cookies will be sold. Each leader and sponsor is asked to furnish one dozen cookies.

In other business, Tuesday, Oct. 22 was tentatively selected as the date for the annual Mother-Daughter Tea.

Next leaders meeting will be held Oct. 1 at 2 p.m. in the village fire hall.

School Board Authorized to Borrow $85,000

BRITTON—Britton-Macon School Board authorized Superintendent William Saxton to borrow $85,000 against anticipated state aid for operational expenses for the 1974-'75 school year.

Board also offers hospitalization to all full time, year around, non-professional employees.

Enrollment is tenatively 641, that is 18 students over last year's count of 623. Official count will be taken on the last Friday of September.

Keith Smith of Blissfield, who has substituted here, has been hired to teach vocational-agriculture at Britton-Macon for this school year. Smith started duties Monday.

Return to Two Year Confirmation

BRITTON—At Emmanuel Lutheran Church's Voters meeting it was voted to return to a two-year confirmation instruction schedule.

It was announced that the former Pastor Carl Lutz will have charge of the Bible Class on Dec. 1, at which time he will explain the work he is doing with the Lutheran Bible Translator's porgram. Sept. 22 is designated as Stewardship Sunday with a noon meal provided by the trustees following a special presentation. Clarence Schroeder was nominated as a delegate to the synodical convention in Anaheim, Calif next summer.

Meeting was attended by 18 Voters and 10 ladies.

Evenings & Weekends

PTO Holds First Meeting

BRITTON—Parents and teachers met in the high school gymnasium Monday evening for the first PTO meeting of the current school year.

Introduction of elementary and high school teachers were given by Superintendent William Saxton and Principal John DeLine. Three exchange students from Mexico, Greece and Germany, who will be attending the school year at Britton-Macon were introduced by Principal DeLine.

Supt. Saxton reported on the unofficial enrollment and on the progress of the multi-purpose room. New Vocational Agricultural teacher, Keith Smith, was introduced.

Report on American Legion Auxiliary Girls' State at Olivet College this past June was given by Sharon Schroeder and Gale Koster. American Legion Wolverine Boys' State in Lansing was reported by representatives Jeff Brown and Mike Servoss.

Date for the annual fum night was set for Nov. 2 with co-chairmen Mr. and Mrs. Richard Cook and Mr. and Mrs. Gary Fairbanks in charge. No date was set for the annual PTO UNICEF Halloween Party. A group of volunteers will be making plans and announcement will be made at a later date.

Spanish Club Election Held

BRITTON—Members of the Spanish Club and their advisor, Mrs. Marilyn Alexander, met Sept. 9, after school for election of officers for the school year.

Elected were Judy Thomas, president; Mollie Younglove, vice-president; Joyce Cabla, secretary; Lori Monagin, treasurer; and Beth Bigelow, reporter.

Plans were made for activities for the year and refreshments served.

Outdoor Living Completed

BRITTON—The tenth grade Horizon Club girls have completed their torch bearer rank in outdoor living.

Their specialist, Neal Judkins, worked with the girls this summer, teaching them the basics of outdoor living, such as cutting trees, splitting wood, and designing outdoor equipment.

Topping it off with a fun filled weekend, camping and canoeing. Those who helped make the trip a success were: Neal, Gary and Eloise Judkins, Rosemary Dick, Ruth Ann Reau, and last but not least, the one who got the honors of hauling the muddy, wet hobos back to the camp site after the canoe trip — Steve Sommers.

Pancake Supper

RIDGEWAY—The Ridgeway PTO will be having their annual pancake supper Thursday, Oct. 3 at Ridgeway School. Serving will be from 5-7 p.m.

Tickets, which will be on sale from kindergarten through sixth grade students, and at the door, and proceeds will go towards playground equipment. Prizes will be awarded for high ticket sales. Tecumseh High School and

School Night

BRITTON—School Night for Scouting will be held in the Scout Building, Thursday, Sept. 19 at 7:30 p.m.

Any boy who is eight years old or through the second grade may join.

Parents are asked to accompany the boys who are joining.

Youth Fellowship

BRITTON—Youth Fellowship of Grace United Methodist Church will meet Tuesday, Oct. 1 at 8 p.m. for their first fall meeting. Regular meetings will be held on the first and third Sunday evenings of each month.

Extension Club Holds Meeting

BRITTON—First fall meeting of the Macon Extension Club will be Tuesday, Sept. 24 with a 12:30 noon luncheon at the home of Mrs. Herbert Gilmore. Mrs. Charles Ricicia will assist as co-hostess.

Members are asked to bring plastic containers of any kind, fabric scraps, yarn or beads for a worthy project. Year books will also be made out at this meeting.

Bahama Tour Tops 29th

BRITTON—Mr. and Mrs. Henry Mastie toured the Grand Bahama Islands for seven days to celebrate their 29th wedding anniversary Sept. 8.

The couple left from Windsor Airport Sept. 7 and returned Sept. 15. Trip was a gift of their children, Capt. and Mrs. Ron Mastie, Michelle and Mark of Saline, Dennis Mastie, Alexandria, Va. and Mr. and Mrs. Tony Nykodym.

While there, they took a night cruise on the "Chinese Junk" and picnicked on an uninhabited island. Mr. Mastie deep sea fished. The couple also shopped a day in Freeport at the International Center, visited the gambling casinos and shopped at the straw markets of West End Village.

Distribute Gifts To Patients

MACON — Macon Women's Club held its first meeting of the year at the home of Mrs. Harold Ross. Mrs. Duncan Robison, Mrs. Arthur Hill and Mrs. Peter Golema served a chicken dinner to 13 members and two guests, Mrs. Herbert Gilmore and Mrs. Paul Hover. Mrs. Merle Crass, president, conducted a business meeting.

Mrs. Paul Hover, the Macon area Girl Scout Leader presented Mrs. Arthur Hill with a pin for having served as Girl Scout representative for seven years. Reports were given by sunshine committee, historical committee, membership committee and good will representative who reported on the Auxiliary meeting in Adrian.

Plans were made to give gifts to State Hospital patients for Christmas — other plans for the year were discussed. Business meeting was followed by each telling the interesting highlights of their summer vacations. October meeting will be at the home of Mrs. Leland Rohn with Mrs. Eugene Hill and Mrs. Paul Kollar assisting.

Attend First

BRITTON—Cubmaster Lewis Gilbert and six boys from Pack 23 who attended the first Webelo Camp at Camp Kanesatake recently were Chris Pickell, Mike Fenelon, Steve Raeburn, Danny Crawford, Barry Hall and Steve Gilbert.

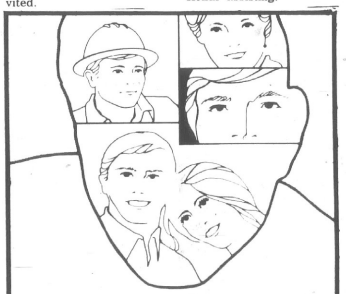
The boys had lots of fun working on their activity badges, cooking, archery, rifle, swimming, forestry Indian lore, crafts and camp fire care.

An Indian dance concluded their camp activities.

Organist Performs

Paul Street, a nationally known organist who has appeared on TV, radio and in concert, will play a program of popular music on Sept. 25 at 7:30 p.m. at Flanders Music in Tecumseh.

The concert is sponsored by Flanders Music free of charge, and the public is invited.



As an independent agent we answer to one boss — our hometown people

We represent several firms, but we work for only one boss — you. That way we can always place you with a company which we think is best for each line of insurance you need. Naturally, we prefer companies like Auto-Owners who look at a loss and take care of it right away, without haggling or delays. That's one of the reasons we're part of the Altogether Family. Like us, they're always there when you need them.

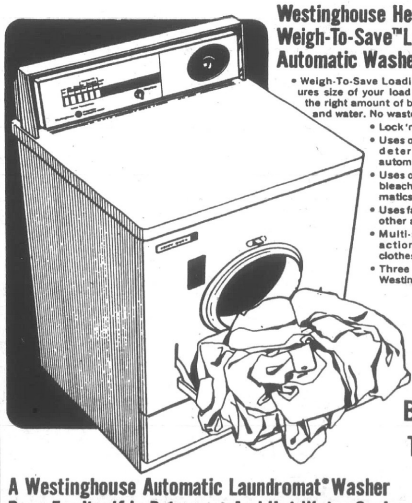
Westinghouse

Laundromat Automatic Washers

Use Only Half As Much Bleach And Detergent As Other Washers—Far Less Water, Too! Less Pollutants For Nature—More Money Saved For You

Westinghouse Front-Loading, Tumble-Action, Laundromat Automatic Washers are truly designed to help fight both pollution and the high cost of living. They use only half as much bleach and detergent as other automatics; only half as much phosphates and other pollutants enter the environment. This helps nature. And because you spend only half as much money for bleach and detergent. This helps your budget. In addition, you save on hot water (use far less than other automatics) and you save on costly repair bills because these machines have no transmissions to break down. Come see the Westinghouse Laundromat Automatic Washers—they're designed for today's thinking Homemaker.



Westinghouse Heavy Duty Weigh-To-Save™ Laundromat Automatic Washer

- Weigh-To-Save Loading Door—measures size of your load so you use just the right amount of bleach, detergent and water. No waste.
- Lock 'n Spin™ safety door
- Uses only half as much detergent as other automatics
- Uses only half as much bleach as other automatics
- Uses far less water than other automatics
- Multi-speed, tumble-action washing gets clothes cleaner
- Three deep rinses — a Westinghouse exclusive

Recipe Roundup

By Libby Lincoln

By Libby Lincoln

Are your meat bills getting out of hand? Serve a meatless main dish every now and then and watch your bills go down. Madlyn Hamblin contributed her recipe for Italian Meatballs to Herald readers this week, a delicious and nutritious vegetarian dish.

She and her husband Ray, vice-president of Tecumseh Printers, Inc., reside at 30 Croston Court, along with Michael, eight months, and Kristy, five years. Mrs. Hamblin is manager of the Tupperware Co. in addition to being a creative cook.

While meat prices soar and growing concern is raised about levels of cholesterol, red meat in particular, many people are re-examing the American dream of meat at every meal. While the protein received from meat is vital to good health, protein can be obtained from other sources such as nuts and dried beans, as any good vegetarian will assure you.

Mrs. Hamblin's recipe for Italian Meatballs utilizes nuts rather than the traditional ground meat. She serves it as a main dish but the meatballs may also be used for spaghetti.

If you like Swedish meatballs you're bound to enjoy this dish. Supplement your meat and potato meals with vegetarian dishes for a varied, economical, and surprisingly satisfying diet.

ITALIAN MEATBALLS

6 beaten eggs
1 cup chopped nuts or 1 cup pecan meal
1 cup cracker crumbs
1 cup grated American cheese
1 tsp. salt
1 medium onion, grated
1 tsp. sage.

Mix above ingredients. Form into balls and drop into hot oiled frying pan. Brown on all sides.

Remove and put in greased baking dish. Cover with 1 can golden mushroom soup (if unavailable, cream of mushroom soup may be used). Soup may be diluted slightly with water if desired.

Bake in 350 degree oven for half an hour or until they bubble.

Claim Deadline Approaches

Senior Citizens are reminded that Sept. 30, 1974 is the deadline for filing the Michigan Homestead Property Tax Credit Claim. The Lenawee Council on Aging, reports, many renters and older persons with large income have not bothered to file as they are not aware of the 1974 changes in the law.

Changes in the 1974 Homestead Act result in more senior citizens being eligible for a tax refund on their 1973 Property taxes. In addition to those persons previously receiving benefits from the Homestead Act other eligible persons include renters over 65 who have lived in Michigan for one and a half years, persons who have reached 65 in the past year, a surviving spouse of the person who died was over 65 at age of death and persons who previously were ineligible because of excess income.

Doris Gibbs is at Piotter Center each Wednesday to assist persons with their property tax questions. An appointment to see Mrs. Gibbs may be made by phoning 263-2161, ext. 285.

Deadline for $100 advancement to pay summer taxes is Sept. 15, 1974.

New Student Visits

Exchange student Torsten Hinricks came from Hamburg, Germany to spend the school year with Mr. and Mrs. Charles Feezel and daughter, Tina, of Newburg Road. Tina is already calling him by his nickname, "Tork."

Torsten is 15, and is the son of an electrical engineer and a special education teacher, in Hamburg, a city of two and one-half million. He speaks French and German, and fluent English.

He said he finds school here is very different. He's taking social studies for the first time. He plans to graduate with the senior class.

He plays the piano and his favorite sports are tennis and basketball. He said he really didn't care for soccer and doesn't plan to play football.

KNOW WHAT SENDS MY PRESSURE UP?

It's thinking about that $250 seat-the one that was empty last Sunday.

Haven't you figured out what your seat at church is worth? Say the building—at yesterday's prices—cost roughly a hundred thousand. And there are four hundred seats. That's an investment of $250 per seat.

That's little enough for a seat occupied regularly by a person eager to worship the Lord. (Men have given their lives for the Gospel.)

But to preach Christ to an empty seat—$250 is a lot of investment in the man who isn't there!

I realize my kind of arithmetic isn't likely to save souls. But it would do a lot for my blood pressure if just a few people in every congregation across the land would start thinking about that empty seat the way I do!

I don't mean the money. Just the fact that spiritual opportunities are here to be claimed . . . and only when wasted do they cost us dearly.

Kiwanis To Hold Popcorn Sale

Kiwanis Club members finalized plans for the fourth annual Kids Day Popcorn sale to be held Saturday, Sept. 21 from 9 a.m. to 2 p.m.

All proceeds will go to Tecumseh and Britton Recreation Departments for summer and regular programmed activities.

Ed Walters, chairman with Ward Eardley as co-chairman for Tecumseh Recreation and Russell Scott for Britton.

Kathy Koscha, Debbie Baker, Sharon McFadden and Pam Rouleau, Tecumseh playground supervisors, will assist with the selling in the downtown areas of the two towns.

Tim, Bob and Steve Eardley will be among the clowns helping with the sale in conjunction with Kiwanians International.

William Norris, president of the local club, asks that the citizenry support the annual community project.

Members will also complete their fund raising with ticket sales at MIS this weekend.

R. Scott outlined the Britton recreation department program at the breakfast meeting Tuesday.

Annual installation banquet will be held in Toledo Sept. 28. James Bick will speak on "Implications of the World Energy Crisis" next week for fellow Kiwanians.

Card Sale Coming

Mrs. Raymond Bird of Britton will present new brochures and catalogues for the annual Christmas card sale at the Sept. 23 meeting of Lenawee Association for Retarded Children in Lenawee Institute.

She will explain a new, simplified way to order and receive cards at the 7:30 p.m. meeting. Mrs. Bird also has charge of enrolling children in swim classes at Lenawee YMCA.

Carol Siller, occupational therapist, will tell of her work in Lenawee School Services.

Anyone interested in exchanging ideas for keeping his "special one" gainfully occupied is invited to come to the meeting.

An amendment to change the name to Association for Retarded Citizens will be proposed at the session.

HOMEOWNERS CORNER

by Vic Clauda

When you have a plugged drain, the first thing to do is plunge it with a good plunger, making sure that you take the strainer or pop-up out first.

If you are plunging a bathroom lavatory or a bath tub, the overflow will have to be plugged or you will lose all your pressure. The next step, if above doesn't work is to use a drain cleaner - either liquid or crystals. Be sure to follow directions on the ena or bottle. Some drain cleaners will set up like cement if you put too much in lines.

It's a good rule to shop at CLAUDA PLUMBING — HEATING, 1108 W. Chicago Blvd., 423-3121 for garbage disposals, dishwashers, hot water heaters, plumbing fixtures and bathroom accessories. Don't get caught unprepared. Let us check your heating system before the cold weather strikes. In addition to selling products, we repair, remodel or install plumbing and heating products. Hours: 8 a.m.-5:30 p.m. daily, until 9 p.m. Fri., until 5 p.m. Sat.

Helpful Hint: Pour Liquid Drain cleaner in overflow of closet tank to clean inside of bowl.

THS Grad Listed

Lee P. Dollison, son of Mr. and Mrs. Ray P. Dollison of 402 Herrick Drive, has been named to the academic Honors List for the summer quarter at Ferris State College in Big Rapids.

Lee is a 1970 graduate of THS and is majoring in tool and die engineering at Ferris. A member of the Ferris sky diving club, he is also taking pilot lessons.

Ferris State announced that 472 students achieved this honor, receiving a 3.25 average on a 4.0 scale for the full academic load.

August T.P.D. Report

In the Tecumseh Police Department report submitted for the month of August 1974 at Monday's council meeting, hazardous traffic arrests and citations for improper car equipment, expired licenses, etc. increased more than three times over last year's figures. Larceny complaints doubled to 16 over last year for the same month; total of 39 car accidents was a decrease with six less property damage and two-car complaints.

Emrick To Give Talk

Dr. Howard Emrick, retired professor of religion and chaplain of Adrian College, will speak following the monthly breakfast of United Methodist Men Sunday, Sept. 22, at 7 a.m.

Dr. Emrick is currently pastoring for Somerset Congregational Church and is minister of visitation for First United Methodist Church of Adrian.

Two THS Grads Named

CYNTHIA SWIFT

CHERILYN SPOHR

Cynthia Swift, a 1974 graduate of Tecumseh High School, has been notified that she is to be included in the 1974 edition of Who's Who Among American High School Students, 1973-74, the largest student award publication in the nation.

Cindy is the daughter of Mr. and Mrs. Richard Swift of 702 Center Court. While in high school she was active in junior and senior class plays, MJOHA, cheerleading, GAA, Spanish Club, National Honor Society, Student Council, Student Assembly, Pep Club, Ski Club, 4-H, Modern Dance Club, and gymnastics. She was named state winner in the state horse program, received the county Sportsmanship Award, named Lenawee County Sheriff Posse Queen, and Rotary Teenager of the Month. She received the Key Club Award and was a finalist in the Michigan Higher Education scholarship program.

She now attends the School of Hotel and Institutional Management at Michigan State University.

Cherilyn Spohr, a 1974 graduate of Tecumseh High School, learned recently that she is to be included in the eighth edition of Who's Who Among American High School Students, 1973-74, the largest student award publication in the nation.

Cherilyn is the daughter of Mr. and Mrs. Lee Spohr of 4400 Holloway Road, Adrian. While in high school, she was active in the National Honor Society, honors program and girls' basketball. She is a member of the Tecumseh Evangelical Friends Church and has participated in the youth group, choir, orchestra and as a youth representative of the ministry and oversight committee. She has been awarded a State of Michigan competitive scholarship and scholarships to Spring Arbor and Olivet Nazarene Colleges, and has also been chosen to be a member of the Society of Outstanding American High School Students of 1974.

She now attends Spring Arbor College in Spring Arbor.

Troop Leaders Badly Needed

Troop Leaders and assistants are desperately needed by local scouting and Camp Fire Girl troops, Mrs. Paul Hover of Macon, who works with Camp Fire Girls and Bluebirds, estimates that only one third of the necessary leaders for all area scout troops have been recruited and youth who wish to participate in scouting may be disappointed if more adults do not volunteer to be leaders.

The Girl, Boy, and Cub Scouts and the Camp Fire Girls have long served area children in providing organized social, recreational, and service activities. Leaders do not necessarily have to be mothers or fathers with Scout age children. In many toops individuals who are 18 years old can work with younger children in Bluebirds, Brownies or Cub Scouts while adults ages 21 and up work with older Scouts. Adults whose children are grown and out of the house, retired individuals, anyone with the interest and time to spend in leading a troop are invited and desired to fill the many open positions in scouting.

Mrs. Richard Gage, neighborhood chairman of the Girl Scouts may be contacted at 423-8295, for those interested in Girl Scouting. For information about leading Camp Fire Girls, call Mrs. Paul Hover at 423-7310. Prospective Cub and Boy Scout leaders should call either Bob Whitacre, 265-5740 or Dan White, 263-8268. The School Night for Cub Scouting which will be held at the Community Center Sept. 19 at 7:30 p.m., is another opportunity for those interested in Cub Scouting to get additional information about leadership possibilities.

Attends Lodge

Delbert Weaver, Arthur Bowser, Mrs. Robert Wood and Mr. and Mrs. Walter Hizer attended Grand Lodge sessions of the Knights of Pythias and Pythian Sisters at the Jack Tarr Hotel in Lansing, Sept. 12-14.

Weaver was the representative from the Sir Knights and Walter Hizer was the alternate. Mrs. Wood was a delegate for the Sisters.

A trophy was brought back to Knights of Pythias 190 for the most membership gain and an emblem was awarded to Walter Wonderly for the most members brought in.

J.C.'s Make X-mas Plans

Tecumseh Jaycees and Auxiliary are busy with plans for the Arts and Crafts Christmas Extravaganza to be held Dec. 8 at the Products Workers Union Hall.

This will be the fourth year for Auxiliary participation in the Arts and Crafts show, but this year they will be assisting the Jaycees on the project.

A large variety of crafts will be on sale at the extravaganza, including tiny articles and whimsies.

To display crafts in the show, readers may contact Dan Bush, 707 Seneca or call 423-7587 or 423-4053.

Employee Graduates

John Hedlesky, cable splicer for General Telephone at Tecumseh, recently completed a course in basic cable construction at the company's service training center in Muskegon.

The objective of the 10-day course is to enable the participant to install pedestals for access to buried cable; install aerial ready access boots; splice buried cable loops; terminate building cable and bond and ground all cable terminal facilities.

Hedlesky, his wife, Joyce, and son, Jason, reside at 317 Marion in Clinton.

Good Timers Visit Museum

A tour of the Lenawee County Historical Museum and lunch at Riverview Terrace, planned by Mrs. Pat Russell, was enjoyed by the Good Timers of the First Baptist Church of Tecumseh on Sept. 10.

Fifteen members attended. Myrna Tingley, appointed publicity chairman, and Emma Harrison will keep a scrap-book of all trips. On Oct. 3, the Good Timers will leave the Church at 9 a.m. for a trip to Greenfield Village, Dearborn.

The Good Timers was organized in June, with plans for day trips once each month. Mr. and Mrs. Elmer Burhrer are the group leaders.

4-H Award Nominees Due

Completed applications for the 4-H Key Award are due in the 4-H office by Sept. 20. Persons to be considered for this award must have completed three calendar years of club work as of Jan. 1 of the current year; completed 4-H projects in at least two project fields; completed a Teen Leadership project; participated in three district or state 4-H events; been recommended by his local leader and be 16 years of age by Dec. 31, 1974.

Mr. and Mrs. Herbert D. Camfield of 303 Miami Court announce the engagement of their daughter, Vicki Jo to Michael Duaine Murphy, son of Mr. and Mrs. Duaine M. Murphy, 302 W. Pottawatamie St. Bride-elect is a 1974 graduate of Tecumseh High School and is employed as a secretary at Tri-County Welding Supplies in Adrian. Her fiance is a 1973 graduate of Tecumseh High School, presently on military leave from Tecumseh Products serving in the U.S. Navy as an aviation anti-submarine warfare technician airman stationed in San Diego, Cal. Rangers Topped On Tory Opener

The Britton Tories defeated the Northwood Ohio Rangers last Friday night with a score of 13-0.

The first half was a defensive struggle as neither team could mount a sustained drive. In total offense, Britton had 62 yards and Northwood 32 yards. Most of the half was played on Britton's end of the field but Northwood was unable to score.

Mike Servoss returned the opening kickoff of the second half 20 yards to the Tories 38 yard line. Britton then marched 62 yards in 17 plays on the runs of Servoss and Alan Reau. Reau scored the touchdown with a one yard plunge. Mike Saxton kicked the extra point to make the score 7-0.

With the next kickoff, Northwood fumbled and Dan Exelby recovered the ball for the Tories on the 18 yard line. Britton quarterback Jeff Brown then connected with Reau for a 17 yard touchdown. Saxton's extra point attempt was blocked but Britton led 13-0.

In the final period, penalties put a damper on several scoring opportunities.

Offensively, Britton had 262 yards total offense for the game (200 yards in the second half) and gained 15 first downs. They rushed for 206 yards with Servoss and Reau leading the way with 91 and 54 yards respectively. Brown was three for six passing for 56 yards and one touchdown.

Northwood had 45 yards total offense for the game and three first downs, one of which resulted from a Britton penalty. The Rangers had the ball for only eight plays offensively in the second half and netted only 13 yards in total offense during the second half. Randy Rice and John Bodi played outstanding games however.

Defensively for the Tories, middle linebacker Doug Armstrong had 12 tackles and Reau, Craig Wagenschutz along with Doug Shiels each had eight tackles. Dan Exelby and Dave Wielfaert each intercepted a Northwood pass. In addition, Exelby and Paul Wielfaert had fumble recoveries for Britton.

Coach Randy Salisbury commented after the game, "I thought our defense was outstanding the entire game. Offensively, we moved the ball very well in the second half. Penalties hurt us throughout the game, especially in the second half when penalties stopped several of our scoring opportunities. We are going to have to correct these mistakes before this Friday."

Britton hosts perennial Class D power, Grosse Pointe University Liggett this Friday.

Clinton Runs to Victory

Clinton swept three of the first four places on Monday of last week to easily defeat Dundee 23-35 in the opening Cross Country meet at Clinton High School.

Jim Scoggins paced the Redskins by finishing first in (17:40). Jim Mattis was third in (18:31) and freshman Wally Pike was fourth in (18:43).

Finishing out the scoring for the well-balanced Clinton outfit was Leonard Rochwiach seventh, Jim Klanke eighth, Mark Evelth ninth, Chris Wojtowicz eleventh, John Johnson twelfth and Craig Hill thirteenth.

Two days later, Clinton's cross country team swept the first three places to defeat Whiteford by a 21-28 score. The win helped the Redskin runners remain undefeated with a 2-0 record.

Jim Mattis finished first for Clinton edging out teammates Jim Scoggins by one second and Wally Pike by two seconds. Their times were 18:03, 18:04 and 18:05 respectively for the three mile course.

Pike's time is a new Clinton freshman record for Cross Country, breaking the old one held by team mate Leonard Rochowiak who finished seventh in the race.

Finishing out the scoring for Clinton were Jim Klanke eighth, Mark Eveleth ninth, Chris Wojtowicz tenth, John Johnston twelfth, and Craig Hill thirteenth.

The team began LCAA action Wednesday with a home meet against a tough Hudson squad.

J.V.s Win Against Chelsea

Tecumseh's junior varsity football squad defeated Chelsea last Saturday morning with a score of 14-6.

Touchdowns were scored by Dave Bohannon on a one-yard quarterback sneak and a four-yard run by Joe Castorena. The extra-point run after the second touchdown was by Terry Brooks.

Ray Jackson — an offensive end — set up both touchdowns by making two fine catches.

The defense was led by Dan Tilton and Lyn Beard.

Coach Basinger commented, "The backs ran well and the line gave us a fine ball game. But we have over 100 yards in penalties and we must improve to be a great team."

The J.V.'s play Airport Thursday evening at Indian Stadium.

J.V. Golfers Stroke Up One

The Tecumseh junior varsity was not to be outdone by the varsity in their meet with Columbia Central. Tecumseh JVs won big with a tally of 180 to 208.

On Monday, the Indian varsity and JVs went on to beat Bedford with scores of 162 to 165 to 206 respectively. Johnny Gibson led the scoring with a 37. Right behind him was Paul Lemanski 40, and Doug Jacobs, 41. Scott Anstine was top man for Bedford with a 36.

Both meets were played at Tecumseh Country Club.

Indian Golfers Win Two More

Tecumseh Indian golfers are off to what looks like a big season. After a meet last Wednesday with Columbia Central and another on Monday of this week against Bedford, the Indians are posting a 5-0 league record for the season.

In last week's Columbia Central meet, the Indians took it for a song. The final tally was Tecumseh 161, Columbia Central 175. Medalists for the Indians included Scott Macbeth (who has been among the low scorers in 4 of 5 meets, Doug Jacobs and Johnny Gibson. All three ended with scores of 40. Rusty Miller took medalist honors for Columbia Central witha score of 43.

Construction To Begin On Lights

Ward Eardley reported to the Tecumseh parks and recreation board Sept. 7 that new soft ball lights and construction will begin shortly.

Lights for the tennis court are under investigation.

The fall programs including flag football program is starting and a powder puff team for girls is being planned.

As of the middle of August, 14,000 people utilized the pool—figure does not include swimming lesson participants. Complete summer recreation program reports will be completed by mid-October.

Coon Hunters Turkey Shoot

A turkey shoot Sept. 28 will kick off the first annual round-up of Southern Michigan Coon Hunters Association of Onsted at 11 a.m. followed by a chicken barbecue at noon at the club house on Marr Rd., west on Onsted.

THROWS ON RUN — Quarterback Dave Spillman had to toss this one while on the run against a pressing Chelsea lineman. The junior quarterback was impressive in his debut, although the Indians were edged, 9-8. Linvel Lisenbee (1) was Tecumseh's most sparkling runner and scored the local team's lone TD.

Indians Edged 9-8

Tecumseh opened its season on the wrong side of the ledger Friday night, bowing to a visiting Chelsea eleven, 9-8.

Except for a couple lapses, the Indians might have pulled it out or played the Bulldogs on an even basis. Chelsea's Tom Reed broke a scoreless deadlock at 5:03 in the first quarter when he cut back over his left tackle for 47 yards and a Chelsea touchdown.

It was the longest gainer of the night and the only time Tecumseh's defense really failed to hold. Late in the second period — just five seconds remained - the Bulldogs blocked a Tecumseh punt at the Indians' 11. The ball bounced into Tecumseh's end zone for a Chelsea safety and two points.

Trailing 9-0 late in the game, some nifty running by Linvel Lisenbee and two 15-yard penalties against the Chelsea coach put the Indians on the scoreboard.

After Tom Schwartz recovered a Bulldog fumble on Tecumseh's 32, two successive penalties moved the ball into Chelsea' territory. Jim Egbert picked up five on third down, and Lisenbee scampered for 14 yards to the 21 and a first down.

Another Chelsea infraction moved the Indians to just outside the 10, where Lisenbee broke loose for the score. Quarterback Dave Spillman then passed to Mike Connors for two points. Only two seconds remained in the game and the visitors killed the remaining time on the ensuing kickoff.

While the loss was disappointing, there were some bright spots. Tecumseh showed a tough defense, limiting the Bulldogs to seven first downs and 181 yards rushing, 47 of which came on Reed's TD run.

Spillman, starting his first game at quarterback, showed he could throw the ball and Connors can catch it. The junior quarterback was generally on target, hitting Connors three times for 44 yards and Egbert once for 12. He had several batted down.

Mike Duhan was the workhorse of the Tecumseh backfield, carrying 15 times for 50 yards while Kent Jacoby picked up 44 yards in 12 attempts. Lisenbee had 25 yards in three carries plus a 31-yard runback of the kickoff following Chelsea's TD.

Before scoring in the final seconds, Tecumseh was inside Chelsea's 10 twice. In the first quarter, the Indians reached the six, and in the third period, they were inside the five to the four.

Chelsea	7 2 0 0 - 9
Tecumseh	0 0 0 8 - 8

Indian's Travel To Beat Airport

Tecumseh Indians travel to Airport Friday night in hopes of continuing their domination on the gridiron over the Jets.

Airport has never whipped the Indians in football, although the Jets have come close a couple of times. It could be different Friday evening.

Although defeated in the opener by Ypsilanti Lincoln, 25-7, Airport was expected to have one of the better Huron League teams this fall, ranking up there with Monroe CC and Grosse Ile.

If Tecumseh is caught looking ahead to its Sept. 27 date with Grosse Ile, the Indians could drop their league opener. The game is practically a toss-up.

'People I Meet'

Consumer Tangles with Telephone Service People

Originally, this column is written in the third person, but a situation occurred that warrants a change of pace and a more personal tone for this story.

I met the General Telephone Co. and confronted it with the lousy phone service I was receiving.

Before someone gets excited and mistakes this for an editorial bound and determined to banish General Telephone Co. from this area, let me set forth the points that I want to make. First, it is not too much to expect that a consumer receive the service he pays for. Second, and perhaps the moral of this story is that it is the consumer's responsibility to make sure he gets his money's worth by pursuing his rights.

This saga began about six weeks ago, when I began having problems making calls out on my phone. Whenever I tried to dial a local or a long distance call, I would get a variety of responses, from a continuous dial tone to a recording. Never the same response twice; and never the party I was trying to reach. If I was lucky enough to get an operator at all, I was fortunate enough to have her dial my call. This continued for a while and I kept ignoring the situation, hoping that it would just go away. I had heard of the infamous service of General Telephone in the area, and had decided that I was just getting initiated into the club.

I finally decided to put an end to the nonsense, when a birthday call to my father in Detroit took me 25 minutes to make. After several tries and not much luck at, I finally got the operator who made the call. The next day, I called the company and made a service request. I was relieved and hoped that the problem would now be taken care of. But when the repairmen were in, I was out of the office, and the men were unable to "have access."

I did not call the company, expecting that the company's repairmen would try again. However, I was informed later that the company's repairmen are not as persistent in their calls as I had to be to reach my party. Procedure is that they call once and leave a card, if no response. No card was left with me.

Well, the problems continued and being busy during the week, I ignored the situation and avoided the pains by making fewer calls. But the electrical blackout, on Aug. 21, was the incident that shook me into action. I awoke that night without any electricity and decided the Consumers Power Co. was the logical place to inquire about the circumstances. Fortunately, I wasn't too concerned about the situation to panic, but if my life had depended on making a call that night, I doubt that I would still be alive today. It was this thought and the reflection that other citizens, specially older citizens, might experience poor service that prompted this story in hopes that others might not wait on their problems. It is vitally important for phone users to be assured prompt service from their receiver and the company that services it.

After releasing my slow burning anger to the operator, she thoughtfully referred me to repair service. I complained again; the person said that my problem sounded like central office trouble. So later that morning, when the lights came on, I relaxed, thinking that I had seen the last of my frustrations. Alas, I was mistaken.

Monday morning, Aug. 26, I called the repair service and asked what if anything had been done about my service. I was told that there was no record of the second complaint and told furthermore that a repair service call had been made Aug. 2, but that there was "no access."

I explained the service problem and was reassured that a supervisor would respond to the problem in the morning. Again, I requested that the repairman persevere in his calls.

To my satisfaction, a repair crew did reach me in the office the first call on Aug. 27. And to my knowledge, the service had been restored. The problem: something called a "non-operative line pick-up."

May I add that I hope I never see a General Telephone Co. repair crew again!

The repairmen, I am glad to comment were civil, and the other employees that I have spoken with in the course of these events were polite and usually helpful. So the actual complaint that I raise is not with the company alone, it is also with the consumer who allows himself to suffer poor service.

Again I think it bears worth repeating, for it is the reflection that stirred me into action: If my life depended on it, I could not have called out, without the assistance of an operator and to get her, I needed 20 minutes and a prayer.

Let this moral be a reminder to other consumers, in ALL matters. Don't wait until it's too late. You'll find the service faster if you hound yourself to hound the company involved to do something about your problem.

Luncheon Kick Off

Sixteen members of the Tecumseh Welcome Wagon and their guests enjoyed a luncheon at W.C.'s in Adrian Sept. 10. The meeting was a "get acquainted" lunch to kick off the group's fall activities.

Guests present included Mrs. David Hernige, Mrs. Edward Albright, Mrs. Leonard Scharf, Mrs. Jean Perkins, and Rose Marie Hedley.

The regular monthly meeting will be held Sept. 19 at 8 p.m. at the United Methodist Church on Bishop Reed St.

Northeast Study Group to Meet

Northeast Study Group of the Cooperative Extension Service sponsored by Michigan State University will meet Sept. 24 at 8 p.m. at the home of its chairman Mrs. Charles Cox, 6947 Smith Road. All members are urged to be present to help plan the activities for the ensuing year and prepare the year books. Guests are welcome.

HFL Urges Relief From Tight Economy

Bob Goedert, President, of Bob Goedert, Inc., Adrian, has released a telegram sent to President Gerald Ford by the Homes For Living Network concerning current government monetary policies, and urged President Ford to act in turning around the economy to assist the American homebuyer and seller.

The Homes For Living Network (HFL) is a national marketing network, not a lobby group, of over 1,000 real estate member offices serving the needs of the Ameican home buying and selling public in all 50 states and Puerto Rico. Bob Goedert, Inc. is the HFL member representative for Lenawee County.

Telegram signed by HFL Network President, Geo. P. Shafran, Arlington, Va; and Executive Vice President, Saul Krawll, St. Louis, attributes the present hard-pressed economy as the direct result of "government monetary policies". It notes that the present situation has been felt most by homeowners, buyers, sellers and builders. "Young couples able to support a home of their own, a dream of every American, can no longer accomplish this through normal channels."

Shafran and Krawll state that although it is difficult to come up with answers on how to turn around the present dilemma, "we do know it has been aggravated and extended by current fiscal government policies, more particularly those in connection with the issue of Treasury Bills carrying high interest rate that cannot do otherwise than dry up private sources of capital. The free enterprise system was never designed or geared to compete with the Federal Government."

HFL Network of 10,000 brokers and sales associates pledged complete support of President Ford in any action to alleviate this problem.
